## Notice of Available Grant Funding

Grant funds are available from the Federal Sexual Assault Services Grant Program (SASP) for calendar year 2016. The purpose of SASP is to provide intervention, advocacy, accompaniment (e.g., accompanying victims to court, medical facilities, police departments), support services and related assistance for adult, youth and child victims of sexual assault; family and household members of sexual assault victims; and those collaterally affected by the sexual assault victimization. This grant program recognizes the need to place increased focus on sexual assault in order to address the lack of available direct intervention and related assistance services and the unique aspects of sexual assault trauma. Women and men of all ages, as well as children, can be victims of sexual assault.

There is approximately \$311,400 available for grant awards. Available grant funds may be awarded to rape crisis centers and other nonprofit, nongovernmental organizations or tribal programs for programs and activities that provide rape and sexual assault services for the defined grant project purposes. Priority will be given to applicants that are rape/sexual assault crisis centers providing direct intervention and related assistance to victims/survivors; to dual programs that provide sexual assault and domestic violence services to enhance the provision of direct intervention and related assistance services tailored for victims of sexual assault; and for projects that increase support for underserved populations.

The application is available on the Governor's Grant Portal at <https://www.kansas.gov/grants/index.do> or a copy of the application may be downloaded at [http://www.grants.ks.gov/opportunities/federal-sexual-assault-services-grant-program-\(sasp\)](http://www.grants.ks.gov/opportunities/federal-sexual-assault-services-grant-program-(sasp)). All grant applications must be submitted via the Governor's Grant Portal by 11:59 p.m. December 15, 2015. To quickly locate the grant in the Grant Portal use "SASP" for the keyword in your search.

**Notice of Intent to Issue Revenue Bonds**

**To: All Persons Concerned and Interested**

You are hereby notified that the Board of Trustees of Dodge City Community College, Ford County, Kansas, did on October 27, 2015, duly adopt a resolution declaring necessary and authorizing improvements to the student union and dormitory system of the college (the system), by constructing, equipping and furnishing a renovation to Shelden Hall, including (1) upgrading the exterior envelope by replacing all of the existing windows, (2) interior renovation that will require asbestos removal and a complete demolition of the interior space to accommodate a new room layout so as to provide predominately double and single occupancy rooms, with a few triple occupancy rooms, and (3) related improvements, all on the campus of Dodge City Community College, in Dodge City, Kansas (the project). The estimated cost of the project, including bond reserves, capitalized interest and financing costs, is \$4,250,000.

You are hereby further notified that the resolution declares necessary and authorizes the issuance and sale of system revenue bonds of the college under the authority of K.S.A. 76-6a13 to 76-6a25, inclusive, as amended and supplemented (the act), in an amount of not to exceed \$4,250,000, such bonds to be used to pay the costs of the project and provide for the deposit of bond reserve funds, capitalized interest and related financing costs.

You are hereby further notified that unless an action to contest the legality of the proposed revenue bonds of the college shall be filed in a court of law within 30 days of the date of publication of this notice, the right to contest the legality of any revenue bonds issued in compliance with the aforesaid resolution and other proceedings duly and legally had and taken by the board prior to the date

of publication of this notice, and the right to contest the validity of the provisions of such proceedings, shall cease to exist, and no court shall thereafter have the authority to inquire into such matters; and that after the expiration of said 30 days from the date of publication of this notice, no one shall have any right to commence an action contesting the validity of such revenue bonds or the provisions of such proceedings of the board and all such revenue bonds shall be conclusively presumed to be legal and no court shall thereafter have the authority to inquire into such matters.

**Notice of Solicitation for Water Quality Data**

In developing the 2016 Section 303(d) List of Impaired Waters in Kansas, the Kansas Department of Health and Environment is soliciting "all existing and readily available water quality-related data and information" in accordance with 40 CFR 130.7(b)(5). Section 303(d) of the Clean Water Act requires states to biennially prepare a list of waters failing to meet state water quality standards, based on data and information from local, state and federal agencies; members of the public; and academic institutions conducting research. Submitted data and information will be evaluated by KDHE for listing decisions for the 2016 Kansas 303(d) List of Impaired Waters, to be submitted to the U.S. Environmental Protection Agency by April 1, 2016.

This notice requests any data or information on the water quality condition of waters of the state over the period January 1, 2000 through September 30, 2015. Data associated with waters for which water quality problems have been reported are of particular interest, as is information on waters in the Lower Arkansas and Kansas Lower Republican River Basins. Submitted data may include chemical, physical or biological measurements and should be accompanied by information to identify the water body with as much geographic specificity as possible. Data submitted to KDHE for consideration should have adequate quality control and quality assurance for accuracy, representation and precision in describing the water quality of streams, lakes and wetlands.

KDHE will accept data submissions through December 15, 2015. Data submission or questions may be sent to Tom Stiles, KDHE, Bureau of Water, Watershed Planning, Monitoring and Assessment Section, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367, 785-296-6170, fax 785-296-0086, or email at [tstiles@kdheks.gov](mailto:tstiles@kdheks.gov).

**Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. 3P Processing, Inc. has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

3P Processing, Inc., 1702 S. Knight, Wichita, KS 67213, owns and operates a surface coating facility located at the same address.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, and at the Wichita Department of Environmental Health, 1900 E. 9th St., Wichita. To obtain or review the proposed permit and supporting documentation contact Vivien Smith, 785-296-0757, at the KDHE central office, or Randy Owen, 316-268-8353, at the Wichita Department of Environmental Health. The standard departmental cost will be assessed for any copies requested.

Written comments or questions regarding the proposed permit may be directed to Vivien Smith, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than noon December 14, 2015.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Vivien Smith, KDHE, Bureau of Air, no later than noon December 14, 2015, in order for the secretary of health and environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

#### Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

**Public Notice No. KS-Q-15-148/157**

The requirements of the draft permits public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28 (b-g), and Federal Surface Water Criteria:

Name and Address of Applicant	Receiving Stream	Type of Discharge
BNSF Railway Company P.O. Box 1738 Topeka, KS 66616	Kansas River	Process Wastewater

Kansas Permit No. I-KS72-PO01 Federal Permit No. KS0001694

Legal Description: SE¼, S29, T11S, R16E, Shawnee County, KS

Facility Name: BNSF Topeka System Maintenance Terminal

Facility Address: 100 N.E. Jefferson Trafficway, Topeka, KS 66607

This action consists of renewal of an existing NPDES/Kansas water pollution control permit for an existing facility. Wastewater generated from railroad locomotive and rail car service and maintenance, including parts cleaning and degreasing, surface preparation and painting, metal fabrication, machining, fueling and washing, and stormwater runoff from the areas affected by industrial activity, is treated in a wastewater treatment plant prior to transfer into the city of Topeka sanitary sewer system. In case of problems in the Topeka sewer system, a severe upset of the city wastewater treatment plant, or a storm-induced wastewater flow intensity exceeding plant or equalization tank capacity the facility would discharge into the Kansas River. During discharge events, additional pressure filtration treatment can be provided for the wastewater flow from the treatment system. Grit and sludge are dewatered and transported to a landfill. The proposed permit contains limits for oil and grease, total suspended solids and pH, as well as monitoring of flow.

Hays, City of P.O. Box 490 Hays, KS 67601	Big Creek via Chetolah Creek	Treated Domestic Wastewater

Kansas Permit No. M-SH16-OO03 Federal Permit No. KS0100820

Legal Description: N½, SE¼, SW¼, S3, T14S, R18W, Ellis County, KS

The proposed action consists of issuance of a new Kansas/NPDES Water Pollution Control permit for an upgraded facility. The proposed wastewater treatment facility will be a mechanical treatment plant consisting of a portion of the existing treatment units and newly constructed treatment units on the present plant site and immediately south of the present treatment plant site to provide improved treatment with nutrient removal. The upgraded facility will consist of an influent sewage lift station, preliminary treatment involving fine screening and grit removal, multi-stage activated sludge treatment basin, either final clarification with tertiary filtration or membrane bioreactor, ultraviolet disinfection with supplemental chlorine disinfection of effluent intended for irrigation, effluent reuse storage basins, effluent reaeration facilities, aerobic sludge digestion, sludge dewatering facility and sludge storage on old sludge drying beds. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, ammonia, E. coli, nitrate + nitrite, whole effluent toxicity, total phosphorus and pH, as well as monitoring for total Kjeldahl nitrogen, total nitrogen, sulfates, dissolved oxygen, priority pollutants and flow.

