Selection Process

No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will not be considered in the selection process to rank proposals. Per standard KDOT consultant selection process, consultant will be selected from the technical proposal submitted for the project. Selected consultant will proceed quickly through scoping, fee negotiation, and NTP. Fee negotiation will include estimate for final design only.

Technical proposals will be evaluated based on the factors listed in Table 3 below to select the most qualified firms.

Table 3: Evaluation Factors

Evaluation Factor
Qualifications and Experience
Past Performance
Delivery Process: Approach to Schedule
Delivery Process: Approach to Quality Control
Project Approach: Unique Qualifications and Solutions
Familiarity with KDOT Design Standards and Project Area

The KDOT Consultant Selection Committee will select the most highly qualified firm expressing interest based on Qualifications and Experience, Past Performance, Delivery process, Project Approach, and Familiarity with KDOT design standards and project area. The PMC will not be on the KDOT Consultant Selection Committee.

The selected firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the selected firm, it will terminate negotiations and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for this project. Special at-

tachments for the Kansas “Tax Clearance Certificate,” the “Certification of Final Indirect Costs,” and the Special Attachment No. 10 (“Policy Regarding Sexual Harassment”) will also eventually become attachments to the contract.

The firm’s accounting systems must have the following capabilities before the firm may be awarded a contract.

- Valid, reliable, and current costs must be available within the system to support actual costs and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records which will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking to secure ready availability of surveying services on an as-needed basis by entering into up to ten contracts with qualified consulting engineering firms who may perform services, from time to time and on short notice, when KDOT does not have the personnel to perform the services. The services may require construction surveying, land surveying and calculations based on those surveys, as well as administration and recordkeeping associated with such services.

Schedule/Deadlines

Responses to this Request for Proposal (RFP) are due on or before 12:00 p.m. (CST) April 23, 2021, to be delivered via email to kdot.designcontracts@ks.gov. Evaluation and ranking of submissions will occur on or about May 5, 2021, after which time all firms that submitted will be notified of the ranking. Negotiations with up to ten of the most highly ranked firms to commence on or about May 19, 2021. An agreement should be in place on or about June 3, 2021.

Scope of Services to be Performed

Periodically, KDOT’s personnel may be unable to perform surveying within the time frame required so it may be necessary to engage a consultant firm (with appropriate KDOT certification) on short notice under an as-needed agreement. The scope of services will generally consist of project surveying as well as accurate and timely documentation thereof, including submission of all documentation to KDOT. Thorough knowledge of, and compliance with the KDOT’s *Standard Specifications for State Road and Bridge Construction, Construction Manual*, project specifications, and other relevant KDOT policies, procedures, and manuals, as well as KDOT documentation and recordkeeping requirements is essential.

Locations

KDOT sites, statewide, as needed.

Requirements

Interested firms must: (a) be prequalified by KDOT in category 301 Land Surveying and 302 Engineering Surveying; (b) have employees who are licensed in Kansas as professional surveyors and experienced in surveying; (c) submit a proposal according to the instruction detailed below. A PDF must be emailed to David Lutgen, P.E., Contracts Engineer at kdot.designcontracts@ks.gov. Responses are to be limited to eight pages, the subject line of the reply email and the file name must read "As-Needed Survey RFP – Firm Name." RFPs must be received by 12:00 p.m. (CST) April 23, 2021 for the consulting firm to be considered.

If a firm is not currently prequalified by KDOT but is interested in obtaining prequalification, then please view the requirements and categories at <http://www.ksdot.org/divengdes/prequal/default.asp>. For licensure and other requirements applicable to the practice of technical professions within the State of Kansas, please consult the website of the Kansas Board of Technical Professions at <http://www.ksbtp.ks.gov/>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas and comply with applicable state and federal laws, rules and regulations.

Instructions for Proposal

No costs shall be contained in the proposal. The proposal must not exceed eight (8) pages total to address the pertinent topics. Please use the following naming convention for submittal... As-Needed Survey RFP – Firm Name. RFPs submitted will consist of the proposal and a completed and signed Special Attachment No. 7 ("Certificate of Final Indirect Costs"), a completed and signed Special Attachment No. 8 ("Tax Clearance Certificate"), and a completed and signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment").

