The proposed action is to reissue an existing permit for the operation of an existing wastewater treatment facility. The existing facility consists of an influent pump station, mechanical bar screen, grit chambers, blower building consisting of a six-cell aerated lagoon system with an average daily design flow of 6.75 MGD, and an activated sludge system with an average daily design flow of 12.0 MGD. The activated sludge system consists of two earthen aeration basins, two clarifiers, RAS pump station and UV disinfection of the effluent. The two systems operate in parallel and discharges from 001L1 and 001M1 combine as Outfall 001X1, which discharges to a four-port effluent diffuser in the Kansas River. The draft permit requires the facility to maximize the flow through the mechanical plant up to its design capacity while diverting influent flow to the lagoon as necessary to maintain biological activity in the lagoon to achieve effluent permit requirements. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, ammonia, E. coli, whole effluent toxicity and pH, as well as monitoring for phosphorus, nitrate + nitrite, total Kjeldahl nitrogen, total nitrogen, total recoverable lead, priority pollutants and flow. Contained in the permit is a schedule of compliance requiring the permittee to submit a new mixing zone study and to explore the capabilities of the plant to reduce the nutrient concentration in the discharge.

Doc. No. 042098

State of Kansas

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, December 5, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 000875 — Maximum Principal Amount: \$450,000. Owner/Operator: John T. Pacha. Description: Acquisition of 160 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for John T. Pacha and is located at the Northwest Quarter of Section 3, Township 3 South, Range 6 East of the 6th PM, Marshall County, Kansas, approximately 5 miles west and 1 mile south of Marysville at the intersection of Limestone Road and 4th Road.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

(d) Financial eligibility.

(1) Financial eligibility shall be based on the current monthly income and family size of the household, unless

a change in circumstances is expected. In this case, financial eligibility shall be based on the projected monthly income and family size of the household.

(e) Exclusion of resources. The value of the household's resources shall not be taken into consideration in determining financial eligibility.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-6-54. Financial eligibility for MAGI-excepted coverage groups. This regulation shall apply to all groups described in K.A.R. 129-6-34(c)(2), except that subsections (c) and (d) of this regulation shall not apply to any medicare beneficiary who meets the requirements of K.A.R. 129-6-86 or to any working disabled individual who meets the requirements of K.A.R. 129-6-87.

(a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this regulation:

(1) "Client obligation" means the amount that the individual is required to pay towards the cost of care that the individual receives in a long-term care arrangement. Client obligation shall be based on the amount of applicable income that exceeds the income standard in the eligibility base period.

(2) "Eligibility base period" means the length of time used in the determination of financial eligibility. The length of the eligibility base period varies from one month to six months as specified in subsection (b).

(3) "Spenddown" means the amount of applicable income that exceeds the protected income level in the eligibility base period and that is available to meet medical costs.

(b) Eligibility base period.

(1) The base period shall be determined according to the following:

(A) For prior eligibility, the base period shall be the three months immediately preceding the month of application.

(B) Except for persons determined eligible under K.A.R. 129-6-85, the base period shall be one month for current eligibility.

(C) For persons determined eligible under K.A.R. 129-6-85, the base period shall be one month for persons in long-term care and six months for persons in independent living for current eligibility. A six-month base period shall be shortened in certain instances including when the recipient begins long-term care, becomes eligible for cash assistance, or dies.

(2) The base period shall begin on the first day of the month in which the application was received. Subsequent eligibility base periods for recipients shall begin on the first day of the month following the expiration of the previous base period. Each reapplication received outside of a previously established eligibility base period shall be

treated as a new application without regard to any previous eligibility base period. However, if the reapplication includes a request for prior eligibility, the base period of prior eligibility shall not extend into a previously established eligibility base period.

(c) Financial eligibility for persons in independent living.

(1) The total of all applicable income in the eligibility base period, as determined in accordance with K.A.R. 129-6-111, shall be compared to the income standard, as specified in K.A.R. 129-6-103, for the base period. If the total applicable income is less than the income standard and the individual owns property that has value within the allowable limits, the individual shall be financially eligible for medical assistance. If the total applicable income exceeds the income standard, the individual shall be ineligible for medical assistance except for persons determined eligible under K.A.R. 129-6-73, 129-6-74, and 129-6-85.

(2) For determined eligibles under K.A.R. 129-6-73, 129-6-74, and 129-6-85, if the total applicable income exceeds the income standard and the individual owns property that has value within the allowable limits, the excess applicable income shall be the spenddown.

(A) Each applicant or recipient shall incur allowable medical expenses in an amount at least equal to the spenddown before becoming eligible for assistance. Medical expenses paid either voluntarily or involuntarily by third parties shall not be utilized to meet the spenddown, except for medical expenses paid by a public program of the state other than medicaid.

(B) A previously unconsidered increase in total applicable income during the current eligibility base period that results in an additional spenddown shall not alter the base period. The individual shall meet the additional spenddown during the eligibility base period before the individual becomes eligible or regains eligibility for medical assistance. A payment made through the program within the current eligibility base period shall not be considered an overpayment if a previously eligible individual fails to meet the additional spenddown within the current eligibility base period.

(d) Financial eligibility for persons in long-term care arrangements.

(1) Total gross income shall not exceed 300 percent of the payment standard for one person in the supplemental security income program as specified in 129-6-103(a)(11).

(2) If the person is eligible in accordance with paragraph (d)(1), the total of all applicable income in the eligibility base period, as determined in accordance with K.A.R. 129-6-111, shall be compared to the income standard, as specified in K.A.R. 129-6-103, for the base period. If the total applicable income is less than the income standard and the individual owns property that has value within the allowable limits, the individual shall be financially eligible for medical assistance. (continued)

obligation before becoming eligible for assistance. Medical expenses paid either voluntarily or involuntarily by third parties shall not be utilized to meet this obligation, except for medical expenses paid by a public program of the state other than medicaid.

(4) Any increase in total applicable income during the current eligibility base period may result in financial ineligibility or in additional obligation, but this increase shall not alter the base period. A payment made through the program within the current eligibility base period shall not be considered an overpayment if a previously eligible individual becomes ineligible because of an increase in total applicable income or fails to meet any additional obligation within the current eligibility base period.

(e) Allowable expenses. The following expenses shall be applied to a spenddown or client obligation if the individual provides evidence that the individual has incurred or reasonably expects to incur the expenses within the appropriate eligibility base period, or has incurred and is still obligated for expenses outside of the appropriate eligibility base period that have not been previously applied to a spenddown or obligation:

- (1) Co-pay requirements;
- (2) the pro rata portion of medical insurance premiums for the number of months covered in the eligibility base period regardless of the actual date of payment, past or future;
- (3) any medicare premiums that are not covered by the department through the buy-in process. Premiums that are subject to the buy-in process shall not be allowable before completion of the buy-in process, even if the individual pays the premiums or the premiums are withheld;
- (4) if medically necessary and recognized under Kansas law, all expenses for medical services incurred by the individual or a legally responsible family group member. Expenses for social services designated as medical services under the HCBS program shall be allowable under this paragraph for persons in the HCBS program. Expenses for routine supplies, as defined in K.A.R. 129-10-15a, and for institutional care if the individual does not meet nursing facility criteria through the level-of-care evaluation or reevaluation process as defined in K.A.R. 30-10-7, shall not be allowable under this paragraph; and
- (5) the cost of necessary transportation by appropriate mode to obtain medical services specified in paragraph (e)(4).

