Notice of Proposed EPA and KDHE Approval of Revisions to City of Topeka's Industrial Pretreatment Program

The City of Topeka has proposed changes to its industrial pretreatment program, which regulates and controls wastewater contributions from industrial and other non-domestic wastewater sources, to the city sanitary sewer. The proposed changes would adopt technically-based local limits, previously approved by the U.S. Environmental Protection Agency (EPA) and the Kansas Department of Health and Environment (KDHE), specifically for each city wastewater treatment plant(s).

The City has requested EPA and KDHE approval of the proposed changes. The proposed changes have been prepared in a manner that the city believes will remain fully protective of the environment. You may obtain a copy of the proposed program changes by contacting the City of Topeka, using the contact information below.

The city and Region 7 EPA will accept comments and views on the proposed industrial pretreatment program changes for a period of 30 days following the date of this publication. All written comments and views will be considered by the EPA and KDHE in determining whether it will issue final approval of the proposed changes. If no substantive comments are received, the EPA and KDHE will approve the Pretreatment program changes, as proposed.

You may also request within the 30-day period that Region 7 EPA hold a public hearing on the proposed revisions. Any request for public hearing should be directed to Region 7 EPA and should indicate the interest of the person filing such request and the reasons why a hearing is warranted.

Comments and any public hearing requests should be provided by mail, email or other written form to the following:

Board of Nursing

Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted at 10:00 a.m. Tuesday, April 23, 2019, in Room 1051 of the Landon State Office Building, 900 SW Jackson, Topeka, Kansas, to consider the adoption of proposed changes in one existing regulation relating to payment of licensure fees.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written comments prior to the hearing to the Executive Administrator of the Kansas State Board of Nursing, 900 SW Jackson, St., Room 1051, Topeka, KS 66612 or by email to carol.moreland@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulation during the public hearing. Phone comments will be taken by calling 1-877-278-8686 (access code 342634) at the time of the hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statements in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Carol Moreland at 785-296-3068. The

north entrance to the Landon State Office Building is handicapped accessible. Handicapped parking is located at the north end of the Landon State Office Building, across the street from the north entrance to the building, and on Ninth Street, just around the corner from the north entrance to the building.

A summary of the proposed regulation and the economic impact follows. A copy of the proposed regulation and associated economic impact statement may be obtained by accessing the Kansas State Board of Nursing website at <https://ksbn.kansas.gov>, by contacting the Executive Administrator of the Kansas State Board of Nursing, Landon State Office Building, 900 SW Jackson St., Room 1051, Topeka, KS 66612, by calling 785-296-5752 prior to the date of the hearing, or by email to carol.moreland@ks.gov.

K.A.R. 60-4-101. Payment of fees. The proposed revision lists changes in the fee structure for single state licenses and added the fee structure for multi-state licenses for LPNs and RNs. The actual dollar amount will vary based on the number of LPNs and RNs who choose to obtain a multi-state license and the revenue loss from endorsement and renewal licenses of LPNs and RNs who reside in other states that are part of the Nurse Licensure Compact. It is projected by increasing the renewal fees by \$30 each renewal period, this will generate \$781,050 annually. It is projected by increasing licensure by examination costs \$25 this will generate \$55,725 annually. The Kansas State Board of Nursing is projecting the increases in licensure fees for single state licenses and the costs for multi-state licenses for RNs and LPNs will cover the revenue loss when Kansas joins the Nurse Licensure Compact. There is no economic impact for other governmental entities or private business.
