AUTHENTICATION OF RULES AND REGULATIONS

THIS IS TO CERTIFY That we, Derek Schmidt, Attorney General of and for the State of Kansas, and Scott Schwab, Secretary of State of and for the State of Kansas, pursuant to K.S.A. 77-429 have examined and compared this 2019 Supplement to the Kansas Administrative Regulations; and do hereby certify that this publication of rules and regulations contains all rules and regulations for agencies 1 through 133 approved for printing by the State Rules and Regulations Board subsequent to the publication of the corresponding bound volumes of the 2009 Kansas Administrative Regulations and otherwise complies with K.S.A. 77-415 et seq. and acts amendatory thereof.

Done at Topeka, Kansas, this 1st day of September, 2019.

DEREK SCHMIDT,
Attorney General

SCOTT SCHWAB,
Secretary of State
EXPLANATORY PREFACE

This volume has been compiled and published in accordance with K.S.A. 77-430a and other applicable laws.

ARRANGEMENT OF RULES AND REGULATIONS

Administrative rules and regulations of the various state agencies are arranged in accordance with a three-part system of numbers divided by hyphens. The first number indicates the agency; the second number indicates the article (a group of regulations of such agency upon the same subject); the last number indicates the specific section or regulation within the article. For example, “1-4-11” refers to agency No. 1, article No. 4 and section No. 11.

The law requires that agencies cite the statutory authority for the regulation and the section(s) of the statutes which the regulation implements. This is published at the end of the text of the regulation. In addition, the Secretary of State includes a history of the regulation which indicates the original effective date of the regulation and each subsequent amendment.

SALES

Volumes of the Kansas Administrative Regulations are sold by the Elections/Legislative Matters Division of the Office of the Secretary of State, First Floor, Memorial Hall, 120 SW 10th Ave., Topeka, KS 66612-1594, (785) 296-4557.

SCOTT SCHWAB, Secretary of State
COMMENTARY

This volume has been compiled and published in accordance with K.S.A. 77-430a and other applicable laws.

The 2019 Supplement contains rules and regulations filed after December 31, 2008 and before January 1, 2019. Regulations filed before January 1, 2009, are printed in the 2009 Kansas Administrative Regulations, Volumes 1-5. Regulations filed on and after January 1, 2019, may be located by checking the Kansas Register, Kansas’ official state newspaper. An index appears at the back of each Kansas Register and lists the volume and page number of the Register issue that contains the most recent version of the regulations filed after December 31, 2018.

To find the most recent version of a regulation:
1. First, check the table of contents in the most current issue of the Kansas Register
2. Then, check the Index to Regulations in the most current Kansas Register
3. Next, check the current K.A.R. Supplement
4. Finally, check the current K.A.R. Volume

If the regulation is found at any of these steps, stop. Consider that version the most recent. The most current regulations, proposed regulations open for public comment, and published regulations with a future effective date may also be found in the online K.A.R. at https://www.sos.ks.gov/pubs/pubs_kar.aspx.

To determine the authorizing and implementing statute(s), the effective date, or to see when a regulation was amended or revoked, check the history found at the end of each regulation. The authorizing and implementing statute(s) are listed first followed by any subsequent action. For example, in “amended, T-7-12-11-90, Dec. 31, 1990” the “T” means temporary, the “7” is the number assigned to the agency in the K.A.R. volumes, and 12-11-90 is the date that the regulation was filed. Following the last comma is the effective date. Therefore, the amendment was filed as a temporary regulation on December 11, 1990, and the amendment became effective on December 31, 1990. A temporary regulation becomes effective upon approval by the State Rules and Regulations Board and filing in the Secretary of State’s Office or at a later date when specified in the body of the regulation. A temporary regulation lasts 120 days unless it is amended or revoked within 120 days. If the “T number” is not included in an action on a regulation, the regulation was filed as a permanent regulation. A permanent regulation is effective 15 days following publication in the Kansas Register or at a later date specified in the body of the regulation. Prior to July 1, 1995, a permanent regulation became effective 45 days following publication in the Kansas Register or at a later date specified in the body of the regulation. The regulation remains in effect until amended or revoked.

Any questions regarding the publication or use of the K.A.R.s or questions regarding the regulation filing procedure may be directed to the Kansas Administrative Regulations Editor at 785-296-0082. For purchasing inquiries call 785-296-4557. Questions concerning the subject matter of a regulation should be directed to the agency administering the regulation.

Article 1.—RULES OF PRACTICE AND PROCEDURE

82-1-219. General requirements relating to pleadings and other papers. Except as otherwise provided in K.A.R. 82-1-231, each pleading shall contain the formal parts and meet the requirements specified in this regulation.

(a) Caption. The caption of a pleading shall include the heading, the descriptive title of the docket, and the docket number assigned to the matter by the executive director of the commission.

(1) Heading. Each pleading shall contain the heading “BEFORE THE STATE CORPORATION COMMISSION OF THE STATE OF KANSAS” which shall be centered at the top of the first page of the pleading.

(2) Descriptive title. Immediately beneath the heading, and to the left of the center of the page, shall be the descriptive title of the docket. This title shall begin with the words “In the matter of” and shall be followed by a concise statement of the matter presented to the commission for its determination, including, if appropriate, a brief description of the order, authorization, permission, or certificate sought by the party initiating the docket. The name of the party initiating the docket and the names of all other parties to whom the initial pleading is directed shall be stated in the descriptive title, followed by a designation of each party’s status in the proceeding. These designations shall include applicant, complainant, defendant, and respondent.

(3) Docket number. Upon the filing of the initial pleading in a docket, a docket number shall be assigned by the executive director of the commission, which shall be placed immediately to the right of the docket title. All pleadings filed in the docket after the formal initiation of the matter shall bear the same caption as that of the original pleading.

(b) Pleading title. The title of the pleading shall be centered immediately beneath the caption and shall describe the pleading contained in the numbered paragraphs that follow.

(c) Numbered paragraphs. Following the title of the pleading, the pertinent allegations of fact and law, in compliance with these regulations, shall be set forth in numbered paragraphs.

(d) Numbered pages. Beginning with the second page of the pleading, each page of the pleading shall be numbered consecutively.

(e) The prayer. The numbered paragraphs of the pleading shall be followed by the prayer, which shall be a concise and complete statement of all relief sought by the pleader. The prayer shall be brief, but shall be complete so that an order granting the prayer includes all of the relief desired and requested by the pleader.

(f) Subscription. Each pleading shall be personally subscribed or executed by one of the following methods:

(1) By the party making the same or by one of the parties, if there is more than one party;

(2) by an officer of the party, if the party is a corporation or association; or

(3) for the party, by its attorney. The names and the addresses of all parties shall appear either in the subscription or elsewhere in the pleading. (b) An exception to the requirements of any regulation in this article may be granted by the commission, after considering whether the exception will prevent waste, protect correlative rights, and prevent pollution. Each party requesting an exception shall file an application with the conservation division. The applicant shall publish notice of the application pursuant to K.A.R. 82-3-135a and notice of any hearing pursuant to K.A.R. 82-3-135.

82-3-101a. Procedures for determining location using global positioning system. Whenever an operator is required to report a location using a global positioning system (GPS), the operator shall obtain and report the GPS reading according to all of the following requirements:

(a)(1) The GPS unit shall be enabled by the wide area augmentation system (WAAS) when each GPS reading is taken; or

(2) if the GPS unit is not capable of using the WAAS system, the unit shall be rated by the manufacturer to be accurate to within 50 feet, at least 95 percent of the time.

(b) Each GPS reading shall be taken when the GPS unit indicates that the unit is in a stationary position for a sufficient amount of time to meet the accuracy requirement of paragraph (a)(1) or (2).

(c) Each GPS reading shall be expressed in the decimal form to the fifth place.

(d) A horizontal reference datum approved by the director shall be used and reported with each GPS reading. Acceptable horizontal reference datums shall include the following: North American datum (NAD) 27, North American datum (NAD) 83, and world geodetic system (WGS) 84. (iii) A backside squeeze shall be prohibited unless permitted by the appropriate district office with consideration of the cement evaluation method to be utilized and submitted as verification of cement placement. “Backside squeeze” shall mean the uncontrolled placement of cement from the surface into the annular space between the primary surface casing and the additional casing.

(d) Methods and materials.

(1) The operator shall use a drill bit that is at least two and one-quarter inches larger in diameter than the surface casing, when measured from the outside of the casing.

(2) The annular space between the surface casing and the borehole shall be filled with a portland cement blend and maintained at surface level.

(3) If cement does not circulate, the operator shall notify the appropriate district office immediately and perform remedial cementing sufficient to prevent fluid migration. If the surface casing is perforated, the operator shall pressure-test the surface casing according to district office specifications to ensure mechanical integrity.

(4) The use of any material other than a portland cement blend shall be prohibited.

(5) The cemented casing string shall stand and further operations shall not begin until the cement has been in place for at least eight hours and has reached a compressive strength of 300 pounds per square inch.

(A) If the surface casing is 300 feet or less, a centralizer shall be installed at the top of the shoe joint.

(B) If the surface casing is more than 300 feet, a centralizer shall be installed at approximately 300 feet and at every fourth joint of casing to the bottom of the surface casing.

(7) When total depth has been reached during drilling operations, the operator or contractor shall not move the rig off of the well until the required casing has been run or the well has been plugged. All wells that are subject to the documents adopted in paragraph (b)(2) shall be exempt from the requirements in this paragraph.

(e) Each operator of a well not in compliance with this regulation shall shut the well in until compliance is achieved.

(f) Upon written, timely request by an operator, the director may provide an exception to any of the requirements of this regulation. (b) Each common motor carrier transporting property, other than household goods, and electing to be governed by K.A.R. 82-4-48a, K.S.A. 66-304, and K.S.A. 84-7-101 through K.S.A. 84-7-603, and amendments thereto, shall issue a bill of lading for property tendered for intrastate commerce.

(c) Each bill of lading shall include the following:

(1) The name and address of the motor carrier;

(2) the name and address of the consignor and consignee;

(3) the date of shipment;

(4) the origin and destination of the shipment;

(5) the signature of the motor carrier or its agent;

(6) a description of the shipment, including the number of packages, or the weight or volume;

(7) a released value clause as prescribed in K.S.A. 84-7-309, and amendments thereto, printed on the front of the document, if applicable; and

(8) on request of the shipper, a written or electronic copy of the rate, classification, rules, and practices upon which any rate applicable to a shipment, or agreed to between the shipper and the carrier, is based. The copy provided by the carrier shall clearly state the dates of applicability of the rate, classification, rules, or practices.

(d) Bills of lading, waybills, and freight bills may be included on one form.

(e) Each transporter of crude petroleum oil, sediment oil, water, or brine shall require its drivers to possess a run ticket or equivalent documents as specified in K.A.R. 82-3-127.

(f) The documents required in subsections (a), (b), and (e) shall be held available upon request for inspection by any authorized representative of the commission, the state highway patrol, or other law enforcement officers.

(a) Each protest shall be addressed to the commission. The written notice filed with the commission shall identify the protested tariff publication sought to be postponed. (b) All motor carriers electing to be subject to an existing commission regulation dealing with one or more of the subjects specified in subsection (a) shall file written notice with the commission. The written notice filed with the commission shall specify the commission regulations that apply and provide one-day notice of adoption. If the motor carrier elects to opt out of any prior commission regulation listed in subsection (a), the motor carrier shall file written notice with the commission providing 30-day notice of abrogation. (b) All motor carriers electing to be subject to a regulation listed in subsection (a), the motor carrier shall file written notice with the commission.

82-4-53. Common motor carrier rates and charges. (a) Common motor carriers of property or passengers that are engaged in intrastate commerce in Kansas shall maintain on file with the commission a copy of the tariff publications applicable to their lines between points in Kansas. The carriers shall keep open for public inspection, at their principal offices and locations at which they have employed exclusive agents, all intrastate tariff publications applicable to their lines from or to their stations.

(b) Each change to a tariff publication shall be made subject to 30-day notice to the public and the commission, unless otherwise authorized by the commission. Tariff publications of motor carriers effecting changes resulting in increases in charges, either directly or by means of any change in the regulation or practice affecting a charge or value of service, may be filed on one-day notice to the commission and the public. Applicants granted new authority may file tariffs to become effective on one-day notice. Transferees may adopt the existing tariffs of transferors to be effective on one-day notice.

(c) Tariff publication, except general rate increases, shall not go into effect without prior approval of the commission. The publications shall be subject to protest and suspension. All publications shall be accompanied by a full and complete statement citing the reasons and justifications for the changes.

(d) General rate increases shall be made only by filing an application and after approval of the commission by written order.

(e) Protests of tariff publications shall be considered only if received by the commission at least 12 days before the published effective date of publications. Pursuant to protest or on the commission’s own motion without protest, postponement of an effective date may be ordered by the commission to permit the matter to be properly investigated. Unless otherwise ordered by the commission, publication shall become effective as filed. Publications shall not be postponed to exceed 90 days.

82-4-54. Tariff publication to become effective on less than 30-day notice. (a) Departure from the commission’s requirement in K.A.R. 82-4-53(b) that tariff publications become effective on 30-day notice may be permitted by the commission, if good and sufficient cause is shown to convince the commission that publication should be made on short notice.

(b) The applicant shall provide all related facts or circumstances that could aid the commission in determining if the request is justified. If permission to establish provisions on less than the required notice is sought, the applicant shall state why the proposed provisions could not have been established upon 30-day notice.

(c) Permission to allow a tariff to become effective on less than 30-day notice shall be granted in cases for which good cause is shown. The desire to meet tariff publications of a competing carrier that has been filed on 30-day notice or one-day notice may be considered a factor for permitting publication on short notice. (Authorized by K.S.A. 66-1,218 and K.S.A. 2009 Supp. 66-1,112; implementing K.S.A. 66-1,218 and K.S.A. 2009 Supp. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1987; amended Jan. 4, 1999; amended Oct. 22, 2010.)

82-4-55. Procedure for filing a request for postponement of tariff publications. (a) Each protested tariff publication sought to be postponed shall be identified by making reference to the name of the publishing carrier or agent, to the motor carrier’s K.C.C. tariff number, and to the specific items or particular provisions protested. The protest shall state the grounds, indicate in what respect the protested tariff publication is considered unlawful, and state what the protestant offers as a substitution. Each protest shall be addressed to the
commission. A protest shall not include a request that it also be considered as a formal complaint. If a protestant desires to proceed further against a tariff publication that is not postponed or that has been postponed and the postponement vacated, a separate, later, formal complaint or petition shall be filed.

(b) Protests against, and requests for, postponement of tariff publications filed under this regulation shall not be considered unless made in writing and filed with the commission in Topeka, Kansas. The original and five copies of each request for postponement shall be filed with the commission at least 12 days before the effective date of the tariff publication, unless the protested publication was filed on less than 30-day notice under the authority of this commission, in which event the protests shall be filed at the earliest possible date. In an emergency, protests submitted by fax shall be acceptable if they fully comply with subsection (a) and copies are simultaneously faxed by protestants to the respondent carriers or their publishing agents. An original and five copies of the fax shall simultaneously be mailed by the protestants to the commission in Topeka.

(c) An original and five copies of each protest or reply filed under this regulation shall be filed with the commission no later than 10 days after the publication of the tariff, and one copy of the protest shall simultaneously be served upon the publishing carrier or agent and upon other known interested parties.

(d) Each order instituting an investigation shall be served by the commission upon respondents. If the respondent fails to comply with any requirements or time period specified in the order, the respondent shall be deemed to be in default and to have waived any further hearing. The investigation may then be decided without further proceedings. (Authorized by K.S.A. 2009 Supp. 66-1,112; implementing K.S.A. 66-117 and K.S.A. 2009 Supp. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended Jan. 4, 1999; amended Oct. 22, 2010.)

82-4-56a. Common motor carrier tariffs. (a) Each tariff shall be typewritten, printed, or reproduced by other similar, durable process, upon paper of good quality, 8 by 11 or 8½ by 11 inches in size.

(b) The title page shall show the following information:

(1) In clear and explicit language, all terms, additional charges, and privileges applicable in connection with the rates and charges named in the tariff, or specific reference to publications naming these terms, additional charges, and privileges;

(2) any exceptions to the application of rates and charges named in the tariff;

(3) a full explanation of reference marks and technical abbreviations used in the tariff;

(4) rates in cents or dollars and cents per 100 pounds or per ton of 2,000 pounds or other definite measure; and

82-4-57. Powers of attorney and concurren 
ces. (a) A common carrier desiring to give a pow 
er of attorney to an agent to issue and file tariffs and 
supplements for the carrier shall file notice of this 

intention on a form approved by the commission.

(b) If a common carrier desires to concur in tar 
iffs issued and filed by another carrier or by its 
agent, a concurrence in substantially the same form 
as that prescribed by the USDOT for use in similar 
instances, with references to the interstate tariffs, 
shall be issued in favor of the issuing carrier.

(c) The original of all powers of attorney and con 
currences shall be filed with the commission, and a 
duplicate of the original shall be sent to the agent or 
carrier on whose behalf the document is issued.

(d) If a common carrier wishes to revoke a pow 
er of attorney or concurrence, a notice shall be 
filed with the commission, the carrier’s agent or 
agents, and any other carrier affected by the re 
vocation. The notice shall be filed at least 30 days 
before the effective date. (Authorized by K.S.A.

Jan. 4, 1999; amended Oct. 22, 2010.)

82-4-58. Protestants. Each protest against the 
granting of a permit, certificate, extension, aban 
donment, or transfer shall be considered as follows:

(a) Any interested person who believes that the 

public will be adversely affected by a proposed 

application may file a written protest. The pro 

test shall identify the name and address of the 

protestant and the title and docket number of the 

application. The protest shall include specific alle 

ations as to how the applicant is not fit, willing, 

able, or fit, knowledgeable, and in compliance 

with the commission safety regulations, to per 

form these services or how the proposed services 

are otherwise inconsistent with the public conven 

cience and necessity.

(b) If the protestant opposes only a portion of the 

proposed application, the protestant shall state with 

specificity the objectionable portion.

(c) The protest shall be filed in triplicate with the 

commission within 10 days after publication of the 

notice in the Kansas Register. Failure to file a tim 

ely protest shall preclude the interested person from 

appearing as a protestant.

(d) Each protestant shall serve the protest upon the 

applicant at the same time or before the protestant files 

the protest with the commission. The protest shall not 

be served on the applicant by the commission.
(e) To secure consideration of a protest, the protestant, intervenor, or a designated representative, as defined in K.A.R. 82-4-63, shall offer evidence or a statement or shall participate in the hearing. (Authorized by K.S.A. 2009 Supp. 66-1,112; implementing K.S.A. 2009 Supp. 66-1,114; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1985; amended May 1, 1987; amended May 1, 1988; amended Jan. 4, 1999; amended Oct. 22, 2010.)

82-4-77. Right of independent action. (a) An organization shall not interfere with each of that organization’s carrier’s right to independent action. That organization shall not change or cancel any rate established by independent action other than a general increase or broad rate restructuring. However, changes in the rates may be effected, with the written consent of the carrier or carriers that initiated the independent action, for the purpose of tariff simplification, removal of discrimination, or elimination of obsolete items.

(b) Collective adjustments pursuant to K.S.A. 66-1,112, and amendments thereto, shall not cancel rate or rule differentials or differences in rates or rules existing as a result of any independent action taken previously, unless the proponent and any other participant in that independent action desires to eliminate the rate differential or application and notifies the organization in writing of its consent.

(c) Independent action shall mean any action taken by a common carrier member of an organization to perform any of the following:

(1) Establish a rate to be published in the appropriate rate tariff or cancel a rate for that carrier’s account;
(2) instruct the organization publishing the rate tariff that the existing rate or rates, whether established by independent action or collective action, proposed to be changed or cancelled be retained for that carrier’s account and published in the appropriate tariff; or
(3) publish for the common carrier’s account, in the appropriate tariff, a rate established by the independent action of another carrier. This definition shall apply regardless of the manner in which the carrier joins in the rate, if the rate published for the joining carrier’s account is the same as the rate established by the other carrier under independent action. (Authorized by and implementing K.S.A. 2009 Supp. 66-1,112; effective, T-83-45, Dec. 8, 1982; effective May 1, 1983; amended Oct. 22, 2010.)

Article 11.—NATURAL GAS PIPELINE SAFETY

82-11-1. Definitions. The following terms, as used in this article and in the identified sections of the federal regulations adopted by reference, shall be defined as specified in this regulation:

(a) “Area of residential development” means a location in which over 25 residential customers are being, or are expected to be, added over the period in which the area is to be developed.

(b) “Barhole” means a small hole made near gas piping to extract air from the ground.

(c) “Combustible gas indicator” means a type of leak detection equipment capable of detecting and measuring gas concentrations in the atmosphere with minimum detection accuracy of 0.5% gas in the air.

(d) “Commission” means state corporation commission of Kansas.

(t) “Underground leak classification” means the process of sampling the subsurface atmosphere for gas using a combustible gas indicator in a series of available openings or barholes over, or adjacent to, the gas facility. If applicable, the sampling pattern shall include sample points that indicate sustained readings of 0% gas in air in the four cardinal directions.

(u) “Utility division” means the utility division of the state corporation commission of Kansas.

82-11-4. Transportation of natural and other gas by pipeline; minimum safety standards. The federal rules and regulations titled “transportation of natural and other gas by pipeline: minimum federal safety standards,” 49 C.F.R. Part 192, including appendices B, C, D, and E, as in effect on October 1, 2013, with the exception of portions that include jurisdiction beyond the state of Kansas, including off-shore pipelines, the outer continental shelf, and states other than Kansas, are adopted by reference with the following exceptions, deletions, additions, and modifications:

(a) All instances of the word “administrator” shall be deleted and replaced with “commission.”

(b) 49 C.F.R. 192.7(b) shall be deleted and replaced by the following: “(b) Any incorporated document shall be available for inspection at the gas pipeline safety section’s Topeka, Kansas office. All incorporated materials are also available for inspection in the Office of Pipeline Safety, Pipeline and Hazardous Materials Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C., 20590-0001 or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030 or access the following website: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html. In addition, the incorporated materials are available from the respective organizations listed in paragraph (c)(1) of this section.”

(c) The following changes shall be made to 49 C.F.R. 192.7(c):

(1) Following the first full paragraph, “All forwards, tables of contents, and indexes are excluded from adoption” shall be added.

(d) 49 C.F.R. 192.181(a) shall be deleted and replaced by the following: “(a) Each high-pressure distribution system shall have valves spaced to reduce the time to shut down a section of main in an emergency. Each operator shall specify in its operation and maintenance manual the criteria as to how valve locations are determined using, as a minimum, the considerations of operating pressure, the size of the mains, and the local physical conditions. The emer-
ergency manual shall include instructions on where operating personnel can find maps and other means of locating emergency valves during an emergency. Each area of residential development constructed after May 1, 1989, shall be provided with at least one valve to isolate it from other areas.

(e) 49 C.F.R. 192.199(e) shall be deleted and replaced by the following: “(e) Have discharge stacks, vents, or outlet ports designed to prevent accumulation of water, ice, or snow, located where gas can be discharged into the atmosphere without undue hazard. At town border stations and district regulator settings, the gas shall be discharged upward at a minimum height of six feet from the ground or past the overhang of any adjacent building, whichever is greater.”

(f) 49 C.F.R. 192.199(h) shall be deleted and replaced by the following: “(h) Except for a valve that will isolate the system under protection from its source of pressure, shall be designed to prevent unauthorized access to or operation of any stop valve that will make the pressure-relief valve or pressure-limiting device inoperative including:

“(1) valves that would bypass the pressure regulator or relief devices; and

“(2) shut-off valves in regulator control lines that, if operated, would cause the regulator to be inoperative.”

(g) The following shall be added to 49 C.F.R. 192.199: “(i) At town border stations and district regulator settings, this section shall require pressure-relief or pressure-limiting devices regardless of installation date.”

(h) 49 C.F.R. 192.307 shall be deleted and replaced by the following: “Inspection of materials. Each length of pipe and each other component shall be visually inspected at the site of installation to ensure that it has not sustained any visually determinable damage that could impair its serviceability. Except for short sections of pipe with external coating applied after installation, each coated length of pipe shall be checked for defects in the coating using an instrument that is calibrated according to manufacturer’s specifications prior to lowering the pipe into the ditch.”

(i) The following subsection shall be added to 49 C.F.R. 192.317: “(d) Each existing aboveground pipeline shall be placed underground, with the following exceptions:

“(1) Regulator station piping;

“(2) bridge crossings;

“(3) aerial crossings or spans;

“(4) short segments of piping for valves intentionally brought above the ground, including risers, piping at compressor, processing or treating facilities, block gate settings, sectionalizing valves and district regulator sites;

(k) 49 C.F.R. 192.453 shall be deleted and replaced by the following: “(a) The corrosion control procedures required by 49 C.F.R. 192.605(b)(2), including those for the design, installation, operation, and maintenance of cathodic protection systems, must be carried out by, or under the direction of, a person qualified in pipeline corrosion control methods.

“(b) Any unprotected steel service or yard line found to have active corrosion shall be either provided with cathodic protection and monitored annually as required by K.A.R. 82-11-4 (o) or replaced. In areas where there is no active corrosion, each operator shall, at intervals not exceeding three years, reevaluate these pipelines.

“(c) In lieu of conducting electrical surveys on unprotected steel service lines and yard lines, each operator may implement one of the following options:

“(1) Conduct annual leakage surveys at intervals not exceeding 15 months, but at least once each calendar year, on all unprotected steel service lines and yard lines and initiate a program to apply cathodic protection for all unprotected steel service lines and yard lines; or

“(2) conduct annual leakage surveys at intervals not exceeding 15 months, but at least once each calendar year, on all unprotected steel service lines
and yard lines and initiate a preventative maintenance program for replacement of service and yard lines. The preventative maintenance program to be used in conjunction with the annual leak survey of unprotected steel service and yard lines shall include:

“(A) After the annual leakage survey of all unprotected steel service and yard lines is completed, the operator shall prepare a summary listing of the leak survey results.

“(B) The summary listing shall include the number of leaks found and the number of lines replaced in a defined area.

“(C) An operator’s replacement program for all service or yard lines in the defined area shall be initiated no later than when the sum of the number of unprotected steel service or yard lines with existing or repaired corrosion leaks and the number of unprotected steel service or yard lines already replaced due to corrosion equals 25% or more of the unprotected steel service or yard lines installed within that defined area.

“(D) The replacement program, once initiated for a defined area, shall be completed by an operator within 18 months.

“(E) Operators, at their option, may have separate preventative maintenance programs for service lines and yard lines but must consistently follow their selection.

“(d) For a city of the third class, or a city having a population of 2,000 or less, which is an operator of a natural gas distribution system, a replacement program for unprotected steel yard lines may comply with paragraph (c)(2)(D) of this section or include the following requirements in their replacement plan:

“(1) Perform leakage surveys at six-month intervals;

“(2) Notify all customers in the defined area with a written recommendation that all unprotected steel yard lines should be scheduled for replacement; and

“(3) Replace all unprotected steel yard lines in the defined area that exhibit active corrosion.”

(l) 49 C.F.R. 192.455(a) shall be deleted and replaced by the following: “(a) Except as provided in paragraphs (c) and (f) of this section, each buried, submerged pipeline, or exposed pipeline, installed after July 31, 1971, shall be protected against external corrosion by various methods, including the following:

“(1) An external protective coating meeting the requirements of 49 C.F.R. 192.461; and

“(2) A cathodic protection system designed to protect the pipeline in accordance with this subpart, installed and placed in operation within one year after completion of construction.”

(m) 49 C.F.R. 192.455(b) shall be deleted.

(n) 49 C.F.R. 192.457(b) shall be deleted and replaced by the following: “(b) Except for cast iron or ductile iron pipelines, each of the following buried, exposed or submerged pipelines installed before August 1, 1971, shall be cathodically protected in accordance with this subpart in areas in which active corrosion is found:

“(1) Bare or ineffectively coated transmission lines;

“(2) bare or coated pipes at compressor, regulator, and measuring stations; and

“(3) bare or coated distribution lines.”

(o) 49 C.F.R. 192.465(a) shall be deleted and replaced by the following: “Each pipeline that is under cathodic protection shall be tested at least once each calendar year, but in intervals not exceeding 15 months, to determine whether the cathodic protection meets the requirements of 192.463. If tests at those intervals are impractical for separately protected short sections of mains or transmission lines not in excess of 100 feet, or separately protected service lines, these pipelines may be surveyed on a sampling basis. At least one-third of the separately protected short sections, distributed over the entire system, shall be surveyed each calendar year, with a different one-third checked each subsequent year, so that the entire system is tested in each three-year period.”

(p) 49 C.F.R. 192.465(d) shall be deleted and replaced by the following: “(d) Each operator shall begin corrective measures within 30 days, or more promptly if necessary, on any deficiencies indicated by the monitoring.”

82-14-6. Violation of act; enforcement procedures. (a) After investigation, if the commission staff believes that there has been a violation or violations of K.S.A. 66-1801 et seq. and amendments thereto or any regulation or commission order issued pursuant to the Kansas underground utility damage prevention act and the commission staff determines that penalties or remedial action is necessary to correct the violation or violations, the commission staff may serve a notice of probable noncompliance on the person or persons against whom a violation is alleged. Service shall be made by registered mail or hand delivery.

(b) Any notice of probable noncompliance issued under this regulation may include the following:

(1) A statement of the provisions of the statutes, regulations, or commission orders that the respondent is alleged to have violated and a statement of the evidence upon which the allegations are based;

(2) a copy of this regulation; and

(3) any proposed remedial action or penalty assessments, or both, requested by the commission staff.

(c) Within 30 days of receipt of a notice of probable noncompliance, the recipient shall respond by mail in at least one of the following ways:

(1) Submit written explanations, a statement of general denial, or other materials contesting the allegations;

(2) submit a signed acknowledgment of commission staff’s findings of noncompliance; or

(3) submit a signed proposal for the completion of any remedial action that addresses the commission staff’s findings of noncompliance.

(d) The commission staff may amend a notice of probable noncompliance at any time before issuance of a penalty assessment. If an amendment includes any new material allegations of fact or if the staff proposes an increased civil penalty amount or additional remedial action, the respondent shall have 30 days from service of the amendment to respond.

(e) Unless good cause is shown or a consent agreement is executed by the commission staff and the respondent before the expiration of the 30-day time limit, the failure of a party to mail a timely response to a notice of probable noncompliance shall constitute an admission to all factual allegations made by the commission staff and may be used against the respondent in future proceedings.

(f) At any time before an order is issued assessing penalties or requiring remedial action or before a hearing, the commission staff and the respondent may agree to dispose of the case by joint execution of a consent agreement. The consent agreement may allow for a smaller penalty than otherwise required. The consent agreement may also allow for nonmonetary remedial penalties. Upon joint execution, the consent agreement shall become effective when the commission issues an order approving the consent agreement.

(g) Each consent agreement shall include the following:

(1) An admission by the respondent of all jurisdictional facts;

(2) an express waiver of any further procedural steps and of the right to seek judicial review or otherwise challenge or contest the validity of the commission’s show cause order;

(3) an acknowledgment that the notice of probable noncompliance may be used to construe the terms of the order approving the consent agreement; and

(4) a statement of the actions required of the respondent and the time by which the actions shall be completed.

(h) If any violation resulting in a notice of probable noncompliance is not settled with a consent agreement, a penalty order may be issued by the commission no sooner than 30 days after the respondent has been served with a notice of probable noncompliance.

(i) The respondent shall remit payment for any civil assessments imposed by a penalty order within 20 days of service of the order.

(j) The respondent may request a hearing to challenge the allegations set forth in the penalty order by filing a motion with the commission within 15 days of service of a penalty order. The respondent’s failure to respond within 15 days shall be considered an admission of noncompliance.

(k) An order may be issued by the commission to open a formal investigation docket regarding any potential noncompliance with the Kansas underground utility damage prevention act, and amendments thereto, or any regulations or orders pursuant to that act. If the commission finds evidence that any party to the investigation docket was not in compliance, a show cause order may be issued by the commission. If a show cause order is issued during the course of a formal investigation, the staff shall not be required to issue a notice of probable noncompliance. (Authorized by K.S.A 66-106 and K.S.A 66-1812; implementing K.S.A 66-1812; effective July 6, 2009.)
Article 16.—ELECTRIC UTILITY
RENEWABLE ENERGY STANDARDS

82-16-1. Definitions. As used in these regulations, the following definitions shall apply:

(b) “Auxiliary power” has the meaning assigned to “station power” in K.S.A. 66-1,170, and amendments thereto.

(c) “Capacity from generation” means the net capacity of renewable energy resources owned or leased by a utility. Net capacity is the gross capacity minus auxiliary power required to operate the resource as detailed in a test conducted as soon as possible after commercial operation begins. This test shall reflect operation of the resource over a four-hour period under conditions that do not limit performance due to ambient conditions, equipment, or operating or regulatory restrictions. The determination for a multunit resource, including a wind farm, may be made through tests for a representative sample of at least 10% of the units. If the tests specified in this subsection are not practicable, the nameplate capacity of the resource minus the associated auxiliary power may be used as the net capacity unless there are factors that would prevent the resource from achieving nameplate capacity, other than ambient conditions, equipment, or operating or regulatory restrictions.

(d) “Capacity from net metering systems” means the rated generating capacity of systems interconnected with a utility pursuant to the net metering and easy connection act, K.S.A. 66-1263 et seq. and amendments thereto.

(e) “Capacity from purchased energy” means the capacity associated with energy purchased by a utility from renewable energy resources. The capacity from purchased energy shall be the nameplate capacity of the resource minus auxiliary power, adjusted as appropriate to reflect the utility’s share of the output of the resource.

(f) “Capacity from RECs” means the capacity associated with the purchase of renewable energy credits. For each source of RECs, this capacity shall be determined according to the following formulas:

\[
\text{Capacity (MWs)} = \frac{\text{RECs}}{\text{Capacity Factor} \times 8760 \text{ hours}}
\]

\[
\text{Capacity Factor} = \frac{12 \sum_{t=1}^{n} \frac{E_{it}}{8760 \times C_{it}}}{n}
\]

where

i = the individual renewable generation facility (source of the RECs)

n = the number of months the facility has been in operation over the past 24 months, with n representing at least 12 months

\(E_{it}\) = the total energy output (MWh) by renewable generation facility i during compliance period t

\(C_{it}\) = the average total generator capacity (MW) by renewable generation facility i during compliance period t

The capacity factor shall be calculated for the source of the RECs, if possible. If the utility is unable to calculate the capacity factor for the source of the RECs, the capacity factor shall be the capacity factor of the utility’s own renewable generation from the prior calendar year for the same or similar type of resource as the source of the RECs, if known. If the utility has multiple installations of the same or similar type of resource, the capacity factor shall be the average of the facilities. If the utility did not have the same or similar type of resource as the source of the RECs or if the source is unknown, the overall capacity factor of the utility’s total renewable generation shall be used. In the absence of renewable resource generation, a default capacity factor of 34% shall be used.

(g) “Data year” means the calendar year that occurred before the due date of the utility’s report to the commission specified in K.A.R. 82-16-2.

(h) “Electric distribution cooperative” means a cooperative as defined by K.S.A. 17-4603, and amendments thereto, that is engaged in the retail sale and distribution of electricity and does not own or operate any generation or wholesale transmission facilities within the state of Kansas.

(i) “Electric utility” and “utility” mean any affected utility,” as defined by K.S.A. 66-1257 and amendments thereto.

(j) “Generation and transmission cooperative” means a cooperative as defined by K.S.A. 17-4603, and amendments thereto, that does not engage in the retail distribution and sale of electricity and operates generation facilities and transmission facilities solely for the wholesale distribution and sale of electricity.

(k) “Nameplate capacity” means the maximum rated output of a generator under specific conditions designated by the manufacturer, generally indicated in units of kilovolt-amperes (kVA) and in kilowatts (kW) on a nameplate attached to the generator.

(l) “REC” means “renewable energy credit,” which means a credit representing energy produced by renewable energy resources and issued as part of renewable generation.
a program that has been approved by the commission. For purposes of these regulations, this term is reflected on a certificate representing the attributes associated with one megawatt-hour (MWh) of energy generated by a renewable energy resource.

(m) “Renewable energy resources” has the meaning specified in K.S.A. 66-1257, and amendments thereto. For the purposes of K.S.A. 66-1257(d)(9) (A) and (B) and amendments thereto, the following shall apply:

(1) “Existing hydropower” shall mean hydropower that existed on or before May 27, 2009.

(2) “New hydropower” shall mean hydropower that existed after May 27, 2009.

(n) “Renewable energy goal” means the goal established by K.S.A. 66-1256, and amendments thereto, for energy and energy portfolios of each utility subject to the provisions of the act. (Authorized by K.S.A. 2016 Supp. 66-106; implementing K.S.A. 2016 Supp. 66-1257 and 66-1259; effective Nov. 19, 2010; amended Feb. 24, 2017.)

82-16-2. Renewable energy goal and report.

(a) Any utility may attain the renewable energy goal in K.S.A. 66-1256, and amendments thereto, by maintaining a portfolio of renewable capacity from generation, purchased energy, RECs, or net metering systems.

