Notice of Hearing

Pursuant to K.S.A. 76-7,131(e), on behalf of the Kansas Board of Regents, Wichita State University gives notice that the State Educational Institution Procurement Committee will conduct a public hearing at 11:00 a.m. Monday, February 5, 2024, in Room #251 of the Rhatigan Student Center, 1845 Fairmount St. #56, Wichita, Kansas. Visitor parking is available in the parking garage located south of the Rhatigan Student Center off WuShock Drive.

The purpose of the hearing is for the public to have an opportunity to comment on a request from Wichita State University to utilize Construction Management At-Risk (CMAR) alternate project delivery method as authorized by the state educational institution project delivery construction procurement act (K.S.A. 76-7,125) for the University Stadium Project Phase 1A and 1B.

The University Stadium project is a replacement for Cessna Stadium. Phasing has been developed around maintaining the spectator seating and other infrastructure required for the Wichita State Track and Field teams as well as the annual Kansas State High School Activities Association (KSHSAA) Track and Field Championship. Demolition of the east stands of Cessna Stadium has been completed outside the scope of this project as a separate small capital project. Phase 1A includes improvements on the east side of the existing track (a seating area, new free-standing field lights, ticket pavilion, restroom/storage buildings, and plaza). Phase 1B widens the existing grass field to accommodate a regulation-sized soccer field and reconfigures the 8-lane track around the widened field. This phase also includes new aluminum bleacher seating at the north and south side of the track. Future phases, 2A and 2B, will be conducted under a separate contract.

Construction costs are estimated at \$9.6 million.

Upon publication of this Request for Proposals (RFP), KDOT anticipates each of these inspection efforts will require full teams (project manager and inspectors, as opposed to single role staff augmentation as is occasionally request) for various types of construction inspection except as noted in the table. Watch the website linked above for updated information. Tabulated information (both in this RFP and on the website) shall not be relied upon during inspections. It is provided for the convenience of consultants, specifically to aid in making decisions about which projects they are interested in performing.

Specific project needs are subject to modification and/or cancellation at KDOT’s discretion.

The Kansas Board of Regents will conduct a public hearing to consider proposed new regulations K.A.R. 88-9b-1, 88-9b-2, 88-9b-3, 88-9b-4, 88-9b-5, and 88-9b-6. The hearing will be held at 10:00 a.m. March 19, 2024, in the

Kansas Board of Regents Board Room, 1000 SW Jackson St., Suite 520, Topeka, KS 66612.

This 60-day notice of the public hearing shall constitute a public comment period for receiving written public comments on the proposed new regulations. All interested parties may submit comments prior to the hearing to Gage Rohlf at the Kansas Board of Regents at the address above, by phone at 785-430-4236, or by email to grohlf@ksbor.org. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations during the hearing. To provide all parties with an opportunity to present their views, it may be necessary to request each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Gage Rohlf using the contact information listed above. Individuals with hearing or speech disabilities may contact the Kansas Relay Center at 800-766-3777 for communication accommodations.

Copies of the proposed regulations and the economic impact statement may be found at <http://www.kansasregents.org/about/rules-regulations> or by contacting Gage Rohlf.

A summary of the proposed regulations and the economic impact statement of the regulations follows:

The 2023 Legislature established the Adult Learner Grant Program for certain students enrolled in eligible bachelor’s degree programs at qualifying postsecondary educational institutions. The legislation requires, with certain exceptions, that each student receiving a grant agree to reside and work in Kansas for two years following completion of their grant-funded program.

These regulations: (1) provide definitions of key terms used in the regulations and statutes; (2) set forth the process to apply for a grant and appeal a denial or revocation of a grant; (3) set forth the terms to be included in a grant agreement and the requirements for successful completion of, postponement of, or release from the service obligation; and (4) establish the process for repayment of any grant when the service or other requirements are not met or forgiven.

There is no anticipated economic impact on specific businesses, sectors, public utility ratepayers, or local governments. Neither the act nor the regulations directly affect those entities.

