Notice of Hearing on Proposed
Administrative Regulation

A public hearing will be conducted by the Kansas Association of Counties (KAC) at 9 a.m. Monday, August 31, in the KAC board room, 300 S.W. 8th Ave., third floor, Topeka, to consider K.A.R. 132-1-1, a new regulation setting a fee of \$.60 for each subscriber account pursuant to K.S.A. 2014 Supp. 12-5369.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written comments from the public on the proposed regulation. All interested parties may submit written public comments on the proposed regulation prior to the hearing to Melissa Wangemann, General Counsel, Kansas Association of Counties, 300 S.W. 8th Ave., 3rd Floor, Topeka, 66603, or through email at wangemann@kansascounties.org. All interested parties will be given a reasonable opportunity to present their views, either orally, in writing, or both, concerning the adoption of the proposed regulation.

In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit oral presentation to five minutes. Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Melissa Wangemann at 785-272-2585. Disabled parking is located west of the KAC building. The west entrance to the KAC building is accessible.

This regulation is proposed for adoption on a permanent basis. Copies of the proposed regulation and economic impact statement are available by contacting Melissa Wangemann at the address listed above or on the website at www.kansas911.org. A summary of the proposed regulation and the economic impact follows:

K.A.R. 132-1-1 sets the fee for each 911 subscriber account at \$.60. This fee will be paid by consumers of land-line phones, wireless phones and voice-over-the-internet telephony (VoIP). The fee is distributed by the Kansas Association of Counties, serving in the statutory role of Local Collection Point Administrator, to the 911 Public Safety Answering Points (PSAPs) throughout the state of Kansas. The money is used by PSAPs to fund their 911 operations.

The anticipated economic impact of K.A.R. 132-1-1 is positive for Kansas PSAPs because it increases the amount of money they receive. The increased fee was determined by the 911 Coordinating Council to be necessary to finance Next Generation 911 projects. The fee is an increase to Kansas consumers — both individual and business — that operate phones in the state. The current 911 fee is \$.53 per line and K.A.R. 132-1-1 increases the fee to \$.60 per line.

There is no environmental impact with this regulation.

State of Kansas

Secretary of State

Certification of New State Laws

I, Kris W. Kobach, Secretary of State of the State of Kansas, do hereby certify that each of the following bills is a correct copy of the original enrolled bill now on file in my office.

Kris W. Kobach
Secretary of State

(Published in the Kansas Register June 4, 2015.)

HOUSE BILL No. 2233

AN ACT concerning utilities; relating to electric generating units and carbon dioxide emission standards; concerning the establishment of state performance standards, legislative review; state corporation commission; secretary of health and environment; creating the clean power plan implementation study committee; amending K.S.A. 2014 Supp. 65-3031 and repealing the existing section.

WHEREAS, The United States environmental protection agency has proposed a carbon dioxide emission standard that requires the state of Kansas to comply with a state-wide emission standard rather than requiring individual utilities to meet a specific emission standard on a generating unit basis. In determining a carbon dioxide emission standard for Kansas, the environmental protection agency has elected to require states to re-dispatch coal-fired electric generating units to natural gas-fired combined cycle generation units and renewable generating resources as well as the use of energy efficiency and demand-side management resources. Because the environmental protection agency's approach to setting a carbon dioxide emission standard crosses jurisdictional authorities, and due to the complexity of re-dispatching the integrated electric system in the state of Kansas while maintaining reliable electric service and reasonable electric rates for ratepayers, both the Kansas department of health and environment and the state corporation commission will need to provide their respective expertise in order to efficiently and effectively develop a cost-effective and reliable compliance plan. This act shall be called the Kansas electric ratepayer protection act.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 2014 Supp. 65-3031 is hereby amended to read as follows: 65-3031. (a) ~~For all coal-fired and natural gas electric generating units that are affected units pursuant to 42 U.S.C. § 7411, as in effect on the effective date of this act, that have been constructed or have received a prevention of significant deterioration permit by July 1, 2014, in accordance with the requirements of the environmental protection agency's rule-making pursuant to docket EPA-HQ-OAR-2013-0602, the secretary may develop and submit to the environmental protection agency a state plan for compliance with the regulation of carbon dioxide from any affected or existing electric generating units pursuant to 42 U.S.C. § 7411. The secretary of health and environment may establish separate standards of performance for carbon dioxide emissions based upon: (1) The best system of emission reduction that has been adequately demonstrated while considering the cost of achieving such reduction;~~

(2) reductions in emissions of carbon dioxide that can reasonably be achieved through measures taken at each electric generating unit; and

(3) efficiency improvements to any affected electric generating unit and other measures that can be undertaken at each electric generating unit to reduce carbon dioxide emissions without any requirements for fuel switching, co-firing with other fuels or limiting the utilization of the unit.

