Doc. No. 051686

(Published in the Kansas Register November 30, 2023.)

City of Lenexa, Kansas

Notice to Bidders

Sealed bids for 95th Street and Loiret Boulevard Intersection Improvements (AWP-017-236-005) will be accepted by the City of Lenexa, Kansas until 1:00 p.m. (Central Time) December 5, 2023, at the Community Development Department, Lenexa City Hall, 17101 W. 87th St. Pkwy., Lenexa, KS 66219, at which time bids will be publicly opened and read aloud at the Lenexa City Hall. Any bid received after the designated closing time will not be considered and will be returned unopened.

All bids shall be submitted to the Community Development Department Customer Service Staff (Main Level) in sealed envelopes addressed to the City of Lenexa, Kansas, Attention: City Clerk, and marked "Bid for: 95th Street and Loiret Boulevard Intersection Improvements AWP-017-236-005." Copies of plans, specifications, bidding documents, and other contract documents are on

file at Drexel Technologies, Inc. 10840 W. 86th St, Lenexa, KS 66214.

Bidders desiring contract documents for use in preparing bids may obtain a set of such documents at the address above. Plans and specifications may be downloaded from the Drexel Technologies, Inc. website at <http://planroom.drexeltech.com/>. Note: Davis Bacon Wage Rates apply to this project.

Each bidder will be responsible for ensuring that it has received any and all addenda issued by the city in accordance with IB-10 of the instructions to bidders.

Contractors should read and be fully familiar with all contract documents including addenda before submitting a bid. In submitting a bid, the bidder warrants that it has read the contract documents and is fully familiar therewith and that it has visited the site of the work to fully inform itself as to all existing conditions and limitations and shall include in its bid a sum to cover the cost of all items of the work as specified in the contract documents.

No oral telegraphic, telephonic proposals, or alterations will be considered. Facsimile transmissions will not be accepted.

The following items must be included in the sealed envelope with the bid:

- a. Bid form;
- b. 5% Bid Security–Bid Bond, cashier’s check or certified check (see below); and
- c. Acknowledgment of addenda Issued by the city.

Each bidder shall file with its bid a bid bond, a cashier’s check, or a certified check drawn on an acceptable bank, made payable to the City of Lenexa, Kansas, in an amount equal to five percent (5%) of the total bid, which shall be retained by the City of Lenexa, Kansas until a contract for the project has been executed. Bid Bonds will be returned to the bidders, with the exception of the best and lowest and second best and second lowest responsible bidders, within twenty-one (21) days after their bids are rejected. The bid deposit of the lowest and the second lowest responsible bidders will be returned when the performance bond, maintenance bond, and statutory bond, each in an amount equal to 100% of the contract amount; required insurance certificates and other required documents shall have been furnished and the contract documents have been executed by the successful bidder.

In the event the low bidder is unable to execute the contract, for whatever reason, within the time provided in the Notice of Award, the city may annul the Notice of Award and the bid deposit may be forfeited and the city shall exercise its legal prerogatives, including, but not limited to, enforcement of its rights as to the bid security or specific performance.

The city reserves the right to accept or reject any and all bids and to waive any technicalities or irregularities therein. Bids may be modified or withdrawn by written request of the bidder received in the office of the city clerk, prior to the time and date for bid opening.

From and after the release of this notice, any party intending to bid on the above referenced project, including their officers, employees, agents, or contractors are

specifically prohibited from communicating with any elected or appointed official of the city, directly or indirectly, with regard to the award of the contract for the project listed above, except as specifically authorized by the Instructions to Bidders. Any such unauthorized communication may result in the automatic disqualification of such bidder.

All bidders agree that rejection shall create no liability on the part of the city because of such rejection, and the filing of any bid in response to this notice shall constitute an agreement of the bidder to these conditions.

Jennifer Martin  
City Clerk

City of Lenexa, Kansas

Doc. No. 051605

**State of Kansas**

**Wichita State University**

**Notice of Intent to Lease Real Property**

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation

Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to 1.22 acres of real property located on the northwest corner of the intersection of Fountain Avenue and 21st Street North, directly adjacent to the Wichita State University campus. This location would be designated for private development committed to supporting broadband infrastructure and Internet exchanges. The university is interested in leasing such ground to any individual, organization, or entity whose presence would advance WSU’s vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. WSU intends to lease such space for a mutually agreeable period of time, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with WSU’s educational mission and identify anticipated benefits to the university, its students, and the surrounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community benefit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU and the surrounding community, design concepts, financial stability, and proposed use. Interested tenants will be responsible for all costs associated with the development and ongoing maintenance costs of any improvements. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of the improvement, and benefit to WSU. WSU will consider serious offers and inquiries from any financially qualified individual, group, organization. If interested, please contact Property Manager Crystal Stegeman at [crystal.stegeman@wichita.edu](mailto:crystal.stegeman@wichita.edu). This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Doc. No. 051654

