Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and *(continued)*

the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Legal Description: S ½ of Section 8, 9, 10, W ½ of Section 11, E ½ of Section 15, 16 and 17, Section 20, Township 31S, Range 15W of Barber County, Kansas

Facility Location: Latitude: 37.35852, Longitude: -98.94400

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility mines and crushes approximately 400,000 tons of gypsum rock a year, in the southeast portion of the site. Outfalls 001A, 004A-008A and 011A-012A and 024A consists of storm-water runoff and discharges from evaporative ponds. Outfall 012A contains spring water and pit de-watering and would also include the discharge from Outfall 013A. Two septic tank systems treat domestic wastes on-site from offices and shops. The proposed permit contains monitoring requirements for Flow and Sulfate.

Public Notice No. KS-EG-23-001

In accordance with K.A.R. 28-46-7 and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared for the use of the well(s) described below within the State of Kansas.

The proposed action is to reissue six Class III Injection Well permits for the wells listed above. These wells are authorized to mine salt from the Hutchinson Salt Member of the Wellington Formation by solution mining methods or as otherwise specified within the permit. Injection is to be made into the Hutchinson Salt member of the Wellington formation. Freshwater shall be injected into and saturated brine withdrawn from wells Lemon 2-1, Lemon 2-2, Lemon 2-3, Lemon 2-4, and Lemon 2-5. Lemon 2-0 is the access well to drill the horizontal borehole to connect the production wells in this gallery. The top of the cavity shall be no shallower than 250 feet below land surface. Mining shall not extend into the upper 50 feet of the salt deposit. The maximum operational injection pressure shall not exceed 130 pounds per square inch at the wellhead.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before February 18, 2023 will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-23-006/015, KS-Q-23-010/015) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a

determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Paige Drury, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Michael Beezhold at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Mirina Landry at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Neal Niceswanger, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-6804 or email at Neal.Niceswanger@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Notice of Water Quality Certification

The Kansas Department of Health and Environment (KDHE) has drafted a water quality certification per Section 401 of the Clean Water Act (CWA) requested by the United States Army Corps of Engineers (USACE) per Public Notice No. RGP-40 2023 (2007-01915. See link below). The applicant proposes issuance of a conditional Section 404 Dredge and Fill Permit for the Renewal of GP-40 to authorize common Kansas agricultural soil and water conservation practices designed/approved by NRCS that have minimal adverse impact on aquatic resources for Kansas farmers, under provisions for work qualifying for federal funding, and concurrently provide the U.S. Department of Agriculture (USDA) efficiencies in execution of their Federally authorized soil and water conservation programs.

The draft conditional 401 certification and additional information containing the link to the USACE Public Notice

will be posted on the KDHE website at <https://www.kdhe.ks.gov/1095/Section-401-Water-Quality-Certification> on or before January 12, 2023. Persons wishing to comment on the referenced draft document must submit their comments in writing by email to the Kansas Department of Health and Environment at KDHE.NPS@ks.gov by February 12, 2023, if they wish to have their comments considered in the formulation of final determinations for 401 regarding this public notice.

For more information, contact Scott Satterthwaite, Watershed Management Section, Bureau of Environmental Field Services, KDHE at Scott.Satterthwaite@ks.gov or KDHE.NPS@ks.gov.

Notice of Rescheduled Hearing

A public hearing previously scheduled for January 16, 2023, has been rescheduled to be conducted at 1:00 p.m. Wednesday February 22, 2023, in the Azure Conference Room, Curtis State Office Building, 4th floor, 1000 SW Jackson St., Topeka, Kansas, to discuss amendments to the 2023 Intended Use Plans (IUPs) for the Kansas Public Water Supply Loan Fund (KPWSLF) and the Kansas Water Pollution Control Revolving Fund (KWPCRF). The amendments to the IUPs will make additions to the Project Priority List of each program and establish a new policy for setting interest rates on loan increase amendments. Copies of the draft IUP amendments can be obtained at <https://www.kdhe.ks.gov/518/Loan-Fund-Administration-Documents>.

Comments can be presented at the hearing or in writing prior to the hearing. Written comments are recommended. Written comments should be addressed to William Carr, Bureau of Water, Kansas Department of Health and Environment, 1000 SW Jackson St, Suite 420, Topeka, KS 66612 or emailed to KDHE.KansasSRF@ks.gov. Anyone needing special accommodations should contact the Kansas Department of Health and Environment at least five business days in advance of the hearing at 785-296-5514, fax 785-559-4258 or TTY 711.

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contrac-

tor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast only at 3:00 p.m. (Central Time) on letting day. For the conference call information see <https://www.ksdot.org/bureaus/burconsmain/lettinginfo.asp>. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

Notice of Meeting

Notice is hereby given to all interested persons that an in-person public meeting will be held from 5:00 p.m. to 7:00 p.m. Thursday, February 2, 2023, at the National Center for Aviation Training (NCAT) (Building 300), WSU Tech, 4004 N. Webb Rd., Wichita, KS 67226, with a formal presentation at 6:00 p.m. The event will take place across from the Administration Center Plaza (Building 100), and free parking is available. Handicap access also is available.

Project information and exhibits prepared by the project partners, with the help of the design team led by WSP USA, will be available for public review and comment at the meeting, which will be an open house format. Project partners include the Kansas Department of Transportation (KDOT), the U.S. Department of Transportation Federal Highway Administration (FHWA) and the City of Wichita, Kansas.

Attendees can review the conceptual design of the K-96 Improvements Project, which extends from the K-96 and I-135 interchange (near Hydraulic Street) approximately 9.5 miles east/southeast to north of the K-96/U.S. 54/400 interchange in Wichita, Kansas. Persons may discuss the

project and offer comments at the public meeting. Written statements and exhibits as well as oral statements will be received at the meeting.