Kansas Permit No. I-KS38-CO01 Federal Permit No. KS0091286

Facility Name: McCall Pattern Company

Facility Location: 615 McCall Road, Manhattan, KS

The proposed action consists of reissuance of an existing Kansas/NPDES Water Pollution Control permit for an existing facility. This facility primarily manufactures, warehouses and distributes sewing and craft patterns. A limited amount of commercial printing also occurs. Two separate cooling systems are in use at this facility. One is a recirculating closed-loop chiller system. The second cooling system is a roof-mounted cooling tower system. The proposed permit contains generic water quality language to protect waters of the state.

Kansas Permit No. I-NE57-PO14		Federal Permit No. KS0100030

Legal Description: SW¼, SE¼, S27, T30S, R25E, Crawford County, KS

The proposed action consists of modification of an existing Kansas/NPDES Water Pollution Control permit for a discharge of wastewater from a public water supply treatment facility. The proposed modification consist of an additional outfall. Wastewater from the solid contact units, rapid sand filters and miscellaneous floor drains transported via long pipeline to a series of three lagoon/strip mine settling basins prior to discharge at either outfall. Filter backwash is normally recycled to the front of the plant. The proposed added outfall contains limits for total residual chlorine. All other terms and conditions of the original permit remain in full force and effect.

**Public Notice No. KS-PT-15-018**

The requirements of the draft permits public noticed below are pursuant to K.A.R. 26-16-82 through 28-16-98, and U.S. Environmental Protection Agency Pretreatment Regulation 40 CFR 403:

Name and Address of Applicant	Legal Location	Type of Discharge
Titan Trailer Manufacturing, Inc. 2306 Highway 77 South Waterville, KS 66548	Waterville MWWTP	Process Wastewater

Kansas Permit No. P-BB22-0003 Federal Tracking No. KSP000058

The proposed action consists of reissuing an existing pretreatment permit for an existing facility. This facility manufactures parts for livestock trailers. However, the trailers are primarily manufactured at Plant #1, which is a facility owned and operated by the same owner, at another location in Waterville. If needed, steel parts can be phosphated using a conversion coating operation, to prepare the steel for paint. The amount of regulated wastes would be very small, even if the operation was active, but since this facility is inactive a majority of the time, there is usually no discharge of process wastes to the city sewer. The proposed permit contains limits for total toxic organics, cadmium, chromium, copper, lead, nickel, silver, zinc, total cyanide and pH, as well as monitoring of flow.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before December 12, 2015, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-15-388/399, KS-Q-15-148/157, KS-PT-15-018) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the secretary of health and environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Tuesday, January 19, in the DCF conference room, 555 S. Kansas Ave., first floor, Topeka, to consider the adoption of a new regulation and the adoption of amendments to existing rules and regulations on a permanent basis effective 15 days after publication in the Kansas Register. Telephone conference is not available.

This 60-day notice of the public hearing shall constitute a public comment period for the proposed regulations. All interested parties may submit written comments prior to the hearing to Beth Lange, Legal Division, DCF, 555 S. Kansas Ave., 6th Floor, Topeka, 66603, or by email to [Beth.Lange@dcf.ks.gov](mailto:Beth.Lange@dcf.ks.gov). All interested parties will be given a reasonable opportunity to present their views at the hearing. It may be necessary to request each participant limit any oral presentation to five minutes.

Copies of the regulations and the economic impact statements may be obtained by contacting Beth Lange at [Beth.Lange@dcf.ks.gov](mailto:Beth.Lange@dcf.ks.gov).

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Patti Cazier at 785-296-3274 or [Patti.Cazier@dcf.ks.gov](mailto:Patti.Cazier@dcf.ks.gov).

These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

**K.A.R. 30-46-10.** The amendment adds the definition of abandonment and changes the burden of proof for a substantiated finding of abuse or neglect by the agency from clear and convincing to preponderance. There is no economic impact as a result of these amendments.

**K.A.R. 30-44-2.** The amendment gives the secretary discretion to reduce or remove the enforcement fee that Child Support Services (CSS) currently takes from all child support payments made to custodial parents in non-public-assistance (non-PA) cases. Currently there is an enforcement fee of 4% for such cases in effect, however, if the secretary determines that Child Support Services has sufficient funding for support enforcement activities, this fee may be reduced or removed entirely. The 4% enforcement fee generated \$2.49 million in FY 2015, however, Kansas Child Support Services only retains 34% (\$820,000) of the enforcement fee collected; 66% (\$1.64 million) of this amount is required to be returned to the federal government by virtue of the IV-D program cooperative agreement. If the enforcement fee were to be removed, Kansas families would receive an estimated additional \$2.49 million each calendar year, at an estimated cost of \$820,000 in lost enforcement fees to Kansas Child Support, resulting in a net positive of roughly \$1.64 million for Kansas. There is no economic impact to other state agencies.

**K.A.R. 30-44-6.** This is a new regulation which allows Child Support Services (CSS) to adjust arrears owed by noncustodial parents to the secretary of the Department for Children and Families. By participating in an authorized arrears adjustment program that provides employment readiness services and parenting skills training, or by contributing to a college education savings account for the child through the Child Support Savings Initiative Program, CSS may adjust these arrears according to internal guidelines. This regulation will increase the contributions to Kansas children's postsecondary education savings accounts, giving them the financial means to further their education. Between July 2013 and June 2015, there have been 140 education savings accounts established and nearly \$150,000 deposited in these accounts through the program. Noncustodial parent contributions have also exceeded the amount of matching arrears forgiveness offered by the state, meaning that parents continue to contribute even after they have taken full advantage of state arrears forgiveness. This number should continue to increase significantly as CSS continues to expand efforts to encourage contributions to education savings programs. There is no economic impact to DCF or other state agencies.

**Notice of Hearing on Proposed  
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Monday, January 11, in Room 124 of the Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, to consider the adoption of proposed regulations. Individuals wishing to participate by teleconference may go to the DWR Stafford Field Office, 300 S. Main St., Stafford, on the date and time of the public hearing.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 1320 Research Park Drive, Manhattan, 66502, or by email at [ronda.hutton@kda.ks.gov](mailto:ronda.hutton@kda.ks.gov). Comments may also be made through the agency's website, [www.agriculture.ks.gov](http://www.agriculture.ks.gov), under the proposed regulation. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

**K.A.R. 5-12-1** relates to the storage of water in an aquifer storage and recovery system for the purposes of artificial recharge. As described in K.A.R. 5-12-1, each applicant for a permit to appropriate water for artificial recharge shall define the horizontal and vertical extent of the basin storage area. The proposed changes to K.A.R. 5-12-1 would allow the minimum water level to be defined by the bedrock elevation as opposed to the current definition of the water level that occurred within 10 years prior to the application filing or longer period if demonstrated by the applicant to reflect the lowest water level.

**K.A.R. 5-1-1** is amended to add definitions as used in K.A.R. 5-12-1.

**K.A.R. 5-25-21** is proposed by the Big Bend Groundwater Management District No. 5. The proposed rule will allow an additional method to calculate the amount of water which may be deposited in a multiyear flex account (MYFA). The proposed method will allow five (5) times 90% of the annual authorized quantity to be enrolled into a MYFA, or 450% of the base water right's authorized quantity, to be enrolled into a MYFA. To qualify for this method, the applicant must agree to remove the end gun from the irrigation system that will be authorized by the MYFA.

**K.A.R. 5-22-7** will modify recharge rates to be used in safe yield calculations in two areas of concern in the Equus Beds Groundwater Management District No. 2.