**State of Kansas**

**Wichita State University**

**Notice of Intent to Lease Real Property**

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to four acres of real property located on the Wichita State University’s campus designated as the “Innovation Campus,” for the private development and operation of a partnership building or buildings. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such space for a mutually agreeable period of time up to sixty years, but extended terms and renewal op-

tions would be considered. Interested tenants must be willing to be a good fit with the university’s educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Interested tenants will be required to construct adjacent and adequate surface parking that will not be included in the leased ground. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of building improvement, and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization. If interested, please contact Senior Vice President for Industry and Defense Programs, Dr. John Tomblin at [john.tomblin@wichita.edu](mailto:john.tomblin@wichita.edu) or Property Manager Crystal Stegeman at [crystal.stegeman@wichita.edu](mailto:crystal.stegeman@wichita.edu). **State of Kansas**  
**Department of Administration**  
**Office of Facilities and Property Management**

**Notice of Requested Architectural  
and Engineering Services**

Notice is hereby given of the commencement of the selection process for architectural and engineering services for the Kansas State University Thompson Hall Renovation Project.

In order to support the Kansas Board of Regents initiatives to improve space utilization across campus, the Department of Geology will vacate Thompson Hall and will be relocated to other buildings on the main campus. Thompson Hall will be renovated and repurposed for other departments moving from off campus locations into Thompson Hall. As part of this renovation, current code and ADA upgrades will be included. MEP updates are also anticipated. The project construction budget is between \$5.8 and \$6.9 million.

An architectural/engineering program is available at <http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>. For more information contact Lisa Johnson at [lisajohnson@ksu.edu](mailto:lisajohnson@ksu.edu).

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051-054, inclusive, and information regarding similar projects. These forms may be found at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/forms-and-documents>. State of Kansas Professional Qualifications DCC

Form 050 for each firm and consultant should be provided at the end of each proposal. Please include your firm name, agency abbreviation, and an abbreviated project name in the title of the PDF document. Proposals should be less than 5 Mb and follow the current State Building Advisory Commission guidelines which can be found in Part B – Chapter 2 of the Building Design and Construction Manual at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/building-design-and-construction-manual-bdcm>. Paper copies and flash drives containing copies of the proposals are not required.

Proposals should be sent to [professional.qualifications@ks.gov](mailto:professional.qualifications@ks.gov). Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions about the proposal submissions, please contact Randy Riveland at [randy.riveland@ks.gov](mailto:randy.riveland@ks.gov) or call 785-296-0749. The PDF proposal submissions shall be delivered to the attention of the State Building Advisory Commission by 2:00 p.m. on or before December 15, 2023.

The State of Kansas, as a matter of public policy, encourages anyone doing business with the State of Kansas to take steps to discourage human trafficking. If prospective bidders/vendors/contractors have any policies or participate in any initiatives that discourage human trafficking, then the prospective bidder/vendor/contractor is encouraged to submit same as part of their bid response.

Doc. No. 051683

**State of Kansas**  
**Department of Health and Environment**

**Notice Concerning Proposed Kansas Air  
Quality Class I Operating Permit Renewal**

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. The Goodyear Tire & Rubber Company has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

The Goodyear Tire & Rubber Company, PO Box 1069, Topeka, KS 66601, owns and operates a tire manufacturing facility located at 2000 NW US-24 Hwy., Topeka, Shawnee County, KS 66618.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of  
*(continued)*

Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Northeast District Office, 800 W. 24th St., Lawrence, KS 66046. To obtain or review the proposed permit and supporting documentation, contact Matthew Reynolds, 785-296-1719, at the central office of the KDHE or Wendi Kessler, 785-842-4600, at the Northeast District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Matthew Reynolds, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, January 1, 2024.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Matthew Reynolds, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, January 1, 2024, in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency (EPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Keith Johnson, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, phone 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Doc. No. 051682

State of Kansas

Department of Health and Environment

Public Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various

draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación al 785-296-5156 o en [KDHE.NonDiscrimination@ks.gov](mailto:KDHE.NonDiscrimination@ks.gov).

