**South Central Kansas Economic
Development District**

Notice to Contractors and Vendors

The South Central Kansas Economic Development District (SCKEDD) in Wichita administers the federally funded Kansas Weatherization Assistance Program in a 13-county region in south central Kansas. SCKEDD is in the process of contracting with the following:

- A vendor who can supply HVAC equipment, including wall, console and forced-air furnaces.
- Vendors who can supply cellulose insulation, ASHRAE 62.2 ventilation systems and various weatherization materials.
- A contractor that is a licensed electrician capable of service upgrades, wiring repair and replacements, panel replacements, adding dedicated electrical circuits for furnaces and installing mechanical ventilation systems per ASHRAE 62.2 standards. Fan kits will be provided by SCKEDD.
- A contractor that can provide licensed plumbing work for supply line and waste line repair or replacement and water heater replacement.
- A roofing contractor that can provide full and partial residential roof repairs and replacement.
- A general contractor that can perform weatherization work in the following counties with estimated number of units in parenthesis: Barber (2), Chautauqua (1), Cowley (8), Elk (1), Harper (2), Kingman (3), McPherson (5), Pratt (1), Reno (10), Rice (3), Sedgwick (85), Stafford (1) and Sumner (3). Because SCKEDD employs weatherization crews, only the work that can't be performed in-house will be contracted out.

Weatherization work includes performing air sealing, repairing broken windows, adding weather-strips to exterior doors, installing plastic vapor barriers in crawl spaces, insulating foundation walls and floors using fiberglass batting material, installing dense pack-blown cellulose insulation in exterior walls, installing roof vents and insulating attics with blown cellulose. Mobile home weatherization work includes repairing duct work systems and installing blown fiberglass insulation into bellies, walls and roof cavities. Work will be performed on single-family dwellings and mobile homes. All weatherization contractors will be responsible for complying with the EPA's Renovation Repair and Painting (RRP) regulations as enforced by KDHE in Kansas. KDHE and Kansas weatherization requires all licensed firms to employ only certified renovators to perform weatherization work.

Contractor requirements include, but are not limited to:

- Capability to be licensed in all municipalities served by SCKEDD weatherization
- RRP renovation firms licensed with KDHE
- All workers licensed as RRP renovators with KDHE
- All workers have completed LSWP training provided by the Department of Energy
- Worker's comp and general liability insurance

Contracts will be for a one-year period through October 31, 2016, with an option to extend the contract for up to three additional one-year periods at the discretion of SCKEDD and the approval of the Kansas Housing Resources Corporation. A mandatory bidder's conference will take place to answer all questions regarding the distributed bid packets. If you are unable to attend in person, teleconference capabilities will be provided. The bid sheets provided will require contractors and vendors to provide line-item prices by county for all items listed.

Contractors are required to provide references with their bid package as a high value will be placed on quality of work. SCKEDD may choose any or all of these factors to evaluate contractor bids: price, quality of references, timeliness in completing work, quality of completed work, timeliness in billing, quality of billing, and any other factor as specified in the bid package.

To receive a bid packet and be notified when the bidder's conference will take place, contact the SCKEDD Weatherization Program not later than noon Friday, October 2, 2015, at SCKEDD, 3737 N. Hillside, Suite B, Wichita, KS 67219, 316-425-8844.

SCKEDD encourages minority, women-owned and small-business vendors and contractors to apply. SCKEDD is an equal opportunity agency.

Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Tallgrass Interstate Gas Transmission, LLC has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Tallgrass Interstate Gas Transmission, LLC, 370 Van Gordon St., Lakewood, CO 80228-8304, owns and operates Tallgrass Interstate Gas Transmission, LLC located at Section 2, T12S, R5W, Ottawa County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, and at the KDHE North Central District Office, 2501 Market Place, Suite D, Salina. To obtain or review the proposed permit and supporting documentation contact Cathy Richardson, 785-296-1947, at the KDHE central office, or Stan Marshall, 785-827-9639, at the KDHE North Central District Office. The standard departmental cost will be assessed for any copies requested.