In conjunction with the public meeting, meeting materials will be available on the project website at <https://K96improvements.com> from February 2, 2023 to March 3, 2023. The project website will have the same project information and exhibits that were available at the in-person event. People can submit comments or questions on the website. Any written or emailed statements and exhibits received will be made part of the public meeting record.

The preliminary design phase of the K-96 improvements project is currently underway, and the design team is continuing its investigative work. The team is exploring potential design concepts along with environmental review to assess environmental, economic, and social impacts. Public input is requested at the public meeting on the findings from both the design and environmental review work. Project partners and design team members will share the proposed design concepts for the K-96 corridor, including expanding the highway from four to six lanes, and making improvements to seven interchanges: Hillside, Oliver, Woodlawn, Rock, Webb, Greenwich, and 21st. The project is part of the IKE development pipeline.

Copies of this information can be provided by written request to: KDOT Wichita Metro Engineer, Kansas Department of Transportation, 3200 E. 45th St. N, Wichita, KS 67220. Written statements and exhibits will be made a part of the public meeting transcript if received before March 4, 2023.

To request special accommodations, such as language interpretation and/or ASL services for the public meeting, please contact the K-96 Improvements Project design team by January 26, 2023 by emailing info@K96improvements.com or calling 316-290-9691.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (Central Time) February 3, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in categories:

- 211 Highway Design–Major Facility
- 222 Standard Span Bridge Design
- 231 Traffic Control Analysis and Design
- 325 Hydraulic and Hydrologic Studies
- 401 Landscape Seeding and Erosion Control

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Preliminary Design Service, Final Design Service, Environmental Documentation Preparation (Permitting), Letting and Construction Phase Service, and 3D Electronic Deliverables Preparation.

Current expectations for consultant scope are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

Project Management

- Develop and communicate Project Management Plan and Quality Assurance Plan.
- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide bi-annual construction cost estimates and at major project milestones.

Road Design

- Develop Preliminary Plans to Field Check.
- Develop Final Plans for Construction.
- Perform roadway geometric design, drainage design, interchange analysis, and roadside safety analysis.
- Visit the project site location.

Bridge Design

- Field Check
 - Replace existing box culverts with structures

that extend past the clear zone and perform necessary hydraulic analysis and documentation.

- Final Design
 - Provide final plans for construction for all bridge-sized and 10-20-foot structures.

Traffic Engineering

- Traffic Control Plans: This project will require traffic to be carried through construction.
- Develop permanent signing and pavement marking plans.

Activities to be performed by KDOT include:

- Engineering Survey
- Environmental Services
 - Asbestos and lead paint testing.
 - Permit application.
 - Technical data to support these activities will be required from the consultant immediately after field check.
- Permits will include NPDES – Storm Water Runoff Permit in which KDOT will require from consultant:
 - Total project site area in acres.
 - Total disturbed area in acres (from Seeding Plans).
 - Impervious area in square feet (existing and proposed).
 - Above information needs to be provided by consultant (90) days prior to letting.
- Utility coordination, if required.
- Geotechnical services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) February 3, 2023.
2. Ranking of proposals is expected to occur on or around February 7, 2023. Negotiations with the most highly ranked firm are expected to begin on or around February 14, 2023. An executed agreement is anticipated around February 28, 2023.
3. The program fiscal year for this project is FY2026 (July 2025–June 2026).
4. Important dates in Discovery Phase:
 - a. Notice to Proceed: June 5, 2023
 - b. PLNMR: August 25, 2023
 - c. FDCHK: February 9, 2024
 - d. PLROW: March 8, 2024
 - e. PLNTE: December 17, 2024
 - f. PLCOM: July 18, 2025
 - g. LETTING: November 19, 2025

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (2MB maximum size) of the proposal including all attachments must be emailed to

(continued)

KDOT.DesignContracts@ks.gov by the proposal due date and time.

4. The subject line of the email and the PDF file name must read:
 - a. "KA-6867_ClearZoneImprovement_FIRM NAME"
5. The proposal must be accompanied by Special Attachments No. 8 ("Tax Clearance Certificate") and No. 10 ("Policy Regarding Sexual Harassment"). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.
8. Depending on the number of responses received, KDOT may elect to shortlist (based on proposals) to no more than 3-5 firms and hold in-person interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems them necessary, interview evaluation criteria will be distributed to shortlisted consultant teams in advance.

Table 3: Proposal Content

| Section | Description of Intent | Page Limit |
|-------------------------------|---|------------|
| Cover Letter | | 1 Page |
| Project Approach | Demonstrate a unique approach to accomplish the design efficiently and to a high standard. Include cost-effective and optimized solutions to address the anticipated improvements in the design. Include unique qualifications or experience related to the project approach. | |
| Approach to Schedule | Describe the approach to accomplish the scope of services within the schedule requirements. Include anticipated key milestone dates and availability of staff. | |
| Approach to Quality Control | Describe methods or procedures your firm will use to provide all drawings, reports and other services with professional quality and technical accuracy. | |
| Qualifications and Experience | For key personnel to be assigned to the project provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with. | |
| Past Performance | Describe team's past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information. | |

| | |
|---|--|
| Familiarity with KDOT and Project Area | Describe team's familiarity with KDOT's design process and standards. Describe familiarity with the project area and any identified special site conditions. |
|---|--|

Table 4: Evaluation Factors

| Evaluation Factor | Weight |
|---|--------|
| Qualifications and experience of project manager and other key project team members proposed for services | 15% |
| Project approach | 15% |
| Approach and commitment to meet advertised schedule | 15% |

| Understanding of KDOT Technical Policies | 10% |

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 ("Tax Clearance Certificate")
- Special Attachment No. 10 ("Policy Regarding Sexual Harassment")

Special Contract Conditions

This project will be managed by KDOT Road Design.

