Code Mortgage Rate for September

Pursuant to the provisions of K.S.A. 16a-1-301, Section 11, the code mortgage rate during the period of September 1-30, 2017, is 12 percent. The reference rate referred to in the definition of "code mortgage rate" set forth in K.S.A. 16a-1-301(11)(b)(i) is discontinued, has become impractical to use, and/or is otherwise not readily ascertainable from the Federal Home Loan Mortgage Corporation.

State of Kansas

Office of the Governor

Executive Directive No. 17-482
Authorizing Personnel Transactions

By virtue of the authority vested in the Governor as the head of the Executive Branch of the State of Kansas, the following transaction is hereby authorized:

The request of Kraig Knowlton, Director of Personnel Services, to assign the following job classifications to the pay grades set out below and place current employees in these job classifications on the same step of the new pay grade is hereby approved, effective August 27, 2017.

Job Classification	Pay Grade
Corrections Officer IA	19
Juvenile Corrections Officer IA	19
Corrections Officer IB	20
Juvenile Corrections Officer IB	20
Corrections Officer II	21
Juvenile Corrections Officer II	22
Corrections Specialist	24
Corrections Supervisor I	24
EAI Investigator	24
Juvenile Corrections Officer III	25
Corrections Supervisor II	26

EAI Supervisor	26
Corrections Supervisor III	28

The request of Kraig Knowlton, Director of Personnel Services, to establish step 7 of the assigned pay grades as the entry rate for the above referenced job classifications at the Kansas Department of Corrections and all Correctional Facilities except for the El Dorado Correctional Facility in Butler County, Kansas is hereby approved, effective August 27, 2017.

The request of Kraig Knowlton, Director of Personnel Services, to establish step 10 of the assigned pay grades as the entry rate for the following job classifications at the El Dorado Correctional Facility in Butler County, Kansas is hereby approved, effective August 27, 2017.

Corrections Officer IA	Corrections Supervisor I
Corrections Officer IB	Corrections Supervisor II
Corrections Officer II	

The request of Kraig Knowlton, Director of Personnel Services, to establish step 11 of pay grade 17 as the entry rate for the Mental Health/Developmental Disability Technician job classification at the Larned State Hospital in Pawnee County, Kansas is hereby approved, effective August 27, 2017.

I have conferred with the Secretary of Administration, the Director of the Budget, the Director of Personnel Services, and members of my staff, and I have determined that the requested action is appropriate.

Dated August 24, 2017

Sam Brownback
Governor

Doc. No. 045688

State of Kansas

Office of the Governor

Executive Order 17-03 for Regional Emergencies
Conditional and Temporary Relief from
Motor Carrier Rules and Regulations

WHEREAS, K.S.A. 48-925(b) provides that the Governor may issue orders and proclamations which shall have the force and effect of law under subsection (b) of K.S.A. 48-924: and

WHEREAS, on the 25th day of August, 2017, the President of the United States declared a major disaster for the state of Texas under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq., as a result of damage caused by Hurricane Harvey; and

WHEREAS, this disaster has caused an interruption in the operation and delivery of essential services and supplies, destroyed crucial infrastructure, threatens physical harm, and endangers the public welfare; and

WHEREAS, these conditions require the operation of motor carriers and drivers of commercial motor vehicles for the purposes of providing direct assistance to supplement local, state, and federal efforts in relief and restoration efforts in the affected areas in the state of Texas.

(continued)

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby acknowledge a state of emergency exists in Texas and declare it necessary to assist and expedite disaster recovery efforts. In order to accommodate this need and to provide assistance to the citizens of Texas in this hazardous situation, I hereby order the following:

1. This declaration only applies to those motor carriers and persons operating commercial motor vehicles directly participating in the relief and restoration effort; and
2. In accordance with Title 49 C.F.R. § 390.23, Kansas will honor the President's relief of C.F.R.s § 390-399; and
3. The licensing, certification, and permitting rules and regulations as required by the Kansas Corporation Commission are temporarily suspended; and
4. The registration and fuel tax permits as enforced by the Kansas Department of Revenue are temporarily suspended; and
5. Motor carriers participating in restoration and relief efforts must still obtain the requisite over dimension/overweight permits as required by the Kansas Department of Transportation prior to operating; however, the fees associated with these permits are temporarily waived; and
6. Participating motor carriers bringing foliage for livestock are limited to a load that does not exceed 12 feet in width and does not exceed a height of 14 feet, six inches; and
7. All other applicable state and federal regulations shall apply to include but not limited to: Title 49 C.F.R. Part 382, Controlled Substances and Alcohol Use and Testing; the Kansas Motor Vehicle Driver's License Act, K.S.A. 8-234 *et. seq.* and Title 49 C.F.R. Part 383 Commercial Driver's License Standards as adopted by the Kansas Uniform Commercial Drivers' License Act, K.S.A. 8-2,125 *et. seq.*, the federal Minimum Levels of Financial Responsibility (insurance requirements) Title 49 C.F.R. Part 387 as adopted by K.A.R. 82-4-3n and state insurance requirements as provided in K.A.R. 82-4-23; and, adherence to the regulations governing the Transportation of Hazardous Materials as provided Title 49 C.F.R. 397 and adopted by K.A.R.82-4-3k and Parts: 107, 171-173, 177, 178 and 180 as adopted by K.A.R.82-4-20.

