**Notice of Commencement of Negotiations  
for Construction Manager At-Risk Services**

Notice is hereby given for the seeking of interest and qualifications for Construction Management At-Risk (CMAR) services for the University of Kansas Medical Center Cancer Center. The total project budget is \$250,475,786 and the estimated construction budget is \$200,380,629.

The construction manager at-risk will provide for each phase cost estimating, scheduling, constructability reviews, and value engineering studies; procure equipment, prequalify subcontractors, and take bids; review bids with the design team and owner to determine bids to accept; prepare cost estimate(s) for the un-bid portion(s); provide a guaranteed maximum price and a bond; and manage construction and track all costs for the design team and owner’s review.

An architectural/engineering program is available at <https://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>. Questions about the proposed scope of services should be submitted to AJ Woodworth at 217-840-7501 or [awoodworth@kumc.edu](mailto:awoodworth@kumc.edu).

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051, 052, 053 and 054, inclusive, and information regarding similar projects. Forms may be found at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/forms-and-documents>. State of Kansas Professional Qualifications DCC Form 050 for each firm and consultant should be provided at the end of each SOQ (statement of qualification) submittal. Please include your firm name, agency abbreviation and an abbreviated project name in the title of the PDF document. Submittals of SOQ forms should be less than 5Mb and follow the current State Building Advisory Commission guidelines for Phase I of the Construction Management at Risk process, which can be found in Part B – Chapter 7 of the Building Design and Construction Manual at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/building-design-and-construction-manual-bdcm>.

Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions about the

proposal submissions, please contact Randy Riveland at [randy.riveland@ks.gov](mailto:randy.riveland@ks.gov) or call 785-296-0749. Proposals shall be e-mailed to [professional.qualifications@ks.gov](mailto:professional.qualifications@ks.gov) to the attention of the State Building Advisory Commission by 2:00 p.m. on or before December 29, 2023.

Notice is hereby given of the commencement of the selection process for architectural services for Kansas State University Strong Complex Renovations – Boyd, Van Zile, and Putnam. The Strong Complex Community, comprised of Boyd, Van Zile and Putnam buildings, are a strong anchor for residential life at Kansas State University, and are the oldest residence halls on campus. These buildings were designed in gothic style and are located on the east end of campus, south of the Derby Complex. The goal of this project is to reimagine the use of these buildings to create a distinctive learning/living community that will serve as a home to the honors program, and foster leadership, engagement and service activities, where high-achieving students are inspired to thrive academically and personally. This reimagined complex will include office spaces, conference rooms, seminar rooms, a dining hall, residential halls with lounge spaces. The project construction budget is \$24,000,000.

An architectural/engineering program is available at <http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>. For more information contact Lisa Johnson at [lisajohnson@ksu.edu](mailto:lisajohnson@ksu.edu).

#### Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. O.A Both Corporation dba Schlenk Metallic Pigments has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

O.A Both Corporation dba Schlenk Metallic Pigments, 3841 Greenway Cir., Lawrence, KS 66046, owns and operates vacuum metalized pigments coating, hot stamping foil manufacturing, and converting facility located at 3841 Greenway Cir., Lawrence, KS 66046.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Northeast District Office, 800 W. 24th St., Lawrence, KS 66046. To obtain or review the proposed permit and supporting documentation, contact Josephine Boac, 785-296-6281, at the central office of the KDHE or Wendi Kessler, 785-842-4600, at the Northeast District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Josephine Boac, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit de-

cision, written comments must be received no later than 12:00 p.m. Tuesday, January 16, 2024.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Josephine Boac, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Tuesday, January 16, 2024, in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency (EPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Keith Johnson, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, phone 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

**Public Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications**

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and

the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Legal Description: SW¼, Section 10, Township 20S, Range 8W, & NE¼, Section 15, Township 20S, Range 8W, Rice County, Kansas

Facility Location: Latitude: 38.32933, Longitude: -98.19135

This action consists of reissuance of an existing NPDES/Kansas Water Pollution Control (KWPC) permit for an existing facility. The facility produces salt products by solution mining and a vacuum pan evaporation process. Additionally, the facility is remediating historic chloride groundwater contamination through the use of either Class I Disposal Wells, facility use, or, if quality is acceptable, through discharge. The following outfalls are permitted:

001A: Condensate from the salt evaporation and cooling water is discharged to Owl Creek. Average flow is 335 gpm.

003A: Groundwater from the East Water Well and a portion of the Brine Field Interceptor Well is discharged to Owl Creek. Average flow is 290 gpm.

The proposed permit contains limits for Chloride, pH, as well as monitoring for Total Phosphorus, Total Recoverable Selenium, Total Recoverable Lead, and Chloride.

