**Department of Agriculture
Division of Animal Health**
**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Thursday, January 10, in the fourth floor training room of the Kansas Department of Agriculture, 109 S.W. 9th, Topeka, to consider the adoption of a proposed regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 109 S.W. 9th, 4th Floor, Topeka, 66612, or by e-mail at leslie.garner@kda.ks.gov. Comments also may be made through the department's website at <http://www.ksda.gov>, under the proposed regulation.

All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

This regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and economic impact follows:

K.A.R. 9-7-4 clarifies current testing requirements for cattle, eliminates some outdated language in the existing regulation, and sets out new testing requirements regarding trichomoniasis.

Economic Impact Statement: The Kansas Department of Agriculture will not have any costs associated with modifying the language. The seller of a non-virgin bull will bear testing costs of the animal to validate that it is free of the tritrichomonas organism. Testing costs are currently the responsibility of owners to meet import requirements of other states.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Leslie Garner at 785-296-4623 or fax 785-368-6668. Handicapped parking is located at the southwest corner of 9th and Kansas Ave., and the north entrance to the building is accessible to individuals with disabilities.

Copies of the regulation and the economic impact statement may be obtained by contacting Leslie Garner at the contact information above or by accessing the department's website at <http://www.ksda.gov>.

The Kansas Department of Health and Environment is proposing to issue two permits to the Chanute Municipal Power Plant #2 pursuant to Title IV (Acid Deposition Control) of the Federal Clean Air Act and implementing regulations found in 40 CFR Parts 72 through 78. The effective date of the first permit is from October 29, 2009 through December 31, 2012. The effective date of the second permit is from January 1, 2013 through December 31, 2014. Two permits are being issued so that the facility can be placed on the normal January to December permit term rather than the current permit term.

One combustion turbine is affected by this permit action. Identified as Unit 14, the unit is located at 1415 N. Garfield Road, Chanute, Neosho County, 66720, and operated by the city of Chanute, P.O. Box 907, Chanute, 66720, and would receive 0, 0, 0, 0, 0 and 0 allowances, respectively, for each year from 2010 through 2014. The city of Chanute proposes to comply with the Acid Rain Program emission requirements by holding enough allowances to cover all sulfur dioxide emissions. Issuance of this permit would not affect the responsibility of the city of Chanute to meet all other existing local, state and federal sulfur dioxide emission requirements.

The designated representative for Chanute Municipal Power Plant #2 is John Lester.

A copy of the proposed permits, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air, 1000 S.W. The standard departmental cost will be assessed for any copies requested.

Direct any written comments or questions regarding the proposed permit to Larry D. Lowry, P.E., KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.
