Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before March 5, 2022 will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-22-044/045, KS-EG-22-001/002) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Paige Drury, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Michael Beezhold at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Rachel Hammond at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-6432 or email at kdhe.feedlots@ks.gov. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Christopher Zwiener, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-3056 or email at Christopher.Zwiener@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all

Department of Health and Environment

Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. WTG Hugoton, L.P. has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

WTG Hugoton, L.P., 211 N. Colorado, Midland, TX 79701, owns and operates a compressor station located at S1, T32S, R33W, Seward County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southwest District Office, 302 W. McArtor Rd., Dodge City, KS 67801. To obtain or review the proposed permit and supporting documentation, contact Eric Parker, 785-296-4174, at the central office of the KDHE or Ethel Evans, 620-682-7940, at the Southwest District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Eric Parker, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, March 7, 2022.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Eric Parker, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, March 7, 2022, in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency (EPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing

to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Keith Johnson, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

City of Olathe, Kansas

Notice to Bidders

Sealed bids will be received online at <http://www.negometrix.com>, until 10:00 a.m. (CST) February 22, 2022, for the construction of Pflumm Road, 143rd Street
(continued)

to 151st Street, Improvements Project, City Project No. 3-C-114-20, KDOT Project Number 46 N-0722-01, Federal Aid Project Number STP-N072(201), CARS Project Number 320001360.

The geotechnical reports and color utility masterplan plan sheets are for information purposes only and will be available on <http://www.negometrix.com>.

At said time and place, and promptly thereafter, all bids that have been duly received will be publicly opened online at <http://www.negometrix.com>.

The work consists of the following:

- This project will improve Pflumm Road from a 2-lane roadway to a 4-lane divided arterial from 143rd Street to 151st Street, including intersection improvements at 143rd and 151st. Work will include, but is not limited to, tree removal, pavement, medians, curb and gutter, storm sewer, water main, sidewalks, traffic signals, street lighting, landscaping, and irrigation.

Bid documents including drawings and specifications are on file at the office of Public Works of Olathe, Kansas, and are open for public inspections. Bid documents and drawings may be downloaded free of charge from <http://www.negometrix.com>. Only bids submitted electronically at <http://www.negometrix.com> will be accepted.

An owner's allowance (set price) is included within the schedule of values for this project and shall be bid at \$250,000. Failure to do so may result in disqualification.

A satisfactory bid bond executed by the bidder or an acceptable surety, in an amount equal to five percent (5%) of the total bid for work shall be submitted with each proposal. A scanned copy of the bid bond must be included with the online bid submitted at <http://www.negometrix.com>. The original copy of the bid bond form must be submitted to the engineer within 48 hours of bid opening. Failure to submit original copy of the bid bond will result in rejection of bid and owner's selection of the next low qualified bidder.

The successful bidder will be required to furnish and pay satisfactory performance and payment bond or bonds.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Contractors must comply with Title 29 relating to the employment of apprentices in accordance with requirements published by the United States Department of Labor as contained in the contract documents.

Bidders are informed that the prime contractor and subcontractors are required to comply with Section 109 of the Housing and Community Development Act of 1974, Title VI of the Civil Rights Act of 1964, Executive Order 11246, and Section 3 of the Housing and Urban Development Act of 1968. Contractors responsibilities under these laws are outlined at Title 24, CFR Part 1 and Part 570 relating to non-discrimination in federally-assisted programs of the Department of Housing and Urban Development; Title 24, Part 130 relating to equal em-

ployment opportunity under HUD-assisted construction contract; and Title 24, Part 135 relating to employment opportunities for businesses and lower income persons in connection with assisted projects.

The prime general contractor, and subcontractors where appropriate, under the terms of the contract, shall be required to comply with the following requirements prior to issuance of a construction work order:

- Maintain an affirmative action file detailing efforts to meet affirmative action hiring responsibilities and utilize minority firms as subcontractors and supplier;
- Submit a copy of their affirmative action plan to the city for review and HUD concurrence;
- Provide a preliminary statement of work force needs by category for the project and goals for minorities; and
- Attend a scheduled pre-construction conference for orientation on HUD equal opportunity and labor standards requirements.

The City of Olathe, Kansas, reserves the right to reject any or all bids or to waive any informality in the bidding.

Bids may be held by the City of Olathe, Kansas, for a period not to exceed sixty (60) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of bidders, prior to awarding the contract.

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (CST) February 11, 2022, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following categories: 212 Highway Design–Major Facility; 222 Standard Span Bridge Design; 231 Traffic Control Analysis and Design; 301 Land Surveying; 302 Engineering Surveying; 336 Right of Way Services; and 401 Landscape Seeding and Erosion Control.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification category definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

Project Number	Background and Scope of Project
KA-6512-01	This project is the removal of the US-400 bridge (BR#148) over abandoned railroad tracks, in Greenwood County. This structure is an 87-116-87 Steel Welded Plate Girder, Composite Continuous (SWCC).

Table 2: Project Summary

Project Number	Route and Scope	Length (mi)	Project Termini
KA-6512-01	U400-037 Bridge Removal	N/A	N/A
Project Number Structures BR#, Structure Scope, Structure Size and Type			
KA-6512-01	BR #148 Bridge Removal; Existing Length: 297.7 feet, Roadway Width: 44 feet; Existing structure is an 87-116-87 Steel Welded Plate Girder, Composite Continuous (SWCC)		

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: survey services; right of way services; preliminary design services through field check; environmental documentation preparation (permitting); final design services; and 3D electronic deliverables preparation. No discovery phase services are required.

Current expectations for consultant scope and what will be provided by KDOT are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

Project Management

- Develop and communicate Project Management Plan and Quality Assurance Plan.
- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide bi-annual construction cost estimates and at major project milestones.
- Designer construction services and permitting assistance.

Road Design

- Building of the existing right of way.
- Develop preliminary plans to field check.
- Perform roadway geometric design, drainage design, interchange analysis, and roadside safety analysis.
- Visit the project site location.

Survey and Right of Way

- Provide a full survey including structures in the existing right of way. The deliverables shall incorporate the full project including the roadway and bridge surveys and will be provided in the Kansas Regional Coordinate System.
- Establish and determine impacts to right of way and utilities.
- Based upon consultant’s field survey data and historical KDOT project information, consultant shall establish and compile into a right of way strip map the positions and locations of the existing highway right of way and property lines for the ownership adjacent thereto. Consultant shall perform these activities using coordinate geometry and Bentley Open Site Designer.