Legal Description: N½ of NW¼, Section 30, Township 27S, Range 1E, Sedgwick County, Kansas

Facility Location: Latitude: 37.67786, Longitude: -97.36663

The proposed action consists of a reissuing an existing NPDES/Kansas Water Pollution Control Permit for an existing facility. This facility is a university which uses well water in a common chilling loop for a 200-ton A/C reciprocating chiller located in the Energy Center and for a 200-ton A/C chiller in Sumpter Hall on campus. At least one chiller is operated during the summer months and approximately 28,800 gallons per day of non-contact cooling water is discharged to a concrete storm sewer, before reaching the receiving stream. A biocide and a sequestering agent may be added to the recycled cooling water, but no chemicals have been used since 2006. The discharge from the Energy Center can be either directed to an on-site injection well (normal operation) or to Outfall 001 (emergency discharge), using a control valve. The facility also has a 300-ton A/C chiller behind the library. The intermittent discharge from the system is directed to the city sanitary sewer and is not regulated by the permit. The proposed permit monitors for Chloride, Phosphorus, Nitrate-Nitrite Nitrogen, Total Residual Oxidant, and flow.

Legal Description: SE¼, Section 20, Township 27S, Range 1E

Facility Location: Latitude: 37.6813, Longitude: -97.3357

The proposed action consists of a reissuing an existing NPDES/Kansas Water Pollution Control Permit for an existing facility. This is a commercial real estate property which uses on-site well water for non-contact cooling in heat exchangers. The well is located close to the northwest boundary of the Gilbert-Mosley groundwater contamination plume. Chemicals are added to reduce metal precipitates from forming and sodium hypochlorite is periodically injected in the heat exchangers to prevent biofouling. About 1.100 gpd of non-contact cooling water is discharged into the storm sewer system. Domestic waste is discharged into the city sanitary sewer system. The proposed permit monitors for Trichloroethylene, Tetrachloroethylene, Chloride, Phosphorus, and Nitrate-Nitrite Nitrogen.

Legal Description: SW¼, SE¼, NE¼, Section 3, Township 3S, Range 23E, Norton County, Kansas

Facility Location: Latitude: 39.82140, Longitude: -99.89436

The proposed action consists of reissuing an existing Kansas/NPDES Water Pollution Control permit for an existing wastewater treatment lagoon system at an existing public water supply water treatment plant. This is an existing public water treatment plant producing up to 2 MGD of potable water. The raw water is treated with chlorine dioxide, sulfuric acid, ferric chloride, chlorine, and caustic soda for pH adjustment, and settled, filtered, and then treated with chlorine, ammonia and sodium hydroxide prior to the clearwell and distribution system. Orthophosphate is added after the high service pumps and under normal circumstances should be not present in the plant's wastewater discharge to the lagoon treatment system. The plant also has the capability to add lime for corrosion control and polymers for enhanced settling. Water Plant Residuals from the clarifiers is routed

to one cell of a two-cell lagoon wastewater treatment system. Filter backwash water and filter-to-waste water is routed to the second cell of the two-cell lagoon. The two cells can be operated in series or parallel. The discharge from each cell is combined and routed to Prairie Dog Creek. Domestic wastewater is routed to the city's sanitary collection system. The NPDES permit is for treatment and discharge of the wastewater from the lagoon treatment system. The design flow from the lagoon is 0.06 MGD. The proposed permit contains limits for Chlorine, Suspended Solids, and pH. The proposed permit monitors for Arsenic, and Phosphorus.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Parsons, City of PO Box 1037 Norton, KS 67357	Neosho River via Labette Creek	Processed Wastewater

Kansas Permit No. I-NE-55-PO55  
Federal Permit No. KS0095826

Legal Description: SW¼, NE¼, Section 7, Township 31S, Range 20E, Labette County, Kansas

Facility Location: Latitude: 37.35918, Longitude: -95.26334

The proposed action consists of reissuing the above referenced NPDES permit. Several changes, including sending more wastes to the city sanitary sewer have occurred, since the last permit was issued. Eventually, the city may direct all wastes from the water treatment plant to the city sanitary sewer, which may eliminate the need for this permit. This surface water treatment plan which includes pre-oxidation of iron and manganese with potassium permanganate. Pre-sedimentation, clarification with poly-aluminum chloride, membrane ultra-filtration technology and chlorination is used to treat water from public consumption. Raw water from Labette creek or as an alternate from the Neosho River is pumped into the pre-sedimentation basin (cell #2). From the pre-sedimentation basin flow is sent into the pre-oxidation basin (cell #4) where potassium permanganate is added to oxidize iron and magnesium contaminants. As an alternative, raw water can be sent directly to the pre-oxidation basin. The oxidized water is further treated with caustic soda, chlorine, additional potassium permanganate, and poly-aluminum chloride (PAC) added as a coagulant, prior to settling in a Claricone clarifier. The clarified is sent to the membrane feed tank and then to the ultrafiltration membrane system. The water is chlorinated and sent to the distribution system. This plant has a four-cell lagoon system to treat the various treatment plant waste streams. Clarifier blowdown containing poly-aluminum sludge is normally discharged into the sanitary sewer but can be directed into the water treatment residuals lagoon (cell #1), if the city lift station is out of service. Chlorinated filter backwash water, in the amount of 15,000 gallons per day is pumped into cell #1, then to cell #2 and then to cell #4, where it is blended with raw water, prior to being sent to the headworks of the treatment plant for treatment. Cell #2 can also be used in conjunction with cell #4 for pre-oxidation and/or pre-settling of the raw water. Wastewater from the monthly membrane cleaning (enhanced flux maintenance) and the annual clean-in-Place (CIP) procedure, after pH neutralization and de-chlorination is discharged to the city sewer system in the amount of 7,000 gallons per month. Outfall 001A is normally the discharge from cell #3 but could be the combined discharge from cells #1, #2 and #3, if they discharge and would be sampled at the sampling manhole. All domestic wastes (500 gallon per day) and small amounts of laboratory wastes (2 gallons per minute) and floor drains are also routed to the city sanitary sewer system. The proposed permit contains limits for Chlorine, Suspended Solids, and pH. The proposed permit monitors for Phosphorus.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before January 13, 2024, will be considered in the formulation of the final de-

