Notice of Hearing and Environmental Assessment Availability

The public is invited to attend a public hearing to learn about the K-96 Improvements Project from 5:00 p.m. to 7:00 p.m. Thursday, April 11, 2024, at Wichita State University's Eugene M. Hughes Metropolitan Complex (Metroplex), Room 180, 5015 E. 29th St. N., Wichita, Kansas. The meeting will be an open house format and there is no formal presentation. Free and handicap accessible parking is available (just look for the event signs).

Project information and exhibits will be available for the public to review and provide comments as well as written statements. Attendees can speak to design team members or project partners, which include the Kansas Department of Transportation (KDOT), the Federal Highway Administration (FHWA), the City of Wichita and Sedgwick County.

Attendees will review the Preferred Design Alternatives and draft Environmental Assessment (EA) findings for the K-96 Improvements Project, which extends from the K-96/I-135 interchange (near Hydraulic Street) approximately 9.5 miles east/southeast to north of the K-96/US-54/400 interchange in Wichita. The project includes expanding K-96 from four to six lanes and making improvements to seven interchanges: Hillside, Oliver, Woodlawn, Rock, Webb, Greenwich, and 21st. The purpose of the proposed improvements to the K-96 corridor is to support local and regional growth, reduce congestion and improve traffic operations, enhance safety, and provide a transportation system that accommodates the needs for all users and modes. The project is part of the IKE development pipeline.

The hearing materials will also be available on the project website at <https://k96improvements.ksdot.gov> from April 11, 2024 to May 15, 2024. People can submit comments or questions on the website. Any written or emailed statements received by May 15, 2024 will be made part of the public hearing record.

In addition, the draft EA for the K-96 Improvements Project will be available for online review and comment from March 27, 2024 to May 15, 2024 at <https://k96improvements.ksdot.gov/ea>, or in-person at the Atwater Neighborhood Resource Center, 2755 E. 19th St. N., Wichita, Kansas, or the Rockwell Branch Library, 5939 E. 9th St., Wichita, Kansas, during business hours.

The draft EA was prepared in accordance with the National Environmental Policy Act (NEPA) to determine the potential environmental, cultural, and socioeconomic impacts of the project. An EA is required because KDOT will be using federal funds from FHWA to help construct the project. The draft EA concludes that no significant impacts to the environment would result, and KDOT intends to request a Finding of No Significant Impact (FONSI) following a 45-day comment period in accordance with the Council on Environmental Quality Regulations for implementing NEPA, Section 1508.13 providing there are no substantive comments that warrant further evaluation.

(continued)

Copies of this information can be provided by written request to KDOT Wichita Metro Engineer, Kansas Department of Transportation, 3200 E. 45th St. N., Wichita, KS, 67220. Written statements and exhibits will be made a part of the public meeting transcript if received by May 15, 2024.

Anyone who requires language translation, special assistance, or accommodation to attend the meeting should contact the K-96 Improvements Project Team by calling 316-290-9691 or emailing info@K96Improvements.com at least one week before the meeting date.

To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic Internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. The ammonia effluent limit was determined on 6/30/2021 by calculating the 99th percentile ammonia value from the facility's discharge monitoring reports resulting in an ammonia limit of 13.1 mg/L for this facility. The EED was completed on January 31, 2024.

K.A.R. 28-4-442 is proposed for revocation because the requirements of this regulation are no longer relevant or in use.

Economic Impact

Cost to the agency: There are no increased costs to the agency from the proposed Article 4 regulations.

Cost to the public and regulated community: Overall, the proposed amendments will enhance business activities for licensees and have the potential to contribute to economic stability and growth for Kansas communities. These proposed amendments increase program flexibility, capacity, and reduce administrative and fiscal burdens. The total cost of implementation and compliance costs from the proposed Article 4 regulations to the regulated community is estimated at \$104,881.50. The maximum potential cost of requiring medication administration training is estimated at \$104,881.50 if all 15,300 estimated staff members are required to attend half an hour of additional training at the median wage of \$13.71 reported by the U.S. Bureau of Labor Statistics for child care providers in Kansas. For child care centers, the infant-specific training will require all lead teachers to have an additional four hours of professional development training. Using the median wage of \$13.71, the average cost to facilities to pay for their lead teaching staff within infant units will be an estimated \$54.84 per lead teacher in each infant unit. However, this is for new incoming lead teachers within infant units and not an additional requirement for current lead teachers within infant units. Thus, there is no immediate fiscal impact.