Bridge Design

- Depending on the future plans for the abandoned railroad right-of-way, construction of an RCB or other means to move pedestrians under US-400 may be warranted.

Traffic Engineering

- Develop permanent signing and pavement marking plans.
- Develop traffic control plans.

In addition to the categories detailed above, the project involves coordination with the county and/or other state agencies to determine the future plan for the old railroad right of way.

Activities to be performed by KDOT include:

- Environmental services, including lead paint testing and permit application.
 - Note: Technical data to support these activities will be required from the consultant immediately after field check.
- Utility coordination, if required.
- Geotechnical services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (CST) February 11, 2022
2. The program fiscal year for this project is FY 2026 (July 2026–June 2027)
3. Other important dates:
 - a. Survey Complete – September 28, 2022
 - b. Plans to Materials and Research – March 3, 2023
 - c. Field Check – December 4, 2023
 - d. Plans to Right-of-Way – February 16, 2024
 - e. Plans Complete – September 22, 2025

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.)
3. A PDF (2MB maximum size) of the proposal must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “KA-6512-01–Remove BR148 in Butler Co_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

Anticipated Consultant Scope

Services associated with this request for proposals begin at preliminary design and continue through final design. In addition, the following are likely required: survey services; right of way services; environmental documentation preparation (permitting); letting and construction phase services; 3D electronic deliverables preparation. No discovery phase services are anticipated.

Current expectations for consultant scope and what will be provided by KDOT are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

Project Management

- Develop and communicate Project Management Plan and Quality Assurance Plan.
- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide construction cost estimates biannually and at major project milestones.

Survey and Right of Way

- Provide a full survey including structures in the existing right of way. The deliverables shall incorporate the full project including the roadway and bridge surveys and will be provided in the Kansas Regional Coordinate System.
- Determine impacts to right of way and utilities.
- Based upon consultant’s field survey data and historical KDOT project information, consultant shall establish and compile into a right of way strip map the positions and locations of the existing highway right of way and property lines for the ownership adjacent thereto. Consultant shall perform these activities using coordinate geometry and Bentley Open Site Designer.

Road Design

- Develop plans to materials and research.

- Develop preliminary plans to field check.
- Develop office check plans.
- Develop final plans for construction.
- Perform roadway geometric design, drainage design, and roadside safety analysis.
- Visit the project site location.

Bridge Design

- Develop preliminary plans to pre-field check (contour map, construction layout(s) and typical section (S)).
- Analyze and design for hydrology/hydraulics.
- Develop preliminary plans to field check.
- Develop pre-office check plans (bridge structural details and load rating model).
- Develop office check plans.
- Develop final plans for construction.

Traffic Engineering

- Coordination with the local government.
- Develop permanent signing and pavement marking plans.
- Develop traffic control plans.
- Safety analysis may be required to validate the shoulder width based on traffic and crash histories.

Activities to be performed by KDOT include:

- Environmental services, including lead paint and asbestos testing and permit application.
 - Note: Technical data to support these activities will be required from the consultant immediately after field check.
- Utility coordination, if required.
- Geotechnical services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.

- Visit the project site location.

Bridge Design

- Develop preliminary plans for replacement of Bridge 55-055 carrying US-40 over the North Fork Smoky Hill River, including hydraulic analysis.
- Due to the non-redundant nature of the existing bridge, the proposed bridge cannot be built using phased construction.
- Develop final plans for construction.

Traffic Engineering

- Traffic Control Plans: This project will require a shoofly detour to carry traffic around construction.
- Coordination with the local government and KDOT office.
- Develop permanent signing and pavement marking plans.

Activities to be performed by KDOT include:

- Engineering survey.
- Environmental services, including lead paint testing and permit application.
 - Note: Technical data to support these activities will be required from the consultant immediately after field check.
- Permits will include NPDES – Storm Water Runoff Permit in which KDOT will require from consultant:
 - Total project site area in acres
 - Total disturbed area in acres (from seeding plans)
 - Impervious area in square feet (existing and proposed)
 - Above information needs to be provided by consultant (90) days prior to letting
- Utility coordination, if required.
- Geotechnical services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.

Anticipated Consultant Scope

Services associated with this request for proposals begin at preliminary design and continue through final design. Additional services which may also be involve environmental documentation preparation (permitting), letting and construction phase services, and/or 3D electronic deliverables preparation. No discovery phase services will be required.

Current expectations for consultant scope and what will be provided by KDOT are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

Project Management

- Develop and communicate Project Management Plan and Quality Assurance Plan.
- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide construction cost estimates at major project milestones.

Road Design

- Develop preliminary plans to field check.
- Develop final plans for construction.
- Perform roadway geometric design, drainage design, and roadside safety analysis.
- Visit the project site locations.

Bridge Design

- KA-6514-01
 - Develop preliminary plans for replacement of Bridge 80-019 carrying K-4 over Calf Creek, including hydraulic analysis.
 - Due to the non-redundant nature of the existing bridge, the proposed bridge cannot be built using phased construction.
 - Develop final plans for construction.
- KA-6515-01
 - Develop preliminary plans for replacement of Bridge 80-020 carrying K-4 over Calf Creek Drainage, including hydraulic analysis.
 - The existing box culvert structure may be replaced using phased construction and will likely be extended past clear zone.
 - Develop final plans for construction.
- KA-6516-01
 - Develop preliminary plans for replacement of Bridge 80-028 carrying K-4 over Little Cow Creek, including hydraulic analysis.
 - Due to the non-redundant nature of the existing bridge, the proposed bridge cannot be built using phased construction.
 - Develop final plans for construction.

Traffic Engineering

- Develop permanent signing and pavement marking plans.
- Traffic control plans: These bridges will require construction of a shoofly detour to carry traffic through construction.