termination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-23-351/363, KS-AG-R-23-028, KS-Q-23-225/229) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Michael Beezhold at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Mirina Landry at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at [kdhe.feedlots@ks.gov](mailto:kdhe.feedlots@ks.gov). Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, KS 66612-1367; por correo electrónico: [kdhe.feedlots@ks.gov](mailto:kdhe.feedlots@ks.gov); por teléfono: 785-296-6432. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Neal Niceswanger, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-6804 or email at [Neal.Niceswanger@ks.gov](mailto:Neal.Niceswanger@ks.gov). These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. **Notice to Contractors**

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor

*(continued)*

and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast only at 3:00 p.m. (Central Time) on letting day. For the conference call information see <https://www.ks-dot.org/bureaus/burconsmain/lettinginfo.asp>. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid non-responsive and not eligible for award consideration.

**City of Lenexa, Kansas**

**Notice to Bidders**

Sealed bids for Lackman Road Right-Turn Lane at I-435 (AWP: 017-246-002) will be accepted by the City of Lenexa, Kansas until 2:00 p.m. (Central Time) January 17, 2024, at the Community Development Department, Lenexa City Hall, 17101 W. 87th St. Pkwy., Lenexa, KS 66219, at which time bids will be publicly opened and read aloud at the Lenexa City Hall. Any bid received after the designated closing time will not be considered and will be returned unopened.

All bids shall be submitted to the Community Development Department Customer Service Staff (Main Lev-

el) in sealed envelopes addressed to the City of Lenexa, Kansas, Attention: City Clerk, and marked "Bid for: Lackman Road Right-Turn Lane at I-435 – AWP: 017-246-002." Copies of plans, specifications, bidding documents and other contract documents are on file at Drexel Technologies, Inc., 10840 W. 86th St., Lenexa, KS 66214.

Bidders desiring contract documents for use in preparing bids may obtain a set of such documents at the address above. Plans and specifications may be downloaded from the Drexel Technologies, Inc. website at <http://planroom.drexeltech.com/>. Note: Davis Bacon Wage Rates apply to this project.

Each bidder will be responsible for ensuring that it has received any and all addenda issued by city in accordance with IB-10 of the instructions to bidders.

Contractors should read and be fully familiar with all contract documents including addenda before submitting a bid. In submitting a bid, the bidder warrants that it has read the contract documents and is fully familiar therewith and that it has visited the site of the work to fully inform itself as to all existing conditions and limitations and shall include in its bid a sum to cover the cost of all items of the work as specified in the contract documents.

No oral telegraphic, telephonic proposals, or alterations will be considered. Facsimile transmissions will not be accepted.

The following items must be included in the sealed envelope with the bid:

- a. Bid form;
- b. 5% Bid Security–Bid bond, cashier’s check, or certified check (see below); and
- c. Acknowledgment of addenda issued by city.

Each bidder shall file with its bid a bid bond, a cashier’s check or a certified check drawn on an acceptable bank, made payable to the City of Lenexa, Kansas, in an amount equal to five percent (5%) of the total bid, which shall be retained by the City of Lenexa, Kansas until a contract for the project has been executed. Bid bonds will be returned to the bidders, with the exception of the best and lowest and second best and second lowest responsible bidders, within twenty-one (21) days after their bids are rejected. The bid deposit of the lowest and the second lowest responsible bidders will be returned when the performance bond, maintenance bond, and statutory bond, each in an amount equal to 100% of the contract amount; required insurance certificates and other required documents shall have been furnished and the contract documents have been executed by the successful bidder.

In the event the low bidder is unable to execute the contract, for whatever reason, within the time provided in the Notice of Award, the city may annul the Notice of Award and the bid deposit may be forfeited and the city shall exercise its legal prerogatives, including, but not limited to, enforcement of its rights as to the bid security or specific performance.