(b) Each utility planning to seek commission approval for recovery of reasonable costs incurred under RESA and either related to the previous mandatory requirement or due to attaining the renewable energy goal, pursuant to K.S.A. 66-1259 and amendments thereto, shall submit a report to the commission detailing that utility’s efforts related to attainment of the renewable energy goal. A generation and transmission cooperative may submit a collective report on behalf of the electric distribution cooperatives it represents. If this collective report is submitted, the electric distribution cooperatives shall not be required to file their own reports as required by this subsection. The report shall specify the renewable generation that has been put into service or the portion of the utility’s portfolio of renewable generation resources served from purchased energy, RECs, or net metering systems on or before December 31 of each data year. An annual report shall be due on or before March 31 of each year. Each report shall contain the following information:

(1) A description of each type of renewable energy resource that was purchased or put into service on or before December 31 of the data year, including type, location, owner, operator, date of commencement of operations, nameplate capacity, and for the data year, the monthly capacity factor, monthly availability factor, and monthly and annual amounts of energy generated;

(2) a narrative supporting the rationale for selecting each capacity resource that was purchased or put into service and each purchased power contract that was executed during the data year;

(3) a description of the utility’s plans for attaining the renewable energy goal for the current calendar year, including the utility’s assessment of the expected impact to revenue requirements;

(4) the Kansas retail one-hour peak demand for each of the three calendar years before the data year and the average for these three years, with supporting data and calculations if the demand differs from the information reported on the federal energy regulatory commission’s FERC form 1. Each electric distribution cooperative that does not file FERC form 1 with the commission shall file a Kansas electric cooperative utility annual report with the commission;

(5) the amount of renewable energy capacity that will qualify as a portion of the year’s peak demand as calculated pursuant to paragraph (b)(4), broken down by capacity from generation, purchased energy, RECs, and net metering systems;

(6) the renewable energy capacity identified in paragraph (b)(5) from a facility constructed in Kansas after January 1, 2000; and

(7) total retail energy sales, as measured in kilowatt-hours (kWh), in Kansas for the data year. (Authorized by K.S.A. 2016 Supp. 66-106; implementing K.S.A. 2016 Supp. 66-1259; effective Nov. 19, 2010; amended Feb. 24, 2017.)

82-16-4. Retail revenue requirement. The retail revenue requirement attributable to attainment of the renewable energy goal shall be calculated as follows for each utility:

(a) In conjunction with the reports required by K.A.R. 82-16-2, each affected utility shall calculate the retail revenue requirement for each capacity resource used to attain the renewable energy goal. A capacity resource may result from generation resources, purchased energy, RECs, or net metering systems.

(b) Each determination of the retail revenue requirement shall reflect the total revenues required to allow the utility the opportunity to do the following:
(1) Earn a return on rate base items;
(2) earn a return on plant investments through depreciation;
(3) recover taxes other than income taxes;
(4) recover fuel and purchased power costs, including incremental fuel expense resulting from the inefficient dispatch of power generation if this expense is known;
(5) recover operating and maintenance costs;
(6) recover administrative and general expenses; and
(7) recover income taxes, including current deferred income taxes.

(c) In order to calculate a return on rate base items, each utility shall use the overall rate of return authorized by the commission from its last litigated rate case or specified in a stipulation and agreement authorized by the commission. If an overall rate of return was not specified in a utility’s last rate case, then the average of the utility’s proposed rate of return and the rate of return proposed by commission staff shall be used. (Authorized by K.S.A. 2016 Supp. 66-106; implementing K.S.A. 2016 Supp. 66-1259; effective Nov. 19, 2010; amended Feb. 24, 2017.)

82-16-6. Renewable energy credit program.
(a) Renewable energy credits shall be issued and used as part of a REC program either established or approved by the commission. Each application for approval of any program not approved by the commission in any prior year shall be submitted on or before January 1 of the calendar year in which the RECs are proposed to be included in the portfolio.

(b) Any utility may purchase or sell RECs without commission approval. However, each renewable energy credit shall be counted only once. A REC or any attributes associated with renewable energy generation sold or intended for any purpose other than attainment of the renewable energy goal shall not be applied toward attainment of the renewable energy goal.

(c) For the purpose of RESA, unused RECs shall remain valid for up to two years from the end of the calendar year in which the associated electricity was generated and shall be permanently retired when used for attainment of the renewable energy goal prescribed by the act. To the extent that RECs or attributes associated with renewable energy generation are sold or used for any purpose other than attainment of the renewable energy goal, the utilities shall reduce the capacity used for attainment of the renewable energy goal according to the formula specified in this subsection.

Total Renewable Capacity for Voluntary Attainment = TRC–C_{op}

where

\[ C_{op} = \frac{E_{op}}{CF \times 8760} \]

TRC = total renewable capacity

C_{op} = renewable capacity sold or used for any other purpose than attainment of the renewable energy goal

E_{op} = energy from RECs or renewable energy attributes sold or used for any other purpose than attainment of the renewable energy goal

CF = capacity factor for source of E_{op}

(d) Each REC created, sold, or purchased by any Kansas utility shall be reported in an approved registry that documents and verifies attributes and other compliance conditions as well as tracks the creation, sale, retirement, and other transactions regarding the REC to prevent double counting and misuse, in accordance with these regulations and commission direction. (Authorized by K.S.A. 2016 Supp. 66-106; implementing K.S.A. 2016 Supp. 66-1259; effective Nov. 19, 2010; amended Feb. 24, 2017.)

Less restrictive alternatives to emergency safety interventions, including positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student’s behavior before the use of any emergency safety interventions. The use of an emergency safety intervention shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an emergency safety intervention.

(b) Use of an emergency safety intervention for purposes of discipline or punishment or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

(c)(1) A student shall not be subjected to an emergency safety intervention if the student is known to have a medical condition that could put the student
in mental or physical danger as a result of the emergency safety intervention.
(2) The existence of the medical condition must be indicated in a written statement from the student's licensed health care provider, a copy of which shall be provided to the school and placed in the student's file. The written statement shall include an explanation of the student's diagnosis, a list of any reasons why an emergency safety intervention would put the student in mental or physical danger and any suggested alternatives to the use of emergency safety interventions.

(3) Notwithstanding the provisions of this subsection, a student may be subjected to an emergency safety intervention, if not subjecting the student to an emergency safety intervention would result in significant physical harm to the student or others.

(d) When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

(e) Each seclusion room equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in cases of emergency, including fire or severe weather.

(f) Each seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Each room shall be free of any condition that could be a danger to the student and shall be well-ventilated and sufficiently lighted.

(g) The following types of restraint shall be prohibited:

(1) Prone, or face-down, physical restraint;
(2) supine, or face-up, physical restraint;

(1) Physical escort; and
(2) time-out. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective April 19, 2013; amended, T-91-2-17-16, Feb. 17, 2016; amended June 10, 2016; amended July 7, 2017.)

(D) schools and programs shall maintain written or electronic documentation on training provided and lists of participants in each training; and

(A) A procedure for a parent to file a complaint with the local board. If a parent believes that an emergency safety intervention has been used with the parent’s child in violation of this article or the district’s emergency safety intervention policy, the parent may file a complaint with the local board. The complaint shall be filed within 30 days of the date on which the parent was informed of the use of that emergency safety intervention;
(B) a complaint investigation procedure;
(C) a dispute resolution final decision. The local board’s final decision shall be in writing and shall include findings of fact and any corrective action required by the district if the local board deems these actions necessary. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contact. A parent may designate a preferred method of contact to receive the same-day notification required by this subsection. A parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

(b) The school shall provide written documentation of the emergency safety intervention used to the parent no later than the school day following the day on which the emergency safety intervention was used. This documentation shall include the following:

If the parent requests an individualized education program team meeting, the private school shall help facilitate the meeting.

(4) For a student who does not have an individualized education program or section 504 plan, the parent and school shall discuss the incident and consider the appropriateness of a referral for an evaluation under the special education for exceptional children act, K.S.A. 72-961 et seq., and amendments thereto, the need for a functional behavioral analysis, or the need for a behavior intervention plan. (c) If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint or mechanical restraint on a student on school grounds or during a school-sponsored activity, the school shall notify the parent on the same day the school becomes aware of the use, using the parent’s preferred method of contact as described in K.A.R. 91-42-4(a). A school shall not be required to provide written documentation to a parent, as set forth in subsection (b) or (c) regarding law enforcement use of an emergency safety intervention, or report to the department law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

(f) If a parent believes that emergency safety interventions have been used in violation of this article or policies of the school district, then within 30 days from being informed of the use of emergency safety intervention, the parent may file a complaint through the local dispute resolution process. (b) Each parent seeking administrative review shall provide the following information in the request:

(d) Upon receipt of each request for administrative review, the hearing officer shall consider the local board’s final decision and may initiate its own investigation of the complaint. Any investigation may include the following:

(3) an on-site investigation by department officers or employees.

(e) If the hearing officer receives information that the hearing officer determines was not previously made available to both parties during the local board dispute resolution process, the hearing officer may remand the issue back to the local board. The local board then has 30 days to issue a written amended final decision.

Upon remand, the hearing officer’s case will be closed. All rights to and responsibilities of an administrative review shall begin again when the local board’s amended final decision is issued or upon 30 days from when the hearing officer’s remand is issued, whichever occurs first.

(f) Within 60 days of the commissioner’s receipt of the request for administrative review, the hearing officer shall inform the parent, the school’s head administrator, the district superintendent, the local board clerk, and the state board in writing of the results of the administrative review. Article 12.—INCOME TAX

92-12-66a. Abatement of final tax liabilities. (a) General. The authority of the secretary to abate all or part of a final tax liability shall be exercised only in cases in which there is serious doubt as to either the collectability of the tax due or the accuracy of the final tax liability and the abatement is in the best interest of the state. This authority shall be exercised to effect the collection of taxes with the least possible loss or cost to the state and with fairness to the taxpayer. The determination of whether to abate all or part of a final tax liability shall be wholly discretionary.

(b) Definitions.

(1) “Assets” means the taxpayer’s real and personal property, tangible and intangible.

(2) “Collectability” means the ability of the department of revenue to collect, and the ability of the taxpayer to pay, the tax liability.

(3) “Concealment of assets” means a placement of assets beyond the reach of the department of revenue, or a failure to disclose information relating to assets, that deceives the department with respect to the existence of the assets, whether accomplished by act, misrepresentation, silence, or suppression of the truth.

(4) “Final tax liability” means a tax liability that was established by the department to which the taxpayer has no further direct appeal rights.

(5) “Order denying abatement” means an order issued by the secretary that rejects a petition for abatement and refuses to abate any part of a final tax liability.

(6) “Order of abatement” means an order issued by the secretary that abates all or part of a final tax liability and states the reasons that this action was taken.

(7) “Parties” means either the person who requests an abatement of a final tax liability or the person’s authorized representative, and either the secretary of revenue or the secretary’s designee.

(8) “Secretary” means the secretary of the department of revenue or the designee of the secretary.

(9) “Serious doubt as to collectability” means the doubt that exists when a reasonable person, viewing the controlling circumstances objectively, would conclude that the likelihood of recovering the tax liability is less than probable.

(10) “Serious doubt as to liability” means the doubt that exists when a reasonable person, viewing the controlling circumstances objectively, would conclude that it is probable that the final tax liability previously established by the department is greater than the actual tax liability imposed by the Kansas tax imposition statutes.

(11) “Tax” means the particular tax owed by the taxpayer and shall include any related interest and penalty.

(c) Factors affecting abatement.

(1) No final tax liability shall be abated on the ground of serious doubt as to liability if the taxpayer’s liability for the tax has been established on the merits by a court judgment or decision of the court of tax appeals. No final tax liability shall be abated on the ground of serious doubt as to liability if the taxpayer has filed tax returns, absent a showing of the reporting errors on the returns.

(2) No tax liability shall be abated by the secretary if the taxpayer has acted with intent to defraud or to delay collection of tax. Frivolous petitions and
petitions submitted only to delay collection of a tax shall be immediately rejected.

(d) Procedures.
(1) Each petition for abatement shall be captioned “petition for abatement of a final tax liability” and shall be submitted to the secretary. The petition shall be signed by the petitioner and the taxpayer, if available, under the penalties of perjury and shall include the following:
   (A) The reasons why all or part of the final tax liability should be abated;
   (B) the facts that support the abatement; and
   (C) a waiver of the taxpayer’s right of confidentiality under the confidentiality provisions of chapter 79 of the Kansas statutes annotated and amendments thereto, conditioned upon the secretary’s abatement of all or part of the final tax liability.
(2) If a petition alleges serious doubt as to collectability, the taxpayer shall submit a statement of financial condition that lists assets and liabilities, accompanied by an affidavit signed by the preparer under the penalties of perjury, attesting that the financial statement is true and accurate to the best of the preparer’s knowledge.
(3) After a petition has been submitted, the taxpayer shall provide any additional verified documentation that is requested by the secretary. The petitioner or taxpayer may be required by the secretary to appear before the secretary and testify under oath concerning a requested abatement.
(4) A petition for abatement may be withdrawn by the taxpayer at any time before its acceptance. When a petition is denied, the taxpayer shall be notified in writing by the secretary within 30 days of the decision to deny.
(5) An order of abatement that abates all or part of a final tax liability may be issued by the secretary. The order may direct any remaining liability to be paid within 30 days.    (e) Effect of an order of abatement. Each order of abatement shall relate to the entire liability of the taxpayer with respect to which the order is made and shall conclusively settle the amount of liability. Once an order of abatement is issued, matters covered by the order shall not be reopened by court action or otherwise, except for one of the following reasons:

   (f) Effect of waiver of confidentiality. The issuance of an order of abatement for $5,000 or more shall make all reports of the abatement proceeding available for public inspection upon written request, in accordance with K.S.A. 79-3233b, and amendments thereto, and the taxpayer’s express waiver of the right to confidentiality under the confidentiality provisions of chapter 79 of the Kansas statutes annotated, and amendments thereto.
   (g) Annual report. On or before the last day of September of each year, a summary of each petition of abatement that was granted during the preceding state fiscal year that reduced a final tax liability by $5,000 or more shall be prepared for filing with the secretary of state, the division of post audit of the legislature, and the attorney general. Each summary shall include the following:
   (1) The name of the taxpayer;
   (2) a summary of the issues and the reasons for the abatement; and

Article 14.—LIQUEFIED PETROLEUM FUEL TAX

92-14-6. Sales of LP gas to special LP-gas permit users; use of special LP-gas permit user decals. (a) Each operator of any motor vehicle that bears a Kansas special permit LP-gas user decal shall either self-report tax on the use of LP gas on a mileage basis or pay the tax in advance, pursuant to K.S.A. 79-3492a through K.S.A. 79-3492d and amendments thereto. Each LP-gas dealer who delivers gas into the tank of any vehicle that bears a permit decal shall record the user’s permit number and name on the sales invoice if tax is not collected on the sale.

(b) Except as provided in subsection (c), if a motor vehicle that is authorized to operate under a special LP-gas user permit is destroyed, sold, traded, or otherwise disposed of before the end of a calendar year or if for any other reason the permit holder removes the decal from the vehicle, the permit holder shall immediately notify the director of taxation in writing of the nature of the vehicle transfer or the destruction of the decal. Failure to remove a permit decal from a vehicle that has been disposed of and to notify the director shall be grounds for cancellation of the authorization to operate on a mileage basis.

(c) If a permit holder sells a vehicle that is registered for LP-gas purposes to another permit holder or to a person who is applying for a permit, the purchaser may request the transfer of the permit, decal, and all other related rights and obligations to the purchaser. This transfer may be authorized by the director.

(d) If taxes have been paid in advance on a motor vehicle that is destroyed, sold, traded, otherwise disposed of, or converted from LP-gas use before the first of December in any year, the permit holder may apply for a refund of the taxes.

(e) Special LP-gas permit user decals shall be issued on a calendar-year basis. The decals shall be placed inside on the lower driver’s side of the windshield. (Authorized by K.S.A. 79-34,102; implementing K.S.A. 79-3490, 79-3492; effective May 1, 1982; amended May 1, 1983; amended March 29, 2002; revoked Oct. 17, 2014.)

Article 19.—KANSAS RETAILERS’ SALES TAX

92-19-3a. Credit sales, conditional sales, and other sales and service transactions that allow deferred payment. (a) For purposes of this regulation, K.A.R. 92-19-3b, K.A.R. 92-19-3c, and K.A.R. 92-19-55b, the following definitions shall apply:

1) “Conditional sale” means a sales transaction made pursuant to a written agreement that is treated as a sale of goods for federal income tax purposes in which the buyer gains immediate possession or control of the goods but the seller or a financial institution retains title to or a security interest in the goods to ensure its future receipt of full payment before clear title is transferred to the buyer in
possession or control of the goods. Conditional sale contracts include “financing leases.”

(2) “Credit charge” means interest, finance, and carrying charges from credit extended on the sale of goods or services, if the amount is separately stated on the invoice, bill of sale, or similar document given to the buyer.

(3) “Credit sale” means a sale of goods or services under an agreement that provides for the deferred payment of the purchase price. Credit sales shall include sales made under the following:

(A) An installment contract that transfers title and possession of the goods to the buyer at the time of purchase, but allows payment to be made in periodic installments; and

(B) a revolving credit contract that extends a line of credit to a buyer that allows purchases to be charged against the account and provides for periodic billing that requires payment of part of, and allows for payment of all of, the credit balance owed by the buyer.

(4) “Creditor” means an entity or person to whom money is owed.

(5) “Financial institution” means a bank, savings and loan, credit union, or other finance company licensed under the provisions of the Kansas uniform consumer credit code as specified in K.S.A. 79-3602, and amendments thereto, for isolated or occasional sales.

(6) “Financing lease” means a conditional-sale contract that is denominated a lease, but that is intended to finance a lessee’s purchase of goods or its continued possession of goods under a sale-leaseback agreement. A lessor shall be presumed to have entered into a financing lease if the lessor accounts for the lease transaction as a financing agreement for federal income tax purposes. The term “capital lease” shall be considered synonymous with “financing lease.”

(7) “Goods” has the same meaning as “tangible personal property,” which is specified in K.S.A. 79-3602, and amendments thereto.

(8) “Invoice” means a paper or electronic bill of sale or similar dated document containing an itemized list of goods or services sold to the buyer that specifies the selling price of the goods or services and complies with the requirements of K.S.A. 79-3648 and amendments thereto, when an itemized charge is taxable.

(9) “Layaway sale” means a transaction in which property is set aside for future delivery to a customer who makes a deposit, agrees to pay the balance of the purchase price over a period of time, and, at the end of the payment period, receives the property. An order shall be deemed accepted for layaway by the seller when the seller removes the property from normal inventory or clearly identifies the property as sold to the purchaser.

(10) “Operating lease” has the meaning specified in K.A.R. 92-19-55b.

(11) “Purchase price” has the meaning of “sales or selling price” specified in K.S.A. 79-3602, and amendments thereto.

(12) “Rain check” means that the seller allows a customer to purchase an item at a certain price at a later time because the particular item was out of stock.

(13) “Repossessed goods” means goods sold on credit that a retailer or other creditor reclaims as allowed by law after a buyer or debtor defaults on installment payments.

(14) “Returned goods” means goods that a buyer returns to a retailer upon the parties’ cancellation of the original sales contract when the retailer either credits or refunds the full selling price of the goods and associated sales tax to the buyer. Returned goods shall not include goods accepted in trade or barter, goods repossessed or recaptured by legal process, and goods secured pursuant to the consumer’s abandonment of the sales contract or other voluntary surrender.

(15) “Sales tax” or “tax” means Kansas retailers’ sales tax, Kansas retailers’ compensating use tax, and any local retailers’ sales or use tax that is levied in addition to the state tax.

(16) “Services” has the meaning specified in K.S.A. 79-3602, and amendments thereto.

(b) Nothing in this regulation, K.A.R. 92-19-3b, K.A.R. 92-19-3c, or K.A.R. 92-19-55b shall be construed as modifying any of the following:

(1) Any requirement of any Kansas certificate-of-title statute or supporting regulation;

(2) any provision of the retailers’ sales tax act that allows a retailer to discount the selling price of goods or services based on a trade-in, coupon, or other price reduction that is allowed by a retailer and taken by a buyer on a sale; or

(3) any requirement imposed on creditors or consumers by the Kansas uniform consumer credit code, K.S.A. 16a-1-101 et seq., and amendments thereto.

(c)(1) When a retailer makes credit sales, the retailer may report and pay tax to the department on the total cash and other payments the retailer receives during each reporting period or, if the retailer’s books and records are regularly kept on the accrual basis, on the total receipts accrued in its books and records during each reporting peri
od. A retailer that has filed six or more sales tax returns using the same method of accounting that it uses for its federal income tax reporting shall be presumed to have knowingly elected to use that method of accounting for sales tax purposes and to have benefited from its election. Regardless of the reasons for electing to use one method of accounting, a retailer shall continue to use that method of accounting to report its credit and other retail sales unless the director of taxation authorizes the retailer in writing to change its method of accounting for all future sales tax returns or the internal revenue service directs or authorizes the retailer to change its method of accounting for federal income tax purposes.

(2) A retailer shall not be disqualified from reporting sales on a cash-receipts basis because it makes credit sales or has accounts receivable. However, when a retailer that reports credit sales on a cash-receipts basis sells, factors, assigns, or otherwise transfers an installment contract, account receivable, or similar instrument, sales tax shall become due on the total amount of the remaining payments and shall be reported on the return for the period in which the retailer is paid or credited for the contract or receivable.

(3) For the purposes of administering and enforcing the requirements of the Kansas retailers' sales tax act for retailers that report tax based on the total receipts accrued during a reporting period, the date contained on the invoice given to the buyer shall be presumed to be the date the retailer recognizes the receipts in its books and records as earned.

(4) If a retailer finds that it is a hardship to report and remit sales tax in accordance with the requirements in this subsection, the retailer may apply in writing to the director of taxation for permission to start reporting its sales using a different accounting method. The retailer shall fully explain the reasons for the request, and the director may identify reasonable requirements that the retailer shall meet as a condition to allowing the retailer to change the method of accounting it uses to report sales tax.

(d)(1) Each retailer that accounts for its credit sales on the accrual basis shall bill the buyer the full amount of tax that is due on the purchase price of the goods or services sold on credit and shall source and report the sale as if it were a cash sale. The purchase price shall not be reduced by any expense that the retailer attributes to the sale or service and recovers from the buyer even when the retailer bills the expense as a separate line-item charge or on a separate invoice.

(2) When a credit sale is made, any credit charge that is paid by a buyer in addition to the purchase price of goods or services shall be deemed not to be part of the purchase price and shall not be subject to sales tax if both of the following conditions are met:

(A) The invoice, bill of sale, or similar document given to the buyer separately states the credit charge and the selling price of the goods or services that were sold on credit.

(B) The extension of credit was contracted for by the parties, provided for by standard industry custom or practice, or otherwise granted by the retailer, including by issuing an invoice that unilaterally informs the buyer that interest at a stated rate will be added each month to any outstanding credit balance.

(3) A retailer’s charges for the extension of credit that meet the requirements of paragraph (d)(2) shall not be included in the retailer’s report of gross receipts.

(4) A retailer that makes credit sales shall maintain records that separately show the selling price of the goods or services, the corresponding amount of sales tax charged, the customer’s credit balance, and any interest, financing, or carrying charge that has been added to that balance.

(5) A retailer shall not collect sales tax on charges to customers for insufficient funds checks or closed-account checks. The receipts from these charges shall not be included in the retailers report of gross receipts.

(6) This subsection shall not apply to the types of charges related to credit-card use that are specified in subsection (e).

(e)(1) If a retailer increases the selling price of goods or services for a buyer who uses a credit card to compensate for interchange fees or other charges that the credit-card company will later deduct from the payment it forwards to the retailer’s account, these increases shall be considered to be part of the selling price of the goods or services and shall be subject to tax.

(2) Interchange fees and other charges that a credit-card company deducts from a participating retailer’s account shall be deemed charges for the financial services that the credit-card company has rendered for the retailer and shall not be deducted from the retailer’s report of gross receipts or otherwise used to reduce the amount of sales tax being reported.

(f)(1) A progress payment shall mean a payment made to a contractor as work progresses on a construction project that may be conditioned on the percentage of work completed, the stage of work
completed, the costs incurred by the contractor, a payment schedule, or some other basis. Each contractor who issues a bill or statement for a progress payment for a period in which the contractor performed taxable labor services shall report sales tax on the taxable services as part of its gross receipts.

(2) If a contractor reports sales tax on the cash basis, it shall report the taxable labor services it performed during the period covered by a progress payment on the return it files for the sales-tax reporting period in which it receives the progress payment. If a contractor reports sales tax on the accrual basis, it shall report the taxable services it performed during the period covered by a progress-billing statement on the return it files for the sales-tax reporting period in which it recognizes the charges on its progress-billing statement in its books and records as earned.

(g)(1) Unless otherwise provided by statute, each retailer that makes a layaway sale shall report sales tax on the total selling price of the goods sold on layaway when the final payment is made and the goods are delivered to the buyer. The tax rate that is applied to a layaway sale shall be the rate that is in effect at the time of delivery. An exemption may be claimed on a layaway sale only if the exemption is in effect at the time of delivery. If an unpaid balance remains when the goods are delivered, the transaction shall be reported as a credit sale that is consummated when the goods are delivered to the buyer.

(2) Sales tax shall be applied to a purchase made under a rain check in the same way that the tax is applied to a purchase made under a layaway sale.

(h)(1) Each retailer shall collect and remit tax in accordance with this subsection on any taxable sales of goods the retailer makes under a financing lease agreement or other conditional sale, unless the lease or sale satisfies one of the requirements listed in paragraphs (i)(2)(A) through (C).

(2) When an accrual-basis retailer sells goods at retail and the sale is financed under a financing lease, the retailer shall collect and remit sales tax at the time of sale on the full selling price of the goods. Sales tax shall be collected and remitted in this manner even if the retailer transfers title to the goods to a financial institution and possession of the goods to the third-party lessee or if the retailer retains title to the goods and transfers possession to the lessee. Lease payments that a third-party lessee makes to a financial institution or retailer to discharge its loan-repayment obligations under a financing lease or other conditional sale shall not be subject to tax.

(3) A financial institution shall not claim a resale exemption for the purchase of goods that the financial institution is financing under a financing lease agreement.

(4) The transfer of title to the lessee upon completion of the lease payments required under a financing lease agreement shall not be subject to tax.

(i)(1) A contract shall be treated as a financing lease regardless of whether the underlying transaction is characterized as a lease or rental under generally accepted accounting principles, the internal revenue code, the uniform commercial code, K.S.A. 84-1-101 et seq. and amendments thereto, or any other provision of federal, state, or local law, if the contract requires the lessee to possess or control the goods under a security agreement or deferred payment plan that requires the transfer of possession or control of the goods to the lessee under either of the following:

(A) A security agreement or deferred payment plan that requires the transfer of title to the lessee upon completion of the required payments; or

(B) an agreement that requires the transfer of title upon completion of the required installment payments plus the additional payment of an option price, and the option price does not exceed the greater of $100 or 1% of the total required payments.

(2) Unless paragraph (i)(1) requires a contract to be treated as a financing lease, a contract shall be treated as an operating lease and not as a financing lease if the contract meets one of the following requirements:

(A) Contains a provision that allows the lessee to claim federal income tax depreciation benefits for the leased goods;

(B) allows the lessee to terminate the agreement at any time by returning the goods and making all lease payments due to the date of return; or

(C) qualifies as a Kansas consumer lease-purchase agreement under K.S.A. 50-680 et seq., and amendments thereto.

(j)(1) A late payment charge or penalty billed to a customer shall be exempt under this regulation only if the late payment charge or penalty is imposed for nonpayment of a credit balance that is owed under the parties’ agreement for the extension of credit, a financing lease, or other conditional sale agreement.

(2) A late payment charge or penalty that is billed to a customer by a regulated utility, cable provider, telecommunications company, or other entity that operates under the authority granted by law or contract by a municipal, county, state, or federal governmental unit is not a credit charge imposed for the extension of credit and shall be subject to sales tax.

(1) For purposes of this regulation, “bad debt” shall mean any debt owed to or account receivable held by a retailer that can be claimed as a “wholly or partially worthless debt” deduction under 26 U.S.C. Section 166 that arose from the sale of goods or services upon which the retailer reported retailers’ sales or use tax in a prior reporting period; and

(2)(A) A retailer shall be eligible to claim a bad debt allowance if the retailer meets the following conditions:

(i) Was the original seller of the taxable goods or services;

(ii) charged and remitted the retailers’ sales or use tax on a sale that can be claimed as a worthless debt deduction under 26 U.S.C. Section 166; and

(iii) has written off the bad debt as worthless or uncollectible in its books and records.

(B) A certified service provider shall be eligible to claim a bad debt allowance on behalf of a retailer that meets the conditions in paragraph (a)(2)(A) if the provider meets the requirements in subsection (g).

(3) A claim for a bad debt allowance shall be considered to be filed with the department according to one of the following:

(A) On the due date of the return for the reporting period in which the bad debt is written off as uncollectible in the retailer’s books and records, when a deduction for the bad debt is taken on that return; or

(B) on the date that the retailer files a refund claim with the department, if part or all of a bad debt allowance is being claimed as a refund because the bad debt allowance was not taken as a deduction on the appropriate return or the deduction that was taken exceeded the amount of taxable gross receipts being reported on that return. The filing date for a refund claim provided by K.S.A. 79-3609, and amendments thereto, shall be the later of either the postmark date on the refund request or the postmark date on the required supporting documentation.

(4) Each claim by a retailer for a deduction, credit, or refund based on a bad debt allowance shall be made in accordance with this regulation. K.A.R. 92-19-3c shall control the treatment of goods that are repossessed by a retailer after the retailer has taken a bad debt allowance on the underlying credit sale of goods defaulted on by the retailer’s customer.

(5) After a retailer sells, factors, assigns, or otherwise transfers an account receivable, installment contract, or other similar debt instrument for a discount of any kind that authorizes a third party to collect customer payments, the retailer shall not be eligible to claim a bad debt allowance, credit, or refund for bad debts that arise under an instrument that was sold or transferred at a discount. A third party that purchases or otherwise obtains a debt instrument from the retailer, and any person that subsequently purchases or otherwise obtains the debt instrument, shall not be eligible to claim a bad debt allowance, credit, or refund for an underlying credit sale of goods or services defaulted on by the retailer’s customer.

(b) Determining the amount of a bad debt allowance.

(1) The bad debt allowance that may be claimed for sales tax purposes shall be the difference between the federal worthless debt deduction calculated for the sale or account pursuant to 26 U.S.C. Section 166(b) and the applicable adjustments and exclusions to the federal worthless debt deduction specified in K.S.A. 79-3674 and amendments thereto.

(2) No anticipatory or statistical sampling method of estimating the amount of a sales-tax bad debt allowance shall be allowed except as specified in K.S.A. 79-3674(h) and amendments thereto.

(3) If a retailer maintains a reserve account for bad debts, only charges against the bad debt reserve that have been written off the retailer’s books and records may be claimed as a bad debt allowance.

(4) The amount of sales tax that is deducted, credited, or refunded under a bad debt allowance shall not exceed the difference between the tax that the retailer remitted to the department on a retail transaction and the tax that the retailer collected on the retail transaction.

(5) The amount of a bad debt allowance shall not include any finance charges, collection expenses, or repossession expenses that the retailer assigned to the consumer’s account.

(6) Whenever the sales tax rate that was in effect at the time and place of the original sale is changed pursuant to a statutory rate change or the enactment or repeal of a local tax, the amount of the bad debt
allowance shall be adjusted to account for the rate change before the bad debt allowance is claimed.

(7) In the absence of adequate records showing the contrary, it shall be presumed that the interest rate for financing charges that the retailer billed to a customer’s delinquent account is the maximum rate of interest that the retailer charged on the same type of delinquent account during the same period that gave rise to the bad debt.

(8) No interest shall be paid by the department on any sales-tax bad debt deduction taken on a retailer’s tax return. Interest on a refund claim filed to recover part or all of a bad debt allowance shall be computed as provided in subsection (e).

(c) How to claim a bad debt allowance.

(1)(A) A retailer that is required to file federal income tax returns shall claim a bad debt allowance as a deduction from the taxable gross receipts being reported on the return the retailer files for the reporting period in which the bad debt is charged off its books and records as uncollectible.

(B) A retailer that is not required to file federal income tax returns, including a church or other nonprofit entity, shall claim a bad debt allowance as a deduction from taxable gross receipts during the reporting period in which the bad debt is charged off its books and records as uncollectible.

(2) If a retailer fails to timely claim a bad debt deduction on the return identified in paragraph (c)(1) or if a bad debt allowance exceeds the taxable gross receipts being reported on that return, the retailer shall file a refund request pursuant to K.S.A. 79-3609, and amendments thereto, to recover the bad debt allowance or the balance of the allowance. The retailer shall explain the reasons for the request, and the department at any time to substantiate a retailer’s bad debt allowance claim.

(3) Any retailer that qualifies to claim a sales-tax bad debt allowance and whose volume and character of uncollectible or worthless accounts warrant an alternative method of substantiating the allowance may apply in writing to the director of taxation and ask to be allowed to maintain records other than those specified in this subsection. The retailer shall explain the reasons for the request, and the director may identify reasonable requirements that the retailer must meet as a condition to allowing the retailer to maintain records other than those specified in this subsection.

(e) A bad debt allowance submitted as a refund request. If a retailer claims a bad debt allowance by filing a refund request in accordance with paragraphs (c)(2) through (c)(4), the request shall be treated as the retailer’s application for a refund. If a refund request based on a bad debt allowance is approved, either a credit memorandum or a refund payment may be issued by the department to the retailer for the approved amount. The amount credited or refunded shall not include interest, unless a
credit memorandum or refund payment is not issued within the time provided for refunds by K.S.A. 79-3609, and amendments thereto. If a credit memo or refund payment is issued after the time provided for refunds, interest shall be computed from the later of either the filing date of the refund request or the filing date of the supporting documentation required by K.S.A. 79-3693, and amendments thereto.

(f) Recovery of allowances previously taken. If a retailer collects payment for goods or services or repossesses goods that were the basis of a bad debt allowance, the retailer shall apply the payment first proportionally to the selling price of the goods or services and the corresponding sales tax that remains unpaid and then to any other charges that are owed on the customer’s account, including interest, service charges, and collection costs billed to the customer. The retailer shall report the payment amount that is apportioned to the selling price of the taxable goods or services as part of its taxable gross receipts for the period in which the payment is received.

(g) Certified service providers.

(1) If a retailer’s filing responsibilities have been assumed by a certified service provider, the certified service provider may claim, on the retailer’s behalf, any bad debt allowance that the retailer could claim under this regulation. The certified service provider shall provide a credit or issue a refund to the retailer for the full amount of any bad debt allowance that the provider recovers. No person other than the retailer who reported the taxable transaction and reported tax to the department, or a retailer’s certified service provider, shall be entitled to claim a bad debt allowance that is based on a worthless debt or uncollectible account.

92-19-3c. Repossessed goods. (a) Each retailer that repossesses goods that were the basis of a bad debt allowance under K.A.R. 92-19-3b, and each financial institution that repossesses goods, shall account for the repossessed goods in accordance with this regulation.

(b) The recovery of goods being repossessed and the transfer of title to the goods from the debtor to the retailer or financial institution are not retail sales and shall not be taxed.

(c) When repossessed goods are resold by a retailer at retail, the receipts from the sale shall be reported as part of the retailer’s gross receipts. When repossessed goods are resold by a retailer as a sale for resale, a retailer that previously claimed a bad debt allowance on the goods shall account for the receipts as an allowance recovery in accordance with K.A.R. 92-19-3b(f).

(d) When goods are repossessed by a financial institution, the resale of the goods by the financial institution and the transfer of title to the buyer shall be treated as nontaxable isolated or occasional sales.

(e) When a debtor satisfies the underlying debt after goods are repossessed, the return of goods and the transfer of title to the goods to the debtor are not retail sales and shall not be taxed. A retailer that previously claimed a bad debt allowance on the goods shall report the taxable gross receipts that are included in the payment from the debtor in accordance with K.A.R. 92-19-3b(f).

92-19-16a. Gifts, premiums, prizes, coupons, and rebates. (a) Each sale of tangible personal property shall be taxable if made to a person who will use the property as a prize or premium or who will give the property away as a gift. Donors of articles of tangible personal property shall be re-
garded as the users or consumers of the property. If a retailer donates property that was originally acquired for resale, the retailer shall accrue tax on the cost it paid for the property when the retailer files its next sales tax return, unless the retailer donates the property to an entity that is exempt from taxation on its purchases under K.S.A. 79-3606, and amendments thereto, or has provided the retailer with a resale exemption certificate.

(b) If a retailer making a retail sale that is subject to tax gives a premium or prize along with the item being sold, the transaction shall be regarded as the sale of both items to the purchaser if delivery of the premium or prize does not depend on chance.

(c) If the award of a premium or prize by a retailer depends on chance, the retailer’s acquisition of the premium or prize shall be subject to sales tax. The retailer shall pay the tax at the time of acquisition of the premium or prize or, if the item is removed from resale inventory, shall accrue tax on the item’s cost on its sales tax return.

(d) If a retailer accepts a coupon for a taxable product and will later be reimbursed by a manufacturer or other party for the reduction in selling price, the total sales value, including the coupon amount, shall be subject to sales tax. If a retailer accepts a coupon and will not be reimbursed for the reduction in selling price, the reduction shall be considered a discount, and the taxable amount shall be the net amount paid by the customer after deducting the value of the coupon. If a retailer enhances the value of a manufacturer’s coupon, the amount of the unreimbursed enhancement shall be treated as a discount that is not subject to sales tax.

(e) For purposes of this regulation, “rebate” shall mean a return of part of the amount paid for a product after the time of sale, which is commonly obtained by sending proof of purchase to the manufacturer. Like manufacturers’ coupons, a manufacturer’s rebate is a form of payment. Therefore, even if a manufacturer’s rebate is assigned to a retailer at the time of sale, the rebate shall not reduce the amount that is subject to sales tax.