Written comments or questions regarding the proposed permit may be directed to Cathy Richardson, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received not later than noon October 19, 2015.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall

(continued)

be in writing and set forth the basis for the request. The written request must be submitted to Cathy Richardson, KDHE, Bureau of Air, not later than noon October 19, 2015, in order for the secretary of health and environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Legal Description: N½, SW¼, S29, T14S, R6E, Morris County, KS		

The proposed action consists of reissuing an existing permit for discharge of wastewater during quarry operations. This is a limestone quarrying and crushing operation with some washing. Wash water will be treated by a settling pond before discharge. The proposed permit contains limits for total suspended solids and generic water-quality language to protect waters of the state.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before October 17, 2015, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-15-324/327, KS-AG-R-15-030, KS-Q-15-125) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the secretary of health and environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Request for Comments

The Kansas Department of Health and Environment received Resource Conservation and Recovery Act (RCRA) hazardous waste Part A and Part B permit renewal applications from Day & Zimmermann Kansas LLC (owner/operator). The facility is located at 21017 Scott Road, Parsons, Kansas, and has EPA Identification Number KSR000511964.

KDHE is providing notice of its intent to renew the RCRA hazardous waste management permit for the facility. The proposed renewal permit will require Day & Zimmermann Kansas LLC to continue hazardous waste operations and corrective action at the facility.

In October 1985, the state of Kansas received final authorization from the U.S. Environmental Protection Agency to implement a hazardous waste management program in lieu of the federal program, except for those portions covered by the 1984 Hazardous and Solid Waste Amendments (HSWA). In September 2013, authority for the corrective action portion of the RCRA program was delegated to the state of Kansas.

The draft permit sets forth in a concise document all of the applicable requirements that KDHE will require the permittee to comply with during the 10-year duration of the permit. The draft hazardous waste permit includes standard permit conditions, general facility conditions, container storage requirements, thermal treatment requirements, air emission requirements for containers, corrective action requirements for groundwater and soil, and corrective action requirements for solid waste management units (SWMUs) and areas of concern (AOCs). Section 6 addresses corrective action for all releases or future releases of hazardous waste or hazardous constituents from any SWMU or AOC at this facility. Section 6 also includes general conditions, process steps, and a facility submission summary for corrective action activities.

The draft permit is being considered for issuance under authority of K.S.A. 65-3430 *et seq.* and K.A.R. 28-31-4 through 28-31-279a, and Subtitle C of RCRA, as amended by HSWA. Documents that support the permit conditions specified in the draft permit are part of the administrative record. Applicable regulations are found in 40 CFR Parts 124, 260 through 264, 266, 268 and 270, as specified in this permit. All citations found in the draft permit to federal regulations are for the sake of convenience. Some modifications to federal regulations by applicable state regulations are noted in this permit, but all modifications to federal regulations by state regulations are incorporated. To the extent that state regulations exclude any sections of applicable federal regulations, those sections are not in effect. In the instance of inconsistent language or discrepancies between conditions found in the permit, state regulations or federal regulations, the language of the more stringent provision will govern; otherwise, state law governs.

State hazardous waste laws require that the public be given at least 45 days to review the administrative record

for the draft permit prior to KDHE taking a final action. The purpose of having a public comment period is to ensure that interested parties have the opportunity to evaluate the conditions specified in the draft permit and to provide their input into the permit decision-making process. A copy of the administrative record, which includes the draft permit, the fact sheet, the permit application and all information pertaining to this permit action, is available for public review from September 21-November 6, 2015, Monday through Friday, during normal business hours at the following locations:

The administrative record can also be accessed on the KDHE website at www.kdheks.gov/waste/p_pubnot_hw.html.

As specified in 40 CFR 124.11, during the public comment period any interested person may request a public hearing in writing which states the nature of the issues proposed to be raised in a public hearing. In the event that a hearing is scheduled, advance notice of the date will be given to the public. In accordance with 40 CFR 124.12, during a public hearing any person may submit oral or written statements and data concerning the draft permit or Part B application. The secretary of health and environment will make the decision regarding the issuance of the permit after the close of the public comment period. The secretary will consider all comments received during the public hearing and comment period.

