**Notice of Hearing**

A public hearing will be conducted at 9 a.m. Thursday, August 26, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the projects numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

**Project No. 000788—Maximum Principal Amount: \$40609.14.** Owner/Operator: Brian and Sandra Hiebert. Description: Acquisition of 38 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Brian and Sandra Hiebert and is located at the South Half of the Southwest Quarter of Section 4, Liberty Township, Marion County, Kansas, approximately 1 mile south and 1 mile west of Hillsboro.

**Project No. 000790—Maximum Principal Amount: \$215,000.** Owner/Operator: Clarke S. Nelson. Description: Acquisition of 430 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Clarke S. Nelson and is located at Section 9, Township 2, Range 21, and the Southwest Quarter of Section 22, Township 2, Range 22 in Norton County, Kansas, approximately 1 mile east of Almena.

**Project No. 000791—Maximum Principal Amount: \$267,000.** Owner/Operator: Bradley J. Haug. The project is being financed by the lender for Bradley J. Haug and is located at the Southeast Quarter of Section 7, Township 2, Range 11, Nemaha County, Kansas, approximately 3 miles north of Baileyville.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the projects may be obtained by contacting the KDFA.

**KANSAS EXPANDED LOTTERY RULES AND REGULATIONS**

**Article 306.—SPECIFIC LOTTERY FACILITY GAMES AT LOTTERY GAMING FACILITIES; PAI-GOW POKER FORTUNE BONUS**

**111-306-6. Play.** (a) The starting position for the dealing of cards or the delivery of stacks of cards for the

game of pai-gow poker may be determined in one of the following manners:

(1) The dealer shall shake the pai-gow poker shaker and dice at least three times so as to cause a random mixture of the dice.

(A) The dealer shall then remove the lid covering the pai-gow poker shaker, total the dice and announce the total.

(B) To determine the starting position, the dealer shall count counterclockwise around the table, with the position of the dealer considered number one, and continuing around the table with each betting position counted in order, including the dealer, regardless of whether there is a wager at the position, until the count matches the total of the three dice.

(C) The dealer shall place the cover on the pai-gow poker shaker and shake the shaker once. The pai-gow poker shaker shall then be placed to the left of the dealer's rack.

(2) The dealer may use a computerized random number generator to select and display a number from 1 through 7, inclusive, and verbally announce the number. To determine the starting position, the dealer shall count counterclockwise around the table, with the position of the dealer considered number one, and continuing around the table with each betting position counted in order, including the dealer, regardless of whether there is a wager at the position, until the count matches the number displayed by the random number generator.

(b) After all players have set their hands and placed the cards on the table, the seven cards of the dealer shall be turned over and the dealer shall set his or her hands by arranging the cards into a high and low hand using the following rules:

(1) No pair - use the highest card in the high hand. Use the second and third highest cards in the low hand.

(2) One pair - always play the pair in the high hand.

(3) Two pair - always split unless one or both pair are five and under and the dealer has an ace, together with a king, queen, or jack. Split if both pair are six or above.

(4) Three pair - always play the highest pair in the low hand.

(5) Three-of-a-kind - always play the three-of-a-kind in the high hand and play the next two highest cards in the low hand, except that if the three-of-a-kind is aces, play a pair of aces in the high hand and an ace and the next highest card in the low hand, and if the dealer has two three-of-a-kinds, the dealer must break the higher three-of-a-kind and use it as a pair for the low hand keeping the lower three-of-a-kind in the high hand.

(6) Straights - six and seven card straights always play the highest two cards possible for the low hand while still playing a straight in the high hand, except that if two pair is with the straight, always apply the two pair rule, and if the dealer holds a straight with a flush at the same time, the dealer must always play the highest possible low hand. The ace, 2, 3, 4, and 5 are the second highest straight.

(7) Flush, including straight flush and royal flush - for six and seven card flushes (and straight flushes) the dealer must play the highest two cards possible in the

*(continued)*

low hand while still playing the flush in the high hand, except that if two pair is with the flush (or straight flush), the two pair rule will apply, and if the dealer holds a flush with a straight at the same time, the dealer must always play the highest possible low hand.

(8) Full house - always play the pair in the low hand and the three-of-a-kind in the high hand, except that if the dealer holds a full house with another pair, the dealer must play the highest pair in the low hand and the full house in the high hand.