(b) Potential resources. Each adult applicant or recipient shall cooperate with the department by obtaining any resources, including income, due the adult or any other person for whom assistance is claimed. (c) Social security number. Except as noted in this subsection, each applicant or recipient shall cooperate by providing the department with the applicant's or recipient's social security number. (1) Any individual who is not eligible to receive a social security number;

(2) any individual who does not have a social security number and can be issued a number only for a valid non-work reason; and

(d) Paternity and support. Except for pregnant women, each applicant or recipient shall cooperate with the department by establishing the paternity of any child born out of wedlock for whom medical assistance is claimed and in obtaining medical support payments for the applicant or recipient and for any child for whom medical assistance is claimed. Failure to cooperate shall render the applicant or recipient ineligible for medical assistance, unless the individual demonstrates good cause for refusing to cooperate. Cooperation shall include the following actions:

come or resources that the individual or the individual's spouse is entitled to but does not receive because of action by any of the following:

(A) The individual or the individual's spouse;

(B) a person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse; or

(C) any person, including any court or administrative body, acting at the direction or upon the request of the individual or the individual's spouse.

(2) "Compensation" means all money, real or personal property, food, shelter, or service received by the individual or spouse at or after the time of transfer in exchange for the asset in question. A service received shall be considered compensation only if the service is provided under the terms of a legally enforceable agreement to provide the service in exchange for the assets in question and if the terms are established before delivery of the service. Payment or assumption of a legal debt owned by the individual or spouse in exchange for the asset shall be deemed compensation.

(3) "Fair market value" means the market value of an asset at the earlier of the time of the transfer or the contract of sale. Current market value shall be determined in accordance with K.A.R. 129-6-106(b).

(4) "Institutionalized individual" means an applicant or recipient who meets any of the following conditions:

(A) Is residing in a nursing facility;

(B) is residing in a medical institution that is providing the individual with a level of care equivalent to the care provided by a nursing facility;

(C) is residing in an HCBS living arrangement; or

(D) is participating in PACE.

(5) "Transfer of assets" means any transfer or assignment of any legal or equitable interest in any asset that partially or totally passes the use, control, or ownership of the asset of an applicant or recipient, or the spouse of an applicant or recipient, to another person or corporation, including any of the following:

(A) Giving away an interest in an asset;

(B) placing an interest in an asset in a trust that is not available to the grantor;

(C) removing or eliminating an interest in a jointly owned asset in favor of other owners;

(D) disclaiming an inheritance of any property, interest, or right;

(E) failing to take a share of an estate as a surviving spouse; or

(F) transferring or disclaiming the right to income not yet received.

(6) "Uncompensated value" means the fair market value of an asset less the amount of any compensation received by the individual or spouse in exchange for the asset.

(b) Ineligibility for payment of services. If an individual or spouse has transferred or disposed of assets for less than fair market value on or after the specified look-back date as determined by the date of transfer, the individual shall not be eligible for payment of services for any institutionalized individual as specified in paragraphs (a)(4)(A) through (D).

(c) Exempted transfers. An individual shall not be ineligible for payment of services due to a transfer of assets in any of the following circumstances:

(1) The fair market value of the assets transferred has been received.

(2) A written request to transfer the assets has been submitted by the individual and approved by the secretary before the date of the transfer.

(3) The transfer has been executed pursuant to the division of assets provisions of K.A.R. 129-6-106.

(4) A transfer of an interest in the individual's home has been made to any of the following, as determined by the interest conveyed:

(A) The spouse of the individual;

(B) A child of the individual who is under the age of 21 or who meets the blindness or disability criteria of K.A.R. 129-6-85;

(C) a sibling of the individual who has an equity interest in the home and who was residing in the home for at least one year immediately before the date the individual entered an institutional or HCBS arrangement; or

(D) a child of the individual, other than the child described in paragraph (c)(4)(B), who was residing in the home for at least two years immediately before the date the individual entered an institutional or HCBS arrangement and who provided care to the individual that permitted the individual to reside at home.

(5) The assets have been transferred to any of the following:

(A) The individual's spouse or to another individual for the sole benefit of the individual's spouse;

(B) the institutionalized individual's child who meets the blindness or disability criteria of K.A.R. 129-6-85 or a trust established solely for the benefit of the child; or

(C) a trust established solely for the benefit of an individual under 65 years of age who meets the blindness or disability criteria of K.A.R. 129-6-85.

(6) A transfer of assets has been made, and a satisfactory showing that the individual intended to dispose of the assets at fair market value, for other valuable consideration, or exclusively for a purpose other than to qualify for medicaid has been established. The following criteria shall be used to establish a satisfactory showing:

(A) A record of the facts, in chronological order, related to each transfer of assets within the applicable look-back period shall be assembled; and

(B) a transfer of assets for less than fair market value shall be presumed to have been for the purpose of establishing or maintaining medicaid eligibility, unless the individual presents clear and convincing evidence that the transfer was exclusively for some other purpose. The burden shall be on the individual to rebut this presumption by furnishing clear and convincing evidence that the asset was transferred exclusively for some other purpose. A signed statement by the individual shall not be, by itself, clear and convincing evidence. Each transfer shall be considered in the light of the circumstances at the time the transfer was made. The total amount of the transfer shall be considered in proportion to the length of the interval between the date of the transfer and the date of the application for medical assistance. In addition, the following factors shall be taken into account:

(i) Whether the transfer was ordered by the court and neither the individual, the spouse, the conservator, the guardian, the beneficiary of the transfer, nor anyone else acting in their legal authority or direction took action to effectuate the transfer; and

(ii) whether the individual could not have anticipated the need for medical assistance at the time of transfer due to an unexpected event occurring after the transfer that resulted in the traumatic onset of disability or blindness, the diagnosis of a previously undetected disability, or the loss of other income or resources, completely outside of the control of the individual or spouse, that would have otherwise precluded medical eligibility.

(7) The transferred asset has been returned to the individual or has been made available for use by the individual or spouse.

(d) Look-back date. The look-back date shall mean the earliest date on which a penalty for transferring assets for less than fair market value can be assessed, as specified in this subsection. A penalty shall be assessed for all transfers by the individual or the individual's spouse that take place on or after the look-back date. A penalty shall not be assessed for any transfers that take place before the look-back date.

(1) For transfers of assets before February 8, 2006, multiple transfers that occur within a single month shall be treated as a single transfer. The look-back date shall be either of the following:

(A) 60 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance in the case of payment from a trust or portions of a trust that are treated as assets disposed of by the individual as specified in K.A.R. 129-6-109(c)(1) and (2); or

(B) 36 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance in the case of all other transfers of assets.

(2) For transfers of assets on and after February 8, 2006, multiple transfers that occur within a single month shall be treated as a single transfer. The look-back date shall be the date that is 60 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance.