Public Notice No. KS-AG-23-339/340

Pending Permits for Confined Feeding Facilities

Name and Address of Applicant	Legal Description	Receiving Water
Thermo Fischer Scientific - Blood Production Facility 13595 NW 2300th Rd. Garnett, KS 66032	NW/4 of Section 32 T19S, R18E Anderson County	Marais des Cygnes River Basin

Kansas Permit No. A-MCAN-L001

The proposed action is to modify and reissue an existing state permit for a facility for 6,350 head (635 animal units) of sheep. This permit is being modified to decrease pen areas and add vegetative buffers. There is no change in the permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Kevin Gant 1627 AA Ave. Wilsey, KS 66873	SE/4 of Section 10 & NE/4 of Section 15 T17S, R07E Morris County	Neosho River Basin

Kansas Permit No. A-NEMR-B006

The proposed action is to reissue an existing state permit for an existing facility for 950 head (950 animal units) of cattle more than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Public Notice No. KS-Q-23-221/224

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-g), and Federal Surface Water Criteria.

**Name and Address of Applicant**      **Receiving Stream**      **Type of Discharge**

Dow Creek via Stillman Creek via unnamed tributary  
 Treated Domestic Wastewater

Kansas Permit No. C-NE24-0002  
 Federal Permit No. KS0053678

Legal Description: NW¼, SE¼, NW¼, Section 22, Township 18S, Range 11E, Lyon County, Kansas

Facility Location: Latitude: 38.47322, Longitude: -96.18306

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The existing facility is a three-cell wastewater stabilization lagoon system with a minimum of 120 days detention time. The facility receives domestic wastewater from a state highway service area. The detention time at design flow is 441 days. The proposed permit contains limits for Biochemical Oxygen Demand and Total Suspended Solids; as well as monitoring for pH, Ammonia and E. coli. This facility can meet the 2013 EPA ammonia criteria. However, per the Reasonable Potential procedure in the Kansas Implementation Procedures – Wastewater Permitting using the assumed coefficient of variation (Cv) of 0.6 and Cp/Cmean of 2.13, the below calculations prove there is no reasonable potential to exceed water quality-based permit limits for ammonia. The highest recorded value over the prior two permit cycles was 75 mg/l, this is assumed to be a data entry error based on other sampling results all being less than 1 mg/l. However, continued quarterly monitoring of effluent ammonia will be required.

Kansas Permit No. M-MC27-0001  
 Federal Permit No. KS0087467

Legal Description: NE¼, NE¼, SE¼, Section 35, Township 28S, Range 25E, Crawford County, Kansas

Facility Location: Latitude: 37.56341, Longitude: -94.63185

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The existing facility is a three-cell wastewater stabilization lagoon system with a minimum 120 day detention time. The facility receives domestic wastewater from residential and commercial areas. The proposed permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, and Ammonia; as well as monitoring for pH and E. coli. This NPDES discharging lagoon wastewater treatment facility has been reviewed for eligibility for the MDV for ammonia and has been determined to be eligible. Eligibility was determined through analysis of the facility's highest attainable criteria (HAC) for ammonia. The ammonia effluent limit was determined on September 18, 2023 by calculating the 99th percentile ammonia value from the facility's discharge monitoring reports resulting in an ammonia limit of 5.4 mg/L for this facility. The 99th percentile decreased during the current permit cycle resulting in a lower limit for the proposed permit.

Kansas Permit No. I-MC08-PO03  
 Federal Permit No. KS0095371

Legal Description: NW ¼ of Section 8, Township 15S, Range 22E, Johnson County, Kansas

Facility Location: Latitude: 38.76397, Longitude: -94.99667

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This is a limestone quarrying and crushing operation, with some rock washing. Outfall 001A1 consists of mine pit water, storm water runoff and treated wash-water that is treated by two settling basins (SP1 and SP3) in series, before discharging. Some water used in the washing operation is recycled. Outfall 002 is no longer used. Outfalls 003A1 and 004A1 consists of stormwater runoff from stockpiles and from the quarry area. The proposed permit contains limits for Total Suspended Solids.

**Name and Address of Applicant**      **Receiving Stream**      **Type of Discharge**  
 Fort Riley Utility Services, Inc.