(f) Sales of gift certificates, meal cards, or other forms of credit that can be redeemed by the holder for the equivalent cash value shall not be subject to tax when sold. If the certificate or other form of credit is used as a cash equivalent to purchase taxable goods or services, the retailer who redeems the certificate or other form of credit shall charge sales tax on the selling price of the goods or services, which shall not be reduced by the amount of the certificate or other credit being redeemed.

(g) Sales of coupon books and similar materials that entitle the holder to a discount or other price advantage on the purchase of goods or services shall be presumed to have value in addition to the coupons or discounts contained in them and shall be taxable as sales of tangible personal property, except when the sale of this type of book is by a nonprofit organization that treats the receipts from the sales as a donation. If a coupon is redeemed from a coupon book or other material sold at retail, the retailer who redeems the coupon shall charge sales tax in accordance with the requirements for sales made with coupons that are specified in subsection (d).

(h) If a nonprofit organization treats receipts from the providing of coupon books and similar materials as donations, the nonprofit organization shall be liable for paying sales tax when it purchases the coupon books or other materials that are provided to a donor when a donation is made, unless the organization is otherwise exempted from paying tax on its purchases. If a coupon is redeemed, the retailer who redeems the coupon shall charge sales tax in accordance with the requirements for sales made with coupons that are specified in subsection (d). (Authorized by K.S.A. 2009 Supp. 75-5155 and 79-3618; implementing K.S.A. 2009 Supp. 79-3602 and K.S.A. 2009 Supp. 79-3603 as amended by L. 2010, ch. 160, sec. 1; effective July 27, 2001; amended April 23, 2007; amended April 1, 2011.)

92-19-40. (Authorized by K.S.A. 79-3618, implementing K.S.A. 1986 Supp. 79-3606 as amended by L. 1987, Ch. 292, Sec. 32, as further amended by L. 1987, Ch. 64, Sec. 1; effective, E-80-26, Dec. 12, 1979; effective May 1, 1980; amended May 1, 1988; revoked April 1, 2011.)

92-19-49b. Goods returned when a sale is rescinded. (a)(1) When a retailer and consumer rescind a taxable sale of goods that the retailer reported on an earlier return, the retailer shall be entitled
to deduct the original selling price of the returned goods from its current report of gross receipts, except as provided in paragraph (a)(2). A retail sale of goods shall be considered to be rescinded once the retailer accepts possession of the returned goods and the consumer accepts the repayment of all or part of the selling price and sales tax that was originally paid to buy the goods. This repayment to the consumer may be made by credit or refund.

(2) If a retailer reduces the amount credited or refunded to the consumer for the returned goods as compensation for depreciation, consumer usage, or any other reduction in the value of the goods, the amount of the reduction shall be considered a charge by the retailer for the consumer’s use of the goods and shall be subject to sales tax as if it were a rental charge being billed to the consumer. Both the deduction from gross receipts taken by the retailer on its current return and the selling price credited or refunded to the consumer shall be reduced by the amount taken as compensation for the reduced value of the goods. The amount of tax that is required to be credited or refunded to the consumer shall be reduced in a proportional amount.

(3) A retailer shall not be required to report its taxable receipts from a retail sale that is rescinded if the original sale, the acceptance of the returned goods by the retailer, and the full repayment to the consumer are all completed during one reporting period. If only partial repayment of the selling price and sales tax is made to the consumer, the retailer shall report the amount used as the reduced value of the goods as part of its gross receipts for that reporting period.

(4) If a retailer does not reduce the amount refunded to a consumer under paragraph (a)(2) or (a)(3) for a reduction in the value of the goods and charges a restocking or reshelving fee to the consumer after goods are returned, this fee shall not be taxable. A restocking or reshelving fee shall be defined as a fee charged by a retailer to cover the time and expense incurred returning goods to resale inventory if the consumer has not used the goods in a way that reduces their value.

(b) Each retailer shall maintain records that clearly establish and support its deduction claim when a sale is rescinded.

(c) Any retailer may take a deduction or credit for a refund claim on its sales tax return only if the deduction or credit has been authorized in writing by the department or is allowed under this regulation, K.A.R. 92-19-3b, K.A.R. 92-19-3c, or another department regulation. All other refund claims shall be made by submitting a written refund application to the department, in accordance with K.A.R. 92-19-49c.

(d) Repossessed goods shall be treated as specified in K.A.R. 92-19-3c.

(e) Despite any other provision of this regulation, any motor vehicle manufacturer, manufacturer’s agent, or authorized dealer may apply to the department for a refund or take a deduction during the reporting period if a consumer returns a motor vehicle in accordance with K.S.A. 50-645, and amendments thereto, and is refunded the total amount that the consumer paid for the vehicle, including sales tax, less a reasonable allowance for the consumer’s use of the vehicle, which shall include the sales tax associated with that use. The manufacturer, agent, or dealer shall maintain records that clearly reflect the acceptance of the returned vehicle under K.S.A. 50-645 and amendments thereto, the amount of the refund, and the amount of taxes refunded. (Authorized by K.S.A. 2009 Supp. 75-5155 and K.S.A. 2009 Supp. 79-3618; implementing K.S.A. 2009 Supp. 79-3607 as amended by L. 2010, ch. 123, sec. 11, and K.S.A. 2009 Supp. 79-3609 as amended by L. 2010, ch. 123, sec. 12; effective May 27, 2005; amended April 1, 2011.)

(2) “Goods” shall have the meaning as specified in K.A.R. 92-19-3a. For purposes of this regulation, “equipment” may be substituted for the word “goods” whenever equipment rentals or leases are being considered.

(3) “Lease or rental” shall have the meaning specified in K.S.A. 79-3602, and amendments thereto. When used in this regulation, these two terms and their derivatives are synonymous.

(4) “Lessee” shall mean a person who acquires the right to possess or control goods under a lease or rental agreement.

(5) “Lessor” shall mean a person who is engaged in the business of leasing or renting goods to others.

(6) “Operating lease” shall mean a lease agreement that gives the lessee possession or control of goods for a fixed or indeterminate period, while the lessor retains all or substantially all of the risk and rewards of ownership of the goods. This term shall be synonymous with “true lease.”

(7) “Primary property location” shall have the meaning specified in K.S.A. 79-3670, and amendments thereto.
(8) “Sales tax” or “tax” shall have the meaning specified in K.A.R. 92-19-3a.

(9) “Transportation equipment” shall have the meaning specified in K.S.A. 79-3670, and amendments thereto. When the term “motor vehicle” or “vehicle” is used, the term shall mean any passenger vehicle, truck, trailer, semitrailer, or truck tractor, as defined in K.S.A. 8-126 and amendments thereto, that is not classified as “transportation equipment” under K.S.A. 79-3670, and amendments thereto.

(b) Operating leases and rentals.
(1) Each agreement that is structured as a lease shall be treated as an operating lease unless the agreement meets the definition of a “financing lease” in K.A.R. 92-19-3a. Any operating-lease agreement may contain a future option to purchase the goods that are being leased or to extend the agreement, or both. Each oral lease shall be treated as an operating lease.

(2) Each person who rents or leases goods at retail for use in Kansas under an operating lease shall be deemed a retailer doing business in this state and shall register with the department and report tax on its taxable receipts as provided in this regulation. If tax is not collected on a taxable charge for a rental or lease, the tax together with interest and penalty may be collected by the department from either the lessor or the lessee.

(3) Each lessee shall collect tax on every taxable rental or lease charge that it bills to its lessees. A lessee shall not forgo this collection duty and elect instead to pay sales tax when the lessor buys goods to rent or lease.

(4) Each recurring periodic payment made under a rental or lease agreement shall be treated as a payment for a separate sales transaction in time units defined by the agreement of the parties. Each recurring periodic payment period under an agreement shall be treated as a complete sale for purposes of determining the following:

(A) Whether tax is required to be collected or paid on a periodic payment because of the enactment of a new tax imposition or exemption;

(B) whether a change in the tax rate applies to a periodic payment;

(C) what the appropriate local tax jurisdiction is when the primary property location is changed from one local taxing jurisdiction in Kansas to another; and

(D) what the appropriate state tax jurisdiction is when the primary property location is changed to Kansas from another state or from Kansas to another state.

(5) If a lease or rental agreement does not require recurring periodic payments to be made, the lump-sum payment shall be treated as a complete sale for purposes of applying exemptions, tax rates, sourcing requirements, and other requirements of the sales tax act to the lease payment. No refund claim shall be allowed or assessment issued that is based on an enactment that takes effect after payment but during the term of this type of lease or rental, unless the enactment specifies otherwise.

(6) Each “rent-to-own” or “rental-purchase” agreement that is subject to the Kansas consumer lease-purchase agreement act, K.S.A. 50-680 et seq. and amendments thereto, shall be treated as an operating lease. A reinstatement fee charged under this type of an agreement shall be taxable.

(7) A rental or lease shall not qualify for exemption as an isolated or occasional sale of goods.

(c) Sourcing receipts from operating leases. Each receipt from the lease or rental of goods shall be sourced according to the following:

(1) Classification of the receipt as a down payment, recurring periodic payment, or a single payment for the entire lease or rental period; and

(2) the type of goods being leased or rented.

Each different type of receipt shall be sourced according to K.S.A. 79-3670 and amendments thereto.

(d) Computation of the tax.

(1) Sales tax shall be computed on the total amount of each lease charge billed to the lessee without any deduction for mandatory insurance, damage waiver fees, property taxes, maintenance, service, repair, pickup, delivery, and other handling charges, administrative charges, late payment charges or penalties, reinstatement fees, late return charges, fuel charges, surcharges, and other charges or expenses whether paid by the lessor or lessee. Each of these fees or expenses shall be considered to be part of a taxable lease charge, even when the fee or expense is separately stated on an invoice given to a lessee or when separate contracts are entered into for the rental or lease and for the payment of one or more of these fees or expenses.

(2) All payments of interest, financing, and carrying charges, and any other payment that a lessee makes to reimburse a lessor for the costs or expenses the lessee incurs under the lease, shall be subject to sales tax whether billed as a separate line-item charge or on a separate invoice.

(3) When a rental or lease agreement has been subject to sales tax, sales tax shall apply to any charge made for either of the following:

(A) The cancellation of the agreement; or
(B) the early return of the rented or leased goods.

(4) Each late return charge that is billed for a customer’s failure to return goods to a rental company or other lessor within the agreed-upon rental or lease term shall be treated as a charge for the customer’s continued possession or control of the goods. This charge shall be subject to sales tax regardless of whether the charge meets any of the following conditions:

(A) Is designated a late return charge, a penalty, or a credit charge;

(B) exceeds the standard rental charge; or

(C) is a flat charge that appears to be a fine.

(e) A lessor’s purchase of goods to rent or lease.

(1) Any registered lessor that rents or leases goods may claim that the goods are purchased for resale when the lessor buys goods for the sole purpose of renting or leasing to others.

(2) A lessor that rents or leases equipment or other goods to others shall not claim the equipment or goods are purchased for resale when the lessor buys the equipment or goods if the lessor engages in a service business that does either of the following:

(A) Uses the equipment or other goods to perform services, in addition to renting or leasing the equipment or goods; or

(B) furnishes the equipment or goods to others with an operator.

(3) If a lessor paid tax when it purchased goods, the payment of tax shall not exempt any subsequent charges that the lessor bills for the rental or lease of the goods and shall not entitle the lessor to claim a credit for the taxes paid. Each lessor that is allowed to claim that goods are purchased for resale as provided in paragraph (e)(1) but paid tax on the purchase of the goods in error shall apply to the department for a refund of the tax.

(4) If a lessor that purchased goods solely for rental or lease later withdraws the goods from its rental or lease inventory for its own occasional use and then returns them to its inventory, the lessor shall accure sales tax on the regular rental amount that the retailer would charge to a customer for use of the goods under a rental or lease agreement.

(f) Purchases of repair services and repair parts.

(1) A lessor’s purchases of repair services and repair parts for incorporation into the goods or equipment that the lessor uses exclusively to rent or lease shall not be considered to be a retail sale. A lessor’s purchases of oil, grease, filters, lubricants, and similar items that are purchased for use in equipment that the lessor uses exclusively to rent or lease shall not be considered to be a retail sale. Sales tax shall be collected on any charges for these items that are separately billed to a lessee.

(2) The sale of repair services, repair parts, oil, grease, filters, lubricants, and similar items to a rental or lease business for use in equipment in its rental or lease inventory shall be a retail sale if the business uses equipment from its inventory to perform services or if the business furnishes equipment from its inventory to others with an operator.

(g) Furnishing equipment with an operator.

(1) Each charge for furnishing equipment with an operator who will use the equipment to perform services shall be taxed as a service rather than a rental or lease and shall be subject to the impositions on services set forth in K.S.A. 79-3603, and amendments thereto.

(2) Each lessor shall charge and collect sales tax on each lease or rental charge that the lessor bills to a lessee who intends to use the equipment being rented or leased to perform services for others.

(3) When a lessee bills a customer for taxable services that it performed using leased equipment, the lessee shall not deduct or otherwise exclude the lease charges that it paid to the lessor when the lessee bills its customer for the taxable services.

(4) Equipment shall be considered to be leased or rented rather than provided with an operator if the only services the lessor provides are setup, inspection, or maintenance services that are performed on the leased equipment itself.

(h) Disposal of rental or lease inventory. When goods that were purchased for rental or lease are sold at retail, the lessor shall collect sales tax on the full selling price without regard to any tax that has been collected and remitted on receipts from the rental or lease of the goods. The sale of any goods that a retailer makes from its rental or lease inventory shall not qualify as an isolated or occasional sale.

(i) Real property considerations.

(1) If a contract for the rental or lease of real property requires goods, including furniture and restaurant equipment, to be provided to a tenant with real property, no sales tax shall be due on any amount that is separately charged to the tenant for the goods. When a business purchases or leases goods to use to furnish or equip an apartment, office, restaurant, or other real property that the business intends to lease or rent, the sale or lease of the goods to the business shall be considered a retail sale or lease, and the business shall pay sales tax on the purchase price or lease charges as the final user of the goods.
(2) Each rental or lease of goods, including computers, typewriters, and word processors, to a person who obtains the exclusive right to use the goods for a fixed term shall be subject to sales tax even though the goods are attached or affixed to real property, unless the goods are being furnished with the rental or lease of a real property as specified in paragraph (i)(1).

(3) For purposes of determining the taxability of a rental or lease transaction that involves tangible personal property attached to realty, taxability shall be presumed if the property being leased or rented is considered “goods” pursuant to K.S.A. 84-2-107(2), and amendments thereto, unless the goods are being furnished with the rental or lease of real property as specified in paragraph (i)(1).

(j) Exemptions, discounts, and deductions. Any discount, deduction, or exemption may be claimed when a rental or lease of goods or services is entered into if the same discount, deduction, or exemption would be allowed when the same goods or services are sold at retail. When a lessee that makes recurring periodic payments claims entitlement to a new discount, deduction, or exemption that first takes effect during the term of a lease, any discount, deduction, or exemption may be applied to the periodic payments as provided in paragraph (b)(4).

92-19-59. Private letter rulings. (a) A “private letter ruling” shall mean a statement of the secretary of revenue or the secretary’s authorized agent issued to an individual retailer and shall be of limited application. A private letter ruling interprets the statute or regulation to which the ruling relates. A private letter ruling is issued in response to a retailer’s written request for clarification of the tax statute or regulation relating to a specified set of circumstances affecting the retailer’s collections duties as they relate to a claim of exemption from sales tax.

(b) A retailer, consumer, or other person shall not rely upon a verbal opinion from the department of revenue. Only a written private letter ruling issued to a retailer that concerns the retailer’s collection duties shall bind the department. Each retailer seeking a private letter ruling from the department shall submit a written request for the ruling to the department. The written request shall identify the retailer and state with specificity the facts and circumstances relating to the issue for which the ruling is sought. If insufficient facts are presented with a retailer’s request for a ruling, a private letter ruling shall not be issued by the department. If material facts are misrepresented in a retailer’s request for a ruling, a private letter ruling that is issued by the department shall be of no effect and shall not be binding on the department. Department correspondence that does not state that the correspondence is a “private letter ruling” shall not be considered or otherwise treated as a private letter ruling.

(c) Nothing contained in a private letter ruling shall be construed as altering any provision of the Kansas retailers’ sales tax act or any department regulation or as otherwise meeting any of the following conditions:

1. Having the force and effect of law;
2. Being a notice, revenue ruling, or other tax-policy statement that has been published by the department; or
3. Being a precedent that can be cited or relied upon by any person other than the retailer to whom the ruling is issued, except to identify a ruling that is being relied upon as support for a request for the reduction or waiver of penalty or interest.

(d) If a private letter ruling erroneously instructs an individual retailer that it is not required to collect sales tax under a specific set of facts and circumstances, that retailer shall be absolved of its statutory duty to collect sales tax under a comparable set of facts and circumstances, unless the ruling has been rescinded or was based on the retailer’s misrepresentation of material facts. A consumer that did not pay the tax to the retailer shall continue to be liable for the uncollected tax. However, if the consumer belatedly pays or is later assessed the tax, penalty shall be waived, and any interest on the consumer’s late payment may be waived or reduced, upon the consumer’s request unless the consumer misrepresented material facts to either the retailer or the department.

(e) Each private letter ruling shall cease to be valid and shall be deemed to have been rescinded when any one of the following occurs:

1. A statute or regulation that the department relied upon as a basis for the ruling is changed in any substantive part by the Kansas legislature or department of revenue.
2. A substantive change in the interpretation of a statute or regulation that the department relied upon as a basis for the ruling is made by a court decision.

1181
(3) An interpretation that the department relied upon as a basis for the ruling is changed in any substantive part by a more recent department notice, guideline, revenue ruling, or other published policy directive that rescinds all prior published policy statements about issues that are discussed in the policy directive. Any policy statement that has been rescinded by the department may be cited as support for a taxpayer’s request for the reduction or waiver of penalty or interest. (Authorized by K.S.A. 2009 Supp. 75-5155 and 79-3618; implementing K.S.A. 2009 Supp. 79-3604 and K.S.A. 79-3646; effective May 1, 1988; amended April 1, 2011.)

92-19-73. Membership fees and dues. (a) Each public or private club, organization, or business charging dues to members for the use of the facilities for recreation or entertainment shall collect sales tax on the gross receipts received from the dues, except for the following:

(1) Clubs and organizations that are exempt from property tax pursuant to the “eighth” paragraph of K.S.A. 79-201 and amendments thereto, including the American legion, the veterans of foreign wars, and certain other military veterans’ organizations;

(2) clubs and organizations that are exempt from property tax pursuant to the “ninth” paragraph of K.S.A. 79-201 and amendments thereto, including the Y.M.C.A., Y.W.C.A., Boy Scouts, Girl Scouts, and certain other humanitarian community service organizations; and

(3) nonprofit organizations that support nonprofit zoos, if the organization is exempt pursuant to section 501(c)(3) of the federal internal revenue code of 1986 and the dues are used to support the operation of the zoo.

(b)(1) “Dues” means any charge that is a debt owed to the club, organization, or business by an existing member or prospective member in order for the member or prospective member to enjoy the use of the facilities of the club, organization, or business for recreation or entertainment, and, except as provided in paragraph (b)(2), shall include periodic or one-time special assessments, initiation fees, and entry fees charged to members by a nonprofit club or organization if a member’s continued nonpayment of the assessment or fee will result in the loss of membership or membership rights.

(2) Dues shall not include the redeemable amount of a contribution required for membership in an equity country club or other equity entity organized for recreation or entertainment in which none of the net earnings inure to the benefit of any shareholder or other person, including organizations described by I.R.C. 501(c)(7), if the club or organization is obligated to repay the redeemable amount of the contribution, and the redeemable amount either is reflected as a liability owed to the member on the club’s or organization’s books and records or is required to be repaid to the member under a written contract. The repayment obligation may be conditioned upon the club’s or organization’s receipt of a membership contribution from a new member. The redeemable amount of a contribution required for membership shall include payments made by a member or prospective member for membership stock, certificates of membership, refundable deposits, refundable capital improvement surcharges, refundable special or one-time assessments, or similar membership payments in an amount equal to the amount that the club or organization is obligated to repay to the member. These payments to a club shall not be considered redeemable contributions if the club’s repayment obligation is contingent solely on a club ceasing its operations as a nonprofit social organization sometime in the future.

(3) If all or part of a redeemable contribution paid to acquire or retain membership ceases to be carried as a liability on the books and records of a club that continues operation, or its successor, and the contribution has not been redeemed by a former member or former member’s estate, the amount of the contribution that is no longer carried as a liability and can no longer be redeemed shall be subject to sales tax.

(c) “Recreation or entertainment” means any activity that provides a diversion, amusement, sport, or refreshment to the member. This term shall include the health, physical fitness, exercise, and athletic activities identified in K.A.R. 92-19-22b.

(d) An exemption for gas, fuel, or electricity shall not be allowed for a public or private club, organization, or other business that charges dues to members if the gas, fuel, or electricity is utilized for heating, cooling, or lighting a building, facility, or other area that is used for recreation or entertainment. An exemption shall not be allowed for water, cleaning supplies, toilet supplies, sanitary supplies, and other consumables and supplies that are used by a public or private club, organization, or other business that enable dues-paying members or others to use the building or facility for recreation or entertainment. These exemptions shall not be allowed regardless of whether the business charges dues-paying members or others for admission or

**92-23-42. Bond required for distributors.** Each distributor shall post a cash bond of $1,000 at the time of initial registration. Any distributor may subsequently be required by the director to increase the cash bond to an amount equal to three times the average monthly tax liability based upon the distributor’s sales for the previous 12 months. If the distributor does not have 12 months of tax liability history to use for this calculation, then an estimate of the tax liability may be made by the director based upon the best information available. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5176 and 75-5181; effective Feb. 12, 2016.)

(b) Only revenue received from the conduct of call bingo and instant bingo shall be deposited into the bingo trust bank account. Funds from other sources shall not be deposited in the account.

(c) Cash prizes from call bingo games under $500 and all prizes from instant bingo games may be paid from the daily gross bingo receipts before depositing these receipts in the bingo trust bank account if the licensee keeps a detailed written record of the gross bingo receipts, cash prizes paid, and net deposit made to the account for the day.

(d) All payments made from the bingo trust bank account shall be made by check.

(e) Any excess funds in the bingo trust bank account that are not needed for the payment of bingo prizes, taxes, and expenses may be removed from the account by writing a check. These excess funds may be used for any lawful purpose of the nonprofit organization pursuant to K.S.A. 2015 Supp. 75-5179, and amendments thereto. (2) date and time of each session. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5179; effective Feb. 12, 2016)

**92-23-45. Handling of reusable bingo cards.** (a) No person shall select or set aside any reusable bingo cards for playing by the person or another person before the time that the reusable bingo cards are made accessible to all of the players before the start of a session.

(b) No person shall set aside or reserve reusable bingo cards between games of bingo. All reusable bingo cards to be used for a particular session shall be shuffled before being sold or rented to the
players so as to ensure that reusable bingo cards returned from the previous session do not remain in the order in which they were returned.

(c) At the end of each session, all reusable bingo cards used during the session shall be returned to one common area. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-46. Bingo; house rules. Any licensee may impose restrictions on player eligibility and game procedures through the use of “house rules” if these house rules meet all of the following conditions:

(a) The house rules do not conflict with state laws and regulations and local ordinances.

(b) The house rules are conspicuously posted at the location where games of bingo are conducted.

(c) The house rules are uniformly and consistently enforced by the licensee. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-48. Bingo; procedure for correction if wrong number called. (a) If a caller calls a number different from what is on the ball or other object selected by chance and this fact is brought to the caller’s attention after the prize or prizes have been awarded for that game of bingo, then no correction shall be made and the winner or winners shall retain the prize or prizes. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-49. Bingo; persons selling refreshments or performing janitorial work. A person who is only selling refreshments or providing janitorial services for games of bingo shall not be deemed to be participating in the management, conduct, or operation of games of bingo. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-50. Communication of numbers needed to win prohibited. Each licensee shall ensure that no person communicates verbally or in any other manner the number or numbers needed by any player to win a game of bingo to any person involved in the conduct of that game of bingo. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

If the participant or observer is not satisfied with the manner in which the complaint is handled, then that individual may file a written complaint with the administrator.

(b) Each licensee shall, on the premises, post in plain view of the participants the address where bingo complaints may be filed. The address shall be provided to each licensee by the department. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5179 and 75-5181; effective Feb. 12, 2016.)

92-23-52. Bingo; multiple winners. (a) Before the beginning of the first call bingo game of a session, the licensee shall notify the players of how the licensee intends to pay out the prize for each game of bingo during that session if there are multiple winners.

(b) If a bingo player has a winning pattern simultaneously on two or more bingo faces or reusable bingo cards, then that player shall be treated as a separate winner for each such winning bingo face or reusable bingo card when determining the awarding of the prize or prizes for that game of bingo.
(c) If a bingo player has two or more winning patterns simultaneously on the same bingo face or reusable bingo card, then the licensee may treat the player as a separate winner for each winning pattern when determining the awarding of the prize or prizes for that game only if the licensee has published a house rule to that effect. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5179; effective Feb. 12, 2016.)

92-23-53. Verification of winners. The winning numbers on the bingo face or reusable bingo card of each announced winner of each call bingo game shall be verified by the following individuals:

(a) At least one other call bingo player unrelated by blood or marriage to either the winning player or the caller of that game of bingo; and

(b) one or more of the bingo workers, using one of the following methods:

(1) The bingo worker shall call back the winning numbers while the other call bingo player looks at the bingo face or reusable bingo card and verifies that the correct numbers are being called back. The winning numbers shall be called out loud so that the other players present can hear the numbers. The caller shall announce whether the bingo face or reusable bingo card is a winner. For a blackout game, the numbers not selected may be called by the bingo worker and other call bingo player to verify the winners; or

(2) the bingo worker shall call out the unique identifying number on the bingo face while the other call bingo player verifies that the correct identifying number was called. The caller shall type the identifying number into the bingo machine with an electronic verifier and announce the bingo machine’s response as to whether the bingo face is a winner. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-54. Bingo; reduction in value of prizes. Any licensee may make the value of the prize awarded to the winner of call bingo contingent upon the number of players participating, if the exact terms of the contingency are posted or announced to all of the players before their purchase of any bingo faces or reusable bingo cards for the game. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-55. Cashing of prize checks. These brochures and informational materials may be provided through electronic means if approved by the director.

Each manufacturer shall provide to the division, on or before January 31 of each year for that calendar year, documentation indicating the normal prices and fees charged to a driver that are associated with the manufacturer’s Kansas installation of devices. Each device shall be capable of uniquely identifying and recording all of the following:

1. Each time the vehicle is attempted to be started;
2. Each time the vehicle is started;

The manufacturer shall notify the division within seven days after a device has been serviced due to a lockout that occurred for any of the reasons specified in paragraph (b)(6)(D).

(d) The service provider shall enable each device’s anticircumvention features when installing a device and keep the features enabled during the ignition interlock device period. Within two business days, a service provider shall notify the division of any evidence of tampering or circumvention. The evidence shall be preserved by the manufacturer or the manufacturer’s representative until otherwise notified by the division.

(e) The division may conduct or have conducted independent checks on any of the approved ignition interlock devices to determine whether the devices are operating in a manner consistent with the manufacturer’s specifications, manufacturer’s certifications, or these regulations. The director may require the manufacturer or the manufacturer’s representative to correct any abnormality found in the installation, calibration, maintenance checks, or usage records of the device. The manufacturer and the manufacturer’s representative shall report in writing to the division within 30 days after receiving notification of any abnormality. In conducting these checks, the manufacturer shall install the device in a vehicle chosen by the division, and the manufacturer shall waive any costs to the division for the installation, calibration, or testing of the device.

   (4) have a fixed site to provide each driver with access to an enclosed building that is open for business and has a separate waiting area.

(g) Each manufacturer shall provide the division with written evidence of that manufacturer’s statewide network of service providers within seven days of a request by the division. Written evidence shall include lease and ownership documents associated with each manufacturer’s service providers in the required state judicial districts.

(h) A manufacturer, manufacturer’s representative, or service provider shall not compel any driver to travel out of Kansas to receive services.

(i) A manufacturer shall not permit its service provider to install any device in that service provider’s vehicle for the purpose of satisfying K.S.A. 8-1014, and amendments thereto. (Authorized by and implementing K.S.A. 8-1016; effective Oct. 23, 1989; amended July 5, 2002; amended May 2, 2014; amended Jan. 15, 2016.)

(b) Each manufacturer’s device certification shall be subject to suspension, revocation, nonrenewal, or cancellation if the division determines that the manufacturer or its representatives have violated any requirement in this article.

(c) In lieu of revoking a manufacturer’s device certification, the director may require a manufacturer to terminate its relationship with a service provider. (Authorized by and implementing K.S.A. 8-1016; effective Oct. 23, 1989; amended July 5, 2002; amended May 2, 2014.)

**92-56-6. Service provider; relocation and replacement.** (a) Each manufacturer and manufacturer’s representative shall be responsible for providing uninterrupted service of the manufacturer’s installed devices if one of the manufacturer’s service providers moves out of the manufacturer’s judicial district or goes out of business. The manufacturer and the manufacturer’s representative shall notify the division electronically or in writing of all changes in the status of any service provider and any additions, deletions, or other changes to the manufacturer’s complete listing of service providers, which shall include for each service provider the name, location, phone number, contact name, and hours of operation. Notification shall occur on a quarterly basis or more frequently if required by the division.

(b) If the manufacturer or manufacturer’s representative replaces a service provider, the manufacturer and manufacturer’s representative shall make all reasonable efforts to obtain driver records and data from the original service provider and provide the records and data to the new service provider. If the manufacturer or manufacturer’s representative does not replace the service provider, the manufacturer and manufacturer’s representative shall make all reasonable efforts to obtain driver records and data from the original service provider, maintain the records and data at the main business office of the manufacturer’s representative, and provide the records and data to the division as required by this regulation.

(c) Each manufacturer and manufacturer’s representative shall notify all affected drivers of the change of service provider or replacement of the device as soon as possible but not later than 30 days before the change of service provider or replacement will occur. (Authorized by and implementing K.S.A. 8-1016; effective May 2, 2014.)

**92-56-7. Security; tampering prohibitions; conflict of interest.** (a) Each manufacturer and each manufacturer’s representative shall be responsible for ensuring that the manufacturer’s service providers comply with all of the following security requirements:

1. Only authorized employees of a service provider may observe the installation of a device.

2. Reasonable security measures shall be taken to prevent the driver from observing the installation of a device and from obtaining access to installation materials.

3. Service providers shall be prohibited from assisting with, in any manner, tampering or circumvention.

4. Manufacturer’s representatives and service providers shall not install or service a device on a
vehicle owned or operated by the manufacturer’s representative or service provider, or any of the service provider’s employees, for division-required installations.

(b) Nothing in this regulation shall prohibit a manufacturer, manufacturer’s representative, or service provider from installing a device in that entity’s vehicles for demonstration and testing purposes. (Authorized by and implementing K.S.A. 8-1016; effective May 2, 2014.)

92-56-8. Device removal. Whenever a service provider removes a device, the following requirements shall apply:

(a) The only persons allowed to remove or observe the removal of the device shall be service providers or a manufacturer’s representative associated with the manufacturer of that device.

(b) Adequate security measures shall be taken to ensure that unauthorized personnel cannot gain access to proprietary materials and to the files of drivers.

(c) Upon removal of the device, the service provider shall ensure that both of the following occur:

(1) The driver is provided with a report showing the removal of the device.

(2) The division is notified, in the form and format designated by the division.

(d) The service provider and the manufacturer shall restore the driver’s vehicle to its original condition after removal of the device. (Authorized by and implementing K.S.A. 8-1016; effective May 2, 2014.)

92-56-9. Proof of installation. (a) If a driver is unable to provide proof of installation of the device to the division for the full restriction period required by K.S.A. 8-1014 and amendments thereto, the director shall extend the ignition interlock device restriction period until the driver provides the division with proof that the driver has had a device installed in a vehicle for a period that is equal to or greater than the initial ignition interlock device restriction period required by K.S.A. 8-1014 and K.S.A. 8-1015(d), and amendments thereto.

(b) Any device may deviate from the breath sample requirement by accepting a breath sample of less than 1.2 liters of air if the deviation is approved in advance by the division to address valid accommodation requests under the Americans with disabilities act of 1990. Each request for accommodation shall be submitted on a form provided by the division. Each form shall require a certification by a licensed pulmonologist that the driver has a lung condition that will render the driver incapable of blowing a normal breath sample, 1.2 liters of air or more, into an ignition interlock device.

(c) If an accommodation that is requested pursuant to subsection (b) cannot be made for a driver that is a qualified individual with a disability as defined by 42 U.S.C. 12131(2), and amendments thereto, the director, upon the driver’s request, may reinstate the driver’s license after the initial ignition interlock device restriction period if the records maintained by the division have no indication of the occurrence of any of the following offenses during the entire initial ignition interlock device restriction period:

(2) conviction pursuant to K.S.A. 41-727, and amendments thereto;

(3) conviction of any violation listed in K.S.A. 8-285(a), and amendments thereto;

(4) conviction of three or more moving traffic violations committed on separate occasions within a 12-month period; or

(5) revocation, suspension, cancellation, or withdrawal of the person’s driving privileges due to an unrelated event.

If the driver that is requesting accommodation has any offenses during the initial ignition interlock device restriction period, the director shall not reinstate the driver’s full driving privileges until the driver has no such offenses for the year before the driver’s request for reinstatement of full driving privileges.

This subsection shall not serve as a defense to allegations that the driver has violated K.S.A. 8-1017, and amendments thereto, during any required ignition interlock device restriction period.

(d) The director may waive the requirement for proof of ignition interlock device installation, upon a driver’s request, if the director determines that all of the following conditions are met:

(1) The driver’s ignition interlock device restriction period has been extended at least two years beyond the initial ignition interlock device restriction period due to the driver’s failure to provide the division with proof of installation as required by subsection (a).

(2) The driver has not had an “alcohol or drug-related conviction” or “occurrence,” as those terms are defined by K.S.A. 8-1013 and amendments thereto, a conviction pursuant to K.S.A. 8-1017 and amendments thereto, or a conviction of a violation of a law of another state that would constitute a violation similar to any violation specified in K.S.A.

at least $500 but less than $10,001 .................... $50.00

$10,001 through $14,999 ............................... $150.00

(4) Appeals from final decisions of the director, or the director’s designee, of the Kansas department of revenue, division of property valuation, involving real estate other than single-family residential properties and farmsteads for the following valuations:

Less than $500 ........................................... No fee

at least $500 but less than $250,001 ................... $100.00 per parcel
$250,001 through $1,000,000 ..................... $150.00 per parcel
$1,000,001 through $1,999,999 ................ $200.00 per parcel

(5) Appeals from final decisions of the secretary, or the secretary's designee, of the Kansas department of revenue involving homestead property tax refund appeals under K.S.A. 79-4501 et seq., and amendments thereto, and food sales tax refund appeals under K.S.A. 79-3632 et seq., and amendments thereto.................................................. No fee

(e) For purposes of this regulation, the following definitions shall apply:

(1) “Single-family residential property” means any parcel containing a residential structure or any portion of the structure that is designed for occupancy by no more than one family, regardless of whether the boundary of the parcel is ground, shared walls, or other structural elements. A parcel containing a structure designed to accommodate more than one family, including an apartment building, is not single-family residential property.

(2) “Valuation” means the value shown on the county notice of valuation or the value at the time of the filing of the appeal if the value has been reduced by the county appraiser at the informal hearing, by a local hearing officer panel, or by the small claims division of the court.

(d) Except as specified in this subsection, each application and appeal listed in subsections (a) and (b) shall be accompanied by the applicable filing fee in the form of a check or money order made payable to the “Court of Tax Appeals.” If the fee does not accompany the filed application or appeal, the fee shall be received by the court within seven business days of the receipt of the application or appeal. If the fee is not received within this time period, the application or appeal shall be considered not properly filed with the court, and the application or appeal shall be dismissed.

(e)(1) A filing fee may be waived by the court if an applicant or taxpayer by reason of financial hardship is unable to pay the fee and has filed an affidavit stating this reason, with any accompanying supporting documentation that may be deemed appropriate by the court.

(2) Filing fees may be abated by the court as prescribed in this paragraph upon written motion demonstrating that multiple appeals or applications involving multiple properties filed by a taxpayer or applicant should be consolidated into a single matter. For multiple applications or appeals involving contiguous parcels owned by the same person or entity that together comprise a single economic unit, the consolidated filing fee shall be the fee for the parcel with the highest valuation plus $25.00 for each additional parcel within the economic unit. If multiple applications or appeals do not involve contiguous parcels but involve substantially similar issues that, in the interest of administrative economy, should be heard and decided together, the filing fee may be abated by the court to reflect the administrative cost savings anticipated from consolidating the multiple filings for decision. If, after a filing fee has been remitted, the court determines that abatement is appropriate under this paragraph, the abated portion of the fee shall be refunded by the court.

(f) Public school districts......................... No fee

(g) Each not-for-profit organization shall be charged a fee of $10 for any appeal if the valuation of the property that is the subject of the controversy does not exceed $100,000, excluding all governmental entities except as provided in subsection (f). There shall be no filing fee reduction under this subsection (g) for property owned by a not-for-profit organization with a valuation exceeding $100,000. (Authorized by and implementing K.S.A. 2010 Supp. 74-2438a; effective Oct. 29, 2010; amended Sept. 16, 2011.)