(e) Transfer period of ineligibility. If the individual or spouse has transferred assets for less than fair market value, the individual shall not be eligible for the services specified in paragraphs (a)(4)(A) through (D), as follows:

(1) For transfers before February 8, 2006, the penalty period shall be equal to the number of months calculated by taking the total cumulative uncompensated value of the assets transferred by the individual or spouse on or after the look-back date, divided by \$4,000.

(2) For transfers on and after February 8, 2006, the penalty period shall be equal to the number of days calculated by taking the total cumulative uncompensated value of the assets transferred by the individual or spouse on or after the look-back date, divided by the average daily private-pay cost of nursing facilities in the state in effect on the date the penalty begins. The average daily

(continued)

private-pay cost shall be determined at least annually based on the rates reported by the nursing facilities and compiled by department for aging and disability services.

(f) Penalty start date.

(1) The date on which the penalty period begins shall be determined by the date of the transfer, as follows:

(A) For transfers before February 8, 2006, the penalty start date shall be the first day of the month in which the transfer occurred for applicants and no later than the second month following the month of transfer for recipients giving timely and adequate notice as defined in K.A.R. 129-7-65.

(B) For transfers on and after February 8, 2006, the penalty start date shall be the later of the following:

(i) For applicants, the later of the following: the first day of the month in which the transfer occurred or the first day on which the individual is eligible for medical assistance based on an application for medical assistance and is receiving institutional care or would be receiving HCBS but for the application of the penalty period; and

(ii) for recipients giving timely and adequate notice as defined in K.A.R. 129-7-65, no later than the second month following the month of transfer.

(2) Separately established penalty periods shall be served consecutively. Once the penalty period is imposed, the period shall not be interrupted or suspended even if the individual no longer receives institutional care or HCBS.

(3) If the spouse of the individual transfers an asset that results in a penalty period and that spouse is subsequently institutionalized and is determined otherwise eligible for medical assistance, the remaining penalty period shall be divided between the spouses.

(g) Hardship waiver.

(1) A penalty period shall be initially waived or suspended if the imposition of the penalty period would cause an undue hardship on the individual. To cause an "undue hardship" on the individual shall mean to deprive the individual of either of the following:

(A) Medical care to the extent that the individual's health or life would be endangered; or

(B) food, clothing, shelter, or other necessities of life to the extent that the individual would be at risk of serious harm.

(2) Undue hardship shall not exist if the application of a penalty period merely causes an individual or any individual's family members inconvenience or restricts their lifestyle. Undue hardship shall not exist if the individual transferred the assets to the spouse and the spouse refuses to cooperate in making the resources available to the individual.

(3)(A) Any individual claiming undue hardship may submit a written request to the department at any time during the penalty period. The request shall include a description of the undue hardship along with evidence to support the claim.

(B) The facility in which the individual resides shall obtain written consent from the individual or the individual's personal representative in order to assert a claim of undue hardship on behalf of the individual and provide supporting information on behalf of the individual.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

(5) meets the provisions of subsection (c) regarding persons who are residing in a jail or prison or under the care, custody, and control of the criminal justice system.

(c) Residing in a correctional facility.

(1) For purposes of this subsection, an inmate shall mean a person serving time for a criminal offense or confined involuntarily in a state correctional facility. Inmates in other correctional facilities, including county or city correctional facilities, shall not be eligible under this paragraph. The following requirements shall apply:

(A) The inmate shall otherwise qualify for medicaid and meet all general and financial eligibility criteria for the appropriate medical program. No inmate shall be eligible for medical assistance under K.A.R. 129-6-86.

(B) Each inmate shall be covered for inpatient services received outside of the correctional facility. No coverage shall be provided for outpatient care outside of the correctional facility or for medical services provided on the premises of the facility.

(C) For budgeting purposes, each inmate shall be treated as a household of one, except for pregnant women. Each pregnant woman shall be treated as a household of two or more, based on the number of children the woman is expected to deliver. Neither the income nor resources of the parent or the spouse of the inmate shall be included in the eligibility determination.

(2) The following provisions shall apply to each individual in a correctional facility:

(A) Except as noted in paragraph (c)(2)(B), there shall be no eligibility for medicaid for each person who meets any of the following conditions:

(i) Is physically residing in a correctional facility;

(a) Medical support payments received for any individual for whom medical assistance is claimed; and

(b) third-party payments for medical care that the individual could receive on the individual's own behalf or on behalf of any other family member who is or would be in the individual's assistance plan.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-6-65. Automatic eligibles. Each of the following individuals shall be automatically eligible for medical assistance without meeting any additional requirements, except that the individual shall meet the general eligibility requirements of K.A.R. 129-6-50 and 129-6-109(c)(2):

(a) A person who is legally entitled to and receiving supplemental security income (SSI) benefits and who is in compliance with the residence requirements of K.A.R. 129-6-55;

129-6-97. Emergency medical services for certain noncitizens. (a) Each noncitizen who does not meet the requirements of K.A.R. 129-6-55(b) but who is otherwise eligible for medicaid shall receive coverage as specified

in subsection (b) of this regulation. The general requirements of K.A.R. 129-6-50, except for K.A.R. 129-6-55(b) and 129-6-56(c), shall be applicable.

(b)(1) Eligibility shall be limited to coverage of an emergency medical condition, as approved by the secretary, that requires emergency medical treatment after the sudden onset of a condition, including labor and delivery, manifesting itself by acute symptoms of sufficient severity, including severe pain, so that the absence of immediate medical attention could reasonably be expected to result in any of the following:

- (A) Serious jeopardy to the patient's health;
- (B) serious impairment of bodily functions; or
- (C) serious dysfunction of any bodily organ or part.

(2) Coverage shall be limited only to treatment of the emergency condition.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-6-103. Determined eligibles; income standards. (a) Independent living arrangements.

(1) The income standard for each person in an independent living arrangement shall be based on the total number of persons in the assistance plan as defined in K.A.R. 129-6-41 or 129-6-42.

(2) The income standards for independent living may also be used if an applicant or recipient meets either of the following conditions:

(A) Enters a medicaid-approved facility, except that this paragraph shall not apply if only one spouse in a married couple enters an institutional living arrangement; or

(B) is absent from the home for medical care for a period not to exceed the month in which the person left the home and the two months following to allow for maintaining the applicant's or recipient's independent living arrangements.

(3) Except as specified in paragraphs (a)(4) through (13), the following table shall be used to determine the income standard for persons in an independent living arrangement.

Persons in Independent Living (per month)		
1	2	3
\$475	\$475	\$480

The income standard for additional persons shall be the sum of the basic standard for a similar public assistance family and the maximum state shelter standard in accordance with K.A.R. 30-4-101.

(4) In determining eligibility for pregnant women under K.A.R. 129-6-71 and for infants under K.A.R. 129-6-72(b), the income standard shall be 166 percent of the official federal poverty-level income guidelines.

(5) In determining eligibility for young children under K.A.R. 129-6-72(c), the income standard shall be 149 percent of the official federal poverty-level income guidelines.

(6) In determining eligibility for older children under K.A.R. 129-6-72(d), the income standard shall be 133 percent of the official poverty-level income guidelines.

