Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking the services of a consulting engineering firm to provide Flood Repair Design for a new river stabilization system in Sumner County using rock bend-way weirs (BWW), bank stabilization with Longitudinal Peak Stone Toe Protection (LPSTP), and upper slope rock revetment (RR). The fifteen (15) existing steel sheetpile jetties are expected to be incorporated into the new BWW system. Jetties #5 through #12 will be evaluated for BWW needs. This reach of the river is regulated by a FEMA floodway zone. Plans, permits, hydraulic information, and quantities will be within the consultant scope of services. The new BWW system will need to be integrated with the existing jetties into the design. This project is scheduled for an October 2018 letting. A Google KMZ file is available for site location information.

Requirements: Interested consulting firms must: (a) be prequalified by KDOT in category 325—Hydraulic and Hydrological Studies and (b) submit a Letter of Interest on or before **noon June 22, 2017**, to David Nagy, P.E., Assistant to the Director of Design/Contracts Engineer for KDOT by email to David.Nagy@ks.gov with the subject line reading "81-96 KA-4530-02 LOI Bank Stabilization [Firm Name]". Letters of Interest in the form of a PDF document (maximum size 5 pages) should express interest in the project and describe particular qualifications for the professional services sought by KDOT, including any special expertise, skill, modelling software, provide a brief narrative/description of at least two (2) similar projects,

team members experience and/or knowledge and qualifications in River Mechanics, Geomorphology, Geotechnical Engineering, Structural Engineering, Hydrology, Hydraulics, Stream stabilization, Project management, and Plan production (KDOT methods and standards), and any sub-consultant the firm intends to utilize. If a firm is not currently prequalified by KDOT but is interested in obtaining prequalification, then please view the requirements and categories at the website address of <http://www.ksdot.org/divengdes/prequal/default.asp>. For licensure and other requirements applicable to the practice of technical professions within the state of Kansas, please consult the website of the Kansas Board of Technical Professions at <http://www.ksbtp.ks.gov/>. All firms doing business with KDOT must be registered and in good standing under the laws of the state of Kansas and comply with applicable state and federal laws, rules, and regulations.

Qualifications-Based Selection Process. Based on the qualifications submitted in the Letter of Interest and other information available to KDOT, on or about July 14, KDOT will shortlist three firms and notify all firms submitting Letters of Interest of the names of the shortlisted firms by return email. Thereafter, KDOT will issue a Request for Proposal (RFP) to the shortlisted firms soliciting a technical proposal. At KDOT's option, shortlisted firms may be interviewed by telephone conference call or asked to attend meetings or participate in other discussions with KDOT. Technical proposals will be evaluated on the basis of the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, and third, etc. Evaluation factors: 1) the quality of the response to the RFP; 2) qualifications and experience of consultant personnel proposed for services; 3) proposed approach for design; and 4) past performance history. The highest ranked firm will be asked to enter into negotiations with KDOT for an Agreement. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives. KDOT intends to conclude or terminate negotiations on or before **September 1, 2017**.

Please do not call or write KDOT staff for information regarding the services in this Request for Qualifications. Email all inquiries/questions to David Nagy at David.Nagy@ks.gov prior to June 13 for the Letter of Interest.

Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted on Thursday, August 17, 2017, at 1:00 p.m. in the Board of Regents Board Room at 1000 SW Jackson, Suite 520, Topeka, Kansas to review and consider the adoption of a proposed permanent regulation of the Kansas State Board of Pharmacy.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written comments prior to the public hearing to Alexandra Blasi, Executive Secretary, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1244 or by email to pharmacy@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulation during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the regulation and economic impact statement in an accessible format. Requests for accommodation to participate in the public hearing should be made at least 10 business days in advance of the hearing by contacting Alexandra Blasi, Executive Secretary, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1244 or by phone at 785-296-4056. Handicapped parking is located across the street from the north entrance to the building. Curbs at the north entrances are accessible to individuals with disabilities.

Summaries of the proposed regulation and its economic impact follow. (Note: Statements indicating that a regulation is "not anticipated to have any economic impact" are intended to indicate that no economic impact on the Kansas State Board of Pharmacy, other state agencies, state employees, or the general public has been identified.)

Copies of the regulation and economic impact statement may be viewed at <http://pharmacy.ks.gov/statutes-regs/proposed-reg-changes>.

K.A.R. 68-7-23. Dispensing and administration of emergency opioid antagonists without a prescription. In accordance with 2017 HB 2217, this regulation creates requirements for pharmacist dispensing of naloxone to patients, bystanders, first responder agencies, and school nurses without a prescription in accordance with a statewide protocol established by the Board, including labeling, counseling, wholesale sales, reporting,

recordkeeping, and other duties. The regulation also sets requirements for school nurses and first responder agencies (and employees) to complete training and education necessary to receive, carry, and administer emergency opioid antagonists.