The proposal should address and include the following items:

- Provide internal policies and procedures of consultant's firm, if any, or established practices of consultant's firm which address how the consultant ensures its employees are properly trained, familiar with KDOT processes and procedures, and capable of correctly performing surveying services in an accurate and timely manner as well as create and maintain appropriate record keeping and documentation.
- Provide internal policies and procedures of consultant's firm, if any, or describe consultant's established practices to respond to poor or substandard performance of consultant's personnel in surveying and how instances of poor or substandard performance are addressed, rectified or otherwise corrected by consultant. Describe any recent (within last five years) instances of poor or otherwise substandard performance problems, including those that have not been documented as part of a formal performance evaluation process of consultant or consultant's clients.
- Provide the names, qualifications and relevant recent experience of consultant's employees who are

or will be proposed for performance of surveying. Along with the names of consultant personnel proposed for performing services, please also identify the KDOT districts where such consultant employee has previously worked.

- Provide organization chart identifying the titles, responsibilities, roles, and duties of each individual proposed to be utilized by consultant in performing services.

Qualifications-Based Selection Process

RFPs will be evaluation based on the factors listed below, evenly weighted, to rank the most qualified firms. At KDOT's option, shortlisted firms may be interviewed by telephone conference call or asked to attend meetings or participate in other discussions with KDOT.

Evaluation factors: 1) the quality of the response to the RFP; 2) qualifications and experience of consultant employees proposed for services; 3) past performance history; and 4) ability and availability to perform services on short notice in one or more regional areas of the State of Kansas.

Up to ten of the highest ranked firms will be asked to enter into negotiations with KDOT for an as-needed agreement for services under which KDOT may request survey services via task or work orders over a period of four years, subject to a maximum cumulative aggregate amount of up to \$2 million. In the event KDOT cannot reach agreement with any of the highest ranked firms, it will terminate negotiations with such firms and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives. KDOT intends to conclude or terminate negotiations on or before June 3, 2021.

Any county or city levying a retailers' sales tax is hereby prohibited from administering or collecting such tax locally, but shall utilize the services of the state department of revenue to administer, enforce and collect such tax. Except as otherwise specifically provided in K.S.A. 12-189a, and amendments thereto, such tax shall be identical in its application, and exemptions therefrom, to the Kansas retailers' sales tax act and all laws and administrative rules and regulations of the state department of revenue relating to the Kansas retailers' sales tax shall apply to such local sales tax insofar as such laws and rules and regulations may be made applicable. The state director of taxation is hereby authorized to administer, enforce and collect such local sales taxes and to adopt such rules and regulations as may be necessary for the efficient and effective administration and enforcement thereof.

Upon receipt of a certified copy of an ordinance or resolution authorizing the levy of a local retailers' sales tax, the director of taxation shall cause such taxes to be collected within or without the boundaries of such taxing subdivision at the same time and in the same manner provided for the collection of the state retailers' sales tax. Such copy shall be submitted to the director of taxation within 30 days after adoption of any such ordinance or resolution. The director of taxation shall confirm that all provisions of law applicable to the authorization of local sales tax have been followed prior to causing the collection. If the director of taxation discovers that a city or county did not comply with any provision of law applicable to the authorization of a local sales tax after collection has commenced, the director shall immediately notify the city or county and cease collection of such sales tax until such noncompliance is remedied. All moneys collected by the director of taxation under the provisions of this section shall be credited to a county and city retailers' sales tax fund which fund is hereby established in the state treasury, except that all moneys collected by the director of taxation pursuant to the authority granted in K.S.A. 12-187(b)(22), and amendments thereto, shall be credited to the Wilson county capital improvements fund. Any refund due on any county or city retailers' sales tax collected pursuant to this act shall be paid out of the sales tax refund fund and reimbursed by the director of taxation from collections of local retailers' sales tax revenue. Except for local retailers' sales tax revenue required to be deposited in the redevelopment bond fund established under K.S.A. 74-8927, and amendments thereto, all local retailers' sales tax revenue collected within any county or city pursuant to this act shall be apportioned and remitted at least quarterly by the state treasurer, on instruction from the director of taxation, to the treasurer of such county or city.