(7) In determining eligibility for poverty-level medicare beneficiaries under K.A.R. 129-6-86, the income standard shall be 100 percent of the official federal poverty-level income guidelines.

(8) In determining eligibility for working disabled individuals under K.A.R. 129-6-87, the income standard shall be 200 percent of the official federal poverty-level income guidelines.

(9) In determining eligibility for low-income medicare beneficiaries under K.A.R. 129-6-86, the income standard shall be 120 percent of the official federal poverty-level income guidelines.

(10) In determining eligibility for expanded low-income medicare beneficiaries under K.A.R. 129-6-86, the income standard shall be 120 to 135 percent of the official federal poverty-level income guidelines, subject to available federal funding.

(11) In determining eligibility for disabled individuals with earned income under K.A.R. 129-6-88, the income standard shall be 300 percent of the official federal poverty-level income guidelines.

(12) In determining eligibility for persons in the medicaid program under K.A.R. 129-6-95, the income standard shall be \$250 for a single individual and \$325 for a married couple.

(13) In determining eligibility for persons in long-term care arrangements in accordance with K.A.R. 129-6-54(d)(1), the income standard shall be 300 percent of the payment standard for one person in the SSI program. For calendar year 2013, the income standard shall be \$2,130, and this amount shall be increased at the beginning of each calendar year by any cost-of-living adjustment made to the SSI payment standard.

(b) Institutional living arrangements. For each person residing in an institutional setting, the monthly income standard for purposes of determining the client obligation shall be \$62, except as specified in paragraph (a)(2).

(c) Home- and community-based services arrangements. For each person in the HCBS program, the monthly income standard for purposes of determining the client obligation shall be \$727.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-6-106. General requirements for consideration of resources, including real property, personal property, and income. (a) For purposes of determining eligibility for medical assistance, legal title shall determine ownership. In the absence of legal title, possession shall determine ownership.

(b) Each resource shall be of a nature that the value can be defined and measured, according to the following:

(1) Real property. The value of real property shall be initially determined by the latest uniform statewide appraisal value of the property, which shall be adjusted to reflect current market value. If the property has not been appraised or if the market value determined is not satisfactory to the applicant, recipient, or department, an estimate or appraisal of the value of the property shall be obtained from an impartial real estate broker. The cost of

obtaining an estimate or appraisal shall be paid by the department.

(2) Personal property. The market value of personal property shall be initially determined using a reputable trade publication. If such a publication is not available or if there is a difference of opinion between the department and the individual regarding the value of the property, an estimate from a reputable dealer shall be used. The cost of obtaining an estimate or appraisal shall be paid by the department.

(c)(1) Resources shall be considered available if the resources are actually available and the applicant or recipient has the legal ability to make the resources available. A resource shall be considered unavailable if there is a legal impediment that precludes the disposal of the resource. The applicant or recipient shall pursue reasonable steps to overcome the legal impediment, unless it is determined that the cost of pursuing legal action would exceed the resource value of the property or it is unlikely the applicant or recipient would succeed in the legal action. This paragraph shall also apply to the spouse of the applicant or recipient.

(2) Real property shall be considered unavailable if the property cannot be sold for one of the following reasons:

(A) The property is jointly owned, and its sale would cause undue hardship because of the loss of housing for the other owner or owners.

(B) The owner's reasonable efforts to sell the property have been unsuccessful.

(d) The resource value of property shall be the value of the applicant's or recipient's equity in the property. Unless otherwise established, the proportionate share of jointly owned real property and the full value of jointly owned personal property shall be considered available to the applicant or recipient. Resources held jointly with a non-legally responsible person may be excluded from consideration if the applicant or recipient demonstrates that all of the following conditions exist:

(1) The applicant or recipient has no ownership interest in the resource.

(2) The applicant or recipient has not contributed to the resource.

(3) Any access to the resource by the applicant or recipient is limited to those duties performed while the applicant or recipient is acting as an agent for the other person.

(e) Except for persons described in K.A.R. 129-6-34(c)(1) and 129-6-34(c)(2)(A) through (I), the nonexempt resources of all persons in the assistance plan shall be considered in determining eligibility. Exempted resources as defined in K.A.R. 129-6-108(d) and 129-6-109(e) that are put in a trust that meets the requirements of K.A.R. 129-6-109(c)(1) or (c)(2)(A) shall be regarded as nonexempt, unless paragraphs (k)(4) and (6) of this regulation are applicable.

(f)(1) The combined resources of husband and wife, if they are living together, shall be considered in determining the eligibility of either individual or both individuals for the medical assistance program, except as noted in subsection (e) or unless otherwise prohibited by law.

(continued)

(2) A husband and wife shall be considered to be living together if they are regularly residing in the same household. Temporary absences of either the husband or the wife for education, training, working, securing medical treatment, or visiting shall not interrupt the period of time during which the couple is considered to be living together.

(3) A husband and wife shall not be considered to be living together if they are physically separated and not maintaining a common life or if one or both enter into an institutional living arrangement, including either a medicaid-approved or non-medicaid-approved medical facility or an HCBS care arrangement.

(A) If only one spouse enters an institutional living arrangement, subsection (k) shall apply.

(B) If both spouses enter an institutional living arrangement, the combined resources of the husband and wife shall be considered available to both individuals for the month in which the institutional arrangement begins.

(g) Except as noted in subsection (e), the resources of an ineligible parent shall be considered in determining the eligibility of a minor child for the medical assistance program if the parent and child are living together. However, these resources shall not be considered for any child in an institutional arrangement or an HCBS arrangement beginning with the month following the month in which the arrangement begins.

(h) Despite subsections (e), (f), and (g), the resources of an SSI beneficiary shall not be considered in the determination of eligibility for medical assistance of any other person.

(i) The conversion of real property and personal property from one form of resource to another shall not be considered to be income to the applicant or recipient, except for the proceeds from a contract for the sale of property.

(j) Income shall not be considered to be both income and property in the same month.

(k) If one spouse enters an institutional living arrangement, the other spouse remains in the community, and an application for medical assistance is made on behalf of the institutionalized spouse, an income determination according to the following requirements shall be applied first in determining eligibility:

(1) The separate income of each spouse shall not be considered to be available to the other spouse beginning in the month in which the institutional arrangement begins. One-half of the income that is paid in the names of both spouses shall be considered available to each spouse, unless it is otherwise established that less or more than this amount is available. Income that is paid in the name of either spouse, or in the name of both spouses and the name of another person or persons, shall be considered available to each spouse in proportion to the spouse's interest, unless it is otherwise established that less or more than this amount is available.

(2)(A) A monthly income allowance for the community spouse shall be deducted from the income of the institutionalized spouse in determining the amount of patient liability for each person in an institutional living arrangement or in a spenddown status for each person in an HCBS arrangement.

(B) The income allowance for the community spouse, when added to the income already available to that spouse, shall not exceed 150 percent of the official federal poverty-level income guideline for two persons plus the amount of any excess shelter allowance. "Excess shelter allowance" shall mean the amount by which the community spouse's expenses for rent or mortgage payments, taxes and insurance for the community spouse's principal residence, and the supplemental nutrition assistance program (SNAP) standard utility allowance, 7 U.S.C. 2014(e), exceed 30 percent of 150 percent of the federal poverty-level income guideline amount specified in this paragraph.

