## State of Kansas

**Department of Health  
and Environment  
Division of Health Care Finance**

**Public Notice**

The state of Kansas Medicaid is proposing a state plan change to be effective January 1, 2013 through December 31, 2014, for payment rates to primary care physicians for furnishing primary care services. Payment rates must be not less than 100 percent of Medicare (if greater, the Medicare payment rate in effect in 2009 is to be used). Primary care physicians are defined as physicians with a primary specialty designation of family medicine, general internal medicine or pediatric medicine. Primary care services include those in the Evaluation and Management category under the Healthcare Common Procedure Coding System (HCPCS) used by Medicare (99201 – 99499), and services related to immunization and administration for vaccines and toxoids (90465, 90466, 90467, 90471, 90472, 90473 and 90474). Medicaid managed care plans must make payments to physicians consistent with these minimum payment rates, regardless of the manner in which payments are made by the plans, including capitation or partial capitation payments. This provision is mandated by the Patient Protection and Affordable Care Act.

The Division of Health Care Finance anticipates a fiscal impact of \$6,900,000 for FFY 2013 and \$9,200,000 for FFY 2014.

A copy of the proposed state plan change, which has additional information, may be obtained from any local SRS office. To send comments, to review comments received or to obtain additional information, contact Rita Haverkamp, KDHE, Division of Health Care Finance, Room 900-N, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612-1220, or email RHaverkamp@kdheks.gov.

The purpose of these hearings is to gain citizen input on the proposed program. No preregistration is required. All citizens are invited to attend the public hearings scheduled as follows:

Date	Time	Location

The Department of Commerce is proposing to reallocate deobligated and unobligated funds of up to \$1.5 million for a pilot housing project. The maximum grant award would be \$500,000 and projects will be accepted until the funds are depleted. Applications would be taken on an open-window basis. Projects must have a business connection and address a minimum of four units.

An applicant will complete the Housing Assessment Tool (HAT) and submit a brief pre-application for review by a committee. Regular CDBG rules, including procurement, will apply to these pilot projects. To qualify for funding, the projects would have to meet the "low-to-moderate income" national objective under the Housing & Community Development Act.

The following proposed regulations provide the detailed information on program requirements for batterer intervention programs (BIPs) and the certification process granted in 2012 Senate Bill 304. The proposed regulations also fulfill the statutory obligation for the Office of the Attorney General to promulgate rules and regulations regarding the domestic violence offender assessment, as required in K.S.A. 2011 Supp. 75-755. Please see the summary of each proposed regulation below.

**K.A.R. 16-12-1. Scope.** This is a new regulation that describes the purpose of the article as setting the minimum standards for batterer intervention programs (also known as domestic violence or abuse intervention, or domestic violence educational programs).

**K.A.R. 16-12-2. Definitions.** This is a new regulation that defines terms used in the article not defined in the act, including: continuing education, controlled substance, remedial or other requirements, supervisee, and unprofessional conduct, as it pertains to the provision of batterer intervention services.

**K.A.R. 16-12-3. Continuing education.** This is a new regulation that outlines the specific requirements and standards for acceptable continuing education credits for batterer intervention applicants and programs.

**K.A.R. 16-12-4. Program requirements.** This is a new regulation that adopts by reference the "Essential Elements and Standards of Batterer Intervention Programs in Kansas" where minimum program elements are described. In addition, the regulation establishes the requirement for certified batterer intervention programs to submit a statistical report to the Office of the Attorney General.

**K.A.R. 16-12-5. Domestic violence offender assessment.** This is a new regulation that adopts by reference the Kansas Domestic Violence Offender Assessment (KDVOA). This regulation also describes the requirement for licensure by the Behavioral Science Regulatory Board, as required by the Act.

**K.A.R. 16-12-6. Temporary permit; application.** This is a new regulation that describes the process by which an applicant applies to be granted a temporary permit to act as a certified batterer intervention program by the Office of the Attorney General.

**K.A.R. 16-12-7. Initial certification; application.** This is a new regulation that describes the process by which an applicant applies for initial certification by the Office of the Attorney General.

**K.A.R. 16-12-8. Renewal certification; application.** This is a new regulation that describes the process by which an applicant applies for renewal certification by the Office of the Attorney General.

**K.A.R. 16-12-9. Certification reinstatement; application.** This is a new regulation that describes the process by which an applicant applies for reinstatement certification by the Office of the Attorney General.

**K.A.R. 16-12-10. Evaluating and monitoring certified batterer intervention programs.** This is a new regulation that describes the process that will be used by the Office of the Attorney General to evaluate and monitor these programs.

#### Summary of the economic impact of the proposed regulations

The Office of the Attorney General has created the Batterer Intervention Program (BIP) Unit to coordinate the activities as necessary to fulfill the statutory responsibilities assigned. Staff time is spent providing capacity building training and technical assistance, as well as monitoring programs for compliance with the *Essential Elements and Standards*, as adopted by reference in the proposed regulations. Monitoring the programs requires two initial site visits, reviewing applications and supporting documentation, contacting collateral sources of information, and biannual renewals of this process. Training and technical assistance practices include providing an average 20 trainings per year and technical assistance as requested. These functions and activities of the BIP Unit cost an estimated \$80,000-\$100,000 annually, including salary, supplies, equipment and travel expenses. Currently, these costs are funded through the procurement of federal grant dollars by the Office of the Attorney General.

BIP costs, including the cost of the KDVOA, are paid for by the participant of the program, unless otherwise specified by the courts or Kansas Department of Corrections, per the legislation. The actual cost of each group session and the assessment is set by the provider of batterer intervention services. Any difficulties in paying this cost will likely be negotiated between the offender and the agency providing the service.

The programs providing this service typically include mental health centers, nonprofit agencies and licensed professionals in private practice. These providers could see a potential increase in revenue if the number of cases designated domestic violence increase resulting in an increase in referrals for services. There also could be costs to these providers in order to obtain the required continuing education training. These costs could include training registration fees and travel expenses. Additionally, programs will be required to pay an application fee to the Office of the Attorney General, as described in 2012 SB 304.