**Summary of Economic Impact Statement, K.A.R. 5-1-1 and 5-12-1:** The regulation change was requested by the

city of Wichita. The city has developed and is in the process of implementing an aquifer storage and recovery project in the Equus Beds Aquifer. A primary purpose of the initial phase of the storage recovery project was to develop a freshwater barrier to the salt water contamination moving towards the wellfield from the Burrton Area. Under existing regulations, the bottom extent of the basin storage area is defined by the calculated levels of storage in 1993. The principal purpose of subsequent ASR phases has been to provide for additional long-term supply for the city.

Prior to 1993 and in the years since, the city of Wichita has increased the use of surface water from Cheney Reservoir and decreased the use of Equus Beds groundwater resources. As a result, water levels within the Wichita well field have partially recovered.

Examination of the USGS storage data indicates that during the recent drought a pattern of decline is emerging in areas of the Equus Beds Aquifer. While the city has not increased its usage from the aquifer and does not use all of its available water appropriations, water levels have declined significantly during the recent drought through reduced recharge and increased use within the basin storage area. This pattern indicates water levels in the basin storage area for the aquifer storage and recovery project are not solely dependent on the amount of water that the city utilizes. The city is concerned that during future, critical dry periods, water levels may fall below 1993 levels and the city would be prevented from recovering ASR credits.

The city has requested the revision to allow for withdrawal of recharge credits when they are available and remove the restrictions limiting recharge credit withdrawal when levels are above the 1993 index water level. This change will allow the city to operate the aquifer storage and recovery project as intended.

The regulation, while requested by the city of Wichita, will be applied statewide. The regulation is not mandated by federal law. There will be minimal costs associated with revising permit conditions. There will be no costs to other governmental agencies or private businesses or individuals. No significant impacts (neither beneficial nor degrading) could be identified as resulting should the proposed changes be adopted. The storage capacity of the basin storage will not change under the request, only the ability to recover recharge credits when they are available as determined by the aquifer storage project accounting and Kansas Department of Agriculture accounting.

**Summary of Economic Impact Statement, K.A.R. 5-25-21:** K.S.A. 82a-736 (D) (iii) allows a method for a GMD to determine a method for calculating the authorized quantity for a MYFA in an amount that shall not increase the long-term average use of the groundwater right as specified by rule and regulation. The board of directors of GMD 5 has determined that a reduction in actual water use would occur if the end gun is removed even with 450% of the base water right's authorized quantity available to divert.

The initial interest in the MYFA program was due to the severe drought in 2011-2012. The law was changed providing a more flexible MYFA for our producers. DWR processed approximately 750 MYFAs at that time. In-

creases in MYFA applications and the increase in commitment of staff resources are more significantly driven by drought conditions. Therefore, while this regulation change may increase interest within GMD 5, it is not likely to match any increase anticipated as a result of drought conditions.

The regulation is not mandated by federal law. There may be a positive economic impact to the water users that remove their end gun due to a reduction in pumping costs by making a more efficient use of the water they are diverting. There may be a positive impact on the local water resource conditions due to the removal of end guns.

**Summary of Economic Impact Statement, K.A.R. 5-22-7:** The proposed amendment will limit the safe yield by reducing the current recharge rate from 6 inches to 2 and 3 inches in areas of concern and well spacing, which will help ensure existing water rights in the area will not be impaired due to any new development, including changes to existing water rights in two areas of concern within GMD 2. These areas near Pretty Prairie and Partridge have indications of groundwater decline and poor water quality. These amendments limit new development.

This regulation is not mandated by federal law. The proposed amendment will result in no fiscal impact to the Kansas Department of Agriculture. The proposed amendments will result in no fiscal impact to GMD 2. The amendment will have a positive fiscal impact to existing water rights in the areas of concern due to the protection against impairment by new development. Improved groundwater resource conditions, both quality and quantity, could be achieved through the adoption of this regulation change.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Ronda Hutton at 785-564-6715 or fax 785-564-6777. Handicapped parking is located on the west side of the building located at 1320 Research Park Drive, Manhattan, and the west entrance to the building is accessible to individuals with disabilities.

Copies of the regulations and their economic impact statements may be obtained by contacting Ronda Hutton, Department of Agriculture, at the contact information above or by accessing the department's website at [www.agriculture.ks.gov](http://www.agriculture.ks.gov).

### Board of Accountancy

#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Friday, January 15, in Room 509 of the Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed changes in existing rules and regulations of the Board of Accountancy.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the executive director of the Board of Accountancy, Suite 556, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, or by email at [info@ksboa.ks.gov](mailto:info@ksboa.ks.gov). All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Judy Jenks at 785-296-8148 or by email at [info@ksboa.ks.gov](mailto:info@ksboa.ks.gov). Handicapped parking is located on the south end of Landon State Office Building, and the north entrance to the building is accessible to individuals with disabilities.

These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

**K.A.R. 74-1-3. Retaking the examination and granting of credits.** Amendments to this regulation allow for additional testing time, if offered, for CPA exam candidates during an examination window.

**K.A.R. 74-1-4. Transfer of examination credit.** Amendments to this regulation allow for a candidate to transfer their scores after passing just one section of the CPA exam to coincide with the provisions of the computerized exam.

**K.A.R. 74-2-7. Concentration in accounting.** Amendments to this regulation expand the restriction on credits earned for CPA exam review courses to include courses under business and general education and communications.

**K.A.R. 74-4-8. Continuing professional education programs; requirements.** Amendments to this regulation expand the requirements that a course sponsor must include in the certificate of attendance in accordance with the continuing professional education standards.

**K.A.R. 74-4-9. Continuing professional education controls and reporting.** Amendments to this regulation mirror the requirements found in K.A.R. 74-4-8 regarding a course sponsor's requirements for the issuance of the certificates of attendance/completion for CPE courses.

*(continued)*

**K.A.R. 74-5-2. Definitions.** Amendments to this regulation update materials adopted by reference and specify excluded sections.

**K.A.R. 74-5-2a. Definitions of terms in the AICPA code of professional conduct.** Amendments to this regulation update sections adopted by reference of the code of professional conduct and define the term “member” as used in the code of professional conduct.

**K.A.R. 74-5-2b. Applicability of AICPA professional standards.** This is a new regulation which sets forth the applicability of the professional standards to individual CPAs, CPA firms, and licensed municipal public accountants.

**K.A.R. 74-5-101. Independence.** Amendments to this regulation update materials adopted by reference.

**K.A.R. 74-5-102. Integrity and objectivity.** This regulation is expanded to include firms in compliance with the code of professional conduct relating to integrity and objectivity.

**K.A.R. 74-5-103. Commissions and referral fees.** This regulation is expanded to include firms in compliance with the code of professional conduct relating to commissions and referral fees.

**K.A.R. 74-5-104. Contingent fees.** This regulation is expanded to include firms in compliance with the code of professional conduct relating to contingent fees.

**K.A.R. 74-5-201. General standards.** This regulation is expanded to include firms in compliance with the code of professional conduct relating to general standards.

**K.A.R. 74-5-202. Compliance with standards.** Amendments to this regulation update materials adopted by reference.

**K.A.R. 74-5-203. Accounting principles.** This regulation is expanded to include firms in compliance with the code of professional conduct relating to accounting principles.

**K.A.R. 74-5-301. Confidential client information.** This regulation is expanded to include firms and licensed municipal public accountants in dealing with confidential client information.

**K.A.R. 74-5-401. Acts discreditable.** This regulation is expanded to include firms in the commission of an act discreditable.

**K.A.R. 74-5-403. Advertising.** This regulation is expanded to include firms relating to false, misleading or deceptive advertising.

**K.A.R. 74-5-405a. Certified public accountants who own a separate business.** Amendments to this regulation update materials adopted by reference.

**K.A.R. 74-5-406. Firm or professional names.** Amendments to this regulation clarify the definition of a fictitious firm or professional name.

**K.A.R. 74-5-407. Cooperation with the board.** Amendments to this regulation eliminate the requirement for the board to send communications by certified mail. KAPA does not require communications to be sent by certified mail.

**K.A.R. 74-11-6. Definitions.** Amendments to this regulation update materials adopted by reference.

**K.A.R. 74-11-7. Renewal of a firm’s registration.** Amendments to this regulation require a firm to produce peer review information only when applicable.