(b) In establishing any standard of performance for any existing electric generating unit pursuant to this section, the secretary may consider alternative standards and metrics or may provide alternative compliance schedules than those provided by federal rules or regulations by evaluating: (1) Unreasonable costs of achieving an emission limitation due to plant age, location or the design of an electric generating unit;

(2) any unusual physical or compliance schedule difficulties or impossibility of implementing emission reduction measures;

(3) the cost of applying the performance standard to an electric generating unit;

(4) the remaining useful life of an electric generating unit;

(5) any economic or electric transmission and distribution impacts resulting from closing the electric generating unit if compliance with the performance standard is not possible; and

(6) the potential for a standard of performance relating to unit efficiency, including any requirements for a new source review or the application of a best available control technology emission limitation for any criteria pollutant as a condition of receiving a permit or authorization for the project.

(c) The secretary may implement such standards through flexible regulatory mechanisms, including the averaging of emissions, emissions trading or other alternative implementation measures that the secretary determines to be in the interest of Kansas. The secretary may enter into voluntary agreements with utilities that operate fossil-fuel based electric generating units within Kansas to implement these such carbon dioxide emission standards. Such agreements may aggregate the carbon dioxide emissions levels from electric resources in this state, including coal, petroleum, natural gas or renewable energy resources as defined in K.S.A. 2014 Supp. 66-1257, and amendments thereto, that are owned, operated or utilized by power purchase agreements by utilities for purposes of determining compliance with such carbon dioxide emission standards.

(d) The secretary and the state corporation commission shall enter into a memorandum of understanding concerning implementation of the requirements and responsibilities under the Kansas air quality act.

(e) (1) The secretary shall submit to the clean power plan implementation study committee:

(A) A plan to investigate, review and develop a state plan no later than the first week of November 2015;

(B) information on any final rule adopted by the environmental protection agency under docket EPA-HQ-OAR-2013-0602 no later than February 1, 2016; and

(C) any information requested by the chairperson.

(2) The state corporation commission shall submit information to the clean power plan implementation study committee concerning:

(A) Each utility's re-dispatch options along with the cost of each option;

(B) the lowest possible cost re-dispatch options on a state-wide basis; and

(C) the impact of each re-dispatch option on the reliability of Kansas' integrated electric systems.

(f) The secretary shall present any proposed state plan proposed for submission to the environmental protection agency to the clean power plan implementation study committee for review and input pursuant to section 2, and amendments thereto, at least 30 days prior to submission of such a plan to the environmental protection agency or any other federal agency. If a proposed plan is disapproved by the clean power plan implementation study committee, the secretary shall resubmit a revised plan to the study committee. The secretary may submit any proposed plan to the environmental protection agency that has been submitted to the study committee and that has not been disapproved by the committee within 30 days of the committee receiving such proposed plan.

(g) Notwithstanding review by the clean power plan implementation study committee of the submission of a state plan to the environmental protection agency, further action by the secretary to implement or enforce the final approved state plan is dependent upon the final adoption of the federal emission guidelines. If the federal emission guidelines are not adopted or are adopted and subsequently suspended, vacated, in whole or in part, or held to not be in accordance with the law, the secretary shall suspend or terminate, as appropriate, further action to implement or enforce the state plan.

(h) Notwithstanding any other provision of law, prior to submitting any state plan to the environmental protection agency, the secretary shall: (1) Submit such state plan as proposed rules and regulations pursuant to K.S.A. 77-415 et seq., and amendments thereto. Such submission shall be expedited by any agency reviewing such proposed rules and regulations pursuant to K.S.A. 77-415 et seq., and amendments thereto;

(2) request a review of the proposed state plan by the office of the attorney general. The attorney general review may certify to the secretary that the plan will not hinder, undermine or in any way harm the position of the state of Kansas in any current or pending litigation relating to the environmental protection agency docket EPA-HQ-OAR-2013-0602. The attorney general shall also review the proposed state plan concerning any impacts on the protections guaranteed by the constitutions of the United States or the state of Kansas; and

(3) not submit a state plan if the attorney general review indicates that the proposed plan would adversely impact the state's legal position in any current or pending litigation relating to the environmental protection agency docket EPA-HQ-OAR-2013-0602 or if the attorney general review indicates that the

(continued)

(Published in the Kansas Register June 4, 2015.)

proposed state plan adversely impacts protections guaranteed by the constitutions of the United States or the state of Kansas.

