Notice of Requested Architectural Services

Notice is hereby given of the commencement of the selection process for architectural services for the new Kansas Veterinary Diagnostic Laboratory (KVDL) at Kansas State University. Kansas State University is seeking the services of an architectural firm specializing in the design and construction of a new Veterinary Diagnostic Laboratory (VDL) to serve the State of Kansas and surrounding areas. The existing facilities are spread out over multiple buildings on the Kansas State University Manhattan campus resulting in inefficiency and poor biosecurity. The goal is to combine all the labs into one standalone VDL facility. This will help to provide safer and more efficient diagnostic facilities for individual and state entities and will improve internal and external testing, processing, and reporting. The new facility, with a planned square footage of 142,000 GSF, will meet/maintain AAVLD and NAHLN Level 1 accreditation. See attached program statement for a full description of the desired facility. The intended delivery method will be a Construction Manager At-Risk (CMAR), pending approval from the State Building Advisory Commission (SBAC).

The qualifications requested are:

- Prior national experience with the design and construction of accredited Veterinary Diagnostic Labs is a key requirement.
- Knowledge and experience with the design of BSL3 labs, including necropsy BSL3.
- Experience with biological sample/carcass disposal (incineration/digestion) and sterilization systems.
- Strong knowledge of building systems required for a VDL facility, along with knowledge of connection to existing campus chilled water and steam systems.
- Strong experience with working with a CMAR.
- Experience with working in the State of Kansas, and familiarity with the Kansas Board of Regents (KBOR) and the Kansas Department of Administration–Office of Facilities and Property Management (OFPM) policies will be extremely advantageous.

The project construction budget is \$100,000,000.

An architectural/engineering program is available at <http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>. For more information contact Lisa Johnson at lisajohnson@ksu.edu or 785-532-0379.

Notice of Requested Architectural Services

Notice is hereby given of the commencement of the selection process for architectural services for Leasure Hall renovations at Kansas State University (KSU). Leasure Hall will be partially renovated to accommodate new office, classroom, and laboratory uses compatible with this location on campus. The Chapman Center for Rural Studies will remain in its current location and condition within the building. The Kansas Cooperative Fish and Wildlife Research Unit will continue to occupy a portion of the second floor of the building, in space renovated to fit their needs. The remainder of the renovated space will house the relocated Department of Geography. The design for selective renovation will bring all newly renovated areas into code and ADA compliance, address HVAC and exterior envelope improvements.

It is anticipated that approximately 22,500 GSF will be renovated as a part of this project. Office, classroom, laboratory, and collaboration space uses will be incorporated. (Some unisex restrooms will be added to bring the fixture counts into compliance.) Deferred maintenance items to be addressed will include connecting the building to the campus chilled water loop, and modernization of HVAC systems. (Other select deferred maintenance items that may be included are new roofing, window replacements, and repairs to masonry.)

The newly renovated areas will include new walls, doors, ceilings, lighting, and flooring, electrical, plumbing, and I.T. and A/V infrastructure improvements that are consistent with KSU campus standards for new construction.

This project will be structured into two phases with the first phase scope to include the interior renovations and systems upgrade. Exterior renovations will be completed at a future time. Each phase will be bid independently based upon availability of funding. The project construction budget is \$7,000,000.

On-Call Construction Inspection Services – New Master On-Call List

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking to create an on-call consultant list with firms that are interested in providing construction inspection services on an as-needed basis for projects in various locations statewide. KDOT anticipates entering into up to 40 agreements with qualified consulting firms that may perform the services described below when KDOT does not have adequate personnel.

Interested consultants must upload a proposal by 12:00 p.m. (Central Time) July 30, 2025, to the Bid Express page to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 241 – Construction Inspection and Testing

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <https://www.ksdot.gov/doing-business/design-consultants/design-consultant-prequalification>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background

Periodically for a given project, KDOT's personnel may be unable to perform construction inspection and/or testing tasks within the timeframe required so it may be necessary to engage a consultant firm (with appropriate KDOT certifications) on short notice. This process begins with KDOT issuing an on-call service request to firms that have executed an on-call master agreement specifically for this type of support. To expedite commencement of work, resulting work order(s) are executed under the terms and conditions of that agreement.