**K.A.R. 74-15-1. Adoption of the uniform accountancy act.** Amendments to this regulation update materials adopted by reference.

The board does not anticipate any economic impact upon itself, to governmental agencies, private businesses or individuals in the adoption of these revisions to its regulations.

Copies of the regulations and the economic impact statement may be obtained from the Board of Accountancy at the address above, by calling 785-296-2162, or on the board’s website at [www.ksboa.org](http://www.ksboa.org).

**Permanent Administrative Regulations**

**Article 2.—LIFE INSURANCE**

**40-2-20. Life insurance; accelerated benefits; contract requirements and restrictions.** (a) As used in this regulation or in a life insurance or annuity contract providing for accelerated benefits, each of the following terms shall have the meaning specified in this subsection:

(1) “Accelerated benefits” means benefits that meet the following conditions:

(A) Are payable under an individual or group life insurance or annuity contract to a policyowner or certificate holder during the lifetime of the insured for the occurrence of a qualifying condition;

(B) reduce the death or annuity benefit otherwise payable under the contract; and

(C) are payable upon the occurrence of a qualifying condition, which results in the payment of a benefit amount fixed at the time of acceleration.

(2) “Commissioner” means commissioner of insurance.

(3) “Elimination period” means a specified period of time during which the insured continuously meets the requirements of a qualifying condition before an accelerated benefit becomes payable.

(4) “Qualifying condition” means a prerequisite designated in a contract for the payment of accelerated benefits. Each contract providing for accelerated benefits shall include as a qualifying condition a medical condition that a health care provider licensed to practice medicine and surgery or osteopathy predicts will result in a limited life expectancy of 24 months or less. Any contract providing for accelerated benefits may include any of the following as a qualifying condition:

(A) A medical condition that has required or requires extraordinary medical intervention, including a major organ transplant or continuous artificial life support, without which the insured would die;

(B) any condition that is reasonably expected to require continuous confinement in an eligible institution as defined in the contract if the insured is expected to remain there for the rest of the insured’s life;

(C) a medical condition that medical evidence indicates would, in the absence of extraordinary medical interven-

tion, result in a limited life expectancy of 24 months or less;

(D) a chronic illness, which shall mean either of the following:

(i) An illness that renders the insured permanently unable to perform, without substantial assistance from another individual, a specified number of activities of daily living, except that a company's definition of chronic illness shall not require the inability to perform more than two activities of daily living; or

(ii) permanent severe cognitive impairment and similar forms of dementia; or

(E) any other similar condition approved by the commissioner as a qualifying condition.

(b) Each contract providing for an accelerated benefit shall have a title printed on or attached to the first page of the contract or rider. The title shall describe the coverage provided and shall be followed or accompanied by a description of the coverage containing the phrase "accelerated benefit" or words of similar meaning.

(c) Each applicant for a contract providing for an accelerated benefit shall be given a summary of the accelerated benefit provisions at or before the time the application is completed. For group policies, each certificate holder shall be given a copy of the summary with the certificate. This summary shall include the following:

(1) A brief description of the accelerated benefit and definitions of the qualifying conditions that would result in payment of the benefit;

(2) the existence and amount of any separately identifiable premium for the accelerated benefit and a description of any charge for administrative expense;

(3) a generic illustration numerically demonstrating the effect of the payment of a benefit on cash values, accumulation accounts, death benefits, premiums, policy loans, and policy liens;

(4) a statement that receipt of the accelerated benefit could be taxable;

(5) a statement that receipt of accelerated benefits could affect medicaid eligibility; and

(6) an acknowledgement, signed and dated by the agent and the applicant for the group or individual coverage, that the summary has been furnished. Each direct response insurer shall incorporate the summary and acknowledgement in the application or attach them to the application.

(d) Contract payment options shall include the option to take the accelerated benefit as a lump sum. The accelerated benefit shall not be made available as an annuity contingent upon the life of the insured.

(e) No contract shall restrict the use of the proceeds.

(f) No contract shall limit the time frame within which a claim must be submitted following the occurrence of a qualifying condition.

(g) If the accelerated benefit is offered without an additional premium, a separate written explanation of how the accelerated benefit is funded shall be filed with the commissioner and included with the summary.

(h) Each time an accelerated benefit is requested and whenever a previous summary becomes invalid, the irrevocable beneficiary and either the individual policyowner or group certificate holder shall be given a sum-

mary. This summary shall include statements meeting the following conditions:

(1) Warning that receipt of the accelerated benefit could be taxable and that assistance from a tax advisor is suggested;

(2) showing the effect that the payment of the accelerated benefit will have on cash values, accumulation accounts, death benefits, premiums, policy loans, and policy liens; and

(3) disclosing that receipt of accelerated benefit payments may adversely affect the recipient's eligibility for medicaid or other government benefits or entitlements.

(i) Each time an accelerated benefit option is exercised, the policyowner and certificate holder shall be given an endorsement, rider, or schedule page that reflects any revisions to cash values, death benefits, accumulation accounts, premiums, policy loans, policy liens, and any other values that change as a result of the payment or payments.

(j) Insurers shall not unfairly discriminate among insureds with different or similar qualifying conditions covered under the policy. Insurers shall not apply any additional conditions to the payment of the accelerated benefits other than those conditions specified in the policy or rider.

(k) Any insurer may offer a waiver of premium for the accelerated benefit provision if a regular waiver of premium provision is not in effect. When the accelerated benefit is claimed, the insurer shall explain any continuing premium requirement to keep the policy in force.

(l) Accelerated benefits shall be funded by any of the following methods:

(1) Requiring the policyowner to pay an additional premium;

(2) utilizing the present value of the face amount of the policy if the following conditions are met:

(A) The present value calculation is based on an actuarial discount appropriate to the policy design;

(B) the interest rate used in the present value calculation is based on sound actuarial principles and disclosed in the contract or actuarial memorandum; and

(C) the maximum interest rate is no more than the greater of either of the following:

(i) The current yield on 90-day treasury bills; or

(ii) the current maximum policy loan interest rate permitted by K.S.A. 40-420c, and amendments thereto; or

(3) accruing an interest charge on the amount of the accelerated benefits at an interest rate based on sound actuarial principles and disclosed in the contract or actuarial memorandum and no more than the greater of either of the following:

(A) The current yield on 90-day treasury bills; or

(B) the current maximum policy loan interest rate permitted by K.S.A. 40-240c, and amendments thereto.

(m) When an accelerated benefit is payable, no more than a proportionate reduction in the cash value shall be made, unless the payment of the accelerated benefits and any accrued interest can be treated as a lien against the death benefit of the policy or rider. Therefore, access to the cash value may be restricted to any excess of the cash value over the sum of any other outstanding loans, and

*(continued)*

the lien and access to additional policy loans may be limited to the difference between the cash value and the sum of the lien and any other outstanding policy loans on the policy under which the accelerated benefits were paid.

(n) (1) If payment of an accelerated benefit results in a proportionate reduction in the cash value, the payment shall not be applied toward repaying an amount greater than a proportionate portion of any outstanding policy loans; or

(2) if the payment is considered a lien as provided in subsection (m), the insurance company may require any accelerated death benefit payment to be applied toward repaying the portion of any other outstanding policy loan that causes the sum of the accelerated benefit and policy loan to exceed the cash value.

(o) The death benefit shall not be reduced more than the amount of the accelerated benefits after adjustment for any actuarial discount or accrued interest as provided in subsection (l) and any administrative expense charge required by policies providing accelerated benefits without an additional premium charge as disclosed on the summary required by subsection (c).

(p) If any death benefit remains after payment of an accelerated benefit, the accidental death benefit, if any, in a policy or rider shall not be affected by the payment of an accelerated benefit.

(q) The valuation method and assumptions used to produce the accelerated benefit provisions shall be filed with the insurance department with the related policy form or rider. The assumptions shall reflect the statutory mortality and interest rate assumptions for the life insurance provisions and appropriate assumptions for the other provisions incorporated in the policy or rider. Each insurer shall maintain in its files descriptions of the bases and procedures used to calculate benefits, which shall be made available for examination by the commissioner or a designee upon request.

