Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a consulting firm qualified in Category 162 Long Range Planning and Category 321 Bridge Structural Analysis for the project listed below. A PDF (2Mb maximum size) of the interest response must be emailed to kdot.designcontracts@ks.gov. Interest and experience responses are limited to four pages, the subject line of the reply email and the PDF file name must read "P-0783-21_FIRM NAME." The Letter of Interest (LOI) is required and must be received by 12:00 p.m. August 21, 2020 for the consulting firm to be considered. If a firm is not currently prequalified by KDOT, a LOI may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms may use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification category definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules and regulations.

Background and Purpose

KDOT is seeking consultant services to assist in the development and calibration of the AASHTOWare BrM software product (version 6.3 or higher) for use in bridge asset management on the state highway system. For over 25 years, KDOT has utilized BrM (formerly PONTIS) to store bridge inspection data and has developed spreadsheets to perform various asset management tasks, including:

- Component level deterioration modeling (NBI components)
- Action models and Network/LCCA policies
- Benefit and cost models for actions
- Optimization and prioritization models
- Reporting and forecasting

Recognizing the difficulty in modifying and maintaining these spreadsheets, KDOT is committed to further development of the analysis capabilities of BrM to mirror these processes. The scope of work for this project will include:

1. Review KDOT's current bridge asset management modeling procedures and processes. Provide recommendations regarding ways to improve precision of models and forecasting results.
2. Incorporate existing KDOT modeling procedures and processes (above), plus any approved recommendations from item (1) into the BrM analysis module. This task will be performed in coordination with the KDOT Data Management Section and the BrM developer (Mayvue).
3. Calibrate and verify BrM output with existing KDOT models.
4. Provide recommendations and assist in the development of standard reports and/or dashboards. This task will be performed in coordination with the KDOT Data Management Section with guidance from KDOT Bridge Management.
5. Under the direction of KDOT Bridge Management and in coordination with the KDOT Data Management section, develop a "KDOT Bridge Asset Management Policies and Procedures Manual" to document key procedures and decision points in the above process.

Schedule

- BrM development, calibration, and reporting due June 1, 2021
- Policy and Procedure Manual development due January 1, 2022

Instructions for LOI

The main text of consultant's LOI must not exceed four (4) pages to address the topics listed below. LOIs shall address and include the following items:

- Project manager/engineer in charge.
- Provide name(s), qualifications, education, training, and expertise as well as prior relevant experience of consultant personnel intended to perform services.

Qualifications-Based Selection Process

No cost or pricing information shall be submitted with the LOI and will not be considered in the selection process to shortlist or rank proposals. Based on the quali-

fications submitted in the LOI and other information available to KDOT, on or about September 1, 2020 KDOT will shortlist three to five firms and notify all firms submitting LOIs of the names of the shortlisted firms by return email. Thereafter, KDOT will issue a Request for Proposal (RFP) to the shortlisted firms soliciting a technical proposal. At KDOT's option, shortlisted firms may be interviewed by telephone conference call or asked to attend meetings or participate in other discussions with KDOT. Technical proposals will be evaluated on the basis of the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, and third: 1) Demonstrated knowledge and expertise in asset management with preference for prior experience using AASHTOWare BrM and/or PONTIS; 2) Experience of firm and key staff in performing similar services for other agencies/municipalities; 3) Ability to organize and develop written guidance manuals; and 4) past performance history. The highest ranked firm will be asked to enter into negotiations with KDOT for a contract, with compensation provisions for payment of actual direct costs plus fixed fee, subject to an upper limit of compensation. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

The firm's accounting systems must have the following capabilities before the firm may be awarded a contract.

- Valid, reliable, and current costs must be available within the system to support actual costs and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records which will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Questions can be sent to kdot.designcontracts@ks.gov.

Request for Comments

In accordance with Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) requirements, the Kansas Department of Transportation (KDOT) requests comments on the draft Federal Fiscal Year (FFY) 2021-2024 Statewide Transportation Improvement Program (STIP) for Kansas.

The STIP is a project specific publication that lists KDOT administered projects, regardless of funding source, including projects for counties and cities as well as projects on the state highway system for a four-year

period (October 1, 2020 to September 30, 2024). In addition, a list of projects being advance constructed, summarizing the conversion year(s) and conversion amount by phase for each project listed, is provided. Projects that are developed or revised after the preparation of this STIP document will use the STIP amendment process.