94-5-9. Filing procedures; time limitations.

(a) Each party filing any action with the court shall file the application or appeal and shall pay any applicable fees required by K.A.R. 94-5-8. Each pleading or other document filed with the court shall be deemed to have been filed when actually received and file-stamped by the secretary or the secretary’s designee, and the action shall commence on that date, if the document is in a form prescribed by these regulations or by statute.

(b) In computing any period of time prescribed by the Kansas administrative procedure act, the computation shall be made pursuant to K.S.A. 77-503(c), and amendments thereto. In computing any period of time not prescribed by the Kansas administrative procedure act, the computation shall be made pursuant to K.S.A. 60-206, and amendments thereto.

(c) When by these regulations or by notice given by the court, an act is required to be completed within a specified time, the time for completing the act may be extended by the court if a motion is filed before the expiration of the specified time. A motion for extension of time filed after the time limit has expired may be granted only if failure to act within the time limit was the result of excusable neglect.
(d) Any individual or entity may file documents at the court’s office between the hours of 8:00 a.m. and 5:00 p.m. on any business day. Each document, whether mailed, hand-delivered, or sent by facsimile machine or electronically, shall be received by 5:00 p.m. in order to be file-stamped and considered filed on that date. The time of receipt shall be that time shown by the court’s time clock, the time printed by the court’s facsimile machine on the final page of the facsimile-received document, or the time shown as received by the court’s electronic mail system. Electronic mail received after 5:00 p.m. shall be deemed filed on that date. Each filing received on a Saturday, Sunday, or legal holiday shall be deemed filed on the following regular workday of the court.

94-5-10. Electronic mail filings. (a) Each document filed through electronic mail shall be sent to the court’s central electronic mail address in order to be considered filed with the court. Electronic mail sent to any electronic mail address other than the court’s central electronic mail address shall be ignored and shall not be considered filed with the court.

(b) All pleadings filed by electronic mail shall be followed by any applicable filing fees.

(c) Each electronic mail filing shall include a return electronic mail address along with the name and telephone number of the individual sending the electronic mail.

(d) Each document filed with the court by electronic mail and in accordance with these regulations shall have the same effect as if the document had been filed by any other means and in accordance with these regulations. All requirements for pleadings and other filings with the court shall apply to pleadings and other filings transmitted by electronic mail. Only one copy of the pleading or document shall be transmitted. An electronic signature or the symbol “/s/” on the signature line in place of a signature shall have the same effect as that of an original signature.

(e) Electronic mail received in the court’s office at the central electronic mail address on or before 5:00 p.m. shall be deemed filed on that date. Electronic mail received after 5:00 p.m. shall be deemed to be filed on the following regular workday of the court. The time of receipt shall be the time shown by the court’s electronic mail system. Electronic mail received on a Saturday, Sunday, or legal holiday shall be deemed filed on the following regular workday of the court.

(f) If an electronic mail message indicates that there is an attachment but an attachment is not included or the attachment cannot be opened, the sender shall be notified by the court of the deficiency, with the court’s request that the electronic mail be re-sent and the deficiency corrected. The date and time of the filing shall be the date and time the electronic mail is re-sent without deficiency. Each attachment shall be sent in a format that meets the court’s specifications.

(g) The sender of an electronic mail filing may petition the court for an order filing the document nunc pro tunc if the electronic mail document is not filed with the court because of either of the following reasons:

(1) An error in the transmission of the document, the occurrence of which was unknown to the sender at the time of transmission; or

(2) a failure to process the electronic mail document when received by the court.

(h) Each petition filed pursuant to subsection (g) shall be accompanied by the transmission record, a copy of any document included in the transmission, and an affidavit of transmission by electronic mail as prescribed by Kansas supreme court rule 119, appendix B.

(i) Each party who files a document by electronic mail shall retain a copy of that document in the party’s possession or control during the pendency of the action and shall produce the document upon request pursuant to K.S.A. 60-234, and amendments thereto, by the court or any party to the action. Failure to produce the document may result in the document being stricken from the record and may result in sanctions pursuant to K.S.A. 60-211, and amendments thereto. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-11. Facsimile filing. (a) The court’s facsimile machine shall be available on a 24-hour basis, seven days each week. This requirement shall not prevent the court from sending documents by fax or from making repairs to and maintaining the facsimile machine.

(b) Each complete facsimile filing received in the court’s office at or before 5:00 p.m. on a regular workday shall be deemed filed on that day. Each filing received after 5:00 p.m. shall be filed as if received on the next regular court workday. The time of receipt shall be the time printed by the court’s facsimile machine on the final page of the facsimile-received document. Each filing received on a Saturday, Sunday, or legal holiday shall be filed as if received on the next regular court workday. Each pleading filed by facsimile shall be followed by any applicable filing fees.
(c) Each pleading or other document filed by facsimile transmission shall have the same effect as that of any pleading or other document filed with the court by other means. A facsimile signature shall have the same effect as that of an original signature. Only one copy of the pleading or other document shall be transmitted.

(d) Each certificate of service shall state the date of service and the facsimile telephone numbers of both the sender and the receiver.

(e) The sender may petition the court for an order filing a document nunc pro tunc if a facsimile filing is not filed with the court because of either of the following:

(1) An error in transmission of the document, the occurrence of which was unknown to the sender at the time of transmission; or

(2) A failure to process the facsimile filing when received by the court.

(f) The petition specified in subsection (e) shall be accompanied by the transmission record, a copy of the document transmitted, and an affidavit of transmission by fax as specified in Kansas supreme court rule 119 relating to district courts, appendix B. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-12. Confidentiality. (a) Each document filed and all evidence received by the court shall be a public record, unless a protective order is issued by the court designating all or portions of the record confidential.

(b) Any party may file a motion for a protective order, or a motion and agreed order may be jointly submitted by the parties, showing cause why specifically identified information in the record or information likely to become part of the record should be kept confidential. The motion shall state a legally valid basis for the protective order and shall include sworn statements or affidavits supporting the motion.

(c) If a motion for protective order is granted, any measures permitted by law may be taken by the court to protect the confidential information. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-14. Consolidation. If two or more cases involve the same or substantially similar issues or if joint presentation of the evidence or legal arguments would be economical, a written order of consolidation may be issued by the court either on its own motion or on a motion by one or more parties. If cases are consolidated, orders may be issued by the court in a consolidated format. In the absence of a formal written order of consolidation, individual cases shall be deemed separate, unconsolidated matters. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-15. Motion practice. (a) Each motion shall include the heading information required of court pleadings, as well as the following information:

(1) Reference to the provision of statute, regulation, or other procedural authority upon which the motion is based;

(2) A concise statement of the pertinent facts and legal authorities;

(3) A concise statement of the relief sought;

(4) A request for oral argument, if desired; and

(5) A proposed form of order to be adopted by the court if the motion is granted.

(b) Each response to a motion shall be filed not later than 10 days from the date of service of the motion, or within any shorter or longer period that the court may allow. Each reply, if any, shall be filed within seven days of service of the response or within any shorter or longer period that the court may allow.

(c) Regular times for hearings on motions shall be established by the court at intervals sufficiently frequent for the prompt dispatch of business.

(d) Notwithstanding subsections (a), (b) and (c), all motions for summary judgment shall be governed by the court rules governing motions for summary judgment in state district court actions, including K.S.A. 60-256 and amendments thereto, and Kansas supreme court rule 141, as amended. Motion for summary judgment shall be specially set by the court for oral argument. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-16. Discovery. (a) All discovery matters, including disputes and requests for sanctions, shall be governed by the Kansas administrative procedure act and the Kansas code of civil procedure.

(b) Discovery shall be completed expeditiously. The parties and counsel shall conduct orderly dis-
covery and shall freely exchange discoverable information and documents.

(c) The parties and counsel shall make all reasonable efforts to resolve discovery disputes before involving the court in these matters. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-17. Subpoenas. (a) Any party may issue a subpoena or subpoena duces tecum in a court proceeding. Each subpoena shall be prepared by the requesting party and shall be in substantial compliance with this regulation and any published court forms.

(b) Each subpoena shall state the following information:

1. The name of the witness;
2. The address where the witness can be served;
3. The location where the witness is required to appear and the date and time of the appearance;
4. The matter in which the witness is required to testify; and
5. For a subpoena duces tecum, a detailed listing of the documents or other material to be produced.

(c) A subpoena may be used for the purpose of discovery or for the purpose of securing evidence for a hearing. The duties of the person responding to a subpoena shall be those specified in K.S.A. 60-245(d), and amendments thereto.

(d) Each subpoena issued under the authority of the court shall be signed by the secretary or a judge under the seal of the court. Upon request, the secretary shall issue a blank subpoena bearing the seal of the court with the secretary’s signature or a facsimile of the signature. The party to whom a blank subpoena has been issued shall be solely responsible for preparing the substance of the subpoena. Subpoenas shall not be prepared by the court.

(e) Service of each subpoena shall be the responsibility and at the cost of the party requesting the subpoena and shall be made in accordance with K.S.A. 77-516 and K.S.A. 77-517, and amendments thereto. Witness fees and mileage shall be allowed pursuant to K.S.A. 28-125, and amendments thereto.

(f) Any person subject to a subpoena issued by the court may seek appropriate protection as provided under K.S.A. 60-245(e), and amendments thereto. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-18. Stipulations. (a) The parties and counsel shall to the fullest extent possible stipulate to facts, issues, and other matters that are not the subject of reasonable dispute.

(b) Any stipulation may be made either by written stipulation or by oral statement shown upon the hearing record. All stipulations shall be binding upon all parties so stipulating and may be regarded by the court as conclusive evidence of the fact stipulated.

(c) Each stipulation that finally and conclusively settles an appeal involving the valuation of county-assessed property shall be made by means of a fully executed order of stipulation and dismissal. Each order shall be filed within 30 days from the date the parties notify the court of the pending stipulation. All stipulations executed by county officials shall be presumed by the court to have been made in keeping with the legal duties and obligations of those county officials.

(d) Each settlement negotiation shall be confidential, unless all participants to the negotiation agree otherwise in writing. Facts disclosed, offers made, and all other aspects of negotiation shall not be part of the record. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-19. Prehearing conferences. A prehearing conference may be held by the court for purposes of narrowing the issues and facts in dispute, simplifying the presentation of evidence, and otherwise assisting the parties and counsel in their preparation for trial. Each prehearing conference shall be conducted in accordance with K.S.A. 77-516 and K.S.A. 77-517, and amendments thereto. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-20. Continuances. (a) Any hearing scheduled on the court’s calendar may be continued by the court upon a written motion filed at least 30 days before the date of the scheduled hearing. This requirement may be waived by the court at its discretion upon a showing of good cause. Before requesting a continuance, the moving party shall consult with all other parties and shall state in the motion the position of the other parties with respect to the continuance request. Each motion for continuance shall clearly state the reason for the requested continuance. Parties and counsel shall not contact court staff in an attempt to reschedule a matter before the court. These requests shall be filed in writing as specified in this subsection. All necessary rescheduling shall be initiated by the court after a motion has been received.

(b) A motion to continue a hearing shall be granted only in exceptional and unforeseen circumstances.
94-5-21. Exchange of evidence and witness lists. Unless otherwise ordered by the court, the following deadlines for the exchange of evidence and witness lists shall apply:

(a) At least 10 calendar days before a scheduled hearing involving single-family residential property, each party shall have exchanged copies of each document, photograph, or other evidence that the party intends to present at the hearing.

(b) At least 20 calendar days before a scheduled hearing except a hearing involving single-family residential property as specified in subsection (a), each party shall have exchanged copies of each document, photograph, or other evidence that the party intends to present at the hearing, along with a listing of all witnesses expected to be called at the hearing. At least 10 calendar days before the scheduled hearing, each party shall have exchanged copies of any rebuttal evidence, along with a listing of any rebuttal witnesses.

(c) In computing the time periods specified in subsections (a) and (b), the day of the scheduled hearing shall not be included. If the 10th or 20th calendar day before the hearing falls on a Saturday, Sunday, or legal holiday, the last business day before the day shall be the deadline for the exchange of evidence.

(d) If the parties fail to comply with the deadlines specified in this regulation or with any modified deadline ordered by the court, the presiding officer may take appropriate measures in the interest of preserving a fair hearing, which may include barring or limiting the presentation of evidence. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-22. Hearings. (a) Each hearing shall be open to the public and shall be conducted in accordance with the Kansas administrative procedure act. Each hearing shall be recorded by a certified shorthand reporter selected by the court or by audio or video recording systems. The court’s record shall be the only official record of the proceedings.

(b) The use of recording, photographic, or television devices during any hearing shall be permitted only if the use of these devices is not disruptive.

(c) The cost of obtaining a transcript of any hearing shall be borne by the person requesting the transcript. A certified shorthand reporter shall be selected by the court to transcribe the official record of the proceedings. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-23. Evidence. (a) Unless otherwise limited by a specific statutory or regulatory provision, the presentation of evidence shall be governed by K.S.A. 60-401 et seq., and amendments thereto, and by K.S.A. 77-524, and amendments thereto.

(b) Evidence may be received in writing instead of through oral presentation, in accordance with K.S.A. 77-524(d) and amendments thereto. However, the filing of a document shall not signify its receipt into evidence. Only those documents that have been received into evidence shall be considered as evidence in the official record.

(c) Whenever an evidentiary objection is made, the grounds relied upon shall be stated briefly when the evidence is offered. Any evidentiary objection may be ruled upon by the court, or the objection may be taken under advisement by the court. Evidence may be received by the court, subject to a motion to strike at the conclusion of the hearing.

(d) The discontinuation of the presentation of evidence may be ordered by the court upon its own motion if the evidence is cumulative, irrelevant, or otherwise objectionable. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-24. Failure to appear. (a) Failure of any party to appear at the time and place appointed by the court may result in dismissal or a default judgment.

(b) Within 10 days after service of an order of dismissal or default, the party against whom the order was entered may file a written objection requesting that the order be vacated and stating the specific grounds relied upon. The written objection shall be served on all parties in accordance with these regulations. An entry of dismissal or default may be set aside by the court, for good cause.

(c) If all parties agree to waive the right to a hearing and submit stipulated facts and written arguments, a hearing may be waived. However, the parties’ waiver may be rejected by the court at its discretion, and the parties may be required by the court at its discretion to appear for hearing if the court deems the action necessary or proper under the circumstances. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-25. Petitions for reconsideration. Each petition for reconsideration of a final order of the court shall be filed pursuant to K.S.A. 77-529, and amendments thereto. Each response to a petition for reconsideration shall be filed with the court within 11 calendar days after the petition for reconsideration is filed with the court. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

Upon determination of completeness, the superintendent shall forward the application packet to the executive director.

(2) Except for applications submitted by individuals with felony convictions, each complete application shall be required to be approved by the executive director before the applicant may be admitted to the KSH or KVH.

(3) For each applicant with a felony conviction, that applicant’s completed application shall be evaluated by the commission regarding the rehabilitation of the applicant and current degree of dangerousness to the applicant, other persons, and the property of others before the applicant may be admitted to the KSH or KVH.

(4) Each spouse or dependent who desires membership in the KSH or KVH shall complete the appropriate forms in the application packet.

(5) Each applicant shall include a certification of inability to provide self-support without additional aid.

(b) Investigation of applicants. The information on each application shall be verified by a staff member, as directed by the superintendent.

(c) False applications; procedure. An applicant may be denied admission or a member may be discharged if the commission ascertains that the applicant or member has committed either of the following:

(1) Has misrepresented the age of a minor child. The veteran or veteran’s spouse, or both, shall be responsible for ensuring the accuracy of the information in the application of a minor child; or

(2) has misrepresented any other material matter for the purpose of obtaining admission, continuing membership, or obtaining any other benefits of either home. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1908 and 76-1954; effective May 1, 2009.)

97-1-5. (Authorized by K.S.A. 76-1908; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-1-5a. Priority for admission. (a) Priority criteria. Admission shall be granted pursuant to K.S.A. 76-1908(g) and K.S.A. 76-1954(g)(1), and amendments thereto.

(1) The first priority for admission shall be given to veterans who have no adequate means of support. Within this group, priority shall be based on the severity of medical care required and the ability to pay for health care.

(2) The second priority for admission shall be given to a veteran’s spouse or surviving spouse, parents, or children who have no adequate means of support, with priority based on the criteria specified in paragraph (a)(1) of this regulation.

(3) The third priority shall be given to veterans who have a means of support.

(4) The fourth priority shall be given to a veteran’s spouse or surviving spouse, parents, or children who have a means of support.

(b) Residence halls. The superintendent of the KSH or KVH shall consult with that person’s medical staff to assist in the prioritization of members.

(c) Cottages.

(1) Cottages, which are located only at the KSH, shall be available to eligible members, including those in need of domiciliary care.

(A) If domiciliary care is needed, the veteran member shall show that the care will be provided by that member’s spouse, parent, or child. If a family member can not provide domiciliary care, the KSH superintendent shall be so notified, and the veteran member shall be directed to undergo a medical evaluation to determine whether that person can reside alone.

(B) If the KSH superintendent suspects that an applicant or a veteran member needs domiciliary care, the superintendent may direct that applicant or veteran member to undergo a medical evaluation to determine whether that person can reside alone.

(C) If the medical staff determines that the veteran member needs domiciliary care and resides alone, the KSH superintendent may direct that the veteran member be placed in the domiciliary unit for care until a permanent arrangement is made.

(2) No cottage shall be initially assigned to the spouse, parent, or child of a deceased veteran member. If the veteran member dies, the surviving spouse, parent, or child shall have 180 days to vacate the premises. Before the end of the 180-day period, any surviving nonveteran spouse may move to a domiciliary unit or a one-bedroom cottage, if available, at the rental rate established for nonveterans. If a one-bedroom cottage is not available, the superintendent may allow the nonveteran spouse to remain by exception in the two-bedroom cottage past the 180-day period, contingent upon pending admissions. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1908 and 76-1954; effective May 1, 2009.)
97-1-6a. Approval or denial of application, notification to applicant, and right of reconsideration; right of hearing; final decision. (a) Approval of application. If an applicant qualifies for admission, the application shall be approved if there is space available in the KSH or KVH or shall be conditionally approved until space is available. Each applicant shall be notified in writing by the appropriate superintendent or by the executive director, whether the application is approved or denied.

(b) Denial of application.

(1) If an applicant is denied admission, written notification shall be sent to the last known address of the applicant by the appropriate superintendent, the executive director, or the commission. The notification shall state the reason or reasons for the denial.

(2) Within 30 days of the date of the decision, the applicant may file at the office of the executive director a written request for reconsideration by the commission. The request shall state the reasons supporting approval of the application. If no timely request is filed, the notification of denial shall become the final decision.

(3) Unless waived by the applicant, a hearing shall be set upon receipt of a request for reconsideration. The hearing shall be scheduled at the earliest available commission docket. The applicant shall be notified by the executive director of the date, time, and place of the hearing. The notice shall be mailed to the last known address of the applicant at least 10 days before the hearing.

(4) At the hearing, notice may be taken by the commission of its administrative records and files, and any other relevant evidence and arguments offered by the applicant, employees of the KCVA, or other interested persons may be heard by the commission. The applicant may appear in person, through telephone, by an attorney, or any combination of these.

(5) If the applicant fails to attend the hearing, the commission’s decision may be made based upon the KCVA’s records, files, and any other evidence that was presented at the hearing. The commission’s decision shall be determined by a majority vote. A written decision shall be filed by the commission with the executive director, setting forth the facts and reasons for the commission’s decision. Within 30 days after the hearing, a copy of the decision shall be sent by the executive director to the applicant at the applicant’s last known address. The filed decision shall be considered the final agency action. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1904a and 76-1952; effective May 1, 2009.)

97-4-1a. Disciplinary actions; discharge. (a) Complaints. Any person may make a verbal or written complaint to the superintendent alleging a violation of any statute or regulation.

(b) Investigation. Upon receipt of a complaint, the superintendent shall conduct an investigation. If the investigation reveals reasonable grounds to believe that a member has violated a statute or regulation, no warning has been given for prior offenses in the past 12 months, and the current offense did not cause property damage or bodily injury, the superintendent may advise the member of the violation and warn the member that if the conduct or activity does not cease, proceedings will be commenced to discharge the member. As an alternative, a report by the superintendent may be sent to the KCV seeking the investigation of the complaint, identifying the regulation that was violated, and recommending discharge of the member.

(c) Notice. Upon recommendation that a member be discharged, a hearing shall be scheduled at the earliest available commission docket. The member shall be notified by the executive director of the factual allegations of the complaint, the applicable statute or regulation, and the date, time, and place of the hearing. Article 7.—VIETNAM WAR ERA MEDALLION PROGRAM

97-7-1. Definitions. As used in L. 2009, ch. 62, secs. 1 through 6 and amendments thereto and these regulations, each of the following terms shall have the meaning specified in this regulation:
(a) (1) “Active service” and “active duty” shall include the following:
   (A) For a member of an active component of the armed forces of the United States, the time served on active duty for which the member has received or is eligible to receive the Vietnam war era medallion for service related to the Vietnam war; and
   (B) for a member of the armed forces of the United States, time served on active duty for the support of operations in the Vietnam war whether or not that service was in the country of Vietnam.

(b) These terms shall include any time spent in a hospital as a result of service-connected wounds, diseases, or injuries sustained on active service. Proof of this service shall be the official military records of the United States or other evidence as deemed sufficient by the director of veteran services.

(c) These terms shall not include time served on active duty for annual training or schooling, except for training and schooling in preparation for active duty in the Vietnam war.

(d) “Director of veteran services” means the designated director of the veteran services program for the Kansas commission on veterans’ affairs, who is appointed by the executive director of the Kansas commission on veterans’ affairs.

(e) “Parent” shall include the following:
   (1) The natural or adoptive parent of a veteran; and
   (2) any person who, for a period of at least one year, acted in the capacity of a foster parent to a veteran immediately before the veteran attained 18 years of age.

(d) “Program” means the Vietnam war era medallion program.

(e) “Spouse or eldest living survivor of a deceased veteran” means any of those individuals listed in K.A.R. 97-7-4. (Authorized by and implementing L. 2009, ch. 62, sec. 2; effective March 12, 2010.)

97-7-2. Veteran status. (a) To be considered a veteran for purposes of the program, each applicant shall establish both of the following to the satisfaction of the director of veteran services:

1. The person for whom the application under the program is submitted is a veteran.

2. The person for whom the application under the program is submitted meets the requirements specified in L. 2009, ch. 62, sec. 1, and amendments thereto.

(b) In addition to meeting the requirements in subsection (a), the applicant shall certify that the person for whom the application under the program is submitted meets both of the following requirements:

1. Was not, at any time during the Vietnam war, separated from the armed forces under other than honorable conditions, including a bad conduct discharge or dishonorable discharge, or an administrative discharge under other than honorable conditions; and

2. has never renounced United States citizenship. (Authorized by L. 2009, ch. 62, sec. 2; implementing L. 2009, ch. 62, sec.1 and sec. 2; effective March 12, 2010.)

97-7-3. Legal resident status. (a) Proof of residence. In addition to establishing the veteran status of the person for whom an application under the program is submitted as specified in K.A.R. 97-7-2, the applicant shall establish to the satisfaction of the director of veteran services that the person was a legal resident of Kansas during the person’s active service within the period beginning February 28, 1961 and ending May 7, 1975. The proof of residence shall be the official records of the United States or other evidence deemed sufficient by the director of veteran services.

A legal resident of Kansas shall mean an individual for whom Kansas was the state of domicile while serving in the United States armed forces or a reserve component of the United States armed forces within the period specified in this subsection and who did not claim legal residence in any other state during that period of active service, without regard to the place of enlistment, commission, or induction. A service member’s legal residence shall not change by virtue of military assignment to another state.

(b) Home of record in Kansas shown in official military records. Each veteran whose home of record is listed as Kansas in official military records showing qualifying active service within the period beginning February 28, 1961 and ending May 7, 1975 shall be considered a legal resident without
regard to the veteran’s place of enlistment, commission, or induction.

(c) Home of record in Kansas not shown in official military records. In making a determination of legal residence if official military records do not show Kansas as the veteran’s home of record for the period of active service, the director of veteran services shall apply a rebuttable presumption that the veteran was not a legal resident of Kansas. The applicant may rebut this presumption by showing facts and circumstances establishing that Kansas was the veteran’s legal residence because Kansas was the veteran’s permanent place of abode to which the veteran intended to return.

(d) Documentation. If an applicant is unable to document the veteran’s legal residence in Kansas by means of official military records showing a home of record in Kansas during the period of active service, the director of veteran services may consider the following documentation when determining whether sufficient evidence exists to show that the veteran was a legal resident of Kansas who did not claim legal residence in any other state at that time:

(1) Voter registration records for the period beginning February 28, 1961 and ending May 7, 1975;
(2) proof of payment of state income tax as a resident for the period beginning February 28, 1961 and ending May 7, 1975;
(3) (A) Kansas driver’s license or Kansas identification card; and
(B) any similar documentation for the period beginning February 28, 1961 and ending May 7, 1975;
(4) other proof of a Kansas residential address for the period beginning February 28, 1961 and ending May 7, 1975, including a high school diploma or attendance record for a Kansas high school, real estate records, utility receipts, and any other records showing residence in Kansas; and
(5) an affidavit of residence submitted by the applicant under penalty of law in which the applicant swears or affirms that the veteran on whose behalf the application under the program is submitted remained a legal resident of Kansas and did not claim legal residence in any other state for any purpose during the period of active service occurring within the period beginning February 28, 1961 and ending May 7, 1975. (Authorized by L. 2009, ch. 62, sec. 2; implementing L. 2009, ch. 62, sec. 1 and sec. 2; effective March 12, 2010.)

97-7-4. Applicants on behalf of deceased veterans. (a) The following individuals shall be eligible to apply under the program on behalf of eligible deceased veterans. Eligible deceased veterans shall include eligible veterans who died in performance of active service or as a result of service-connected wounds, diseases, or injuries and veterans who would, but for their death before submission of an application, be eligible to apply under the program based on active service. Applicants shall be considered in the following order:

(1) The surviving spouse of the eligible veteran, unless the surviving spouse was living separate and apart from the veteran when the veteran commenced active service. The proof of spousal status required shall be the same as the proof that would be accepted by the United States department of veterans affairs. The surviving spouse shall certify that the individual was not living separate and apart from the eligible veteran when the veteran commenced active service. If a surviving spouse qualifies under the program, the Vietnam war era medallion, medal, and certificate of appreciation shall be awarded to the surviving spouse at the time of the veteran’s death;

(2) survivor, which shall mean the eldest surviving child of the eligible veteran if there is no eligible surviving spouse. The eldest surviving child shall certify that there is no eligible surviving spouse, as part of the application; and

(3) the surviving parents of the eligible veteran, if there are no eligible surviving spouse and no eligible surviving children. The surviving parents shall certify that there are no eligible surviving spouse and no eligible surviving children, as part of the application.

(b) If the eligibility of a surviving spouse, surviving child, or surviving parents is disputed, the director of veteran services shall defer awarding the Vietnam war era medallion, medal, and certificate of appreciation until the parties resolve the dispute or a court of competent jurisdiction issues an order making a determination on the issue. (Authorized by L. 2009, ch. 62, sec. 2; implementing L. 2009, ch. 62, secs. 3, 4, and 5; effective March 12, 2010.)

97-7-5. Application procedures. (a) Forms. Each application for benefits under the program shall be submitted on a form provided by the Kansas commission on veterans’ affairs.

(b) Submission. Each application shall be submitted to the address designated by the Kansas commission on veterans’ affairs on the application form.

(c) Additional documentation. Each application shall be accompanied by the required number of copies, as stated on the application, of support-
ing documentation from official military records of the United States armed forces or its reserve components, including DD form 214 or similar documentation showing periods of active service, and documentation of the veteran’s home of record. If the application is submitted on behalf of a deceased veteran, a copy of the death certificate shall be attached.

(d) Review of applications. The director of veteran services shall conduct a review of each application for completeness. If the application is deemed complete, the director shall review the application to determine eligibility.

(e) Incomplete applications. Each incomplete application shall be returned to the applicant. (Authorized by L. 2009, ch. 62, sec. 2, and implementing L. 2009, ch. 62, sec. 2 and sec. 5; effective March 12, 2010.)

97-7-6. Reconsideration of denied applications. Any applicant who is dissatisfied with the disposition of the application may ask the Kansas commission on veterans’ affairs to reconsider the disposition. Each request for reconsideration shall meet the following requirements:

(a) Be submitted within 30 days of receipt of the initial disposition of the application;

(b) be in the form of a letter or memorandum;

(c) state why the applicant is dissatisfied with the disposition; and

(b) Upon the applicant’s presentation of evidence satisfactory to the director that an emergency exists or could reasonably be expected to exist in the very near future that could be alleviated or overcome by weather modification activities, an emergency permit may be issued by the director to an individual holding a license issued under K.S.A. 82a-1401 et seq., and amendments thereto. Coincident with the issuance of the permit, the information contained in the permit shall be released by the director to the news media in the area intended to be affected.

(c) If the permit holder desires to continue the permit activities and the director grants an emergency permit, a date for the public hearing shall be set by the director within 10 days after the permit is granted. (g) If the authority finds that the proposed sale is in the public interest and will advance the purposes specified in K.S.A. 82a-901 et seq. and amendments thereto, the authority shall authorize the director to negotiate with the applicant for the purposes of entering into a written contract for sale of water supply.

The authorization to negotiate shall be valid for a period not to exceed three years. If the parties have not concluded a contract within that period, the authority shall reconsider authorizing contract negotiations. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1305 and K.S.A. 82a-1311a; effective May 1, 1979; amended May 1, 1980; amended, E-82-7, April 10, 1981; amended May 1, 1981; amended May 1, 1984; amended May 1, 1987; amended April 26, 1993; amended Aug. 30, 2013.)

8. Any other relevant information that the director may deem necessary, specify, or require for that specific contract request or set of negotiations.

(b) After negotiations for a water purchase contract have been authorized by the authority and if the proposed sale is not for surplus waters, all other persons with a pending application shall be notified by the director or a designee that a water purchase contract or a request to negotiate a water purchase contract relating to the same reservoir has been authorized by the authority. Notice shall be given, by first-class mail with postage prepaid, to the last address provided by each applicant. The

(2) The state has filed or will file, before initiation of water use under the contract, a water reservation right for storage of water in the reservoir designated in the contract.

(3) The state, if necessary, has signed an agreement with an agency or department of the United States for water supply storage in the named reservoir.

(4) The person has filed an application to negotiate the purchase of water from the named reservoir at an average daily rate equal to or greater than the rate specified in the contract.

(5) The quantity of water from the reservoir being negotiated does not exceed the yield capability from the conservation storage water supply capacity available to the state for use under the water marketing program through a drought having a two percent chance of occurrence in any one year.

(6) The annual withdrawal and use of the quantity of water contracted by the applicant will advance the purposes specified in K.S.A. 82a-901 et seq., and amendments thereto.

(i) If the authority finds that the proposed sale of water is not in the interest of the people of the state of Kansas or that the proposed sale will not advance the purposes in K.S.A. 82a-901 et seq. and amendments thereto, the authority shall reject the contract and perform one of the following:

(1) Terminate the contract negotiations. The application shall be removed from the list of current applications and shall be void. The applicant shall be required to reapply for any future water supply contract; or

(2) return the contract to the applicant and director with recommendations for contract changes or additional contract negotiation.

(k) The application shall be terminated when a contract is signed by the applicant, the director, and the chair, or their designees, and if the contract is not disapproved by the legislature. If the contracted quantity of water is less than the quantity stated in the application, the applicant shall not retain the application number for the remaining quantity. A new application shall be filed for additional water.

(l) If the legislature has not disapproved the contract when the period for legislative review has expired, a copy of the water purchase contract shall be filed by the director with the chief engineer.

(m) Any regulatory requirements may be waived by the director in order to sell surplus waters. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1305, K.S.A. 82a-1307, K.S.A. 82a-1311a, K.S.A. 82a-1312, and K.S.A. 82a-1316; effective May 1, 1979; amended May 1, 1980; amended May 1, 1981; amended May 1, 1984; amended Aug. 30, 2013.)

Article 4.—ENTITLEMENT TO LEGAL REPRESENTATION

105-4-1. Determination of eligibility. (a) At the commencement of proceedings against any defendant, the defendant may apply for legal representation at state expense by submitting, to the court, an affidavit of indigency on a form provided by the board. The court shall determine if the defendant is indigent, based upon consideration of the following factors, as defined in K.A.R. 105-4-2:

1. The defendant’s liquid assets;
2. The defendant’s household income;
3. Either the defendant’s actual, reasonable, and necessary expenses incurred to support the defendant’s household or the most current federal poverty guidelines, as published by the U.S. department of health and human services, for the defendant’s family unit;
4. The anticipated cost of private legal representation; and
5. Any transfer of property by the defendant without adequate monetary consideration after the date of the alleged commission of the offense.

(b) An eligible indigent defendant shall mean a person whose combined household income and liquid assets equal less than the most current federal poverty guidelines, as published by the U.S. department of health and human services, for the defendant’s family unit.

(c) The court may also consider any special circumstances affecting the defendant’s eligibility for legal representation at state expense.

(d) If the court determines that the defendant is financially able to employ counsel after counsel has been appointed, the court shall require the defendant to reimburse the board in accordance with the provisions of K.S.A. 22-4510, and amendments thereto, for all or part of the expenditures made on the defendant’s behalf. (Authorized by K.S.A. 22-4504 and K.S.A. 22-4522; implementing K.S.A. 22-4504 and K.S.A. 22-4510; effective May 1, 1984; amended, T-105-10-3-05, Oct. 3, 2005; amended Feb. 17, 2006; amended, T-105-8-16-10, Aug. 16, 2010; amended Nov. 5, 2010.)

105-4-2. Definition of terms. Terms used to determine eligibility for indigents’ defense services shall have the following meanings: (a) Household income. The defendant’s household income shall be defined as the defendant’s income and the income of all other persons related by birth, marriage, or adoption who reside with the defendant. Income shall include the total cash receipts before taxes from all resources, including money, wages, and the net receipts from nonfarm or farm self-employment. Income shall include regular payments from a governmental income maintenance program, alimony, child support, public or private pensions, annuities, and income from dividends, interest, rents, royalties, or periodic receipts from estates or trusts.

(b) Liquid assets. The defendant’s liquid assets shall be defined as cash in hand, stocks and bonds, accounts at financial institutions, real property or homestead having a net value greater than $50,000, a car, and any other property that can be readily converted to cash, with the following exceptions:

1. The defendant’s clothing, household furnishings, and any personal property that is exempt from attachment or levy of execution by K.S.A. 60-2304, and amendments thereto; and
2. Any other property, except a homestead having a net value greater than $50,000, that is exempt from attachment or levy of execution by K.S.A. 60-2301 et seq., and amendments thereto. The net value of the homestead shall be the fair market value less the mortgage, other encumbrances, and the reasonable cost of sale. The net value of any property transferred after the date of the alleged commission of the offense shall be included in the determination of the defendant’s liquid assets.

(c) Transfer of property.

1. If the defendant has transferred property after the alleged commission of the offense, the court shall determine the reason for the transfer of property and whether adequate monetary consideration was received. If adequate monetary consideration was not received, the court shall presume that the transfer was made for the purpose of establishing eligibility unless the defendant furnishes clear and convincing evidence that the transfer was made exclusively for another purpose.

2. If a transfer was made either for the purpose of establishing eligibility or without adequate monetary consideration and the property is reconvoyed to the defendant or an adjustment is made by which the defendant receives full value, the defendant shall, if otherwise qualified, be eligible to receive legal representation at state expense. (Authorized by K.S.A. 22-4504 and 22-4522; implementing K.S.A. 22-4504; effective May 1, 1984; amended...

If the information provided by the defendant on the affidavit is unclear, incomplete, contradictory, or questionable, further inquiry may be conducted by the board, the court, the county or district attorney, or other officer assigned by the court. The affidavit of indigency forms shall be published and distributed annually to the judicial administrator and to the administrative judge of each district.

105-5-2. Rates of compensation. (a) Each assigned counsel shall be compensated at the rate of $70 per hour.

110-6-9. Application. (a) After the measurement period for a worksite has been established, the applicant may submit an application to the department for certification of the worksite, on a form prescribed by the secretary, together with all supplemental forms and documentation necessary to demonstrate satisfaction of the program requirements. Sufficiency of all submitted documentation shall be determined by the secretary, who may request additional information. A worksite shall not be certified until all program requirements are satisfied.

(b) Certification of the worksite in which the applicant is planning to make a qualified business facility investment, as defined by K.S.A. 79-32,154(e) and amendments thereto, shall be contingent on documentation submitted by the applicant to the department that the worksite has met all statutory criteria during the measurement period, except as specified in K.A.R. 110-6-12(b). However, a determination may be made by the secretary that it is in the best economic interests of the state to allow initial certification or recertification based on a promise of future performance, rather
than historical accomplishments, if certification is deemed justified by the magnitude of potential job creation and investment and by other considerations deemed appropriate by the secretary. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

110-6-10. Certification of a worksite. Each applicant shall meet the following requirements:
   (a) (1) The NAICS designation assigned to the worksite shall be under an appropriate NAICS designation, as specified in K.S.A. 74-50,131 and amendments thereto;
   (2) the worksite, regardless of its NAICS designation, shall be determined by the secretary to be a headquarters or back-office operation of a national firm or multinational firm pursuant to this article; or
   (3) the worksite, regardless of its NAICS designation, had been certified as a headquarters or back-office operation of a national firm or multinational firm by the secretary before the effective date of this regulation. The worksite shall retain its certification as a headquarters or back-office operation of a national firm or multinational firm unless the worksite would no longer qualify using the criteria in effect for the original worksite certification.