Questions

All questions regarding this Request for Proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until January 25, 2023; answers will be provided to all prequalified consultants on January 30, 2023.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (Central Time) February 3, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in categories:

- 211 Highway Design–Major Facility
- 222 Standard Span Bridge Design

- 231 Traffic Control Analysis and Design
- 401 Landscape Seeding and Erosion Control

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

| Project Number | Background and Scope of Project |
|----------------|---|
| KA-6876-01 | Clear zone improvements including grading, blunt end rail structure extensions for Bridge 016 and Culverts 505 and 506, and reinforced concrete box extensions. |

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Preliminary Design Services, Final Design Services, Environmental Documentation Preparation (Permitting), and Letting and Construction Phase Services, and 3D Electronic Deliverables Preparation.

Current expectations for consultant scope are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

Project Management

- Develop and communicate Project Management Plan and Quality Assurance Plan.
- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide bi-annual construction cost estimates and at major project milestones.

Road Design

- The Consultant shall propose and design extensions to existing RCBs.
- Develop preliminary plans to field check.

- Develop final plans for construction.
- Perform roadway geometric design, drainage design, and roadside safety analysis.
- Run the roadside safety analysis program for the culverts greater than eight feet in height and present findings to KDOT.
- Visit the project site locations.

Bridge Design

- The consultant shall propose and design extensions to the existing bridge-sized box structures that are called for by the RSAP process in the Road Design Scope.
- Each existing and extended structure will be hydraulically evaluated using the HY-8 Culvert Hydraulics program and results documented in the current version of Hydraulic Assessment Checklist (HAC).
- Develop preliminary plans to field check for Bridge 017-0016 and Culverts 017-C505 and 017-C506.
- Develop final plans for construction.

Traffic Engineering

- Develop permanent signing and pavement marking plans.
- Traffic control plans: Traffic to be carried through staged construction.

Activities to be performed by KDOT include:

- Engineering survey (project is currently being surveyed; anticipated completion is late December 2022).
- Development of existing right of way.
- Environmental services, including lead and asbestos testing and permit application.
- Utility coordination, if required.
- Geotechnical services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.

*Note: Technical data to support these activities will be required from the consultant immediately after field check.

Permits will include NPDES – Storm Water Runoff Permit in which KDOT will require the following from consultant:

- Total project site area in acres.
- Total distributed area in acres (from Seeding Plans).
- Impervious area in square feet (existing and proposed).
- Above information needs to be provided by consultant (90) days prior to letting.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) February 3, 2023.
2. Ranking of proposals is expected to occur on or around February 7, 2023. Negotiations with the most highly ranked firm are expected to begin on or around February 14, 2023. An executed agreement is anticipated around February 25, 2023.
3. The program fiscal year for this project is FY2026 (July 2025–June 2026).
4. Important dates in Discovery Phase:
 - a. Notice to Proceed: April 20, 2023
 - b. PLNMR: July 12, 2023

(continued)

- c. FDCHK: December 27, 2023
- d. PLROW: January 25, 2024
- e. PLNTE: January 14, 2025
- f. PLCOM: August 15, 2025
- g. LETTING: December 17, 2025

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (2MB maximum size) of the proposal including all attachments must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “KA-6876-01_ClearZoneImprovement_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.
8. Depending on the number of responses received, KDOT may elect to shortlist (based on proposals) to no more than 3-5 firms and hold in-person interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems them necessary, interview evaluation criteria will be distributed to shortlisted consultant teams in advance.

Table 3: Proposal Content

| Section | Description of Intent | Page Limit |
|-----------------------------|---|------------|
| Cover Letter | | 1 Page |
| Project Approach | Demonstrate a unique approach to accomplish the design efficiently and to a high standard. Include cost-effective and optimized solutions to address the anticipated improvements in the design. Include unique qualifications or experience related to the project approach. | |
| Approach to Schedule | Describe the approach to accomplish the scope of services within the schedule requirements. Include anticipated key milestone dates and availability of staff. | |
| Approach to Quality Control | Describe methods or procedures your firm will use to provide all drawings, reports and other services with professional quality and technical accuracy. | |

| | | |
|---|---|--|
| Qualifications and Experience | For key personnel to be assigned to the project provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with. | |
| Past Performance | Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information. | |
| Familiarity with KDOT and Project Area | Describe team’s familiarity with KDOT’s design process and standards. Describe familiarity with the project area and any identified special site conditions. | |

Table 4: Evaluation Factors

| Evaluation Factor | Weight |
|---|--------|
| Qualifications and experience of project manager and other key project team members proposed for services | 15% |
| Project approach | 15% |
| Approach and commitment to meet advertised schedule | 15% |
| Past performance history for similar projects/services for KDOT | 25% |
| Approach to quality control | 10% |
| The quality and completeness of the response | 10% |
| Understanding of KDOT Technical Policies | 10% |

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Special Contract Conditions

This project will be managed by KDOT Road Design.

Questions

All questions regarding this Request for Proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until January 25, 2023; answers will be provided to all prequalified consultants on January 30, 2023.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (Central Time) February 3, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in categories:

- 211 Highway Design–Major Facility
- 222 Standard Span Bridge Design
- 231 Traffic Control Analysis and Design
- 325 Hydraulic and Hydrologic Studies
- 401 Landscape Seeding and Erosion Control

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Road Design

- Develop Preliminary Plans to Field Check.
- Develop Final Plans for Construction.
- Perform roadway geometric design, drainage design, interchange analysis, and roadside safety analysis.
- Visit the project site location.

Bridge Design

- Field Check
 - In consultation with KDOT, determine whether to extend or replace existing bridge-sized RCB structures and perform necessary hydraulic analysis and documentation.
 - Near the crossing of the Little Arkansas River, in the vicinity of Bridge 80-014, perform 2-D Hydraulic Analysis of entire floodplain to determine type, size and location of proposed replacement bridge structure and possible replacement or removal of other nearby structures.
- Final Design
 - Provide final plans for construction for all bridge-sized structures, to include structure removals, box extensions, box replacements, and span-bridge replacements.

