Schedule/Deadlines

Letters of Interest (LOIs) are due on or before 12:00 p.m. (CST) March 22, 2019, to be delivered via email to james.richardson@ks.gov. Evaluation and ranking of submissions will occur on or about March 29, 2019, after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about April 2, 2019. An agreement should be in place on shortly after negotiations start. The contractor should start on the project sometime around March 2019.

Scope of Services to be Performed

KDOT will provide the project manager and many inspectors. The needed inspector(s) must be capable and possess the required certifications to inspect any work on the project, which includes all material testing of items such as subgrade, base, cement treated base (QA only), concrete, HMA Paving/HMA Plant operations, PCCP Paving/Plant (QA only), and any other material testing needed on this large project. Inspector(s) must complete all paperwork associated with the material testing. Anticipated staffing needs: Provide one project inspector full time during construction seasons. There may be additional inspectors needed, estimated at two, that will fluctuate throughout the project depending on the project needs. Provide all inspectors as needed to ensure inspection and material testing for this project are done correctly. Provide all the equipment necessary to inspect and test materials, except KDOT will supply equipment for the HMA plant and concrete testing equipment. Construction is anticipated to be completed in 205 working days, this is expected to span both the 2019 through 2021 construction season. There may not be a need for inspection over the winters.

Instructions for Letter of Interest

No costs shall be contained in the LOI. The LOI must not exceed four (4) pages total (including any cover letter, index, etc.) and 2MB to address the pertinent topics. LOIs submitted will consist of the Letter of Interest AND a completed and signed Special Attachment No. 7 ("Certificate of Final Indirect Costs"), a completed and signed Special Attachment No. 8 ("Tax Clearance Certificate"), and a signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment"). Completed Special Attachments do not count against the four-page technical proposal submission. All these forms are attached to the original email announcement.

LOIs shall indicate the consultant's ability to meet the project inspection needs described above. LOIs shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce the desired results described above under "Scope of Services to be Performed." The LOI shall also include items such as:

- Main project inspector/tester
- History of providing inspection services on similar projects
- Availability of staff
- Familiarity with KDOT Standards and Specifications

- Any subconsultant and their role in performing the services on the project
- Names, certifications, and experience of all inspectors that will be assigned to the project

Evaluation Factors

LOIs will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors include:

1. How the consultant plans to meet the fluctuating inspection needs of the project
2. Employee names (1 full time, 2 intermittent inspectors), certifications, and qualifications proposed for services
3. Proximity of inspectors to project
4. Past performance history on similar projects (list project #'s) for KDOT
5. Types of direct expenses anticipated (lodging, mileage, etc.)
6. Computer, nuclear gauge, and mentoring experience in assisting a new engineer for KDOT.

The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Exhibits to this Technical Proposal Request

- Special Attachment No. 7 (“Certificate of Final Indirect Costs”)
- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Contract Terms and Conditions

A project inspection agreement will be written based on the present “on-call” inspection agreements. Current rate factors will be used for compensation, and special attachments for the Kansas “Tax Clearance Certificate,” and the “Certification of Final Indirect Costs” will become attachments to the contract.

Questions about this request for Letter of Interest shall be sent by email to KDOT by proposers to james.richardson@ks.gov.