(i) The secretary shall be responsible for submitting a state plan to the environmental protection agency in a timely manner. Notwithstanding any other provision of this act, the secretary shall prepare and submit any request for an extension of time to file a state plan, if necessary, an interim state plan or a final state plan to the environmental protection agency. Any interim or final state plan shall be submitted by the secretary no less than four calendar days prior to the federal submission deadline, or extended submission deadline, established by the environmental protection agency. Any final state plan submitted to the environmental protection agency may only be submitted if the secretary has previously submitted such plan for review by the clean power plan implementation study committee pursuant to this act.

~~(d)~~(j) This section shall be part of and supplemental to the Kansas air quality act.

New Sec. 2. (a) (1) There is hereby established the clean power plan implementation study committee. The committee shall hold informational hearings and receive updates from the department of health and environment, the state corporation commission and the attorney general about the implications of the adoption of a state plan pursuant to docket EPA-HQ-OAR-2013-0602 concerning the impact to: (A) Electric ratepayers; (B) electric utilities; (C) the reliability of the electric grid in Kansas; and (D) the overall sovereignty of the state.

(2) Upon development of a state plan pursuant to K.S.A. 2014 Supp. 65-3031, and amendments thereto, the secretary of health and environment shall submit the plan to the study committee for review. Within 30 days of receiving any proposed state plan, the committee shall hold a committee meeting and review the impact of the plan pursuant to this section and may approve or disapprove the submission of the plan. If the study committee disapproves the submission of the plan, the committee shall provide the secretary the reasons for such disapproval.

(b) (1) The study committee shall be composed of 11 voting members. Five members shall be from the senate committee on utilities as follows: (A) The chairperson, vice-chairperson and ranking minority member; and (B) two members appointed by the president of the senate.

(2) Six members shall be from the house committee on energy and environment as follows: (A) The chairperson, vice-chairperson and ranking minority member; and (B) three members appointed by the speaker of the house of representatives.

(3) A quorum of the clean power plan implementation study committee shall be six members. All actions of the committee shall be taken by a majority of all of the members of the committee. Any vacancy in the membership of the committee shall be filled by appointment in the same manner prescribed by this section for the original appointment.

The committee shall have the authority to meet at any time and at any place within the state on the call of the chairperson.

(d) The provisions of the acts contained in article 12 of chapter 46 of the Kansas Statutes Annotated, and amendments thereto, applicable to special committees shall apply to the clean power plan implementation study committee to the extent that the same do not conflict with the specific provisions of this act applicable to the study committee.

(e) Members of the clean power plan implementation study committee shall receive compensation, travel expenses and subsistence expenses as provided in K.S.A. 75-3212, and amendments thereto, when attending meetings of the committee.

(d) The time for calling a meeting pursuant to this section shall be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period.

(e) Nothing in this section shall be construed to prohibit the development and implementation of a functional behavioral analysis or a behavior intervention plan for any student if such student may benefit from such measures but has had less than three incidents involving emergency safety interventions within a school year.

Sec. 6. The state board of education shall adopt rules and regulations as necessary to implement the provisions of this act on or before March 1, 2016. Article 301.—SPECIFIC LOTTERY FACILITY GAMES AT LOTTERY GAMING FACILITIES

111-301-21. Name of the game; rules and regulations. The Kansas lottery may conduct a lottery facility game at the Boot Hill Casino & Resort in Dodge City, Kansas, entitled "Live Poker - Bad Beat Promotion" beginning on or after May 1, 2015.

The rules and regulations for the game of "Live Poker - Bad Beat Promotion" are contained in K.A.R. 111-301-21 through 111-301-31, and applicable generic rules are contained in K.A.R. 111-201-1 *et seq.* (Authorized by K.S.A. 2014 Supp. 74-8710 and 74-8748; implementing K.S.A. 2014 Supp. 74-8710; effective, T-111-7-14-11, June 15, 2011; amended T-111-5-20-15, April 24, 2015.)

111-301-22. General provisions. (a) Boot Hill Casino & Resort may offer a payout for one or more pre-designated, high-value poker hands when such a hand is held by a player as a losing hand in a round of play (a "bad beat").