The city reserves the right to accept or reject any and all bids and to waive any technicalities or irregularities therein. Bids may be modified or withdrawn by written

## The Scoular Company

### Notice to Bidders

The Scoular Company is seeking bidders for a rail yard construction project at their facility in Goodland, Kansas (Downtown Facility) (Project No. 91-RA-3324-22). Interested bidders should contact Brad Perry at [bperry@scoular.com](mailto:bperry@scoular.com) to request bid package. The bid package will include site layout, track plan, and track construction specifications. Bid packages for the project will be sent to all interested bidders on or about December 22, 2023.

### Scope of Work

The work consists of the following items:

- Add approximately 1,970 track feet of rail construction, base plates, and joint bars.
- Shifting approximately 1,971 track feet of rail.

Contractor supplies all other track materials, but not limited to, new ties, new bolts, new prime spikes, balast, new derail, new turnouts, and OTM. This project is the recipient of a KDOT State Rail Service Improvement Fund program grant and the contract for work will be directly with The Scoular, which reserves the right to reject any or all bids. Questions regarding the project should be directed to Brad Perry.

### MSA and Roadway Worker Protection

Contractors must complete, and have on file, a current Master Services Agreement with The Scoular Company before work begins.

1. Contractors shall comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety at all times. Workers and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
2. Contractor, contractor employees, agents, and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.

3. Any subcontracted work will need to be approved prior to construction.

### Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with The Scoular Company. Contractor can anticipate a minimum work window of eight hours.

### Standards

All standards referenced by the project plans and specifications, as well as all applicable AREMA standards, must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval.

### Submittals

The following documents shall be submitted by the contractor as part of the project, at the times listed:

1. Schedule of Work – Submitted with proposal.
2. Certificate of Insurance – Submitted prior to construction.
3. Safety Plan – Submitted prior to construction.
4. Proof of Roadway Worker Training – Submitted prior to construction.
5. All contractors must recognize this is a federal contract and agree to comply with federal requirements such as the Davis-Bacon Act, "Buy America," and the Disadvantaged Business Enterprise (DBE), where applicable.

### Other Responsibilities

1. Permits – Contractor is responsible for all federal, state, and local permits required for the work.
2. Utilities – Contractor is responsible to locate and protect site utilities.
3. Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state and federal laws.

### Insurance

Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

### Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on railroad right of way to the contractor. However, no materials shall be stored closer than 15' from the centerline of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. All removed materials remain property of The Scoular Company, to be stockpiled as directed by a representative.

### Non-Project Areas

The Scoular Company has secured access to the project through the railroad right of way. Other access may be obtained by the contractor if they so choose. All areas (public, private, and railroad right of way) that are used

for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

### Project Completion

All work pertaining to this project shall be completed by June 1, 2024.

### Submission of a Proposal

All proposals must be submitted no later than February 18, 2022. All submitted proposals shall be reviewed by The Scoular Company. Please ensure your proposal includes all required information. All incomplete proposals shall be rejected. The structure of your proposal must be able to be clearly understood, all proposals shall provide the following line items and provide costs as required below:

1. Provide a total sum of all line items on the proposal.
2. Mobilization and demobilization – lump sum.
3. Material (supply), labor (install), and equipment for each line item.
4. Tamp and regulate – lump sum.
5. Performance bond (sum not less than amount of the contract as awarded) – lump sum.
6. Clean up work site to completion – lump sum.

### Work Reporting

Daily work reports must be filled out and submitted to the designated Scoular representative. Weekly reports should include updates to project schedules, any delays, or any change in the scope of work. A detailed summary report must be submitted at the completion of the project.

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Tuesday, January 2, 2024, in the offices of the Kansas Development Finance Authority (KDFA), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposal for the KDFA to issue its Agricultural Development Revenue Bonds for the projects numbered below in the respective maximum principal amounts. The bonds will be issued to assist the borrowers named below (who will be the owners and operators of the projects) to finance the cost in the amount of the bonds, which are then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

**Project No. 001125 Maximum Principal Amount: \$616,100.** Owner/Operator: David J. Koelzer; Description  
*(continued)*

tion: Acquisition of 240 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for David J. Koelzer (the "Beginning Farmer") and is located at the West Half of the Southeast Quarter of Section 14, Township 5 South, Range 11 East and the Northeast Quarter of Section 14, Township 5 South, Range 11 East in Nemaha County, Kansas, approximately eight miles south of Centralia, Kansas on G Road.

**Project No. 001126 Maximum Principal Amount: \$350,000.** Owner/Operator: Zachary Schotte; Description: Acquisition of 114 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Zachary Schotte (the "Beginning Farmer") and is located at Lot 4 of the Southwest Quarter of Section 7, Township 1 South, Range 7 East; and the Southeast Quarter of the Southwest Quarter of Section 7, Township 1 South, Range 7 East, and Lot 7 and Lot 8 in the Northwest Quarter of Section 18, Township 1 South, Range 7 East, all in Marshall County, Kansas, approximately two miles west of Lone Elm corner on Highway 77 and 3/4 mile north on 7th Road on the east side of the road.