(r) A qualified actuary shall describe the accelerated benefits, the risks, the expected costs, and the calculation of statutory reserves in an actuarial memorandum accompanying each filing of accelerated benefits products with the commissioner. Each insurer shall maintain in its files descriptions of the bases and procedures used to calculate benefits payable under these provisions. These descriptions shall be made available for examination by the commissioner upon request.

(1) If benefits are provided through the acceleration of benefits under group or individual life policies or riders to these policies, policy reserves shall be determined in accordance with the standard valuation law. All valuation assumptions used in constructing the reserves shall be determined as appropriate for statutory valuation purposes by a member in good standing of the American academy of actuaries. Mortality tables and interest rates currently recognized for life insurance reserves by the national association of insurance commissioners, as well as appropriate assumptions for other provisions incorporated in the contract, may be used. The actuary shall follow both actuarial standards and certification for good and sufficient reserves. Reserves in the aggregate shall be sufficient to cover the following:

(A) Policies upon which no claim has yet arisen; and

(B) policies upon which an accelerated claim has arisen.

(2) For policies and certificates that provide actuarially equivalent benefits, no additional reserves shall be required to be established.

(3) Policy liens and policy loans, including accrued interest, shall represent assets of the company for statutory reporting purposes. For any policy on which the policy lien exceeds the policy's statutory reserve liability, the excess shall be held as a non-admitted asset.

(s) The accelerated benefit provision shall become effective on the effective date of the policy or rider.

(t) Any contract may include an elimination period for the qualifying conditions of continuous confinement and chronic illness, other than chronic illness meeting the requirements of 26 U.S.C. sections 7702B and 202(g) of the United States internal revenue code or any subsequent corresponding internal revenue code, as amended. The elimination period shall not exceed 90 days from the time the qualifying condition first manifests itself after the effective date of the contract.

(u) The individual and group life insurance and annuity contracts subject to this regulation shall not be described or marketed as being long-term care insurance or as providing long-term care benefits. (Authorized by K.S.A. 40-103 and K.S.A. 2014 Supp. 40-401; implementing K.S.A. 2014 Supp. 40-401; effective, T-40-11-29-90, Nov. 29, 1990; effective April 15, 1991; amended Feb. 9, 2007; amended Nov. 30, 2015.)

#### Permanent Administrative Regulations

#### Article 1.—DEFINITIONS

**115-1-1. Definitions.** (a) Except as specified in subsection (b), the following definitions shall apply to all of the department's regulations.

(1) "Arrow" means a missile shot from a bow or a crossbow.

(2) "Artificial lure" means a man-made fish-catching device used to mimic a single prey item. Artificial lures may be constructed of natural, nonedible, or synthetic materials. Multiple hooks, if present, shall be counted as a single hook on an artificial lure.

(3) "Bag limit" means the maximum number of any species, except fish and frogs, that may be taken by a person in a calendar day.

(4) "Bait fish" means a member of the minnow or carp family (*Cyprinidae*), sucker family (*Catostomidae*), top minnows or killifish family (*Cyprinodontidae*), shad family (*Clupeidae*), and sunfish family (*Centrarchidae*), but excluding black basses and crappie. The fish listed in K.A.R. 115-15-1 and in K.A.R. 115-15-2 shall not be considered as bait fish.

(5) "Bird dog" means a dog used to point, flush, or retrieve game birds, migratory birds, or both.

(6) "Bow" means a handheld device with a cord that connects both of its two ends and that is designed to propel an arrow. This term shall include long, recurve, and compound bows.

(7) "Bridle path" means an established, maintained, and marked pathway for the riding of animals.

(8) "Camping" means erecting a shelter or arranging bedding, or both, or parking a recreation vehicle or other vehicle for the purpose of remaining overnight.

(9) "Camping unit" means any vehicle or shelter specifically used for sleeping upon a portion of department lands or waters.

(10) "Cast net" means a circular or conical weighted net designed to be cast mouth-downward by hand and withdrawn by lines attached to its margin.

(11) "Creel limit" means the maximum total number of any species of fish or frogs that may be taken by a person in a calendar day.

(12) "Crossbow" means a transverse-mounted bow with a cord that connects the two ends and that is designed to propel an arrow, including compound crossbows. The arrow is released by a mechanical trigger.

(13) "Culling" means replacing one live fish held by an angler for another live fish of the same species if the daily creel limit for that species of fish has not been met.

(14) "Department lands and waters" means state parks, state lakes, recreational grounds, wildlife areas, sanctuaries, fish hatcheries, natural areas, historic sites, and other lands, waters, and facilities that are under the jurisdiction and control of the secretary through ownership, lease, license, cooperative agreement, memorandum of understanding, or other arrangement.

(15) "Depth finder" means an electronic device used to locate fish or determine underwater structures.

(16) "Dip net" means a handheld net that has rigid support about the mouth and is used to land fish.

(17) "Draft livestock" means horses, mules, donkeys, and oxen used singly or in tandem with other horses, mules, donkeys, and oxen for pulling purposes.

(18) "Drag event" means a competitive event in which hounds pursue a scent trail. The event may involve a caged, pen-raised furbearer that is not released from the cage during the event.

(19) "Dryland set" means any trapping device that is placed or set on land or is not in contact with water.

(20) "Eyass" means a young of the year raptor not yet capable of flight.

(21) "Falconer" means the holder of a falconry permit.

(22) "Falconry" means the taking of wildlife with a trained raptor.

(23) "Field trial event for dogs" means a competitive event involving at least six dogs that are judged on hunting or running ability.

(24) "Firearm" means a rimfire or centerfire rifle, handgun, or shotgun; a muzzleloading shotgun, rifle, or handgun; or a cap-and-ball pistol.

(25) "Fire ring" means an open-topped, man-made, fire-retaining device.

(26) "Fireplace" means an enclosed, man-made, fire-retaining device.

(27) "Fishing line" means any hand-operated string or cord, utilizing hooks that may be used in conjunction with rods, poles, reels, bows, or spearguns.

(28) "Fish trap" means a device for catching fish consisting of a net or other structure that diverts the fish into an enclosure arranged to make escape more difficult than entry.

(29) "Fully automatic firearm" means a firearm capable of firing more than one round with a single trigger pull.

(30) "Gaff" means a hook attached to a rigid pole.

(31) "Gig" means a hand-operated spear with one or more prongs with or without barbs.

(32) "Group camping area" means any area within a state park designated by posted notice for camping by organized groups.

(33) "Haggard" means an adult raptor in mature plumage.

(34) "Hook" means a device with a single shaft and one or more points with or without barbs, used for catching fish and frogs.

(35) "Imping" means the repair of damaged feathers.

(36) "Kill site" means the location of the wildlife carcass as positioned in the field immediately after being harvested.

(37) "Length limit" means the minimum length of a fish allowed in order to take it and not release it to the waters immediately. For the purpose of this paragraph, the length of the fish shall be measured from the tip of the snout to the end of the tail, with the mouth closed and the tail lobes pressed together.

(38) "Moorage site" means a location designated for the fastening or securing of a vessel.

(39) "Nonsport fish" means carp, drum, white amur, threadfin and gizzard shad, goldfish, gar, suckers including carpsuckers and buffalo, eel, sturgeon, goldeye, white perch, and bowfin.

(40) "Orthopedic device" means a device that attaches to the body and is required to enable a handicapped person to walk.

(41) "Overflow camping area" means an area in a state park that is separate from the designated overnight camping area and that may be used for a maximum of 24 continuous hours of camping if no alternative camping facilities are available within reasonable driving distances.

(42) "Passage" means an immature raptor on first fall migration still in immature plumage.

(43) "Pen-raised wildlife" means any wildlife raised in captivity.

(44) "Pets" means domesticated wildlife, including dogs and cats.

(45) "Possession limit" means the maximum total number of a species that can be retained per person at any one time.

(46) "Prime camping site" means any site within a state park so designated by posted notice of the secretary and subject to an additional charge.

(47) "Raptors" means members of the order Falconiformes or Strigiformes and specifically falcons, hawks, and owls.

(48) "Raw pelt" means the undressed skin of an animal with its hair, wool, or fur in its natural state, without having undergone any chemical preservation converting the skin to a leather condition.