(b) A bad beat payout shall be made from a separate fund created from pot contributions required at live poker tables where a bad beat payout is offered.

(c) Boot Hill Casino & Resort shall affix a bad beat drop box to each live poker table participating in the bad beat promotion. This box shall be used solely for the collection of bad beat promotion contributions.

(d) Boot Hill Casino & Resort shall post an initial contribution of \$1,000.00 to the bad beat primary promotion fund.

(e) Boot Hill Casino & Resort may extract a prescribed contribution to the bad beat promotion from each pot at a participating poker table. Prior to distributing the pot to a winning patron and after the dealer has extracted the rake, the amount from each pot to be contributed to a bad beat promotion fund shall be determined, segregated from the pot, and deposited into the bad beat drop box.

(f) The bad beat promotion money will be collected at the end of each gaming day to coincide with the table games drop by the drop team. The bad beat promotion boxes will be emptied into a locking bag and secured on the trolley cart with the table game drop boxes.

(g) Boot Hill Casino & Resort shall post at each live poker table that offers a bad beat payout a notice advising patrons of eligibility for such payout. Additionally, Boot Hill Casino & Resort shall post its bad beat payout rules in a conspicuous location within its poker room which, at a minimum, shall address:

(1) The maximum amount that can be contributed from each pot and the method of calculation for any contributed amount;

(2) The minimum pot amount required for a contribution to a bad beat payout; and

(3) Qualifying bad beat requirements and payouts.

(h) Boot Hill Casino & Resort will conspicuously display the amount of the current primary promotion.

(i) The "Live Poker - Bad Beat Promotion" shall not apply to any tournament games of any kind. Only live poker games where revenue is generated from extracting rakes from each pot will participate in the "Live Poker - Bad Beat Promotion." 111-301-24. Qualification for promotion. In order to trigger the progressive bad beat promotion, a patron must have a "qualifying poker hand" as set forth in

(continued)

K.A.R. 111-301-25 and K.A.R. 111-301-26. (Authorized by K.S.A. 2014 Supp. 74-8710 and 74-8748; implementing K.S.A. 2014 Supp. 74-8710; effective, T-111-7-14-11, June 15, 2011; amended, T-111-5-20-15, April 24, 2015.)

111-301-25. Qualifying poker hands. (a) In order to trigger the progressive bad beat promotion in Texas Hold 'Em, the second highest hand must consist of a full house containing no less than three aces and two eights or higher ranking hand.

(b) Both the qualifying bad beat hand and the winning hand must be in action at the final showdown.

(c) Both the qualifying bad beat hand and the winning hand must use two (2) hole cards to create their 5-card hands.

(d) If the same hand may be made more than one way, the player's card or cards dealt face down shall take priority.

(e) A hand shall only qualify for the bad beat payout if the pot amount, including the house rake, is at least \$20.00. (Authorized by K.S.A. 2014 Supp. 74-8710 and 74-8748; implementing K.S.A. 2014 Supp. 74-8710; effective, T-111-7-14-11, June 15, 2011; amended T-111-5-20-15, April 24, 2015.)

111-301-26. Additional rules for promotion play and verification. (a) A Boot Hill Casino & Resort table games supervisor or higher ranking casino employee must verify every qualifying poker hand before any prize money will be awarded. In the event that a qualifying hand is not verified before a new hand is dealt, then that hand shall be declared null and void for participation in this promotion.

(b) If a player has a verified qualifying hand, the dealer will immediately count down the deck to make sure the exact number of cards and the proper suits and rank are in compliance with a standard deck. Should there be a deviation from the standard deck, then that particular jackpot hand shall be declared null and void.

(c) If, upon inspection, markings on individual cards indicate to management that the deck in question has been compromised, then the jackpot hand shall be declared null and void.

(d) If, in Boot Hill Casino & Resort's judgment, there is communication among players, whether verbal or otherwise, indicating that one player already has a jackpot hand or is drawing to such a hand, or makes remarks or signs that lead other players to believe that this is the time to attempt to play for such a hand, the jackpot hand shall be declared null and void.

(e) All winners must provide valid identification as required by Boot Hill Casino & Resort.

(f) Winnings are non-transferable. Patrons may not substitute another person or another person's name to claim their winnings.

(g) All applicable taxes are the sole responsibility of the winner. (Authorized by K.S.A. 2014 Supp. 74-8710 and 74-8748; implementing K.S.A. 2014 Supp. 74-8710; effective, T-111-7-14-11, June 15, 2011; amended, T-111-4-14-14, Jan. 15, 2014; amended, T-111-5-20-15, April 24, 2015.)