(C) The maximum monthly income allowance that may be provided under paragraph (k)(2) shall be \$1,500. The \$1,500 limitation shall be increased at the beginning of each calendar year by the same percentage as the percentage increase in the consumer price index for all urban consumers between September 1988 and the September before the applicable calendar year.

(D) If a greater income allowance is provided under a court order of support or through the Kansas administrative hearing process, that amount shall be used in place of the limits specified in paragraph (k)(2)(C).

(3) A monthly income allowance for each dependent family member shall be deducted from the income of the institutionalized spouse in determining the 300 percent income limit as specified in K.A.R. 129-6-54(d)(1) and the amount of client obligation for each person in an institutional living arrangement or in an HCBS arrangement.

(A) "Dependent family member" shall mean a person who is a minor or dependent child, dependent parent, or dependent sibling of either spouse and who lives with the community spouse.

(B) The allowance for each member shall be equal to one-third of 150 percent of the official federal poverty-level income guideline for two persons.

(C) An allowance for a dependent family member shall not be provided if the family member's gross income exceeds 150 percent of the federal poverty-level income guideline for two persons.

(4) If the spouse is institutionalized on or after September 30, 1989, the nonexempt real property and personal property of both spouses shall be considered in determining the eligibility of the institutionalized spouse, based on the amount of property in excess of the community spouse property allowance specified in paragraph (k)(6), whether or not this allowance will be made.

(A) If the excess property is within the allowable resource standards of K.A.R. 129-6-107, the institutionalized spouse shall be eligible.

(B) In the month following the first month of eligibility for the institutionalized spouse, only the property of the institutionalized spouse shall be considered available in determining continuing eligibility, except for property to be transferred in accordance with paragraph (k)(6).

(5) If the spouse was institutionalized before September 30, 1989, the real property and personal property of each spouse shall be considered available to the other spouse in the month in which the institutional arrangement began. Thereafter, the property of each spouse shall not be considered available to the other spouse.

(6) The institutionalized spouse may make available to the community spouse a property allowance that, when added to the property already available to the community spouse, would be equal to one-half of the total value of the property owned by both spouses at the beginning of the first period of continuous institutionalization beginning on or after September 30, 1989.

(A) This property allowance shall not exceed \$60,000 and shall be at least \$12,000. Both the \$12,000 and the \$60,000 limits shall be increased at the beginning of each calendar year by the same percentage as the percentage increase in the consumer price index for all urban consumers between September 1988 and the September before the applicable calendar year.

(B) If a greater property allowance is provided under a court order of support or through the Kansas administrative hearing process, that amount shall be used in place of the limits specified in paragraph (k)(6)(A). If a greater property allowance is required to increase the community spouse's income to the amount allowed under paragraphs (k)(2)(B) and (C), a fair hearing officer shall take into account the income-generating value of the current property allowance as well as the additional property allowance requested. The property provided shall be invested so that income is maximized, including through a single-premium annuity, and based on the salable or market value of the property.

(7) The amount of property received by the community spouse as a result of the property allowance determined in paragraph (k)(6) shall not be considered in determining the eligibility of the institutionalized spouse, except as provided in paragraph (k)(4). If the institutionalized spouse will be eligible based upon transferring sufficient property to the community spouse to equal the amount of the property allowance, the institutionalized spouse shall be given not more than 90 days from the date of application to transfer the property. Additional time may be allowed for good cause. Pending disposition of the property, the institutionalized spouse shall be eligible during this period if all other eligibility factors are met.

(l) The resources of a noncitizen's sponsor and the sponsor's spouse shall be considered in determining eligibility for the sponsored noncitizen.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-6-107. Property exemption. (a) Ownership of otherwise nonexempt real property or personal property shall not affect eligibility if the aggregate resource value is not in excess of \$2,000 for one person or \$3,000 for two or more persons, including the number of persons whose nonexempt resources are considered available to a person in the assistance plan.

(b) Ownership of property with a resource value in excess of the amounts specified in subsection (a) shall render the applicant or recipient and the members of the applicant's or recipient's assistance plan ineligible for medical assistance, except for the following:

(1) For medicare beneficiaries who meet the requirements of K.A.R. 129-6-86, the resource value shall be in

excess of the following standards before the applicant or recipient and the members of the applicant's or recipient's family group shall be rendered ineligible:

(A) For calendar year 2006, \$6,000 for one person or \$9,000 for a couple; and

(B) for subsequent years, the amounts established in paragraph (b)(1)(A) increased by the annual percentage increase in the consumer price index for all items based on the United States city average as established in September of the previous year.

(2) For working disabled individuals who meet the requirements of K.A.R. 129-6-87, the resource value shall be over twice the amounts specified in subsection (a) before the applicant or recipient and the members of the applicant's or recipient's assistance plan shall be rendered ineligible.

(3) For disabled individuals with earned income who meet the requirements of K.A.R. 129-6-88, the resource value shall be over \$15,000 before the applicant or recipient and the members of the applicant's or recipient's assistance plan shall be rendered ineligible. If the applicant or recipient is making a bona fide and documented effort to dispose of the excess property at a reasonable market value, medical assistance for not more than nine months shall be provided.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-6-108. Real property. (a) Definitions.

(1) "Home" shall mean the house or shelter in which the applicant or recipient is living, as well as the tract of land and contiguous tracts of land upon which the house and other improvements essential to the use or enjoyment of the home are located. Tracts of land shall be considered to be contiguous if lying side by side, except for streets, alleys, and other easements. Pieces of property that touch only at the corners shall not be considered to be contiguous.

(2) "Other real property" shall mean real property other than a home, including land and buildings.

(b) Treatment of real property. The equity value of non-exempt real property shall be deemed a resource. If a specific and discrete property interest of less than 100 percent is designated for real property, the full value shall be considered in the determination of eligibility, regardless of the exemptions specified in subsection (d).

(c) Substantial home equity. Each person who applies for long-term care on or after January 1, 2006 and has an equity interest in a home in excess of \$500,000 shall be ineligible for payment of care for a nursing facility or other institutional arrangement, HCBS arrangement, or PACE arrangement, unless one of the following persons continues to reside in the home:

(1) The person's spouse;

(2) the person's child, if the child meets the criteria of K.A.R. 129-6-85(b) or (c); or

(3) the person's child, if the child is under the age of 21.

The \$500,000 limit shall be increased beginning in calendar year 2011 from year to year based on the percent-

(continued)

age increase in the consumer price index for all urban consumers based on all items and the United States city average, rounded to the nearest \$1,000.