The bonds, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will they be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

Interested individuals may participate in the public hearing in person or via conference call. Please call 844-621-3956 and use conference identification number 145 880 8929 followed by # to join the conference.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bonds to finance the projects, and all written comments previously filed with the K DFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, KS 66603, will be considered. Additional information regarding the projects may be obtained by contacting the K DFA.

### Board of Education

#### Notice of Hearing on Proposed Administrative Regulations

The Kansas State Board of Education will conduct a public hearing at 1:30 p.m., or as soon thereafter as possible, Tuesday, March 12, 2024, in the Board Room of the Landon State Office Building, 900 SW Jackson Ave., Suite 102, Topeka, Kansas, to consider the adoption of proposed rules and regulations of the Kansas State Board of Education on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of the Kansas State Board of Education at the below addresses or by email to [dbremer@ksde.org](mailto:dbremer@ksde.org). The address for the Kansas State Board of Education is Landon State Office Building, 900 SW Jackson Ave., Suite 102, Topeka, KS 66612. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. The hearing shall be conducted in compliance with the public hearing procedures of the Kansas State Board of Education.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Wendy Fritz at 785-296-5363 (or TDD 785-296-8172) or by email to [wfritz@ksde.org](mailto:wfritz@ksde.org). The north entrance to the Landon State Office Building is

accessible. Handicapped parking is located at the south end of the Landon State Office Building, across the street from the north entrance to the building, and on Ninth Street, just around the corner from the north entrance to the building.

A summary of the proposed regulations and their economic impact follows.

A copy of the proposed regulations and their economic impact statement may be obtained by contacting the Office of General Counsel at the address above prior to the date of the hearing or by email to [gc@ksde.org](mailto:gc@ksde.org).

#### K.A.R. 91-22-1a Denial of a license; grounds

The regulation is amended to comply with K.S.A. 74-120 by clarifying the specific criminal records and other specific conduct for which an application for a teaching license may be denied by the Kansas State Board of Education. The current regulation indicates a license may be denied "for misconduct or other just cause, including..." convictions for any felony, and any other crime involving theft, drugs, or involving a minor. That is clarified to only reference those crimes involving a child – other than the person applying for the license – under the age of 18 as an element or instrumentality of the crime. A conviction for Minor in Possession of Alcohol would not be considered, but contributing to the delinquency of a minor might be a basis to deny a license.

#### K.A.R. 91-22-1b Suspension, revocation, or public censure of a license; grounds

To comply with K.S.A. 74-120, the bases for suspension, revocation, or censure of a license is separated from those bases for which a license may be denied.

#### K.A.R. 91-22-2 Commission procedure

The regulation is amended to match the actual process used by the Professional Practices Commission.

#### K.A.R. 91-22-5a Complaints

The regulation is amended to remove grammatical problems and to remove requirements from a filed complaint such as including the person's personal address in a public document. The amended regulation also allows voluntary surrenders to be taken directly to the State Board of Education for action rather than waiting for action by the Professional Practices Commission.

#### K.A.R. 91-22-9 Answer; time to file; form content; right to amend

The regulation is amended to allow unanswered complaints to proceed directly to the State Board of Education for action rather than waiting for action by the Professional Practices Commission.

#### K.A.R. 91-22-22 Hearing Procedure

The regulation is amended to clarify circumstances in which these regulations conflict with the Kansas Administrative Procedures Act. These regulations govern the procedures of the Professional Practices Commission. Other amendments are for grammatical corrections.

#### K.A.R. 91-22-25 Decision of the commission; review by state board

The regulation is amended to limit the Professional Practices Commission's authority to dismiss a complaint to only those complaints which allege a breach of contract.

The Kansas State Board of Education does not anticipate any significant financial or economic impact to this agency, other state agencies, or to the public as a result of these regulations.

#### Permanent Administrative Regulations

##### Article 43.—NOTARIES PUBLIC

**7-43-7. Definitions.** For purposes of this article of the secretary's regulations, each of the following terms shall have the meaning specified in this regulation:

(a) "Digital certificate" has the meaning specified for "certificate" in K.A.R. 7-41-1.

(b) "Notarial certificate" means the certificate evidencing the performance of a notarial act.

(c) "Secretary" means secretary of state.

(d) "Sole control" means being in the direct physical custody of the notary public or safeguarded by the notary public with a password or other secure means of authentication. (Authorized by and implementing K.S.A. 2022 Supp. 53-5a27; effective, T-7-6-30-22, June 30, 2022; effective Oct. 28, 2022; amended Dec. 29, 2023.)

**7-43-8. Notary public authorization with respect to notarial acts for electronic records and for remotely located individuals.** (a) Any notary public at any time during the notary public's commission may notify the secretary that the notary public intends to perform notarizations of electronic records or for remotely located individuals. The notification shall be provided on forms prescribed by the secretary along with the fee specified in K.A.R. 7-43-11.