A number of firms have on-call master agreements to support construction inspection and/or testing. These are set to expire in 2026. KDOT seeks to create a new list of up to 40 firms to the on-call list.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant's scope: project inspection, sampling, and testing, as well as accurate and timely documentation thereof, including submission of all documentation and test results to KDOT. Thorough knowledge of, and compliance with KDOT's Standard Specifications for State Road and Bridge Construction, Construction Manual, project specifications, and other relevant KDOT policies, procedures, and manuals, as well as KDOT documentation and recordkeeping requirements are essential.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) July 30, 2025.
2. Evaluation and ranking of proposals are expected to occur on or around August 8, 2025. Negotiations of On-Call Agreements for Engineering and Technical Services ("Master Construction Inspection & Testing

- On-Call Agreements”) with the highest ranked (shortlisted) firms are expected to begin on or around August 15, 2025. Executed agreements are anticipated to be complete no later than August 22, 2025.
3. Services associated with the Master Construction Inspection & Testing On-Call Agreements resulting from this Request for Proposals may be requested as soon as an agreement is in place with any consultant.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “Addl-Const-Insp-OnCall-Firms_2026_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one here at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Upload these files as instructed in Bid Express.
6. The outline in Table 1 below describes the expected proposal organization and content sections.
7. Table 2 lists the evaluation criteria which will be used to make a selection. These will be evaluated on a pass/fail basis. Firms failing any category may not be shortlisted for negotiation, at KDOT’s sole discretion.
8. At KDOT’s option, firms may be interviewed by telephone conference call prior to being shortlisted for negotiation.

A standard KDOT on-call agreement for engineering and technical services will be used. KDOT may request construction inspection and testing services via on-call service requests over a period of four years, which will result in work orders subject to a maximum cumulative aggregate amount payable to each on-call agreement holder under the agreement. This maximum amount payable will be the same for all on-call agreement holders added to the list as a result of this Request for Proposals, will be stated in each agreement, and is anticipated to be \$9,000,000.

Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted at 9:00 a.m. Tuesday, September 16, 2025, in the Bank Commissioner's Astra Board Room, Jayhawk Tower Building, 700 SW Jackson, Fourth Floor, Topeka, KS 66603, to consider the proposed permanent amendment to Kansas Administrative Regulation 17-24-4. On June 24, 2025, the State Rules and Regulations Board approved this regulation change on a temporary basis for up to 120 days.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed amended permanent regulation. All interested parties may submit written comments prior to the hearing by mailing them to the Office of the State Bank Commissioner, 700 SW Jackson, Suite 300, Topeka, KS 66603-3796 or by email to Brock.Roehler@osbckansas.org. During the public hearing, all interested parties will be given a reasonable opportunity to present their views orally or in writing regarding the proposed changes to K.A.R. 17-24-4. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation.

Copies of the proposed regulation and the economic impact statement may be obtained from the Office of the State Bank Commissioner by contacting Brock Roehler at 785-379-3890, Brock.Roehler@osbckansas.org, or at the mailing address given above. TTY calls may be made by contacting the Kansas Relay Center at 1-800-766-3777.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed amended regulation and economic impact statement in an accessible format. There is additional accessible parking on the northwest corner of Jackson and 8th Street.

Copies of the proposed regulation can be viewed at the Office of the State Bank Commissioner's website at <http://www.osbckansas.gov>. A summary of the proposed amended regulation and economic impact follows.

Summary

K.A.R. 17-24-4 is an administrative regulation promulgated by the Office of the State Bank Commissioner requiring certain records to be retained by mortgage companies. This regulation is being amended to continue to allow automated valuation models as discussed in K.A.R. 17-24-4(a) and replaces the statutory citation for retaining the high loan-to-value notice as discussed in K.A.R. 17-24-4(b). In addition, licensees that only engage in mortgage servicing or own the mortgage servicing rights will no longer need to comply with K.A.R. 17-24-4(a) and (b). Rather, subsection (c) has new document retention requirements that will result in less document retention overall. This regulation is being amended to remove specific federal disclosures and replace them with a general requirement to retain documents to show compliance with federal law. By statute, the Commissioner already has authority to verify compliance with federal law.