(d) Exempted real property. The equity value of the following classifications of real property shall be exempt, except as noted in subsections (b) and (c):

(1) The home, except either of the following:

(A) A home from which an applicant or recipient has been absent and does not intend to return; or

(B) a home from which a person who enters an institutional living situation has been absent for at least three months, unless the absence is determined to be temporary or a spouse, dependent child, or another dependent relative remains in the home;

(2) other real property that is essential for employment or self-employment;

(3) income-producing other real property that is used in an individual's trade or business or that produces income consistent with its fair market value;

(4) restricted or allotted land held by an enrolled member of an Indian tribe that cannot be sold or transferred without permission of other members of the tribe or a federal agency; and

(5) real property that is directly related to the maintenance or use of a vehicle that is used primarily for producing income or is necessary to transport a physically disabled household member.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-6-109. Personal property. (a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this regulation:

(1) "Cash assets" means the following resources:

(A) Cash surrender or loan values of life insurance policies;

(B) investments;

(C) money;

(D) similar items from which a determinate amount of money can be realized; and

(E) trust funds.

(2) "Other personal property" means the following:

(A) Contracts from the sale of property;

(B) equipment;

(C) home produce;

(D) household equipment and furnishings;

(E) inventory;

(F) livestock;

(G) personal effects;

(H) similar items from which a determinate amount of money can be realized; and

(I) vehicles.

(3) "Personal property" means all property, excluding real property.

(b) Treatment of personal property. Personal property, unless exempted, shall be considered a resource. Each trust fund shall be subject to subsection (c).

(c) Treatment of trust funds. For purposes of determining an individual's eligibility for assistance or the amount of assistance, the requirements in this subsection shall ap-

ply to trust funds. The term "trust" shall include any legal instrument or device that is similar to a trust, including an annuity. The term "assets" shall be defined as specified in K.A.R. 129-6-57(a).

(1) For a revocable trust, the value of the trust shall be considered a resource available to the individual. Payments from the trust to or for the benefit of the individual shall be considered to be income. All other payments made from the trust shall be considered under the property transfer provisions of K.A.R. 129-6-57.

(2) For an irrevocable trust established after August 10, 1993, the following requirements shall apply:

(A) If there are any circumstances under which payment from an irrevocable trust could be made to the individual or for the benefit of the individual, the portion of the trust from which payment could be made shall be considered as a resource available to the individual. Each payment made from the trust to the individual or for the benefit of the individual shall be considered income. All other payments made from the trust shall be considered under the property transfer provisions of K.A.R. 129-6-57.

(B) Each portion of the trust from which no payment could be made to the individual under any circumstances shall be considered under the transfer of assets provisions of K.A.R. 129-6-57 from the date of establishment of the trust or, if later, the date on which payment to the individual was restricted or foreclosed.

(C) An individual shall be considered to have established a trust if any assets of the individual were used to form all or part of the trust and if any of the following individuals established the trust, other than by will:

(i) The individual or the individual's spouse;

(ii) any person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse; or

(iii) any person, including any court or administrative body, acting at the direction or upon the request of the individual or the individual's spouse.

(D) If the principal of the trust includes assets of any other person or persons, this subsection shall apply to the portion of the trust attributable to the assets of the individual.

(E) This subsection shall apply without regard to the purposes for which the trust was established, whether or not the trustees have or exercise any discretion under the trust, any restrictions on when or whether distributions can be made from the trust, or any restrictions on the use of distributions from the trust.

(F) This subsection shall not apply to a trust that contains the assets of an individual under the age of 65 who meets the blindness or disability criteria of K.A.R. 129-6-85 and that is established for the benefit of the individual by a parent, grandparent, or legal guardian of the individual, or a court. The state shall receive all amounts remaining in the trust upon the death of the individual, up to an amount equal to the total medical assistance paid on behalf of the individual;

(G) This subsection shall not apply to a trust that contains the assets of an individual who meets the blindness or disability criteria of K.A.R. 129-6-85 if the trust meets all the following conditions:

- (i) The trust is established by a nonprofit association.
 - (ii) A separate account is maintained for each beneficiary of the trust.
 - (iii) Accounts in the trust are established solely for the benefit of individuals who meet the blindness or disability criteria of K.A.R. 129-6-85.
 - (iv) Each account in the trust is established by that individual; the parent, grandparent, or legal guardian of the individual; or a court. The state shall receive all amounts remaining in the individual's account upon the death of the individual, up to an amount equal to the total medical assistance paid on behalf of the individual.
- Establishment of a trust under paragraph (c)(2)(G) for an individual who is at least 65 shall be subject to the transfer of assets provisions of K.A.R. 129-6-57.
- (H) The requirements of K.A.R. 129-6-109(c)(2) shall be waived if the secretary determines that a waiver is necessary to avoid undue hardship on the individual. A finding of undue hardship may be granted if the individual verifies that all of the following conditions have been met:
- (i) The individual has exhausted all legal remedies for gaining access to the principal or income of the trust.
 - (ii) All otherwise available assets have been expended to meet living and medical expenses.
 - (iii) The individual's health or life would be endangered if the individual were deprived of medical care.
- (3) For an irrevocable trust established with the individual's own assets on or before August 10, 1993, the following provisions shall apply:
- (A) The trust shall be considered available up to the maximum value of the funds that can be made available under the terms of the trust on behalf of the individual if both of the following conditions are met:
 - (i) The individual is a beneficiary.
 - (ii) The trustees are permitted to exercise any discretion with respect to distribution to the individual.
 - (B) The trust may be established by the individual, the individual's spouse or parent, a legal guardian, or a legal representative who is acting on behalf of the individual.
 - (C) The amount from the trust that shall be considered as an available resource is the amount that could have been distributed but was not distributed within an eligibility base period. Each amount actually distributed shall be regarded as income. Each portion of the trust that is unavailable to the individual or is not used for the benefit of the individual shall be considered a transfer of property for less than fair market value in accordance with K.A.R. 129-6-57.
 - (D) K.A.R. 129-6-109(c)(3) shall not be applicable to any trust established before April 7, 1986 if the individual is a developmentally disabled individual who is residing in an intermediate care facility for people with intellectual disability and the trust is solely for the benefit of the individual.
 - (4) For any other trust, including a trust established with assets of someone other than the individual, the trust shall be considered available to the individual only if the individual has the ability to revoke or terminate the trust or to direct the use of the trust assets for the individual's own support and maintenance. Mandatory periodic payments received from a trust by the individual shall be considered an available resource equal to the present

value of the anticipated payments, unless there is a valid spendthrift clause or other language in the trust that specifically prohibits anticipation of payments. If a valid spendthrift clause or other restrictive language exists, the periodic payments shall be considered countable unearned income.

(d) Treatment of annuities. The term "annuity" shall include any contract or device that conveys a right to receive a fixed, periodic source of income for a specified period of time. For purposes of determining an individual's eligibility for assistance or the amount of assistance, the following requirements shall apply:

(1) Each individual requesting medical assistance shall disclose any interest in an annuity. Failure to meet this requirement shall result in ineligibility for medical assistance due to noncooperation in accordance with K.A.R. 129-6-56.

(2) Retirement annuities, including civil service and railroad retirement annuities, shall be exempt as a resource, but the income received shall be countable unearned income.

(3) All other revocable and irrevocable annuities, including those reported to be nonassignable, shall be presumed to be an available resource. The right to either the principal or the income stream from an annuity shall be considered a countable resource. If the annuity can be sold, assigned, encumbered, or structured so that the benefit of the annuity can be received by someone other than the designated beneficiary, the annuity shall be considered available and shall be assigned a value.