When the final decision to issue or deny the permit is made, notice will be given to the applicant, to all persons who submitted written comments, and to those who requested notice of the final permit decision. If none of the comments received during the public comment period result in revisions to the draft permit, the permit will become effective immediately upon issuance of the final permit decision. If comments received during the public comment period result in revisions, the permit will become effective 30 days after service of notice of the final decision to allow for public review of the revisions in accordance with 40 CFR 124.15 and K.A.R. 28-31-124(c)(8). Appeals of the final permit decision for the permit must be filed within 15 days after service of notice in accordance with K.S.A. 65-3440 and K.S.A. 77-601 *et seq.*

Secretary of State**Permanent Administrative Regulations****Article 23.—VOTER REGISTRATION**

7-23-14. Assessing documents submitted as evidence of United States citizenship. (a) In assessing documents submitted as evidence of United States citizenship, each election officer shall consider the following factors: first name, middle name or initial, surname, date of birth, place of birth, and sex.

(1) The first name and the middle name or initial, if provided, shall be consistent with the information provided on the person's application for voter registration. Hyphenated names shall be permitted if not inconsistent with the information provided on the person's application for voter registration.

(2) If the name on the document is inconsistent with the applicant's name as it appears on the application for voter registration, the election officer shall perform the following:

(A) Ask the applicant for a second, government-issued document confirming the voter's current name;

(B) If the applicant is unable or unwilling to provide a second, government-issued document, allow the applicant to sign an affidavit pursuant to K.S.A. 25-2309 and amendments thereto, stating the inconsistency related to the applicant's name and swearing under oath that, despite the inconsistency, the applicant is the individual reflected in the document provided as evidence of citizenship; and

(C) If the applicant is either unable or unwilling to provide a second, government-issued document and refuses to sign an affidavit, inform the applicant of the applicant's right to appeal to the state election board, pursuant to K.S.A. 25-2309 and amendments thereto.

(3) The date of birth indicated on the document submitted as evidence of United States citizenship shall match the date of birth provided on the application for voter registration. If the dates of birth are inconsistent, the election officer shall inform the applicant of the applicant's right to appeal to the state election board, pursuant to K.S.A. 25-2309 and amendments thereto.

(4) If the place of birth is indicated on the document submitted as proof of United States citizenship, the place of birth may be used to assess the applicant's status as a United States citizen. If the document does not contain a place of birth, this fact shall not result in an unsatisfactory assessment.

(5) If the sex indicated on the document does not match the sex indicated on the application for the voter registration, the election officer shall perform the following:

(A) Ask the applicant for a second, government-issued document confirming the voter's sex;

(B) If the applicant is unable or unwilling to provide a second, government-issued document, allow the applicant to sign an affidavit pursuant to K.S.A. 25-2309 and amendments thereto, stating the inconsistency related to the applicant's sex and swearing under oath that, despite the inconsistency, the applicant is the individual reflected in the document provided as evidence of citizenship; and

(C) if the applicant is unable or unwilling to provide a second, government-issued document and refuses to sign an affidavit, inform the applicant of the applicant's right to appeal to the state election board, pursuant to K.S.A. 25-2309 and amendments thereto.

(6) If a document submitted as evidence of United States citizenship contains an expiration date and this date has passed when the document is submitted for purposes of voter registration, the document shall nonetheless be considered in assessing qualifications to register to vote.