Supplementing the project information is a narrative that briefly describes KDOT's public involvement process, project selection process, program financing and fiscal constraint anticipated for the STIP, and an overview of KDOT's public transportation program. Also, included within the STIP narrative are brief descriptions of the programs administered by entities other than KDOT. These programs which are required by federal law to be included in the STIP are: the Federal Lands and Tribal Transportation programs administered by the Office of Federal Lands Highway and the Bureau of Indian Affairs; Recreational Trails, administered by Kansas Wildlife, Parks and Tourism; and by reference the Transportation Improvement Programs (TIPs) administered by each of the Metropolitan Planning Organizations for the six urbanized areas of Kansas. The six state MPOs are: the Mid-America Regional Council (MARC) for the Kansas City area; the Lawrence-Douglas County Metropolitan Planning Office; the Wichita Area Metropolitan Planning Organization (WAMPO) that serves Sedgwick County and the Cities of Andover and Mulvane; the Metropolitan Topeka Planning Organization, the Flint Hills Metropolitan Planning Organization that serves the cities of Manhattan, Ogdens, Junction City and Wamego and the St. Joseph Area Transportation Study Organization that serves Doniphan County-in the cities of Wathena and Ellwood.

Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Monday, August 24, 2020, in the offices of the Kansas Development Finance Authority (K DFA), 534 S. Kansas Ave., Suite 800, Topeka, on the proposal for the K DFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the

borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 001066 Maximum Principal Amount: \$552,500. Owner/Operator: Frank J. and Brenda L. Staggenborg; Description: Acquisition of 167 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Frank J. and Brenda L. The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

As part of ongoing efforts to limit the spread of novel coronavirus in Kansas, interested individuals are encouraged to participate in the public hearing via conference call. Please call toll free number (866)-620-7326 and use conference identification number 159 722 1260 followed by # to join the hearing.

Department of Health and Environment

Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment (KDHE), Division of Public Health, Bureau of Epidemiology and Public Health Informatics, will conduct a public hearing at 11:00 a.m. Thursday, October 15, 2020, in the Azure Conference Room, fourth floor, Curtis State Office Building, 1000 SW Jackson, Topeka, Kansas, to consider the adoption of proposed new KDHE Article 1 regulations 28-1-40, 28-1-41, 28-1-42, 28-1-43 and 28-1-44, regarding contact tracing. These regulations are being proposed as temporary regulations and as permanent regulations. A summary of the proposed regulations and estimated economic impact follows:

Summary of Regulations:

K.A.R. 28-1-40. Definitions. In addition to the terms defined in L. 2020 Special Session, ch. 1, sec. 16, and amendments thereto, adds defined terms: department, personal information, protected health information, and third party as used in K.A.R. 28-1-40 through 28-1-43.

K.A.R. 28-1-41. Contact tracers. Specifies the qualifications and training requirements and the oath or affirmation for individual contact tracers acting under the authority of the secretary or a local health officer.

K.A.R. 28-1-42. Contact data; communication with contacts. Specifies the personal information and health data that may be collected for any contact by an individual acting as a contact tracer under the authority of the secretary or a local health officer. Provides the text for a contact tracer to use whenever communicating with a contact. Requires that a contact tracer document whether the text was provided and the contact's responses to the questions.

K.A.R. 28-1-43. Surrender or destruction of contact data. Sets forth when contact tracers must surrender con-

tact data to the secretary or local health officer and when contact data must be destroyed.

K.A.R. 28-1-44. Sunset provision. Specifies that K.A.R. 28-1-40 through 28-1-43 will have no force and effect after May 1, 2021, or when L. 2020 Special Session, ch. 1, sec. 16, expires, whichever is later.

Economic Impact:

Cost to the agency: The proposed regulations will result in minimal costs to KDHE that can be absorbed in the ongoing KDHE budget. KDHE has overseen contact tracing for a number of years, working with local health departments and businesses.

Cost to the public: KDHE does not anticipate that any costs will be passed to members of the public because of the proposed regulations. These regulations do not impose costs on businesses and economic development.

Cost to other governmental agencies or units: The proposed regulations will impose costs on local health departments. However, KDHE estimates that the annual and total implementation and compliance costs of these regulations on local health departments will be minimal.

While these proposed regulations will only result in minimal costs, the cost of contact tracing due to COVID-19 will be extensive.