(b) Upon the notification and receipt of the required fee, an authorization reflecting the notification to perform notarial acts on electronic records or for remotely located individuals shall be provided by the secretary.

(c) The authorization to perform notarial acts on electronic records or for remotely located individuals shall be concurrent with, and shall expire on the same date as, the notary public's commission.

(d) Any notary public who is authorized to perform notarial acts on electronic records or for remotely located individuals may terminate the authorization at any time during the notary public's commission by submitting to the secretary a form prescribed by the secretary. (Authorized by K.S.A. 2022 Supp. 53-5a27; implementing K.S.A. 2022 Supp. 53-5a15, 53-5a21, and 53-5a22; effective, T-7-6-30-22, June 30, 2022; effective Oct. 28, 2022; amended Dec. 29, 2023.)

**7-43-12. Renewal of notary public commission.** (a) Any notary public commission may be renewed in the manner and on the form used to file an initial application for a notary commission, along with payment of the prescribed fees.

(b) Any application for renewal of a notary public commission may be submitted to the secretary no sooner than 90 days before the expiration of the notary public's commission. Upon the receipt of a completed application and approval by the secretary, a notary commission shall be issued to the applicant.

(c) After the secretary approves the notary public commission renewal, if the notary public intends to continue performing notarial acts on electronic records or for remotely located individuals, the notary public shall submit a notification and the fee pursuant to K.A.R. 7-43-11. (Authorized by K.S.A. 2022 Supp. 53-5a27; implementing K.S.A. 2022 Supp. 53-5a22; effective, T-7-6-30-22, June 30, 2022; effective Oct. 28, 2022; amended Dec. 29, 2023.)

**7-43-13. Stamping device; official stamp for a tangible record.** (a) Each notary public's stamping device shall be retained under the notary public's sole control. Each notary public who obtains a new stamping device for use on a tangible record shall destroy or render unusable any previous stamping device, if the previous stamping device will no longer be used. Nothing in this subsection shall be construed to prohibit a notary public from using multiple stamping devices. When replacing a stamping device that has been lost or stolen, the notary public shall use a different style of official stamp to ensure that the new official stamp looks different from the prior official stamp.

(b) In addition to the requirements of state law, each notary public's official stamp for a tangible record shall provide a space for the notary public to record the notary public's commission expiration date. (Authorized by K.S.A. 2022 Supp. 53-5a27; implementing K.S.A. 2022 Supp. 53-5a18 and 53-5a19; effective, T-7-6-30-22, June 30, 2022; effective Oct. 28, 2022; amended Dec. 29, 2023.)

**7-43-14. Official stamp for an electronic record.** (a) Any notary public shall affix an official stamp to a notarial certificate that is affixed to or logically associated with the electronic record.

(b) When affixed to an electronic record, the official stamp on a notarial certificate shall be clear, legible, and photographically reproducible. An official stamp shall not be required to be within a minimum or maximum size when photographically reproduced on an electronic record. Each official stamp used shall include the following:

(1) The notary public's name exactly as indicated on the notary public's commission;

(2) the words "State of Kansas" and "Notary Public";

(3) the notary public's commission number; and

(4) the date of expiration of the notary public's commission.

(c) Each notary public's stamping device shall be retained under the notary public's sole control. A notary public shall not disclose any access information used to affix the notary public's electronic signature or official stamp to electronic records, except when required by a court order or subpoena.

(d) Each notary public shall promptly notify the secretary on actual knowledge of the theft, vandalism, or unauthorized use by another person of the notary public's stamping device.

(continued)

(e) When a notary public resigns a commission or a notary public's commission is revoked, the notary public shall request the provider of the notary public's digital certificate to revoke the digital certificate and provide evidence of the revocation to the secretary. (Authorized by K.S.A. 2022 Supp. 53-5a27; implementing K.S.A. 2022 Supp. 53-5a16, 53-5a18, and 53-5a19; effective, T-7-6-30-22, June 30, 2022; effective Oct. 28, 2022; amended Dec. 29, 2023.)

**7-43-15. Notary public's journal.** (a) Each notary public shall retain that notary public's records of notarial acts in a journal under the notary public's sole control.

(b) Each notary public's records of notarial acts shall be capable of being produced in a tangible medium when requested. (Authorized by K.S.A. 2022 Supp. 53-5a27; implementing K.S.A. 2022 Supp. 53-5a20; effective, T-7-6-30-22, June 30, 2022; effective Oct. 28, 2022; amended Dec. 29, 2023.)

**7-43-17. Short form notarial certificates; statement for notarial act for a remotely located individual.** (a) The following short form notarial certificates shall be sufficient for the purposes indicated, if completed in conformance with the procedures required for a notarial act:

(b) When a notary public performs a notarial act for a remotely located individual, the notarial certificate shall contain a statement substantially as follows: "This notarial act involved the use of audiovisual communication technology." (Authorized by K.S.A. 2022 Supp. 53-5a17; implementing K.S.A. 2022 Supp. 53-5a15 and 53-5a17; effective, T-7-6-30-22, June 30, 2022; effective Oct. 28, 2022; amended Dec. 29, 2023.)