FURTHER, This document shall be in force and effect through the duration of the motor carrier's assistance in the disaster relief effort, not to exceed a period of thirty (30) days from the date of the signing of this order, unless rescinded or expanded by executive order or concurrent resolution of the legislature. This document shall be filed with the Secretary of State as Executive Order 17-03 and shall become effective immediately.

Dated August 30, 2017.

Sam Brownback
Governor

(Published in the Kansas Register September 7, 2017.)

Geary County, Kansas

Notice of Intent to Seek Private Placement General Obligation Bonds, Series 2017

Notice is hereby given that Geary County, Kansas (the "Issuer") proposes to seek a private placement of the above-referenced bonds (the "Bonds"). The maximum aggregate principal amount of the Bonds shall not exceed \$130,000. The proposed sale of the Bonds is in all respects subject to approval of a bond purchase agreement between the Issuer and the purchaser of the Bonds and the adoption of a resolution by the governing body authorizing the issuance of the Bonds and the execution of various documents necessary to deliver the Bonds.

Dated August 28, 2017.

Department for Children and Families

Notice of Revised TANF State Plan

The State of Kansas will submit by October 1, 2017, an updated TANF State Plan for administration of the block grant to states for Temporary Assistance for Needy Families (TANF). TANF provides assistance to low-income families with children and provides parents with job preparation, work, and supportive services to enable them to leave the program and become self-reliant.

Copies of the state plan are available by contacting the Kansas Department for Children and Families (DCF) at 785-296-2968. Comments should be sent by September 22, 2017, to Judy Kennedy of the Kansas Department for Children and Families, 555 S. Kansas Ave., 4th Floor, Topeka, KS 66603. Comments may also be faxed to 785-296-6960 or emailed to Judy.C.Kennedy@ks.gov.

State of Kansas

Department of Wildlife, Parks and Tourism

Public Notice

The Kansas Department of Wildlife, Parks and Tourism is providing notice of development of a joint recovery plan for two fish species; the Redspot Chub (*Nocomis asper*) and the Hornyhead Chub (*Nocomis biguttatus*). The department is required to develop recovery plans for species designated by the state as threatened, endangered, and species in need of conservation. The Redspot Chub and Hornyhead Chub are designated threatened species in Kansas by K.A.R. 115-15-1. A recovery plan is defined as "a designated strategy or methodology that, if funded and implemented, is reasonably expected to lead to the eventual restoration, maintenance, or delisting of a species."

The recovery planning process includes involvement of a local advisory committee. Anyone desiring additional information about the recovery plans for these species may contact the Ecological Services Section of the Department of Wildlife, Parks and Tourism, 512 SE 25th Ave., Pratt, KS 67124, 620-672-5911.

Criminal Justice Coordinating Council

Notice of Available Grant Funding

The Kansas Criminal Justice Coordinating Council (KCJCC) establishes the guidelines for the Federal Edward Byrne Memorial Justice Assistance Grant (JAG). The JAG program is authorized by federal law 42 U.S.C. 3251(a). The KCJCC and the federal JAG program guidelines establish eligibility criteria that must be met by all organizations that receive JAG funds. Grant funds may be awarded to units of state and local government, Native American Tribes, and nonprofit, community, and faith-based organizations. The primary use of JAG is to support the following purpose areas: (1) law enforcement programs, (2) prosecution and court programs, (3) prevention and education programs, (4) corrections and

community corrections programs, (5) drug treatment and enforcement programs, (6) planning, evaluation and technology improvement programs, and (7) crime victim and witness programs. Grant funds must be requested within one or more of the seven purpose areas. Grant funds are available for the funding period of October 1, 2017, through September 30, 2018. This grant is competitive and there is a yearly application process with no guarantee of continued funding. *This grant opportunity is subject to funding from the United States Department of Justice and may be reduced or rescinded based on guidance or interpretation of grant terms and conditions made by the federal government, including but not limited to applicants' compliance with 8 U.S.C. § 1373.*

In distributing grant funds, priority will be given to applications that clearly support the objectives of the 2015-2018 Kansas Statewide Strategic Plan and to local government applicants who are not eligible to apply directly to the Federal Bureau of Justice Assistance for JAG funding. A copy of the Strategic Plan, as well as a copy of the JAG solicitation, may be downloaded at [http://www.grants.ks.gov/opportunities/edward-j-byrne-memorial-justice-assistance-grant-\(jag\)](http://www.grants.ks.gov/opportunities/edward-j-byrne-memorial-justice-assistance-grant-(jag)). The solicitation is also available on the Governor's Grant Portal at <https://www.kansas.gov/grants/index.do>.