Economic Impact

This regulation is expected to have a negligible impact on the economy. Mortgage companies will need to review the regulation to ensure they are in compliance with the new record retention requirements but are not expected to substantially change their document retention costs on an ongoing basis.

On June 24, 2025, the State Rules and Regulations Board approved this regulation change on a temporary basis for up to 120 days.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed amended permanent regulation. The west entrance to the Jayhawk Tower Building is accessible and there is one accessible parking spot at 720 SW Jackson. There is additional accessible parking on the northwest corner of Jackson and 8th Street.

Copies of the proposed regulation can be viewed at the Office of the State Bank Commissioner's website at <http://www.osbckansas.gov>. A summary of the proposed amended regulation and economic impact follows.

Summary

K.A.R. 75-6-35 is an administrative regulation promulgated by the Office of the State Bank Commissioner requiring a net worth for supervised loan licensees that engage in loans secured by real property. Loans secured by real property moved from the Uniform Consumer Credit Code to the Kansas Mortgage Business Act on January 1, 2025. In lieu of repealing this no-longer-applicable regulation, we have decided to modify it to apply to UCCC supervised lenders that remain regulated by the UCCC. Over the past couple of years, all lenders have faced financial stress due to the higher interest rates resulting in less loan origination. Amending this regulation will help our agency identify struggling supervised lenders and allow us to take actions sooner to ensure Kansas residents are not harmed by a lender that is facing financial difficulties. K.S.A. 16a-2-302 already requires any applicant to provide evidence that they will maintain satisfactory minimum net worth as determined by the administrator, but the statute does not state what the minimum net worth should be or specify when they shall provide the proof of continuing compliance. The amendments to K.A.R. 75-6-35 will fix both issues.

Economic Impact

This regulation is not expected to have a significant economic impact. Each supervised lender is also required

to maintain a surety bond. It is not expected that a surety bond company would be willing to provide a surety bond to an entity that does not have sufficient minimum net worth as defined in this regulation. Supervised lenders will be required to submit proof on an annual basis along with their annual renewal.

A summary of the proposed regulation and its economic impact follows. Copies of the regulation and economic impact statement may be viewed at <https://library.ks.gov/regulations>.

54-1-23. Allocation of the grant-in-aid fund among the regional systems of cooperating libraries. The proposed amendment to this regulation changes the threshold used to determine the base grant amount for state aid distributed to each regional system of cooperating libraries. Instead of using the 1989 state aid appropriation as the threshold, the amendment would set the threshold at \$1.5 million. In years when the appropriation exceeds \$1.5 million, three-quarters of state aid funds for regional systems would be allocated to the base amount. In years when the appropriation is less than or equal to \$1.5 million, all but \$10,000 of state aid funds for regional systems would be allocated to the base amount. The amendment would clarify that any remaining funds would be allocated based on population (90%) and land area (10%) of the regional system compared to all regional systems.

The proposed regulation will have no identifiable economic impact.

(b) The prize money allocated to the grand prize category shall be divided equally by the number of plays winning the grand prize.

(c) The Powerball set prize pool (for single payment prizes of \$1,000,000 or less) shall be carried forward to subsequent drawings if all or a portion of it is not needed to pay the Powerball set prizes awarded in the current drawing. If the total of the Powerball set prizes (as multiplied by the respective Power Play multiplier, if applicable) awarded in a drawing exceeds the percentage of the prize pool allocated to the Powerball set prizes, then the amount needed to fund the Powerball set prizes, including Power Play and Double Play prizes, awarded shall be drawn from the following sources, in the following order: (1) the amount allocated to the Powerball set prizes and carried forward from previous drawings, if any; (2) an amount from the set prize reserve account, if available, not to exceed forty million dollars (\$40,000,000) per drawing, and (3) other amounts as agreed to by the product group in their sole discretion. If, after these sources are depleted, there are not sufficient funds to pay the set prizes awarded, including Power Play and Double Play prizes, then the highest set prize shall become a pari-mutuel prize. If the amount of the highest set prize, when paid on a pari-mutuel basis, drops to or below the next highest set prize and there are still not sufficient funds to pay the remaining set prizes awarded, then the next highest set prize, including Power Play prizes, shall become a pari-mutuel prize. This procedure shall continue down through all set prize levels, if necessary, until all set prize levels become pari-mutuel prize levels. In that instance, the money available from the funding sources listed in these rules shall be divided among the winning plays in proportion to their respective price percentages. Powerball