*(continued)*

(49) "Recreational vehicle" means a vehicle or trailer unit that contains sleeping or housekeeping accommodations, or both.

(50) "Running" means the pursuing or chasing of furbearers or rabbits with hounds. This term shall not include the capturing, killing, injuring, or possessing of furbearers or rabbits, or having a firearm or other weapon in possession while running, except during established furbearer or rabbit hunting seasons.

(51) "Sanctioned or licensed coyote field trial" means a competitive event that involves only sight or trail hounds and that has been advertised in one of the national foxhound journals at least 30 days before the event.

(52) "Sanctioned or licensed furbearer field trial" means a competitive event in which dogs pursue unrestrained furbearers and that is sanctioned or licensed by any of the national kennel or field dog organizations for the express purpose of improving the quality of the breed through the awarding of points or credits toward specific class championships or other national recognition.

(53) "Seine" means a net with a float line and lead line designed to be pulled through the water for the purpose of catching fish.

(54) "Set line" means a string or cord that is anchored at one point by an anchor weighing at least 25 pounds or is attached to a fixed and immovable stake or object, does not have more than two hooks, and is not associated with a hand-operated mechanical reel.

(55) "Sight hound" means a dog used to pursue furbearers, rabbits, hares, or coyotes by sight.

(56) "Skin and scuba diving" means swimming or diving while equipped with a face mask or goggles, allowing underwater vision and possibly involving an underwater breathing apparatus.

(57) "Snagging" means the hooking of a fish in any part of its anatomy other than the inside of the mouth.

(58) "Speargun" means a device used to propel a spear through the water by mechanical means or compressed gas.

(59) "Sport fish" means northern pike, walleye, saugeye, sauger, yellow perch, striped bass, white bass, black bass including largemouth, spotted, and smallmouth bass, striped bass hybrid, trout, muskellunge, tiger muskie, channel catfish, blue catfish, flathead catfish, paddlefish, and panfish including bullhead, black and white crappie, bluegill, redear sunfish, green sunfish, warmouth, and rock bass.

(60) "State fishing lake" means a department facility that contains the words "state fishing lake" in the name of the area.

(61) "Tip-up" means an ice fishing device designed to signal the strike of a fish.

(62) "Trail hound" means a dog used to trail furbearers, rabbits, hares, or coyotes by scent.

(63) "Transfer" means any of the following:

(A) To reassign one's license, permit, or other issue of the department to another individual;

(B) To exchange any license, permit, or other issue of the department between individuals; or

(C) To carry another individual's license, permit, or other issue of the department when that individual is not present.

(64) "Trot line" means a string or cord anchored at one or more points that does not have more than 25 hooks and is not associated with a hand-operated mechanical reel.

(65) "Turkey" means wild turkey.

(66) "Unattended fishing line" means any fishing line set to catch fish that is not marked or tagged as required by K.A.R. 115-7-2 or K.A.R. 115-17-11 and not immediately attended by the operator of the fishing line.

(67) "Wake" means the waves thrown by a vessel moving on water.

(68) "Water race" means a competitive event in which hounds pursue a scent device or a caged, pen-raised furbearer through water. The furbearer is not released during the event.

(69) "Water set" means any trapping device that has the gripping portion at least half-submerged when placed or set in flowing or pooled water and remains at least half-submerged in contact with the flowing or pooled water.

(b) Exceptions to the definitions in this regulation shall include the following:

(1) The context requires a different definition.

(2) The defined term is specifically defined differently within the department's other regulations. (Authorized by K.S.A. 2014 Supp. 32-807 and K.S.A. 2014 Supp. 32-988; implementing K.S.A. 2014 Supp. 32-807, K.S.A. 2014 Supp. 32-988, and K.S.A. 2014 Supp. 32-9,100; effective Dec. 4, 1989; amended Sept. 10, 1990; amended Jan. 1, 1991; amended June 8, 1992; amended Oct. 12, 1992; amended April 11, 1994; amended Aug. 29, 1994; amended June 5, 1995; amended Aug. 21, 1995; amended Feb. 28, 1997; amended July 30, 1999; amended Jan. 2, 2002; amended Jan. 1, 2003; amended Jan. 1, 2004; amended Feb. 18, 2005; amended Jan. 1, 2006; amended May 1, 2006; amended Jan. 1, 2007; amended Jan. 1, 2008; amended Jan. 1, 2009; amended Jan. 1, 2010; amended Aug. 1, 2010; amended Jan. 1, 2011; amended Jan. 1, 2013; amended April 19, 2013; amended Nov. 15, 2013; amended Jan. 1, 2015; amended Jan. 1, 2016.)

Article 4.—BIG GAME

**115-4-11. Big game and wild turkey permit applications.** (a) General application provisions.

(1) Unless otherwise authorized by law or regulation, an individual shall not apply for or obtain more than one antlered or horned big game or wild turkey permit for each big game species or wild turkey, except when the individual is unsuccessful in a limited quota drawing and alternative permits for the species are available at the time of subsequent application or when the individual is the final recipient of a commission permit.

(2) Unless otherwise authorized by law or regulation, each big game or wild turkey permit application shall be signed by the individual applying for the permit.

(3) Subject to any priority draw system established by this regulation, if the number of permit applications of a specific species and type received by the designated application deadline exceeds the number of available permits of that species and type, a random drawing to issue permits of that species and type shall be conducted by the secretary.

(4) A hunt-on-your-own-land permit shall not be tabulated in a priority draw system if the permit would otherwise reduce the applicant's odds of receiving a big game permit through that draw system.

(b) Deer permit applications.

(1) Subject to any priority draw system established by this subsection, in awarding deer permits in units having a limited number of permits, the first priority shall be given to those applicants who did not receive, in the previous year, a deer permit that allowed the taking of an antlered deer. All other deer permit applicants shall be given equal priority.

(2) In awarding a limited number of deer permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a deer permit that allows the taking of an antlered deer.

(B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a deer permit that allows the taking of an antlered deer, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual desires to apply for a preference point for a deer permit that allows the taking of antlered deer and not receive a permit, the person may apply for and receive a preference point by paying the proper application or preference point fee and submitting an application during the application period specified in K.A.R. 115-25-9. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) If an individual is a final recipient of a commission deer permit, the individual shall not possess more than one regular antlered deer permit and one commission deer permit.

(4) Applications for nonresident limited-quota antlered deer permits shall be accepted in the Pratt office from the earliest date that applications are available through the last Friday of April each year. Any nonresident applicant may select, at the time of application, one deer management unit and up to one adjacent management unit where that permit shall be valid.

(5) Applications for resident firearms either-species, either-sex permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday of July.

(6) Applications for resident any-season white-tailed either-sex deer permits, resident archery deer permits, resident muzzleloader either-species either-sex permits, and hunt-on-your-own-land deer permits shall be accepted at designated locations from the earliest date that applications are available through December 30.

(7) Each resident applicant for either-species, either-sex muzzleloader or firearm deer permits shall select, at the time of application, the unit where the permit shall be valid. The west unit permit shall be valid in units 1, 2, 17, and 18. The east unit permit shall be valid in units 3, 4, 5, 7, and 16.

(8) Applications for antlerless white-tailed deer permits shall be accepted at designated locations from the earliest date that applications are available through January 30 of the following year.

(9) Each nonresident applicant for a regular deer permit shall have purchased a nonresident hunting license before submitting the application or shall purchase a nonresident hunting license when submitting the application.

(c) Firearm antelope permit applications. In awarding firearm antelope permits, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(1) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining a firearm antelope permit.

(2) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(3) If an applicant obtains a firearm permit by a priority draw system, all earned points shall be lost.

(4) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(5) If an individual desires to apply for a preference point for an antelope firearms permit that allows the taking of an antelope and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and submitting an application during the application period specified in K.A.R. 115-25-7. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(6) Applications for resident firearm and muzzleloader permits shall be accepted in the Pratt office from the earliest date that applications are available through the second Friday of June.

(7) Applications for resident and nonresident archery permits shall be accepted at designated locations from the earliest date that applications are available through October 30.