 Fort Riley, KS 66442

Kansas River via Three Mile Creek  
 Processed Wastewater

Kansas Permit No. I-KS51-0001  
 Federal Permit No. KS0099759

Facility Location: Latitude: 39.09139, Longitude: 96.74222

The proposed action is to reissue an existing State/NPDES permit for an existing facility. Fort Riley is a government-owned, government operated military installation consisting of activities and facilities for housing, training, and supporting trained and ready forces to meet Joint Force requirements. This permit covers the discharge of on-site generated wastewater treated in existing advanced wastewater treatment facilities. The wastewater system is privately owned and operated by Fort Riley Utility Services, Inc. The proposed permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, E. coli, Total Phosphorus, and Total Nitrogen, Total Residual Chlorine, pH and Ammonia; as well as monitoring for Sulfate, Total Kjeldahl Nitrogen, Nitrates + Nitrites. Permit limits for Total Nitrogen and Total Phosphorus have been included in this permit at less stringent nutrient levels than the facility is designed for due to expected initial low facility loading levels. The permittee shall operate the treatment facility to maximize the level of nutrient removal with the goal of achieving the following effluent levels:

- A. Total Nitrogen as "N"–5.0 mg/l Monthly Annual Average.
- B. Total Phosphorus as P–0.5 mg/l Monthly Annual Average.

Permittee shall provide KDHE-Bureau of Water an engineering report, due March 1 of each year, summarizing the previous calendar year operations and evaluating if the facility can meet the effluent levels of Total N of 5.0 mg/l and Total P of 0.5 mg/l on a 12-month running average basis. If the facility has met the annual goal of Total N of 5.0 mg/l and Total P of 0.5 mg/l, no further evaluation is needed. If the facility has not met the goal, the report will need to provide an evaluation of the facility loading and operations and determine if the facility is being operated to reduce effluent nutrient discharges as low as practicable. If improved operations could result in improved nutrient discharge levels, the report will need to provide recommendations for improvement of operations including but not limited to changes in recycle flows, solids concentrations, and/or volatile fatty acids in influent flows. The evaluation will also need to provide recommendations on any need for new structures and/or chemical addition. The Kansas Department of Health and Environment (KDHE) reserves the right to re-open this permit or include into future reissued permits more stringent limits when loading increases.

**Public Notice No. KS-NQ-23-008**

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-g).

Kansas Permit No. I-VE19-NP01  
 Federal Permit No. KSJ000638

(continued)

Facility Name: Family Tree Meats

Legal Description: SE 1/4 of Section 05, Township 32S, Range 09E, Chautauqua County, Kansas

The proposed action is to reissue an existing State/NPDES permit for an existing facility. Family Tree Meats operates a slaughterhouse and meat processing operation which handles up to 15 animals per week. Domestic and process wastewater are directed to a one-cell non-overflowing earthen lagoon. Hides, offal, blood and solid waste are removed by contract with a by-product processor and/or disposed of in accordance with Board of Agriculture and KDHE Bureau of Waste Management requirements. Lagoon sludge may be disposed of in a solid waste landfill or in accordance with an approved land application plan. The maximum expected wastewater flow into the lagoon is about 20,000 gallons per month. Domestic sewage from the retail store and on-site residence is proposed to be directed to an on-site septic tank/lateral field. Design and construction of the on-site system shall be completed by November 1, 2024.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before December 30, 2023, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-23-339/340, KS-Q-23-221/224, KS-NQ-23-008) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Section Chief, Livestock Waste Management Section at the KDHE Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Mirina Landry at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at [kdhe.feedlots@ks.gov](mailto:kdhe.feedlots@ks.gov). Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, KS 66612-1367; por correo electrónico: [kdhe.feedlots@ks.gov](mailto:kdhe.feedlots@ks.gov); por teléfono: 785-296-6432. For all other proposed permits or actions

an appointment can be scheduled, or copies requested by contacting Neal Niceswanger, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-6804 or email at [Neal.Niceswanger@ks.gov](mailto:Neal.Niceswanger@ks.gov). These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Department of Health and Environment

Doc. No. 051687

## State of Kansas

### Kansas Development Finance Authority

#### Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Tuesday, December 19, 2023, in the offices of the Kansas Development Finance Authority (KDFA), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

**Project No. 001123 Maximum Principal Amount: \$284,000.** Owner/Operator: Cory and Julia Klaassen; Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Cory and Julia Klaassen (the "Beginning Farmer") and is located at the East Half of the Southwest Quarter of Section 12, Township 24 South, Range 1 East, Harvey County, Kansas, approximately 2 miles south and 3 miles east of Newton, Kansas.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

Interested individuals may participate in the public hearing in person or via conference call. Please call 844-621-3956 and use conference identification number 145 880 8929 followed by # to join the conference.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the

proposal to issue the bond to finance the project, and all written comments previously filed with the K DFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, KS 66603, will be considered. Additional information regarding the project may be obtained by contacting the K DFA.