set prizes and the Power Play and Double Play prizes will be reduced by the same percentage. By agreement with the licensee lotteries, the licensee lotteries shall independently calculate their set pari-mutuel prize amounts. The party lotteries and the licensee lotteries shall then agree to set the pari-mutuel prize amounts for all lotteries selling the game at the lesser of the independently-calculated prize amounts. (Authorized by and implementing K.S.A. 74-8710; effective, T-111-3-5-92, Feb. 21, 1992; amended, T-111-10-27-97, Sept. 12, 1997; amended, T-111-10-15-02, Sept. 13, 2002; amended, T-111-7-29-05, July 15, 2005; amended, T-111-2-20-09, Dec. 11, 2008; amended, T-111-2-9-12, Dec. 14, 2011; amended T-111-4-4-14, Dec. 11, 2013; amended, T-111-10-8-15, Sept. 9, 2015; amended, T-111-6-27-25, May 14, 2025.)

111-5-33a. Subscriptions. (a) At the time of purchasing a registered play, a player may elect to purchase a subscription.

(b) A player must pay \$2.00 per board played for each remaining drawing in the month in which the player subscribes. If a player chooses to participate in the Double Play promotion or Power Play promotion, the player must pay an additional \$1.00 per promotion per board played.

(c) A player may purchase only the same numbers on the same boards when subscribing.

(d) Seven days before the first drawing in the next month after subscribing, the player will be charged an amount calculated pursuant to paragraph (b) for that month according to the terms and conditions of the player loyalty program defined in K.A.R. 111-18-1, *et seq.* If the player does not have sufficient funds to complete the purchase, the Kansas lottery may at its sole discretion contact the player to resolve the issue or allow the subscription to expire.

(e) The Kansas lottery may pause or decline to renew a subscription at any time for any reason. The lottery may at its sole discretion cancel a subscription and refund the player for any remaining drawings during a subscribed month. A player may elect not to renew a subscription at any time for any reason.

(f) The Kansas lottery may require a player to demonstrate a regular presence in Kansas between subscription periods prior to renewing a player's subscription. (Authorized by and implementing K.S.A. 2024 Supp. 74-8710; effective, T-111-6-27-25, May 14, 2025.)

(a) The Kansas Lottery may offer players the opportunity to participate in the Powerball Double Play promotion, beginning on the first Powerball drawing occurring on or after July 1, 2025 or at a later date announced by the executive director and published on the Kansas lottery's website. The Double Play promotion shall offer a Powerball player a chance to win another prize in a second drawing conducted by the multi-state lottery association using the same numbers played in the Powerball drawing.

(b) A qualifying play is any single Powerball play for which the player pays an extra one dollar for the Double Play option and which is recorded in the Kansas Lottery's central computer as a qualifying play. No prize won as part of this promotion shall be multiplied by the Power Play multiplier defined by K.A.R. 111-5-200.

(c) The player's numbers selected for the Powerball drawing shall be the same numbers eligible to win in a second drawing conducted by the multi-state lottery association immediately after such Powerball drawing. The second drawing shall be a five out of 69 plus one out of 26 lottery game. Participation in this promotion shall not affect the play of the Powerball game.

(d) Participation in Double Play shall apply to each play purchased on a single play slip, subscription, or registered play transaction.

(e) The prizes for Double Play shall be fixed prizes. The prizes may become pari-mutuel pursuant to K.A.R. 111-5-

28. The expected prize payout for Double Play prizes is as follows:

Winning Combination	Prize Amount	Odds of Winning
All five (5) of first set plus one (1) of second set	\$10,000,000	1:292,201,338

None of first set plus one (1) of second set	\$7	1:38.3239
Approximate Overall Odds:		1:24.8671

(f) All Double Play prizes shall be paid in one lump sum. The Kansas lottery may elect to withhold payment of any Double Play prize until such payment is authorized by the multi-state lottery association.