(9) Four-of-a-kind - apply the two pair rule, except that if one pair of three-of-a-kind is with the four-of-a-kind is aces and the pair or three-of-a-kind is kings, then play the kings in the low hand the four aces in the high hand.

(10) Five aces - always play a pair of aces in the low hand and the three aces in the high hand, except that if the dealer holds a pair of kings with five aces, the dealer must play the pair of kings in the low hand and the five aces in the high hand.

(c) The dealer shall then place the two hands face up on the appropriate area of the layout.

(d) A player may not surrender his or her hand.

(e) Once the dealer has set a high hand and a low hand, the dealer shall expose both hands of each player, starting from the right and proceeding counterclockwise around the table. The dealer shall compare the high and low hand of each player to the high and low hand of the dealer and shall announce if the pai-gow poker wager of that player shall win, lose, or be considered a tie.

(f) All losing wagers shall be immediately collected by the dealer and put in the table games chip tray. A pai-gow poker wager made by a player shall lose if:

(1) The high hand of the player is lower in rank than the high hand of the dealer and the low hand of the player is lower in rank than the low hand of the dealer;

(2) The high hand of the player is identical in rank to the high hand of the dealer or the low hand of the player is identical in rank to the low hand of the dealer (a copy hand) and the other hand of the player is identical in rank or lower in rank than the other hand of the dealer;

(3) The high hand of the player was not set so as to rank equal to or higher than the low hand of that player; or

(4) The two hands of the player were not otherwise set correctly in accordance with the rules of the game (for example, a player forms a three-card low hand and a four-card high hand).

(g) All hands that resulted in a winning pai-gow poker wager shall remain face up on the layout. Winning wagers shall be paid as the dealer exposes the players' cards with the exception of the hands that require income tax withholding and/or reporting, which are paid once the necessary documents are completed.

(h) After a winning pai-gow poker wager has been paid and the vigorish collected, the dealer shall then, if applicable, pay the winning bonus wager of that player. Before paying a winning bonus wager, the dealer shall, if necessary, reset the player's high hand and low hand to form the hand type yielding the highest bonus payout to which the player is entitled. The dealer shall then collect the cards from that player.

(i) All cards collected by the dealer shall be picked up in order and placed in the discard rack in such a way that they can be readily arranged to reconstruct each hand in case of a question or dispute.

(j) The following irregularities or invalid roll of dice shall apply:

(1) If the dealer uncovers the pai-gow poker shaker and all three dice do not land flat on the bottom of the shaker, the dealer shall call a "No roll" and reshake the dice.

(2) If the dealer uncovers the pai-gow poker shaker and a die or dice fall out of the shaker, the dealer shall call a "No roll" and reshake the dice.

(3) If the dealer incorrectly totals the dice and deals the first card or delivers the first stack to the wrong position, all hands shall be called dead and the dealer shall reshuffle the cards.

(4) If the dealer exposes any of the cards dealt to a player, the player has the option of voiding the hand. Without looking at the unexposed cards, the player shall make the decision either to play out the hand or to void the hand.

(5) If a card or cards in the hand of the dealer or bank is (are) exposed, all hands shall be void and the cards shall be reshuffled.

(6) A card found turned face up in the shoe shall not be used in the game and shall be placed in the discard rack. If more than one card is found turned face up in the shoe, all hands shall be void and the cards shall be reshuffled.

(7) A card drawn in error without its face being exposed shall be used as though it was the next card from the shoe.

(8) If any player or the dealer is dealt an incorrect number of cards, all hands shall be void and the cards reshuffled.

(9) If the dealer does not set his or her hands in the manner specified above, the hands must be reset in accordance with this submission and the round of play completed.

(10) If an automated card shuffling device is being used and the device jams, stop shuffling during a shuffle, or fails to complete a shuffle cycle, the cards shall be reshuffled.

(11) If an automated dealing shoe is being used and the device jams, stops dealing cards, or fails to deal all cards during a round of play, the round of play shall be void, and the cards shall be removed from the device and reshuffled with any cards already dealt.

(12) If cards become soiled in the course of play and the dealer finds that a card is unsuitable for use, a table games floor supervisor will bring a substitute card from the card reserve in the pit stand and the unsuitable card is placed in a sealed envelope or container. The table games floor supervisor will maintain the envelope in a secure place within the pit until collection by security personnel.