Costs to other governmental agencies or units: There will be no costs related to the proposed Article 4 regulations that are reasonably expected to be incurred by other governmental agencies or units.

There are no costs to the agency, affected businesses, local governments, or members of the public resulting from the proposed revocation of **K.A.R. 28-4-442**.

A detailed economic impact is provided in the Economic Impact Statement for the proposed regulations that is available from the designated KDHE contact staff person or at the Child Care Licensing website, as listed below.

91-22-5a. Complaints. (a) The commission, on its own motion, or a member of the teaching or school administration profession may initiate proceedings before the commission by filing a written complaint alleging that a license holder or applicant has engaged in any conduct for which a license issued by the state board may be denied, suspended, or revoked under K.A.R. 91-22-1a or 91-22-1b. The complaint shall be filed with the commission's secretary.

(b) Each person filing a complaint shall provide in the complaint the following information:

The complaint shall be typed, signed, and either sworn to by the complainant or accompanied by an affidavit attesting to the veracity of the contents of the complaint. (c) A complaint that does not state a good faith or prima facie case shall be tabled by the commission. If the complainant decides to file an amended complaint, that complaint shall be filed within 10 days after service of the notice of action by the commission.

(d) Each complaint or amended complaint that states a good faith cause of action shall be served on the person charged in the complaint by certified mail, return receipt requested.

(e) A member of the teaching or school administration profession may voluntarily surrender the member's license to the commission. The action of surrender may be investigated by the commission or, at the discretion of the complainant, may be taken directly to the state board for disposition.

(f) Any complainant who is found by the commission to have been maliciously motivated in filing a complaint or to have acted fraudulently may be disciplined by the state board by public censure or by the suspension, cancellation, or revocation of the complainant's license. (Authorized by article 6, section 2 of the Kansas Constitution; implementing article 6, section 2 of the Kansas Constitution and K.S.A. 72-2314; effective May 1, 1979; amended May 19, 2000; amended April 12, 2024.)

Each answer to a complaint shall be submitted to the commission's secretary by certified mail, return receipt requested, or by personal delivery.

If no answer is filed within the prescribed period, the person shall be deemed to have admitted the allegations contained in the complaint and to have acquiesced in the proposed action, and the complaint shall proceed directly to the state board for default findings.

(b) Each person filing an answer shall type, sign, and swear to the contents of the answer. The caption of any

answer shall repeat the caption of the complaint in response to which the answer is filed, except that the title shall state "answer" instead of "complaint."

(c) Each person filing an answer shall specify each responsive allegation or defense in clear and concise language and in separately numbered paragraphs. The person filing the answer shall admit or deny each allegation contained in the complaint. If the person is without knowledge or information sufficient to form a belief as to the truth of an allegation, the person shall state this in the answer, and this shall have the effect of a denial. Each person filing an answer shall attach to the answer as exhibits or, if unavailable, shall reference in the answer any written instruments or documents under the control of, or known to, the person filing the answer that are relevant to the charges in the complaint or that the person intends to use in defending the charges.

(d) Any person filing an answer may amend the answer once at any time within 30 days after service of the complaint. Each amended answer shall be filed with the commission's secretary by certified mail, return receipt requested, or by personal delivery.

(e) Upon application to, and order of, the commission's secretary, the time in which to file an answer may be extended once for a period not to exceed 10 additional days. (Authorized by article 6, section 2 of the Kansas Constitution; implementing article 6, section 2 of the Kansas Constitution and K.S.A. 72-2314; effective Jan. 1, 1972; amended Feb. 15, 1977; amended May 1, 1979; amended May 19, 2000; amended April 12, 2024.)

(2) While the commission is in session and conducting a prehearing or hearing, the presiding officer may entertain oral motions for continuances, extensions of time, and adjournments. Oral motions may be granted or denied by the presiding officer or the commission.