Activities to be performed by KDOT include:

- Engineering survey.
- Development of existing right of way.
- Environmental services, including lead and asbestos testing and permit application.
 - Note: Technical data to support these activities will be required from the consultant immediately after field check.
- Permits will include NPDES – Storm Water Runoff Permit in which KDOT will require from consultant:
 - Total project site area in acres.
 - Total disturbed area in acres (from seeding plans).
 - Impervious area in square feet (existing and proposed).
 - Above information needs to be provided by consultant (90) days prior to letting.
- Utility coordination, if required.
- Geotechnical services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (CST) February 11, 2022
2. The program fiscal year for all included projects is FY 2026 (July 2026–June 2027)
3. Other Important Dates:
 - a. Project 4-80 KA-6514-01 and KA-6515-01
 - i. PLNMR January 13, 2023
 - ii. FDCHK September 14, 2023

- iii. PLROW October 27, 2023
- iv. PLNTE July 15, 2024
- v. PLCOM March 17, 2025
- b. Project 4-80 KA-6516-01
 - i. PLNMR October 12, 2023
 - ii. FDCHK July 12, 2024
 - iii. PLROW September 26, 2024
 - iv. PLNTE June 13, 2025
 - v. PLCOM February 13, 2026

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.)
3. A PDF (2MB maximum size) of the proposal must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “KA-6514, 6515, 6516-01–Replace BR019,20,28 in Rice Co_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (CST) February 11, 2022, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in Category 241 Construction Inspection and Testing.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms may use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification category definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at *(continued)*

the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking qualified consulting firms for construction inspection services as described below. Firms entering into any federally funded transportation project are required to have indirect cost rates prepared in accordance with the Federal Acquisition Regulation (FAR) Part 31, which is covered in the AASHTO Uniform Audit & Accounting Guide. A PDF (1Mb maximum size) of the interest response must be emailed to Kimberly Marotta, Programming Team Lead, Bureau of Local Projects, at kimberly.

marotta@ks.gov. Interest and experience responses are limited to four pages. The subject line of the reply email and the PDF file name must read "Local Projects On-Call Inspection-[insert Firm Name here]." The letter of interest stating qualifications, a ranking of which districts the firm prefers to work in, and an Excel spreadsheet listing "Inspector Name, Certification No., Office Location (City), and Expirations by Inspection Categories" (similar to what is contained in KDOT's prequalification form No. 1050) must be received by 12:00 p.m. April 1, 2022, for the consulting firm to be considered. View categories at <http://www.ksdot.org/divengdes/prequal/default.asp>. Please note that per BLP Memo 19-07, KDOT will no longer accept any documents related to the procurement and utilization of construction inspection services that contains the terms CONSTRUCTION OBSERVATION or CONSTRUCTION OBSERVER.

Project: On-Call LPA Inspection Services-Statewide

KDOT is seeking qualified firms to provide construction inspection services for a pool that the LPAs can utilize to select construction inspection staff on LPA construction projects statewide. The scope of services is to provide construction inspection services on as-needed basis district-wide. Firms selected will be required to provide the following services.

1. Grading inspection
2. Structures inspection
3. Asphalt inspection (plant and/or road)
4. Concrete pavement inspection (plant and/or road)
5. Materials testing
6. Contract documentation
7. Traffic control inspection
8. Seeding/Erosion control
9. Construction staking
10. Other similar services

The goal of the Consultant Shortlist Committee will be to select up to 20 consultants for District 1, 15 for District 2, 10 for District 3, 15 for District 4, 18 for District 5, and 10 for District 6.

On-Call contracts will be awarded using the qualifications-based selection procedure, with the following distinct characteristics:

- a. Single solicitation for multiple on-call contracts: The Bureau of Local Projects will identify certain classifications of services for which on-call contracts should be available and the number of consultant firms which ideally should be selected for such classifications in the event the services are needed in the future. (See KDOT form No. 1050 for classifications listed in the Consultant Prequalification Questionnaire.) The number of on-call contracts to be placed for one of more classifications of services with be identified in the advertised solicitation. Such number will be based on potential need, range of scope and complexity, and the mix of resources which may be required.
- b. In accordance with 23 CFR 172.9(a)(3), on-call contracts will specify: (i) the maximum length of the contract period, including allowable contract extensions not to exceed five years (typically four-year contract period with one-year extension) which will

begin January 1, 2023; and (ii) the maximum total contract dollar amount that may be awarded under such contract terms will not exceed \$2,000,000 per firm for each district in which the firm was selected.

KDOT will use the following criteria as the basis for selection of the consulting engineering firms:

- a. Size and professional qualifications (20%)
- b. Experience of staff (25%)
- c. Workload of firm (20%)
- d. Firm's performance record (25%)
- e. Location and number of CIT inspectors on staff relative to each KDOT district (10%)

The firms accounting systems must have the following capabilities before the firm may be awarded a contract.

- Valid, reliable, and current costs must be available within the system to support cost and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records which will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Qualifications-Based Procedure for implementing Task Orders/Work Orders

- a. Each consultant firm signatory to a current on-call contract for the relevant classification(s) of technical services required will be notified by KDOT email, listing all projects in the region where consultant firm is qualified to render services. Consultant will respond to KDOT who will then forward all interested consultant firms to respective project LPAs.
- b. The notification will: (i) contain a description of the task(s) to be performed, the project, the schedule and any other particular requirements; (ii) solicit written confirmation from each consultant firm as to the particular skill, specialized experience, technical competence and qualification of the firm, and employees available for assignment to perform the task(s) in a timely manner; and (iii) specify the date or deadline such confirmation must be submitted to and received by KDOT to be considered for the task(s).
- c. After the deadline, a Selection Committee will be convened and it may conduct interviews, by telephone or otherwise, to obtain supplemental information from consultant firms. The Selection Committee will review the information submitted, the past performance of similar services by the firms under consideration, as well as other relevant information and select the most highly qualified firm for the task order/work order. KDOT will notify all participating consultant firms of the selection.
- d. KDOT will prepare an independent estimate to be used for comparison purposes and as a basis to ascertain and negotiate a fair and reasonable cost for the services.
- e. Such first-ranked firm shall then submit a cost proposal for the task order/work order. A Negotiating Committee will be convened to evaluate the cost

(continued)

proposal and negotiate any changes. If negotiations cannot be reached, the next-ranked firm will be contacted to submit a proposal following the process through the ranked firms until negotiations are successfully concluded.

- f. When negotiations are successfully concluded, a written task order/work order reflecting the agreement of the parties shall be prepared for signature by duly authorized representatives of the parties.