All grant applications must be submitted via the Governor's Grant Portal by 11:59 p.m. October 2, 2017. To quickly locate the grant in the grant portal, use "JAG" for the keyword in your search. For more information, contact the Governor's Grants Program at 785-291-3205.

State of Kansas

Department of Health and Environment

Public Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Contained in the permit is a schedule of compliance requiring the permittee to submit an engineering report and recommendations by October 1, 2018.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Halstead, City of PO Box 312 Halstead, KS 67056	Little Arkansas River	Treated Domestic Wastewater

Kansas Permit No. M-LA06-OO01 Federal Permit No. KS0026263

Legal Description: NW¼, NE¼, SW¼, S1, T24S, R2W, Harvey County, KS

(continued)

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, ammonia, E. coli, and pH, as well as monitoring for total phosphorus, nitrate + nitrite, total Kjeldahl nitrogen, total nitrogen, total recoverable arsenic and selenium, chloride, and flow.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Haven, City of PO Box 356 Haven, KS 67543	Gar Creek	Treated Domestic Wastewater
Kansas Permit No. M-AR41-OO01	Federal Permit No. KS0116815	
Legal Description: E½, SW¼, S4, T25S, R4W, Reno County, KS		

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The proposed permit contains limits for biochemical oxygen demand and total suspended solids, as well as monitoring for ammonia, E. coli, chlorides, nitrate, and pH. Contained in the permit is a schedule of compliance requiring the permittee to submit notification of consistent compliance by March 2019. If facility is not able to consistently meet limits an engineering report and upgrade evaluation must be submitted by September 2019.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Haysville, City of PO Box 404 Haysville, KS 67060	Cowskin Creek	Treated Domestic Wastewater
Kansas Permit No. M-AR43-OO04	Federal Permit No. KS0090921	
Legal Description: SW¼, SW¼, NE¼, & SE¼, SE¼, NW¼, S5, T29S, R1E, Sedgwick County, KS		

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, ammonia, E. coli, whole effluent toxicity, and pH, as well as monitoring for total phosphorus, total Kjeldahl nitrogen, nitrate + nitrite, total nitrogen, priority pollutants, flow.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Kingman, City of PO Box 168 Kingman, KS 67068	South Fork Ninnescah River	Treated Domestic Wastewater
Kansas Permit No. M-AR52-OO02	Federal Permit No. KS0095982	
Legal Description: S½, NE¼, S5, T28S, R7W, Kingman County, KS		

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, pH, ammonia, E. coli, as well as monitoring for total phosphorus, total Kjeldahl nitrogen, nitrate + nitrite, total nitrogen, chlorides and flow.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Maize, City of PO Box 245 Maize, KS 67101	Big Slough Creek Lower Arkansas River	Treated Domestic Wastewater
Kansas Permit No. M-AR58-OO02	Federal Permit No. KS0092258	
Legal Description: SW ¼, SW ¼, SW ¼, S17, T26S, Range 1W, Sedgwick County, KS		

The proposed action is to reissue an existing state/NPDES permit for an existing facility. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, ammonia, E. coli, and pH, as well as monitoring for total phosphorous, nitrate + nitrite, total Kjeldahl nitrogen, total nitrogen, and flow.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Pratt, City of PO Box 807 Pratt, KS 67124	South Fork Lower Arkansas River	Treated Domestic Wastewater
Kansas Permit No. M-AR73-OO01	Federal Permit No. KS0049751	
Legal Description: SW¼, SW¼, NW¼, N½, NW¼, SW¼, S2, T28S, R13W, Pratt County, KS		

The proposed action is to reissue an existing state/NPDES permit for an existing facility. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, pH, ammonia, and E. coli, as well as monitoring for total phosphorus, total Kjeldahl nitrogen, nitrate + nitrite, total nitrogen, chlorides, and flow.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Sedgwick, City of PO Box 131 Sedgwick, KS 67135	Sand Creek Little Arkansas River	Treated Domestic Wastewater
Kansas Permit No. M-LA15-OO02	Federal Permit No. KS0081108	
Legal Description: SE ¼, SW ¼, SW ¼, S27, T24S, Range 1W, Harvey County, KS		