(b) If an applicant for voter registration fails to submit evidence of United States citizenship before the deadline to register to vote before an election, the applicant may submit a valid citizenship document by mail or personal delivery to the county election office by the close of business on the day before the election or a valid citizenship document by electronic means before midnight on the day before the election. "Electronic means" shall include facsimile, electronic mail, and any other electronic means approved by the secretary of state. For each document received in accordance with this subsection, the county election officer shall perform the following:

(1) Accept and assess the citizenship document;

(2) add the applicant's name to the voter registration list as a registered voter; and

(3) if practicable, include the registrant's name in the poll book for the upcoming election. If poll books have already been printed, the county election officer shall, if practicable, communicate the registrant's name to the appropriate polling place with instructions to allow the registrant to vote a regular ballot. If the registrant's name is not communicated to the election board at the appropriate polling place by the county election officer before the opening of the polls on election day, the registrant shall be allowed to cast a provisional ballot. If any applicant to whom this subsection applies fails to submit satisfactory evidence of United States citizenship in accordance with this subsection and the applicant casts a provisional ballot, the ballot shall not be counted.

(c) A registered voter who has previously provided sufficient evidence of United States citizenship with a voter registration application in this state shall not be required to resubmit evidence of United States citizenship with any subsequent voter registration application. (Authorized by and implementing K.S.A. 2014 Supp. 25-2309; effective Jan. 1, 2013; amended Oct. 2, 2015.)

7-23-15. Incomplete applications for voter registration. (a) If the county election officer assessing an application for voter registration determines that the application does not contain the information required by law, including satisfactory evidence of United States citizenship, the county election officer shall designate the application as incomplete. Each county election office shall maintain a list of incomplete applications for voter registration.

(b) Any voter registration applicant whose voter registration application has been designated as incomplete under subsection (a) may complete the voter registration application, without submitting a new voter registration application, by providing the required information that

was not provided with the original voter registration application within 90 days after the voter registration application was received by the county election office.

(c) If a voter registration application was designated as incomplete under subsection (a) and the application is not completed by the applicant under subsection (b), the voter registration application shall be deemed insufficient by the county election officer and the county election officer shall designate the voter registration application as canceled. Each voter registration applicant whose voter registration application was deemed insufficient under this subsection shall be required to submit a new voter registration application in order to become registered to vote. (Authorized by and implementing K.S.A. 2014 Supp. 25-2309; effective Oct. 2, 2015.)

Office of the Securities Commissioner

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, November 19, at the Office of the Securities Commissioner of Kansas, 109 S.W. 9th St., Suite 600, Topeka, to consider amendments to Kansas Administrative Regulations **81-1-1, 81-2-1, 81-3-1, 81-3-5, 81-3-6, 81-3-7, 81-4-1, 81-4-4, 81-5-7, 81-5-15, 81-5-17, 81-5-21, 81-6-1, 81-7-1, 81-7-2, 81-14-1, 81-14-5 and 81-14-11** on a permanent basis. All proposed amendments are to regulations adopted by the commissioner for administration and enforcement of the Kansas Uniform Securities Act (KUSA), K.S.A. 17-12a101 *et seq.* and amendments thereto.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed amendments of regulations. All interested parties may submit written comments prior to the hearing to the attention of the commissioner at the address above or by email to ksc@ksc.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed amendments of regulations during the public hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation. Following the hearing, all written and oral comments submitted by interested parties will be considered by the commissioner as a basis for making changes to the proposed amendments of regulations.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Nichole Oathout, legal assistant, at 785-296-5266, or the Kansas Relay Center at 800-766-3777. Handicapped parking is located on S.W. 9th St. near the office building, and the hearing room is accessible to individuals with disabilities.

(continued)

Summaries of the proposed amended regulations and their economic impacts follow. Copies of the full text of the proposed amended regulations and the economic impact statements may be obtained by writing to the Office of the Securities Commissioner at the address above or by email to ksc@ksc.ks.gov. Copies of the proposed amended regulations can also be viewed on the website of the Kansas Secretary of State at http://www.kssos.org/pubs/pubs_kar.aspx by clicking the link for "View proposed regulations currently open for comment" and scrolling down to the "Securities Commissioner, Office of the" and then clicking the "View PDF" link.

