INSTRUCTIONS FOR FILING ARTICLES OF INCORPORATION

Note: All documents filed by the Secretary of State's office are considered public record and may be viewable online.

How to complete the Articles of Incorporation for a domestic (Kansas) entity:

Before proceeding, a certificate from a Kansas regulatory board for each profession stated within the purpose statement (section 7) must be submitted with the articles of incorporation (Form DPA). Each certificate submitted will name those who are licensed for the stated profession, each name of which must match to an incorporator named in section 9, and will indicate that the Kansas board has approved the corporation's name (section 2).

Each of the numbered instructions below corresponds to a section on the form.

1. Indicate if the business entity will be for-profit or not-for-profit.
2. Provide the name of the corporation. All professional associations must contain a word of formation at the end of the name. Pursuant to K.S.A. 17-2711, that word must be one of the following:

CHARTERED, PROFESSIONAL ASSOCIATION, P.A., OR PA.

The corporation's name must match identically to the name approved by the Kansas regulatory board within the certificate.

Check to see if the name of the covered business entity is in use by any other business entity already registered with our office online at <https://www.sos.ks.gov/eforms/BusinessEntity/Search.aspx>.

If the name is currently in use, either a letter of consent from the current business entity must be submitted with the formation document, or a different name must be used.

Letter of consent: Pursuant to K.S.A. 17-7933, the letter of consent must include an indication that the current business entity consents to the use of the name. This letter must be executed by an authorized person for the current business entity registered.

3. Provide the name of the resident agent.

Resident agent: This is either an individual or a business entity registered in Kansas (may be the business entity the articles of incorporation are for) who will receive any legal documents (e.g., subpoenas, court orders, summons, etc.) for the business entity named in section 2. If the resident agent is a business entity, search for the legal name of the business at <https://www.sos.ks.gov/eforms/BusinessEntity/Search.aspx>.

4. Provide the registered office for the resident agent.

Registered office: Must be an address in Kansas where the resident agent may be regularly present. The address must include the building number, street, city, state, and zip code. This can't be a PO box.

5. Provide the corporation's purpose statement. This statement is a general indication as to the nature of business of the business entity. Within the purpose statement, each professional service that will be rendered by the incorporators must be stated and must match to a professional service stated within the certificate from a Kansas regulatory board.
- 6a. Provide a response indicating either that the business entity will be a stock corporation or a nonstock corporation.
- 6b. If the corporation is a stock corporation as indicated in section 6a, the total number of shares and the par value of those shares are required. If there are multiple classes of stock, each class must be indicated with the total number of shares and the par value.
7. Provide the names and postal addresses of each of the incorporators. Each of the names of the incorporators must match to the name of a licensee on a certificate issued by the Kansas regulatory board and must sign in section 9.
8. If the power of the incorporator(s) is to cease upon the filing of the articles of incorporation, then the names and addresses of the directors must be provided. Otherwise, leave this section blank.
9. Each of the incorporators named in section 8 must sign.

Only submit the addendum (last page of the form) with the articles of incorporation if the business entity will be income tax exempt under 26 USC 501(c)(3). Contact the Internal Revenue Service (IRS) for questions about tax exempt status.