      (1) Estimated investment amounts;
      (2) a projected starting date;
      (3) information regarding current and anticipated net new job creation and retention with associated payroll levels;
      (4) revenue and sales projections; and
      (5) any other relevant information if requested by the secretary.
   (c) Certification of a worksite for the sole purpose of utilizing an HPiP tax credit that has been carried forward shall not require the submission of an additional project description form and may be applied for with a sworn statement using a form prescribed by the department.
   (d) If the main activity at a worksite is not related to the headquarters or back-office operation but all other program requirements are satisfied, the applicant may seek certification only for that portion of the worksite’s area that houses the headquarters or back-office operation of that worksite if the company’s accounting system has the capability to allow a segment of the worksite to independently track the various elements that support satisfaction of HPiP requirements.
   HPIP benefits shall be calculated by determining the portion of a qualified business facility investment used solely for that portion of the worksite housing the headquarters or back-office operation.
   (e) After meeting all HPiP requirements, the worksite shall be certified by the secretary to the department of revenue. Before a worksite may be certified, all records used to support HPiP certification shall be subject to verification by the department. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

110-6-11. Certification period (CP). (a) After establishing the measurement period at the worksite, the applicant shall establish a certification period as follows:
   (1) For a worksite that has been fully operational for at least four calendar quarters, a 12-month certification period shall begin, at the option of the applicant, on any date during the calendar quarter following the end of the MP.
   (2) For a new worksite with a new workforce, the certification period shall begin at the onset of the eligible qualified capital investment to establish this worksite and shall continue for 12 months after the end of the MP. There may be two exceptions as follows:
      (A) If, at the commencement of full operations, the new worksite is staffed with a workforce comprised of at least 85 percent of employees who have been relocated from other Kansas worksites of the company and if compliance with all other HPiP requirements is documented to the satisfaction of the secretary for the four calendar quarters immediately preceding the start of full operations, the applicant shall have the option to use the four calendar quarters before the start of full operations at the new location as its measurement period with a certification period starting at the onset of qualified capital investment to establish this new worksite. The certification period shall continue through the first four quarters of operations.
      (B) A firm that is relocating from outside of Kansas shall have the option to use the four previous quarters before the start of full operations at the new worksite as its measurement period with a certification period starting at the onset of eligible capital investment to establish this new worksite and shall continue through the first four quarters of operations, if all of the following conditions are met:
(i) The new worksite is not subject to the HPPIP source-of-revenue requirement and is using participation in KIT or KIR to satisfy the HPPIP training requirement.

(ii) At the commencement of full operations, the new worksite is staffed with a workforce comprised of at least 85 percent of employees who have been relocated from non-Kansas facilities of the firm or from a combination of Kansas and non-Kansas facilities.

(iii) Wage costs for those relocated employees are documented to the satisfaction of the secretary for the four calendar quarters immediately preceding the start of full operations.

(b) If a company chooses to combine worksites for HPPIP certification, then each worksite shall establish as its measurement period four combined calendar quarters of operations that do not overlap any other measurement period for any participating worksites. Certification shall begin on any date of the applicant’s choosing during the quarter that follows the end of the measurement period and shall extend for a 12-month period.

(c) If worksites are combined in a single application to receive aggregate HPPIP certification, then the applicable set of requirements shall consist of the most restrictive requirement for any of the individual worksites that are participating in the combined application, according to the following requirements:

1. If any individual participating worksite is subject to the HPPIP source-of-revenue requirement, then the combined worksite application as a whole shall be subject to the HPPIP source-of-revenue requirement.

2. If participating worksites come from more than one HPPIP wage region, then the highest wage threshold from those wage regions shall apply for the participating worksites.

3. If a headquarters or back-office operation is not required to satisfy the HPPIP source-of-revenue requirement while another worksite is so required, then each participating worksite shall be required to satisfy this requirement.

4. If worksites in the same wage area fall into different size categories, the most restrictive wage standard shall apply to each of the combined worksites.

5. If each of the combined worksites has 500 or fewer employees but in aggregate the number of employees is greater than 500, then the higher wage threshold shall apply.

(d) Certification of a worksite for the sole purpose of obtaining training and education tax credits or a sales tax exemption certificate shall be allowed if both of the following conditions are met:

1. All other program requirements are satisfied.

2. The applicant demonstrates prior knowledge of the program by submitting the project description form. This form shall be received by the department before the start of the certification period. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,115 and K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

110-6-12. Training and education requirement. After a worksite has met the requirements of K.A.R. 110-6-10, that worksite shall meet the requirements of subsection (a) or (b) before the applicant obtains certification of the worksite:

(a) The applicant shall participate in a KIT or KIR workforce training project at the worksite to enhance employee skills. If this method is to be utilized in satisfaction of the HPPIP training and education requirement, the timing of the project shall be one of the following:

1. If a KIT or KIR project terminates during the applicant’s chosen measurement period, at least three months of the training project shall have occurred during the measurement period.

2. A KIT or KIR project of at least three months in duration commences any time during the applicant’s chosen measurement period or during the following calendar quarter but shall not commence after the start of the certification period except as provided by K.A.R. 110-6-11(a)(2).

(b) The applicant shall make a cash investment of at least two percent of its total payroll costs at the worksite in eligible training and education expenses during the measurement period, except that costs incurred to train employees needed to staff a start-up worksite, before operations begin at the worksite, shall be counted as part of training costs during the first four quarters of operations for those employees who have been hired into permanent positions before the start of operations. Prepayment for training may be counted in a measurement period apportioned according to the extent that the related training has been completed during the measurement period. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

A security agent of the commission shall be notified by both the gaming supplier and the facility manager of the time of delivery of any chips to the facility manager.

(b) After checking the chips received, the facility manager shall report in a chip inventory ledger each denomination of the chips received, the number of each denomination of chips received, the number and description of all non-value chips received, the date of receipt, and the signature of the individuals who checked the chips. Chips shall be divided into the following categories:

(c) If any of the chips received are to be held in reserve and not utilized either at the table games or at a cashier’s cage, the chips shall be stored in a separate, locked compartment either in the vault or in a cashier’s cage and shall be recorded in the chip inventory ledger as reserve chips.

(d) All chips received that are part of the facility manager’s secondary set of chips shall be recorded in the chip inventory ledger as such and shall be stored in a locked compartment in the gaming facility vault separate from the reserve chips. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

The accounting department shall take a monthly inventory of reserve chips and secondary chips and record the result of this inventory in the chip inventory ledger. Each individual who inspected and counted the chips shall sign either the inventory ledger or other supporting documentation. The procedures to be utilized to compute the unredeemed liability and to inventory chips in circulation, reserve chips, and secondary chips shall be submitted in the internal controls to the commission for approval. A physical inventory of chips in reserve shall be required annually only if the inventory procedures incorporate a commission-sealed, locked compartment and the seals have not been broken. Seals shall be broken only by a commission agent, with each violation of this requirement reported upon discovery to a commission agent on duty.

(c) During non-gaming hours, all chips in the possession of the facility manager shall be stored in the chip bank, in the vault, or in a locked compartment in a cashier’s cage, except that chips may be locked in a transparent compartment on gaming tables if there is adequate security as approved by the commission.

The cards shall be inspected for tampering, marks, alterations, missing or additional cards, or anything that might indicate unfair play.

(i) All extra dice in dice reserve that are to be destroyed or cancelled shall be placed in a sealed envelope or container, with a label attached to each envelope or container that identifies the date and time and is signed by the pit manager.

(j) A security department employee shall collect and sign all envelopes or containers of used dice and any dice in dice reserve that are to be destroyed or cancelled and shall transport the envelopes or containers to the security department for cancellation or destruction. This collection shall occur at the end of each approved gaming day and at any other times as may be necessary. (3) The commission agent receiving the report shall sign the dice discrepancy report and retain the original at the commission office. (Authorized by and implementing K.S.A. 2010 Supp. 74-8772; effective Jan. 8, 2010; amended Dec. 9, 2011.)

112-108-24. Mandatory table game count procedure. Each facility manager shall report to the commission the times when drop boxes will be removed and the contents counted. All drop boxes shall be removed and counted at the times previously reported to the commission. The removal and counting of contents at other than the designated times shall be prohibited, unless the facility manager provides advance written notice to the commission’s security staff on site of a change in times or the commission requires a change of authorized times. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-25. Handling of cash at gaming tables. (a) Whenever cash is presented by a patron at a gaming table to obtain gaming chips, the following requirements shall be met:

(1) The cash shall be spread on the top of the gaming table by the dealer or boxperson accepting the cash, in full view of the patron who presented the cash and the supervisor assigned to that gaming table.

112-108-26. Table game tips. (a) Each tip given to a dealer shall be handled in the following manner:

(1) Immediately deposited into a transparent locked box reserved for tips, except that value chips received at table games may first be placed in a color-up tube if approved internal controls are in place for this action. If non-value chips are received at a roulette table, the marker button indicating their specific value at that time shall not be removed or changed until after a dealer, in the presence of a supervisor, has converted the non-value chips into value chips that are immediately deposited in a transparent locked box reserved for tips; and

(2) accounted for by a recorded count conducted by a randomly selected dealer for each respective count and a randomly selected employee of the security department. This count shall be recorded on a tips and gratuity deposit form.

(b) Any facility manager may submit internal controls for the commission’s approval that would allow poker dealers to either pool tips with other dealers operating poker games in the poker room or receive tips on an individual basis. The receiving of tips individually may be allowed only when the dealer does not make decisions that can affect the outcome of the gambling game, is not eligible to receive winnings from the gambling game as an agent of the facility manager, and uses an approved shuffling machine during the course of the poker game. If tips are received by poker dealers on an individual basis, all tips shall be immediately placed into a locked individual transparent tip box that shall be assigned to and maintained by the dealer while working. The locked individual tip box shall be given to the facility manager at the end of the shift for counting, withholding of taxes, and subsequent payment during the normal payroll process. For the purposes of this subsection, winnings from a gambling game shall not include commissions, commonly referred to as the “rake,” withhold from amounts wagered in a game. Poker dealers may be permitted to receive tips on an individual basis only if the facility manager has internal controls governing this practice that have been approved by the commission.

(c) For exchanging, which is sometimes called “coloring up,” dealer tips to a higher denomination before insertion into the tip box, the following requirements shall be met:

(1) A transparent cylinder or tube shall be attached to the table to maintain the chips until exchanged or colored up. The cylinder or tube shall have a capacity of no more than 25 chips.
(2) Before any chips are exchanged or colored up, the dealer shall make the announcement in a voice that can be heard by the table games supervisor that chips are being colored up. The dealer shall then deposit an equal value of higher denomination chips into the tip box and place the lower denomination chips into the chip tray.

(d) Upon receipt of a tip from a patron, a dealer shall extend the dealer’s arm in an overt motion and deposit the tip into the transparent locked box or color-up tube reserved for this purpose.

(e) Applicable state and federal taxes shall be withheld on tips and gifts received by facility manager employees.

(f) The facility manager shall include in its internal controls the procedures for dropping tip boxes.

(g) The contents of tip boxes shall be collected, transported, stored, counted, and distributed in a secure manner on a regular basis pursuant to a schedule approved by the commission.

(6) in exchange with patrons for non-value chips on the roulette table.

(b) A facility manager shall not transfer or exchange chips or currency between table games.

(c) Table inventories shall be maintained in trays that are covered with a transparent locking lid when the tables are closed. The information on the table inventory slip shall be placed inside the transparent locking lid and shall be visible from the outside of the cover. In case of an emergency, the transparent lid shall be locked over the inventory until normal play resumes.

(d) The table inventory slip shall be at least a two-part form, one of which shall be designated as the “opener” and the other as the “closer.”

(e) If a gaming table is not opened during a gaming day, preparation of a table inventory slip shall not be required. However, the table games department shall provide a daily list of table games not open for play, including the inventory amount and date on the last closing table inventory slip.

(f) If a table game is not open for play for seven consecutive gaming days, the table inventory shall be counted and verified either by two table games supervisors or by a table games supervisor and a dealer or boxperson, who shall prepare a new table inventory slip and place the previous inventory slip in the table drop box. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)
112-108-29. Closing of gaming tables. (a) Whenever a gaming table is closed, all chips remaining at the table shall be counted and verified by either two table games supervisors or a table games supervisor in addition to either a dealer or a boxperson, who shall prepare a table inventory slip.

(b) After the table inventory slip is signed by the table games supervisor and the dealer or boxperson, the dealer or boxperson shall immediately deposit the closing table inventory slip in the drop box.

(c) The table games supervisor shall place the opening inventory slip under the table tray lid in a manner that the amounts on the opening inventory slip may be read and lock the lid in place.

(d) Each time a table game is closed, complete closing procedures shall be followed to include the counting, verification, recording, and securing of the chips in the tray, as well as the proper disposal of the cards or dice that were in play. If the game is reopened again on the same gaming day, complete opening procedures shall be followed to include the counting and verification of chips in the tray and inspection of cards or dice and all applicable gaming equipment. The opening and closing inventory table slip for games that are opened and closed more than once in a gaming day may be marked in a manner that indicates the sequence of the slips. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-30. During 24-hour gaming. During 24-hour gaming, a closing table inventory slip shall be prepared in conjunction with the table drop for that gaming day. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-31. Procedures for manually filling chips from cage to tables; form procedures. (a) Cross-fills, even money exchanges, and foreign currency exchanges in the pit shall be prohibited.

(b) To request that chips be filled at table games, a supervisor or table games manager shall prepare a two-part order for fill form in ink entering the following information:

1. The amount of the fill by denomination of chips;
2. the total amount of the fill;
3. the table or game number; and
4. the signature of the supervisor or manager.

(c) The order for fill shall be transferred to the facility manager’s accounting department by the end of the gaming day. The order for fill shall be taken by a security department employee to the cashier’s cage. A copy of the order for fill shall be placed on top of the table requesting the fill.

(d) A three-part manual fill slip shall be used to record the transfer of chips from the cashier’s cage to a gaming table. The fill slips shall be sequentially numbered by the vendor. The alphabet shall not be required to be used if the numerical series is not repeated during the business year. Chips shall not be transported unless accompanied by a fill slip.

(e) Unless otherwise approved by commission, manual fill slips shall be inserted in a locked dispenser that permits an individual slip in the series and its copies to be written upon simultaneously. The dispenser shall discharge the original and duplicate copies while the triplicate remains in a continuous, unbroken form in the locked dispenser.

(f) If a manual fill slip needs to be voided, the cage cashier shall write “VOID” and an explanation of why the void was necessary. Both the cage cashier and either a security department employee or another level II employee independent of the transaction shall sign the voided fill slip. The voided fill slips shall be submitted to the facility manager’s accounting department for retention.

(g) Corrections on manual table fills shall be made by crossing out the error, entering the correct information, and then obtaining the initials and employee license number of at least two cage employees. Each employee in accounting who makes corrections shall initial and include the employee’s commission license number.

(A) The potential for any data loss;
(B) the projected length of outage;
(C) the circumstances of the break in communication;
(D) the proposed solution to the problem; and
(E) any other factor that arises.

(1) Unless otherwise authorized by law or regulation, an individual shall not apply for or obtain more than one antlered or horned big game or wild turkey permit for each big game species or wild turkey, except when the individual is unsuccessful in a limited quota drawing and alternative permits for the species are available at the time of subsequent application or when the individual is the final recipient of a commission permit.

(2) Unless otherwise authorized by law or regulation, each big game or wild turkey permit application shall be signed by the individual applying for the permit.

(3) Subject to any priority draw system established by this regulation, if the number of permit applications of a specific species and type received by the designated application deadline exceeds the number of available permits of that species and type, a random drawing to issue permits of that species and type shall be conducted by the secretary.

(4) A hunt-on-your-own-land permit shall not be tabulated in a priority draw system if the permit would otherwise reduce the applicant’s odds of receiving a big game permit through that draw system.

(b) Deer permit applications.

(1) Subject to any priority draw system established by this subsection, in awarding deer permits in units having a limited number of permits, the first priority shall be given to those applicants who did not receive, in the previous year, a deer permit that allowed the taking of an antlered deer. All other deer permit applicants shall be given equal priority.

(2) In awarding a limited number of deer permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a deer permit that allows the taking of an antlered deer.
(B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a deer permit that allows the taking of an antlered deer, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual desires to apply for a preference point for a deer permit that allows the taking of antlered deer and not receive a permit, the person may apply for and receive a preference point by paying the proper application or preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) If an individual is a final recipient of a commission deer permit, the individual shall not possess more than one regular antlered deer permit and one commission deer permit.

(4) Applications for nonresident limited-quota antlered deer permits shall be accepted in the Pratt office from the earliest date that applications are available through the last Friday of April each year. Any nonresident applicant may select, at the time of application, one deer management unit and up to one adjacent management unit where that permit shall be valid.

(5) Applications for resident firearms either-species, either-sex permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday of July.

The west unit permit shall be valid in units 1, 2, 17, and 18. The east unit permit shall be valid in units 3, 4, 5, 7, and 16.

(8) Applications for antlerless white-tailed deer permits shall be accepted at designated locations from the earliest date that applications are available through January 30 of the following year.

(9) Each nonresident applicant for a regular deer permit shall have purchased a nonresident hunting license before submitting the application or shall purchase a nonresident hunting license when submitting the application.

(c) Firearm antelope permit applications. In awarding firearm antelope permits, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(1) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining a firearm antelope permit.

(2) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(3) If an applicant obtains a firearm permit by a priority draw system, all earned points shall be lost.

(4) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(5) If an individual desires to apply for a preference point for an antelope firearms permit that allows the taking of an antelope and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(6) Applications for resident firearm and muzzleloader permits shall be accepted in the Pratt office from the earliest date that applications are available through the second Friday of June.

eligible to apply for or receive a limited-quota,
antlerless-only elk permit for a five-year period
thereafter. Subject to this subsection, however, this
individual may apply for and receive an any-elk or
bull-only elk permit without a waiting period.

(C) When a limited number of elk permits are
awarded by a random draw system, each individual
shall have an additional opportunity of drawing for

(ii) If an individual fails to make at least one
application or purchase one bonus point within a
period of five consecutive years, all earned bonus
points shall be lost.

(iii) If an applicant obtains, by a random draw
system, an elk permit that allows the taking of an
elk, all earned points shall be lost.

(iv) If an individual desires to apply for a bo-
nus point for an elk permit that allows the taking of
elk and not receive a permit, the person may
apply for and receive a bonus point by paying the
proper application or bonus point fee and submit-
ing an application during the application period
specified in this regulation. No individual may
apply for more than one bonus point in the same
calendar year, and no individual shall apply for
a bonus point in the same calendar year as the

for those application periods reopened by the sec-
retary. Any applicant unsuccessful in obtaining a
permit through a drawing may apply for any left-
over permit or any other permit that is available on
an unlimited basis.

(5) Any individual may apply for or obtain no
more than one permit that allows the taking of
an elk, unless the individual is unsuccessful in a

the highest number of preference points. Preference
points shall be awarded as follows:

(A) One point shall be awarded to an individual
for each year the individual is unsuccessful in ob-
taining, by a priority draw system, a wild turkey
permit.

(B) If the individual fails to make at least one
application or purchase one preference point within
a period of five consecutive years, all earned points
shall be lost.

(C) If an applicant obtains, by a priority draw

115-4-15. Restitution scoring system; white-tailed deer; mule deer; elk; antelope. (a) For the purpose of establishing restitution values, each of the following terms shall have the meaning specified in this subsection:

   (1) “Abnormal point” means a point that is not typical in shape or location.

   (2) “Antler burr” means the elevated bony rim around the antler base of a deer or elk that is just above the skin of the pedicle.

   (3) “First normal point” means the longest, first point immediately above, but not part of, the antler burr. If this point is branched, the longest and straightest portion of the point shall be used for measurement. All other points branching from this point shall be considered abnormal points.

   (4) “Gross score” means the number derived by totaling certain measurements taken from the antlers or horns of a big game animal in accordance with this regulation.

   (5) “Inside spread of the main antler beams” means the measurement at right angles to the center line of the skull at the widest point between main antler beams.

   (6) “Length of the main antler beam” means the measurement from the lowest outside edge of the antler burr over the outer curve to the most distant point of what is or appears to be the main antler beam beginning at the place on the antler burr where the center line along the outer curve of the beam intersects the antler burr.

   (7) “Normal point” means a point that projects from the main antler beam in a typical shape or location.
“Point” means a projection on the antler of a deer or elk that is at least one inch long as measured from its tip to the nearest edge of the antler beam and the length of which exceeds the width at one inch or more of length. “Point” shall not include an antler beam tip.

(b) All measurements shall be made to the nearest ⅛ of an inch using a flexible steel tape that is ¼ inch wide.

c) The gross score of an antlered whitetail deer shall be determined by adding together all of the following measurements:

(1) The inside spread of the main antler beams, not to exceed the length of the longest main antler beam;
(2) the length of the main antler beam on the deer’s right side;
(3) the length of the main antler beam on the deer’s left side;
(4) the total length of all abnormal points on the right and left antlers;
(5) the total length of all normal points on the right and left antlers as measured from the nearest edge of the main antler beam over the outer curve to the tip. To determine the baseline for normal point measurement, the tape shall be laid along the outer curve of the antler beam so that the top edge of the tape coincides with the top edge of the antler beam on both sides of the point; and
(6) the following circumference measurements from the right and left antlers:
   (A) The circumference taken at the smallest place between the antler burr and the first normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;
   (B) the circumference taken at the smallest place between the first normal point and the second normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;
   (C) the circumference taken at the smallest place between the second normal point and the third normal point on the main antler beam; and
   (D) the circumference taken at the smallest place between the third normal point and the fourth normal point on the main antler beam. If the fourth normal point is missing, the circumference shall be taken halfway between the third normal point and the tip of the main antler beam.

d) The gross score of an antlered mule deer shall be determined by adding together all of the following measurements:

(1) The inside spread of the main antler beams, not to exceed the length of the longest main antler beam;
(2) the length of the main antler beam on the elk’s right side;
(3) the length of the main antler beam on the elk’s left side;
(4) the total length of all abnormal points on the right and left antlers;
(5) the total length of all normal points on the right and left antlers as measured from the nearest edge of the main antler beam over the outer curve to the tip. To determine the baseline for normal point measurement, the tape shall be laid along the outer curve of the antler beam so that the top edge of the tape coincides with the top edge of the antler beam on both sides of the point; and
(6) the following circumference measurements from the right and left antlers:
   (A) The circumference taken at the smallest place between the antler burr and the first normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;
   (B) the circumference taken at the smallest place between the first normal point and the second normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;
   (C) the circumference taken at the smallest place between the second normal point and the third normal point on the main antler beam; and
   (D) the circumference taken at the smallest place between the second normal point and the fourth normal point on the main antler beam. If the fourth normal point is missing, the circumference shall be taken halfway between the second normal point and the tip of the main antler beam.

e) The gross score of an antlered elk shall be determined by adding together all of the following measurements:

(1) The inside spread of the main antler beams, not to exceed the length of the longest main antler beam;
(2) the length of the main antler beam on the elk’s right side;
(3) the length of the main antler beam on the elk’s left side;
(4) the total length of all abnormal points on the right and left antlers;
(5) the total length of all normal points on the right and left antlers as measured from the nearest edge of the main antler beam over the outer curve to the tip. To determine the baseline for normal point measurement, the tape shall be laid along the outer curve of the antler beam so that the top edge of the tape coincides with the top edge of the antler beam on both sides of the point; and

(6) the following circumference measurements from the right and left antlers:

(A) The circumference taken at the smallest place between the first normal point and the second normal point on the main antler beam;

(B) the circumference taken at the smallest place between the second normal point and the third normal point on the main antler beam;

(C) the circumference taken at the smallest place between the third normal point and the fourth normal point on the main antler beam; and

(D) the circumference taken at the smallest place between the fourth normal point and the fifth normal point on the main antler beam. If the fifth normal point is missing, the circumference shall be taken halfway between the fourth normal point and the tip of the main antler beam.

(f) The gross score of an antelope shall be determined by adding together all of the following measurements:

(1) The length of the right horn measured along the center of the outer curve from the tip of the horn to a point in line with the lowest edge of the base, using a straight edge to establish the line end;

(2) the length of the left horn measured along the center of the outer curve from the tip of the horn to a point in line with the lowest edge of the base, using a straight edge to establish the line end;

(3) the circumference of the base of each horn, measured at a right angle to the axis of the horn, not to follow the irregular edge of the horn. The line of the measurement shall be entirely on horn material;

(4) three circumference measurements on each horn based on the criteria specified in this paragraph. The length of the longest horn shall be divided by four. Starting at the base, each horn shall be marked at these quarters, even though the other horn may be shorter. The circumference shall be measured at these marks at a right angle to the axis of the horn. If the prong of the horn interferes with the first measurement from the base, this measurement shall be taken immediately below the swelling of the prong. If the second measurement from the base falls in the swelling of the prong, this measurement shall be taken immediately above the swelling of the prong; and

(5) the length of the prong measured from the tip of the prong along the upper edge of the outer side to the horn, then continuing around the horn, at a right angle to the long axis of the horn, to a point at the rear of the horn where a straight edge crossing the back of both horns touches the horn. If there is a crack where the prong extends from the horn, the length of the prong shall be taken passing over the entire crack. Once the initial prong length is taken, the width of the crack shall be measured and deducted from the initial prong length. The adjusted length shall be the recorded length of the prong.

Falconry; general provisions.
(a) Each falconer hunting or trapping raptors in Kansas shall possess any current hunting license, unless exempt pursuant to K.S.A. 32-919 and amendments thereto, and any other state or federal stamp, permit, certificate, or other issuance that may be required for hunting the species that the falconer is hunting. In addition, each nonresident falconer shall possess a current nonresident hunting license while participating in a falconry field trial or a department-approved special event.

(b) Any falconry raptor may kill wildlife, including animals killed outside the established hunting season, if it was not the intent of the falconry permittee to kill the wildlife. The falconry raptor may be allowed to feed on the wildlife, but the permittee shall not take the wildlife, or any part of the wildlife, into possession.

(1) The falconry permittee shall report the take of any federally listed threatened or endangered species to the ecological services field office of the United States fish and wildlife service and provide the location where the take took place.

(2) The falconry permittee shall report the take of any wildlife designated as endangered or threatened in K.A.R. 115-15-1 or as a species in need of conservation as listed in K.A.R. 115-15-2 to the environmental services section of the department and provide the location where the take took place.

(c) Any falconry permittee may take nuisance and depredating birds with a falconry raptor in accordance with K.A.R. 115-16-3 if the permittee is not paid for that individual’s services.

(d) Any falconry permittee may conduct commercial abatement activities in accordance with the following provisions:

(1) Any master falconer may conduct commercial abatement activities with permitted falconry raptors if the master falconer possesses a special purpose abatement permit issued by the United States fish and wildlife service. Any master falconer, general falconer, or apprentice falconer may conduct commercial abatement activities as a subpermittee of a properly permitted master falconer.

(2) Any falconry permittee holding a special abatement permit may receive payment for that individual’s commercial services.

(e) Feathers molted by a falconry raptor shall be possessed or disposed of in accordance with the following provisions:

(1) Any falconry permittee may possess flight feathers for each species of raptor legally possessed or previously held for the duration of time the permittee holds a valid falconry permit.

(A) The permittee may receive feathers for imping from other permitted falconers, wildlife rehabilitators, or propagators in the United States. The permittee may give feathers for imping to other permitted falconers, wildlife rehabilitators, or propagators in the United States.

(B) It shall be unlawful to buy, sell, or barter the feathers.

(2) Any permittee may donate feathers from a falconry raptor, except golden eagle feathers, to any person or institution with a valid permit to possess the feathers issued by the United States fish and wildlife service or to any persons exempted by federal regulation from having the permit.

(3) Except for the primary or the secondary flight feathers and the retrices from a golden eagle, a falconry permittee shall not be required to gather feathers that are molted or otherwise lost by a falconry bird. These feathers may be left where they fall, stored for imping, or destroyed. All molted flight feathers and retrices from a golden eagle shall be collected by the permittee and, if not kept for imping, shall be sent to the national eagle repository.

(4) Each falconry permittee whose permit expires or is revoked shall donate the feathers of any species of falconry raptor, except a golden eagle, to any person or institution exempted from federal possession permit requirements or to any person or institution authorized by federal permit to acquire and possess the feathers. If the feathers cannot be donated, they shall be burned, buried, or otherwise destroyed.

(f) The carcass of each falconry raptor shall be disposed of in accordance with the following provisions:
(1) The entire body of each golden eagle, including all feathers, talons, and other parts, shall be sent to the national eagle repository.

(2) The body or feathers of any species of falconry raptor, excluding a golden eagle, may be donated to any person or institution exempted from federal possession permit requirements or to any person or institution authorized by federal permit to acquire and possess the body or feathers.

(3) The body of any falconry raptor, other than a golden eagle, that was banded or was implanted with a microchip before its death may be kept by the falconry permittee in accordance with the following provisions:
   (A) The feathers from the body may be used for imping.
   (B) The body may be prepared and mounted by a taxidermist. The mounted body may be used by the permittee as part of a conservation education program.
   (C) If the raptor was banded, the band shall remain on the body. If the raptor was implanted with a microchip, the microchip shall remain implanted in place.

(4) The body or feathers of any raptor that is not donated or retained by the permittee shall be burned, buried, or otherwise destroyed within 10 days of the death of the bird or after final examination by a veterinarian to determine the cause of death.

(5) The carcass of each euthanized raptor shall be disposed of in a manner that prevents the secondary poisoning of eagles or other scavengers.

(6) For any falconry raptor other than a golden eagle, if the body or feathers are not donated or mounted by a taxidermist as authorized by this subsection, the falconry permittee may possess the raptor for as long as the permittee maintains a valid falconry permit. The falconry permittee shall keep all the paperwork documenting the acquisition and possession of the raptor.

(g) A falconry raptor may be used in conservation education programs presented in public venues in accordance with the following provisions:

(1) Any general falconer or master falconer may conduct or participate in such a program without the need for any other type of permit. Any apprentice falconer may conduct or participate in such a program while under the direct supervision of a general falconer or master falconer during the program.

The falconer presenting the program shall be responsible for all liability associated with falconry and conservation education activities for which the falconer is the instructor.

(2) The raptor shall be used primarily for falconry.

(3) A fee may be charged for the presentation of a conservation education program. However, the fee shall not exceed the amount required to recoup the falconer’s costs for presenting the program.

(4) The presentation shall address falconry and conservation education. The conservation education portion of the program shall provide information about the biology, ecological roles, and conservation needs of raptors and other migratory birds. However, not all of these topics shall be required to be covered in every presentation.

(h) Falconry raptors may be photographed, filmed, or recorded by similar means for the production of movies or other sources of information on the practice of falconry or on the biology, ecological roles, and conservation needs of raptors and other migratory birds in accordance with the following provisions:

(1) Any general falconer or master falconer may conduct or participate in such an activity without the need for any other type of permit. Any apprentice falconer may conduct or participate in such an activity while under the direct supervision of a general falconer or master falconer during the activity.

(2) The falconer shall not receive payment for the falconer’s participation.

The raptor undergoing rehabilitation shall not be transferred to the falconer but shall remain under the permit of the rehabilitator.

   (2) The falconer shall not be required to meet the rehabilitator facility standards. The falconer shall maintain that individual’s facilities in accordance with K.A.R. 115-14-13.
(3) The falconer, in coordination with the rehabilitator, shall release all raptors that are able to be released to the wild or shall return any such bird that cannot be permanently released to the wild to the rehabilitator for placement within the 180-day time frame in which the rehabilitator is authorized to possess the bird, unless the rehabilitator receives authorization to retain the bird for longer than the 180-day period. Any rehabilitated bird may be transferred to the falconer in accordance with K.A.R. 115-14-15.

(j) When flown free, a hybrid raptor shall have at least two attached radio transmitters to aid the falconry permittee in tracking and locating the bird. The term “hybrid raptor” shall mean the offspring of two different species of raptor.

(k) The statewide season for taking game birds by falconry shall be September 1 through March 31. Any falconer may possess hen pheasants that are incidentally taken by falconry means during the established falconry game bird season. Each falconer shall possess no more than two hen pheasants per day.

This regulation shall be effective on and after December 31, 2012. (Authorized by and implementing K.S.A. 32-807; effective Dec. 31, 2012.)

This information shall be listed on the individual’s Kansas falconry permit.

(B) Each falconry bird imported into the state under this subsection shall be exported from the state by the temporary permittee when the permittee leaves the state, unless a permit is issued allowing the bird to remain in Kansas. (B) Each falconry bird imported into the state under this subsection shall be exported from the state by the temporary permittee when the permittee leaves the state, unless a permit is issued allowing the bird to remain in Kansas. If the bird dies while in the state, the permittee shall report the loss to the department before leaving the state.

(C) When flown free, each bird brought into the state under the provisions of this subsection shall have attached to the bird two radio transmitters that allow the permittee to locate the bird.

(k) Each individual who holds a current, valid Kansas falconry permit and resides in another state, territory, or tribal land different from the individual’s primary Kansas residence for more than 120 consecutive days shall provide the location of the individual’s falconry facilities in the other jurisdiction to the department. This information shall be listed on the individual’s Kansas falconry permit.

(n) The individual holding a temporary permit shall not take raptors from the wild for falconry purposes.

(2) Any individual holding a temporary permit in accordance with this subsection may use any bird for falconry that the individual legally possessed in the individual’s country of origin for falconry purposes if the importation of that species of bird into the United States is not prohibited and the individual has met all permitting requirements of the individual’s country of origin.

(A) The individual shall comply with all requirements for practicing falconry in the state. The individual shall acquire all permits and comply with all federal laws concerning the importation, exportation, and transportation of falconry birds; the wild bird conservation act; the endangered species act; migratory bird import and export permits; and the endangered species convention.

(A) The sponsor agreement shall include a statement from the general falconer or master falconer specifying that the sponsor shall mentor the applicant in learning the husbandry and training of raptors for falconry, learning relevant wildlife laws and regulations concerning the practice of falconry, and deciding what species of raptor is appropriate for the applicant to possess while practicing falconry at the apprentice level.

(B) If the general falconer or master falconer is not able to fulfill the sponsor agreement to mentor the apprentice falconer, the apprentice shall secure a sponsor agreement from another falconer with the necessary qualifications and notify the department within 30 days of the change. The falconer sponsoring the apprentice falconer shall notify the department in writing within 30 days of withdrawing the falconer’s mentorship.

This time may include the capture and release of falconry raptors. A school or education program in falconry shall not be substituted to shorten the required two years of experience at the level of apprentice falconer.

This regulation shall be effective on and after December 31, 2012. (Authorized by and implementing K.S.A. 32-807; effective Dec. 31, 2012.)

115-14-13. Falconry; facilities, equipment, care requirements, and inspections. (a) Each individual keeping raptors shall maintain the facilities in accordance with this regulation.

(1) “Primary facility” shall mean the principal place and structures where the raptor is normally provided care and housing. This term shall include indoor facilities and outdoor facilities.

(2) “Temporary facility” shall mean a place and structure where a raptor is kept during the raptor’s time away from the primary facility, including during transportation and while hunting or attending an event. This term shall include a place and structure where a raptor is kept for a limited time period while the primary facility is not available.

(b) All primary facilities used to house and keep raptors shall be inspected and approved by the department before the issuance of a Kansas falconry permit. Thereafter, all primary facilities used to house and keep raptors shall be inspected and approved before the issuance or renewal of a Kansas falconry permit. All primary facilities shall meet the following standards:

(1) All indoor areas of the primary facility, which are also known as “mews,” and all outdoor areas of the primary facility, which are also known as “weathering areas,” shall protect raptors from the environment, predators, and domestic animals.

(2) The indoor area of the primary facility shall have a perch for each raptor and at least one opening for sunlight.

(3) Two or more raptors may be housed together and untethered if the birds are compatible with each other. Each raptor shall have an area large enough to allow the raptor to fly if it is untethered or, if tethered, to fully extend its wings to bate or attempt to fly while tethered without damaging its feathers or contacting other raptors.

(4) Each raptor shall have a pan of clean water available.

(5) Each indoor area of the primary facility shall be large enough to allow easy access for the care and feeding of the raptors kept there.

(6) Each indoor area of the primary facility housing untethered raptors shall have either solid walls or walls made with vertical bars spaced narrower than the width of the body of the smallest raptor being housed, heavy-duty netting, or other similar materials covering the walls and roof of the facility. All windows shall be protected on the inside by vertical bars, spaced at intervals narrower than the width of the raptor’s body.

(7) The floor of the indoor area of the primary facility shall consist of material that is easily cleaned and well drained.

(8) Each indoor area of the primary facility shall include shelf-perch enclosures where raptors are
tethered side by side. Other housing systems shall be acceptable if they afford the enclosed raptors with protection and maintain healthy feathers.

(9) A falconry raptor, or raptors, may be kept inside the permittee's residence if a suitable perch, or perches, are provided. Windows and other openings in the residence structure shall not be required to be modified. All raptors kept in the residence shall be tethered when the raptors are not being moved into or out of the location where they are kept.

(10) Each outdoor area of the primary facility shall be totally enclosed and shall be made of heavy-gauge wire, heavy-duty plastic mesh, slats, pipe, wood, or other suitable material.