Revenue that is received from the imposition of a local retailers' sales tax that exceeds the amount of revenue required to pay the costs of a special project for which such revenue was pledged shall be credited to the city or county general fund, as the case requires.

(continued)

The director of taxation shall provide, upon request by a city or county clerk or treasurer or finance officer of any city or county levying a local retailers' sales tax, monthly reports identifying each retailer doing business in such city or county or making taxable sales sourced to such city or county, setting forth the tax liability and the amount of such tax remitted by each retailer during the preceding month and identifying each business location maintained by the retailer and such retailer's sales or use tax registration or account number. Such report shall be made available to the clerk or treasurer or finance officer of such city or county within a reasonable time after it has been requested from the director of taxation. The director of taxation shall be allowed to assess a reasonable fee for the issuance of such report. Information received by any city or county pursuant to this section shall be confidential, and it shall be unlawful for any officer or employee of such city or county to divulge any such information in any manner. Any violation of this paragraph by a city or county officer or employee is a class A misdemeanor, and such officer or employee shall be dismissed from office. Reports of violations of this paragraph shall be investigated by the attorney general. The district attorney or county attorney and the attorney general shall have authority to prosecute violations of this paragraph.

Sec. 3. K.S.A. 2020 Supp. 12-192 is hereby amended to read as follows: 12-192. (a) Except as otherwise provided by subsection (b), (d) or (h), all revenue received by the director of taxation from a countywide retailers' sales tax shall be apportioned among the county and each city located in such county in the following manner:

(1) ~~One-half~~ $\frac{1}{2}$ of all revenue received by the director of taxation shall be apportioned among the county and each city located in such county in the proportion that the total tangible property tax levies made in such county in the preceding year for all funds of each such governmental unit bear to the total of all such levies made in the preceding year; and

(2) ~~one-half~~ $\frac{1}{2}$ of all revenue received by the director of taxation from such countywide retailers' sales tax shall be apportioned among the county and each city located in such county, first to the county that portion of the revenue equal to the proportion that the population of the county residing in the unincorporated area of the county bears to the total population of the county, and second to the cities in the proportion that the population of each city bears to the total population of the county, except that no persons residing within the Fort Riley military reservation shall be included in the determination of the population of any city located within Riley county.

All revenue apportioned to a county shall be paid to its county treasurer and shall be credited to the general fund of the county.

(b) (1) In lieu of the apportionment formula provided in subsection (a), all revenue received by the director of taxation from a countywide retailers' sales tax imposed within Johnson county at the rate of 0.75%, 1% or 1.25% after July 1, 2007, shall be apportioned among the county and each city located in such county in the following manner:

(A) The revenue received from the first 0.5% rate of tax shall be apportioned in the manner prescribed by subsection (a); and

(B) The revenue received from the rate of tax exceeding 0.5% shall be apportioned as follows:

(i) ~~One-fourth~~ $\frac{1}{4}$ shall be apportioned among the county and each city located in such county in the proportion that the total tangible property tax levies made in such county in the preceding year for all funds of each such governmental unit bear to the total of all such levies made in the preceding year;

(ii) ~~one-fourth~~ $\frac{1}{4}$ shall be apportioned among the county and each city located in such county, first to the county that portion of the revenue equal to the proportion that the population of the county residing in the unincorporated area of the county bears to the total population of the county, and second to the cities in the proportion that the population of each city bears to the total population of the county; and

(iii) ~~one-half~~ $\frac{1}{2}$ shall be retained by the county for its sole use and benefit.

(2) In lieu of the apportionment formula provided in subsection (a), all money received by the director of taxation from a countywide sales tax imposed within Montgomery county pursuant to the election held on November 8, 1994, shall be remitted to and shall be retained by the county and expended only for the purpose for which the revenue received from the tax was pledged. All revenue apportioned and paid from the imposition of such tax to the treasurer of any city prior to the effective date of this act shall be remitted to the county treasurer and expended only for the purpose for which the revenue received from the tax was pledged.