**7-43-18. Standards for identity verification of a remotely located individual.** (a) If a notary public does not have personal knowledge of a remotely located individual pursuant to K.S.A. 2022 Supp. 53-5a07(a) or satisfactory evidence of the identity of a remotely located individual pursuant to K.S.A. 2022 Supp. 53-5a07(b)(2) and amendments thereto, the notary public shall obtain satisfactory evidence of the identity of the remotely located individual through a multifactor authentication procedure as follows:

(1) Analyze the identification credential presented by the remotely located individual against trusted third-person data sources using a process that shall, at a minimum, meet the following requirements:

(A) Use public or private data sources to confirm the validity of the identification credential;

(B) use automated software processes to aid the notary public in verifying the identity of each remotely located individual;

(C) require that the identification credential pass an authenticity test, consistent with sound commercial practices that use appropriate technologies to confirm the integrity of visual, physical, or cryptographic security features; confirm that the identification credential is not fraudulent or inappropriately modified; and provide the results of the authenticity test to the notary public; and

(D) use information held or published by the issuing source or an authoritative source, as available and consistent with sound commercial practices, to confirm the validity of personal details and identification credential details; and

(2) verify the remotely located individual's identity by requiring the individual to answer a quiz consisting of at least five questions related to the individual's personal history or identity and formulated from public or private data sources, as follows:

(A) The quiz shall meet the following requirements:

(i) Each question shall have at least five possible answer choices;

(ii) at least 80 percent of the questions shall be answered correctly; and

(iii) all questions shall be answered within two minutes;

(B) if the remotely located individual fails to answer at least 80 percent of the questions correctly on the first attempt, the individual may retake the quiz one time within 24 hours. During a retake of the quiz, at least 40 percent of the prior questions shall be replaced;

(C) if the remotely located individual fails the second attempt, the individual shall not be allowed to retake the quiz with the same notary public within 24 hours of the second failed attempt; and

(D) the notary public shall not be able to see or record the questions or answers. However, the results indicating passage or failure of the quiz shall be provided to the notary public.

(3) The notary public shall compare for consistency the information and photo on the identification credential presented by the remotely located individual with the remotely located individual when viewed by the notary public in real time through communication technology. The image resolution of the communication technology

being used shall be sufficient to enable visual inspection by the notary public, including legible text and the clarity of identification credential features.

(b) Any notary public may obtain satisfactory evidence of the identity of a remotely located individual by oath or affirmation of a credible witness by means of one of the following:

(1) Having personal knowledge of the identity of the credible witness by the notary public;

(2) presenting an identification credential to the notary public, as required by K.S.A. 2022 Supp. 53-5a07(b)(2) and amendments thereto, if the credible witness is in the same location as the notary public; or

(3) utilizing the multifactor authentication procedure required by this regulation for verifying the identity of a remotely located individual and visually inspecting the identification credential presented by the credible witness if the witness is not in the same location as the notary public.

(d) If a remotely located individual must exit the notarization session at any point, the notary public shall re-verify the identity of the remotely located individual as required by this regulation. (Authorized by K.S.A. 2022 Supp. 53-5a27; implementing K.S.A. 2022 Supp. 53-5a15; effective, T-7-6-30-22, June 30, 2022; effective Oct. 28, 2022; amended Dec. 29, 2023.)

**7-43-19. Security of records bearing a notarial certificate.** (a) For each tangible record, the notary public shall affix the notarial certificate directly on the record to be notarized, except as provided in this subsection.

(b) If a notarial certificate cannot be affixed to a record to be notarized because the record lacks adequate space for a notarial certificate, the notary public shall:

(1) provide the notarial certificate on a separate page and attach the notarial certificate to the record by staple or other secure method so that the removal of the record or notarial certificate is discernible; and

(2) include in the notarial certificate a description of the record to which the notarial certificate is attached.

(c) For each electronic record, the notary public shall attach or logically associate the notary public's electronic signature by use of a digital certificate to a notarial certificate that is affixed to or logically associated with the electronic record that is the subject of a notarial act.

(d) The notary public's digital certificate shall have tamper-evident technology meeting the following requirements:

(1) Be attributed or uniquely linked to the notary public;

(2) be capable of independent verification;

(3) be retained under the notary public's sole control; and

(4) be attached to or logically associated with the electronic record to which it relates in such a manner that any subsequent change of the electronic record is detectable.

(e) A notary public shall not perform a notarial act with respect to an electronic record if the digital certificate meets any of the following conditions:

(1) Has expired;

(2) has been revoked or terminated by the issuing or registering authority;

(3) is invalid; or

(continued)

(4) is incapable of authentication. (Authorized by K.S.A. 2022 Supp. 53-5a27; implementing K.S.A. 2022 Supp. 53-5a16, 53-5a18, and 53-5a27; effective, T-7-6-30-22, June 30, 2022; effective Oct. 28, 2022; amended Dec. 29, 2023.)