(11) Each outdoor area of the primary facility shall be covered and have at least a covered perch to protect a raptor held in the facility from predators and weather. Each outdoor area of the primary facility shall be large enough to ensure that all the raptors held inside cannot strike the enclosure when flying from the perch.

(12) Any new design of primary facility may be used if the primary facility meets the requirements of this subsection and is approved in writing by the department.

c) Falconry raptors may be kept outside, including in a weathering yard at a falconry meet, if the raptors are under watch by the permittee or a designated individual.

d) The permittee may transport any permitted raptor if the bird is provided with a suitable perch and is protected from extreme temperatures, wind, and excessive disturbance. A giant hood or similar container may be used for transporting the bird or for housing it while away from the primary facility.

e) The permittee shall inform the department of any change of location of the primary facility within five business days of the move to the new location.

(f) The property where the primary facility is located may be owned by the permittee or another person and may be at the residence of the permittee or at a different location.

The permittee shall submit to the department a signed and dated statement showing that the permittee agrees that the primary facility, equipment, all falconry-related facilities, equipment, records, and raptors may be inspected without advance notice by department authorities at any reasonable time on any day of the week if the inspections are in the presence of the permittee. If the property is not owned by the permittee, the actual property owner shall also sign the statement acknowledging the inspection allowance.

(g) The permittee shall provide and maintain the following equipment during the term of the permit:

1. At least one pair of Aylmeri jesses, or jesses of a similar type, constructed of pliable, high-quality leather or a suitable synthetic material. The jesses shall be used when any raptor is flown free. Traditional one-piece jesses may be used on raptors when not being flown;

2. At least one flexible, weather-resistant leash and one strong swivel of acceptable falconry design;

3. At least one suitable bath container for each raptor. Each container shall be at least two to six inches deep and wider than the length of the raptor; and

4. A reliable scale or balance that is suitable for weighing the raptors and is graduated to increments of not more than ½ ounce (15 grams).

(h) A permittee may house a raptor in temporary facilities for no more than 120 consecutive days if the bird is provided with a suitable perch and protection from predators, domestic animals, extreme temperatures, wind, and excessive disturbance.

(i) A permittee may allow a raptor to be temporarily cared for and possessed by another falconry permittee in accordance with the following requirements:

1. The raptor shall be kept at the permittee's primary facility or at the permitted primary facility of the other permittee.

2. The raptor shall be cared for by the other permittee for no more than 120 consecutive days, unless the department provides a written extension of time for extenuating circumstances that may include illness, military service, or a family emergency. Extenuating circumstances may be considered by the secretary on a case-by-case basis.

3. The permittee shall provide the other permittee with a signed, dated statement authorizing the temporary possession. The statement shall include information specifying the time period during which the temporary care and possession are allowed and what activity is allowed. The permittee providing the temporary care may fly the raptor as authorized in the statement, including hunting, if the permittee providing the temporary care holds the appropriate level of falconry permit. The raptors being provided temporary care shall not count against the possession limit of the permittee providing the care.

4. The permittee shall provide a copy of the United States fish and wildlife service form 3-186A showing that permittee as the possessor of the raptor to the other permittee providing the temporary care.

(j) Any permittee may allow a raptor to be temporarily cared for by an individual who does not
possess a falconry permit in accordance with the following provisions:

(1) The raptor shall not be removed from the permittee’s facility during the time of temporary care. The person caring for the raptor shall not fly the raptor for any reason.

(2) The raptor may be cared for by another person for no more than 45 consecutive days, unless the department provides a written extension of time for extenuating circumstances that may include illness, military service, or a family emergency. Extenuating circumstances may be considered by the secretary on a case-by-case basis.

(3) The raptor shall remain on the permittee’s falconry permit.

(k) Falconry raptors may be trained or conditioned in accordance with the following provisions:

(1) Equipment or techniques acceptable for falconry practices including or similar to any of the following may be used:
   (A) Tethered flying, which is also known as flying with a creance;
   (B) lures made from animal parts;
   (C) balloons;
   (D) kites; or
   (E) remote-control airplanes.

(2) The following species of live wildlife may be used:
   (A) Rock dove or domestic pigeon;
   (B) European starling;
   (C) house sparrow;
   (D) Hungarian partridge;
   (E) Chukar partridge; and
   (F) any small game, as defined by K.S.A. 32-701 and amendments thereto, during the established hunting seasons for the small game.

(l) All facilities and equipment shall be properly maintained and cleaned during the term of the permit.

(m) Mistreatment of any raptor shall be grounds for revocation of the falconer’s permit and for confiscation of any raptors in possession of the falconer. “Mistreatment” shall be defined as any of the following:

(1) Having physical custody of a raptor and failing to provide food, potable water, protection from the elements, opportunity for exercise, and other care as is needed for the health and wellbeing of the raptor;
(2) abandoning or leaving any raptor in any place without making provisions for its proper care; or
(3) failing to meet the requirements of this regulation.

This regulation shall be effective on and after December 31, 2012. (Authorized by and implementing K.S.A. 32-807; effective Dec. 31, 2012.)

115-14-14. Falconry; taking, banding, transporting, and possessing raptors. (a) Each person taking a raptor from the wild for falconry purposes shall possess a current, valid hunting license pursuant to K.S.A. 32-919, and amendments thereto, and meet the requirements for hunter education certification pursuant to K.S.A. 32-920, and amendments thereto.

(b) Each falconer shall apply for and receive a permit from the department before attempting to take a raptor from the wild in Kansas.

(c) Each capture device used to capture raptors shall have a tag attached showing the permittee’s name, address, and current falconry permit number.

(d) The permittee shall acquire permission from the landowner or the person controlling any private land before taking or attempting to take any wild raptor for falconry purposes.

(e) Wild raptors may be taken for falconry purposes if the species is approved by the department to be taken by the permittee and is allowed under the level of falconry permit possessed by the permittee in accordance with K.A.R. 115-14-12.

(1) A permittee shall not intentionally take a raptor species that the permittee is prohibited from possessing by the permittee’s classification level.

(2) If a permittee captures a prohibited bird, the permittee shall immediately release it.

(f) A permittee shall take no more than two raptors from the wild each year to use in falconry in accordance with the permit level limitations specified in K.A.R. 115-14-12. The take shall be further restricted by the following provisions:

(1) Passage and haggard raptors may be taken by apprentice falconers, general falconers, and master falconers year-round.

(2) Raptors less than one year of age may be taken only by a general falconer or master falconer and may be taken year-round.

(3) No more than two eyases may be taken by a general falconer or a master falconer per calendar year. At least one eya shall be left in the nest when an eyas is taken.

An apprentice falconer shall not take an eyas raptor from the wild.

(4) The following raptors may be taken from the wild, but only during the specified stages of development:
   (A) Red-tailed hawk (Buteo jamaicensis) in the eyas and passage stages;
(B) American kestrel (Falco sparverius) in all stages; and
(C) great horned owl (Bubo virginianus) in all stages.
(5) Any other species of raptor in the eyas or passage stage of development may be taken by general falconers and master falconers.
(6) The recapture of a falconry bird that has been lost by a falconry permittee shall not be considered to be the capture of a wild raptor to be counted against the annual limit.
(g) Except as provided by this subsection, no species designated by the United States or in K.A.R. 115-15-1 as endangered or threatened shall be taken from the wild.
(1) A general falconer or master falconer may obtain a permit to take one wild raptor listed by federal law as threatened for falconry purposes.
(2) (A) The permittee shall submit an application and receive a federal endangered species permit before taking the bird.
(B) The permittee shall submit an application and receive approval and a permit from the department before taking the bird.
(h) Each raptor taken from the wild shall always be considered a wild bird.
(i) Each raptor taken from the wild in a calendar year by a permittee and then transferred to a second permittee shall count as one of the raptors allowed to be taken by the first permittee who took the raptor from the wild. The raptor transferred to the receiving permittee shall not count against the limit of wild raptors that may be taken in the calendar year by the receiving permittee.
(j) Each raptor taken from the wild shall be reported as follows:
(1) The permittee who is present and takes possession of a wild raptor at the capture site shall file the required report information within 10 calendar days of the capture by submitting the information to the electronic database of the United States fish and wildlife service.
(2) Any permittee may enlist the assistance of another person to take a wild raptor if the permittee is at the exact location of the capture and takes immediate possession of the bird.
(3) Any permittee who does not take immediate possession of a wild raptor at the exact location of the capture may acquire a wild raptor from a general falconer or master falconer, as defined in K.A.R. 115-14-12, in accordance with the following reporting requirements:
(A) The general falconer or master falconer who takes the raptor from the wild shall report the capture in accordance with paragraph (j)(1).
(B) The permittee receiving the wild raptor from the general falconer or master falconer shall report the transfer of the bird within 10 calendar days of the transfer by submitting the information to the electronic database of the United States fish and wildlife service.
(4) Any permittee who has a long-term or permanent physical impairment that prevents the individual from being present at the exact location of the capture and taking immediate possession of a wild raptor that may be used by the permittee for falconry purposes may acquire a bird by the following means:
(A) Any general falconer or master falconer, as defined by K.A.R. 115-14-12, may capture the wild raptor.
This capture shall not count against the general falconer’s or master falconer’s calendar-year limit for the take of wild raptors. However, this capture shall count against the calendar-year limit for wild raptors of the permittee with the long-term or permanent physical impairment.
(B) The permittee with the long-term or permanent physical impairment shall file the capture report in accordance with paragraph (j)(1).
(C) The permittee with the long-term or permanent physical impairment shall confirm the presence of the impairment and the need to report in accordance with this subsection at the time of application for the capture permit.
(k) A master falconer may be authorized by permit to possess not more than three eagles, including golden eagles, white-tailed eagles, or Steller’s sea eagles, for falconry in accordance with the following provisions:
(1) Each eagle possessed shall count against the possession limit for the permittee.
(2) A golden eagle may be taken in a location declared by the wildlife services of the United States department of agriculture or in an area within a state that has been established as a livestock depredation area in accordance with the following provisions:
(A) An immature or a subadult golden eagle may be taken in a livestock depredation area while the depredation area is in effect.
(B) A nesting adult golden eagle, or an eyas from its nest, may be taken in a livestock depredation area if a biologist that represents the agency responsible for establishing the depredation area has determined that the adult eagle is preying on livestock.
(C) The permittee shall notify the regional law enforcement office of the United States fish and
wildlife service of the capture plan before any trapping activity begins. Notification shall be submitted in person, in writing, or by facsimile or electronic mail at least three business days before the start of trapping.

(1) Any raptor wearing falconry equipment or any captive-bred raptor may be recaptured at any time by any permittee in accordance with the following provisions:

(1) The permittee may recapture the raptor whether or not the permittee is allowed to possess that species.

(2) The recaptured bird shall not count against the permittee’s possession limit. This take from the wild shall not count against the capture limit for the calendar year.

(3) The permittee shall report the recapture to the department within five working days of the recapture.

(4) The disposition of any recaptured bird shall be as follows:

(A) The bird shall be returned to the person who lost it, if that person may legally possess the bird and chooses to do so. If the person who lost the bird either is prohibited from taking or chooses not to take the bird, the permittee who captured the bird may take possession of the bird if the permittee holds the necessary qualifications for the species and does not exceed the permittee’s possession limit.

(B) The disposition of a recaptured bird whose legal ownership cannot be ascertained shall be determined by the department.

(m) Each goshawk, Harris’s hawk (Parabuteo unicinctus), peregrine falcon (Falco peregrinus), or gyrfalcon (Falco rusticolus) taken from the wild or acquired from a rehabilitator by a falconry permittee shall be identified by one or more of the following means:

(1) The bird shall be banded with a black nylon, permanent, nonreusable, numbered falconry registration leg band from the United States fish and wildlife service. The bands shall be made available through the department. Any permittee may request an appropriate band before any effort to capture a raptor.

(2) In addition to the band specified in paragraph (m)(1), the permittee may purchase and have implanted in the bird a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization. All costs associated with the implantation of a microchip shall be the responsibility of the permittee.

(3) The permittee shall report the take of any bird within 10 days of the take by submitting the required information, including the band number or the microchip information, or both, to the electronic database of the United States fish and wildlife service.

(4) The permittee shall report to the department the loss or removal of any black nylon, nonreusable leg band within five days of the removal or notice of loss.

(A)(i) When submitting the report, the permittee shall submit a request for a black, nylon, nonreusable leg band to the United States fish and wildlife service.

(ii) The permittee may purchase and implant a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization, in addition to using the black, nylon, nonreusable leg band for rebanding.

(B) The permittee shall immediately submit the required information relating to the re-banding or the implanting of a microchip by submitting the information to the electronic database of the United States fish and wildlife service.

(n) Each raptor bred in captivity shall be banded with a seamless metal falconry registration band provided by the United States fish and wildlife service. In addition, any such raptor may have implanted a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization.

The permittee shall report to the department the loss or removal of any seamless band within 10 days of the removal or notice of loss.

(1)(A) When submitting the report, the permittee shall submit a request for a yellow, nylon, nonreusable leg band to the United States fish and wildlife service.

(B) The permittee may purchase and implant a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization, in addition to using the seamless leg band for rebanding.

(2) The permittee shall immediately submit the required information relating to the re-banding or the implanting of a microchip by submitting the information to the electronic database of the United States fish and wildlife service.

(o) A falconry registration band shall not be altered, defaced, or counterfeited. However, the rear tab on a falconry registration band used to identify a raptor taken from the wild may be removed and any imperfect surface may be smoothed if the integrity of the band and the numbering on the band are not affected.

(p) The falconry registration band requirement may be waived by the secretary and the removal
of a registration band may be allowed in order to address a documented health or injury problem caused to a raptor by the registration band in accordance with the following provisions:

(1) The permittee shall be required to carry a copy of the exemption paperwork at all times while transporting or flying the raptor.

(2) A microchip compliant with the requirements of an international organization for standardization and provided by the United States fish and wildlife service shall be used to replace the registration band causing the health or injury problem on a wild-caught goshawk, Harris’s hawk, peregrine falcon, or gyrfalcon.

(q) A wild-caught falcon shall not be banded with a seamless numbered band.

(r) Any permittee, with prior authorization, may take a wild raptor, including a wild raptor that has been banded with an aluminum band from the federal bird-banding laboratory of the United States fish and wildlife service, during the legal season using legal methods and equipment, in accordance with the following provisions:

(1) Each captured raptor that has any band, research marker, or transmitter attached to it shall be immediately reported to the federal bird-banding laboratory of the United States fish and wildlife service. The reported information shall include any identifying numbers, the date and location of capture, and any other relevant information.

(2) A peregrine falcon that is banded with a research band or has a research marking attached to the bird shall not be taken from the wild and shall be immediately released.

(3) A captured peregrine falcon that has a research transmitter attached to the bird may be kept by the permittee not more than 30 days if the federal bird-banding laboratory of the United States fish and wildlife service is immediately contacted after the capture. The disposition of the captured peregrine falcon shall be in accordance with the directions provided by the federal bird-banding laboratory or its designee.

(4) Any raptor, other than a peregrine falcon, that has a transmitter attached to it may be possessed by the permittee who captured the bird for not more than 30 days in order to contact the researcher, or the researcher’s designee, to determine if the transmitter should be replaced.

(A) The temporary, 30-day possession of the bird shall not count against the permittee’s possession limit for falconry raptors.

(B) If the permittee who captured the raptor wishes to possess the bird for falconry purposes, the disposition of the bird shall be at the discretion of the researcher and the secretary if the species of the bird is allowable under the classification level of the permittee and the permittee’s possession of the captured bird does not exceed the established possession limit.

(s) Each raptor, including a peregrine falcon, that is captured and found with a seamless metal band, a transmitter, or any other item identifying it as a falconry bird attached to it shall be reported to the department within five days of capture.

(1) Each such falconry raptor shall be returned to the person who lost the raptor.

(2) If the person who lost the bird is prohibited from possessing the bird or does not wish to possess the bird, the permittee who captured the bird may keep the bird if the permittee holds the necessary qualifications for the species and does not exceed the permittee’s possession limit.

(3) If the permittee who captured the bird is prohibited from possessing the bird, the disposition of the bird shall be at the discretion of the secretary.

(4) The recaptured falconry bird shall not count against the possession limit or the calendar-year limit of wild birds that may be taken by the permittee during the time the recaptured bird is being held pending final disposition.

(t) Each raptor that is injured during trapping activities shall be handled in accordance with the provisions of this subsection. It shall be the permittee’s responsibility to address any injury occurring to a raptor during trapping activities in one of the following ways:

(1) The permittee may take the raptor into possession and apply it to the permittee’s possession limit if the raptor is of a species allowed to be possessed and the permittee’s possession limit is not exceeded.

(A) The take shall be reported in accordance with subsection (j).

(B) The raptor shall be treated by a veterinarian or a permitted wildlife rehabilitator. The cost for the care and treatment of the raptor shall be the responsibility of the permittee.

(2) The raptor may be turned over directly to a veterinarian, a permitted wildlife rehabilitator, or a department employee, and the raptor shall not be counted against the permittee’s allowable take or possession limit. The permittee shall be responsible for the costs relating to the care and rehabilitation of the bird.

(u)(1) The permittee shall report each raptor that dies or is acquired, transferred, rebanded, implanted with a microchip, lost to the wild and not recovered
within 30 calendar days, or stolen by submitting the information to the electronic database of the United States fish and wildlife service.

(2) In addition to submitting the report required in paragraph (u)(1), the permittee shall file a report of the theft of a raptor with the department and the appropriate regional law enforcement office of the United States fish and wildlife service within 10 calendar days of the theft.

(3) The permittee shall keep copies of all electronic database submissions documenting the take, transfer, loss, theft, rebanding, or implanting of microchips of each falconry raptor for at least five years after the bird has been transferred, released to the wild, or lost, or has died.

(v) The intentional release to the wild of any falconry raptor shall be in accordance with the following requirements:

1. A species of raptor that is not native to Kansas shall not be released to the wild. Any such bird may be transferred to another falconer if the permittee receiving the bird is authorized to possess the age and species of raptor and the transfer does not exceed the possession limit of the permittee receiving the bird.

2. Any species of raptor that is native to Kansas and is captive-bred may be released to the wild according to the following requirements:

   (A) The permittee shall obtain the department’s permission to release the bird to the wild before the actual release. The time of year and the location where the release shall take place shall be specified by the department.

   (i) The release of a raptor on department lands or waters shall meet the requirements of K.A.R. 115-8-12.

   (ii) The permittee shall acquire verbal permission from the landowner or person in control of the private land before the release of the raptor.

   (B) The permittee shall remove any tag, transmitter, or nonreusable falconry band, if present, before the release. All falconry identification bands, tags, or markers shall then be surrendered to the department within 10 calendar days of the release.

   (C) The permittee shall report the release of the bird within 10 calendar days of the release by submitting the required information to the electronic database of the United States fish and wildlife service.

3. No hybrid raptor, as defined in K.A.R. 115-14-11, shall be intentionally released to the wild permanently.

115-14-15. Falconry; transfers, trading, and sale of raptors. (a) The number of transactions transferring a falconry raptor between permittees shall not be restricted if the permittee taking possession of the raptor does not exceed the possession limit in K.A.R. 115-14-12.

(b) Upon the death of a falconry permittee, the surviving spouse, executor, administrator, or other legal representative of the deceased falconry permittee may transfer any raptor held by the permittee to another authorized permittee within 90 days. After 90 days, the disposition of any raptor held under the permit shall be at the discretion of the secretary.

(c) No wild-caught raptor shall be sold or purchased, bartered, or traded, whether or not the raptor has been transferred or held in captivity for any period.

(d) A wild-caught raptor may be transferred to another falconry permit holder in accordance with the following requirements:

1. The transferor shall report the transfer within 10 calendar days by submitting the information to the electronic database of the United States fish and wildlife service.

2. Upon transfer to another properly permitted falconer, the raptor shall not count toward the number of wild raptors that may be taken from the wild by the receiving falconer.
(e) A wild-caught raptor may be transferred to the holder of a raptor propagation permit in accordance with the following provisions:

1. A falconry raptor shall be transferred to a properly permitted captive propagation permittee if the raptor is used for propagation purposes for more than eight months.
   (A) The individual holding the raptor propagation permit may be the same individual holding the falconry permit or a different person.
   (B) Each raptor that is transferred shall have been used for falconry for at least two calendar years, except that the following raptor species shall have been used for falconry for at least one calendar year:
      (i) Sharp-shinned hawk (*Accipiter striatus*);
      (ii) Cooper’s hawk (*Accipiter cooperii*);
      (iii) merlin (*Falco columbarius*); and
      (iv) American kestrel (*Falco sparverius*).
   (C) The falconry permittee shall report the transfer within 10 calendar days by submitting the information to the electronic database of the United States fish and wildlife service.
   (D) The transferred bird shall be banded with a black nylon, nonreusable, numbered band issued by the United States fish and wildlife service.

2. A falconry raptor may be temporarily transferred to a permitted captive propagation permittee for propagation purposes in accordance with the following provisions:
   (A) The individual holding the raptor propagation permit may be the same individual holding the falconry permit or a different person.
   (B) A falconry raptor shall not be used for captive propagation for more than eight months in a calendar year.
   (C) The permittee shall notify the department in writing of the dates on which the bird begins and ends captive propagation activity.

3. A falconry raptor may be permanently transferred to the holder of a permit type other than a falconry permit in accordance with the following provisions:
   (A) The transfer may occur regardless of the time during which the wild-caught bird has been used for falconry purposes.
   (B) The bird shall have been injured and a veterinarian or wildlife rehabilitator shall have determined that the bird shall no longer be flown for falconry.
   (C) The falconry permittee shall report the transfer within 10 calendar days by submitting the information to the electronic database of the United States fish and wildlife service. The falconry permittee shall also provide a copy of the certification from the veterinarian or wildlife rehabilitator stating that the bird cannot be used for falconry to the regional migratory bird permit office of the United States fish and wildlife service within 10 calendar days of the transfer.

(f) Any captive-bred falconry raptor may be transferred to another falconry permit holder. The transferor shall report the transfer within 10 calendar days by submitting the transfer report to the electronic database of the United States fish and wildlife service.

(g) A captive-bred falconry raptor may be transferred to the holder of a permit type other than falconry. The transferor shall report the transfer within 10 calendar days to the electronic database of the United States fish and wildlife service.

   1. The raptor shall be of an age and species allowed under the permittee’s classification level.
   2. The acquisition shall not place the permittee in excess of the possession limit.
   3. The transfer from the rehabilitator to the permittee shall be at the discretion of the rehabilitator.
   4. Each raptor acquired by transfer from a rehabilitator shall count as one of the raptors that the permittee is allowed to take from the wild for that calendar year.
   5. The permittee shall report each raptor acquired by transfer from a rehabilitator within 10 days of the transfer by submitting the required information to the electronic database of the United States fish and wildlife service. This regulation shall be effective on and after December 31, 2012.

(c) Any nongame species in need of conservation in possession before the effective date of this regulation and not prohibited by any previous regulation of the department or national listings may be retained in possession if either of the following conditions is met:

(1) An application of affidavit to that effect has been filed with and approved by the secretary before January 1, 1990, that states the circumstances of how the species came into possession.

115-15-3. Threatened and endangered wildlife; special permits and enforcement actions. (a) The following definitions shall apply only to this regulation:

(1) “Action” means an activity resulting in physical alteration of a listed species’ critical habitat, physical disturbance of listed species, or destruction of individuals of a listed species.

(2) “Critical habitat” means either of the following:

(A) Specific geographic areas supporting a population of a listed species and including physical or biological features that meet the following requirements:

(i) Are essential to the conservation of the species; and

(ii) require special management or protection; or

(B) specific geographic areas not documented as currently supporting a population of a listed species but determined essential for the conservation of the listed species by the secretary.

(3) “Habitat” means the abode where a listed species is generally found and where all essentials for survival and growth of the listed species are present.

(4) “Intentional destruction” means an act or attempt that is willful and is done for the purpose of, and results in, the killing of a threatened or endangered species.

(5) “Intentional taking” means an act or attempt that is willful and is done for the purpose of taking a threatened or endangered species. “Intentional taking” shall include “intentional destruction” as defined in paragraph (a)(4).

(7) “Normal farming and ranching practices” shall include activities financed with private funds on private lands and government cost-shared, routine agricultural land treatment measures.

(8) “Permit from another state or federal agency” shall not include a certification or registration.

(9) “Publicly funded,” when used to describe an action, means any action for which planning and implementation are wholly funded with monies from federal, state, or local units of government.

(10) “State or federally assisted,” when used to describe an action, means any action receiving technical assistance or partial funding from a state or federal governmental agency.

(b) Each person sponsoring or responsible for a publicly funded action, a state or federally assisted action, or an action requiring a permit from another state or federal government agency shall apply to the secretary for an action permit on forms provided by the department, unless one of the following exceptions applies:

(1) An action permit shall not be required to conduct normal farming and ranching practices, unless a permit is required by another state or federal agency or these practices involve an intentional taking.

(2) An action permit shall not be required for the development of residential and commercial property on privately owned property financed with private, nonpublic funds, unless a permit is required by another state or federal agency or the development involves an intentional taking.

(3) An action permit shall not be required for any activity for which a person has obtained a scientific, educational, or exhibition permit, pursuant to K.S.A. 32-952 and amendments thereto and K.A.R. 115-18-3.

(4) An action permit shall not be required for any species listed after July 1, 2016 if a recovery plan for the listed species is not completed within four years of the listing date, unless the species is listed as threatened or endangered under federal law or until a recovery plan for the listed species is completed.

(c) Each action permit application shall be submitted at least 90 days before the proposed starting date of the planned action and shall include the following information:

(1) Location and description of the proposed action and, if required, detailed plans of the proposed action;

(2) an assessment of potential impacts on the listed species or its critical habitat resulting from the proposed action; and
(3) proposed measures incorporated into the action plan to protect listed species or critical habitat of listed species.

(d) Each person sponsoring or responsible for an action for which an action permit is not required by subsection (b) and that will result in the intentional destruction of a member of any listed species shall apply to the secretary for an action permit on forms provided by the department. An action permit shall not be required for any activity for which a person has obtained a scientific, educational, or exhibition permit, pursuant to K.S.A. 32-952 and amendments thereto and K.A.R. 115-18-3. An action permit application shall be submitted at least 30 days before the proposed starting date of the planned action and shall include the following information:

(1) Location and description of the proposed action and, if required, detailed plans of the proposed action;

(2) an assessment of potential impacts on the listed species or its critical habitat resulting from the proposed action; and

(3) proposed measures incorporated into the action plan to protect listed species or critical habitat of listed species.

(e) An action permit required under subsection (b) or (d) shall be issued by the secretary pursuant to a timely and complete application, if the proposed action meets the requirements of the following:

(1) Sufficient mitigating or compensating measures to ensure protection of either critical habitats or listed species, or both as conditions require, cooperatively developed by the department and the applicant and incorporated into the proposed action; and

(2) all federal laws protecting listed species.

(f) A public hearing on the proposed action may be provided by the secretary before issuance of an action permit.

(g) In addition to other penalties prescribed by law, any action permit may be revoked by the secretary for any of the following reasons:

(1) Violation of conditions established by the permit;

(2) significant deviation of an action from the proposed action; or

(3) failure to perform or initiate performance of an action within one year after the proposed starting date, unless otherwise specified in the permit or an extension has been authorized in writing by the secretary after a determination of no significant change in the proposed action.

(h) Law enforcement action shall be undertaken only in cases of intentional taking.

(i) Nothing in this regulation shall be deemed to exempt a person from the requirement to acquire knowledge of the presence of a listed species by the exercise of due diligence once a listed species is known to exist within an area or the area is designated as critical habitat. This subsection shall be applied only to offenses or obligations arising under state statutes or regulations. (Authorized by K.S.A. 32-960b, K.S.A. 2016 Supp. 32-961, and K.S.A. 32-963; implementing K.S.A. 32-960b, K.S.A. 2016 Supp. 32-961, K.S.A. 32-962, and K.S.A. 32-963; effective Oct. 30, 1989; amended Dec. 29, 1997; amended Feb. 16, 2018.)

115-15-4. Recovery plans; procedures. (a) The following definitions shall apply only to this regulation:

(1) “Recovery plan” means a designated strategy or methodology that, if funded and implemented, is reasonably expected to lead to the eventual restoration, maintenance, or delisting of a listed species.

(3) “Local advisory committee” means a committee as described in K.S.A. 32-960a, and amendments thereto.

(b) A recovery plan shall be developed for each listed species, subject to the priority list for development of recovery plans, and shall be consistent with the amount of funds appropriated for that purpose.

(1) All listed species shall be ranked to establish priorities for recovery plan development. Any recovery plan may include more than one listed species.

(2) When, using the ranked priority list, a listed species is designated for recovery plan development, notice shall be published to that effect in the Kansas register and shall be mailed to persons who have requested to be notified of the recovery plan process for that listed species or for all species.

(3) Reasonable opportunity shall be provided for individuals, organizations, and other interested parties to participate and express their views about the development and implementation of a recovery plan.

(4) A local advisory committee shall be established to take part in the development of the recovery plan. The local advisory committee shall identify measures that minimize adverse social and economic impacts during recovery actions.

(c) Each recovery plan shall include the following:

(A) The current status of the listed species, including the existing scientific knowledge of habitat requirements, limiting factors, and distribution;
(B) additional data needs;
(C) actions and land uses affecting the listed species;
(D) specific management activities that may be included in an agreement between the secretary and a landowner;
(E) critical habitat designations required for conservation and recovery of the listed species;
(F) objectives, criteria, and budgeted actions required to recover and protect the listed species;
(G) conservation assistance programs or other incentive-based opportunities for species conservation on private lands;
(H) information and education-based opportunities for conservation of listed species on private lands;
(I) delisting date goal; and
(J) estimated implementation cost.

(2) For each species listed before January 1, 1998, the existing critical habitat designation process and permitting authority shall be maintained by the department until a recovery plan is adopted for that species. The recovery plan, once adopted, shall determine the final designations for critical habitat as well as identify specific actions that are subject to permitting and enforcement authority.

(3) For newly listed species, critical habitat shall be temporarily designated by the secretary. Each temporary designation shall expire four years after the species is listed, unless the species is listed under federal law. Final critical habitat criteria and specific actions that are subject to permitting and enforcement authority shall be determined by the adopted recovery plan.

(4) Each critical habitat established through the recovery planning process shall supersede existing criteria and designations.

(5) Each critical habitat established through the recovery planning process or temporarily designated by the secretary shall be determined on the basis of the best scientific data available while taking into consideration the economic impact of the designation.

(6) Any geographic area may be excluded from a critical habitat designation by the secretary if the secretary determines that the benefits of the exclusion outweigh the benefits of the designation, unless the secretary determines that the failure to designate the critical habitat will result in the extirpation of the species, based on the best scientific and commercial data available.

(d) To meet the requirement that real property shall be included in management activities as part of a recovery plan, pursuant to K.S.A. 79-32,203(a) (2) and amendments thereto, each landowner shall meet the following requirements:

(1) Undertake land management activities or improvements identified in the recovery plan; and

(2) be a signed party to an agreement with the secretary specifying those land management activities or improvements.

(e) Before its adoption, a draft recovery plan shall be distributed to relevant federal and state agencies, local and tribal governments that are affected by the recovery plan, and individuals and organizations that have requested notification of department actions regarding threatened or endangered species.

(f) After adoption of a recovery plan, cooperation with other state and federal agencies, local and tribal governments, and affected landowners for implementation of the recovery plan shall be sought by the secretary.

(g) If a listed species is also designated as a federal threatened or endangered species, or is a candidate for federal designation, the recovery plan for that listed species shall be submitted to the secretary of the interior.

(h) Each recovery plan shall be reviewed at least once every five years, and the status of the listed species addressed by the recovery plan shall be monitored in the interim. The local advisory committee shall be consulted by the department during the review. This review shall take into account any new scientific knowledge or data since the original adoption of the recovery plan, as well as current population trends of the listed species. (Authorized by K.S.A. 32-960b; implementing K.S.A. 32-960a and K.S.A. 32-960b; effective Jan. 1, 1998; amended Feb. 16, 2018.)

2. The need for nuisance bird control has not been established.
3. Use of the poison or chemical would pose inordinate risk to the public, non-target wildlife, or the environment.

(f) Each permit shall be valid only for the period specified on the permit, which shall not exceed one year.

(g) A permit may be extended by the secretary upon request and justification by the permittee. However, the combined total of the original and extended time periods shall not exceed one year.

(h) Each permit shall be valid only for the locations specified in the permit.

(i) In addition to other penalties as prescribed by law, a nuisance bird control permit may be revoked by the secretary if either of the following conditions is met:

1. The permit was secured through false representation.
2. The permittee fails to meet permit requirements or violates permit conditions.

(j) A nuisance bird control permit shall not be required to control nuisance bird problems as described in subsection (b) if the control method is nonlethal or if the control method involves use of firearms, air rifles, air pistols, archery equipment, or falconry.

(k) Nuisance birds killed and the plumage of nuisance birds killed during nuisance bird control may be possessed, transported, and otherwise disposed of or utilized, except that nuisance birds killed and the plumage of nuisance birds killed during nuisance bird control shall not be sold or offered for sale.

1. The permit application shall be submitted on a form provided by the commission.
2. The promoter shall submit the following fee or fees, as applicable, with the permit application, including the following:
   A. For a permit for a contest, $40.00 for each day of the contest and $150.00 for each inspector assigned to the contest. The boxing commissioner

(5) The promoter shall submit with the permit application a policy of accident insurance on each contestant participating in the event in the amount of $10,000 to compensate the contestant for any medical and hospital expenses incurred as a result of injuries received in the event. The premiums on the policies shall be paid by the promoter. Each request for a professional wrestling performance permit received less than 14 days before the date of the event shall be accompanied by a late fee of $100.

(b) If the commission receives more than one request for a permit for the same date, a permit for both events may be issued by the commission if each application is complete and the commission deems it to be in the best interest of the commission to issue more than one permit. Factors considered by the commission in making the determination shall include the geographic locations of the proposed events and the availability of the commission staff and officials. If the commission is unable to regulate more than one event, a permit shall be issued to the first applicant that submits a complete application.

(c) Any application for a permit may be approved or denied by the commission or may be issued with limitations, restrictions, or conditions as stipulated by the commission. Permits for the following types of contests shall not be approved by the commission:

(e) The promoter shall notify the commission if the event is to be televised or otherwise broadcast. The promoter shall provide a copy of the contract no later than 10 days before the event.

(m) The final accounting shall be conducted in a private room or secured area and in the presence of both the promoter’s representative and the assigned inspector. The final accounting shall include a determination by the assigned inspector of the amount of athletic fee due from the promoter.

(n) Each promoter who obtains a permit for an event shall pay to the commission the athletic fee, which is five percent of the gross receipts derived from the admission charges for the event.

(g)(1) Each contestant shall submit to a drug test if directed to do so by the boxing commissioner. (j) The referee shall ensure that no foreign substances detrimental to an opponent have been applied to the body of any contestant.

(k) The referee shall decide whether or not to wear rubber or plastic gloves during the bout.

(l) (1) The referee shall stop any bout under either of the following circumstances:

(A) The referee determines that one of the contestants is clearly less experienced or skilled than the contestant’s opponent, to the extent that allowing the bout to continue would pose a substantial risk of serious harm or injury to the less experienced or less skilled contestant.

(B) The referee decides that a contestant is not making the contestant’s best effort.

(2) If a contestant receives a cut or other injury, the referee may consult the physician to determine whether the bout will be stopped or whether the bout can continue. If the physician is consulted, the final authority to determine whether to continue the bout shall rest with the physician.

(3) If serious cuts or injuries occur to either contestant, the referee shall summon the physician, who shall aid the contestant and decide if the bout will be stopped. If the physician determines before the fourth round that a contestant who is cut or injured by legal blows cannot continue, the referee shall announce that the contestant loses by a technical knockout. If the physician determines during or after the fourth round that a contestant who is cut or injured by legal blows cannot continue, the referee shall use the scorecards to determine the winner.

(m) Each referee, when assessing any foul, shall assess how damaging the foul is to the contestant against whom the foul was committed. If the referee assesses a foul on one of the contestants, the referee shall instruct each judge to deduct one point from that contestant’s score for that round.

(n) At the conclusion of each round, the referee shall pick up the scorecard from each judge. When picking up the scorecards from the judges, the referee shall ensure that each scorecard shows each contestant’s name and score for that round and the name of the judge. If this information has not been recorded, the judges shall be instructed to complete the scorecards correctly. The referee shall then deliver the official scorecards to the chief inspector.

(o) The referee may request that the attending physician examine a contestant during a bout. The physician may order the referee to stop the bout. The referee shall then render the decision regarding the outcome of the bout.

(p) Before the referee requests the physician to aid or examine a contestant, the referee shall direct the timekeeper to stop the clock until otherwise directed by the referee.

(q) The referee shall ensure that each bout proceeds in a regulated and timely manner. Each contestant who employs delaying or avoidance tactics shall be subject to scoring penalties or disqualification. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186, 74-50,187, and 74-50,193; effective April 4, 2008; amended Dec. 20, 2013.)

128-4-8. Second. (a) (1) A maximum of three seconds shall be allowed for each contestant. However, four seconds for each contestant may be authorized by the commission for special events. One of the seconds shall be designated as the chief second, and this designation shall be announced to the referee at the start of the bout.

(2) For boxing contests, only one second for each contestant shall be inside the ring between rounds. For mixed martial arts contests, two of the seconds for each contestant may be inside the fenced-in area during a period of rest. Any other seconds for that contestant may be on the ring platform outside the enclosed area.