(4) The fair market value of a revocable annuity shall be the cash value of the annuity. The fair market value of an irrevocable annuity shall be the amount yet to be paid out under the terms of the contract.

(5) If the individual can furnish evidence from a reliable source that the annuity or the income stream from the annuity is not able to be received by someone other than the designated beneficiary, the annuity shall be reevaluated. Reliable sources concerning the availability of the annuity or income stream shall include banks and other financial institutions, insurance companies, and brokers.

(e) Exempted personal property. The resource value of the following types of personal property shall be exempt:

- (1) Personal effects;
- (2) household equipment and furnishings in use or only temporarily not in use;
- (3) tools in use and necessary for the maintenance of a house or a garden;
- (4) the stock and inventory of any self-employed person that are reasonable and necessary in the production of goods and services;
- (5) items for home consumption, which shall consist of the following:

(A) Produce from a garden consumed from day to day and any excess that can be canned or stored; and

(B) a small flock of fowl or herd of livestock that is used to meet the food requirements of the family;

(6) cash assets that are traceable to income exempted as income and as a cash asset;

(7) any contract for the sale of property, if the proceeds from the contract are considered as income and the in-

(continued)

come is consistent with the repayment terms and conditions specified in the written contract;

(8) one vehicle for each family group receiving medical assistance if the primary purpose of the vehicle is to serve the needs of that family group. If someone who is not a member of that family group has the primary use, enjoyment, and possession of the vehicle, the vehicle shall not be exempted under this paragraph. Additional vehicles may be exempt if used over 50 percent of the time for employment or self-employment, if used as the family's home, if needed for medical treatment of a specific medical problem, or if specially equipped for use by a handicapped person;

(9) any individual development account (IDA) that meets the following requirements:

This amount shall be used in the determination of both eligibility in the prior three months and current eligibility. For changes in earned income and unearned income, an estimate of those changes shall be used to determine a prospective monthly amount. For self-employment income, a prospective monthly amount shall be based on annual federal tax information from the most recent tax year. In the absence

of federal tax information from the most recent tax year, an estimate shall be used to determine a prospective monthly amount.

(b) Treatment of income for MAGI-excepted coverage groups. For those groups specified in K.A.R. 129-6-34(c)(2), income shall be classified as income in the eligibility base period in which the income is received and as a cash asset following this eligibility base period.

For individuals in long-term care arrangements, income received in the prior three months shall be considered in the determination of eligibility for the prior three months, except that self-employment income shall be averaged.

(2) Current eligibility. Income shall be considered prospectively to determine eligibility, beginning with the month of application. All income received or reasonably expected to be received shall be considered in determining the applicable income for the eligibility base period. Income from self-employment and intermittent income shall be considered and averaged. Intermittent income shall be divided by the applicable number of months to establish the monthly amount. Intermittent income shall be considered as income beginning with the eligibility base period in which this income is received.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

(1) Applicable income shall be based on the methodologies used to determine modified adjusted gross income, as specified in K.A.R. 129-6-53(a), for persons in the household, as specified in K.A.R. 129-6-53(b).

(2) An amount equivalent to five percentage points of the federal poverty level for the applicable family size shall be deducted from the combined household income in accordance with K.A.R. 129-6-53(a) when determining eligibility for the MAGI-based coverage groups under K.A.R. 129-6-34(c)(1) with the highest income standard for which the individual's eligibility is being determined.

(2) Self-employment. The applicable earned income for a self-employed person shall equal the modified adjusted gross earned income less the income deductions of paragraph (b)(4), if applicable. Paragraph (b)(1) regarding modified adjusted gross earned income shall apply to calculations made pursuant to this paragraph. Annual tax information from the most recent tax year shall be converted to a monthly prospective amount. This amount shall be used in the determination of both eligibility in the prior three months and current eligibility. In the absence of tax information from the most recent tax year, the most current income shall be used to determine a monthly amount.

(3) Unearned income. All net unearned income shall be considered to be applicable income, except that K.A.R. 129-6-112 and 129-6-113 shall apply to persons in an independent living arrangement or in the HCBS program. (4) Income deductions.

(A) For persons in an independent living arrangement or in the HCBS program, the following deductions shall apply:

(d) An applicant or recipient shall not be eligible for enrollment in the Kansas state employee health plan.

(e) The standards for good cause shall include the loss of health insurance due to the involuntary loss of employment, the death of the policy holder, and the elimination of coverage by the applicant's or recipient's employer.

129-14-32. Premium payment requirement. (a) If the total monthly applicable income in a family group exceeds 166 percent of the official federal poverty-level income guidelines, the family shall pay a monthly premium for coverage in kancare-CHIP.

(b) Each family who fails to pay the monthly premium for two consecutive months shall be considered delinquent, which shall result in the ineligibility of that family. The period of ineligibility shall not exceed 90 days.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-14-33. Assistance plan. (a) The assistance plan shall consist of those persons in the household as determined in subsections (b) through (f).

(b) For each person who is not claimed as a tax dependent by any other taxpayer and is expected to file a tax return, the household shall consist of the person and all of the person's tax dependents, except as noted in subsection (e). If a taxpayer cannot reasonably establish that another individual is a tax dependent of the taxpayer for the tax year in which assistance is determined, the inclusion of the individual in the household of the taxpayer shall be determined in accordance with subsections (d) and (e).

(c) For each person claimed as a tax dependent by another taxpayer, the household shall consist of that taxpayer and the taxpayer's dependents, except as noted in subsection (e).

(d) For each person who neither files a tax return nor is claimed as a tax dependent, the household shall consist of the person and, if living with the person, the following:

(e) For each person who is claimed as a tax dependent by another taxpayer, the household shall be determined in accordance with subsection (d) if the person meets the following conditions:

(1) Is not a spouse of the taxpayer and is not a biological child, an adopted child, or a stepchild of the taxpayer;

(2) is claimed by one parent as a tax dependent and is living with both parents who do not expect to file a joint tax return; or

(3) is under the age of 21 and expected to be claimed as a tax dependent by a noncustodial parent.

(f) For any married couple living together, each spouse shall be included in the household of the other spouse, whether both spouses expect to file a joint tax return under 26 U.S.C. 6013 or whether one spouse expects to be claimed as a tax dependent by the other spouse.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-14-34. Financial eligibility. (a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this subsection:

(1) "Household income" means the sum of the MAGI-based income of every individual included in the individual's household minus an amount equivalent to five percentage points of the federal poverty level for the applicable family size.