111-301-28. Promotion funding. (a) Except for the initial funding of \$1,000.00 from Boot Hill Casino & Re-

sort as provided in the general provisions, the bad beat promotion shall be funded in its entirety by qualifying daily contributions.

(b) Beginning with the first bad beat contribution, two funds shall be established: a "primary promotion fund" and a "secondary fund." A primary promotion shall be awarded out of the primary promotion fund to a qualifying bad beat hand and all other qualifying players. The secondary fund shall be used to replenish the primary promotion after it has been awarded and for special hand promotions or other poker promotional activities.

(c) The initial contribution from Boot Hill Casino & Resort of \$1,000.00 shall be applied to the primary promotion fund only.

(d) For each additional contribution to the bad beat promotion, seventy percent (70%) of the contribution shall be applied to the primary promotion fund, and thirty percent (30%) shall be applied to the secondary fund.

(e) The primary bad beat promotion fund shall be capped at \$225,000, at which time one hundred percent (100%) of the additional contributions shall be applied to the secondary fund.

(f) When the qualifying hand has been verified and the primary bad beat promotion has been awarded, up to ten percent (10%) of the secondary fund, not to exceed \$5,000, may be applied to establish the new primary bad beat promotion. Article 501.—SOUTH CENTRAL GAMING ZONE

111-501-6. Rules of the game. (a) The cards shall be shuffled under the following circumstances:

(1) A new set of decks are put into play.

(2) When the cut card appears during the course of the play (the shuffle will take place prior to the next round of play).

(3) Whenever the cards have been dropped or otherwise mishandled.

(4) Whenever instructed to do so by the table game supervisor or higher ranking casino official.

(5) At no time will the dealer shuffle at the request of a player unless authorized to do so by a table games supervisor or higher ranking casino official.

(b) The dealer is to maintain physical and visual contact with the deck at all times while the deck is out of the shoe; however, the cards shall be placed back in the dealer's shoe for commencement of play.

(c) A card shall be burned for the following reasons:

(1) After a shuffle of the cards.

(2) A card has been exposed or dealt by mistake unless the card was exposed or dealt by mistake to the player who acts immediately prior to the dealer.

(3) When a dealer is relieved, the new dealer shall burn a card.

(4) If a table is dead (no players), upon the arrival of new players, the dealer shall burn a card.

(d) All cards shall be dealt from a dealing shoe secured to and located on the extreme left-hand side of the table.

(e) All players' cards should be delivered face up, starting on the dealer's left and continuing clockwise around the table.

(f) After each player has received one card, the dealer shall take one card face down. A second card should be dealt to each player face up and the dealer's final card will be dealt face up. The card should be placed underneath the first card which is now turned face up and should cover the hole card in such a way that no part of that card is visible.

(g) A player may elect to double down with any initial two (2) cards, and bet up to the amount of his original bet on the condition that only one (1) additional card shall be dealt to the player.

(h) The additional chips for the double-down bet should be placed next to the original wager before the double down card is dealt.

(i) The double down card will be exposed and placed across the two (2) cards involved, in such a manner as to keep the number exposed on the player's second card.

(j) When paying double down bets, the bet is not combined into one stack and the stack is not sized into the other stack. The dealer is not permitted to move the player's bet with chips in the dealer's hand.

(k) Whenever the initial two cards to a player are of the same face value, the player may elect to split the cards into two separate hands, provided that the player makes a bet equal to the original bet. The following rules apply to splitting cards:

(1) After splitting, the first hand will receive a card. This hand will be completed by either hitting again or staying before the next hand is dealt to.

(2) The second hand will receive a card. This hand will be completed by either hitting again or staying before moving on to the next hand.

(3) A player may split up to three times excluding aces which may only be split once. When aces are split, the player will only receive one card per ace.

(l) The dealer will ask if any player wishes to place an insurance bet when the dealer's "up" card is an ace.

(m) Insurance is a separate bet. The player is betting that the dealer has blackjack. If the dealer does not have blackjack, then the player loses the player's insurance bet.

(n) The player can take insurance for any amount up to one-half of the original bet.

(o) The proper (one-half or under) insurance bet shall be placed on the insurance line on the table layout.

(p) The dealer will then verbally close the time for accepting insurance bets.

(q) If the dealer's hand is a blackjack and the player has taken insurance, the dealer will take the losing bet and pay off the winning insurance bet with it in an amount not to exceed the player's original bet. Insurance will be paid at a rate of 2 to 1.

