### Governmental Ethics Commission

#### Opinion No. 2016-01

Written February 24, 2016, to Sen. Anthony Hensley, 2226 S.E. Virginia Ave., Topeka.

**Synopsis:** Under the facts provided, a candidate for elected office may use campaign contributions in their campaign account as collateral to secure a personal loan, if the proceeds, in turn, are loaned to the campaign for reelection.

Cited herein: K.S.A. 25-4157a.

Dear Sen. Hensley,

We understand that you request this opinion as an incumbent Kansas senator standing for reelection in 2016. Our opinion regarding application of the Kansas campaign finance act, K.S.A. 25-4119e, *et seq.*, (act) responds to your letter request received January 25, 2016. Pursuant to K.S.A. 75-4303a(a), jurisdiction of the Kansas Governmental Ethics Commission (commission) is limited to applicability of the act. The commission's opinion does not address whether some other statutory system, common law theory, or agency rule or regulation applies to your inquiry.

#### Question

"...[A]s a candidate for elected office, may [I] use campaign contributions in my campaign account as collateral to secure a personal loan that I would then loan to my campaign for re-election?"

#### Analysis and Opinion

Having appointed a treasurer and made a public announcement of intention to seek reelection to the Kansas Senate for District 19, you are a candidate subject to the Kansas campaign finance act pursuant to K.S.A. 25-4143(a)(1), (2), (m), and 25-2505. A candidate's use of monetary campaign contributions is limited by the act. In pertinent part K.S.A. 25-4157a(a) provides:

(a) No moneys received by any candidate or candidate committee of any candidate as a contribution under this act shall be used or be made available for the personal use of the candidate and no such moneys shall be used by such candidate or the candidate committee of such candidate except for:

(1) Legitimate campaign purposes;

...

For the purpose of this subsection, expenditures for "personal use" shall include expenditures to defray normal living expenses for the candidate or the candidate's family and expenditures for the personal benefit of the candidate having no direct connection with or effect upon the campaign of the candidate or the holding of public office.

We first look to whether the use of contribution moneys is for a purpose enumerated in K.S.A. 25-4157a(a). Subparagraph (a)(1) allows contribution moneys to be used for a legitimate campaign purpose. Your inquiry proposes a use of contribution moneys as collateral to secure a personal loan. Loan proceeds will then be loaned back to

(continued)

the campaign for reelection. This is a use for campaign purposes. We next determine whether it is legitimate.

An overarching use limitation is “[n]o moneys...received as a contribution...shall be used or be made available for the personal use of the candidate...” (K.S.A. 25-4157a[a]). Use of contribution moneys as collateral to secure a personal loan of the candidate is an inherently personal use. Yet subsection (a) of K.S.A. 25-4157a contains its own definition of “personal use.” It specifies as a personal use “expenditures for the personal benefit of the candidate having no direct connection with or effect upon the campaign of the candidate or the holding of public office.” The direct implication by defining such as “personal use” is that the inverse is excluded from the personal use definition. In other words, an expenditure that does not personally benefit the candidate and which is directly connected with and effects the campaign is not a personal use. Under your inquiry, any benefit from the collateralization use of contribution moneys received by the campaign is not personal and is directly connected with and effects your campaign. Thus, the use of contribution moneys as collateral, as specified in your inquiry, is for a legitimate campaign purpose. It does not violate K.S.A. 25-4157a(a).

We now must consider whether the use of contribution moneys for collateral violates K.S.A. 25-4157a(b) which provides:

No moneys received by any candidate or candidate committee of any candidate as a contribution shall be used to pay interest or any other finance charges upon moneys loaned to the campaign by such candidate or the spouse of such candidate.

In lending agreements, collateral is a borrower’s pledge of specific property to a lender to secure repayment of a loan. Should the borrower default, the lender may take collateral for repayment. Terms of such lending agreements may, and typically do, require collateral to repay not only the loan principal but also any interest or finance charges. Default and consequential use of collateralized contribution moneys for repayment of interest or finance charges violates K.S.A. 25-4157a(b). Mere use of contribution moneys as collateral does not since no payment of interest or finance charges occurs.

G. Daniel Harden, Chairman  
By Direction of the Commission

A public hearing will be conducted at 10 a.m. Monday, May 2, 2016, in the 1st floor meeting room 124 of the Kansas Department of Agriculture, 1320 Research Park Dr., Manhattan, Kansas, to consider the adoption of a proposed regulation.

In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. This regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and its economic impact follows:

**K.A.R. 70-5-1** establishes fees applicable to veterinary licensees.

**Economic Impact Statement:** The amendment to K.A.R. 70-5-1 eliminates fees no longer applicable, and establishes new fees necessitated by statutory creation of a new license category. None of the proposed regulation revisions are mandated by federal law. K.A.R. 70-5-1 establishes a fee for institutional licenses, following a statutory change that creates this license beginning in 2016.

K.A.R. 70-5-1 will have an economic impact associated on KDA as follows: Subsection (d): This will increase revenue to KDA by approximately \$2000 per year. Subsections (l) and (m): Issuance and renewal of institutional veterinary licenses will increase revenue to KDA by approximately \$3500 the first year, and \$2000 in subsequent years.

K.A.R. 70-5-1 should have an economic impact on in-

*(continued)*

dividuals as follows: Subsection (d) will increase license renewal fee of veterinarians should they renew late by \$50 per year. Subsections (l) and (m) will have an economic impact on the Kansas State College of Veterinary Medicine and practitioner-faculty members associated with issuance and renewal of institutional veterinary licenses, in the amount of \$50 per license issued and \$25 per license renewed.

This regulation amendment is implementing a statutory change in 2015, creating the institutional license. The fee amount was determined based on discussions between the KDA/KBVE and the KSU College of Veterinary Medicine. No other less costly methods were considered.