Amendments to K.A.R. 81-1-1. Definition of terms. This regulation provides definitions for administration and enforcement of the Kansas Uniform Securities Act and amendments are proposed to add or make technical changes to definitions of the following terms: "EFD," "FINRA," "IARD," "NASD," and "Nasdaq." The proposed amendments to definitions do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-2-1. Forms and adoptions by reference. This regulation specifies forms required or allowed for use by persons regulated by the agency and also lists statutes, rules and other documents that are adopted by reference for use throughout the other regulations of the agency. Forms and adoptions by reference provide for uniformity, cooperation and coordination of regulatory requirements among agencies and regulatory organizations with regard to policies and subjects for uniformity as specified under K.S.A. 17-12a608. The proposed amendments delete forms no longer in use, add new or updated forms that are specified in other regulations being amended, and update adoptions by reference due to changes in statutes and rules of the SEC and FINRA. New subsection (e) is proposed as an amendment to clarify that definitions within SEC statutes, SEC rules and regulations, and FINRA rules adopted by reference apply if the definitions are in conflict with definitions in KUSA and regulations under KUSA. A new subsection (f) is proposed to clarify that there is no intent within the regulations adopted by the commissioner to require the SEC, FINRA or other regulatory organizations to comply, administer or enforce the statutes, rules or policies under their jurisdiction that are adopted by reference in K.A.R. 81-2-1, or to require the commissioner to act on behalf of the SEC, FINRA or other regulatory organizations. None of the proposed amendments result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-3-1. Registration procedures for broker-dealers and agents. The proposed amendments to this regulation provide technical updates including: deletion of (a)(2), which duplicates a statutory provision; replacement of NASD with FINRA as defined in proposed K.A.R. 81-1-1; addition of registration requirements for broker-dealers that are not required to file with the CRD system; replacement of financial statement and net capital disclosure requirements of broker-dealers with an adoption by reference to the FINRA and SEC requirements for annual reports with audited financial statements; clarification of requirements for new bro-

ker-dealers not yet subject to the FINRA and SEC annual report requirements; and other technical updates regarding filing requirements for agents of intrastate broker-dealers and renewals of registrations. None of the proposed amendments are expected to result in any material or determinable economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-3-5. Sales of securities at financial institutions. This regulation pertains to broker-dealers that provide services on the premises of financial institutions where retail deposits are received, and specifies various requirements intended to ensure that customers understand the distinction between the physical location and services of the financial institution and the location and services of the broker-dealer. The proposed amendments update the definition of "broker-dealer services" within the regulation, and add a requirement for broker-dealers on the premises of credit unions to disclose to customers that securities purchased or sold in broker-dealer transactions are not insured by the National Credit Union Share Insurance Fund (NCUSIF). Previously, the regulation made reference only to FDIC insurance, which pertains to retail deposits at banks. None of the proposed amendments to this regulation are expected to result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-3-6. Dishonest or unethical practices of broker-dealers and agents. This regulation implements K.S.A. 17-12a412(d), which prohibits unethical practices of broker-dealers by specifying the conduct or failures to comply with standards that constitute unethical practices. The proposed amendments to this regulation update references to NASD conduct rules and FINRA rules in subsection (d). FINRA continues to administer and enforce NASD conduct rules that have not been replaced or updated by FINRA rules since the consolidation of NASD and the regulatory functions of the New York Stock Exchange into FINRA as described in definitions of FINRA and NASD in the proposed amendments to K.A.R. 81-1-1. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-3-7. Supervisory, financial reporting, recordkeeping, net capital, and operational requirements for broker-dealers. The proposed amendments to this regulation provide technical updates by reference to terms defined in K.A.R. 81-1-1 and update SEC net capital rules adopted by reference in proposed amendments to K.A.R. 81-2-1. The updates are necessary for purposes of uniformity as provided for under K.S.A. 17-12a608. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-4-1. Registration of securities. This regulation specifies filing and fee requirements for applications to register securities by coordination or qualification. The proposed amendments update subsection (b) with respect to Regulation A offerings by

