**Notice of 2021 Update to Guidelines for  
Evaluating Proposed Governmental Actions to  
Identify Potential Takings of Private Property**

The Private Property Protection Act, K.S.A. 77-701 *et seq.*, requires the Attorney General to compile and annually update guidelines<sup>1</sup> to be used by state agencies in determining whether proposed government actions may constitute a taking of private property. These guidelines are to be based on cases decided by the United States Supreme Court and the Kansas Supreme Court.<sup>2</sup> Government action is defined as legislation, regulations or directives, or agency guidelines and procedures for the issuing of licenses or permits.<sup>3</sup> The Act expressly excludes other types of activity, such as the formal exercise of eminent domain.<sup>4</sup>

Under the criteria of the Act, there is one case to include in the 2021 update to the Attorney General’s Guidelines, *Cedar Point Nursery v. Hassid*, 141 S. Ct. 2063 (2021).

In *Cedar Point Nursery*, the United States Supreme Court held that a California regulation that granted union organizers a right to enter an agricultural employer’s property constituted a *per se* physical taking under the Fifth and Fourteenth Amendments to the United States Constitution. The “right to take access” granted by the regulation allowed union organizers access for up to three hours per day during four 30-day periods, for a total of 120 days per year. Two growers filed a lawsuit seeking to enjoin enforcement of the regulation, arguing that it granted a right equivalent to an easement.

The Takings Clause of the Fifth Amendment, applicable to the States through the Fourteenth Amendment, provides: “[N]or shall private property be taken for public use, without just compensation.” A physical taking occurs when the government appropriates property through a condemnation proceeding or when the government enters – or authorizes others to enter – upon a landowner’s property. In addition to such *per se* physical takings, a taking may occur when a government regulation restricts an owner’s ability to use the property. It is a bright-line rule that physical takings require the government to give just compensation to the landowner, but use restrictions are evaluated under the flexible approach set out in *Penn Central Transportation Co. v. New York City*, 438 U.S. 104 (1978).

In *Cedar Point Nursery*, the Supreme Court concluded that the regulation at issue was not a use restriction

because it did not restrict the growers' use of their own property, but was instead a *per se* physical taking because it encumbered one of the most fundamental rights of property ownership – the right to exclude others. The Court relied on its previous decisions to conclude that even though the regulation placed time limitations on the right of union organizers to physically enter the growers' property, it was nonetheless a physical taking and required just compensation.

Importantly, the Court rejected the state's argument that this conclusion would jeopardize the ability of the government to enter private property to conduct health and safety inspections. It stated that "government health and safety inspection regimes will generally not constitute takings."<sup>5</sup> The government may require an owner to grant access for inspections as one of the conditions of receiving a license, permit, or registration to operate a business.

<sup>1</sup> The original guidelines are published at 14 Kan. Reg. 1690-92 (Dec. 21, 1995).

### Kansas Development Finance Authority

#### Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Tuesday, January 18, 2022, in the offices of the Kansas Development Finance Authority (KDFA), 534 S. The bonds, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will they be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

**Economic Impact Overview.** The proposed regulations could enhance business activities if a military service member, military spouse and an individual who has established or intends to establish residence in Kansas applies for a single state nursing license, as the single state license will be issued in an expedited manner and

the nurse may start work earlier. The implementation cost to the Board of Nursing will be < \$2,000 and there is no change in revenue for the Board of Nursing.

#### Temporary Administrative Regulations

#### Article 5. — MULTI-STATE ONLINE GAMES AND DRAWINGS

##### **111-5-228. Name of the game; rules and regulations.**

The Kansas lottery may conduct a lotto game entitled "Lotto America" beginning November 12, 2017, at 5:00 a.m., with draws conducted twice weekly on Wednesdays and Saturdays until July 17, 2022. Beginning on July 18, 2022, draws shall be conducted three times weekly on Mondays, Wednesdays, and Saturdays.

The rules and regulations for "Lotto America" game are contained in K.A.R. 111-5-228 through 111-5-241, and applicable generic rules are contained in K.A.R. 111-6-1 *et seq.* (Authorized by and implementing K.S.A. 74-8710; effective, T-111-12-5-17, Oct. 11, 2017; amended, T-111-12-13-21, Dec. 8, 2021.)

##### **111-5-230. Game description; retail sale of tickets.**

(a) "Lotto America" is a five out of 52 plus one out of 10 numbers lottery game drawn as part of the Lotto America draw event, which pays the grand prize, at the election of the player made in accordance with these rules or by a default election made in accordance with these rules, either on an annuitized pari-mutuel basis or as a single lump sum payment of the total funding held in the grand prize pool (GPP) for the winning draw on a pari-mutuel basis. Except as provided in these rules, all other prizes are paid on a single payment basis.