Traffic Engineering

- Traffic Control Plans: This project will require traffic to be carried through construction.
- Develop permanent signing and pavement marking plans.

Activities to be performed by KDOT include:

- Engineering Survey
- Environmental Services
 - Asbestos and lead paint testing.
 - Permit application.
 - Technical data to support these activities will be required from the consultant immediately after field check.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking qualified consulting firms or teams of firms to perform professional services for the projects in summarized in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. Central Time February 8, 2023, to be considered for selection.

Consultant Prequalification

Consulting firms interested in providing service on

any project listed below must be prequalified by KDOT in Category 241–Construction Inspection and Testing.

If a firm is not currently prequalified by KDOT in a required category, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this Notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background and Scope of Projects

With this single solicitation, KDOT is requesting consulting services for construction inspections on the projects listed in Table 1. This table provides summary information for each project. One consultant will be selected to perform services associated with each group listed. Firms can express interest in the groups for which they would like to be considered by submitting responses for each as indicated below. There is no guarantee that a firm which has expressed interest will be selected for any project(s).

Additional project information including construction scope to be inspected, a detailed description of the project location, and resources and inspection scope specifically requested from consultants via this request can be viewed in an online table at <https://www.ksdotike.org/about/construction-inspection-rfps>. Upon publication of this Request for Proposals (RFP), KDOT anticipates each of these inspection efforts will require full teams (project manager and inspectors, as opposed to single role staff augmentation as is occasionally requested) for various types of construction inspection needs. Watch the website linked above for updated information. Tabulated information (both in this RFP and on the website) shall not be relied upon during inspections. It is provided for the convenience of consultants, specifically to aid in making decisions about which projects they are interested in performing.

Specific project needs are subject to modification and/or cancellation at KDOT's discretion.

Anticipated Consultant Scope

The scope of construction inspection services and certifications required will vary for each project and are listed in the table available on the website noted above. Inspection efforts will be managed out of the offices listed. Also included for the convenience of consultants are indications of which grouped projects are currently slated to be performed by the same contractors.

Anticipated Schedule and Key Dates

- Proposals are due by or before 12:00 p.m. (Central Time) February 8, 2023.
- Ranking of proposals is expected to occur on or around February 15, 2023. Negotiations with the most highly ranked firm are expected to begin on or around February 22, 2023. An executed agreement is anticipated shortly thereafter.
- Anticipated start dates and working days or anticipated calendar completion dates are shown in the table. All dates are subject to change.

Instructions for Proposal

- No cost or pricing information shall be submitted

with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.

- The consultant's proposal must not exceed the page limit laid out in Table 2 below (including any cover letter, index, etc.). All pages shall be standard letter size (8.5" x 11"). Any page larger than standard letter size will be counted as two or more pages, depending on size.
- A single PDF (5MB maximum size) of the proposal including all attachments must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
- The subject line of the email and the PDF file name must read:
 - "ConstInsp Multiple Projects_2023.01 Release_FIRM NAME"
- The proposal must be accompanied by Special Attachments No. 8 ("Tax Clearance Certificate") and No. 10 ("Policy Regarding Sexual Harassment"). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.org/taxclearance.html>. Allow 2-3 business days for processing.
- The outline in Table 2 below describes the expected proposal organization, content sections, and limits on number of pages.
 - Each team is limited to a single, one-page cover letter.
 - Consultants may indicate interest in any and all projects, indicate preference(s) for up to three projects, and shall do so on the "January 2023 Construction Inspections Interest and Preference Form" available at <https://www.ksdotike.org/about/construction-inspection-rfps>.
 - Thereafter, each team is limited to two pages per project in which they express interest. In these pages, consultants shall:
 - Describe the approach they plan to execute to deliver success on the project.
 - Present the relevant qualifications and experience of the people they are proposing will provide the services.

- iii. Provide the firm’s familiarity with KDOT and the project area.
- d. Finally, consultants are limited to a single, one-page description of general qualifications (“Past Performance” section plus “Approach to Quality Control” section) regardless of the number of projects in which they are expressing interest.
- 7. Table 3 lists the evaluation criteria and associated weights which will be used by KDOT when making selections.
- 8. Although not anticipated at this time, KDOT reserves the right to interview for the requested services associated with any of the listed projects prior to making final selections.

Table 2: Proposal Content

| Section | Description of Intent | Page Limit |
|--|--|---|
| Cover Letter | | 1 Page |
| Consultant Project Interest and Preference | Fill out “January 2023 Construction Inspections Interest & Preference Form” and submit with your proposal. | 1 Page |
| Project Approach | Describe how your firm will meet the fluctuating inspection needs of the project. | 2 Pages Per Project in Which Team is Interested |
| Qualifications and Experience | For key personnel to be assigned to the project provide names, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with. | |
| Familiarity with KDOT and Project Area | Describe team’s familiarity with KDOT’s inspection processes and standards. Describe familiarity with the project area and any identified special site conditions. | |
| Past Performance | Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information. | 1 Page Total |
| Approach to Quality Control | Describe methods or procedures your firm will use to provide all services with professional quality and technical accuracy. | |

Table 3: Evaluation Factors

| Evaluation Factor | Weight |
|---|--------|
| The quality and completeness of the response | 10% |
| Availability to respond to the work | 20% |
| Qualifications and experience of project manager and other key project team members proposed for services | 20% |
| Past performance history for similar projects/services for KDOT | 20% |
| Understanding of the project area | 10% |
| Understanding of KDOT contract administration and closeout procedures | 20% |

Contract Terms and Conditions

KDOT anticipates that each project will be contracted separately. A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Questions

All questions regarding this RFP shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until January 26, 2023; answers will be provided to all prequalified consultants and (others who reach out before then requesting such information) on February 1, 2023.

Kansas & Oklahoma Railroad

Request for Proposals

Interested parties are invited to submit a proposal to complete the below scope of repairs for the Kansas & Oklahoma (K&O) Railroad.