A detailed economic impact is provided in the economic impact statement that is available from the KDHE contact person or at the KDHE Bureau of Epidemiology and Public Health Informatics website, as listed below.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to 5:00 p.m. on the day of the hearing to Farah S. Ahmed, MPH, PhD, Environmental Health Officer and State Epidemiologist, Bureau of Epidemiology and Public Health Informatics, Kansas Department of Health and Environment, Curtis State Office Bldg., 1000 SW Jackson, Suite 330, Topeka, KS 66612-1365, by email to Farah.Ahmed@ks.gov, or by fax to 1-877-427-7318. During the hearing, all interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations as well as an opportunity to submit their written comments. It is requested that each individual giving oral comment also provide a written copy for the record. In order to give each individual an opportunity to present their views, it may be necessary for the hearing officer to request that each presenter limit an oral presentation to an appropriate time frame.

Complete copies of the proposed regulations and the corresponding economic impact statement may be obtained from the KDHE Bureau of Epidemiology and Public Health Informatics website, at <http://www.kdheks.gov/bepi/index.html> at the Regulations and Statutes link, or by contacting Farah S. Ahmed at Farah.Ahmed@ks.gov, phone 785-296-6426, or fax 1-877-427-7318. Questions pertaining to the proposed regulations should be directed to Farah S. Ahmed at the contact information above.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and the economic

(continued)

impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Farah S. Ahmed.

(2) If the secretary determines that the MCO failed to meet the requirements of paragraphs (f)(1)(A) through (C), then the provider who submitted the request for review shall automatically prevail in the review. Within five business days of receipt of the secretary's notification that the provider automatically prevails, the MCO shall issue an approval letter regarding the reversal of the MCO's appeal decision to the prevailing provider and the secretary. The MCO shall also issue an approval letter to the affected enrollee if the request for review is related to the denial of an authorization for a new healthcare service. The MCO shall not be required to reverse its decision for a request that does not include the information specified in paragraphs (e)(1) through (e)(3), is submitted by a provider who fails to complete the MCO's appeal process, is untimely, or does not involve a denied authorization for a new healthcare service or a claim for reimbursement.

(g)(1) Within 15 business days of receiving a provider's request for external independent third-party review, the MCO shall perform the following:

(A) Submit to the secretary all documentation submitted by the provider for the MCO's internal appeal process; and

(B) provide the MCO's designated contact information, including name, postal mailing address, telephone number, fax number, and electronic-mail address.

(2) If the secretary determines that the MCO failed to meet the requirements of paragraphs (g)(1)(A) and (B), then the provider who submitted the request for review shall automatically prevail in the review. Within five business days of receipt of the secretary's notification that the provider automatically prevails, the MCO shall issue an approval letter regarding the reversal of the MCO's appeal decision to the prevailing provider and the secretary. The MCO shall also issue an approval letter to the affected enrollee if the request for review is related to the denial of an authorization for a new healthcare service. The MCO shall not be required to reverse its decision for a request that does not include the information specified in paragraphs (e)(1) through (e)(3), is submitted by a provider who fails to complete the MCO's appeal process, is untimely, or does not involve a denied authorization for a new healthcare service or a claim for reimbursement.

(h) Each request for an external independent third-party review shall be approved or denied by the secretary. A request for an external independent third-party review that does not include the information specified in paragraphs (e)(1) through (e)(3), is submitted by a provider who fails to complete the MCO's appeal process, is untimely, or does not involve a denied authorization for a new healthcare service or a claim for reimbursement shall be denied by the secretary. A letter regarding the denial of the request for an external independent third-party review shall be issued by the secretary to the requesting provider and the MCO. A denial letter shall also be issued to the affected enrollee if the request for review is related to the denial of an authorization for a new healthcare service.

(i) The decision by the external independent third-party reviewer shall be based solely upon the documentation submitted by the provider during the MCO's appeal process.

(j) The parties to each external independent third-party review shall be the following:

(1) A provider or the provider's authorized representative; and

(2) the MCO that made the decision involved in the review.

(k) Upon the request of a party, the external independent third-party reviewer may determine in one action multiple requests made to the reviewer regarding the same enrollee, a common question of fact, a common interpretation of applicable regulations, or a common reimbursement requirement. The provider shall complete the MCO's appeal process and submit a request for external review for each denial of an authorization for a new healthcare service or denial of a claim for reimbursement that the reviewer determines in one action.