(b) Lotto America winning numbers applicable to determine Lotto America prizes will be determined in the Lotto America draw event. During the draw event, five numbers shall be drawn from the first set of 52 numbers, and one number shall be drawn from the second set of 10 numbers, which shall constitute the winning numbers.

(c) To play Lotto America, a player shall select five different numbers, from one through 52 and one additional number from one through 10. The additional number

may be the same as one of the first five numbers selected by the player.

(d) Plays can be purchased for one dollar (\$1.00).

(e) Plays may be purchased from a terminal operated by a Kansas lottery retailer. The player may select a set of five numbers and one additional number by:

(1) communicating the six numbers to the retailer;

(2) marking six numbered circles in any one game board on a play slip and submitting the play slip to the retailer; or

(3) requesting a "computer pick" or "quick pick" from the retailer.

A player may choose the All Star Bonus multiplier option by marking the appropriate box on the play slip or by communicating to the retailer the desire to play the All Star Bonus multiplier option. If the All Star Bonus multiplier option is chosen, it shall apply to all boards played on that play slip. For each board upon which the All Star Bonus multiplier option is chosen, the player shall pay one additional dollar.

The retailer shall then issue a ticket from the terminal containing the selected set or sets of numbers, each of which constitutes a game play, and if applicable, whether or not the All Star Bonus multiplier option has been chosen for all plays on that play slip.

Plays may only be entered manually using the lottery terminal keypad or touch screen or by means of a play slip as approved by the Kansas lottery. Retailers shall not permit the use of play slips that are not approved by the Kansas lottery. Retailers shall not permit any device to be physically or wirelessly connected to a lottery terminal to enter plays, except as approved by the Kansas lottery.

(f) The maximum number of consecutive drawings on a single play purchase is 15.

(g) A validated ticket shall be the only proof of a game play or plays. The only method of claiming a prize or prizes shall be the submission of the winning ticket to and receipt of the ticket by the lottery or its authorized agent. A play slip shall have no pecuniary or prize value and shall not be used as evidence of a play purchase or of numbers selected.

(h) A play may not be voided or cancelled by returning the ticket to the selling retailer, including tickets that are printed in error. No play that is eligible for a prize can be returned to the Kansas lottery for credit. Plays accepted by retailers as returned plays and that cannot be re-sold shall be deemed owned by the bearer thereof unless the ticket has been signed.

(i) Ticket sales will end at approximately 8:59 p.m. central time (CT) on days on which drawings are conducted and will resume at approximately 9:04 p.m. central time (CT).

(j) Draws will be conducted by MUSL after the game is closed at approximately 8:59 p.m. central time (CT) and the draw official has verified that the game is closed, under conditions and procedures promulgated by MUSL and the Kansas lottery.

(k) Each player shall be responsible for verifying the accuracy of the game play or plays and other data printed on the ticket. The placing of plays is done at the player's own risk through the online retailer who is deemed to be acting on behalf of the player in entering the play

or plays. (Authorized by K.S.A. 74-8710; implementing K.S.A. 74-8710; effective, T-111-12-5-17, Oct. 11, 2017; amended, T-111-12-13-21, Dec. 8, 2021.)

**111-5-240. Multi-Draw.** (a) In addition to a single play for each \$1.00, a player may also have his or her selections entered in multiple Lotto America draws. Multi-draw tickets must be purchased for consecutive draws beginning with the next draw. This is done by marking one of the multi-draw boxes designated by 2, 3, 4, 5, 10, or 15 on the play slip or by communicating a multi-draw purchase of 2, 3, 4, 5, 10, or 15 draws to the retailer at the time of purchase until 8:59 p.m. on July 16, 2022. Beginning at approximately 9:04 p.m. on July 16, 2022, a player may select 2, 3, 6, 9, 12, or 15 consecutive draws. The additional draw period(s) for which the ticket is valid will then appear on the computer generated ticket given to the player by the retailer.

(b) A player must pay an additional \$1.00 per play for each additional draw in which he or she wishes to play.

(c) Unless one of the multi-draw boxes is marked on the play slip or communicated to the retailer, and the additional amount paid, the play will only be eligible for the current draw up to 8:59 p.m. the day of the draw.

(d) A player may purchase only the same numbers on the same boards for multiple draws. (Authorized by and implementing K.S.A. 74-8710; effective, T-111-12-5-17, Oct. 12, 2016; amended, T-111-12-13-21, Dec. 8, 2021.)
