**Department of Agriculture
Division of Water Resources****Notice of Hearing**

Pursuant to K.S.A. 82a-1041, the Western Kansas Groundwater Management District No. 1 (GMD No. 1) has requested the designation of the Four County Local Enhanced Management Area (Four County LEMA) in a designated area in Greeley, Lane, Scott, and Wallace counties within the boundaries of GMD No. 1. The plan for the proposed designation of the Four County LEMA was previously submitted to the chief engineer by GMD No. 1 and was found to be acceptable for further consideration. An initial public hearing in this matter was held October 17, 2022, and December 21, 2022, the chief engineer issued an order finding that the evidence presented at the initial public hearing satisfied the relevant criteria set forth in K.S.A. 82a-1041 and ordered that a second hearing to consider the designation of the Four County LEMA would be held. The initial order is available at <http://www.agriculture.ks.gov/FourCountyLEMA>.

Since the chief engineer found at the initial hearing that the Four County LEMA plan satisfied the relevant criteria set forth in K.S.A. 82a-1041, the chief engineer has scheduled a second public hearing pursuant to K.S.A. 82a-1041. The hearing will be held at 10:00 a.m. (CST) February 2, 2023, at the Western Kansas Child Advocacy Center, 212 E. 5th St., Scott City, Kansas. The hearing will continue as long as is necessary for a full disclosure of relevant facts. If a full disclosure of relevant facts cannot be achieved on February 2, 2023, the hearing will continue at a future date that allows adequate notice to be given as required by K.S.A. 82a-1041.

The chief engineer has also scheduled a prehearing conference to take place prior to the hearing. The prehearing conference will be held virtually via Zoom at 10:00 a.m. (CST) January 18, 2023. Members of the public who wish to attend the prehearing conference must pre-register at <http://www.agriculture.ks.gov/FourCountyLEMA> and can also be obtained by contacting Ronda Hutton at 785-

564-6715 or ronda.hutton@ks.gov. At the hearing, the chief engineer will serve as the hearing officer. The hearing will be conducted pursuant to K.S.A. 82a-1041 and K.A.R. 5-19-3 and will determine whether the proposed LEMA should be designated and if the corrective controls proposed in the LEMA Management Plan shall be accepted, rejected, or if modifications to the plan should be proposed.

Anyone may submit written or oral comments to be included in the hearing record. Oral comments will be accepted only from in-person attendees at the hearing location in Scott City, Kansas. Written comments may be submitted at the public hearing or may be mailed to the Four County LEMA, c/o Ronda Hutton, 1320 Research Park Dr., Manhattan, KS 66502; faxed to 785-564-6777; or emailed to ronda.hutton@ks.gov. Written comments may be submitted until February 9, 2023 and must be post-marked by that date. After that date, the chief engineer will close the record of the initial hearing and will issue an order accepting the proposed LEMA plan, rejecting the proposed plan, or returning the plan to GMD No. 1 and giving GMD No. 1 the opportunity to modify and resubmit the plan.

A copy of the proposed Four County LEMA plan and related documents are available at <http://www.agriculture.ks.gov/FourCountyLEMA>. Interested members of the public are encouraged to attend the public hearing.

Notice of Commencement of Negotiations for Construction Manager At-Risk Services

Notice is hereby given of the commencement of negotiations for construction management at-risk services for University of Kansas' 11th and Mississippi Project.

The corner of 11th and Mississippi is becoming the north gateway to the University of Kansas (KU) with direct access to the new Jayhawk Welcome Center, the Kansas Memorial Union, Dyche Hall, Spencer Museum of Art, and David Booth Kansas Memorial Stadium. As the north gateway to campus, the University wants to develop a multi-purpose venue with year-round use, which may incorporate conference or entertainment capabilities, retail, dining, hospitality, health care services, or other facilities that support economic development and the University's academic mission. Each May the venue will be host one of the most important moments in a Jayhawk's journey, walking down Campanile hill for graduation and on seven Saturdays during the fall be the home of Kansas Football. Further definition and direction on what will be incorporated into the multi-purpose event center will be provided after an economic impact study is completed in January 2023.

For KU fans who have experienced a football game at Memorial Stadium and walked around Campanile Hill, this campus setting is memorable and nostalgic. The new venue will be designed to drive economic development, provide services that help to recruit and retain students and make KU, and the KU experience even greater. To be considered for this project, consultants should have extensive experience working with multi-purpose 24/7/365 venues, power 5 football facilities, the city of Lawrence and Lawrence Planning. The project has a construction cost estimate of \$251,250,000.

The construction manager at-risk will provide for each phase cost estimating, scheduling, constructability reviews and value engineering studies; procure equipment, prequalify subcontractors and take bids; review bids with the design team and owner to determine bids to accept; prepare cost estimate(s) for the un-bid portion(s); provide a guaranteed maximum price and a bond; and manage construction and track all costs for the design team and owner's review.

Questions about the proposed scope of services should be submitted to Mark Reiske at 785-864-5644 or dcmmr@ku.edu.