Scope of Work

The projects of entails the replacement of 0.5 miles of rail in curves located on the Hutchinson Subdivision of the K&O Railroad. The curves are located in the City of South Hutchinson, Kansas where there are back-to-back curves with tangent track that trains must traverse. Due to traffic levels and the use of 6-axle locomotives, the curves have extreme wear and the K&O Railroad experiences constant issues in the area.

Additional details concerning the scope of work needing to be done with each portion of the project will be addressed in the pre-proposal meeting.

Minimum Requirements

MSA and Roadway Worker Protection

- Contractors must complete, and have on file, a current Master Services Agreement with K&O Railroad prior to submitting a proposal.
- Contractors shall always comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety. Workers and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, contractor employees, agents, and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
- Any subcontracted work will need to be approved by the K&O Railroad prior to any work starting.

(continued)

- All contractors will be required to complete Watco Contractor Orientation at <https://watcocontractor.com>. Any contractor who was previously enrolled in e-SHORTLINE with Watco in the past, will be required to complete the Watco Contractor Orientation.

Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the railroad. Contractor will work with local K&O Railroad personnel for acquiring work windows. Anticipation is the contractor will get 4- to 6-hour windows. Work windows may be arranged seven days a week, if desired. Current railroad operations consist of two to four trains per day through the work area, but traffic could make the schedule volatile. This topic will be further discussed during the preproposal meeting; a concrete understanding between the contractor and the railroad can be obtained at this time.

Standards

All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by the K&O Railroad. All rails shall be replaced at standard gauge of 56-1/2".

Submittals

The following documents shall be submitted by the contractor as part of the project at the times listed:

- Schedule of Work – Submitted with proposal.
- Certificate of Insurance – Submitted prior to construction,
- Safety Plan – Submitted prior to construction.
- Proof of Roadway Worker Training – Submitted prior to construction.

Other Responsibilities

- Permits – Contractor is responsible for all federal, state, and local permits required for the work. Additional permit information will be covered at the pre-proposal meeting.
- Utilities – Contractor is responsible to locate and protect site utilities.
- Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state, and federal laws.

Insurance

Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on railroad right of way to the contractor. However, no materials shall be stored closer than 15 feet from the centerline of any active track at any time. Material and equip-

ment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. All removed materials will be disposed of accordingly by the contractor unless otherwise arranged with the K&O Railroad.

Non-Project Areas

The K&O Railroad has secured access to the project through the railroad right of way. Other access may be obtained by the contractor if they so choose. All areas (public, private and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

Pre-Proposal Meeting

The K&O Railroad (Watco) shall hold a pre-proposal meeting at the K&O Railroad Office at 9:00 a.m. (Central Time) Tuesday, February 7, 2023, to address any questions or clarify any portions of the project tasks. Please reach out to Cameron Ginther for the K&O Office address.

Project Completion

It is expected the contractor must start construction no later than 60 days after being awarded the bid (dependent upon material deliveries) and complete the project within an agreed upon timeline. Prior to the completion of the project, there will be a third-party final inspection. If there are any issues with the quality of work, the contractor will be responsible for fixing any issues found at cost to them.

Submission of a Proposal

All proposals must be submitted no later than 4:00 p.m. Friday, February 23, 2023. All submitted proposals shall be reviewed by the K&O Railroad. Please ensure your proposal includes all required information. All incomplete proposals shall be rejected. The structure of your proposal must be able to be clearly understood, all proposals shall provide the following line items and provide costs as required below:

- Provide a total sum of all line items on the proposal.
- Mobilization and Demobilization – Lump sum.
- Material (Supply) and Labor (Install) for each line item; include all applicable taxes.
- RRPL Insurance – Lump sum.

For further information or questions regarding the Request for Proposals or submittal of a proposal, please contact:

- Herb Lamkin, K&O Roadmaster, phone 316-215-4080, email hlamkin@watco.com
- Cody McGee, Division Engineer, phone 217-855-4107, email cody.mcgee@watco.com
- Cameron Ginther, Project Manager, phone 785-513-6049, email cameron.ginther@watco.com

Work Reporting

Daily work reports must be filled out and submitted to Herb Lamkin – K&O Roadmaster, Cody McGee – Division Engineer, and Cameron Ginther – Project Manager. Those reports should include updates to project sched-

ules, any delays and/or changes in the scope of work. A detailed summary report must be submitted upon the completion of the project.

South Kansas & Oklahoma Railroad

Request for Proposals

Interested parties are invited to submit a proposal to complete the below scope of repairs for the South Kansas & Oklahoma (SKOL) Railroad.

Scope of Work

This project consists of the replacement/upgrading of 1.4 miles of rail, replacement of ties, and undercutting on track in Coffeyville, Kansas. This track is used to inter-

change all outbound traffic with the Union Pacific (UP) Railroad. The project will remove 1.4 miles of heavily worn 90# rail and replace it with new 115# rail, anchors, plates, and spikes. Undercutting will be performed to remove all mud/fouled ballast within the track area. The undercutting will allow the new/existing good ties to hold surface going forward.

Additional details concerning the scope of work needing to be done with each portion of the project, will be addressed in the pre-proposal meeting.

Minimum Requirements

MSA and Roadway Worker Protection

- Contractors must complete, and have on file, a current Master Services Agreement with SKOL Railroad prior to submitting a proposal.
- Contractors shall always comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety. Workers and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, contractor employees, agents and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
- Any subcontracted work will need to be approved by the SKOL Railroad prior to any work starting.
- All contractors will be required to complete Watco Contractor Orientation at <https://watcocontractor.com>. Any contractor who was previously enrolled in e-SHORTLINE with Watco in the past, will be required to complete the Watco Contractor Orientation.

Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the railroad. Contractor can anticipate a maximum work window of eight hours between the hours of 11:00 and 19:00. Work windows may be arranged seven days a week, if desired. Current railroad operations consist of SKOL switch trains and interchanges with the UP Railroad. These trains operate in the early-mid morning and come back on duty at 19:00 hours; the SKOL will not be operating trains over the weekend in this area. This topic will be further discussed during the pre-proposal meeting, as operations may change.

Standards

All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by the SKOL Railroad. All rails shall be replaced at standard gauge of 56-1/2".

Submittals

The following documents shall be submitted by the contractor as part of the project at the times listed:

- Schedule of Work – Submitted with proposal
- Certificate of Insurance – Submitted prior to construction
- Safety Plan – Submitted prior to construction

- Proof of Roadway Worker Training – Submitted prior to construction

Other Responsibilities

- Permits – Contractor is responsible for all federal, state, and local permits required for the work. Additional permit information will be covered at the pre-proposal meeting.
- Utilities – Contractor is responsible to locate and protect site utilities.
- Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state, and federal laws.

Insurance

Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on railroad right of way to the contractor. However, no materials shall be stored closer than 15 feet from the centerline of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. South Kansas & Oklahoma Railroad

Request for Proposals

Interested parties are invited to submit a proposal to complete the below scope of repairs for the South Kansas & Oklahoma (SKOL) Railroad.

Scope of Work

This project consists of the replacement of four switches and switch tie packages in the SKOL’s Winfield, Kansas Yard that are critical for our interchanges with the Burlington Northern-Santa Fee (BNSF) and the Union Pacific (UP) Railroads. The current switches consist of heavily worn 90# and 136# turnouts.

Minimum Requirements

MSA and Roadway Worker Protection

- Contractors must complete, and have on file, a current Master Services Agreement with SKOL Railroad prior to submitting a proposal.
- Contractors shall always comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety. Workers and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, contractor employees, agents and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.

(continued)

- Any subcontracted work will need to be approved by the SKOL Railroad prior to any work starting.
- All contractors will be required to complete Watco Contractor Orientation at <https://watcocontractor.com>. Any contractor who was previously enrolled in e-SHORTLINE with Watco in the past, will be required to complete the Watco Contractor Orientation.

Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the railroad. Contractor can anticipate a minimum work window of eight hours, between the hours of 07:00 and 17:00. For work windows extending more than eight hours, a minimum of 72 hours notification is required to the railroad to arrange this window. Work windows may be arranged seven days a week, if desired. Current railroad operations consist of three trains per day through the work area. These trains operate in the early morning and evening hours; however, this schedule is subject to change at any time. Weekend outages will be most ideal for two out of the four turnouts. This topic will be further discussed during the pre-proposal meeting.

Standards

All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by the SKOL Railroad. All rails shall be replaced at standard gauge of 56-1/2".

Submittals

The following documents shall be submitted by the contractor as part of the project—at the times listed:

- Schedule of Work – Submitted with proposal
- Certificate of Insurance – Submitted prior to construction
- Safety Plan – Submitted prior to construction
- Proof of Roadway Worker Training – Submitted prior to construction

Other Responsibilities

- Permits – Contractor is responsible for all federal, state, and local permits required for the work. Additional permit information will be covered at the pre-proposal meeting.
- Utilities – Contractor is responsible to locate and protect site utilities.
- Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state, and federal laws.

Insurance

Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on

railroad right of way to the contractor. However, no materials shall be stored closer than 15 feet from the centerline of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. All removed materials will be disposed of accordingly by the contractor unless otherwise arranged with the SKOL Railroad.

All areas (public, private and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

Pre-Proposal Meeting

The SKOL Railroad (Watco) shall hold a pre-proposal meeting in Winfield, Kansas at 9:00 a.m. (Central Time) Tuesday, February 14, 2023, to address any questions or clarify any portions of the project tasks. For specific meeting details, please reach out to Cameron Ginther.

Project Completion

It is expected the contractor must start construction no later than 60 days after being awarded the bid (dependent upon material deliveries) and complete the project within an agreed upon timeline. Prior to the completion of the project, there will be a third-party final inspection. If there are any issues with the quality of work, the contractor will be responsible for fixing any issues found at cost to them.

Submission of a Proposal

All proposals must be submitted no later than at 4:00 p.m. Thursday, March 2, 2023. All submitted proposals shall be reviewed by the SKOL Railroad. Please ensure your proposal includes all required information. All incomplete proposals shall be rejected. The structure of your proposal must be able to be clearly understood, all proposals shall provide the following line items and provide costs as required below:

- Provide a total sum of all line items on the proposal.
- Mobilization and Demobilization – Lump sum.

Doc. No. 050814

State of Kansas

Office of the Governor

Executive Order No. 23-01 Establishing the Early Childhood Transition Task Force

WHEREAS, the earliest years of a child’s life are most critical in preparation for lifelong academic, health, and social success because of the rapid proliferation of neural connectivity throughout those early months and years;

WHEREAS, constant exposure to safe and supportive environments strengthen the development of those neural connections—determining the child’s sensory, language, and cognitive functions upon which all subsequent brain development is built;

WHEREAS, investments in early childhood care and education pay dividends for the state by lowering costs down the line and creating our greatest return on investment through improving future educational, health, and economic outcomes;

WHEREAS, Kansas is committed to ensuring that all children have access to the critical services and programs needed for healthy development and that all families in need of services are supported;

WHEREAS, to improve access and increase the quantity of high-quality early childhood services, Kansas must center the needs of children and families while moving at the speed of business through its efforts to deliver these services;

WHEREAS, Kansas currently utilizes an inadequately-coordinated system of governance to deliver early childhood services—resulting in inefficiencies, redundancies, and structural barriers for families, communities, and businesses that obstruct access to state-level support;

WHEREAS, to improve access to high-quality services and streamline regulatory, procedural, and fiscal management of programs, the Kelly Administration is committed to ensuring all Kansas children—especially those between zero and five years of age—have healthy childhoods that are supported by a robust early childhood system which improves outcomes and effectively provides high-quality early care and education, adapts to the needs of families and communities, and is equitably accessible to all communities across the state.