inserting a reference to Tier 1 offerings as a result of amendments to SEC rules under Regulation A that became effective on June 19, 2015. Regulation A now includes Tier 1 and Tier 2 offerings with different parameters and treatment under federal and state securities laws. Tier 1 offerings continue to be subject to registration requirements of state securities laws, but states are preempted from requiring registration of Tier 2 offerings. Anti-fraud provisions of state securities laws still apply to Tier 2 offerings. Although the federal preemption of registration requirements of KUSA and K.A.R. 81-4-1 for Tier 2 offerings could possibly result in fiscal effects on the agency and persons conducting Tier 2 offerings, the impact is expected to be immaterial in relation to overall agency operations and aggregate offerings of securities in Kansas. The economic impact on issuers conducting Tier 2 offerings under Regulation A would include cost savings related to applications for registration, such as the registration fee and costs to resolve compliance deficiencies, however, it is not deemed possible to estimate those savings. The volume of Regulation A offerings has been very limited in recent years and it is not deemed possible to accurately estimate whether federal preemption will result in increased volumes of Tier 2 offerings.

Amendments to K.A.R. 81-4-4. Registration requirements for not-for-profit issuers. This regulation specifies that debt offerings of not-for-profit issuers are required to be registered as provided for under K.S.A. 17-12a201(7)(C) unless an exemption under other provisions of KUSA can be claimed, or unless the issuer meets other conditions with reference to Sec. 3(c)(10)(B) under the Investment Company Act of 1940. The proposed amendments update statute references and add a clarification for the exception from registration for an issuer excluded from the definition of investment company under Sec. 3(c)(10)(B) of the Investment Company Act of 1940. The clarification requires that the security is to be issued in exchange for assets contributed to a fund pursuant to Sec. 3(c)(10)(B) of the Investment Company Act of 1940. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-5-7. Exchange exemption. This regulation specifies securities that are exempt from registration under KUSA as provided for under K.S.A. 17-12a201(6)(B) by designating securities markets on which the securities are listed or approved for listing. The proposed amendments delete a substantial portion of existing provisions in this regulation that duplicate the exemption provisions of K.S.A. 17-12a201(6)(A) for federal covered securities that are exempt as a matter of federal preemption under Sec. 18(b)(1) of the Securities Act of 1933. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-5-15. Notice filings and fees for rule 506 offerings. This regulation specifies notice filing and fee requirements for offerings for which exemption is claimed under SEC Rule 506 as authorized under K.S.A. 17-12a302(c). The proposed amendments add a provision for electronic filings of Form D through

the EFD system as defined in proposed amendments to K.A.R. 81-1-1, and add a reference to K.S.A. 17-12a307 with regard to authority of the commissioner to modify the fee required for a late filing of Form D. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public. The electronic filing provision does not alter the fee requirement for filing Form D and the referenced statutory authority for allowing modified late fees does not affect past and current practice.

Amendments to K.A.R. 81-5-17. Standard manuals exemption. The proposed amendments to this regulation update the names of manuals designated by the commissioner for the transactional exemption from securities registration that is provided by K.S.A. 17-12a202(2)(A)(iv). The amendments also clarify that the manuals may be in printed or electronic form. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-5-21. Invest Kansas Exemption. This regulation specifies requirements and conditions for an exemption from securities registration for Kansas-based issuers to offer securities to Kansas residents only, with a limit of \$1,000,000 for all sales of securities of the issuer within a 12-month period. The proposed amendments modify or clarify some of the conditions under subsection (a) of the regulation and reduce limitations currently in subsection (b) with regard to combination of this exemption with other exemptions under KUSA. Proposed amendments increase the maximum amount that any non-accredited purchaser of securities can invest from \$1,000 to \$5,000 along with a provision that two or more non-accredited purchasers residing at the same primary residence who have a close family relationship are treated as a single purchaser for purposes of the \$5,000 limit. The requirements for the notice filing are being amended to specify that Form IKE is required to be filed before the use of general solicitation, but the alternative requirement to file a notice before the twenty-fifth sale of securities, if that occurs before using general solicitation, is eliminated. Subsection (b) is being amended to eliminate a restriction on the use of exemptions under K.S.A. 17-12a202 in conjunction with the Invest Kansas Exemption. That subsection continues to prescribe use of exemptions under other regulations in conjunction with this exemption. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public. The increase in the maximum allowable investment from \$1,000 to \$5,000 was previously authorized by Special Order, so the amendment for that increase in this regulation will have no additional economic impact on non-accredited purchasers or the issuer.