(3) In lieu of the apportionment formula provided in subsection (a), on and after the effective date of this act, all moneys received by the director of taxation from a countywide retailers' sales tax imposed within Phillips county pursuant to the election held on September 20, 2005, shall be remitted to and shall be retained by the county and expended only for the purpose for which the revenue received from the tax was pledged.

(c) (1) Except as otherwise provided by paragraph (2) of this subsection, for purposes of subsections (a) and (b), the term "total tangible property tax levies" means the aggregate dollar amount of tax revenue derived from ad valorem tax levies applicable to all tangible property located within each such city or county. The ad valorem property tax levy of any county or city district entity or subdivision shall be included within this term if the levy of any such district entity or subdivision is applicable to all tangible property located within each such city or county.

(2) For the purposes of subsections (a) and (b), any ad valorem property tax levied on property located in a city in Johnson county for the purpose of providing fire protection service in such city shall be included within the term "total tangible property tax levies" for such city regardless of its applicability to all tangible property located within each such city. If the tax is levied by a district which extends across city boundaries, for purposes of this computation, the amount of such levy shall be apportioned among each city in which such district extends in the proportion that such tax levied within each city bears to the total tax levied by the district.

(d) (1) All revenue received from a countywide retailers' sales tax imposed pursuant to K.S.A. 12-187(b)(2), (3)(C), (3)(F), (3)(G), (3)(I), (6), (7), (8), (9), (12), (14), (15), (16), (17), (18), (19), (20), (22), (23), (25), (27), (28), (29), (30), (31) and (32), and amendments thereto, shall be remitted to and shall be retained by the county and expended only for the purpose for which the revenue received from the tax was pledged.

(2) Except as otherwise provided in K.S.A. 12-187(b)(5), and amendments thereto, all revenues received from a countywide retailers' sales tax imposed pursuant to K.S.A. 12-187(b)(5), and amendments thereto, shall be remitted to and shall be retained by the county and expended only for the purpose for which the revenue received from the tax was pledged.

(3) All revenue received from a countywide retailers' sales tax imposed pursuant to K.S.A. 12-187(b)(26), and amendments thereto, shall be remitted to and shall be retained by the county and expended only for the purpose for which the revenue received from the tax was pledged unless the question of imposing a countywide retailers' sales tax authorized by K.S.A. 12-187(b)(26), and amendments thereto, includes the apportionment of revenue prescribed in subsection (a).

(e) All revenue apportioned to the several cities of the county shall be paid to the respective treasurers thereof and deposited in the general fund of the city. Whenever the territory of any city is located in two or more counties and any one or more of such counties do not levy a countywide retailers' sales tax, or whenever such counties do not levy countywide retailers' sales taxes at a uniform rate, the revenue received by such city from the proceeds of the countywide retailers' sales tax, as an alternative to depositing the same in the general fund, may be used for the purpose of reducing the tax levies of such city upon the taxable tangible property located within the county levying such countywide retailers' sales tax.

(f) Prior to March 1 of each year, the secretary of revenue shall advise each county treasurer of the revenue collected in such county from the state retailers' sales tax for the preceding calendar year.

(g) Prior to December 31 of each year, the clerk of every county imposing a countywide retailers' sales tax shall provide such information deemed necessary by the secretary of revenue to apportion and remit revenue to the counties and cities pursuant to this section.

(h) The provisions of subsections (a) and (b) for the apportionment of countywide retailers' sales tax shall not apply to any revenues received pursuant to a county or countywide retailers' sales tax levied or collected under K.S.A. 74-8929, and amendments thereto. All such revenue collected under K.S.A. 74-8929, and amendments thereto, shall be deposited into the redevelopment bond fund established by K.S.A. 74-8927, and amendments thereto, for the period of time set forth in K.S.A. 74-8927, and amendments thereto.

Sec. 4. K.S.A. 2020 Supp. 12-187, 12-189 and 12-192 are hereby repealed.

Sec. 5. This act shall take effect and be in force from and after its publication in the Kansas register.
