**Cities and Municipalities—Buildings, Structures and Grounds; Development and Redevelopment of Areas in and Around Cities—Purpose of Act; Procedure for Establishing Redevelopment District; Procedure for Establishing a Redevelopment Project; Project Plan; Post-hearing Changes; Twenty-Year Time Limitation, February 3, 2011.**

Synopsis: A city may through home rule terminate an existing project plan when the city deems that projects designated in an existing project plan are no longer desired or feasible, the project area should be transferred to another redevelopment district, new redevelopment projects for the transferred area should be pursued and new revenue resources are to be pledged to pay the costs of the redevelopment projects. The city would then need to follow the procedure set forth in subsections (a) through (e) of K.S.A. 2010 Supp. 12-1772 to adopt a new project plan for the transferred project area. State of Kansas

**Office of the Governor****Executive Order 11-01**

WHEREAS, the economic well-being of the great State of Kansas and the growth of liberty and economic opportunities for the citizens of Kansas and for Kansas businesses are major priorities of this Administration; and

WHEREAS, the citizens of Kansas and all persons doing business in the State of Kansas have a mutual interest in a system of government, laws, regulations, and other governing instruments that are reasonable, comprehensible, consistent, predictable, and minimally burdensome; and

WHEREAS, in furtherance of this Administration's constitutional duty to supervise and direct the executive departments and agencies of state government for the purpose of carrying out the laws, regulations, and other governing instruments of the State of Kansas, I have established a new common sense approach to the task of governing; and

WHEREAS, unreasonable, unduly burdensome, duplicative, onerous, and conflicting laws, regulations, and other governing instruments are detrimental to the economic well-being of Kansas; hinder the growth of liberty and opportunities for Kansans and Kansas businesses; and defy a common sense approach to governance; and

WHEREAS, there currently exists in Kansas certain laws, regulations, and other governing instruments that meet these criteria and should therefore be immediately repealed;

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby create

within the Kansas Department of Administration a new office to be called the Office of the Repealer. The Office of the Repealer shall be directed by an executive officer to be named the State Repealer. The State Repealer shall be appointed by the Governor and shall serve at the pleasure of the Governor. The Secretary of Administration shall commit and make available to the Office of the Repealer such resources and personnel as may be required to carry out this Order at the discretion of the State Repealer.

The Office of the Repealer shall undertake as its sole task and charge the following duties:

1. The Office of the Repealer shall investigate the system of governance of the State of Kansas including its laws, regulations, and other governing instruments to determine instances in which those laws, regulations, or other governing instruments are unreasonable, unduly burdensome, duplicative, onerous, or in conflict.

2. The Office of the Repealer shall cause to be created at the earliest possible date a system for receiving public comment suggesting various laws, regulations, and other governing instruments to be considered for possible repeal by the Office of the Repealer. This system shall include an online portal for the receipt of such public comment.

3. When the Office of the Repealer shall determine that any such law, regulation, or other governing instrument meets the standard set forth in paragraph 1 above, the State Repealer shall cause a recommendation for either outright repeal or for modification to be delivered to the originating body of such law, regulation, or other governing instrument; for example, to the Legislature for laws and to the promulgating state agency for regulations. The recommendation shall set forth with specificity the justification for the requested repeal or modification. Any recommendation made by the State Repealer shall carry the full weight and force of this Administration.

4. The Office of the Repealer shall implement a tracking system to follow the action taken by any originating body on any recommendation made by the State Repealer in order to prepare regular reports to the Office of the Governor regarding the progress of repeal or modification.

The Office of the Repealer shall have the authority to determine and implement such internal policies, standards, and procedures as may be necessary for the orderly and efficient carrying out of its mission as set forth in this Order.

This document shall be filed with the Secretary of State as Executive Order No. 11-01 and shall become effective immediately.

Dated January 21, 2011.

Sam Brownback  
Governor

**State of Kansas**  
**Department of Health and Environment**  
**Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Kansas City Power and Light Company (KCP&L) has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to initiate an emission reduction project at its generating station in La Cygne. Emissions of oxides of nitrogen (NO<sub>x</sub>), sulfur dioxide (SO<sub>2</sub>), particulate matter equal to or less than ten (10) microns in diameter (PM<sub>10</sub>) and carbon monoxide (CO) were evaluated during the permit review process.