(2) "MAGI-based income" means income calculated using the same financial methodologies used to determine MAGI as defined in 26 U.S.C. 36B(d)(2), with the following exceptions:

(A) Each amount received as a lump sum shall be counted as income only in the month received;

(B) scholarships, awards, and fellowship grants used for education purposes and not for living expenses shall be excluded from income; and

(C) for American Indian or Alaska native funds, the following shall be excluded from income:

(i) Distributions from Alaska native corporations and settlement trusts;

(ii) distributions from any property held in trust, subject to federal restrictions, located within the most recent boundaries of a prior federal reservation or otherwise under the supervision of the secretary of the interior;

(iii) distributions and payments from rents, leases, rights-of-way, royalties, usage rights, or natural resource extraction and harvest from rights of ownership or possession in any lands described in this paragraph or federally protected rights regarding off-reservation hunting, fishing, gathering, or usage of natural resources;

(iv) distributions either resulting from real property ownership interests related to natural resources and improvements located on or near a reservation or within the most recent boundaries of a prior federal reservation or

(continued)

resulting from the exercise of federally protected rights relating to these real property ownership interests;

(v) payments resulting from ownership interests in or usage rights to items that have unique religious, spiritual, traditional, or cultural significance or rights that support subsistence or a traditional lifestyle according to applicable tribal law or custom; and

(vi) student financial assistance provided under the bureau of Indian affairs education programs.

(b) Determination of financial eligibility. Financial eligibility for families and children shall be based on household income, except for the following:

(1) The MAGI-based income of an individual who is included in the household of the individual's natural parent, adoptive parent, or stepparent and is not expected to be required to file a tax return under 26 U.S.C. 6012(a)(1) for the taxable year in which eligibility is being determined shall not be included in household income whether or not the individual files a tax return.

(2) The MAGI-based income of a tax dependent described in K.A.R. 129-14-33(e)(1) who is not expected to be required to file a tax return under 26 U.S.C. 6012(a)(1) for the taxable year in which eligibility is being determined shall not be included in household income whether or not the tax dependent files a tax return.

(c) Income deductions. No other deductions shall be applied in determining household income.

(d) Budget periods. Each household's financial eligibility shall be based on the current monthly income and family size of the household, unless a change in circumstances is expected. In these instances, financial eligibility shall be based on the projected monthly income and family size of the household.

(e) Exclusion of resources. The value of the household's resources shall not be taken into consideration in determining financial eligibility.

(f) Poverty-level determination. The total monthly income limits for the poverty-level determination shall be established by the secretary and converted to MAGI-equivalent numbers in accordance with 42 C.F.R. 457.300 et seq. If the department determines that the program funds appropriated are insufficient to fund up to this income level, a lower income level shall be implemented by the department, and the notice of the lower income level shall be published by the department in the Kansas register.

(g) Continuous eligibility. Except for children determined eligible for presumptive medical assistance as specified in K.A.R. 129-14-51, each child under the age of 19 who becomes eligible for kancare-CHIP shall continue to be eligible for assistance for 12 months beginning with the month of enrollment or reenrollment regardless of any changes in circumstances, unless one of the following conditions is met:

- (1) The child reaches the age of 19.
- (2) Assistance is voluntarily terminated for the child.
- (3) The child no longer resides in the state.
- (4) The state determines that eligibility was granted erroneously because of fraud or agency error.
- (5) The child dies.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A.

2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-14-35. Treatment of income. (a) For purposes of this regulation, "prospective monthly amount" shall mean an amount that is projected for purposes of determining an applicant's or recipient's monthly income. All earned income and unearned income received or expected to be received in the month of application shall be used to determine a prospective monthly amount.

(b) For changes in earned income and unearned income, an estimate of those changes shall be used to determine a prospective monthly amount.

(c) For self-employment income, a prospective monthly amount shall be determined based on annual federal tax information from the most recent tax year. In the absence of federal tax information from the most recent tax year, an estimate shall be used to determine a prospective monthly amount.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-14-36. Applicable income. For purposes of this regulation, "applicable income" shall mean the amount of earned income and unearned income that is compared with the appropriate income standard to establish financial eligibility. All earned income and unearned income shall be considered applicable income, unless exempted in accordance with K.A.R. 129-14-34(a)(2), and shall be determined as follows:

(a) Applicable income shall be based on the methodologies used to determine modified adjusted gross income, as specified in K.A.R. 129-14-34(a)(2), for persons in the household, as specified in K.A.R. 129-14-34(b).

(b) An amount equivalent to five percentage points of the federal poverty level for the applicable family size shall be deducted from the combined household income, in accordance with K.A.R. 129-14-34(a)(1).

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-14-37. Overpayments. Each recipient who receives an overpayment, whether caused by the department or the individual, shall repay the amount of the overpayment, either by voluntary action or through administrative processes including recoupment and legal action.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-14-40. Discontinuance of assistance. A recipient's participation in kancare-CHIP shall be discontinued if the recipient no longer meets one or more of the applicable eligibility requirements.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-14-50. Scope of services. The services provided to children enrolled in kancare-CHIP shall be Kansas medicaid services as specified in K.A.R. 30-5-58 through 30-5-310 and K.A.R. 129-5-1 through 129-5-118b.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013.)

129-14-51. Presumptive eligibility. (a) Each child, as defined in K.A.R. 129-14-2, shall be eligible for a presumptive period if a qualified entity, as specified in K.A.R. 129-14-52, designated by the department determines that the child meets the presumptive eligibility requirements.

(b) Each child shall meet the following requirements:

(1) The child shall be under the age of 19.

(2) The child shall meet the general eligibility requirements of K.A.R. 129-14-25, 129-14-26, 129-14-27, and 129-14-28.

(3) The child shall be financially eligible according to K.A.R. 129-14-34.

(4) The child shall be uninsured as specified in K.A.R. 129-14-31.

(5) The child shall not be living in a public institution, as specified in K.A.R. 129-14-30.

(c) The presumptive period shall begin on the date on which the qualified entity makes an eligibility determination. The presumptive period shall end on the last day of the month following the month in which the determination is made, unless an application for medical assistance is received. If an application is filed in accordance with K.A.R. 129-14-20 before this date, the presumptive period shall end on the last day of the month in which a full determination is made.

(d) Each child shall be eligible for only one period of presumptive eligibility within a 12-month period under this regulation or under K.A.R. 129-6-151. The 12-month period shall begin on the first day of presumptive eligibility under either of these regulations.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective June 30, 2006; amended, T-129-10-31-13, Nov. 1, 2013.)

129-14-52. Presumptive eligibility to be determined by qualified entities. (a) Each qualified entity shall be designated by the department to make determinations of presumptive eligibility as specified in K.A.R. 129-14-51.

(b) Each qualified entity shall meet the requirements of 42 C.F.R. 435.1100.

(c) For each determination of presumptive eligibility, a qualified entity shall perform the following:

(1) Make a finding of presumptive eligibility pursuant to K.A.R. 129-14-51 or 129-6-151;

(2) notify the child's parent or caretaker, by written or electronic means, of the results of the determination at the time of the determination;

(3) provide the child's parent or caretaker with an application for regular medical assistance. For a child determined to be presumptively eligible, the qualified entity shall notify the child's parents or caretaker that, unless a regular medical assistance application is submitted before the last day of the month following the month of the presumptive determination, eligibility shall end on that date;

(4) assist the child's parent or caretaker in completing and filing a regular medical assistance application; and

(5) notify the department of the presumptive determination within five working days after the determination.

This regulation shall be effective on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective June 30, 2006; amended, T-129-10-31-13, Nov. 1, 2013.)