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby es-

tablish the Early Childhood Transition Task Force (“Task Force”) and order the following:

1. The Governor shall appoint the following to serve as members of the Task Force:
 - a. The Secretary for Children and Families, or a designee
 - b. The Secretary of Health and Environment, or a designee
 - c. The Executive Director of the Kansas Children’s Cabinet and Trust Fund, or a designee
 - d. The Secretary of Commerce, or a designee
 - e. The Commissioner of Education, or a designee
 - f. Two representatives of business or state or local chambers of commerce
 - g. Two representatives of partner or philanthropic organizations
 - h. Two representatives of early childhood service providers or industry organizations
 - i. Two representatives of advocacy organizations
2. The Governor may invite two members of the Kansas State Senate and two members of the Kansas House of Representatives to participate as full voting members of the Task Force.
3. The Governor shall select a chair and vice-chair, or co-chairs, from the Task Force’s membership, and the chair or co-chairs may establish rules for the Task Force’s meetings and conduct of business.
 - a. Upon the absence or vacancy of the chair, the vice-chair shall serve as chair in an acting capacity.
4. The Governor may appoint an honorary chair to serve in a ceremonial capacity.
 - a. The honorary chair shall not serve as a voting member of the Task Force but may engage with the work of the Task Force in an advisory role or in a manner deemed appropriate by the chair or co-chairs.
5. All members shall serve at the pleasure of the Governor.
6. Members shall receive no compensation or reimbursement for expenses and shall serve voluntarily. Officers or employees of state agencies who are appointed to the Task Force as part of their duties shall be authorized to participate on the Task Force and may claim subsistence, allowance, mileage, or associated expenses from their respective agency budgets as permitted by law.
7. The Task Force shall be subject to the Kansas Open Records Act and the Kansas Open Meetings Act.
8. Plans, reports, or recommendations of any nature adopted by the Task Force shall be considered advice to the Governor, and shall not be construed as official policies, positions, or interpretations of laws, rules, or regulations by any department or agency of state government, nor shall any such department or agency be bound in any manner to consider such advice when conducting their advisory and regulatory affairs.
9. The Task Force shall be guided by the following vision statement:
 - a. All Kansas children—especially those between zero and five years of age—deserve healthy childhoods that are supported by a robust ear-

(continued)

- ly childhood system which improves outcomes and effectively provides high-quality early care and education, adapts to the needs of families and communities, and is equitably accessible to all communities across the state.
10. The Task Force shall work towards the mission of creating a framework for a model single-agency governance structure for early childhood programming that consolidates initiatives and funding under the leadership of a new-cabinet level position.
 11. The Task Force's work shall be guided by a commitment to the following principles:
 - a. Children, family, and community well-being shall be centered throughout the Task Force's work;
 - b. Efforts shall be focused on maximizing efficiencies to reduce administrative burdens on families and improve access to early childhood services through the creation of a new executive agency;
 - c. The consolidation of early childhood services shall be informed by what families and communities say they want and need;
 - d. Access to programs and services shall be equitable and available to all children and families—regardless of socio-economic status or geographic location;
 - e. Intentional focus shall be placed on developing strategies to reach families and young children in care deserts or furthest from opportunity and existing resources;
 - f. Access to health, nutrition, mental health, home visiting, early intervention, supports for families, early learning, and other services in the critical prenatal to five age period will critically impact academic success, economic opportunities, and the prosperity of Kansas;
 - g. Efforts shall be made using data-informed approaches and explore better ways to develop shared data systems;
 - h. Work shall focus on strengthening and expanding the mixed childcare delivery system already in use in Kansas;
 - i. Alignment across sectors and state agencies will increase capacity, maximize funding, and create a more streamlined delivery of services;
 - j. The importance of growing a diverse and well-supported early childhood workforce shall remain at the forefront and be informed by the Task Force's work;
 - k. While focusing on advancing our delivery system, work shall highlight the importance of defining quality care and expanding capacity and access to create a greater quantity of quality services;
 - l. To incentivize innovation and respond to family need, communities must be empowered to develop local, community-based solutions that take a whole-child and whole-family approach in responding to need;
 - m. To ensure holistic childhood well-being and improve health outcomes, there must be alignment between state efforts to improve early learning and care and existing prenatal and maternal health initiatives; and
 - n. Strengthening early childhood developmental health is vital to ensuring that children are prepared to achieve academic success and are setup for lifelong learning.
 12. The Task Force shall be tasked with:
 - a. Conducting an analysis of the current early childhood delivery system in Kansas and how it is financed—with specific focus on gaps, inefficiencies, and redundancies. This work should focus on how creating a single-agency governance structure for early childhood services could overcome these challenges and improve how care is delivered, accessed, and funded. This analysis must specifically include:
 - i. A review of current early childhood programs and policies dispersed between the Kansas Department for Children and Families, the Kansas Department of Health and Environment, the Kansas Children's Cabinet and Trust Fund, and the Kansas Department of Education. The review should pay special attention to where current statutory authority over certain operations exists and where possible areas of redundancy occur;
 - ii. A review of how current funding systems blend and braid various funding opportunities, with special attention to how funding streams are currently utilized for early childhood programs that are housed across departments. This fiscal review should map the routes all private, public, federal, and state funding streams take from funding authority to program application;
 - iii. A review of how Kansas might integrate existing programming into a consolidated delivery system and what need might exist for new programming that the state currently lacks;
 - iv. Recommendations on how cross-agency collaboration and partnerships can be fostered to develop a whole-of-government approach to strengthening the delivery of early childhood services—in a single-agency model;
 1. Specifically, ensuring that data infrastructure is integrated across agencies, account for both qualitative and quantitative methods, and can be widely utilized by multiple state agencies.
 - v. Recommendations on how an executive agency might maximize efficiencies for early childhood providers and their workforce. This work should determine how licensing, workforce development and support, and facility review can be improved to eliminate barriers to entry for providers and professionals. This should also include a review of current regulatory structures that complicate the process of entering the early childhood sector; and
 - vi. Recommendations on how executive agencies can strengthen the existing healthcare workforce to better support the development of young children and wellbeing of mothers through improved access to comprehensive

care. This should also include a review of how to secure improved health outcomes for children, financial sustainability of delivery models, and cultivating workforce pipelines.