The proposed action is to reissue an existing state/NPDES permit for an existing facility. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, ammonia, E. coli, and pH, as well as monitoring for dissolved oxygen, total phosphorous, nitrate + nitrite, total Kjeldahl nitrogen, total nitrogen, and flow.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Valley Center, City of PO Box 188 Valley Center, KS 67147	Little Arkansas River	Treated Domestic Wastewater
Kansas Permit No. M-LA16-OO02	Federal Permit No. KS0099074	
Legal Description: SW ¼, SW ¼, SE ¼, S36, T25S, Range 1W, Sedgwick County, KS		

The proposed action is to reissue an existing state/NPDES permit for an existing facility. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, pH, ammonia, and E. coli, as well as monitoring for total phosphorus, total Kjeldahl nitrogen, nitrate + nitrite, total nitrogen, total recoverable mercury, and flow.

Public Notice No. KS-PT-17-011

The requirements of the draft permits public noticed below are pursuant to the Kansas Administrative Regulations 28-16-82 through 28-16-98, and U.S. Environmental Protection Agency Pretreatment Regulation 40 CFR 403.

Name and Address of Applicant	Receiving Facility	Type of Discharge
Timken SMO, LLC 2601 W. Battlefield Road Springfield, MO 65807	Fort Scott WWTP	Process Wastewater
Kansas Permit No. P-MC11-OO03 Federal Tracking Number: KSP000115		
Facility Name: Timken SMO, LLC		
Facility Location: 4504 Campbell Drive, Fort Scott, KS 66701		

The proposed action consists of reissuing an existing pretreatment permit for an existing facility. This facility manufactures natural and synthetic rubber transmission belts. No rubber blending or mixing occurs on-site and no lead-sheathed hoses are produced. Wastewater from the rubber processing operations are discharged from four Outfalls on a batch basis. The proposed permit contains limits for oil & grease, as well as monitoring of lead and flow.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas 66612-1367.

All comments regarding the draft documents or application notices received on or before **October 7, 2017**, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-17-171/182, KS-AG-R-019, KS-Q-17-108/118, KS-PT-17-011) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Department of Health and Environment

Notice Application for a Household Hazardous Waste Facility Permit

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed solid waste processing permit. McPherson Area Solid Waste Utility (MASWU) has submitted an application in accordance with the provisions of K.S.A. 35-6407 et al. MASWU is proposing to establish a new household hazardous waste (HHW) facility. The facility would accept household hazardous waste from McPherson County residents.

The new HHW facility would be located at 1682 Limestone Road, McPherson, Kansas, in an existing building on the same property as MASWU's permitted transfer station and composting facility. The legal description is the southeast quarter of Section 23, Township 19 S, Range

03 W, McPherson County. The new HHW facility would replace the existing HHW facility located at 1481 Pueblo Road. KDHE has reviewed the application and found it to be in conformance with the state solid waste statutes and regulation.

A copy of the proposed permit, permit application, and all information regarding this permit action is available for public review from Friday, September 8, 2017, through Monday, October 9, 2017, during normal business hours, Monday through Friday, at the following locations:

Kansas Department of Health and Environment
Solid Waste Processing Group
Bureau of Waste Management
1000 SW Jackson, Suite 320
Topeka, KS 66612-1366
Contact: Stacey Baalman
785-296-1596

McPherson County Clerk
117 N. Maple
McPherson, KS 67460
Contact: Hollie Melroy
620-241-3656

Additionally, the permit application form with primary application information is available for public viewing via the Internet at <http://www.kdheks.gov/waste>. Anyone wishing to comment on the draft permit information should submit written statements postmarked no later than Monday, October 9, 2017, to Stacey Baalman (KDHE) or by email to stacey.baalman@ks.gov. After consideration of all comments received, the Director of the Division of Environment will make a final decision on whether to issue the permit. Notice of the decision will be given to anyone who submitted written comments during the comment period and those who requested notice of the final permit decision.

Susan Mosier, MD, MBA, FACS
Secretary and State Health Officer

Doc. No. 045698

State of Kansas

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Thursday, September 21, 2017, in the offices of the Kansas Development Finance Authority (KDFA), 534 S. Kansas Ave., Suite 800, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 000985 Maximum Principal Amount: \$187,500.00. Owner/Operator: David L Yutzy; Description: Acquisition of 155.8 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for David L Yutzy (the "Beginning Farmer") and is located at the Northwest Quarter of Section 15, Township 25 South, Range 7 West in Reno County Kansas, approximately 5.5 miles south and 1.25 miles east of Partridge, Kansas.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

Tim Shallenburger
President

Doc. No. 045699

State of Kansas

Department of Health and Environment

Notice of Public Hearing on Proposed
Administrative Regulations

The Kansas Department of Health and Environment (KDHE), Division of Environment, Bureau of Air, will conduct a public hearing at 10:00 a.m. Wednesday, November 15, 2017, in the Flint Hills Conference Room, third floor, Curtis State Office Building, 1000 SW Jackson, Topeka, Kansas, to consider the proposed revocation of K.A.R. 28-19-202 and the adoption of proposed amended regulations K.A.R. 28-19-516 and 28-19-517, all regarding air quality. Upon adoption of these proposed amended regulations, KDHE will submit these regulations to the U.S. Environmental Protection Agency (USEPA) as a revision to the approved State of Kansas Part 70 Operating Permit Program.