Students who qualify for grants under this program and who successfully complete their grant-funded programs and two-year service requirements will benefit from the grant authorized by the Act. Students who are unable to complete or be excused from their service obligations will be required to repay grant funds. The higher education institutions that grant recipients attend will award the grants and be reimbursed by funds appropriated by the Legislature for this purpose. Individuals affected by the regulations will benefit financially from receiving grants, as will the institutions attended by the grant recipients. Kansas businesses will

benefit to the extent additional trained individuals remain in Kansas communities to work after completion of their programs. The regulations themselves will have no direct economic effect, as they only stipulate how the Board of Regents and the participating institutions will implement the program.

There will be no direct economic impact on other public agencies or private businesses as a result of these regulations. The regulations will neither enhance nor restrict business activities and growth, other than as discussed above.

Notice of Hearing on Proposed Administrative Regulations

The Kansas Board of Regents will conduct a public hearing to consider proposed revocations of K.A.R. 88-13-7, 88-13-8, 88-14-1, 88-14-2, 88-14-3, 88-14-4, 88-18-1, 88-18-2, 88-18-3, 88-18-4, 88-18-5, 88-18-6, 88-18-7, 88-18-8, 88-20-2, 88-20-6, 88-20-7, 88-21-5, 88-21-6, 88-21-7, 88-22-5, 88-27-1, and 88-27-2. The hearing will be held at 11:00 a.m. March 19, 2024, in the Kansas Board of Regents Board Room, 1000 SW Jackson St., Suite 520, Topeka, KS 66612.

This 60-day notice of the public hearing shall constitute a public comment period for receiving written public comments on the proposed revoked regulations. All interested parties may submit comments prior to the hearing to Gage Rohlf at the Kansas Board of Regents at the address above, by phone at 785-430-4236, or by email to grohlf@ksbor.org. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations during the hearing. To provide all parties with an opportunity to present their views, it may be necessary to request each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Gage Rohlf using the contact information listed above. Individuals with hearing or speech disabilities may contact the Kansas Relay Center at 800-766-3777 for communication accommodations.

Copies of the proposed regulations and the economic impact statement may be found at <http://www.kansasregents.org/about/rules-regulations> or by contacting Gage Rohlf.

A summary of the proposed regulations and the economic impact statement of the regulations follows:

The Board of Regents has begun its first five-year review of its rules and regulations pursuant to K.S.A. 77-440. As part of that review, the agency has identified 23

unnecessary regulations: 14 regulations that are obsolete because they relate to obsolete programs, and 9 obsolete regulations that relate to ongoing programs.

These revocations would eliminate those obsolete regulations. The regulations related to obsolete programs are: (1) K.A.R. 88-14-1 through 88-14-4 (Community Resource Program); (2) K.A.R. 88-18-1 through 88-18-8 (Kansas Honors Scholarship Program); and (3) K.A.R. 88-27-1 and 88-27-2 (Washburn University Out-District Tuition). The underlying statutory programs no longer receive state funding and are no longer active.

The obsolete regulations related to ongoing programs are: K.A.R. 88-13-7, 88-13-8, 88-20-6, 88-20-7, 88-21-5, 88-21-6, 88-21-7 and 88-22-5. These regulations relate to the Student Assistance programs, Nursing Service Scholarship Program, Kansas Ethnic Minority Scholarship Program, and Kansas Teachers Scholarship Program. The regulations are generally obsolete because they reference individual income tax returns, which are no longer used to determine scholarship eligibility, and because they set out confidentiality requirements that have been superseded by other laws. K.A.R. 88-20-2 establishes an out-of-date limit on nursing service scholarships, and K.A.R. 88-21-7 establishes an out-of-date method for apportioning awards under the Ethnic Minority Scholarship Program in the event scholarship funds are over-subscribed.

There is not anticipated to be any economic impact on specific businesses, sectors, public utility ratepayers, or local governments. Revoking these regulations will not impose any implementation or compliance costs on those groups. Revoking the regulations is not anticipated to have any economic impact on the general public.