- vii. An analysis of key lessons learned from states already advancing consolidated systems of early childhood governance to inform Kansas's own process.
 - b. Conducting a series of stakeholder engagement opportunities to elicit feedback on the current early childhood governance structure and better understand the needs of parents, families, providers, and businesses.
 - i. Following the engagement of stakeholders, the Task Force should conduct a review that synthesizes feedback received from families, providers, community leaders, and the business sector. This review should include recommendations on how the state delivery system and governance model can be improved to respond to family and community need. It should also include recommendations for how the state can better engage with parents, families, and communities on a regular basis to ensure family-voice is centered in the work of state agencies.
 - c. Drafting a transition plan to ensure the continuous operation of state services upon the creation of a new state agency for early childhood.
 - i. This plan should include detailed recommendations for what programs and services should remain in their current place or transition into a new agency. Each recommendation should consider the challenges and benefits of moving programs from one agency to another.
 - ii. This plan should focus on movement between agencies and how collaboration can be strengthened with non-executive agencies. It should also include recommendations for any necessary interagency agreements.
 - iii. This plan should include a review of what additional funding and resources might be needed to transition to a single-agency governance model effectively and efficiently.
 - iv. This plan should also provide recommended goals and metrics for the agency to strive towards once operational.
 - d. Drafting proposed legislation that creates a new cabinet-level, single state agency that oversees Kansas's early childhood education and care programs.
13. The Task Force shall develop and submit an interim report to the Governor by July 1, 2023, and a final report to the Governor by January 1, 2024.

This document shall be filed with the Secretary of State as Executive Order No. 23-01. It shall become effective immediately and remain in force until rescinded.

Dated January 10, 2023.

Board of Education

Notice of Hearing on Proposed Administrative Regulations

The Kansas State Board of Education will conduct a public hearing at 1:30 p.m., or as soon thereafter as possible, Tuesday, May 9, 2023, in the Board Room of the Landon State Office Building, 900 SW Jackson Ave., Suite 102, Topeka, Kansas, to consider the adoption of proposed rules and regulations of the Kansas State Board of Education on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of the Kansas State Board of Education at the below address or by email to bhughes@ksde.org. The address for the Kansas State Board of Education is Landon State Office Building, 900 SW Jackson Ave., Suite 102, Topeka, KS 66612. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. The hearing shall be conducted in compliance with the public hearing procedures of the Kansas State Board of Education.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Wendy Fritz at 785-296-5363 (or TDD 785-296-8172) or by email to wfritz@ksde.org. The north entrance to the Landon State Office Building is accessible. Handicapped parking is located at the south end of the Landon State Office Building, across the street from the north entrance to the building, and on Ninth

Street, just around the corner from the north entrance to the building.

A copy of the proposed regulations and economic impact statement may be obtained by contacting the Office of General Counsel at the address above prior to the date of the hearing or by email to ogc@ksde.org.

A summary of the proposed regulations and economic impact follows:

K.A.R. 91-42-1

K.A.R. 91-42-1 provides the meanings of terms specified in the Kansas State Board of Education regulations related to emergency safety interventions.

K.A.R. 91-42-2

K.A.R. 91-42-2 provides clarity of the standards for the use of emergency safety intervention.

The Kansas State Board of Education does not anticipate any significant financial or economic impact to this agency, other state agencies, or to the public as a result of these regulations.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1:00 p.m., Monday, March 27, 2023, in the second-floor auditorium at Memorial Hall, 120 SW 10th Ave., Topeka, Kansas, regarding the adoption of three new election regulations: 7-21-5, 7-29-3, and 7-45-2.

K.A.R. 7-21-5, Electronic poll book signatures, is authorized by and implements K.S.A. 2022 Supp. 25-2912 which requires a handwritten signature on an electronic poll book. This regulation defines what denotes an acceptable signature, the acceptable methods to comply with the new law, and the requirements for disabled access.

K.A.R. 7-29-3, Ballot secrecy, is authorized by and implements K.S.A. 2022 Supp. 25-2912 which requires en-

suring that it is not possible to “associate a voter with the record of the voter’s vote,” i.e. preserving ballot secrecy. The proposed regulation clarifies what records cannot be released to the public because the record can be used to determine how a particular voter voted.

K.A.R. 7-45-2, Oversight of authorized poll agents, is authorized by and implements K.S.A. 25-3005, and merely clarifies what is already the practice at polling places, that authorized poll agents are not to speak with voters in the polling place, except in limited circumstances. A poll agent’s role is to observe.

Adopting these regulations imposes no economic burdens on county election staff and imposes no environmental impact.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. Comments may be submitted prior to the hearing to Clay Barker, General Counsel, Office of the Secretary of State, Memorial Hall, 120 SW 10th Ave., Topeka, KS 66612-1594, or to clay.barker2@ks.gov. All interested parties will be given a reasonable opportunity at the hearing to present their views. Additionally, interested parties wanting to participate remotely may contact Clay Barker at clay.barker2@ks.gov to obtain remote access information. It may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five days in advance of the hearing by contacting Clay Barker at 785-296-3483 or the Kansas Relay Center at 1-800-766-3777.

Copies of the full text of the regulations and economic impact statements may be obtained at the address above for the Office of the Secretary of State, or by contacting Lara Murphy, Director of Administrative Regulations and Publications, at 785-296-0082 or lara.murphy@ks.gov. The proposed regulations are also available on the Secretary of State’s website at <https://www.sos.ks.gov>.