A summary of the proposed regulations and the estimated economic impact follows:

Summary of Regulations:

K.A.R. 28-19-202. Annual emissions fee. KDHE is proposing to revoke the current annual emissions fee regulation K.A.R. 28-19-202 under general provisions and combine it with the annual emissions inventory requirements of K.A.R. 28-19-517 under the Class I Operating Permit regulations, K.A.R. 28-19-500 et seq.

K.A.R. 28-19-516. Class I operating permits; application fees. KDHE is proposing to increase all application fees specified in K.A.R. 28-19-516 to supplement the Class I Operating Permit Program fee schedule. Additionally, KDHE is proposing to eliminate the existing language in K.A.R. 28-19-516(c) allowing a reduction of fee by the amount paid in annual emission fees.

K.A.R. 28-19-517. Class I operating permits; annual emissions inventory and fees.

KDHE is proposing to incorporate new emissions fee language in K.A.R. 28-19-517 applicable to only sources required to submit an annual emission inventory pursuant to K.A.R. 28-19-517. KDHE is proposing to increase the emissions fee from the existing \$37.00 per ton to \$53.00 per ton for calendar year 2018 and beyond, establish a base annual emission fee of \$1,000, establish the option for an electronic submittal or paper submittal with associated fee, and amend language concerning late fees, refunds, and credits to encourage timely submission and discourage inaccurate reporting.

Economic Impact:

The proposed amendments impose no additional costs to the implementing agency, other governmental agencies, units, or the general public.

Costs to the regulated community and consumers: Class I sources required to apply for a Class I operating permit or renewal pursuant to K.A.R. 28-19-516 will incur a cost ranging from \$750 to \$3000 per application. KDHE projects an increase in revenue associated with these amendments to be approximately \$158,600 annually. Class I sources required to submit an annual emissions inventory pursuant to K.A.R. 28-19-517 will incur a cost

in emissions fees ranging from \$1,000 to \$53 per ton of emissions. KDHE projects an increase of revenue associated with all proposed amendments to K.A.R. 28-19-517 to be approximately \$335,726 for fees received beginning in 2018 from those received in 2016. The cumulative increase in costs to the regulated community in 2018 for all proposed amendments is projected to be approximately \$592,746 from fees collected in 2016.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to 5:00 p.m. on the day of the hearing to Melissa McDonald, Kansas Department of Health and Environment, Bureau of Air, 1000 SW Jackson, Suite 310, Topeka, KS 66612, by email to Melissa.McDonald@ks.gov, or by fax to 785-296-7455. During the hearing, all interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations as well as an opportunity to submit their written comments. In order to give each individual an opportunity to present their views, it may be necessary for the hearing officer to request that each presenter limit an oral presentation to an appropriate time frame.

Complete copies of the proposed regulations and the corresponding regulatory impact statement may be obtained from the KDHE Bureau of Air website at <http://www.kdheks.gov/bar/regs/pnregs.html> or by contacting Melissa McDonald at the address above, 785-296-5610 or fax 785-296-7455. Copies may also be viewed at the following locations:

- Department of Air Quality, Unified Government of Wyandotte County–Kansas City, Kansas Health Department, 619 Ann Ave., Kansas City, Kansas
- Johnson County Environmental Department, 11811 S. Sunset, Suite 2700, Olathe, Kansas
- Curtis State Office Building, 1000 SW Jackson St., Suite 310, Topeka, Kansas
- KDHE Northeast District Office, 800 W. 24th St., Lawrence, Kansas
- KDHE Northwest District Office, 2301 E. 13th St., Hays, Kansas
- KDHE North Central District Office, 2501 Market Place, Suite D, Salina, Kansas
- KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita, Kansas
- KDHE Southeast District Office, 1500 W. 7th St., Chanute, Kansas
- KDHE Southwest District Office, 302 W. McArtor Road, Dodge City, Kansas
- Wichita-Sedgwick County Dept. of Community Health, 1900 E. 9th St., Wichita, Kansas

Questions pertaining to the proposed regulations should be directed to Melissa McDonald at the contact information above.