(8) If there are any unfilled permits after all timely applications have been considered, the application period may be extended by the secretary.

(9) Any applicant unsuccessful in obtaining a permit through a drawing may apply for any permit made available during an extended application period, or any other permit that is available on an unlimited basis.

(d) Elk permit applications.

(1) An individual receiving a limited-quota elk permit shall not be eligible to apply for or receive an elk permit in subsequent seasons, with the following exceptions:

(A) An individual receiving an any-elk or a bull-only elk permit may apply for and receive an antlerless-only elk permit in subsequent seasons.

(B) An individual receiving a limited-quota, antlerless-only elk hunting permit shall not be eligible to apply for or receive a limited-quota, antlerless-only elk permit for a five-year period thereafter. Subject to this subsection, however, this individual may apply for and receive an any-elk or bull-only elk permit without a waiting period.

(C) When a limited number of elk permits are awarded by a random draw system, each individual shall have an

additional opportunity of drawing for each bonus point earned by the individual in addition to the current application. Bonus points shall be awarded as follows:

(i) One bonus point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a random draw system, an elk permit that allows the taking of an elk.

(ii) If an individual fails to make at least one application or purchase one bonus point within a period of five consecutive years, all earned bonus points shall be lost.

(iii) If an applicant obtains, by a random draw system, an elk permit that allows the taking of an elk, all earned points shall be lost.

(iv) If an individual desires to apply for a bonus point for an elk permit that allows the taking of elk and not receive a permit, the person may apply for and receive a bonus point by paying the proper application or bonus point fee and submitting an application during the application period specified in K.A.R. 115-25-8. No individual may apply for more than one bonus point in the same calendar year, and no individual shall apply for a bonus point in the same calendar year as the calendar year in which the individual is applying for a permit.

(D) Each individual who is the final recipient of a commission elk permit shall be eligible for a limited-quota elk permit, subject to the provisions of this subsection.

(E) Limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be awarded from a pool of applicants who are Fort Riley military personnel and applicants who are not Fort Riley military personnel.

(2) Applications for hunt-on-your-own-land and unlimited over-the-counter elk permits shall be accepted at designated locations from the earliest date that applications are available through March 14 of the following year.

(3) Applications for limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday in July.

(4) If there are leftover limited-quota antlerless-only elk permits or limited-quota either-sex permits after all timely applications have been considered, the application periods for those permits may be reopened by the secretary. Leftover permits shall be drawn and issued on a daily basis for those application periods reopened by the secretary. Any applicant unsuccessful in obtaining a permit through a drawing may apply for any leftover permit or any other permit that is available on an unlimited basis.

(5) Any individual may apply for or obtain no more than one permit that allows the taking of an elk, unless the individual is unsuccessful in a limited-quota drawing and alternative permits for elk are available at the time of subsequent application or the individual obtains a commission permit pursuant to this subsection.

(e) Wild turkey permit applications.

(1) When awarding wild turkey permits in units having a limited number of permits, the first priority shall be given to those individuals who did not receive a permit

*(continued)*

in a limited wild turkey unit during the previous year. All other applicants shall be given equal priority.

(2) In awarding a limited number of wild turkey permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a wild turkey permit.

(B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a wild turkey permit, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual desires to apply for a preference point for a wild turkey permit and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and submitting an application during the application period specified in K.A.R. 115-25-6. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) Fall wild turkey permits for unit 1, unit 2, unit 3, unit 5, and unit 6, youth turkey permits, and game tags for unit 2, unit 3, unit 5, and unit 6 may be purchased over the counter at designated locations, from the earliest date in the year that applications are available through 5:00 p.m. on January 30 of the following year.

(4) Applications for spring wild turkey permits in unit 4 shall be accepted by the department from the earliest date that applications are available until midnight on the second Friday of February. If there are turkey permits left over after all timely applications have been considered, the application period may be reopened by the secretary. Leftover turkey permits shall be issued on a daily competitive basis until the day before the last day of the turkey season or until all turkey permits are issued.

(5) Spring wild turkey permits in unit 1, unit 2, unit 3, unit 5, and unit 6, youth turkey permits, and game tags in unit 1, unit 2, unit 3, unit 5, and unit 6 may be purchased over the counter at designated locations from the earliest date that applications are available until midnight on the day before the closing date for the season. (Authorized by K.S.A. 2014 Supp. 32-807, K.S.A. 2014 Supp. 32-937, K.S.A. 2014 Supp. 32-969, and K.S.A. 2014 Supp. 32-970; implementing K.S.A. 2014 Supp. 32-937, K.S.A. 2014 Supp. 32-969, and K.S.A. 2014 Supp. 32-970; effective Sept. 10, 1990; amended May 27, 1991; amended June 1, 2001; amended April 18, 2003; amended Feb. 18, 2005; amended May 15, 2009; amended Feb. 5, 2010; amended April 8, 2011; amended May 24, 2013; amended Nov. 30, 2015.)

**115-4-13. Deer permits; descriptions and restrictions.** Except as otherwise specified or further restricted

by law or regulation, the following deer permit descriptions, provisions, and restrictions shall be in effect.

(a) White-tailed deer permits.

(1) Resident any-season white-tailed deer permit. This permit shall be valid for the hunting of white-tailed deer statewide during the established muzzleloader-only, archery, and firearms deer seasons using equipment that is legal during the established season.

(2) Antlerless white-tailed deer permit. This permit shall be valid for the hunting of antlerless white-tailed deer statewide during the established muzzleloader-only, archery, and firearms deer seasons using equipment that is legal during the established season. The first antlerless white-tailed deer permit issued to an applicant shall be valid statewide on all lands and waters, unless otherwise specified in these regulations. If any subsequent antlerless white-tailed deer permit is issued to the same applicant, that permit shall be valid in designated management units but shall not be valid on department lands and waters, unless otherwise specified in these regulations.

(3) Nonresident white-tailed deer permit. This permit shall be valid for the hunting of white-tailed deer within a designated management unit and one additional adjoining management unit using legal equipment for one of the following deer seasons, which shall be selected at the time of application: muzzleloader-only, archery, or firearms deer season. Muzzleloader-only permits may be used in the early muzzleloader season and during the regular firearms season, using equipment that is legal during the muzzleloader deer season.

(b) Either-species, either-sex deer permits.

(1) Resident archery either-species, either-sex deer permit. This permit shall be valid for the hunting of any antlered or antlerless white-tailed deer or mule deer statewide during the established archery deer season, using equipment that is legal during the archery deer season.

(2) Resident firearm either-species, either-sex deer permit. This permit shall be valid for the hunting of any antlered or antlerless white-tailed deer or mule deer during the established firearms deer season within designated management units, using equipment that is legal during the firearms deer season.

(3) Resident muzzleloader either-species, either-sex deer permit. This permit shall be valid for the hunting of any antlered or antlerless white-tailed deer or mule deer during the established muzzleloader-only and firearms deer seasons within designated management units, using muzzleloader equipment that is legal during the muzzleloader-only deer season.

(4) Nonresident either-species, either-sex deer permit. Any nonresident possessing a nonresident archery or muzzleloader-only white-tailed deer permit valid for a management unit designated by the department as a mule deer unit may apply for one of a limited number of mule deer stamps that, if drawn, will convert the applicant's white-tailed deer permit to an either-species, either-sex deer permit.

(5) Antlerless either-species permit. This permit shall be valid for the hunting of any antlerless white-tailed deer or mule deer within a designated management unit or units during the established muzzleloader-only, archery,

and firearms deer seasons, using equipment that is legal during the established season.

(c) Hunt-on-your-own-land deer permits. Each hunt-on-your-own-land permit shall be valid for any white-tailed deer or mule deer, unless otherwise specified in these regulations.

(1) Resident hunt-on-your-own-land deer permit. This permit shall be available to individuals who qualify as resident landowners or as resident tenants or as family members domiciled with the resident landowner or with the resident tenant. This permit shall be valid during the muzzleloader-only, archery, and firearms deer seasons, using equipment that is legal during the established season. This permit shall be valid only on lands owned or operated by the resident landowner or resident tenant.

