Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU) intends to directly lease, and indirectly sublease through its affiliate corporation Wichita State Innovation Alliance, Inc., subject to all required state approvals, an approximate area of ground not to exceed 150,000 square feet with the potential for expansion for parking, for the private development of one or two part-

nership buildings. This private development shall be located west of Oliver, between 17th and 18th streets, on the Wichita State University main campus. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such ground for any period of time up to sixty-five years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university’s educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Rental rate shall be assessed per leased or leasable square foot of the building but is negotiable based on term of lease and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization, or company and such offers will be considered until a selection is made or this notice is withdrawn. If interested, please contact Vice President for Research and Technology Transfer, Dr. John Tomblin, john.tomblin@wichita.edu or University Property Manager Crystal Stegeman, crystal.stegeman@wichita.edu. The rate to be paid to assigned counsel is increased from \$70 per hour to \$75 per hour and each of the “caps” for the severity level of the charge is similarly increased from the “cap” at \$70 per hour to the “cap” at \$75 per hour. These amendments reflect action taken by the Board under its statutory authority to adjust the rate of compensation to more closely approach the rate set by statute of \$80 per hour.

K.A.R. 105-11-1, incorporates by reference the “Attorney Cost Reimbursement Tables: Assigned Counsel and Public Defender”. This table lists the average actual cost to the agency for attorney costs on each level of felony.

Economic Impact.

The Board anticipates that the continued proration of the assigned counsel hourly rate down from \$80/hour to \$75/hour will save \$680,000 to the state general fund.

(e) The pharmacist-in-charge shall ensure that a policy exists requiring that if, at the time of loading any controlled substance, a discrepancy in the count of that drug in the automated drug delivery system exists, the discrepancy is immediately reported to the pharmacist-in-charge.

Whenever the pharmacist-in-charge becomes aware of a discrepancy regarding the count of a controlled substance in the automated drug delivery system, the pharmacist-in-charge shall be responsible for reconciliation of the discrepancy or proper reporting of the loss.

(6) ensuring compliance with all requirements for packaging and labeling each medication pursuant to K.A.R. 68-7-15 and K.A.R. 68-7-16, unless the medication is already packaged in the manufacturer's original container or in repackaged containers;

(7) ensuring that a system of preventive maintenance and sanitation exists and is implemented for the automated drug delivery system;

(8) ensuring that a policy exists for securing and accounting for all drugs that are wasted or discarded from the automated drug delivery system;

(9) ensuring that inspections are conducted and documented at least monthly to ensure the accuracy of the contents of the automated drug delivery system; and

(10) ensuring the accurate loading and unloading of the automated drug delivery system by approving and implementing an operational policy that limits the personnel responsible for the loading and unloading of the automated drug delivery system to a Kansas-licensed pharmacist or any of the following, each of whom shall be under the supervision of a Kansas-licensed pharmacist:

(h) Except in the event of a sudden and unforeseen change in a patient's condition that presents an imminent threat to the patient's life or well-being, any authorized individual at a facility may distribute patient-specific drugs utilizing an automated drug delivery system without verifying each individual drug selected or packaged by the automated drug delivery system only if both of the following conditions are met:

(1) The initial medication order has been reviewed and approved by a pharmacist.

(2) review of any discrepancy or transaction reports and identification of patterns of inappropriate use of or access to the automated drug delivery system; and

(3) review of the operation of the automated drug delivery system.

(j) The pharmacist-in-charge shall ensure that the managing pharmacy maintains, in a readily retrievable manner and for at least five years, the following records related to the automated drug delivery system:

(1) Transaction records for all drugs or devices supplied by the automated drug delivery system; and

(2) any report or analysis generated as part of the continuous quality improvement program.

(k) A Kansas-registered pharmacy technician, a Kansas-registered pharmacy intern, or a nurse with a license issued pursuant to K.S.A. 65-1115, and amendments thereto, who the pharmacist-in-charge has determined is properly trained may be authorized by that pharmacist-in-charge to perform the functions of loading and unloading an automated drug delivery system utilizing a bar code verification, electronic verification, or similar verification process as specified in subsection (d).

(l) If any drug has been removed from the automated drug delivery system, that drug shall not be replaced into the automated drug delivery system unless either of the following conditions is met:

(1) The drug's purity, packaging, and labeling have been examined according to policies and procedures established by the pharmacist-in-charge to determine that the reuse of the drug is appropriate.

(2) The drug is one of the specific drugs, including multidosed vials, that have been exempted by the pharmacy and therapeutics committee or an equivalent committee.

(m) Upon the removal of any automated drug delivery

system, the pharmacist-in-charge shall provide the board with notification, on a form provided by the board. (Authorized by K.S.A. 65-1630; implementing K.S.A. 2017 Supp. 65-1637, 65-1642, and 65-1648; effective Aug. 19, 2016; amended Jan. 4, 2019.)