Selection and notification process is estimated to be completed by July 1, 2022.

Questions can be directed to Tod Salfrank at Tod.Salfrank@ks.gov.

Complete all administrative, rehab and track construction work, rail, switches, ties, ballast, tamping, and regulating required for the Gavilon Grain, LLC – Wichita, Kansas track rehabilitation project. The scope is defined further as follows:

- Abbot – Elevator 3 Track Turnout
 - Replace existing 90lb turnout and install new 115lb turn out
 - Replace damaged/rotted switch ties
 - Furnish labor, equipment, and materials to install new turnout
- Elevator 2 Track – Elevator 1 Track Turnout
 - Replace existing 90lb turnout and install new 115lb turn out
 - Replace damaged/rotted switch ties
 - Furnish labor, equipment, and materials to install new turnout
- Milk Track – Tail Track 3 Turnout
 - Replace existing 90lb turnout and install new 115lb turn out
 - Replace damaged/rotted switch ties
 - Furnish labor, equipment, and materials to install new turnout
- Abbot – Elevator 3 Track Turnout to existing 115lb rail on Elevator 3 Track
 - Replace existing 90lb rail and install 11.9 tons of #1 relay 115lb rail
 - Furnish labor, equipment, and materials to install #1 relay 115lb rail
- All new rail joints are to be UT welded by certified welder(s)
- Elevator 1 and 2 and Tail 1 and 2 Tracks

- Replace 500 cross ties with new 6"x8"x8'6" grade #3 or better cross ties
 - Furnish labor, equipment, and materials to install new cross ties
- Any remaining new ties will be placed in either Elevator 3 track or Tail 3 track
- Add 1,400 tons of clean 2" railroad ballast rock

- Furnish labor, equipment, and materials to add 1,400 tons of ballast, tamp, and regulate

MSA and Roadway Worker Protection

Contractors must complete, and have on file, a current Master Service Agreement or Construction Agreement with Gavilon Grain, LLC before the works begins.

1. Contractor shall comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety at all times. Personnel and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
2. Contractor shall wear required personal protective equipment (PPE) at all times while on property. Minimum PPE includes: Hard hat, safety glasses (with side shields), class III high visibility vest or clothing, leather gloves, and steel toed leather work boots.
3. Contractor, contractor employees, agents, and/or subcontractors must be enrolled and comply with FRA 219 approved drug testing program.
4. Any subcontracted work shall have written approval by the Gavilon Grain, LLC project manager prior to construction.
5. Contractor is responsible for securing roadway worker protection (flagger protection) when working within 25 feet of adjacent K&O mainline rail.

Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing the work that pertains to this project, the contractor must arrange a defined work window with Gavilon Grain, LLC prior to commencing work. Contractor can anticipate a minimum eight hours with no more than one scheduled interruption in the work window between the hours of 07:00 and 17:00. This project will consist of two phases. The first phase will be completed in the first half of June 2022 and the second phase is TBD later this year, or a 24-hour shift to complete all work related to this project in June 2022 will be available if desired by contractor. This topic will be further discussed and clarified at the pre-proposal meeting.

Standards

All standards referenced by the project plans, scope of work, and specifications, as well as applicable AREMA standards must be upheld during all phases of the project. All rail shall be replaced with a standard gauge of 56-1/2."

Submittals

The following documents shall be submitted, at the time listed, by the contractor as part of the project:

1. Schedule of work – Submitted with proposal
2. Certificate of Insurance – Submitted prior to construction
3. Safety Plan – Submitted prior to construction
4. Proof of Roadway Worker Training – Submitted prior to construction
5. Rail Testing (if AREMA #1 relay is used) – Submitted prior to construction
6. Rail Weld UT Test Requirements (all rail comp welds) – Submitted with billing

Other Responsibilities

1. Permits – Contractor is responsible for all federal, state, and local permits for the work.
2. Utilities – Contractor is responsible to locate and protect site utilities.
3. Site Clean-up – Contractor is responsible for proper site disposal of materials in accordance with local, state, and federal laws. Contractor is responsible for site restoration. Contractor is responsible for securing dumpster and hauling off used material. No old ties will be allowed to be stored on site in a pile.
4. Right of Way Access – Contractor is responsible for obtaining proper right of way entry prior to leaving Gavilon Grain, LLC property and entering Watco Companies (K&O Railroad) property.
5. KDOT Grant – All requirements applicable to the contractor pursuant to the grant provided to Gavilon Grain, LLC from the Kansas Department of Transportation in connection with the project.

Insurance

Contractor shall purchase required insurance coverage and submit verification of Certificate of Insurance prior to construction. Contractor shall address insurance requirements by Watco Companies (K&O Railroad) and submit proof to both Gavilon Grain, LLC and Watco Companies.

Materials

All material shall meet or exceed the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted within the pre-determined and designated area located on Gavilon Grain, LLC property. No materials shall be stored in the event that railroad tracks are fouled at any time. Material and equipment laydown areas shall be discussed and further clarified at the pre-proposal meeting. Contractor is responsible for furnishing all required materials to complete project.

Non-Project Areas

Gavilon Grain, LLC has secured access to the project through the K&O Railroad. Other access may be obtained by the contractor if they so choose. All areas (public, private, and railroad right of way) that are used to access the project, including areas of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if damage to those areas occur.

Project Completion

All work pertaining to this project shall be completed by March 1, 2023. Failure to complete the work by March 1, 2023 may result in the Contractors removal from the property or charges of \$2,500/day until completed to satisfaction.

Submission of Proposal

All proposals must be submitted no later than February 28, 2022. All submitted proposals shall be reviewed by Gavilon Grain, LLC. Please ensure the submitted proposal includes all required information. Any incomplete proposal will be rejected. The structure of the proposal must be clearly understood and shall provide the following line items and provide cost as required below:

1. Provide total sum of all line items on the proposal
2. Mobilization and Demobilization – Lump sum
3. Labor – Lump sum
4. Materials – (ballast, rail, turnouts, switches, OTM, ties, and other miscellaneous supplies)
5. Tamp and Regulate – Lump sum
6. Performance Bond (sum not less than amount of awarded contract) – Lump sum

Pre-Proposal Meeting

Gavilon Grain, LLC shall hold a pre-proposal meeting at the project site at 9:00 a.m. (CST) Friday, February 11, 2022. The meeting shall be held at Gavilon Grain, LLC, 5755 S. Hoover Rd., Wichita, KS 67215. Contractors are required to be present at this meeting to submit a proposal or their proposal can be rejected.