(b) Each manager shall be permitted to act as a second without obtaining a second’s license if at least one licensed second is also serving that contestant. While acting as a second, the manager shall comply with all regulations pertaining to the conduct of seconds.

(c) A second shall not enter the ring until the timekeeper indicates the end of the round. Each second shall leave the ring at the sound of the timekeeper’s whistle or buzzer before the beginning of each round. If any second enters the ring before the bell ending the round has sounded, the referee shall take action as provided in subsection (l). While the round is in progress, the chief second may mount the apron of the ring and attract the referee’s attention to indicate that the contestant is forfeiting the bout. The chief second shall not enter the ring unless the referee stops the bout. No second shall interfere with a count that is in progress.
(d) Except at the request of the physician, no second shall be permitted to aid a stricken contestant.

(e) No second shall stand or lean on the ring apron during a round.

(f) The chief second shall ensure that the following equipment is provided:
   (1) A clear plastic bottle;
   (2) a bucket containing ice;
   (3) adhesive tape;
   (4) gauze;
   (5) a pair of scissors;
   (6) an extra mouthpiece;
   (7) cotton swabs;
   (8) Vaseline® or a similar petroleum-based product;
   (9) pressure plates or ice packs; and
   (10) a clean white towel.

(g) Only the substances specified in this subsection, if authorized and directed by the physician, may be administered to a contestant by a second. The use of any other substance administered by the second shall disqualify the contestant. The following substances may be administered by a second to a contestant:
   (1) A topical solution of epinephrine 1:1000;
   (2) microfibrillar collagen hemostat; and
   (3) thrombin.

(h) No ammonia or type of smelling salts may be used during a contest or exhibition.

(i) All spraying or throwing of water on a contestant by a second during a period of rest shall be prohibited.

(j) Before leaving the ring at the start of each round, the seconds shall remove all obstructions from the ring floor and ropes, including the buckets, stools, bottles, towels, and robes.

(k) The physician or an inspector may, at any time, inspect the contents of the chief second’s first-aid kit.

(l) If any second commits a violation of any regulation relating to seconds, the referee shall issue a warning to that second. If, after that warning, the second continues to violate any applicable regulation, the referee shall apply the penalties specified in K.A.R. 128-6-1(x), 128-6-2(o), or 128-6-4(o). The referee shall also warn the second that any additional violation may result in disqualification of the contestant.

(m) Any second may choose whether or not to wear rubber or plastic gloves during any bout in which the second is serving a contestant.

(e) Each fence post and all metal components shall be padded and shall be inspected and approved by an inspector.

(f) The fencing used to enclose the fenced-in area shall be made of chain-link fencing that is coated with vinyl or a similar material and that prevents contestants from falling out of the fenced-in area or breaking through the fenced-in area onto the floor of the building or onto the spectators. The metal portion of the fencing shall not be abrasive to the contestants. The top and bottom rails of the fencing shall have at least one-inch foam padding and shall be covered in vinyl or another nonabrasive material.

(h) Each contestant shall be weighed by the boxing commissioner or the boxing commissioner’s designee within 48 hours before the contest. The contestant shall have all weights stripped from the contestant’s body before the contestant is weighed in, but any female contestant may wear shorts and a top. If a contestant’s weight does not fall within the range for the weight classification of the contested weight in which the contestant is scheduled to compete in that contest, the contestant shall be reweighed within two hours. If the contestant’s weight still does not fall within the range for that weight category, the contestant shall be disqualified by the boxing commissioner.

(i) Any contestant may be required by the commission to be reweighed one additional time if doubt concerning the contestant’s actual weight exists.

(j) For each boxer whose weight exceeds the maximum amount, one or more of the following shall be determined by the commission:

(1) The boxer shall be allowed to lose up to two pounds of the boxer’s existing weight.
(2) The boxer shall forfeit a portion of the purse.
(3) The boxer shall forfeit the contest.
(k) Each subsequent weigh-in shall be conducted at the venue of the event, before the commencement of the event, as directed by the commission. Any boxer, or the boxer’s designee, may be present to witness the weigh-in of the opponent.

(m) After the time of the weigh-in, weight loss in excess of two pounds of the weight that the contestant had at the weigh-in shall not be permitted and shall not occur later than one hour after the boxer’s initial weigh-in.
(n) Contestants scheduled to compete against one another may mutually agree to waive the requirements of subsection (j). This agreement shall be evidenced by a provision in the respective bout agreement and initialed by the contestants. The provision shall also provide notice to the contestants that there will be no restriction as to the amount of weight that the opponent may put on after the initial weigh-in and before the scheduled match.
(o) A one-pound allowance in the weight agreed upon in the bout agreement may be allowed by the commission. The one-pound allowance shall still be within the weight limits specified in subsection (l). No allowance shall be made for a championship bout.
(p) Any contestant who fails to appear at the appointed place and at the specified time to be examined and weighed or who leaves the designated area without permission of the commission before the weigh-in or the physical examination is completed may be subject to discipline by the commission, including suspension of license.
(q) For each failure to make weight as specified in this regulation, the contestant may be subject to penalties and sanctions, a fine, and a suspension or revocation of the contestant’s license.
(r) Except as otherwise provided by this regulation, during the two hours following the time of weighing in, if a contestant is able to make the weight or weighs one pound or less outside the agreed limits, no forfeit may be imposed or fine assessed upon the contestant.
(s) If a contestant is unable due to illness to take part in a contest or exhibition in which the contestant has agreed to fight, the contestant shall immediately report the fact to the commission and, if requested by the commission, shall submit to an examination by a physician. The fee for the physician’s examination shall be paid by the promoter if an examination is requested. Otherwise, the fee shall be paid by the contestant.
(t) The weight of each contestant or the classification in which each contestant will compete, or both, shall be announced at ringside.
(u) Each contestant’s equipment shall meet the following requirements:
(1) Bandages on the hand of a contestant shall not exceed one winding of surgeon’s adhesive tape, which shall not be over two inches wide, placed directly on the hand to protect the part of the hand near the wrist. The tape shall cross the back of the hand twice, but shall not extend within ⅜ inch of the knuckles when the hand is clenched to make a fist.
(2) Each contestant shall use soft surgical bandage not over two inches wide, held in place by not more than 10 feet of surgeon’s adhesive tape for each hand. Up to one 15-yard roll of gauze bandage shall be used to complete the wrappings for each hand. Strips of tape may be used between the fingers to hold down the bandages.
(3) Each bandage of the contestant shall be applied in the presence of both an inspector and the other contestant.
(4) Each hand wrapping placed on a contestant shall be examined and approved by an inspector. Each approved hand wrap shall be initialed by the inspector who examined it. The opponent may be present.
(5) Either contestant may witness the bandaging and hand wrapping of the contestant. A contestant may waive the witnessing the bandaging or hand wrapping of the opponent’s hands.
(6) The weight of each glove shall be at least eight ounces and not more than 16 ounces, and each glove shall have the thumb attached.

(7) Each contestant shall be gloved only in the presence of an inspector. The tape around the string of each approved glove shall be initialed by the inspector.

(8) No contestant or second shall twist or manipulate that contestant’s gloves in any way. If a glove breaks or a string becomes untied during the bout, the referee shall instruct the timekeeper to signal a time-out while the glove is being adjusted.

(9) Each contestant’s gloves shall be inspected by the referee of each bout. The referee shall ascertain that no foreign substances detrimental to an opponent have been applied to the gloves of any contestant. If the referee detects a problem with the gloves or any other equipment, the problem shall be fixed to the satisfaction of the referee and the inspector before the bout continues.

(10) Each contestant shall wear boxing-appropriate attire and protective devices, including a dental appliance or mouthpiece that has been individually fitted and approved by the boxing commissioner. Each male contestant shall wear a protective cup. Each contestant shall wear an abdominal protector, which shall protect the contestant against injury from a foul blow. The abdominal protector shall not cover or extend above the umbilicus. Each female contestant shall wear a protective pelvic girdle and either a plastic breast protector or a sport bra.

(11) The belt of the shorts shall not extend above the waistline. Shorts shall be without pockets or openings and shall be subject to approval by the chief inspectors.

(12) For each bout, male contestants shall not wear the same colors in the ring or, if the contest or exhibition is being held in a fenced area, without the approval of the chief inspector. Female contestants shall have two uniforms in contrasting colors, with each uniform consisting of a body shirt, blouse, and shorts.

(13) Contestants shall not use any cosmetic when competing.

(14) The inspector shall determine whether head or facial hair presents any hazard to the safety of a contestant or contestant’s opponent or will interfere with the supervision of the contest or exhibition. A contestant shall not compete in the contest or exhibition unless the circumstances creating the hazard or potential interference are corrected to the satisfaction of the inspector.

(15) A contestant shall not wear any jewelry or any piercing accessories when competing in the contest or exhibition.

(16) The contestants’ fingernails and thumb-nails shall not extend past the tip of the fingers and thumbs.

(17) Only Vaseline® or a similar petroleum-based product may be lightly applied to the face, arms, or any other exposed part of a contestant’s body.

(v) Before starting a bout, the referee shall ascertain from each contestant the name of the contestant’s chief second. Before each bout, the referee shall call together both of the contestants and their chief seconds for final instructions.

(w) No person other than the contestants and the referee shall enter the ring during a bout. A second or manager shall not stand or engage in any distracting actions while the bout is in progress. For each contestant’s seconds and manager, a combined total of two warnings for violating any requirement of this subsection shall result in the removal of the seconds and manager from the ringside area, all of whom may be subject to discipline by the commission.

(x) Each preliminary contestant shall be ready to enter the ring immediately after the end of the preceding bout. Any contestant who is not ready to immediately proceed when called and, as a result, causes a delay may be subject to discipline by the commission.

(y) Before the referee requests the physician to aid or examine a contestant, the referee shall direct the timekeeper to stop the clock until otherwise directed by the referee.

(z) Any serious cuts or injuries to either contestant shall be treated by the physician. The physician shall determine whether to continue the bout as follows:

(1) The physician may enter the ring if requested by the referee to examine an injury to a contestant.

(2) If serious cuts or injuries to either contestant occur, the referee shall summon the physician, who shall aid the contestant and decide if the bout will be stopped. The final authority to determine whether to continue the bout shall rest with the physician.

(3) If the physician determines that a contestant who is cut or injured by legal blows cannot continue, the referee shall announce that contestant loses by a technical knockout.

(4) The referee may request that the attending physician examine a contestant during the bout. The physician may order the referee to stop the bout. The referee shall then render the appropriate decision regarding the outcome of the bout in accordance with K.A.R. 128-4-7.
(5) Except at the request of the physician, no manager or second shall be permitted to aid a stricken contestant.

(aa) If a contestant loses a dental appliance or mouthpiece during a round, the referee may call a time-out. If the referee calls a time-out for this reason, the referee shall direct the contestant’s second to replace the dental appliance or mouthpiece.

(bb) Before a contestant may resume competing after having been knocked down or having fallen or slipped to the floor of the ring, the referee shall wipe the gloves of the contestant with a damp towel or the referee’s shirt.

(cc) A boxer shall be deemed to be down when either of the following occurs:

(1) Any part of the boxer’s body other than the feet is on the floor.

(2) The boxer is hanging over the ropes without the ability to protect that boxer, and the boxer cannot fall to the floor.

(dd) When a boxer is knocked down, the referee shall order the opponent to retire to the farthest neutral corner of the ring, by pointing to the corner, and shall immediately begin the count over the contestant who is down. The referee shall audibly announce the passing of the seconds and accompany the count with motions of the referee’s arm, with the downward motion indicating the end of each second.

(ee) The timekeeper, by signaling, shall give the referee the correct one-second interval for the referee’s count. The referee’s count shall be the official count. Once the referee picks up the count from the timekeeper, the timekeeper shall cease counting. No boxer who is knocked down may be allowed to resume competing until the referee has finished counting to 10. The boxer may take the count either on the floor or standing.

(ff) If the opponent fails to stay in the farthest corner, the referee shall cease counting until the contestants have returned to their corners and shall then resume the count from the point at which the count was interrupted. If the boxer who is down arises before the count of 10, the referee may step between the contestants long enough to assure the referee that the contestant who has just arisen is in a condition to continue. If so assured, the referee shall, without loss of time, order both contestants to go on with the contest or exhibition. During the intervention by the referee, the striking of a blow by either contestant may be ruled a foul.

(gg) When a boxer is knocked out, the referee shall perform a full 10-second count unless, in the judgment of the referee, the safety of the boxer would be jeopardized by such a count. If the boxer who is knocked down is still down when the referee calls a count of 10, the referee shall wave both arms to indicate that the downed contestant has been knocked out.

(hh) If both contestants go down at the same time, the count shall continue as long as one contestant is still down. If both contestants remain down until the count of 10, the contest or exhibition shall be stopped and the decision shall be a technical draw.

(ii) If a boxer is down and the referee is in the process of counting at the end of a round, the bell indicating the end of a round shall not be sounded, but the bell shall be sounded as soon as the downed contestant stands up.

(jj) When a contestant has been knocked down before the normal termination of a round and the round is terminated before the contestant has arisen from the floor of the ring, the referee’s count shall continue. If the contestant who is down fails to arise before the count of 10, the contestant shall be considered to have lost the contest or exhibition by a knockout in the round that just concluded.

(kk) If a legal blow struck in the final seconds of a round causes a contestant to go down after the bell has sounded, that knockdown shall be regarded as having occurred during the round just ended and the appropriate count shall continue.

(ll) If a knockdown occurs before the normal termination of a round and the contestant who is down stands up before the count of 10 is reached and then falls down immediately without being struck, the referee shall resume the count from the point at which the count was left off.

(mm) A contest or exhibition may be adjudged a technical knockout to the credit of the winner if the contest or exhibition is terminated because a boxer meets any of the following conditions:

(1) Is unable to continue;
(2) is not honestly competing;
(3) is injured; or
(4) is disqualified.

(nn) Each contest or exhibition that is won by other than a full count of 10 or the scoring of the judges shall be adjudged a technical knockout to the credit of the winner.

(oo) A referee may count a contestant out if the contestant is on the floor or being held up by the ropes.

(pp) Each contestant who has been knocked out shall be kept lying down until the contestant has recovered. If a contestant is knocked out, no one other than the referee and the physician shall touch the contestant. The referee shall remove the injured

contestant’s mouthpiece and stay with the contestant until the ringside physician enters the ring, personally attends to the contestant, and issues any necessary instructions to the contestant’s second.

(qq) Each of the following tactics or actions shall be an intentional foul:
(1) Hitting the opponent below the belt;
(2) hitting an opponent who is down or is getting up after being down;
(3) holding the opponent with one hand and hitting the opponent with the other hand;
(4) holding the opponent or deliberately maintaining a clinch;
(5) wrestling or kicking the opponent;
(6) striking an opponent who is helpless as the result of blows but is supported by the ropes and does not fall;
(7) butting the opponent with the head, shoulder, or knee;
(8) hitting the opponent with the open glove, with the butt of the hand, with the wrist or the elbow, or with backhand blows;
(9) going down without being hit;
(10) striking the opponent’s body over the kidneys;
(11) hitting the opponent on the back of the head or neck;
(12) jabbing the opponent’s eyes with the thumb of the glove;
(13) using abusive language in the ring;
(14) hitting during a break, which is signaled by the referee’s command or physical act to separate two contestants;

(16) using the ropes to gain an advantage over the opponent;
(17) pushing the opponent around the ring or into the ropes;
(18) spitting out the mouthpiece;
(19) biting the opponent; and
(20) engaging in any other action not described in this subsection that is deemed an intentional foul by the referee on the basis that the action poses a danger to the safety of either contestant, impedes fair and competitive play, or is unsportsmanlike.

(rr)(1) If a boxer fouls the opponent during a contest or exhibition or commits any other infraction, the referee may penalize the boxer by deducting points from boxer’s score, whether or not the foul or infraction was intentional. The referee may determine the number of points to be deducted in each instance and shall base the determination on the severity of the foul or infraction and its effect upon the opponent.
(2) If the referee determines that it is necessary to deduct a point or points because of a foul or infraction, the referee shall warn the offender of the penalty to be assessed.
(3) The referee shall, as soon as is practical after the foul, notify the judges and both boxers of the number of points, if any, to be deducted from the score of the offender.
(4) Each point to be deducted for any foul or infraction shall be deducted in the round in which the foul or infraction occurred. These points shall not be deducted from the score in any subsequent round.

(ss) A contestant shall not be declared the winner of a contest or exhibition on the basis of that contestant’s claim that the opponent committed a foul by hitting the contestant below the belt. If a contestant falls to the floor of the ring or otherwise indicates that the contestant is unwilling to continue because of an overruled claim of a low blow, the contest or exhibition shall be declared to be a technical knockout in favor of the boxer who is willing to continue.

(tt) Any boxer guilty of a foul in a contest or exhibition may be disqualified by the referee, and the boxer’s purse may be ordered withheld by the commission. Disposition of the purse and the penalty to be imposed upon the boxer shall be determined by the commission.

(uu) If the referee determines that a contest or exhibition shall not continue because of an injury caused by an intentional foul, the boxer who committed the intentional foul shall lose by disqualification.

(vv) If the referee determines that a contest or exhibition may continue despite an injury caused by an intentional foul, the boxer who committed the intentional foul shall lose by disqualification.

(ww) If an injury caused by an intentional foul results in the contest or exhibition being stopped in a later round, one of the following shall apply:
(1) The injured contestant shall win by technical decision if that individual is ahead on the scorecards.
(2) The contest or exhibition shall be declared a technical draw if the injured boxer is behind or even on the scorecards.

(xx) If a boxer is injured while attempting to foul the boxer’s opponent, the referee shall not take any action in the boxer’s favor and the injury shall be treated the same as an injury produced by a fair blow.

(yy) If a contest or exhibition is stopped because of an accidental foul, the referee shall determine whether the boxer who has been fouled can contin-
ue. If the boxer’s chance of winning has not been seriously jeopardized as a result of a foul and if the foul did not involve a concussive impact to the head of the contestant who was fouled, the referee may order the contest or exhibition to be continued after a reasonable interval. Before the contest or exhibition resumes, the referee shall inform the commission of the referee’s determination that the foul was accidental.

(zz) If the referee determines that a contest or exhibition shall not continue because of an injury suffered as a result of an accidental foul, the contest or exhibition shall be declared a no-contest decision if the foul occurs during either of the following:

(1) The first three rounds of a contest or exhibition that is scheduled for six rounds or less; or
(2) the first four rounds of a contest or exhibition that is scheduled for more than six rounds.

(aaa) The outcome of a contest or exhibition shall be determined by scoring the completed rounds and the round during which the referee stops the contest or exhibition if an accidental foul renders a boxer unable to continue the contest or exhibition after either of the following:

(1) The completed third round of a contest or exhibition that is scheduled for six rounds or less; or
(2) the completed fourth round of a contest or exhibition that is scheduled for more than six rounds.

(bbb) If an injury inflicted by an accidental foul later becomes aggravated by fair blows and the referee orders the contest or exhibition stopped because of the injury, the outcome shall be determined by scoring the completed rounds and the round during which the referee stops the contest or exhibition.

(ccc) A contestant shall not leave the ring or, if the contest or exhibition is being held in a fenced area, the fenced area, during any period of rest that follows each round. If any contestant fails or refuses to resume competing when the bell sounds signaling the commencement of the next round, the referee shall award a decision of technical knockout to the contestant’s opponent at the round that has last been finished, unless the circumstances indicate to the commission the need for investigation or punitive action, in which case the referee shall not give a decision and shall recommend that the purse or purses of either or both contestants be withheld.

(ddd) If a contestant has been knocked or has fallen through the ropes and over the edge of the ring platform during a contest or exhibition, both of the following shall apply:

(1) The contestant may be helped back by anyone except the contestant’s seconds or manager. The referee shall stop the clock, assess the contestant’s condition, and resume time once the contestant is able to safely reenter the ring.
(2) The contestant shall be given 20 seconds to return to the ring.

(eee) For a contestant who has been knocked or has fallen on the ring platform outside the ropes but not over the edge of the ring platform, both of the following shall apply:

(1) The contestant shall not be helped back by anyone, including the contestant’s second and manager. The referee may stop the clock and assess the situation until the contestant is able to return to the ring.
(2) The contestant shall be given 10 seconds to regain the contestant’s feet and get back into the ring.

(fff) If the second or manager of a contestant who has been knocked down or has fallen helps the contestant back into the ring, this help may be cause for disqualification.

(ggg) If one contestant has fallen through the ropes, the other contestant shall retire to the farthest corner and stay there until ordered by the referee to continue the contest or exhibition.

(hhh) Any contestant who deliberately wrestles or throws an opponent from the ring or who hits an opponent when the opponent is partly out of the ring and is prevented by the ropes from assuming a position of defense may be penalized.

(iii) At the termination of each contest or exhibition, the announcer shall announce the winner and the referee shall raise the hand of the winner.

(jjj) A decision rendered at the end of any contest or exhibition shall not be changed by the commission, unless one of the following occurs:

(1) The commission determines that there was collusion affecting the result of the contest or exhibition.
(2) The compilation of the scorecards of the judges discloses an error showing that the decision was given to the wrong contestant.
(3) The referee has rendered an incorrect decision as the result of an error in interpreting a provision of these regulations.

(kkk) Each judge of a boxing contest shall score the contest and determine the winner through the use of the ten-point must system as follows:

(1) The better boxer of each round shall receive 10 points and the opponent proportionately less.
(2) If the round is even, each boxer shall receive 10 points.
(3) No fraction of a point may be given.
(4) Points for each round shall be awarded immediately after the end of the round.

(III)(1) After the end of the boxing contest or exhibition, the announcer shall pick up the scores of the judges from the commission's desk. The majority opinion shall be conclusive and, if there is no majority opinion, the decision shall be a draw.

(2) When the inspector has checked the scores, the inspector shall inform the announcer of the decision, and the announcer shall inform the audience of the decision over the speaker system.

(3) Incomplete rounds shall be scored by the judges. If the referee penalizes either contestant in an incomplete round, the appropriate points shall be deducted. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

(c) Each round during a bout of professional mixed martial arts shall be five minutes in duration. Each period of rest following a round of combat shall be one minute in duration.

(d) Each contestant shall be weighed by the commissioner or designee within 48 hours before the contest. If a contestant's weight does not fall within the range for the weight classification in which the contestant is scheduled to compete in that contest, the contestant shall be reweighed within two hours. If the contestant's weight does not then fall within the range for that weight classification, the contestant shall be disqualified by the boxing commissioner.

(e) A mixed martial arts contestant shall not participate in a boxing, kickboxing, full-contact karate, or professional mixed martial arts bout in Kansas for at least seven days following a previous bout in Kansas or in any other jurisdiction.

(f) Each contestant shall fight only opponents who are in the contestant's weight classification. A bout between two contestants in different weight classifications may be approved by the commission if the difference between the weights of the two contestants does not exceed nine pounds, except for heavyweights and super heavyweights.

(o) No person other than the contestants and the referee shall enter the ring during a bout. A second or manager shall not stand or engage in distracting actions while the bout is in progress. For each contestant’s seconds and manager, a combined total of two warnings for violating any requirement of this subsection shall result in the removal of the seconds and manager from the ringside area, all of whom shall be subject to discipline by the commission.

(p) Before starting a bout, the referee shall call together both of the contestants and the chief seconds for final instructions.

(q) Each of the following acts shall constitute an intentional foul in a contest:

(2) gouging the opponent’s eye in any manner;
(3) biting the opponent;
(4) pulling the opponent’s hair;

(2) The referee may penalize the contestant by directing the judges to deduct points from the contestant’s score for that round, whether or not the foul was an intentional foul. Except as otherwise provided by this regulation, the referee may determine the number of points to be deducted for each intentional foul and shall base that determination on the severity of the foul and its effect upon the opponent.

(3) If the referee determines that it is necessary to deduct one or more points because of an intentional foul or an accidental foul, the referee shall inform

(u)(1) If a round is interrupted because of an accidental foul, the physician shall determine whether the contestant who has been fouled can continue. If the physician determines that the injured contestant’s chance of winning has not been seriously jeopardized as a result of the accidental foul and that the foul did not involve a concussive impact to the head of the injured contestant, the referee may order the contestants to continue the round after a recuperative interval of not more than five minutes. Immediately after separating the contestants, the referee shall inform the inspector or other representative of the commission of the referee’s determination that the foul was an accidental foul.

(2) If the physician determines that a contest cannot continue due to an injury caused by an accidental foul during the first two rounds of a contest that is scheduled for three rounds or less or during the first three rounds of a contest that is scheduled for more than three rounds, the referee shall declare a no-contest decision.

(3) If the physician determines that an accidental foul has rendered a contestant unable to continue the contest after completion of the second round of a contest that is scheduled for three rounds or less or after completion of the third round of a contest that is scheduled for more than three rounds, the outcome shall be determined by scoring both the completed rounds and the round during which the referee stops the contest. The contest shall be awarded to the contestant who has the higher score when the contest is stopped.

(v) Each contestant who fails to engage an opponent shall receive an immediate warning from the referee. If the contestant continues to fail to engage the opponent after a warning, the referee shall direct each of the judges to deduct a point from the contestant’s score for that round.

(Authorized by K.S.A. 2008 Supp. 75-7403 and 75-7412; implementing K.S.A. 2008 Supp. 75-7405 and 75-7408; effective June 2, 2006; amended March 19, 2010.)

129-5-118a. Reimbursement for federally qualified health center services. Reimbursement shall not exceed the reasonable cost of federally qualified health center services and other ambulatory services covered under the Kansas medical assistance program. “Reasonable cost” shall consist of the necessary and proper cost incurred by the provider in furnishing covered services to program beneficiaries, subject to the cost principles and limits specified in K.A.R. 129-5-118a (c)(1) and K.A.R. 129-5-118b. (a) Reimbursement method. An interim per visit rate shall be paid to each federally qualified health center provider, with a retroactive cost settlement for each facility fiscal year.

(1) Interim reimbursement rate. The source and the method of determination of interim rate shall depend on whether the federally qualified health center is a new enrollee of the Kansas medical assistance program or is a previously enrolled provider. Under special circumstances, the interim rate may be negotiated between the agency and the provider.

(A) Newly enrolled facility. If the facility is an already-established federally qualified health center with an available medicare cost report, an all-inclusive rate derived from the cost report may be used for setting the initial medicaid interim payment rate. If the facility is an already-established federally qualified health center opening a new service location, then the rate from the already established federally qualified health center shall be used for the new service location. If the facility converted from a rural health clinic to a federally qualified health center, then the rate from the rural health clinic shall be used for the new federally qualified health center. For all other circumstances, the initial payment rate shall be based on the average of the current reimbursement rates for previously enrolled federally qualified health center providers.

(B) Previously enrolled facility. After the facility submits a federally qualified health center cost report, the agency shall determine the maximum allowable medicaid rate per visit as specified in subsection (c). If a significant change of scope of
services or a significant capital project has been implemented, the federally qualified health center shall submit an interim cost report if the center wants a change to the existing rate. The agency and the federally qualified health center shall use the interim cost report to negotiate a new interim rate.

(2) Visit. A “visit” shall mean face-to-face encounter between a center patient and a center health care professional as defined in K.A.R. 129-5-118. Encounters with more than one health professional or multiple encounters with the same health professional that take place on the same day shall constitute a single visit, except under either of the following circumstances:

(A) The patient suffers an illness or injury requiring additional diagnosis or treatment after the first encounter.

(B) The patient has a different type of visit on the same day, which may consist of a dental, medical, or mental health visit.

(3) Retroactive cost settlement. For each reporting period, the agency shall compare the total maximum allowable medicaid cost with the total payments to determine the program overpayment or underpayment. Total payments shall include interim payments, third-party liability, and any other payments for covered federally qualified health center services. The cost report and supplemental data submitted by the provider, the medicare cost report, and the medicaid-paid claims data obtained from the program’s fiscal agent shall be used for these calculations.

(b) Cost reporting. Each federally qualified health center shall submit a completed cost report. The form used for cost reporting shall be the most current version of the medicare financial and statistical report form for independent rural health clinics and freestanding federally qualified health centers with adjustments made, as necessary, to report the cost and number of visits for medicaid-covered services pursuant to K.A.R. 129-5-118.

(1) Filing requirements. Each provider shall be required to file annual cost reports on a fiscal year basis.

(A) Cost reports shall be received no later than five months after the end of the facility’s fiscal year. An extension in due date may be granted by the agency upon request, if necessary due to circumstances beyond the control of the federally qualified health center.

(B) Each provider filing a cost report after the due date without a preapproved extension shall be subject to the following penalties:

(i) If the cost report has not been received by the agency by the close of business on the due date, all further payments to the provider may be withheld and suspended until the complete financial and statistical report has been received.

(ii) Failure to submit the completed financial and statistical report within one year after the end of the cost report period may be cause for termination from the Kansas medical assistance program.

(2) Fiscal and statistical data. The preparation of the cost report shall be based upon the financial and statistical records of the facility and shall use the accrual basis of accounting. The reported data shall be accurate and adequately supported to facilitate verification and analysis for the determination of allowable costs.

(3) Supplemental data. The following additional information shall be submitted to support reported data and to facilitate cost report review, verifications, and other analysis.

(A) A working trial balance. This balance shall contain account numbers, descriptions of the accounts, the amount of each account, the cost report expense line on which the account was reported, and fiscal year-end adjusting entries to facilitate reconciliation between the working trial balance and the cost report. The facility shall bear the burden of proof that the reported data accurately represents the cost and revenue as recorded in the accounting records. All unexplained differences shall be used to reduce the allowable cost.

(B) Financial statements and management letter. These documents shall be prepared by the facility’s independent auditors and shall reconcile with the cost report.

(C) Depreciation schedule. This schedule shall support the depreciation expense reported on the cost report.

(D) Other data. Data deemed necessary by the agency for verification and rate determination shall also be submitted.

(c) Determination of reimbursable medicaid rate per visit.

(1) Allowable facility costs. This term shall mean costs derived from reported expenses after making adjustments resulting from cost report review and application of the cost reimbursement principles specified in K.A.R. 129-5-118b.

(2) Allocation of overhead costs.

(A) Total allowable administrative and facility costs shall be distributed to the following cost centers:

(i) Federally qualified health center costs;

(ii) non-federally qualified health center costs; and
(iii) nonreimbursable costs, excluding bad debt.
(B) Accumulated direct cost in each cost center shall be used as the basis for the overhead cost allocation.
(3) Average allowable cost per visit. The total allowable facility costs shall be divided by the total number of visits.
(4) Reimbursable medicaid rate. The reimbursable medicaid rate per visit shall not be more than 100 percent of the reasonable and related cost of furnishing federally qualified health center services covered in K.A.R. 129-5-118b.
(d) Fiscal and statistical records and audits.
(1) Recordkeeping. Each provider shall maintain sufficient financial records and statistical data for accurate determination of reasonable costs. Standardized definitions and reporting practices widely accepted among federally qualified health centers and related fields shall be followed, except to the extent that these definitions and practices may conflict with or be superseded by state or federal medicaid requirements.
(2) Audits and reviews.
(A) Each provider shall furnish any information to the agency that may be necessary to meet the following criteria:
(i) Ensure proper payment by the program pursuant to this regulation and K.A.R. 129-5-118b; and
(ii) substantiate claims for program payments.
(B) Each provider shall permit the agency to examine any records and documents necessary to ascertain information for determination of the accurate amount of program payments. These records shall include the following:
(i) Matters of the facility ownership, organization, and operation;
(ii) fiscal, statistical, medical, and other recordkeeping systems;
(iii) federal and state income tax returns and all supporting documents;
(iv) documentation of asset acquisition, lease, sale, or other transaction;
(v) management arrangements;
(vi) matters pertaining to the cost of operation; and
(vii) health center financial statements.
(C) Other records and documents shall be made available to the agency as requested.
(D) All records and documents shall be available in Kansas.
(E) Each provider shall furnish to the agency, upon request, copies of patient service charge schedules and any subsequent changes to these schedules.
(F) The agency shall suspend program payments if it is determined that a provider does not maintain adequate records for the determination of reasonable and adequate rates under the program or if the provider fails to furnish requested records and documents to the agency.
(G) Thirty days before suspending payment to the provider, written notice shall be sent by the agency to the provider of the agency’s intent to suspend payment. The notice shall explain the basis for the agency’s determination and identify the provider’s recordkeeping deficiencies.
(H) All provider records that support reported costs, charges, revenue, and patient statistics shall be subject to audits by the agency, the United States department of health and human services, and the United States general accounting office. These records shall be retained for at least five years after the date of filing the cost report with the agency.
(Authorized by K.S.A. 2008 Supp. 75-7403 and 75-7412; implementing K.S.A. 2008 Supp. 75-7405 and 75-7408; effective March 19, 2010.)

129-5-118b. Cost reimbursement principles for federally qualified health center services and other ambulatory services. The medicare cost reimbursement principles contained in subparts A and G in 42 C.F.R. part 413, as revised on October 1, 2009 and hereby adopted by reference, and the cost principles specified in this regulation and in K.A.R. 129-5-118a shall be applicable to the financial and statistical data reported by the federally qualified health center for the determination of reasonable cost of providing covered services. (a) Nonreimbursable costs. Each cost that is not related to patient care and is not necessary for the efficient delivery of covered federally qualified health center services and other ambulatory services shall be excluded from the medicaid rate determination. In addition, the following expenses shall be considered nonreimbursable:
(1) Salaries and fees paid to nonworking directors and officers;

(21) legal expenses not related to patient care.
(b) Costs allowed with limitations and conditions.
(1) Loan acquisition fees and standby fees. These fees shall be amortized over the life of the loan and shall be allowed only if the loan is related to patient care.
(2) Taxes associated with financing the operations. These taxes shall be allowed only as amortized cost.
(3) Special assessments on land for capital improvements. These assessments shall be amortized over the estimated useful life of the improvements and allowed only if related to patient care.

(6) Payments made to related parties for services, facilities, and supplies. These payments shall be allowed at the lower of the actual cost to the related party and the market price.
(7) Premium payments. If a provider chooses to pay in excess of the market price for supplies or services, the agency shall use the market price to determine the allowable cost in the absence of a clear justification for the premium.
(8) Job-related training. The cost of this training shall be the actual amount minus any reimbursement or discount received by the provider.
(9) Lease payments. These payments shall be allowed only if reported in accordance with the generally accepted accounting principles appropriate to the reporting period.

(2) Interest expense shall be reduced by investment income from both restricted and unrestricted idle funds and funded reserve accounts, except
when the income is from restricted or unrestricted gifts, grants, and endowments held in separate accounts with no commingling with other funds. Income from the provider's qualified pension fund shall not be used to reduce interest expense.

(3) Interest earned on restricted and unrestricted industrial revenue bond reserve accounts and sinking fund accounts shall be offset against interest expense up to and including the amount of the related interest expense.

(4) The interest expense on that portion of the facility acquisition loan attributable to an excess over historic cost or other cost basis recognized for program purposes shall not be considered a reasonable cost.

(d) Central office cost. This subsection shall be applicable in situations in which the federally qualified health center is one of several programs or departments administered by a central office or organization and the total administrative cost incurred by the central office is allocated to all components.

(1) Allocation of the central office cost shall use a logical and equitable basis and shall conform to generally accepted accounting procedures.

(2) The central office cost allocated to the federally qualified health center shall be allowed only if the amount is reasonable and if the central office provided a service normally available in similar facilities enrolled in the program.

(3) The provider shall bear the burden of furnishing sufficient evidence to establish the reasonableness of the level of allocated cost and the nature of services provided by the central office.

(4) All costs incurred by the central office shall be allocated to all components as a central cost pool, and no portion of the central office cost shall be directed to individual facilities operated by the provider or reported on any line of the cost report other than the appropriate line of the central office cost allocation plan.

129-6-54. Financial eligibility for MAGI-excepted coverage groups. This regulation shall apply to all groups described in K.A.R. 129-6-34(e)(2), except that subsections (c) and (d) of this regulation shall not apply to any medicare beneficiary who meets the requirements of K.A.R. 129-6-86 or to any working disabled individual who meets the requirements of K.A.R. 129-6-87.

(a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this regulation:

(1) “Client obligation” means the amount that the individual is required to pay towards the cost of care that the individual receives in a long-term care arrangement. Client obligation shall be based on the amount of applicable income that exceeds the income standard in the eligibility base period.

(2) “Eligibility base period” means the length of time used in the determination of financial eligibility. The length of the eligibility base period varies from one month to six months as specified in subsection (b).

(3) “Spenddown” means the amount of applicable income that exceeds the protected income level in the eligibility base period and that is available to meet medical costs.

(b) Eligibility base period.

(1) The base period shall be determined according to the following:

(A) For prior eligibility, the base period shall be the three months immediately preceding the month of application.

(B) Except for persons determined eligible under K.A.R. 129-6-85, the base period shall be one month for current eligibility.

(C) For persons determined eligible under K.A.R. 129-6-85, the base period shall be one month for persons in long-term care and six months for persons in independent living for current eligibility. A six-month base period shall be shortened in certain instances including when the recipient begins long-term care, becomes eligible for cash assistance, or dies.

(2) The base period shall begin on the first day of the month in which the application was received. Subsequent eligibility base periods for recipients shall begin on the first day of the month following the expiration of the previous base period. Each reapplication received outside of a previously established eligibility base period shall be treated as a new application without regard to any previous eligibility base period. However, if the reapplication includes a request for prior eligibility, the base period of prior eligibility shall not extend into a previously established eligibility base period.

(c) Financial eligibility for persons in independent living.

