Department of Transportation

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast only at 3:00 p.m. (Central Time) on letting day. For the conference call information see <https://www.ksdot.org/bureaus/burconsmain/lettinginfo.asp>. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Tuesday, October 17, 2023, in the offices of the Kansas Development Finance Authority (KDFA), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 001118 Maximum Principal Amount:
\$312,500. Owner/Operator: Colton L. Ashmore; De-

scription: Acquisition of 312.69 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Colton L. Ashmore (the "Beginning Farmer") and is located at the West Half of Section 20, Township 6 South, Range 24 West of the 6th P.M., Graham County, Kansas, approximately 2 miles southwest of Lenora, Kansas on S. Lenora Road and 4 miles south on 170th Ave., southeast of the intersection of BB Road and 170th Ave.

The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

Interested individuals may participate in the public hearing in person or via conference call. Please call 844-621-3956 and use conference identification number 145 880 8929 followed by # to join the conference.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the K DFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, KS 66603, will be considered. Additional information regarding the project may be obtained by contacting the K DFA.

This regulation shall govern the processing of each application for an advance voting ballot received by a county election officer if the applicant is registered to vote in that election officer's county and wants to receive the ballot by mail.

(a) If the application does not contain sufficient information or if the information is illegible, the county election officer shall contact the applicant by any reasonable means to obtain the information no later than the Tuesday before the primary or general election.

(b) If the application is not signed or the signature on the application is not consistent with the applicant's signature on the official voter registration list, the election officer shall comply with the procedures specified in K.A.R. 7-36-9.

(c) If the application

(1) does not contain the number of the applicant's current and valid Kansas driver's license number or non-driver's identification card number,

(2) does not contain a photocopy of any other identification specified in K.S.A. 25-2908, and amendments thereto, or

(3) if the Kansas driver's license number or non-driver's identification card number or photocopy is illegible, the county election officer shall attempt to contact the applicant no later than the Tuesday before the primary or general election to obtain the missing or illegible information. The county election officer shall provide the applicant with the information required by K.S.A. 25-1122(e)(2), and amendments thereto.

(d) If the county election officer obtains the necessary identification number or photocopy and the identifica-

tion number or photocopy is consistent with the voter registration list on or before the Tuesday before the primary or general election, the county election officer shall issue a regular advance voting ballot.

(e) If an applicant submits a photocopy of the qualifying photographic identification document and the document contains information that is illegible or inconsistent with the information on the voter registration list, the county election officer shall attempt to contact the applicant by any reasonable means to confirm that the applicant intended to apply for an advance voting ballot and shall attempt to obtain a satisfactory photocopy of the qualifying photographic identification document.

(f) If on the Tuesday before the primary or general election the information, signature, or photocopy provided remains incomplete or inconsistent with the voter registration list, the county election officer shall issue a provisional advance voting ballot.

(g) The county election officer shall present each provisional advance voting ballot to the county board of canvassers for a determination of validity. If the voter provided additional information, an updated signature, or an additional photocopy upon request by the county election officer and if the information, signature, or photocopy is consistent with the voter registration list, the ballot shall be counted unless the county board of canvassers determines the ballot is invalid for another reason. If the voter did not provide additional information, an updated signature, or an additional photocopy upon request by the county election officer or if the information, signature, or photocopy is inconsistent with the information on the voter registration list, the ballot shall not be counted. (Authorized by K.S.A. 25-1122 and K.S.A. 25-1131; implementing K.S.A. 25-1122, K.S.A. 25-1123, and K.S.A. 2022 Supp. 25-1124; effective Feb. 24, 2012; amended, T-7-5-26-22, May 26, 2022; amended Sept. 23, 2022; amended Oct. 13, 2023.)

Article 47.—ELECTION AUDITS

(a) As used in K.S.A. 25-3009 and amendments thereto, the term “unofficial election night returns” shall include ballots cast and counted on election day, ballots cast in advance and counted on election day, and ballots cast by means of the uniformed and overseas citizens absentee voting act (UOCAVA) procedures and counted on election day. This term shall not include any ballots cast that are challenged or marked as provisional or any ballots that are cast in advance and received after election day.

(b) Each county election officer shall complete the training provided by the secretary of state. As specified in K.S.A. 25-3009 and amendments thereto, each county election officer shall provide training to the election board conducting the postelection audit. The training shall include the identification of voter intent specific to the vote-casting technologies in use across Kansas.

(c)(1) An auditable race and precinct shall be a race and precinct meeting the requirements in K.S.A. 25-3009, and

amendments thereto, for an audit to be conducted. The random selection of races and precincts shall take place in a public setting, and the procedure to randomize the selection of races and precincts shall be determined solely by each county election officer and the secretary of state. Upon completion of the audit, each election board shall transmit to the secretary of state and the county election office the results of the audit no later than 48 hours before the meeting of the county board of canvassers.

(2) In even-year elections, within 24 hours of the closing of the final polling location in Kansas, the list of randomly selected races to be audited shall be transmitted by the secretary of state to each county election officer. Each county election officer shall examine each race in the order specified until an auditable race is determined. Each county election officer shall then randomly select one percent of the total county precincts from the subset of auditable precincts. If no contested race exists, the election board shall audit the first race listed.

(3) In odd-year elections, each county election officer shall randomly select the races and then each precinct to be audited.

(d) Ballot images may be used for the manual audit if imaging technology exists during the tabulation process on election night.