Kansas City Power and Light, Kansas City, Missouri, proposes to initiate a SO<sub>2</sub> and PM reduction project on Unit 1, and a NO<sub>x</sub>, SO<sub>2</sub> and PM reduction project on Unit 2, at its La Cygne generating station located at 25166 E. 2200 Road, La Cygne, Kansas.

A public comment period has been established until 5 p.m. March 14 to allow citizens the opportunity to express any concerns they may have about this proposed permitting action. All comments should be submitted in writing to Jessica Webb, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366.

Any member of the public may request a public hearing be conducted to receive comments on the proposed issuance of the draft air quality construction permit. The request for a hearing shall be in writing and shall set forth the basis for the request. Written requests to hold a public hearing should be sent to the attention of Sharon Burrell at the address listed above or faxed to (785) 291-3953 and must be received by noon March 14.

Copies of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process are available for public review for a period of 30 days from the date of publication, during normal business hours (8 a.m. to 5 p.m.) at the KDHE, Bureau of Air. Also, a copy of only the proposed permit can be reviewed at the KDHE Southeast District Office, 1500 W. 7th, Chanute. To obtain or review the proposed permit and supporting documentation, contact Jessica Webb, (785) 296-1578, at the KDHE central office, and to review the proposed permit only, contact Doug Cole, (620) 431-2390, in the KDHE Southeast District Office. The standard departmental cost will be assessed for any copies requested.

## State of Kansas

**Department of Health  
and Environment**

**Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a revision to a previously issued air quality construction permit. Frontier El Dorado Refining Company (FEDRC) applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to construct a crude expansion project at its refinery located in El Dorado. Emission of particulate matter (PM), PM equal to or less than 10 microns in diameter (PM<sub>10</sub>), volatile organic compounds (VOCs), oxides of nitrogen (NO<sub>x</sub>), sulfur oxides (SO<sub>x</sub>) and carbon monoxide (CO) were evaluated during the permit review process. KDHE issued the construction permit for the crude expansion project September 15, 2006.

The revised permit is to be issued in accordance with the provisions of K.A.R. 28-19-350, prevention of significant deterioration (PSD), which adopt the federal standards, procedures and requirements of 40 CFR 52.21 by

reference. These air quality regulations apply to major stationary emission sources located in areas designated as "attainment" under the federal Clean Air Act (CAA). Attainment areas are areas where the air quality meets or exceeds the national ambient air quality standards (NAAQS).

The revisions proposed by FEDRC include a re-evaluation of the best available control technology (BACT) SO<sub>x</sub> emission limit set for Sulfur Recovery Unit 2 (SRU-2). There will be no increase in mass hourly emission rate of SO<sub>x</sub> as a result of the proposed revisions to the construction permit.

The PSD regulations require evaluation of emission reduction techniques to identify the BACT for each pollutant for which the emission rate exceeds the PSD significant level. The purpose of BACT is to require the maximum degree of reduction achievable, taking into account energy, environmental and economic impacts for each pollutant under review. Evaluation of the estimated emissions for the proposed crude expansion project indicates that the emission rate of oxides of nitrogen, sulfur dioxide, carbon monoxide, particulate matter and volatile organic compounds all exceed the significance levels. FEDRC conducted the required BACT analyses. The department has reviewed FEDRC's BACT analyses and concurs with its findings that compliance with 40 CFR Part 60, Subpart Ja and an emission limit of 28.5 pounds of SO<sub>x</sub> per hour is the BACT for the revision to the crude expansion project.

A public comment period has been established until March 14 to allow citizens the opportunity to express any concerns they may have about this proposed permitting action. All comments should be submitted in writing to James D. Stewart, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, or may be presented at the public hearing.