Any economic impact on the Board will be related to general licensing, document processing and storage, and program compliance and oversight. Costs to the Board might appear in the form of administrative staff time, are anticipated to be minimal, and will be absorbed by current staff and resources. Pharmacists may experience an impact related to time reviewing the protocol, acquiring necessary training, and providing notification to the Board. However, the authority to dispense without a prescription is optional for pharmacists, not mandatory. Businesses (including pharmacies, first responder agencies, or schools) may be impacted by the staff time required for necessary training/education or the costs associated with acquiring the emergency opioid antagonist and storing the drug. Costs to private individuals or other businesses would not differ from the status quo, therefore, no impact is anticipated. In all instances, the Board does not anticipate any financial impact upon other governmental agencies, and the Board is unaware of any less costly or less intrusive methods to achieve the stated purposes and thus none were considered.

The proposed new regulations are adopted by the Kansas Animal Health Commissioner to implement the Kansas Pet Animal Act. Within these proposed regulations are requirements such as adequate veterinary care, feeding, watering, cleaning, and general requirements for housing facilities for small animals defined under the Kansas Pet Animal Act (KPAA).

The proposed new regulations are intended to streamline and consolidate six different subsets of existing regulations, and create uniform requirements for all licensees subject to the KPAA. These regulations will implement a more easily understandable, customer-friendly set of requirements not only for the licensees, but also for the Kansas Department of Agriculture Animal Facility Inspectors.

These proposed regulations are not mandated by Federal Law.

The proposed regulations should not have a negative fiscal impact upon the Kansas Department of Agriculture.

K.A.R. 9-18-6 Fees. This regulation will bring in an estimated additional revenue of approximately \$4,800 annually to the KDA Animal Facility Inspection program within the Division of Animal Health.

The additional revenue of \$4,800 will be derived from the increase in fees for the existing Group Home Shelters and Rescue Home Shelters, which will be combined in the proposed regulations as Rescue Networks with an annual fee of \$125. This fee was increased to cover the additional staff time and expenses of inspecting these types of shelters.

The current fees for licensure under the Kansas Pet Animal Act will not change, except for the addition of a new category (Rescue Network). This addition will combine two existing categories (Group Home Shelters and Rescue Home Shelters). This addition could pose a financial impact to these two existing categories.

These two existing categories currently pay \$50 annually for a license. These proposed regulations will increase the fees for these existing categories by \$75, with a new proposed fee of \$125.

A number of proposed requirements were discussed in multiple meetings of the Kansas Pet Animal Advisory Board. The fees and other requirements in the proposed regulations are the result of these discussions.

The proposed regulations are not expected to have an environmental impact.

Any individual with a disability may request accommodations in order to participate in the public hearing and may request the proposed regulations and impact statement in an accessible format. Requests for accommodations should be made at least five working days in advance of the hearing by contacting Ronda Hutton at 785-564-6715 or fax 785-564-6777. Handicapped parking is available on the west side of the building and accessible to individuals with disabilities located at 1320 Research Park Drive, Manhattan.

Copies of the regulations and their economic impact statement may be obtained by contacting the Depart-

ment of Agriculture, Ronda M. Hutton, 1320 Research Park Drive, Manhattan, KS 66502 or 785-564-6715 or by accessing the department's website at agriculture.ks.gov. Comments may also be made through our website under the proposed regulation.

Department of Labor

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Kansas Department of Labor at 9:00 a.m., August 15, 2017, at the Kansas Department of Labor, 401 SW Topeka Blvd., Topeka, Kansas, First Floor Hearing Room 3, to consider the adoption of amusement ride regulations.

The regulations subject to this hearing notice are K.A.R. 49-55-1, 49-55-2, 49-55-3, 49-55-4, 49-55-5, 49-55-6, 49-55-8, 49-55-11, and 49-55-12.

This 60-day notice constitutes a public comment period for the purposes of receiving written public comment on the proposed regulations. Any comments on the proposed regulations and requests for copies of the

proposed regulations and economic impact statements should be sent to the Kansas Department of Labor, Bradley R. Burke, Deputy Secretary and Chief Attorney, 401 SW Topeka Blvd., Topeka, KS 66603, at 785-296-5000, Option 0, ext. 2569, or to the email address brad.burke@dol.ks.gov.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least ten working days in advance of the hearing by contacting the Kansas Department of Labor, Bradley R. Burke, Deputy Secretary and Chief Attorney, 401 SW Topeka Blvd., Topeka, KS 66603, at 785-296-5000, Option 0, ext. 2569, or to the email address brad.burke@dol.ks.gov

The proposed regulations apply to all amusement rides within the state. Owners of amusement rides will be required to obtain annual registration, maintain amusement ride records, and obtain ride permits for each amusement ride. Owners and operators of covered amusement rides will be required to comply with any requests of inspection by the Kansas Department of Labor of these amusement ride records.

Economic Impact: H Sub for SB 70 imposes registration fees and permit fees on owners, specifies minimum insurance coverage amounts, sets the qualifications for inspectors, and increases the retention period for records. These statutory requirements are likely to have an appreciable impact on owners of covered amusement rides and will result in an annual regulatory cost of approximately \$307,000. The department does not anticipate any appreciable economic impact due to compliance with the proposed regulations, K.A.R. 49-55-1, 49-55-2, 49-55-3, 49-55-4, 49-55-5, 49-55-6, 49-55-8, 49-55-11, and 49-55-12.

The department does not foresee an increase in its expenses to administer and enforce these regulations.