Work Reporting

Daily work reports must be filled out and submitted to Neil Schott, Gavilon Grain, LLC Project Manager, phone 402-889-4499, email neil.schott@gavilon.com. Weekly reports shall include updates to project schedules, any delays, or any change to the original scope of work. A detailed summary report shall be submitted at the completion of the project.

South Kansas & Oklahoma Railroad

Request for Proposals

Interested parties are invited to submit a proposal to complete the below scope for the proposed South Kansas & Oklahoma Railroad (SKOL), the upgrade of the Frank Phillips Boulevard crossing in Bartlesville, Oklahoma.

Scope of Work

- Provide all necessary labor and equipment to complete all track construction work, installation of ties, rail, OTM, concrete panels, and additional ancillary railroad work.
- Remove and install all rail, ties, panels, and OTM – 115 lb. rail – 39' blanks, pandrol e-clip assemblies, spikes, anchors, welds, and crossing panels.
- Remove all ballast/sub-ballast and replace with materials specified by the SKOL Railroad.
- All existing crossing materials/OTM removed from this portion of the project shall be removed from the SKOL.
- Railroad unless otherwise specified by a SKOL Representative.
- Material disposal, if determined appropriate by

(continued)

SKOL, shall be done in accordance with all local, state, and federal laws.

- All new rail installed in each crossing will extend 15 feet from the end of the crossing where it will be welded in compliance with AREMA Standards.
- Provide and install new 7x9x10' (Grade 5) ties within the extent of the crossing, evenly spaced with 19.5" centers.
- In addition to the rail extending from the crossing as prescribed above, a minimum of six new, 7x9x10' (Grade 5) ties, spaced 19.5," shall be installed on each side of the crossing.
- The contractor shall coordinate needed road closure, as well as associated concrete work and signal upgrade within the project area.
- Additional details concerning the scope of work associated with this Project will be addressed in the pre-proposal meeting.

Materials

Provide all materials called for to complete all track construction work. A comprehensive list of materials and associated quantities will be provided prior to the pre-bid meeting.

Additional details concerning the scope of work associated with each portion of the project will be addressed in the pre-proposal meeting.

For preliminary coordination with CDL please contact Mark Smallwood, Senior Project Manager at mark.smallwood@cdl-electric.com.

Minimum Requirements

MSA and Roadway Worker Protection

- Contractors must complete, and have on file, a current Master Services Agreement with SKOL Railroad, prior to beginning work.
- Contractors shall always comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety. Men and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, contractor employees, agents, and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
- Any subcontracted work will need to be approved by the SKOL Railroad prior to any work starting.
- As of January 1, 2021, all contractors will be required to complete WATCO Contractor Orientation at <https://watcocontractor.com/>. Any contractor who was previously enrolled in e-SHORTLINE with Watco in the past, will be required to complete the WATCO Contractor Orientation. (See above)

Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the railroad. It is the railroads intentions to provide a minimum work window of 10 hours with no more than one schedule of interruption in that time frame, between the hours of 07:00 and 17:00. For work windows extending more than 10 hours, a minimum of 72 hours

of notification is required to the railroad to arrange this window.

Work windows may be arranged seven days a week, if desired. Current railroad operations consist of two trains per day through the work area. This train currently operates in the evening hours; however, this schedule is subject to change at any time. This topic will be further discussed and clarified during the pre-proposal meeting.

Standards

All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by the SKOL Railroad.

Submittals

The following documents shall be submitted by the contractor as part of the project, at the times listed:

- Schedule of Work – Submitted with proposal
- Certificate of Insurance – Submitted prior to construction
- Safety Plan – Submitted prior to construction (to include Bridge Fall Protection Plan)
- Proof of Roadway Worker Training – Submitted prior to construction
- All contractors must recognize that this project contains federal funding and must comply with federal requirements such as the Davis-Bacon Act, "Buy America," and the Disadvantaged Business Enterprise (DBE), where applicable
- Rail Weld UT Test Requirements (All Rail Comp Welds) – Submitted with billing

Other Responsibilities

- Permits – Contractor is responsible for all federal, state, and local permits required for the work. To include any road closures or traffic control.
- Utilities – Contractor is responsible to locate and protect site utilities.
- Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state, and federal laws.

Insurance

Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

Materials

Material storage is granted on railroad right of way to the contractor. However, no materials shall be stored closer than 15' from the centerline of any active track, at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. All removed materials to be disposed of, unless otherwise directed by a SKOL Railroad representative.

Non-Project Areas

The SKOL Railroad has secured access to the project through the railroad right of way. Other access may be obtained by the contractor if he/she so chooses. All areas (public, private, and railroad right of way) that are used for access to the project, including parts of the rail-

road right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

Pre-Proposal Meeting

The SKOL Railroad shall hold a pre-proposal meeting at 10:00 a.m. (CST) Tuesday, February 22, 2022, (CST), at the project site (SW Frank Phillips Boulevard), located in downtown Bartlesville, Oklahoma. Contractors are encouraged to be present at this meeting in order to submit a proposal. Contact Cameron Ginther at cameron.ginther@watco.com for additional information. Please bring proper PPE with you.

Project Completion

Crossing rehabilitation work pertaining to this project shall be completed within six days (including quality of work inspection) of project start. The SKOL Railroad expects one day and one night of out of service, or no more than 36 hours of out of service. Out of service does not apply to concrete work needing to be done. The awarded railroad contractor is to coordinate all track construction work with the work being done by CDL and the awarded concrete contractor. Upon completion of the various project components, a final inspection will be performed to verify quality of work and materials, prior to final payment being issued.

Submission of a Proposal

All proposals must be submitted no later than 3:00 p.m. (CST) Wednesday, March 23, 2022. All submitted proposals shall be reviewed by the SKOL Railroad and KDOT. Please ensure your proposal includes all required information. All incomplete proposals shall be rejected. The structure of your proposal must be able to be clearly understood.