Any individual with a disability may request accommodation in order to participate in the public hearing

(continued)

and may request the proposed regulations and the regulatory impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Melissa McDonald.

Susan Mosier, MD, MBA, FACS
Secretary and State Health Officer

Doc. No. 045689

State of Kansas

Department of Agriculture Division on Water Resources

Permanent Administrative Regulations

Article 5.—CHANGE IN THE PLACE OF USE, THE POINT OF DIVERSION OR THE USE MADE OF WATER UNDER AN EXISTING WATER RIGHT

5-5-9. Approval of application for a change in the use made of water from irrigation to any other type of beneficial use of water. (a) The approval of a change in the use made of water from irrigation to any other type of beneficial use of water shall not be approved if the change will cause the net consumptive use from the local source of water supply to be greater than the net consumptive use from the same local source of water supply by the original irrigation use based on the following requirements:

(1) The maximum annual quantity of water to be allowed by the approved change shall be the authorized quantity of the water right multiplied by the consumptive use percentage specified for the county within which the change is approved, as shown on the department's map titled "consumptive use percentages in Kansas, by county," dated August 3, 2017 and hereby adopted by reference.

(2) In determining whether the net consumptive use of water will be increased by the proposed change in the use made of water, the applicant shall be given credit by the chief engineer for any return flows from the proposed type of beneficial use of water that will return to the same local source of supply as the return flows from the originally authorized type of beneficial use of water, as substantiated by the applicant to the satisfaction of the chief engineer by an engineering report or similar type of hydrologic analysis.

(3) The authorized quantity to be changed to the new type of beneficial use of water shall never exceed the maximum annual quantity authorized by the water right.

(4) If a water right that overlaps the authorized place of use of one or more other water rights, either in whole or in part, is being changed to a different type of beneficial use of water, the total net consumptive use of all water rights after the change is approved shall not exceed the total net consumptive use of all of the rights before the change is approved.

(5) The approval for a change in the use made of water shall also be limited by that quantity reasonable for the use proposed by the change in the use made of water in order to prevent waste pursuant to K.A.R. 5-1-1.

(b) Upon request of the applicant, the historic net consumptive use actually made during the perfection period, or before June 28, 1945 for vested rights, under the water right proposed to be changed shall be considered by the chief engineer. The burden shall be on the owner to document that historic net consumptive use with an engineering study, or equivalent documentation and analysis, and demonstrate to the satisfaction of the chief engineer that the analysis submitted by the applicant is a more accurate estimate of the historic net consumptive use than the net consumptive use calculated using the methodology specified in paragraph (a)(1).

(c) If the methods specified in subsection (a) produce an authorized annual quantity of water that could result in impairment of other water rights, the chief engineer shall make a site-specific net consumptive use analysis to determine the quantity of water that was actually beneficially consumed under the water right. If the water right is within a groundwater management district and the district has additional site-specific data available, the data may be submitted to the chief engineer for consideration. The quantity approved shall be limited to the quantity determined to be reasonable by the chief engineer's analysis.

(d) A term permit that would increase the consumptive use of the water right or would otherwise circumvent the limits specified in this regulation shall not be issued to any applicant. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 2016 Supp. 82a-708b; effective Nov. 28, 1994; amended Sept. 22, 2017.)

5-5-10. Partial changes in the use made of water from irrigation to another type of beneficial use of water. (a) If an irrigation right is to be divided and only a portion of the rate and quantity will be changed to a different beneficial use of water, only that portion of the annual quantity of the water right being changed to a different type of beneficial use of water shall be reduced as necessary to prevent the net consumptive use from increasing.

(b) The authorized place of use for the irrigation right may be reduced in proportion to the reduction in annual quantity caused by the change. If the irrigator wants to retain more than that person's proportional allotment of acres after the change, the procedures specified in K.A.R. 5-5-11(b)(2)(B)(ii) shall be followed to determine whether the irrigator shall be allowed to retain more acreage.

(c) The authorized rate of diversion shall be divided between the irrigation use and the non-irrigation use. Each reasonable division of the rate by the parties shall be approved. A reasonable division of the rate shall be based on the actual rate of withdrawal at the time of the application and the existing physical conditions of the water source at the time of the application. The division of the maximum rate of diversion shall not be required to be proportional to the division of the quantity if the division of the rate of diversion is reasonable to divert each portion of the annual quantity of water after the division of the water right is made.

(d) The division of the annual quantity shall be calculated as follows:

(1) Calculate the maximum quantity that could be changed to another type of beneficial use of water if the entire water right were changed pursuant to K.A.R. 5-5-9(a)(1).

(2) Divide the annual quantity sought to be changed to the new beneficial use of water by the maximum quantity that could be changed if the entire water right were changed.

