### Department of Transportation

#### Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking the services of a qualified consulting engineering firm for KDOT Project No. 106 AV-0019-27 to evaluate the pavement condition of specific public-use airports in Kansas. The airports of interest are NOT currently listed in the Federal Aviation Administration (FAA's) National Plan of Integrated Airport Systems (NPIAS), referenced as the non-NPIAS airports. There are 58 non-NPIAS, public-use airports in Kansas; 32 of these airports have paved runways to be studied. The project will be done pursuant to the current version of the FAA Advisory Circular 150/5380-7, Airport Pavement Management Program (PMP). The project is further expected to be done in one phase statewide. One year is allotted for all aspects of the project to be addressed in a scope of work: specifically, the services sought include on-site evaluation of pavement, completion of a pavement condition index (PCI) survey, and creating a PMP template for each studied airport that can be used by the airport sponsor to address how the airfield pavement may be maintained or upgraded to acceptable PCI levels. Consultant will combine current NPIAS pavement assessment data with non-NPIAS data into a single report for comparison of pavement health. Consultant's report shall also establish three alternatives courses of action that increase economic development through pavement preservation. The final deliverable is a guidance document/manual to be shared with each non-NPIAS airport sponsor to assist in the continued development of airport capital improve-

ment plans. Existing data and reports from the NPIAS airports in Kansas can be viewed on the Kansas Aviation Portal at <http://www.ksaviationportal@ksdot.org>.

#### Requirements

Interested consulting engineering firms must: (a) be prequalified by KDOT in category 333 – Geotechnical Specialty Services (preferably with pavement condition analysis/inventory experience) and (b) submit a Letter of Interest (LOI) on or before 12:00 p.m. June 24, 2019 to David Lutgen, P.E., Contracts Engineer for KDOT, by email to [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov) with the subject line reading "Non-NPIAS Airfield Pavement Management Study [Firm Name]." LOIs in the form of a PDF document (maximum size 4 pages) should express interest in the project and describe the particular qualifications for the professional services sought by KDOT, including any special expertise, skill, equipment, degree of accuracy, experience or knowledge of the firm, its employees and any sub-consultant the firm intends to utilize.

Note: Consultant firms must be capable of incurring, invoicing, and accounting for costs in conformity with generally accepted principles established in the Federal-Aid Policy Guide and the Code of Federal Regulations, Title 48, Chapter 1, Subchapter E, Part 31 (48 CFR Section 31.000 et seq.). The contract for this project is subject all applicable federal provisions, including:

- Title VI of the Civil Rights Act of 1964
- Section 520 of the Airport and Airway Improvement Act of 1982
- DOT Regulation 2 CFR Part 180 & 1200 – Government-wide Debarment and Suspension
- DOT Regulation 49 CFR Part 18.36(i) – Access to Records
- DOT Regulation 49 CFR Part 20 – Lobbying and Influencing Federal Employees
- DOT Regulation 49 CFR Part 26 – Disadvantage Business Enterprises Participation
- DOT Regulation 49 CFR Part 30 – Federal Trade Restriction Clause
- Regulation 48 CFR Part 22.17 – Combating Trafficking in Persons

If a firm is not currently prequalified by KDOT but is interested in obtaining prequalification, then please view the requirements and categories at the website address of <http://www.ksdot.org/divengdes/prequal/default.asp>. For licensure and other requirements applicable to the practice of technical professions within the State of Kansas, please consult the website of the Kansas Board of Technical Professions at <http://www.ksbtp.ks.gov/>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas and comply with applicable state and federal laws, rules and regulations.

#### Qualifications-Based Selection Process

No cost or pricing information shall be submitted with the LOI and will not be considered in the selection process to shortlist or rank proposals. Based on the qualifications submitted in the LOI and other information available to KDOT, on or about July 1, 2019 KDOT will shortlist up to five firms and notify all firms submitting LOIs of the names of the shortlisted firms by

