All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Requests for accommodation should be made at least five working days in advance of the hearing by contacting the commission at the address above or by calling (785) 296-5800.

Copies of the proposed regulations and the economic impact statements for the proposed regulations can be viewed by accessing the official Web site of the Kansas Racing and Gaming Commission at [www.krgc.ks.gov](http://www.krgc.ks.gov).

Under the Expanded Lottery Act, all of the costs of oversight and regulation by the Kansas Racing and Gaming Commission are required to be paid by the gaming facility managers. Therefore, there are no costs anticipated to the agency or other governmental agencies, or to the people of Kansas, as a result of these regulations.

The following is a summary of the proposed regulations:

**K.A.R. 112-100-2. Duty to disclose material and complete information.** The amendment to this regulation includes a provision that a licensee or certificate holder shall report suspected illegal activity or regulatory violations to the commission security staff within 24 hours of becoming aware of the matter.

**K.A.R. 112-101-8. Certificate renewal.** The amendment to this regulation clarifies that submitting a renewal application suspends the expiration of the certificate until the commission has taken action on the application, not to exceed six months.

**K.A.R. 112-102-2. Gaming supplier and non-gaming supplier defined.** The amendment to this regulation adds a new section clarifying certain regulated or professional companies shall not be considered a non-gaming supplier.

**K.A.R. 112-102-10. Certificate renewal application.** The amendment to this regulation clarifies that submitting a renewal application suspends the expiration of the certificate until the commission has taken action on the application, not to exceed six months.

**K.A.R. 112-103-11. License renewal.** The amendment to this regulation clarifies that submitting a renewal application suspends the expiration of the license until the commission has taken action on the application, not to exceed six months.

**K.A.R. 112-104-5. Standard financial reports.** The amendments to this regulation reflect that annual and quarterly reports shall be based on the state's fiscal year rather than a calendar year.

**K.A.R. 112-104-6. Annual audit; other reports; currency transaction reporting; suspicious transaction reporting.** The amendments to this regulation remove two types of additional reports to be required by the facility manager's independent certified public accountant or independent registered certified public accounting firm auditing the facility manager's financial statements. New language is added stating an annual audit of the facility manager's compliance with commission regulations may be required by the executive director.

**K.A.R. 112-104-42. Purchasing.** This new regulation requires each facility manager's internal control system to include internal controls for purchasing.

Notice of Hearing on Proposed  
Administrative Regulations

A public hearing will be conducted at 10 a.m. Monday, September 19, in Room 108, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider adoption of a proposed regulation of the Kansas Department of Administration. The changes are proposed for adoption on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written comments prior to the hearing to Kansas Department of Administration, Attn: Nancy Ruoff, Room 351-S, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, or by e-mail to nancy.ruoff@da.ks.gov. All interested parties will be given a reasonable opportunity to present their views either orally or in writing, or both, concerning the adoption of the proposed regulation. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Maye Wenger at (785) 296-2314. Parking for individuals with disabilities is located on Jackson Street on the west side of the Landon State Office Building, as well as in front of the Memorial Building at 10th and Jackson. The north entrance to the Landon State Office Building is accessible to individuals with disabilities.

Copies of the proposed regulation and the economic impact statement can be viewed at <http://www2.da.ks.gov/ar/>. A brief summary of the proposed regulation and the economic impact follows:

**K.A.R. 1-9-5a. Limits on state leave payment reserve fund payouts.** This new regulation limits the accumulated hours of vacation leave paid from the State Leave Payment Reserve Fund (SLPRF) to the maximum accumulated hours specified in K.A.R. 1-9-4 for an employee separating from state service due to retirement. It is estimated that the economic impact on the Department of Administration would be related to computer programming changes and would cost approximately \$1,675. The impact on state agencies that maintain or implement a policy that allows for accumulation and payout of vacation leave in excess of 240 hours upon retirement will be based on the hours in excess of 240 paid to retiring employees and the specific employee's rate of pay. The payout for excess hours will be the responsibility of that agency upon the implementation of this regulation.