Amendments to K.A.R. 81-6-1. Prospectus. This regulation specifies form and content requirements for the prospectus to be used in registration statements for registrations by coordination or qualification, and the prospectus delivery requirements for registrations by quali-

fication. The regulation is being amended to replace the reference to discontinued SEC form SB-2 with SEC form S-1, which is used for registrations by coordination with SEC registrations, unless some other form is required by the SEC and allowed by the commissioner as provided for in this regulation. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-7-1. General statements of policy for registration of securities. This regulation requires compliance with NASAA Statements of Policy, as applicable, that are adopted by reference in the regulation and also specifies financial statement requirements for registration statements of issuers subject to this regulation. The proposed amendments update the adoptions by reference to include the dates the statements of policy were last amended by NASAA so that compliance with the most recent versions of the statements of policy is required by this regulation. A new subsection (c) is proposed to clarify that whenever definitions of terms within the context of statements of policy adopted by reference are in conflict with definitions in KUSA or regulations under KUSA, the definitions in the NASAA statements of policy shall apply. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-7-2. Statements of policy for specific types of securities offerings. This regulation requires compliance with NASAA Guidelines and Statements of Policy, as applicable for specific types of securities or issuers that are adopted by reference in the regulation, and it also specifies suitability provisions that may be required for registration and financial statement requirements for registration statements of issuers subject to this regulation. The proposed amendments update the adoptions by reference to include the dates the guidelines and statements of policy were last amended or adopted by NASAA so that compliance with the most recent versions of the statements of policy is required by this regulation. A new subsection (g) is proposed to clarify that whenever definitions of terms within the context of guidelines or statements of policy adopted by reference are in conflict with definitions in KUSA or regulations under KUSA, the definitions in the NASAA guidelines or statements of policy shall apply. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-14-1. Registration procedures for investment advisers and investment adviser representatives. The proposed amendments to this regulation provide technical updates including deletion of (b)(1)(B)(i), which requires filing a copy of the investment

adviser's surety bond if a surety bond is required by K.A.R. 81-14-9(e), and replacement of NASD with FINRA as defined in proposed K.A.R. 81-1-1. Subsection (e) that specified surety bond requirements for investment advisers was deleted from K.A.R. 81-14-9, and therefore, the reference to that subsection in this regulation should be deleted. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-14-5. Dishonest and unethical practices of investment advisers, investment adviser representatives, and federal covered investment advisers. The proposed amendments to this regulation provide technical updates including the addition of references to K.A.R. 81-2-1 to adopt sections of the federal Investment Advisers Act of 1940 by reference, addition of a reference to FINRA rules, and wording and sentence structure changes for improved readability and clarity. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to K.A.R. 81-14-11. Kansas private adviser exemption. This regulation provides an exemption from registration for investment advisers and associated investment adviser representatives having their principal place of business in Kansas if they provide investment advice solely to fewer than 15 clients, do not hold out generally to the public as investment advisers, do not act as an investment adviser to investment companies or business development companies pursuant to provisions of the federal Investment Company Act of 1940, and are not subject to any disqualification provisions described in Rule 262 of SEC Regulation A. The proposed amendments include technical updates for adoptions by reference in K.A.R. 81-2-1, and a new provision (B) under subsection (b)(2) to clarify that investment advisers that file reports with the IARD system as exempt reporting advisers pursuant to SEC Rule 204-4 are exempt from the notice filing requirements specified by subsection (b)(1) of this regulation. That exemption has existed as a matter of interpretation and practice by the agency under the regulation, but not stated in the regulation as proposed by the amendment described above. The proposed amendments to this regulation do not result in any economic impacts on the agency, persons regulated by the agency, other government agencies or the public.

Amendments to history sections of regulations. Several of the regulations described above are being amended to update authorizing and implementing statute references.