The result shall be the percentage of the entire reduced water right that will be changed to the new beneficial use of water. The remaining percentage of the current water right may be retained by the irrigation water right owner.

(3) Multiply the remaining percentage times the total currently authorized quantity. The result shall be the annual quantity of water that may be retained by the irrigation water right owner. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 2016 Supp. 82a-708b; effective Nov. 28, 1994; amended Sept. 22, 2017.)

5-5-16. Additional wells. (a) An application to change a point of diversion by adding an additional point of diversion to divert groundwater, by either constructing a new well or moving a portion of a water right to a well that has previously been authorized by the chief engineer, shall not be approved unless the application meets the following requirements:

(1) Each proposed point of diversion shall meet the requirements of K.S.A. 82a-708b, and amendments thereto, and any applicable regulations adopted by the chief engineer.

(2) The total maximum quantity of water authorized to be diverted each calendar year by the original well or wells, and the additional well or wells, shall not exceed any of the following limits:

(A) The maximum annual quantity of water that has been perfected;

(B) the maximum annual quantity of water authorized to be diverted before approval of the change; or

(C) the maximum consumptive use of water during the perfection period as required by K.A.R. 5-5-3 and as specified in either of the following:

(i) If the water right authorizes the use of water for irrigation use, the consumptive use of water shall be presumed to not be increased in violation of K.A.R. 5-5-3 if the maximum annual quantity requested does not exceed the quantity in acre-feet calculated by use of the following formula: multiply the maximum number of acres legally irrigated in any one year during the perfection period by the 80 percent chance net irrigation requirements (N.I.R.), as specified in K.A.R. 5-5-12 expressed in acre-feet, and divide that number by a delivery efficiency of 0.85; or

(ii) if the water right authorizes the use of water for irrigation and an additional well or wells are authorized for a beneficial use of water that is not irrigation, the consumptive use of the portion of the water right used for irrigation shall be determined as specified in paragraph (a)(2)(C)(i). The non-irrigation portion of the water right available for diversion shall be determined as specified in K.A.R. 5-5-9 and K.A.R. 5-5-10.

(3) The total maximum rate of diversion that may be authorized for the original well or wells and the additional well or wells shall not be greater than the total maximum rate of diversion that could have been diverted from the original well or wells if they were currently being replaced by new wells at substantially the originally authorized location or locations in the same local source of supply. The maximum rate of diversion shall be one of the following:

(A) The total rate of diversion based on a current water flow rate test done on the point or points of diversion; or

(B) a value resulting from a hydraulic analysis, which may include rate tests, pump tests, and water level data, submitted by the applicant and acceptable to the chief engineer based on the veracity of its data and its proper application of scientific principles, showing the current capacity of the aquifer to yield water at the currently authorized point or points of diversion.

(4) A condition shall be placed on the approval of the application for change authorizing the additional well or wells that provides that, for the sole purpose of administering wells concerning direct impairment, the additional well or wells shall be considered to have the priority of the date the application was filed to add the additional well or wells.

(b) The applicant shall submit the following information:

(1) A well completion log of the currently authorized well or a stratigraphic log of a test hole located within 300 feet of the currently authorized well;

(2) the depth of the currently authorized well;

(3) the current depth to the static water level of the currently authorized well;

(4) a stratigraphic log of a test hole located within 300 feet of the proposed location of each of the proposed additional well or wells; and

(5) any additional information that the chief engineer may require to understand the nature of the proposed additional well or wells.

(c) The proposed additional well or wells shall meet one of the following conditions:

(1) Meet the well spacing requirements to all other wells with a priority earlier than the date on which the change application was filed; or

(2) demonstrate by a hydraulic analysis, which may include rate tests, pump tests, and water level data, as submitted by the applicant and acceptable to the chief engineer based on the veracity of its data and its proper application of scientific principles, that the approval of an additional well within 300 feet of a currently authorized well location, or within the geographic center of a currently authorized battery of wells, will neither impair any water rights senior to the date on which the application for change was filed nor prejudicially affect the public interest.

(d) Each point of diversion authorized by an approval of an application for change for an additional well shall have a specific assignment of a maximum instantaneous rate of diversion and a maximum annual quantity of water.

(e) Each well authorized by a water right that has been changed under the provisions of this regulation shall be equipped with a separate water flowmeter that meets or exceeds the specifications for water flowmeters adopted by the chief engineer.