Any member of the public may request a public hearing be conducted to receive comments on the proposed issuance of the draft air quality construction permit. Written requests to hold a public hearing should be sent to the attention of Sharon Burrell at the address listed above or by fax to (785) 291-3953 and must be received by 5 p.m. March 14.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review for a period of 30 days from the date of publication during normal business hours (8 a.m. to 5 p.m.) at the KDHE, Bureau of Air. Also, a copy of only the proposed permit can be reviewed at the KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed permit and supporting documentation, contact James D. Stewart, (785) 296-1556, at the KDHE central office, and to review the proposed permit only, contact the air quality district representative at (316) 337-6042 in the KDHE South Central District Office. **Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications**

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 15, 28-18a-1 through 32, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Discharge of wastewater from this treatment facility to surface waters of the state of Kansas is prohibited by this permit. Included in this permit is a schedule of compliance requiring the permittee to obtain the services of a KDHE-certified wastewater treatment plant operator to achieve compliance with this permit.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before March 12 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-Q-11-002/012, KS-NQ-011-001) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms or teams, prequalified in Category 336 — Right of Way Services, for on-call services with project scopes as listed below. A pdf (1Mb maximum size) of the interest response must be e-mailed to David J. Nagy, P.E., Assistant to the Bureau Chief of Design/Contracts Engineer, at DavidN@ksdot.org. Interest responses shall be limited to four pages, the pdf file name and the subject line of the e-mail must read "Firm Name — On-Call ROW LOI," and the pdf must be received by noon February 17 for the consulting engineering firm or team to be considered.

ROW On-Call Services

These services will include a variety of functions associated with development of the Existing Highway Right of Way Features and Preparation of the Proposed Highway Right of Way. The Bureau of Right of Way will assist in the activities between the consultant and the Bureau of Design to expedite the consultant's development of the existing highway right features and preparation of the legal description(s) for the proposed highway right of way. The consultant shall use electronic data processing techniques in the preparation of the legal description(s) for the existing and proposed highway right of way, and said data files shall be organized as described in KDOT's "Graphic Standards Manuals" and conform to the CAD Conform standards. The consultant shall deliver the electronic CADD files in the most current version of Microstation and conform to standard practices as described in the "Bureau of Right of Way — Engineering Section Manual."

The Bureau of Right of Way may provide the consultant with the following items as they become available in the course of the project development: Field survey notes; project plans; strip map with tracts enumerated; certificates of title; available graphic files in the form of an Intergraph CADD design file in the most current version of Microstation; and the proper time for coordination with the Bureau of Design in establishing final right of way.

The Consultant Shortlist Committee will select several of the most highly qualified firms expressing interest and schedule an individual interview. The consulting firms can more thoroughly discuss their qualifications, experience related to project(s), their approach to general project(s) design work, available schedule, and the personnel qualifications at the interview. Firms not selected to be short-listed will be notified. Categories may be viewed at [www.ksdot.org/divengdes/prequal](http://www.ksdot.org/divengdes/prequal).

The Consultant Selection Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select several firms based on qualifications to perform the professional services required for completing projects on an on-call basis. After the selection, the firms not selected will be notified of the outcome.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications.
2. Experience of staff.
3. Location of firm with respect to proposed project(s).
4. Work load of firm.
5. Firm's performance record.

The firm's accounting systems must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable and current costs must be available within the system to support cost and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Permanent Administrative Regulations

Article 1.—DISEASES

**28-1-27. HIV screening guidelines.** (a) Adoption by reference. The HIV screening guidelines for each pregnant woman and newborn child whose HIV status is unknown shall be the section titled "recommendations for pregnant women" on pages 11 through 14 in the centers for disease control and prevention's document titled "revised recommendations for HIV testing of adults, adolescents, and pregnant women in health-care settings," dated September 22, 2006. This section is hereby adopted by reference, except as specified in subsection (b).

(b) Deletions. In the portion titled "universal opt-out screening," the following text shall be deleted:

(1) The words "oral or" in the following sentence: "Pregnant women should receive oral or written information that includes an explanation of HIV infection, a description of interventions that can reduce HIV transmission from mother to infant, and the meanings of positive and negative test results and should be offered an opportunity to ask questions and to decline testing"; and

(2) the following sentence: "No additional process or written documentation of informed consent beyond what is required for other routine prenatal tests should be required for HIV testing." (Authorized by and implementing K.S.A. 2010 Supp. 65-6018; effective Feb. 25, 2011.)