*(continued)*

return email. Thereafter, KDOT will issue a Request for Proposal (RFP) to the shortlisted firms soliciting a technical proposal. At KDOT's option, shortlisted firms may be interviewed by telephone conference call or asked to attend meetings or participate in other discussions with KDOT. Technical proposals will be evaluated on the basis of the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second and third: 1) the quality of the response to the RFP; 2) qualifications and experience of consultant personnel proposed for services; 3) proposed (typical and atypical) approach to performance, data gathering, as well as efficiency and accuracy of services; and 4) past performance history. Information relevant to the evaluation criteria include recent relevant experience in airport projects and aviation system-level studies, capability to perform all aspects of the project, ability to meet schedules within budget, experience with PAVER, and knowledge of pertinent FAA/AIP standards. The highest ranked firm will be asked to enter into negotiations with KDOT for a contract, with compensation provisions for payment of actual direct costs plus fixed fee, subject to an upper limit of compensation. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Please do not call, write, or otherwise contact KDOT staff for information regarding the services in this RFQ. Email all inquiries/questions to David Lutgen at [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov).

A public hearing will be conducted by the Wildlife, Parks and Tourism Commission at 6:30 p.m. Thursday, August 15, 2019, at University of Kansas Edwards Campus, Best Conference Center, 12600 Quivira Rd., Overland Park, Kansas, to consider the approval and adoption of proposed regulations of the Kansas Department of Wildlife, Parks and Tourism.

A general discussion and workshop meeting on the business of the Wildlife, Parks and Tourism Commission will begin at 1:30 p.m. August 15, 2019 at the location listed above. The meeting will recess at approximately 5:00 p.m. and then resume at 6:30 p.m. at the same location for the regulatory hearing and more business. There will be public comment periods at the beginning of the afternoon and evening meeting for any issues not on the agenda and additional comment periods will be available during the meeting on agenda items. Old and new business may also be discussed at this time. If necessary to complete business matters, the Commission will reconvene at 9:00 a.m. August 16, 2019 at the location listed above.

Any individual with a disability may request accommodation in order to participate in the public meeting and may request the meeting materials in an accessible format. Requests for accommodation to participate in the meeting should be made at least five working days in advance of the meeting by contacting Sheila Kemmis, Commission Secretary, at 620-672-5911. Persons with a hearing impairment may call the Kansas Commission for the Deaf and Hard of Hearing at 1-800-432-0698 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed administrative regulations.

All interested parties may submit written comments prior to the hearing to the Chairman of the Commission, Kansas Department of Wildlife, Parks and Tourism, 1020 S. Kansas Ave., Suite 200, Topeka, KS 66612 or to sheila.kemmis@ks.gov if electronically. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The regulations that will be heard during the regulatory hearing portion of the meeting are as follows:

**K.A.R. 115-2-1.** This permanent regulation establishes fees for various issues of the department. The proposed changes to the regulation create new hunting, fishing and combination hunting and fishing licenses for thirty percent service-connected disabled resident veterans.

**Economic Impact Summary:** The sale of the new proposed licenses reduce fees by approximately \$29,500 to the department. Otherwise, no substantial economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

**K.A.R. 115-2-7.** This permanent regulation establishes the backcountry access pass. The regulation is proposed for revocation.

**Economic Impact Summary:** The revocation of the regulation will have no fiscal impact and no other substantial economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

**K.A.R. 115-5-3.** This permanent regulation establishes the management units for furbearers and coyotes. The

proposed changes to the regulation would remove otters from the statewide management unit in order to better manage harvest of otters.

**Economic Impact Summary:** No substantial negative economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

**K.A.R. 115-5-3a.** This new permanent regulation establishes the management units for otters. The new regulation would create otter management units in order to better manage harvest of otters.

**Economic Impact Summary:** No substantial negative economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

**K.A.R. 115-25-11.** This exempt regulation establishes the furbearer open season and bag limits. The proposed version of the regulation manages otter harvest by management unit and open the season slightly earlier on opening day.

**Economic Impact Summary:** The sale of furharvester licenses generates \$182,300 to the department, all of which accrues to the wildlife fee fund, and approximately \$4,500,000 to the Kansas economy based on 2018 furharvester licenses sold. Otherwise, no substantial economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

Copies of the complete text of each regulation and its respective economic impact statement may be obtained by writing the chairman of the Commission at the address above, electronically on the department's website at <http://www.ksoutdoors.com>, or by calling 785-296-2281.