(f) Each approval of an additional well or wells shall have a condition that reserves jurisdiction for the chief engineer to review the approval of the additional well or wells at intervals of at least five years, and not more than 10 years, to determine if the total annual quantity of water actually being withdrawn by all wells authorized by the approval of an application for change is exceeding the

(continued)

total annual quantity of water that could have been physically withdrawn if the additional well or wells had not been approved. If the chief engineer determines during the review that the total annual quantity being withdrawn by all the wells, including the additional wells, exceeds the total annual quantity of water that could have been physically withdrawn by the original well or wells, the total maximum annual quantity that can be withdrawn by all the wells shall be reduced by the chief engineer to the total maximum annual quantity that could have been physically withdrawn by the original well or wells. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 2016 Supp. 82a-708b; effective Sept. 22, 2000; amended Oct. 24, 2003; amended Sept. 22, 2017.)

Article 14.—ENFORCEMENT AND APPEALS

5-14-11. Civil fines; water use reporting. (a) Any owner of a water right or approval of application may be assessed a civil penalty of \$1,000 per year for each water right or approval of application for which the owner does not perform the following:

- (1) Timely submit an annual water use report pursuant to K.S.A. 82a-732, and amendments thereto; and
(2) submit a complete and accurate water use report pursuant to K.S.A. 82a-732, and amendments thereto.

(b) If the owner submits both the complete and accurate water use report and payment of the civil penalty after March 1 but before June 1, the civil penalty per water right or approval of application may be reduced to \$250 for each water right or approval of application.

If the owner submits the reduced civil penalty but not the water use report after March 1, the civil penalty may increase on June 1 to the maximum civil penalty of \$1,000 for each water right or approval of application. The initial reduced civil penalty received after March 1 but before June 1 shall be applied toward the maximum civil penalty owed. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a, K.S.A. 2016 Supp. 82a-732, and K.S.A. 2016 Supp. 82a-737; effective Oct. 24, 2003; amended Sept. 22, 2017.)

David W. Barfield, P.E.
Chief Engineer

Permanent Administrative Regulations

Article 10.—PUBLIC LIVESTOCK MARKETS

9-10-33a. Electronic auctions; health certificates.

For each electronic auction, the costs associated with issuance of the health certificate required under K.S.A. 47-1008, and amendments thereto, shall be paid by the consignor. Each of these health certificates shall meet the requirements of K.A.R. 9-10-3. (Authorized by and implementing K.S.A. 2016 Supp. 47-1008; effective, T-9-8-29-00, Aug. 29, 2000; effective Dec. 29, 2000; amended Sept. 22, 2017.)

9-10-40. License fees and renewals. (a) As part of the application for a public livestock market license, each owner or operator shall pay a license application fee of \$375 to the commissioner.

(b)(1) Each owner or operator of a public livestock market shall pay an annual license fee of \$250 on or before June 30.

(2) Each owner or operator of an electronic auction shall pay an annual license fee of \$250 on or before June 30, except as specified in this paragraph. If the owner or operator of an electronic auction is also the owner or operator of a public livestock market, the annual fee for the electronic auction license shall be \$125.

(c) Each license shall expire annually on June 30, pursuant to K.S.A. 47-1001e and amendments thereto.

(d) It shall be illegal to operate a public livestock market or conduct an electronic auction without a valid license, pursuant to K.S.A. 47-1001e and amendments thereto. (Authorized by and implementing K.S.A. 47-1001a and K.S.A. 2016 Supp. 47-1001e; effective Sept. 22, 2017.)

Jackie McClaskey
Secretary of Agriculture

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the Kansas Register issue in which more information can be found. Temporary regulations are designated with a (T) in the Action column. This cumulative index supplements the 2009 Volumes of the Kansas Administrative Regulations and the 2016 Supplement of the Kansas Administrative Regulations.

AGENCY 1: DEPARTMENT OF ADMINISTRATION

Table with 3 columns: Reg. No., Action, Register. Row 1: 1-2-74, Amended, V. 35, p. 1093

Table with 4 columns: Regulation Number, Action, Register, Reference. Rows include 1-6-23, 1-9-23, 1-14-8, 1-14-10, 1-16-4, 1-16-8, 1-16-15, 1-16-18, 1-16-18a, 1-39-1 through 1-39-4, and 1-39-4 Revoked.

AGENCY 4: DEPARTMENT OF AGRICULTURE

Table with 3 columns: Reg. No., Action, Register. Rows include 4-5-1, 4-5-2, 4-5-4

AGENCY 5: DEPARTMENT OF AGRICULTURE—DIVISION OF WATER RESOURCES

Table with 3 columns: Reg. No., Action, Register. Rows include 5-1-1, 5-3-6a, 5-12-1, 5-14-10, 5-14-12, 5-21-3, 5-21-6, 5-22-7, 5-23-4, 5-23-4b, 5-24-2, 5-25-21

AGENCY 7: SECRETARY OF STATE

Table with 3 columns: Reg. No., Action, Register. Row 1: 7-23-16, New (T), V. 35, p. 662