Additional Information is available at <https://www.watco.com/skol-2021-crisi-project/>. If you have issues locating the project site or have trouble accessing bid information, please reach out to Cameron Ginther at 785-513-6049 or cameron.ginther@watco.com.

Work Reporting

Detailed daily work/progress reports (SKOL Railroad will provide format) must be filled out and submitted to Mike Mulnix, SKOL Roadmaster; Jerod Gofourth, SKOL Assistant Roadmaster; and Cameron Ginther, Project Manager. Reports should include updates to project schedules, any delays, or any changes in the scope of work. A detailed summary report must be submitted upon the completion of the project.

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Tuesday, February 22, 2022, in the offices of the Kansas Development Finance Authority (K DFA), 534 S. Kansas Ave., Suite 800, Topeka, on the proposal for the K DFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 001096 Maximum Principal Amount:

\$187,500. Owner/Operator: Corey R. and Mallory D. Doughty; Description: Acquisition of 81 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Corey R. and Mallory D. Doughty (the "Beginning Farmer") and is located at the West Half of the Southeast Quarter in Section 12, Township 9 South, Range 19 East of the 6th P.M., Jefferson County, Kansas, approximately ¼ mile east of the intersection of 126th and Wellman Road in Winchester, Kansas.

The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

Interested individuals may participate in the public hearing via conference call. Please call toll free number 866-620-7326 and use conference identification number 159 722 1260 followed by # to join the conference.

(continued)

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment (KDHE), Division of Public Health, Bureau of Community Health Systems, will conduct a public hearing at 10:00 a.m. Thursday, April 21, 2022, to receive public comment regarding the adoption of proposed amended regulations 28-51-100, 28-51-101, 28-51-103, 28-51-104, 28-51-105, 28-51-106, 28-51-107, 28-51-109, 28-51-110, 28-51-111, 28-51-112, and 28-51-113; the adoption of proposed new regulations 28-51-117 and 28-51-118; and the revocation of 28-51-102, all regarding KDHE article 51 home health agency licensure.

Due to recent public health concerns, only remote public participation is available. To participate in the teleconference hearing, call 1-866-620-7326 and enter conference code 8141969688#. During the teleconference public hearing, all interested individuals will be given a reasonable opportunity to present their comment orally on the proposed regulations. It is requested that each individual giving oral comment provide a written copy of the comment for the record prior to the hearing by email or postal mail to the email or postal mailing address listed in this notice or by fax to the fax number also listed in this notice. In order to give each individual an opportunity to present their comment, it may be necessary for the hearing officer to request that each presenter limit an oral presentation of comment to an appropriate time frame.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comment on the proposed regulations. Individuals are encouraged to participate in the public hearing by submitting written comment prior to 5:00 p.m. on the day of the hearing. Submit written comment, including a written copy of oral comment, to Marilyn St. Peter, RN, Health Care Facilities Program Acute and Continuing Care, Bureau of Community Health Systems, Kansas Department of Health and Environment, Curtis State Office Bldg., 1000 SW Jackson, Suite 330, Topeka, KS 66612, by email to Marilyn.St.Peter@ks.gov, or by fax to 785-559-4259.

A summary of the proposed regulations and estimated economic impact follows:

Summary of Regulations:

K.A.R. 28-51-100. Definitions. Updates existing defini-

tions, adds definitions of terms used in these regulations, and deletes defined terms that are no longer used.

K.A.R. 28-51-101. Licensing procedure. Specifies the licensing procedures for initial applications and renewals, sets the fees for each type of home health agency license and the fees to renew each type of license. Also specifies the notifications to be provided to the state agency for changes in the operation of a home health agency.

K.A.R. 28-51-102. Revoked. Was license fees. Fees for initial licenses and renewals are now included in K.A.R. 28-51-101.

K.A.R. 28-51-103. Organization and administration. Updates the requirements for operation of the home health agency, qualifications of administrators and other personnel, training required for personnel and the records required to be kept by each home health agency related to personnel.

K.A.R. 28-51-104. Home health services, HCBS, and supportive care services. Updates the requirements for the provision of services for each type of home health agency. Includes the records required to be kept by each home agency for services provided.

K.A.R. 28-51-105. Nursing services. Specifies the requirements that shall be met when a home health agency provides nursing services.

K.A.R. 28-51-106. Therapy services. Specifies the requirements that shall be met when a home health agency provides therapy services, including physical therapy, occupational therapy, speech therapy, and respiratory therapy.

K.A.R. 28-51-107. Social services. Updates language for the requirements that shall be met when a home health agency provides social services.

K.A.R. 28-51-109. Nutritional and dietary consultation. Updates language for the requirements that shall be met when a home health agency provides nutritional and dietary consultation services.

K.A.R. 28-51-110. Clinical records and client records. Specifies the requirements for each type of home health agency related to records of patients and clients.

K.A.R. 28-51-111. Patients' and clients' bill of rights. Updates the rights of patients to include the rights of clients.

K.A.R. 28-51-112. Home health aide training; state test. Updates when personnel are required to meet training requirements specified in these regulations and refers to the state test required for home health aides.

K.A.R. 28-51-113. Home health aide qualifications. Revises the language requiring home health aides to complete training courses and updates the documents adopted by reference for administering courses to home health aides.

K.A.R. 28-51-117. Supportive care services. A new regulation that specifies the requirements for providing supportive care services, the qualifications of the personnel providing supportive care services, and the policies and procedures required to be followed for various types of services that may be provided, including limitations of the services that may be provided.

K.A.R. 28-51-118. HCBS. A new regulation that specifies the requirements for providing home and community-based services and the qualifications and training of the personnel providing these services.

Economic Impact:

Cost to the agency: The proposed regulations will result in minimal costs to KDHE that can be absorbed in the ongoing KDHE budget.

Cost to the public and regulated community: Based on new home health licenses for supportive care services, new skilled home health and/or HCBS agencies and the slight increase in fees added together, the overall total cost to all licensees throughout the state is estimated to be between \$14,500.00 and \$22,500.00 annually. The increase in fees will reflect the time involved in reviewing applications and partially covering the cost of the survey process.

Cost to other governmental agencies or units: The proposed regulations will not result in increased costs to other governmental agencies or units.

A detailed economic impact is provided in the economic impact statement that is available from the designated KDHE contact person or at the KDHE Health Facilities Program website, as listed below.