(r) If the player's hand is a blackjack and the dealer's "up" card is an ace, the player can announce even money and be paid the amount of the player's bet.

(s) Players may insure a toke bet and the bet is handled by the same procedure as any other insurance bet.

(t) A player may place more than one-half of their original bet on the insurance line but only one-half of their original bet is in action. Any overage will be returned to the player after it is determined that the dealer does or does not have blackjack.

(u) All blackjacks will be paid at odds of 3 to 2. The dealer shall pay the player having a blackjack during the normal course of the dealer's take and pay procedures.

(v) If the dealer and a player have blackjack, the player's bet will be a push (tie).

(w) If the dealer looks at the dealer's hole card and fails to recognize the fact the dealer has a blackjack, the dealer's hand will be played as a total of 21 only, and not as a blackjack. A player that doubles down or splits will receive back any additional wagers made after their initial wager.

(w) Any player's hand that exceeds a total of 21 has broke or "busted" and their hand loses.

(x) If the dealer has an up card with the value of ten, the dealer will use the peeking device built into the gaming table to check to see if the dealer has a blackjack.

(y) If the dealer has a blackjack all losing bets will be collected and all blackjacks will push.

(z) If the dealer does not have blackjack the hand will continue as normal.

(aa) A card found turned upwards in the shoe shall not be used in that game and shall be placed in the discard rack (burned).

(bb) A card drawn in error without its face being exposed shall be used as though it were the next card from the shoe.

(cc) After the initial two cards have been dealt to each player and a card is drawn in error and exposed to the players, such card shall be burned or placed in the discard rack and will not be offered to any player or to the dealer unless the card was exposed or dealt by mistake to the player who acts immediately prior to the dealer unless the card was exposed or dealt by mistake to the player who acts immediately prior to the dealer. In that case, if the card is needed by the dealer to complete the dealer's hand, then the card shall be retained by the dealer. If the card is not needed by the dealer to complete the dealer's hand, then the card shall be burned. In that case if the card is needed by the dealer to complete the dealer's hand, then the card shall be retained by the dealer. If the card is not needed by the dealer to complete the dealer's hand, then the card shall be burned.

(dd) If the dealer has a point total of a hard seventeen or more and accidentally draws a card for the dealer, such card shall be burned.

(ee) If the dealer misses dealing his first or second card to the dealer, the dealer shall continue dealing the first two cards to each player, and then deal the appropriate number of cards to the dealer.

(ff) If there are insufficient cards remaining to complete a round of play, all of the cards in the discard rack shall

be shuffled and cut, the first card shall be drawn face down and burned, and the dealer shall complete the round of play.

(gg) If no cards or only one card is dealt to a player's hand, the hand is dead and the player shall be included in the next deal.

(hh) If any card is dealt and an error occurs, at no time will any card be backed up as a result of the error.

(ii) If a dispute occurs because of a mistake during a hand, the table games supervisor or higher ranking casino official shall be authorized to declare that all or part of the hand is dead (void) and can return any disputed money.

(jj) If offered at the blackjack table, a player making a blackjack wager may also make an optional three card poker wager in the area on the table designated for that optional wager so long as the wager is made prior to the first card of the hand being removed from the shoe.

(kk) If a player makes an optional three card poker wager, the player may also make a three card poker wager as a tip for the dealer so long as the tip wager is made prior to the first card of the hand being removed from the shoe.

(ll) Resolution of all optional three card poker wagers shall be made after all players and the dealer have received their second card and before the blackjack game continues.

(mm) An optional three card poker wager will win if the dealer's card dealt face up and the player's two cards combined equal one of the following three card poker hands:

(1) A "flush," which means three cards of the same suit (hearts, spades, diamonds or clubs);

(2) A "straight," which means three cards of consecutive rank, with the ranking of cards from lowest to highest being 2, 3, 4, 5, 6, 7, 8, 9, 10, jack, queen, king, and ace, except that an ace can also be used with a 2 and 3 to make a straight;

(3) A "three of a kind," which means three cards of the same rank; and,

(4) A "straight flush," which means a "straight" as defined hereinabove, when all three cards are in the same suit.

(nn) An optional three card poker wager will lose if the dealer's card dealt face up and the player's two cards combined do not equal one of the three card poker hands listed in subsection "mm," above.

(oo) All winning three card poker wagers shall be paid at the rate of nine to one.