No environmental impact is expected as a result of this amendment.

### Agricultural Remediation Board

#### Notice of Hearing on Proposed Administrative Regulations

The Kansas Agricultural Remediation Board will conduct a public hearing at 9 a.m. Monday, May 16, 2016, in the conference room of the Tom R. Tunnell Building, 816 S.W. Tyler, Topeka, Kansas, to consider the adoption of proposed amended regulations.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the board chairman at 816 S.W. Tyler,

Topeka, KS 66612, or by email to [randy@kansasag.org](mailto:randy@kansasag.org). During the hearing, all interested parties will be given a reasonable opportunity to present their views on the adoption of the proposed regulations. Copies of the regulations and the economic impact statement may be obtained by contacting Randy Stookey at 785-234-0461. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. The regulations are proposed for adoption on a permanent basis.

#### Summary of the Proposed Regulations:

**K.A.R 125-1-6. This regulation sets forth the list of corrective action costs** that are eligible for reimbursement from the Kansas agricultural remediation fund. The proposed amendment removes the following from the list of eligible corrective action costs: contractor charges for meals, lodging, travel, mileage and other similar expenses.

**K.A.R 125-1-7. This regulation sets forth a list of expenses for corrective action costs** that are specifically excluded from reimbursement eligibility from the Kansas agricultural remediation fund. The proposed amendment expands the list of ineligible corrective action costs to include all "expense charges for meals, lodging, travel, mileage or other personal expenses."

#### Economic Impact upon the Kansas Agricultural Remediation Board:

The proposed change to the regulation will save the Kansas agricultural remediation fund due to avoiding unnecessary increases in administrative costs that may occur without the amendment.

#### Economic Impact upon other governmental agencies, private business or individuals:

These proposed changes will have no fiscal impact upon other governmental agencies. The proposed changes will have a positive impact on applicants to the fund that would not have otherwise received reimbursement for costs associated with ag-chemical environmental remediation efforts, as limited funds are paid out to a greater number of applicants. The proposed change may have a negative impact on any applicant who would have been able to receive reimbursement for travel and lodging expenses from the fund, but will not be able to do so following this change.

Individuals with a disability may request accommodation in order to participate in the public hearing. Such requests should be made at least five working days before the hearing by contacting Randy Stookey at 785-234-0461.

respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. **\$111,675.13.** Owner/Operator: Mikael & Stephanie Gfeller; Description: Acquisition of 79.7 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Mikael & Stephanie Gfeller and is located in Section 21, Newbern Township, Dickinson County, Kansas, approximately 7 miles south of Abilene, Kansas, on State Highway 15.

The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the K DFA at its offices at 534 S. A copy of the proposed regulations and economic impact statement may be obtained by contacting the Office of General Counsel at the address above prior to the date of the hearing or by email to ogc@ksde.org. A summary of the proposed regulations and economic impact follows.

**K.A.R. 91-42-1.** Article 42 of this chapter addresses the use of seclusion and restraint of students in the school setting. This regulation defines key terms, many of which were amended by the Freedom from Unsafe Seclusion and Restraint Act.

**K.A.R. 91-42-2.** This regulation has been amended to more clearly define the standards for the use of emergency safety interventions (ESI). Those standards include:

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to the student or others.

ESI shall cease to exist as soon as the immediate danger of physical harm ceases to exist.

The use of ESI is prohibited for purposes of discipline, punishment, or convenience.

Several types of restraint are prohibited, such as face-down restraint, face-up restraint, any restraint that obstructs the airway of a student or impacts a student's primary mode of communication, chemical restraint, and mechanical restraint except in certain circumstances.

This regulation also prohibits the use of seclusion if the student is known to have a medical condition that could put the student in mental or physical danger

**K.A.R. 91-42-3.** School districts will be required to develop policies and procedures on the appropriate uses of emergency safety interventions. These policies must be consistent with state law and will include:

1. Training for school personnel,
2. Procedures for parents to file formal complaints with their local school board if the parent believes

that an emergency safety intervention was used inappropriately,

3. Methods of disseminating information to parents regarding school policies, and
4. Methods of reporting information to the State Department of Education for data analysis.

**K.A.R. 91-42-4.** Schools will be required to notify parents or, if the parent cannot be reached, the emergency contact person any time an emergency safety intervention is used with their child. This notification will occur the day the intervention is used. Notifications will include information on the standards for when interventions can be used, a flyer on the parent's rights, and guidance on how to file a complaint with the local school board.

**K.A.R. 91-42-5.** The State Board of Education developed a process by which parents unsatisfied with the decision of a local school board may request a review of a local board's handling of emergency safety interventions. After first filing a complaint through the school's dispute resolution process, parents may file a request for a review of that resolution within 30 days from the date a local resolution is issued. KSDE staff will investigate and determine if a school violated state law. If a violation is found to have occurred, the school will be asked to comply with the law.

**K.A.R. 91-42-6.** Law enforcement officers and police officers, whose duties include the prevention or detection of crime and the enforcement of criminal or traffic laws of this state and any Kansas municipality are exempt from the emergency safety intervention limitations placed on school staff.

**K.A.R. 91-42-7.** The State Board of Education is required to collect data on the use of emergency safety interventions and compile reports based on information provided by school districts. These reports are annually due by January 20th. The State Board will report the total number of times an intervention was used, the total number of interventions involving students with an individualized education program, the total number of interventions involving students with a Section 504 plan, the total number of interventions involving students with behavior intervention plans, the total number of students that were physically restrained, the total number of students that were placed in seclusion, and the average amounts of time that interventions lasted.

The Kansas State Board of Education does not anticipate any significant financial or economic impact to this agency, other state agencies, or to the public as a result of these regulations.