(l) Any provider that initiated a request for an external independent third-party review, or one or more other providers, may add other initial denials of claims to the review before the reviewer's decision if the claims involve a common question of fact, a common interpretation of applicable regulations, or a common reimbursement requirement. The provider shall complete the MCO's appeal process for each denial of a claim for reimbursement reviewed by the reviewer. The provider shall submit a request for external independent third-party review to the MCO that denied the claim, for each additional claim.

(m) The external independent third-party reviewer shall conduct an external independent third-party review of any denial of authorization for a new healthcare service or denial of a claim for reimbursement submitted to the reviewer.

(n) The external independent third-party reviewer shall issue the reviewer's final decision in a letter to the provider's designated contact, the MCO's designated contact, and the department within 30 days from the date of receipt of the appeal documentation forwarded by the secretary. The reviewer may extend the time to issue a final decision by 14 days upon agreement of both parties to the review. The reviewer's letter shall include the following:

- (1) The date of the reviewer's decision letter;
- (2) the date of receipt of the provider's appeal documentation from the secretary;
- (3) the date of the reviewer's decision and, if an extension was requested by the reviewer, the date of the extension request;
- (4) the name and address of the requesting provider. If the reviewer determines in one action multiple provider requests or requests involving multiple claims, the reviewer shall issue a separate decision letter for each MCO, enrollee, and provider as required to protect health information;

(5) a summary statement of the reason the provider requested the external independent third-party review;

(6) the specialty or professional certification of each individual reviewing the provider appeal documentation;

(7) a summary statement of the reviewer's rationale for affirming or reversing the MCO's appeal decision. The statement shall include citation to the applicable policies, research articles, medical necessity criteria, or any other documentation relied upon by the reviewer in reaching its decision;

(8) the name of the medical director who reviewed and approved the reviewer's decision;

(9) a statement directing the losing party of the review to pay an amount equal to the costs of the review to the reviewer and the due date for payment. The statement shall include the following:

(A) A statement that if the decision of the external independent third-party reviewer is reviewed in a state fair hearing, the payment due to the reviewer under this subsection shall be delayed until the decision of the state fair hearing has been issued in the initial order;

(B) a statement that the losing party of the state fair hearing's initial order shall pay the costs of the review to the reviewer within 45 days of service of the initial order;

(C) a statement that if the decision in the initial order is reviewed by the state appeals committee, the payment due to the reviewer under this subsection shall be delayed until the decision by the state appeals committee has been issued in the final order; and

(D) a statement that the losing party of the state appeal committee's final order shall pay the costs of the review to the reviewer within 45 days of service of the final order;

(10) the unique number assigned by the MCO to each provider appeal;

(11) the unique number assigned by the reviewer to each request for external independent third-party review; and

(12) a statement that the provider will receive an additional notice from one or more MCOs that includes the right to request a state fair hearing regarding the reviewer's decision.

(o) Within 10 business days of the MCO's receipt of the external independent third-party reviewer's decision letter, the MCO shall issue a notice of the reviewer's decision to the provider and the department. The MCO shall also issue a notice of the reviewer's decision to the affected enrollee if the request for review is related to the denial of an authorization for a new healthcare service. The notice shall include the state fair hearing rights for the enrollee and the provider.

(p) Each request for an external independent third-party review shall automatically extend the deadline to request a state fair hearing pending the outcome of the review. Any party, including the affected enrollee, may request a state fair hearing within 30 days of the date of the MCO's notice of the reviewer's decision. Pursuant to K.S.A. 77-531 and amendments thereto, three days shall be added to the 30-day response period if the notice is served by U.S. mail or by electronic means.

(q) The decision of the external independent third-party reviewer shall be reviewed by the secretary or the secretary's designee. If the MCO is the losing party of the review, a determination regarding a review by OAH of the reviewer's decision shall be made by the secretary.

(r) The scheduling of any state fair hearing that involves a denial of an authorization for a new healthcare service or a claim for reimbursement for which the provider has requested an external independent third-party review shall be delayed until after the reviewer's decision has been issued. The reviewer's decision letter, the documents relevant to the reviewer's decision, and the MCO's notice of the reviewer's decision shall be included in the state fair hearing case file for consideration by the presiding officer, together with any other facts of the case.

(s) Any provider requesting an external independent third-party review may withdraw the request for review and request a state fair hearing within 123 days of the date of the MCO's adequate notice of appeal resolution. (Authorized by and implementing K.S.A. 2019 Supp. 39-709i, K.S.A. 65-1,254, and K.S.A. 75-7403; effective, T-129-5-4-20, May 4, 2020; effective Aug. 21, 2020.)
