Public Notice

The state of Kansas will submit by December 31, 2014, an updated annual report and TANF State Plan for administration of the block grant to states for Temporary Assistance for Needy Families (TANF). TANF provides assistance to needy families with children and provides parents with job preparation, work and support services to enable them to leave the program and become self-sufficient.

Federal law requires that a specified percentage of recipients of TANF be engaged in work or work activities. In determining if a state meets its minimum participation requirement, a state is allowed a credit for reducing the size of its TANF caseload.

The Kansas Department for Children and Families (DCF) has prepared a report on its caseload reduction estimates and the methodology used to arrive at the estimates. Copies of this report, the state plan and annual report are available by contacting DCF at 785-296-2968. Comments should be sent by December 21 to Judy Kennedy of the Kansas Department for Children and Families, Suite 580, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612. Comments may also be faxed to 785-296-6960 or emailed to Judy.Kennedy@dcf.ks.gov.

Pursuant to the provisions of K.S.A. 2-2117, a hearing will be conducted at 10 a.m. Tuesday, November 18, in Room 124, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, in the matter of the issuance of a permanent quarantine regarding Thousand Cankers Disease of Walnuts. The proposed quarantine would affect the entire state of Kansas, and would rescind and supersede the existing Thousand Cankers Disease of Walnuts quarantine order, issued on July 20, 2010.

The proposed quarantine order is as follows:

**BEFORE THE SECRETARY OF AGRICULTURE,
TOPEKA, KANSAS
THOUSAND CANKERS DISEASE OF WALNUTS
QUARANTINE**

The Secretary of the Kansas Department of Agriculture (Secretary) is authorized to enforce the plant pest and agriculture commodity certification act and rules and regulations promulgated thereunder. K.S.A. 2-2112 *et seq.*, and amendments thereto.

1. WHEREAS The Secretary is authorized to quarantine the state of Kansas, or any portion thereof, when the secretary determines that such action is necessary to prevent or retard the spread of a plant pest, and to quarantine any other state or portion thereof whenever the secretary determines that a plant pest exists therein and that such action is necessary to prevent or retard its spread into the state of Kansas. K.S.A. 2-2112 *et seq.*, and amendments thereto
2. WHEREAS Thousand Cankers Disease of Walnut is a plant pest disease complex involving infestation of walnut trees and plants (*Juglans* sp) by the Walnut Twig Beetle (*Pityophthorus juglandis*) and a fungus *Geosmithia morbida* which eventually kills the walnut tree (*Juglans* sp).
3. WHEREAS Thousand Cankers Disease of Walnut poses a serious threat to walnut trees in Kansas, and places at risk the ability of Kansas producers to produce, sell, and distribute walnut plants (*Juglans* sp) and products intrastate, interstate, and internationally.
4. WHEREAS it is necessary to protect Kansas walnut timber and nut production, walnuts as a landscape species, and the native ecosystem from Thousand Cankers Disease of Walnut and the Walnut Twig Beetle.
5. WHEREAS Thousand Cankers Disease of Walnut and the Walnut Twig Beetle are currently present in many states of the western United States.
6. WHEREAS unregulated articles are transported into many states with the potential of introducing or spreading Thousand Cankers Disease of Walnut and the Walnut Twig Beetle.
7. WHEREAS quarantine action is necessary to prevent the introduction and spread of Thousand Cankers Disease of Walnut and the Walnut Twig Beetle into and within the State of Kansas.

IT IS THEREFORE ORDERED BY THE SECRETARY THAT:

1. In order to prevent, retard, suppress, and control the spread of the plant pest Thousand Cankers Disease of Walnut, and the Walnut Twig Beetle, the movement of regulated articles into or through the State of Kansas, from any other state, territory, or foreign country, by any person, is prohibited except as set forth in paragraph 5 of this Order, below.

2. In the event that either the Thousand Cankers Disease of Walnut or the Walnut Twig Beetle are discovered within the State of Kansas, this quarantine order will prohibit the movement of regulated articles that are infected with Thousand Cankers Disease of Walnut or infested by the Walnut Twig Beetle, both within the State of Kansas, and from the State of Kansas to any other state, territory, or foreign country, by any person.

Doc. No. 042969

State of Kansas

Kansas Insurance Department

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Thursday, December 18, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of proposed rules and regulations.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Diane Minear, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678, via facsimile at 785-291-3190 or via email at dminear@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

A summary of the proposed regulations and their economic impact follows:

K.A.R. 40-1-37. Audited financial reports; filing requirements. This amendment to the existing regulation adopts by reference the most recent references to the *Annual Statement Instructions, Accounting Practices and Procedures Manual* and the *Financial Condition Examiners Handbook* of National Association of Insurance Commissioners (NAIC). The regulation requires that insurers file on an annual basis (1) an annual audit of financial statements reporting the financial position and the results of

operations of insurers by independent certified public accountants, (2) Communication of Internal Control Related Matters Noted in an Audit, and (3) Management's Report of Internal Control over Financial Reporting.

The economic impact on companies, if any, is positive because the reports that are required to be filed in Kansas are uniform formats as established by the NAIC. NAIC rules, regulations and instructions are promulgated after input from the insurance industry and regulators nationwide. Companies and independent certified public accountants will generally be familiar with the format and requirements of these reports.

The economic impact will be positive, if any, because the reports that are required to be filed in Kansas are uniform formats as established by the NAIC. There will be little or no economic impact on the Kansas Insurance Department, consumers, small businesses or other governmental agencies.

K.A.R. 40-1-48. Risk-based capital instructions for health organizations. This amendment to the existing regulation adopts by reference the most recent version of National Association of Insurance Commissioners (NAIC) health risk-based capital reports, including overview and instructions, for companies. Risk-based capital is a method of measuring the minimum amount of capital appropriate for an insurance entity to support its overall business operation in consideration of its size and risk profile. Risk-based capital standards for health organizations were enacted in Kansas in the year 2000 and have been amended. This regulation sets out the requirements and format of the risk-based capital report that all domestic health organizations are required to file each year.

The economic impact on companies, if any, is positive because the reports that are required to be filed in Kansas are uniform formats as established by the NAIC. NAIC rules, regulations and instructions are promulgated after input from the insurance industry and regulators nationwide. Companies will generally be familiar with the format and requirements of these reports.

The economic impact will be positive, if any, because the reports that are required to be filed in Kansas are uniform formats as established by the NAIC. There will be little or no economic impact on the Kansas Insurance Department, consumers, small businesses or other governmental agencies.

K.A.R. 40-4-37e. Long-term care insurance; prohibitions. This amendment to the existing regulation would delete the language from the regulation that is inconsistent with K.S.A. 40-2228(1).

Because current practice is consistent with this amendment, there is no economic impact on health insurers.

Similarly, there will be no economic impact on the Kansas Insurance Department, consumers, small businesses or other governmental agencies.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request any proposed regulations and the economic

impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Diane Minear at 785-296-2676 or dminear@ksinsurance.org. Any individual desiring a copy of any regulation and/or the policy and procedure that is being adopted by reference, if applicable, may obtain a copy from the department's website at www.ksinsurance.org, under the Legal Issues link, or by contacting Diane Minear. The charge for copies is 50 cents per page.