Complete copies of the proposed regulations and the corresponding economic impact statement may be obtained from the KDHE Health Facilities Program website, at <https://www.kdhe.ks.gov/449/Health-Facilities-Program> or by contacting Marilyn St. Peter at Marilyn.St.Peter@ks.gov, phone 785-506-7860, or fax 785-559-4259. Questions pertaining to the proposed regulations should be directed to Marilyn St. Peter at the contact information above.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and the economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Marilyn St. Peter.

Temporary Administrative Regulations

Article 3.—REQUIREMENTS FOR LICENSURE AND STANDARDS OF PRACTICE

60-3-101. Licensure. (a) Licensure by examination pursuant to K.S.A. 65-1115 and K.S.A. 65-1116, and amendments thereto.

(1) Not later than 30 days before the examination date, each applicant for licensure by examination shall file with the board a completed application on a form adopted by the board and pay the application fee prescribed by K.A.R. 60-4-101.

(2) Each applicant shall be fingerprinted and submit to a state and national criminal history record check.

(3) Each applicant for nursing licensure shall take and be required to pass the examination prepared by the national council of state boards of nursing. The examination fee shall be paid as directed by the national council of state boards of nursing.

(4) Within 180 days after the board’s receipt of the application, each applicant for licensure by examination shall submit proof that all qualifications for licensure have been met. If the applicant does not meet this requirement, the application shall be deemed abandoned and closed.

(b) Licensure by endorsement pursuant to K.S.A. 65-1115 and K.S.A. 65-1116, and amendments thereto.

(1) Each applicant for licensure by endorsement shall file with the board a completed application on a form approved by the board and pay the application fee prescribed by K.A.R. 60-4-101.

(2) Each applicant shall be fingerprinted and submit to a state and national criminal history record check.

(3) Each applicant shall submit proof showing that all requirements for licensure by endorsement pursuant to K.S.A. 65-1115 or K.S.A. 65-1116, and amendments thereto, have been met.

(4) Within 180 days after the board’s receipt of the application, each applicant for licensure by endorsement shall submit proof that all qualifications for licensure by endorsement have been met. If the applicant does not meet this requirement, the application shall be deemed abandoned and closed.

(c) Information regarding examinations.

(1) The examination for licensure shall be administered
(continued)

at sites designated by the national council of state boards of nursing.

(2) Each applicant shall present the required documentation in order to be admitted to the examination center.

(3) Each applicant cheating or attempting to cheat during the examination shall be deemed not to have passed the examination.

(4) If the answer key is lost or destroyed through circumstances beyond the control of the national council of state boards of nursing, the applicant shall be required to retake the examination in order to meet requirements for licensure.

(5) Individual examination results shall be released to the school from which the applicant graduated.

(6) Each applicant requesting modifications to the examination procedures or materials because of a disability shall provide written documentation from the appropriate medical professional confirming the disability, an evaluation completed within the last five years by a disabilities evaluation team, and a letter from the nursing program confirming learning and testing modifications made during the course of study.

(d) Application for reexamination. Any applicant who fails to make a passing score on the licensure examination may retake the examination. The applicant shall pay an examination fee as directed by the national council of state boards of nursing for each retest.

(e) Verification of current Kansas license. Verification of a current Kansas license shall be provided to other state boards upon the applicant's request and payment of the fee prescribed by K.A.R. 60-4-101.

(f) Licensure for endorsement pursuant to K.S.A. 48-3406, and amendments thereto.

(1) "Active practice" shall mean that in a calendar year, the applicant worked for at least 1,000 hours in the "scope of practice" for which licensure is sought.

(2) "Similar scope of practice" shall mean the "practice of nursing," as defined in K.S.A. 65-1113 and amendments thereto.

(g) Temporary emergency license. Each applicant for a temporary emergency license shall submit an application on a form adopted by the board to practice nursing during a state of emergency declared by the legislature and submit proof that either of the following qualifications for licensure has been met:

(1) For licensure as a registered professional nurse, the applicant is currently licensed or has been licensed as a registered professional nurse by a state licensing board within the five years preceding the application date, passed a course in cardiopulmonary resuscitation (CPR) for humans, has a current CPR certificate, and has the skills required to practice registered professional nursing during the state of emergency declared by the legislature.

(2) For licensure as a licensed practical nurse, the applicant is currently licensed or has been licensed as a licensed practical nurse by a state licensing board within the five years preceding the application date, passed a course in cardiopulmonary resuscitation (CPR) for humans, has a current CPR certificate, and has the skills required to practice licensed practical nursing during the state of emergency declared by the legislature. (Authorized by K.S.A. 65-1129, K.S.A. 2021 Supp. 48-3406, and

K.S.A. 74-1106; implementing K.S.A. 2021 Supp. 48-3406, K.S.A. 65-1115, K.S.A. 65-1116, K.S.A. 65-1118, and K.S.A. 74-1112; effective Jan. 1, 1966; amended Jan. 1, 1972; amended, E-74-29, July 1, 1974; modified, L. 1975, Ch. 302, Sec. 3, May 1, 1975; amended May 1, 1980; amended May 1, 1987; amended April 26, 1993; amended Jan. 29, 1999; amended, T-60-1-26-22, Jan. 26, 2022.)

Article 11.—ADVANCED PRACTICE REGISTERED NURSES (APRN)

60-11-103. Licensure and educational requirements for advanced practice registered nurses. (a) Licensure as an advanced practice registered nurse. Each applicant for licensure as an advanced practice registered nurse shall meet the following requirements:

(1) File with the board a completed application on a form adopted by the board and pay the application fee prescribed by K.A.R. 60-11-119;

(2) be fingerprinted and submit to a state and national criminal history record check; and

(3) within 180 days after the board's receipt of the application, submit proof that all qualifications for licensure, as specified in K.S.A. 65-1130 and K.S.A. 65-1131 and amendments thereto, have been met. If the applicant does not meet this requirement, the application shall be deemed abandoned and closed.