The remainder of this regulation confirms that the payout for sick leave upon retirement is made according to the statutory limit specified in K.S.A. 75-5517.

WHEREAS, K.S.A. 48-925(b) provides that the Governor may issue orders and proclamations which shall have the force and effect of law under subsection (b) of K.S.A. 48-924; and

WHEREAS, on the 22nd day of May, 2011, a tornado, large hail, and extreme weather conditions resulted in an emergency disaster in the city of Joplin, in Jasper County, Missouri; and

WHEREAS, the Kansas Board of Healing Arts has informed me that this emergency disaster has caused or threatens to cause an interruption in the delivery of essential medical services and emergency medical services, or otherwise threatens the public welfare, to all those who commonly and regularly received medical care in the Joplin area; an area that includes Jasper County, Missouri, Labette County, Kansas, Cherokee County, Kansas, and Crawford County, Kansas; and

WHEREAS, the Kansas Board of Healing Arts has informed me that conditions exist which require practitioners of the healing arts that are licensed in the State of Missouri to provide essential medical services and emergency medical services to citizens of Jasper County, Missouri, Labette County, Kansas, Cherokee County, Kansas, and Crawford County, Kansas and to provide such services within the jurisdictional bounds of the State of Kansas due to the destruction of medical care facilities in Jasper County, Missouri;

(4) If an applicant has taken both the ACT and SAT, the admission officer shall consider the applicant's better score on the two tests for admission decisions.

(1) If class rank cannot be determined, the admission officer shall not admit an applicant under this criterion.

(2) If an applicant's documented class rank is in the top third of the applicant's class after the applicant's seventh semester of high school, the class rank may be used to admit an applicant into the temporary admission category without further review of the applicant's materials.

(3) If an applicant's documented class rank is in the top third of the applicant's class after the applicant's sixth semester of high school, the class rank may be used to admit an applicant into the temporary admission category without further review of the applicant's materials.

(4) The admission officer shall consider a course to be part of the approved qualified admission precollege curriculum only if the course code that appears on the official high school transcript is the same as the course code of the approved course.

(5)(A) If the high school transcript reports grades on a four-point scale, the admission officer shall calculate grade point averages in the approved qualified admission precollege curriculum by assigning four points to a grade of A, three points to a grade of B, two points to a grade of C, and one point to a grade of D. Pluses and minuses shall not be considered in the calculation.

(B) If the high school transcript reports grades on a scale other than a four-point scale, the admission officer shall mathematically convert the grades to a four-point scale and assign points as described in paragraph (c)(5)(A).

(B) If the high school transcript indicates that a P is equivalent to a grade of C or higher, the admission officer shall assign two grade points to each grade of P.

(C) If the high school transcript does not indicate the minimum letter grade corresponding to a P, the admission officer shall not include the course in the calculations for the grade point average in the qualified admission precollege curriculum.

(7) If an applicant has retaken an approved qualified admission precollege course, the admission officer shall use the highest grade when calculating the grade point average for the approved qualified admission precollege curriculum.

(8) If an applicant has taken a college course to meet the requirements for the approved qualified admission precollege curriculum and if this college course appears on the applicant's official high school transcript, the admission officer shall include the college course in the grade point average as follows:

(A) Each college course with three or more credit hours, but no more than six credit hours, shall be treated as a one-unit high school course.

(B) Each college course with more than six credit hours shall be treated as a two-unit high school course.

(d) If functional equivalents are substituted for courses in the qualified admission precollege curriculum in one or more disciplines, the admission officer of a state educational institution shall not assign a grade point value to the functional equivalents when calculating the qualified admission precollege curriculum grade point average.

(e) At the time of admission of an applicant, the state educational institution shall notify the applicant of each of the following:

(1) The category or categories in which the applicant is admitted;

(2) any enrollment restrictions associated with the applicant's category or categories of admission; and