(1) The total of all applicable income in the eligibility base period, as determined in accordance with K.A.R. 129-6-111, shall be compared to the income standard, as specified in K.A.R. 129-6-103, for the base period. If the total applicable income is less than the income standard and the individual owns property that has value within the allowable limits, the individual shall be financially eligible for medical assistance. If the total applicable income exceeds the income standard, the individual shall be ineligible for medical assistance except for
persons determined eligible under K.A.R. 129-6-73, 129-6-74, and 129-6-85.

(2) For determined eligibles under K.A.R. 129-6-73, 129-6-74, and 129-6-85, if the total applicable income exceeds the income standard and the individual owns property that has value within the allowable limits, the excess applicable income shall be the spenddown.

(A) Each applicant or recipient shall incur allowable medical expenses in an amount at least equal to the spenddown before becoming eligible for assistance. Medical expenses paid either voluntarily or involuntarily by third parties shall not be utilized to meet the spenddown, except for medical expenses paid by a public program of the state other than medicaid.

(B) A previously unconsidered increase in total applicable income during the current eligibility base period that results in an additional spenddown shall not alter the base period. The individual shall meet the additional spenddown during the eligibility base period before the individual becomes eligible or regains eligibility for medical assistance. A payment made through the program within the current eligibility base period shall not be considered an overpayment if a previously eligible individual fails to meet the additional spenddown within the current eligibility base period.

(d) Financial eligibility for persons in long-term care arrangements.

(1) Total gross income shall not exceed 300 percent of the payment standard for one person in the supplemental security income program as specified in K.A.R. 129-6-103(a)(13).

(2)(A) If the person is eligible in accordance with paragraph (d)(1), the total of all applicable income in the eligibility base period, as determined in accordance with K.A.R. 129-6-111, shall be compared to the income standard, as specified in K.A.R. 129-6-103(b) for institutional arrangements and K.A.R. 129-6-103(c) for HCBS arrangements, for the base period. If the total applicable income is less than the income standard and the individual owns property that has value within the allowable limits, the individual shall be financially eligible for medical assistance. If the total applicable income exceeds the income standard and the individual owns property that has value within the allowable limits, the excess applicable income shall be the client obligation.

(B) If the person is not eligible in accordance with paragraph (d)(1), financial eligibility shall first be determined in accordance with subsection (c). If allowable medical expenses, including the cost of the long-term arrangement, are in an amount that is at least equal to the spenddown, a final determination of financial eligibility shall then be determined in accordance with paragraph (d)(2)(A), including application of the appropriate institutional or HCBS income standard as specified in K.A.R. 129-6-103(b) or (c). If allowable medical expenses are not in an amount that is at least equal to the spenddown, financial eligibility shall be determined in accordance with subsection (c).

(3) Each applicant or recipient shall incur allowable medical expenses in an amount at least equal to the client obligation before becoming eligible for assistance. Medical expenses paid either voluntarily or involuntarily by third parties shall not be utilized to meet this obligation, except for medical expenses paid by a public program of the state other than medicaid.

(4) Any increase in total applicable income during the current eligibility base period may result in financial ineligibility or in additional obligation, but this increase shall not alter the base period. A payment made through the program within the current eligibility base period shall not be considered an overpayment if a previously eligible individual becomes ineligible because of an increase in total applicable income or fails to meet any additional obligation within the current eligibility base period.

(e) Allowable expenses. The following expenses shall be applied to a spenddown or client obligation if the individual provides evidence that the individual has incurred or reasonably expects to incur the expenses within the appropriate eligibility base period, or has incurred and is still obligated for expenses outside of the appropriate eligibility base period that have not been previously applied to a spenddown or obligation:

(1) Co-pay requirements;

(2) the pro rata portion of medical insurance premiums for the number of months covered in the eligibility base period regardless of the actual date of payment, past or future;

(3) any medicare premiums that are not covered by the department through the buy-in process. Premiums that are subject to the buy-in process shall not be allowable before completion of the buy-in process, even if the individual pays the premiums or the premiums are withheld;

(4) if medically necessary and recognized under Kansas law, all expenses for medical services incurred by the individual or a legally responsible family group member. Expenses for social services designated as medical services under the HCBS program shall be allowable under this paragraph.
for persons in the HCBS program. Expenses for routine supplies, as defined in K.A.R. 129-10-15a, and for institutional care if the individual does not meet nursing facility criteria through the level-of-care evaluation or reevaluation process as defined in K.A.R. 30-10-7, shall not be allowable under this paragraph; and

(5) the cost of necessary transportation by appropriate mode to obtain medical services specified in paragraph (e)(4). (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

(6) “Uncompensated value” means the fair market value of an asset less the amount of any compensation received by the individual or spouse in exchange for the asset.
(b) Ineligibility for payment of services. If an individual or spouse has transferred or disposed of assets for less than fair market value on or after the specified look-back date as determined by the date of transfer, the individual shall not be eligible for payment of services for any institutionalized individual as specified in paragraphs (a)(4)(A) through (D).
(c) Exempted transfers. An individual shall not be ineligible for payment of services due to a transfer of assets in any of the following circumstances:
(1) The fair market value of the assets transferred has been received.
(2) A written request to transfer the assets has been submitted by the individual and approved by the secretary before the date of the transfer.
(3) The transfer has been executed pursuant to the division of assets provisions of K.A.R. 129-6-106.
(4) A transfer of an interest in the individual’s home has been made to any of the following, as determined by the interest conveyed:
(A) The spouse of the individual;
(B) a child of the individual who is under the age of 21 or who meets the blindness or disability criteria of K.A.R. 129-6-85;
(C) a sibling of the individual who has an equity interest in the home and who was residing in the home for at least one year immediately before the date the individual entered an institutional or HCBS arrangement;
(D) a child of the individual, other than the child described in paragraph (c)(4)(B), who was residing in the home for at least two years immediately before the date the individual entered an institutional or HCBS arrangement and who provided care to the individual that permitted the individual to reside at home.
(5) The assets have been transferred to any of the following:
(A) The individual’s spouse or to another individual for the sole benefit of the individual’s spouse;
(B) the institutionalized individual’s child who meets the blindness or disability criteria of K.A.R. 129-6-85 or a trust established solely for the benefit of the child; or
(C) a trust established solely for the benefit of an individual under 65 years of age who meets the blindness or disability criteria of K.A.R. 129-6-85.
(6) A transfer of assets has been made, and a satisfactory showing that the individual intended to dispose of the assets at fair market value, for other valuable consideration, or exclusively for a purpose other than to qualify for medical aid has been established. The following criteria shall be used to establish a satisfactory showing:
(A) A record of the facts, in chronological order, related to each transfer of assets within the applicable look-back period shall be assembled; and
(B) a transfer of assets for less than fair market value shall be presumed to have been for the purpose of establishing or maintaining medical aid eligibility, unless the individual presents clear and convincing evidence that the transfer was exclusively for some other purpose. The burden shall be on the individual to rebut this presumption by furnishing clear and convincing evidence that the asset was transferred exclusively for some other purpose. A signed statement by the individual shall not be, by itself, clear and convincing evidence. Each transfer shall be considered in the light of the circumstances at the time the transfer was made. The total amount of the transfer shall be considered in proportion to the length of the interval between the date of the transfer and the date of the application for medical assistance. In addition, the following factors shall be taken into account:
(i) Whether the transfer was ordered by the court and neither the individual, the spouse, the conser-
vator, the guardian, the beneficiary of the transfer, nor anyone else acting in their legal authority or direction took action to effectuate the transfer; and

(ii) whether the individual could not have anticipated the need for medical assistance at the time of transfer due to an unexpected event occurring after the transfer that resulted in the traumatic onset of disability or blindness, the diagnosis of a previously undetected disability, or the loss of other income or resources, completely outside of the control of the individual or spouse, that would have otherwise precluded medical eligibility.

(7) The transferred asset has been returned to the individual or has been made available for use by the individual or spouse.

(d) Look-back date. The look-back date shall mean the earliest date on which a penalty for transferring assets for less than fair market value can be assessed, as specified in this subsection. A penalty shall be assessed for all transfers by the individual or the individual’s spouse that take place on or after the look-back date. A penalty shall not be assessed for any transfers that take place before the look-back date.

(1) For transfers of assets before February 8, 2006, multiple transfers that occur within a single month shall be treated as a single transfer. The look-back date shall be either of the following:

(A) 60 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance in the case of payment from a trust or portions of a trust that are treated as assets disposed of by the individual as specified in K.A.R. 129-6-109(c)(1) and (2); or

(B) 36 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance in the case of all other transfers of assets.

(2) For transfers of assets on and after February 8, 2006, multiple transfers that occur within a single month shall be treated as a single transfer. The look-back date shall be the date that is 60 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance.

(e) Transfer period of ineligibility. If the individual or spouse has transferred assets for less than fair market value, the individual shall not be eligible for the services specified in paragraphs (a)(4)(A) through (D), as follows:

(1) For transfers before February 8, 2006, the penalty period shall be equal to the number of months calculated by taking the total cumulative uncompensated value of the assets transferred by the individual or spouse on or after the look-back date, divided by $4,000.

(2) For transfers on and after February 8, 2006, the penalty period shall be equal to the number of days calculated by taking the total cumulative uncompensated value of the assets transferred by the individual or spouse on or after the look-back date, divided by the average daily private-pay cost of nursing facilities in the state in effect on the date the penalty begins. The average daily private-pay cost shall be determined at least annually based on the rates reported by the nursing facilities and compiled by department for aging and disability services.

(f) Penalty start date.

(1) The date on which the penalty period begins shall be determined by the date of the transfer, as follows:

(A) For transfers before February 8, 2006, the penalty start date shall be the first day of the month in which the transfer occurred for applicants and no later than the second month following the month of transfer for recipients giving timely and adequate notice as defined in K.A.R. 129-7-65.

(B) For transfers on and after February 8, 2006, the penalty start date shall be the later of the following:

(i) For applicants, the later of the following: the first day of the month in which the transfer occurred or the first day on which the individual is eligible for medical assistance based on an application for medical assistance and is receiving institutional care or would be receiving HCBS but for the application of the penalty period; and

(ii) for recipients giving timely and adequate notice as defined in K.A.R. 129-7-65, no later than the second month following the month of transfer.

(2) Separately established penalty periods shall be served consecutively. Once the penalty period is imposed, the period shall not be interrupted or suspended even if the individual no longer receives institutional care or HCBS.

(3) If the spouse of the individual transfers an asset that results in a penalty period and that spouse is subsequently institutionalized and is determined otherwise eligible for medical assistance, the remaining penalty period shall be divided between the spouses.

(g) Hardship waiver.

(1) A penalty period shall be initially waived or suspended if the imposition of the penalty period would cause an undue hardship on the individual. To cause
an “undue hardship” on the individual shall mean to deprive the individual of either of the following:

(a) Medical care to the extent that the individual’s health or life would be endangered; or

(b) Food, clothing, shelter, or other necessities of life to the extent that the individual would be at risk of serious harm.

(2) Undue hardship shall not exist if the application of a penalty period merely causes an individual or any individual’s family members inconvenience or restricts their lifestyle. Undue hardship shall not exist if the individual transferred the assets to the spouse and the spouse refuses to cooperate in making the resources available to the individual.

(3) Any individual claiming undue hardship may submit a written request to the department at any time during the penalty period. The request shall include a description of the undue hardship along with evidence to support the claim.

(b) The facility in which the individual resides shall obtain written consent from the individual or the individual’s personal representative in order to assert a claim of undue hardship on behalf of the individual and provide supporting information on behalf of the individual. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

Inmates in other correctional facilities, including county or city correctional facilities, shall not be eligible under this paragraph. The following requirements shall apply:

(A) The inmate shall otherwise qualify for medicaid and meet all general and financial eligibility criteria for the appropriate medical program. No inmate shall be eligible for medical assistance under K.A.R. 129-6-86.

(B) Each inmate shall be covered for inpatient services received outside of the correctional facility. No coverage shall be provided for outpatient care outside of the correctional facility or for medical services provided on the premises of the facility.

(b) Institutional living arrangements. For each person residing in an institutional setting, the monthly income standard for purposes of determining the client obligation shall be $62, except as specified in paragraph (a)(2).

(c) Home- and community-based services arrangements. For each person in the HCBS program, including any person in the PACE program who is in a noninstitutional living arrangement in accordance with K.A.R. 129-6-83(b), the monthly income standard for purposes of determining the client obligation shall be $727. 129-6-106. General requirements for consideration of resources, including real property, personal property, and income. (a) For purposes of determining eligibility for medical assistance, legal title shall determine ownership. In the absence of legal title, possession shall determine ownership.

(b) Each resource shall be of a nature that the value can be defined and measured, according to the following:

(1) Real property. The value of real property shall be initially determined by the latest uniform statewide appraisal value of the property, which shall be adjusted to reflect current market value. If the property has not been appraised or if the market value determined is not satisfactory to the applicant, recipient, or department, an estimate or appraisal of the value of the property shall be obtained from an impartial real estate broker. The cost of obtaining an estimate or appraisal shall be paid by the department.

(2) Personal property. The market value of personal property shall be initially determined using a reputable trade publication. If such a publication is not available or if there is a difference of opinion between the department and the individual regarding the value of the property, an estimate from a reputable dealer shall be used. The cost of obtaining an estimate or appraisal shall be paid by the department.

(c)(1) Resources shall be considered available if the resources are actually available and the applicant or recipient has the legal ability to make the resources available. A resource shall be considered unavailable if there is a legal impediment that precludes the disposal of the resource. The applicant or recipient shall pursue reasonable steps to overcome the legal impediment, unless it is determined that the cost of pursuing legal action would exceed the resource value of the property or it is unlikely the applicant or recipient would succeed in the le-
gal action. This paragraph shall also apply to the spouse of the applicant or recipient.

(2) Real property shall be considered unavailable if the property cannot be sold for one of the following reasons:

(A) The property is jointly owned, and its sale would cause undue hardship because of the loss of housing for the other owner or owners.

(B) The owner’s reasonable efforts to sell the property have been unsuccessful.

(d) The resource value of property shall be the value of the applicant’s or recipient’s equity in the property. Unless otherwise established, the proportionate share of jointly owned real property and the full value of jointly owned personal property shall be considered available to the applicant or recipient. Resources held jointly with a nonlegally responsible person may be excluded from consideration if the applicant or recipient demonstrates that all of the following conditions exist:

(1) The applicant or recipient has no ownership interest in the resource.

(2) The applicant or recipient has not contributed to the resource.

(3) Any access to the resource by the applicant or recipient is limited to those duties performed while the applicant or recipient is acting as an agent for the other person.

(e) Except for persons described in K.A.R. 129-6-34(c)(1) and 129-6-34(c)(2)(A) through (I), the nonexempt resources of all persons in the assistance plan shall be considered in determining eligibility. Exempted resources as defined in K.A.R. 129-6-108(d) and 129-6-109(e) that are put in a trust that meets the requirements of K.A.R. 129-6-109(c)(1) or (c)(2)(A) shall be regarded as nonexempt, unless paragraphs (k) (4) and (6) of this regulation are applicable.

(f)(1) The combined resources of husband and wife, if they are living together, shall be considered in determining the eligibility of either individual or both individuals for the medical assistance program, except as noted in subsection (e) or unless otherwise prohibited by law.

(2) A husband and wife shall be considered to be living together if they are regularly residing in the same household. Temporary absences of either the husband or the wife for education, training, working, securing medical treatment, or visiting shall not interrupt the period of time during which the couple is considered to be living together.

(3) A husband and wife shall not be considered to be living together if they are physically separated and not maintaining a common life or if one or both enter into an institutional living arrangement, including either a medicaid-approved or non-medicaid-approved medical facility or an HCBS care arrangement.

(A) If only one spouse enters an institutional living arrangement, subsection (k) shall apply.

(B) If both spouses enter an institutional living arrangement, the combined resources of the husband and wife shall be considered available to both individuals for the month in which the institutional arrangement begins.

(g) Except as noted in subsection (e), the resources of an ineligible parent shall be considered in determining the eligibility of a minor child for the medical assistance program if the parent and child are living together. However, these resources shall not be considered for any child in an institutional arrangement or an HCBS arrangement beginning with the month following the month in which the arrangement begins.

(h) Despite subsections (e), (f), and (g), the resources of an SSI beneficiary shall not be considered in the determination of eligibility for medical assistance of any other person.

(i) The conversion of real property and personal property from one form of resource to another shall not be considered to be income to the applicant or recipient, except for the proceeds from a contract for the sale of property.

(j) Income shall not be considered to be both income and property in the same month.

(k) If one spouse enters an institutional living arrangement, the other spouse remains in the community, and an application for medical assistance is made on behalf of the institutionalized spouse, an income determination according to the following requirements shall be applied first in determining eligibility:

(1) The separate income of each spouse shall not be considered to be available to the other spouse beginning in the month in which the institutional arrangement begins. One-half of the income that is paid in the names of both spouses shall be considered available to each spouse, unless it is otherwise established that less or more than this amount is available. Income that is paid in the name of either spouse, or in the name of both spouses and the name of another person or persons, shall be considered available to each spouse in proportion to the spouse’s interest, unless it is otherwise established that less or more than this amount is available.

(2)(A) A monthly income allowance for the community spouse shall be deducted from the income of the institutionalized spouse in determining the amount of patient liability for each person in an

(4). If the institutionalized spouse will be eligible based upon transferring sufficient property to the community spouse to equal the amount of the property allowance, the institutionalized spouse shall be given not more than 90 days from the date of application to transfer the property. Additional time may be allowed for good cause. Pending disposition of the property, the institutionalized spouse shall be eligible during this period if all other eligibility factors are met.

(1) The resources of a noncitizen’s sponsor and the sponsor’s spouse shall be considered in determining eligibility for the sponsored noncitizen. (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-107. Property exemption. (a) Ownership of otherwise nonexempt real property or personal property shall not affect eligibility if the aggregate resource value is not in excess of $2,000 for one person or $3,000 for two or more persons, including the number of persons whose nonexempt resources are considered available to a person in the assistance plan.

(b) Ownership of property with a resource value in excess of the amounts specified in subsection (a) shall render the applicant or recipient and the members of the applicant’s or recipient’s assistance plan ineligible for medical assistance, except for the following:

(1) For medicare beneficiaries who meet the requirements of K.A.R. 129-6-86, the resource value shall be in excess of the following standards before the applicant or recipient and the members of the applicant’s or recipient’s family group shall be rendered ineligible:

(A) For calendar year 2006, $6,000 for one person or $9,000 for a couple; and

(B) For subsequent years, the amounts established in paragraph (b)(1)(A) increased by the annual percentage increase in the consumer price index for all items based on the United States city average as established in September of the previous year.

(2) For working disabled individuals who meet the requirements of K.A.R. 129-6-87, the resource value shall be over twice the amounts specified in subsection (a) before the applicant or recipient and the members of the applicant’s or recipient’s assistance plan shall be rendered ineligible.

(3) For disabled individuals with earned income who meet the requirements of K.A.R. 129-6-88, the resource value shall be over $15,000 before the applicant or recipient and the members of the applicant’s or recipient’s assistance plan shall be rendered ineligible. If the applicant or recipient is making a bona fide and documented effort to dispose of the excess property at a reasonable market value, medical assistance for not more than nine months shall be provided. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-108. Real property. (a) Definitions. (1) “Home” shall mean the house or shelter in which the applicant or recipient is living, as well as the tract of land and contiguous tracts of land upon which the house and other improvements essential to the use or enjoyment of the home are located. Tracts of land shall be considered to be contiguous if lying side by side, except for streets, alleys, and other easements. Pieces of property that touch only at the corners shall not be considered to be contiguous.

(2) “Other real property” shall mean real property other than a home, including land and buildings.

(b) Treatment of real property. The equity value of nonexempt real property shall be deemed a resource. If a specific and discrete property interest of less than 100 percent is designated for real property, the full value shall be considered in the determination of eligibility, regardless of the exemptions specified in subsection (d).

(c) Substantial home equity. Each person who applies for long-term care on or after January 1, 2006 and has an equity interest in a home in excess of $500,000 shall be ineligible for payment of care for a nursing facility or other institutional arrangement, HCBS arrangement, or PACE arrangement, unless one of the following persons continues to reside in the home:

(1) The person’s spouse;

(2) the person’s child, if the child meets the criteria of K.A.R. 129-6-85(b) or (c); or

(3) the person’s child, if the child is under the age of 21.

The $500,000 limit shall be increased beginning in calendar year 2011 from year to year based on the percentage increase in the consumer price index for all urban consumers based on all items and the United States city average, rounded to the nearest $1,000.

(d) Exempted real property. The equity value of the following classifications of real property shall be exempt, except as noted in subsections (b) and (c):

(1) The home, except either of the following:
A home from which an applicant or recipient has been absent and does not intend to return; or (B) a home from which a person who enters an institutional living situation has been absent for at least three months, unless the absence is determined to be temporary or a spouse, dependent child, or another dependent relative remains in the home; (2) other real property that is essential for employment or self-employment; (3) income-producing other real property that is used in an individual’s trade or business or that produces income consistent with its fair market value; (4) restricted or allotted land held by an enrolled member of an Indian tribe that cannot be sold or transferred without permission of other members of the tribe or a federal agency; and (5) real property that is directly related to the maintenance or use of a vehicle that is used primarily for producing income or is necessary to transport a physically disabled household member.

(1) For a revocable trust, the value of the trust shall be considered a resource available to the individual. Payments from the trust to or for the benefit of the individual shall be considered to be income. All other payments made from the trust shall be considered under the property transfer provisions of K.A.R. 129-6-57.

(2) For an irrevocable trust established after August 10, 1993, the following requirements shall apply:

(A) If there are any circumstances under which payment from an irrevocable trust could be made to the individual or for the benefit of the individual, the portion of the trust from which payment could be made shall be considered as a resource available to the individual. Each payment made from the trust to the individual or for the benefit of the individual shall be considered income. All other payments made from the trust shall be considered under the property transfer provisions of K.A.R. 129-6-57.

(B) Each portion of the trust from which no payment could be made to the individual under any circumstances shall be considered under the transfer of assets provisions of K.A.R. 129-6-57 from the date of establishment of the trust or, if later, the date on which payment to the individual was restricted or foreclosed.

(C) An individual shall be considered to have established a trust if any assets of the individual were used to form all or part of the trust and if any of the following individuals established the trust, other than by will:

(i) The individual or the individual’s spouse;

(ii) any person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual’s spouse; or

(iii) any person, including any court or administrative body, acting at the direction or upon the request of the individual or the individual’s spouse.

(D) If the principal of the trust includes assets of any other person or persons, this subsection shall apply to the portion of the trust attributable to the assets of the individual.

(E) This subsection shall apply without regard to the purposes for which the trust was estab-
lished, whether or not the trustees have or exercise any discretion under the trust, any restrictions on when or whether distributions can be made from the trust, or any restrictions on the use of distributions from the trust.

(F) This subsection shall not apply to a trust that contains the assets of an individual under the age of 65 who meets the blindness or disability criteria of K.A.R. 129-6-85 and that is established for the benefit of the individual by a parent, grandparent, or legal guardian of the individual, or a court. The state shall receive all amounts remaining in the trust upon the death of the individual, up to an amount equal to the total medical assistance paid on behalf of the individual;

(G) This subsection shall not apply to a trust that contains the assets of an individual who meets the blindness or disability criteria of K.A.R. 129-6-85 if the trust meets all the following conditions:
   (i) The trust is established by a nonprofit association.
   (ii) A separate account is maintained for each beneficiary of the trust.
   (iii) Accounts in the trust are established solely for the benefit of individuals who meet the blindness or disability criteria of K.A.R. 129-6-85.
   (iv) Each account in the trust is established by that individual; the parent, grandparent, or legal guardian of the individual; or a court. The state shall receive all amounts remaining in the individual’s account upon the death of the individual, up to an amount equal to the total medical assistance paid on behalf of the individual.

Establishment of a trust under paragraph (c)(2) (G) for an individual who is at least 65 shall be subject to the transfer of assets provisions of K.A.R. 129-6-57.

(H) The requirements of K.A.R. 129-6-109(c)(2) shall be waived if the secretary determines that a waiver is necessary to avoid undue hardship on the individual. A finding of undue hardship may be granted if the individual verifies that all of the following conditions have been met:
   (i) The individual has exhausted all legal remedies for gaining access to the principal or income of the trust.
   (ii) All otherwise available assets have been expended to meet living and medical expenses.
   (iii) The individual’s health or life would be endangered if the individual were deprived of medical care.

(3) For an irrevocable trust established with the individual’s own assets on or before August 10, 1993, the following provisions shall apply:

(A) The trust shall be considered available up to the maximum value of the funds that can be made available under the terms of the trust on behalf of the individual if both of the following conditions are met:
   (i) The individual is a beneficiary.
   (ii) The trustees are permitted to exercise any discretion with respect to distribution to the individual.

(B) The trust may be established by the individual, the individual’s spouse or parent, a legal guardian, or a legal representative who is acting on behalf of the individual.

(C) The amount from the trust that shall be considered as an available resource is the amount that could have been distributed but was not distributed within an eligibility base period. Each amount actually distributed shall be regarded as income. Each portion of the trust that is unavailable to the individual or is not used for the benefit of the individual shall be considered a transfer of property for less than fair market value in accordance with K.A.R. 129-6-57.

(D) K.A.R. 129-6-109(c)(3) shall not be applicable to any trust established before April 7, 1986 if the individual is a developmentally disabled individual who is residing in an intermediate care facility for people with intellectual disability and the trust is solely for the benefit of the individual.

(4) For any other trust, including a trust established with assets of someone other than the individual, the trust shall be considered available to the individual only if the individual has the ability to revoke or terminate the trust or to direct the use of the trust assets for the individual’s own support and maintenance. Mandatory periodic payments received from a trust by the individual shall be considered an available resource equal to the present value of the anticipated payments, unless there is a valid spendthrift clause or other restrictive language in the trust that specifically prohibits anticipation of payments. If a valid spendthrift clause or other restrictive language exists, the periodic payments shall be considered countable unearned income.

(d) Treatment of annuities. The term “annuity” shall include any contract or device that conveys a right to receive a fixed, periodic source of income for a specified period of time. For purposes of determining an individual’s eligibility for assistance or the amount of assistance, the following requirements shall apply:

(1) Each individual requesting medical assistance shall disclose any interest in an annuity. Failure to meet this requirement shall result in ineligibility for
medical assistance due to noncooperation in accordance with K.A.R. 129-6-56.

All net unearned income shall be considered to be applicable income, except that K.A.R. 129-6-112 and 129-6-113 shall apply to persons in an independent living arrangement or in the HCBS program. (ii) indirect health care; and 
(iii) direct health care. 
(B) The property component shall consist of the real and personal property fee as specified in K.A.R. 129-10-25. 
(C) The upper payment limit for the direct health care cost center shall be a statewide base limit calculated on each facility’s base-year costs adjusted for case mix. 
(i) A facility-specific, direct health care cost center upper payment limit shall be calculated by adjusting the statewide base limit by that facility’s average case mix index. 
(ii) Resident assessments used to determine additional reimbursement for ventilator-dependent residents shall be excluded from the calculation of the facility’s average case mix index. 
(3) Each provider shall receive an annual per diem rate to become effective July 1 and, if there are any changes in the facility’s average Medicaid case mix index, an adjusted per diem rate to become effective January 1. 
(4) Resident assessments that cannot be classified shall be assigned to the lowest case mix index. 
(5) To establish a per diem rate for each provider, a factor for incentive may be added to the allowable per diem cost. 
(6)(A) Resident days shall be determined from census information corresponding to the base-year cost information submitted by the provider. 
(B) The total number of resident days shall be used to calculate the per diem costs used to determine the upper payment limit and rates in the direct health care cost center. The total number of resident days shall be used to calculate the per diem costs used to determine the upper payment limit and rates for food and utilities in the indirect health care cost center. 
(C) For homes with more than 60 beds, the number of resident days used to calculate the upper payment limits and rates in the operating cost center and indirect health care cost center, less food and utilities, shall be subject to an 85 percent minimum occupancy requirement based on the following:
(i) Each provider that has been in operation for 12 months or longer and has an occupancy rate of less than 85 percent for the cost report period, as specified in K.A.R. 129-10-17, shall have the number of resident days calculated at the minimum occupancy of 85 percent.

(ii) The 85 percent minimum occupancy requirement shall be applied to the number of resident days and costs reported for the 13th month of operation and after. The 85 percent minimum occupancy requirement shall be applied to the interim rate of a new provider, unless the provider is allowed to file a projected cost report.

(iii) The minimum occupancy rate shall be determined by multiplying the total number of licensed beds by 85 percent. In order to participate in the Kansas Medical Assistance program, each nursing facility provider shall obtain proper certification for all licensed beds.

(iv) Each provider with an occupancy rate of 85 percent or greater shall have actual resident days for the cost report period, as specified in K.A.R. 129-10-17, used in the rate computation.

(7) Each provider shall be given a detailed listing of the computation of the rate determined for the provider’s facility.

(8) The effective date of the rate for existing providers shall be in accordance with K.A.R. 129-10-19.

(b) Per diem rate limitations based on comparable service private-pay charges.

(1) Rates of reimbursement shall not be limited by private-pay charges.

(2) The agency shall maintain a registry of private-pay per diem rates submitted by providers.

(A) Each provider shall notify the agency of any change in the private-pay rate and the effective date of that change so that the registry can be updated.

(i) Private-pay rate information submitted with the cost reports shall not constitute notification and shall not be acceptable.

(ii) Providers may send private-pay rate notices by certified mail so that there is documentation of receipt by the agency.

(B) The private-pay rate registry shall be updated based on the notification from the providers.

(C) The effective date of the private-pay rate in the registry shall be the later of the effective date of the private-pay rate or the first day of the following month in which complete documentation of the private-pay rate is received by the agency.

(i) If the effective date of the private-pay rate is other than the first day of the month, the effective date in the registry shall be the first day of the closest month. If the effective date is after the 15th, the effective date in the registry shall be the first day of the following month.

(ii) For new facilities or new providers coming into the Medicaid program, the effective date of the private-pay rate shall be the date on which certification is issued.

(3) The average private-pay rate for comparable services shall be included in the registry. The average private-pay rate may consist of the following variables:

(A) Room rate differentials. The weighted average private-pay rate for room differentials shall be determined as follows:

(i) Multiply the number of private-pay residents in private rooms, semiprivate rooms, wards, and all other rooms by the rate charged for each type of room. Sum the resulting products of each type of room. Divide the sum of the products by the total number of private-pay residents in all rooms. The result, or quotient, is the weighted average private-pay rate for room differentials.

(ii) Each provider shall submit documentation to show the calculation of the weighted average private-pay rate if there are room rate differentials.

(iii) Failure to submit the documentation shall limit the private-pay rate in the registry to the semiprivate room rate.

(B) Level-of-care rate differentials. The weighted average private-pay rate for level-of-care differentials shall be determined as follows:

(i) Multiply the number of private-pay residents in each level of care by the rate they are charged to determine the product for each level of care. Sum the products for all of the levels of care. Divide the sum of the products by the total number of private-pay residents in all levels of care. The result, or quotient, is the weighted average private-pay rate for the level-of-care differentials.

(ii) Each provider shall submit documentation to show the calculation of the weighted average rate when there are level-of-care rate differentials.

(iii) Failure to submit the documentation may delay the effective date of the average private-pay rate in the registry until the complete documentation is received.

(C) Extra charges to private-pay residents for items and services may be included in the weighted average private-pay rate if the same items and services are allowable in the Medicaid program rate.

(i) Each provider shall submit documentation to show the calculation of the weighted average extra charges.
(ii) Failure to submit the documentation may delay the effective date of the weighted average private-pay rate in the registry until the complete documentation is received.

(4) The weighted average private-pay rate shall be based on what the provider receives from the resident. If the private-pay charges are consistently higher than what the provider receives from the residents for services, then the average private-pay rate for comparable services shall be based on what is actually received from the residents.

The weighted average private-pay rate shall be reduced by the amount of any discount received by the residents.

(5) The private-pay rate for medicare skilled beds shall not be included in the computation of the average private-pay rate for nursing facility services.

(6) When providers are notified of the effective date of the Kansas medical assistance program rate, the following procedures shall be followed:

(A) If the private-pay rate indicated on the agency register is lower, then the Kansas medical assistance program rate, beginning with its effective date, shall be calculated as follows:

(i) If the average medicaid case mix index is greater than the average private-pay case mix index, the Kansas medical assistance program rate shall be the lower of the private-pay rate adjusted to reflect the medicaid case mix or the calculated Kansas medical assistance rate.

(ii) If the average medicaid case mix index is less than or equal to the average private-pay case mix index, the Kansas medical assistance program rate shall be the average private-pay rate.

(B) Providers who are held to a lower private pay rate and subsequently notify the agency in writing of a different private-pay rate shall have the Kansas medical assistance program rate adjusted on the later of the first day of the month following the date upon which complete private-pay rate documentation is received or the effective date of a new private-pay rate.

(c) Per diem rate for new construction or a new facility to the program.

(1) The per diem rate for any newly constructed nursing facility or a new facility to the Kansas medical assistance program shall be based on a projected cost report submitted in accordance with K.A.R. 129-10-17.

(2) The cost information from the projected cost report and the first historic cost report covering the projected cost report period shall be adjusted to the base-year period.

(3) The provider shall remain in new enrollment status until the base year is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider.

(4) Each factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in new enrollment status.

(5) No rate shall be paid until a nursing facility financial and statistical report is received and processed to determine a rate.

(d) Change of provider.

(1) The payment rate for the first 24 months of operation shall be based on the base-year historical cost data of the previous owner or provider. If base-year data is not available, data for the most recent calendar year available preceding the base-year period shall be adjusted to the base-year period and used to determine the rate. If the 85 percent minimum occupancy requirement was applied to the previous provider’s rate, the 85 percent minimum occupancy requirement shall also be applied to the new provider’s rate.

(2) Beginning with the first day of the 25th month of operation, the payment rate shall be based on the historical cost data for the first calendar year submitted by the new provider. The data shall be adjusted to the base-year period.

(3) The provider shall remain in change-of-provider status until the base year is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider.

(4) Each factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in change-of-provider status.

(e) Determination of the per diem rate for nursing facility providers reentering the medicaid program.

(1) The per diem rate for each provider reentering the medicaid program shall be determined from either of the following:

(A) A projected cost report if the provider has not actively participated in the program by the submission of any current resident service billings to the program for 24 months or more; or

(B) the base-year cost report filed with the agency or the most recent cost report filed preceding the base year, if the provider has actively participated in the program during the most recent 24 months.

(2) If the per diem rate for a provider reentering the program is determined in accordance with paragraph (e)(1)(A), the cost data shall be adjusted to the base-year period.
(3) The provider shall remain under reenrollment status until the base year is reestablished. During this time, the cost data used to determine the initial rates shall be used to determine all subsequent rates for the provider.

(4) Each factor for inflation that is applied to cost data for established providers shall be applied to the cost data for providers in reenrollment status.

(5) If the per diem rate for a provider re-entering the program is determined in accordance with paragraph (e)(1)(A), a settlement shall be made in accordance with subsection (f).

(f) Per diem rate errors.

(1) If the per diem rate, whether based upon projected or historical cost data, is audited by the agency and found to contain an error, a direct cash settlement shall be required between the agency and the provider for the amount of money overpaid or underpaid. If a provider with an identified overpayment is no longer enrolled in the Medicaid program, the settlement shall be recouped from a facility owned or operated by the same provider or that provider’s corporation, unless other arrangements have been made to reimburse the agency. A net settlement may occur if a provider has more than one facility involved in settlements. In all cases, settlements shall be recouped within 12 months of the implementation of the corrected rates, or interest may be assessed.

(2) The per diem rate for a provider may be increased or decreased as a result of a desk review or audit of the provider’s cost reports. Written notice of this per diem rate change and of the audit findings shall be sent to the provider. Retroactive adjustment of the rate paid from a projected cost report shall apply to the same period of time covered by the projected rate.

(3) Each provider shall have 30 days from the date of the audit report cover letter to request an administrative review of an audit adjustment that results in an overpayment or underpayment. The request shall specify the finding or findings that the provider wishes to have reviewed.

(4) An interim settlement, based on a desk review of the historical cost report covering the projected cost report period, may be determined after the provider is notified of the new rate determined from the historical cost report. The final settlement shall be based on the rate after an audit of the historical cost report.

(5) A new provider that is not allowed to submit a projected cost report, as specified in K.A.R. 129-10-17, for an interim rate shall not be entitled to a retroactive settlement for the first year of operation.

(g) Out-of-state providers.

(1) The per diem rate for out-of-state providers certified to participate in the Kansas medical assistance program shall be the rate approved by the agency.

(2) Each out-of-state provider shall obtain prior authorization by the agency.

(h) Reserve days. Reserve days as specified in K.A.R. 30-10-21 shall be paid at 67 percent of the Kansas medical assistance program per diem rate.

(4) No additional amount above that figured at the Kansas medical assistance program daily rate shall be allowed until the service has been authorized by the agency.

(5) The criteria shall be reviewed quarterly to determine if the resident is ventilator-dependent. If a resident is no longer ventilator-dependent, the provider shall not receive additional reimbursement beyond the Kansas medical assistance program daily rate determined for the facility.

(6) The additional reimbursement for the ventilator-dependent resident shall be offset to the

(5) Only OAH personnel and the parties to a given proceeding shall have access to submit online or to view online any filings for their proceedings. Whether filed electronically or through other means, records of a proceeding shall be available to nonparties only as provided by the Kansas open records act, K.S.A. 45-215 et seq., and amendments thereto.