(2) Special resident hunt-on-your-own-land deer permit. This permit shall be available to individuals who qualify as lineal ascendants or descendants and their spouses, or as siblings of resident landowners or resident or nonresident tenants. This permit shall be valid during the muzzleloader-only, archery, and firearms deer seasons, using equipment that is legal during the established season. This permit shall be valid only on lands owned or operated by the resident landowner or resident or nonresident tenant.

(3) Nonresident hunt-on-your-own-land deer permit. This permit shall be available to nonresident individuals who qualify as Kansas landowners or nonresident tenants. This permit shall be valid during the muzzleloader-only, archery, and firearms deer seasons, using equipment that is legal during the established season. This permit shall be valid only on lands owned or operated by the nonresident landowner or nonresident tenant.

(d) Each deer permit shall be valid only for the species of deer specified and only for the antler category of deer specified by regulation or on the permit.

(1) An either-sex deer permit shall be valid for deer of either sex.

(2) An antlerless deer permit shall be valid only for a deer without a visible antler plainly protruding from the skull.

(3) An either-species, either-sex deer permit shall be valid for a white-tailed deer of either sex or a mule deer of either sex, except that an antlerless either-species deer permit shall be valid only for a deer of either species without a visible antler plainly protruding from the skull. (Authorized by and implementing K.S.A. 2014 Supp. 32-807 and K.S.A. 2014 Supp. 32-937; effective Jan. 30, 1995; amended June 6, 1997; amended July 30, 1999; amended June 1, 2001; amended April 22, 2005; amended July 20, 2007; amended April 11, 2008; amended April 24, 2015; amended Nov. 30, 2015.)

#### Article 7.—FISH AND FROGS

**115-7-1. Fishing; legal equipment, methods of taking, and other provisions.** (a) Legal equipment and methods for taking sport fish shall be the following:

(1) Fishing lines with not more than two baited hooks or artificial lures per line;

(2) trotlines;

(3) setlines, except that any float material used with a setline shall be constructed only from plastic, wood, or

foam and shall be a closed-cell construction. A “closed-cell” construction shall mean a solid body incapable of containing water;

(4) tip-ups;

(5) using a person’s hand or hands for flathead catfish in waters designated as open to hand fishing, subject to the following requirements:

(A) An individual hand fishing shall not use hooks, snorkeling or scuba gear, or other man-made devices while engaged in hand fishing;

(B) an individual hand fishing shall not possess fishing equipment, other than a stringer, while engaged in hand fishing and while on designated waters or adjacent banks;

(C) stringers shall not be used as an aid for hand fishing and shall not be used until the fish is in possession at or above the surface of the water;

(D) each individual hand fishing shall take fish only from natural objects or natural cavities;

(E) an individual hand fishing shall not take fish from any man-made object, unless the object is a bridge, dock, boat ramp, or riprap, or other similar structure or feature;

(F) no part of any object shall be disturbed or altered to facilitate the harvest of fish for hand fishing; and

(G) an individual hand fishing shall not take fish within 150 yards of any dam;

(6) snagging for paddlefish in waters posted or designated by the department as open to the snagging of paddlefish, subject to the following requirements:

(A) Each individual with a filled creel limit shall cease all snagging activity in the paddlefish snagging area until the next calendar day; and

(B) each individual taking paddlefish to be included in the creel and possession limit during the snagging season shall sign the carcass tag, record the county, the date, and the time of harvest on the carcass tag, and attach the carcass tag to the lower jaw of the carcass immediately following the harvest and before moving the carcass from the site of the harvest;

(7) floatlines in waters posted or designated by the department as open to floatline fishing, which shall be subject to the following requirements:

(A) All floatlines shall be under the immediate supervision of the angler setting the floats. “Immediate supervision” shall mean that the angler has visual contact with the floatlines set while the angler is on the water body where the floatlines are located;

(B) all floatlines shall be removed when float fishing ceases;

(C) floatlines shall not contain more than one line per float, with not more than two baited hooks per line;

(D) all float material shall be constructed only from plastic, wood, or foam and shall be a closed-cell construction. A “closed-cell” construction shall mean a solid body incapable of containing water;

(8) bow and arrow with a barbed head and a line attached from bow to arrow; and

(9) crossbow and arrow with a barbed head and a line attached from arrow to crossbow.

(b) Legal equipment and methods for taking non-sport fish shall be the following:

(continued)

(1) Fishing lines with not more than two baited hooks or artificial lures per line;

(2) trotlines;

(3) setlines;

(4) tip-ups;

(5) bow and arrow with a barbed head and a line attached from bow to arrow;

(6) crossbow and arrow with a barbed head and a line attached from arrow to crossbow;

(7) spear gun, without explosive charge, while skin or scuba diving. The spear, without explosive charge, shall be attached to the speargun or person by a line;

(8) gigging;

(9) snagging in waters posted by the department as open to snagging; and

(10) floatlines in waters posted or designated by the department as open to floatline fishing, which shall be subject to the requirements specified in paragraphs (a)(7)(A) through (D).

(c) Dip nets and gaffs may be used to land any legally caught or hooked fish.

(d) Fish may be taken by any method designated by the secretary when a fish salvage order has been issued by the secretary through public notice or posting the area open to fish salvage.

(e) Fish may be taken with the aid of boats, depth finders, artificial lights, sound attracters, and scents.

(f) Fish may be taken by legal means from vehicles.

(g) The following additional requirements shall apply in the flowing portions and backwaters of the Missouri river and in any oxbow lake through which the Kansas-Missouri boundary passes:

(1) Each individual shall place all legally caught fish on a stringer, cord, cable, or chain, or in a basket, sack, cage, or other holding device, separate from those fish caught by any other individual.

(2) The equipment and methods specified in paragraphs (b)(5) and (b)(6) shall be legal only from sunrise to midnight.

(3) The equipment and method specified in paragraphs (a)(7), (b)(9), and (b)(10) shall be legal only from sunrise to sunset.

(h) The equipment and method specified in paragraphs (a)(8) and (a)(9) shall be legal only for the following species of sport fish where no size limit exists for any of these species of fish:

(1) Blue catfish;

(2) channel catfish; and

(3) flathead catfish.

(i) Optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light shall be valid for use on bows and crossbows. (Authorized by and implementing K.S.A. 2014 Supp. 32-807; effective Dec. 26, 1989; amended Feb. 10, 1992; amended Oct. 1, 1999; amended Dec. 8, 2000; amended Sept. 27, 2002; amended Nov. 29, 2004; amended Nov. 27, 2006; amended Nov. 16, 2007; amended Dec. 1, 2008; amended Nov. 20, 2009; amended April 16, 2010; amended Nov. 19, 2010; amended Nov. 30, 2015.)

**115-7-10. Fishing; special provisions.** (a) A person who takes any fish from a body of water shall not tag, mark, brand, clip any fin of, mutilate, or otherwise disfigure any fish in a manner that would prevent species identification, examination of fins, recovery of tags, or determination of sex, age, or length of the fish before releasing the fish back into the body of water, unless a permit authorizing this activity has been issued to that person by the department.

(b) No person may possess any live fish upon departure from any designated aquatic nuisance body of water, except during a department-permitted fishing tournament. During a department-permitted fishing tournament, any individual may possess live fish upon departure from designated aquatic nuisance waters along the most direct route to the weigh-in site if the individual possesses a department authorization certificate as a participant in the tournament. Designated aquatic nuisance waters shall be those specified in the department's "Kansas designated aquatic nuisance waters tables," dated July 13, 2015, which is hereby adopted by reference.

(c) Each person who purchases live baitfish from a commercial bait dealer shall possess the receipt while fishing with the live baitfish.

(d) No person may fish or collect bait within, from, or over a fish passage, fish ladder, fish steps, or fishway. "Fish passage, fish ladder, fish steps, or fishway" shall mean a structure that facilitates the natural migration of fish upstream on, through, or around an artificial barrier or dam. (Authorized by and implementing K.S.A. 2014 Supp. 32-807; effective Nov. 20, 2009; amended Jan. 1, 2012; amended Jan. 1, 2013; amended Nov. 15, 2013; amended Nov. 14, 2014; amended Nov. 30, 2015.)