**7-43-20. Notarial acts for remotely located individuals.** (a) Any notary public may perform notarial acts for remotely located individuals only after being authorized as a notary public and notifying the secretary that the notary public will be performing notarial acts for remotely located individuals.

(b) A notary public shall not perform a notarial act for a remotely located individual if the notary public is not physically located in Kansas at the time of the notarization.

(c) Upon performing a notarial act for a remotely located individual, the notary public shall electronically attach a notarial certificate to the document being notarized. Each notarial certificate for a notarial act for a remotely located individual shall meet the following requirements:

- (1) State the name of the remotely located individual;
- (2) provide the date the notarial act occurred;
- (3) identify the state and county in which the notarial act was performed;
- (4) include a description of the type of notarial act performed, which shall be sufficient if the description is substantially similar to a short form specified in K.A.R. 7-43-17;

(5) include a statement regarding the use of communication technology as specified in K.A.R. 7-43-17; and

(6) contain the notary public's official stamp that is attached to the record and signed by the notary public with the notary public's digital certificate.

(d) Each notary public who performs a notarial act for a remotely located individual shall maintain an audiovisual recording of all notarial acts in addition to a journal of notarial acts that contains the entries required under K.S.A. 2022 Supp. 53-5a20(c), and amendments thereto. The audiovisual recording shall include the following, at a minimum:

- (1) Confirmation by the notary public that the individual has successfully completed identity proofing and credential analysis;
- (2) visual confirmation of the identity of the individual through visual inspection of the credential used during credential analysis; and
- (3) the actual notarial act performed.

(e) Each notary public shall attach that individual's electronic signature to the notarial certificate on an electronic record in a manner that is capable of independent verification and renders any subsequent change or modification to the electronic record tamper-evident. (Authorized by K.S.A. 2022 Supp. 53-5a27; implementing K.S.A. 2022 Supp. 53-5a15, 53-5a16, and 53-5a21; effective, T-7-6-30-22, June 30, 2022; effective Oct. 28, 2022; amended Dec. 29, 2023.)

**7-43-22. Notarial acts for remotely located individuals; providers of communication technology.** (a)(1) Any notary public authorized to perform notarial acts for remotely located individuals may use a provider of communication technology and identity proofing if the pro-

vider has submitted evidence under penalty of perjury to the secretary and to the notary public that the provider meets the requirements in K.A.R. 7-43-18 and 7-43-19(b), in addition to the following:

(A) Allowing the notary public sole control of the journal entry and audiovisual recording of the notarial act using audiovisual communication, subject to the authorized access granted by the notary public; and

(B) providing the notary public with access to the journal entry and audiovisual recording of the notarial act using audiovisual communication technology.

(2) The provider shall make and retain a secure backup of any audiovisual recording that is related to a notarial act for a remotely located individual.

(A) If the provider of communication technology and the provider of the backup are the same entity and the provider ceases business operations, the provider shall notify the notary public in advance of the cessation of business operations and, at the notary public's request, shall release any audiovisual recording related to a notarial act performed for a remotely located individual by the notary public.

(B) If the provider of communication technology and the provider of the backup are separate entities, the provider of communication technology shall sign an agreement with the provider of the backup that includes both of the following requirements:

(i) If the provider of communication technology or the provider of the backup ceases business operations, the entity ceasing business operations shall notify the other entity and the notary public in advance of the cessation of business operations.

(ii) At the notary public's request, the provider of the backup shall release to the notary public any audiovisual recording related to a notarial act for a remotely located individual performed by the notary public.

(b) Each provider of communication technology shall protect from unauthorized access the audiovisual recording of each notarial act and any "personal information," as defined in K.S.A. 50-7a01 and amendments thereto, disclosed during the performance of a notarial act using communication technology. The audiovisual recording shall be created in an industry-standard file format and shall not include images of any electronic record on which the remotely located individual made a statement or on which the remotely located individual executed a signature.

(c) Each notary public shall take reasonable steps to ensure that the communication technology used to perform a notarial act for a remotely located individual is secure from unauthorized interception.

(d) Any provider of communication technology may provide a hardware or software update to the technologies that the notary public identified in the notification form to perform notarial acts for remotely located individuals if the hardware or software update is not materially different from the technologies that the notary public identified on the notification form to perform notarial acts for remotely located individuals. The provider of communication technology shall offer an assurance to the notary public that the update does not represent a material difference from the technology that the notary

public identified on the notification form provided to the secretary. If the provider of the technology notifies the notary public that the hardware or software update is materially different from the hardware or software identified on the notification form to perform notarial acts for remotely located individuals provided to the secretary, the notary public shall update the technology information with the secretary. (Authorized by K.S.A. 2022 Supp. 53-5a27; implementing K.S.A. 2022 Supp. 53-5a15; effective, T-7-6-30-22, June 30, 2022; effective Oct. 28, 2022; amended Dec. 29, 2023.)