(b) Licensure in the roles of clinical nurse specialist, nurse anesthetist, nurse-midwife, and nurse practitioner. To be issued a license as an advanced practice registered nurse in any of the roles of advanced practice, as identified in K.A.R. 60-11-102, each applicant shall meet at least one of the following requirements:

(1) Complete a formal, post-basic nursing education program located or offered in Kansas that has been approved by the board and prepares the nurse to function in the advanced role for which application is made;

(2) complete a formal, post-basic nursing education program that is not located or offered in Kansas but is determined by the board to meet the standards for program approval established by K.A.R. 60-17-101 through 60-17-108;

(3) have completed a formal, post-basic nursing education program that is no longer in existence but is determined by the board to meet standards at least as stringent as those required for program approval by the board at the time of graduation;

(4) hold a current license to practice as an advanced practice registered nurse in the role for which application is made and demonstrate to the board's satisfaction that both of the following requirements are met:

(A) The license was issued by a nursing licensing authority of another jurisdiction; and

(B)(i) The licensee completed a program meeting standards equal to or greater than those established by K.A.R. 60-17-101 through 60-17-108; or

(ii) the applicant has met the requirements for licensure pursuant to K.S.A. 48-3406, and amendments thereto; or

(5) complete a formal educational program of post-basic study and clinical experience that can be demonstrated by the applicant to have sufficiently prepared the applicant for practice in the role of advanced practice for which ap-

plication is made. The applicant shall show that the curriculum of the program is consistent with public health and safety policy and that it prepared individuals to perform acts generally recognized by the nursing profession as capable of being performed by persons with post-basic education in nursing.

(c) Licensure in the roles of clinical nurse specialist and nurse practitioner. Each applicant for a license as an advanced practice registered nurse in a role other than anesthesia or midwifery shall meet one of the following requirements:

(1) Have met one of the requirements of subsection (b) before July 1, 1994;

(2) if none of the requirements in subsection (b) were met before July 1, 1994, meet one of the requirements of subsection (b) and hold a baccalaureate or higher degree in nursing; or

(3) if none of the requirements in subsection (b) were met before July 1, 2002, meet one of the requirements of subsection (b) and hold a master's or higher degree in a clinical area of nursing.

(d) Licensure in the role of nurse anesthetist. Each applicant for a license as an advanced practice registered nurse in the role of anesthesia shall meet one of the following requirements:

(1) Have met one of the requirements of subsection (b) before July 1, 2002; or

(2) if none of the requirements in subsection (b) were met before July 1, 2002, meet one of the requirements of subsection (b) and hold a master's degree or a higher degree in nurse anesthesia or a related field.

(e) Licensure in the role of nurse-midwife. Each applicant for a license as an advanced practice registered nurse in the role of midwifery shall meet one of the following requirements:

(1) Have met one of the requirements of subsection (b) before July 1, 2000;

(2) if none of the requirements in subsection (b) were met before July 1, 2000, meet one of the requirements of subsection (b) and hold a baccalaureate degree in nursing; or

(3) if none of the requirements in subsection (b) were met before January 1, 2010, meet one of the requirements of subsection (b) and hold a master's degree or a higher degree in nursing, midwifery, or a related field.

(f) National nursing organization certification for licensure. A license may be granted if an individual has been certified by a national nursing organization whose certification standards have been approved by the board as equal to or greater than the corresponding standards established by the board for obtaining a license to practice as an advanced practice registered nurse. National nursing organizations with certification standards that meet this standard shall be identified by the board, and a current list of national nursing organizations with certification standards approved by the board shall be maintained by the board. Any licensee may request that a certification program be considered by the board for approval and, if approved, included by the board on its list of national nursing organizations with approved certification standards.

(g) Advanced pharmacology education requirement. Each applicant who completes an advanced practice reg-

istered nurse program after January 1, 1997 shall have completed three college hours in advanced pharmacology or the equivalent.

(h) Advanced pathophysiology and advanced health assessment education requirement. Each applicant who completes an advanced practice registered nurse program after January 1, 2001 in a role other than anesthesia or midwifery shall have completed three college hours in advanced pathophysiology or its equivalent and three college hours in advanced health assessment or its equivalent.

(i) Advanced pathophysiology and advanced health assessment education requirement after July 1, 2009. Each applicant who completes an advanced practice registered nurse program after July 1, 2009 shall have completed three college hours in advanced pathophysiology or its equivalent and three college hours in advanced health assessment or its equivalent.

(j) Refresher course requirement. In spite of the provisions of subsections (b) through (i), each applicant for a license as an advanced practice registered nurse who has not gained 1,000 hours of advanced nursing practice during the five years preceding the date of application shall be required to successfully complete a refresher course as defined by the board.

(k) Verification of current Kansas license. Verification of a current Kansas license shall be provided to other state boards upon the applicant's request and payment of the fee prescribed by K.A.R. 60-4-101.

(l) Licensure for endorsement pursuant to K.S.A. 48-3406, and amendments thereto.

(1) The applicant shall demonstrate "similar scope of practice" as defined in K.S.A. 65-1130 and amendments thereto, K.A.R. 60-11-104, K.A.R. 60-11-104a, K.A.R. 60-11-105, and K.A.R. 60-11-106.

(2) "Active practice" shall mean that in a calendar year, the applicant worked for at least 1,000 hours in the scope of practice for which licensure is sought.

(m) Temporary emergency licensure. Each applicant for a temporary emergency license shall submit an application on a form adopted by the board to practice advanced nursing during a state of emergency declared by the legislature and submit proof that either of the following qualifications for licensure has been met:

(1) For licensure as a registered professional nurse, the applicant is currently licensed or has been licensed as a registered professional nurse by a state licensing board within five years of the application date.

(2) For licensure as an advanced practice registered nurse, the applicant is currently licensed or has been licensed as an advanced practice registered nurse by a state licensing board within five years of the application date, passed a course in cardiopulmonary resuscitation (CPR) for humans, has a current CPR certificate, and has the skills required to practice advanced practice nursing during the state of emergency declared by the legislature. (Authorized by K.S.A. 65-1130, K.S.A. 65-1131, and K.S.A. 2021 Supp. 48-3406; implementing K.S.A. 2021 Supp. 65-1118, K.S.A. 65-1130, K.S.A. 65-1131, K.S.A. 2021 Supp. 48-3406, K.S.A. 2021 Supp. 74-1106, and K.S.A. 74-1112; effective May 1, 1984; amended, T-85-16, June 5, 1984; amended May 1, 1985; amended, T-60-11-14-90, Nov. 14,