(g) Prizes that, under these rules, may become pari-mutuel prizes, may be rounded down so that prizes can be paid in whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing. (Authorized by and implementing K.S.A. 2024 Supp. 74-8710; effective, T-111-6-27-25, May 14, 2025.)

Prize and bonus prize symbols shall be randomly assigned at the time of purchase and may appear in any combination that equals any prize described in paragraph (i).

(c) For this game, 80 numbers shall appear on each game and shall remain dim until the player selects 10 numbers and then purchases the game as described in paragraph (f).

(d) Each pool shall consist of 1,000,000 shares and consist of a single denomination as defined by the prices in paragraph (e).

(e) The price for a share of this game shall be \$1.00, \$2.00, \$3.00, \$4.00, \$5.00, \$10.00, \$20.00, or \$30.00.

Article 301.—SPECIFIC LOTTERY FACILITY GAMES AT LOTTERY GAMING FACILITIES

111-301-6. Play. (a) Before play begins, all cards shall either be shuffled by an automatic shuffling device or manually shuffled by the dealer. If manually shuffled, after the cards have been shuffled, the dealer shall offer the stack of cards to a player to be cut. The player may cut the cards by placing a cutting card provided by the dealer. The cut card must be placed in the stack so there are no fewer than 52 cards on either side of the cut card for a six deck game or no fewer than 26 cards on either side of the cut card for a double deck game.

(b) At the commencement of each round of play, the dealer shall, starting on the dealer’s left and continuing around the table, deal the cards in the following order:

- (1) One card face upwards to each spot on the blackjack layout in which a wager is contained;
- (2) One card face down to the dealer; and,
- (3) A second card face upwards to each spot in which a wager is contained.
- (4) A second card face down to the dealer at which time the dealer’s first card shall be turned face up and placed on top of the dealer’s second card.
- (c) After two cards have been dealt to each player and the appropriate number to the dealer, all optional side wagers shall be resolved. After the side wagers are resolved, the dealer shall, beginning from his left, have each player indicate whether the player wishes to double down, split pairs, stand or draw.
- (d) As each player indicates the player’s decision(s), the dealer shall deal face upwards whatever additional cards, if any, which are necessary to effectuate such decision.
- (e) After the decision(s) of each player have been implemented and all additional cards have been dealt, the dealer shall expose the dealer hole card. Any additional cards authorized to be dealt to the hand of the dealer shall be dealt face upwards.
- (f) If the dealer has a blackjack, each player’s wager shall be settled.
- (g) Payment of blackjack shall be made as follows:

(1) If the first card dealt to the dealer is a 2, 3, 4, 5, 6, 7, 8, or 9 and a player has a blackjack, the dealer shall pay the blackjack at odds of 3 to 2. If the first card dealt to the dealer is a king, queen, jack or 10 and a player has a blackjack, the dealer shall check the dealer’s hole card for an ace. If the dealer’s hole card does not give the dealer a blackjack, the player having a blackjack shall be paid at odds of 3 to 2. If the dealer’s hole card gives the dealer a blackjack, the wager of the player having a blackjack shall be void and constitute a push.

(2) Whenever the first card dealt to the dealer is an ace, each player shall have the right to make an insurance bet which, except as otherwise provided herein, shall win if the dealer’s second card is a king, queen, jack or 10 and shall lose if the dealer’s second card is an ace, 2, 3, 4, 5, 6, 7, 8, or 9. An insurance bet may be made by placing on the insurance line of the layout an amount not more than half the amount staked on the player’s initial wager, except that a player may bet an amount in excess of half the initial wager to the next unit that

can be wagered in chips, when because of the limitation of the value of chip denominations, half the initial wager cannot be bet. After all insurance wagers have been placed, the dealer will check the dealer's hole card for blackjack. If the dealer has a blackjack, the dealer will collect all of the losing original wagers and then pay all insurance wagers at odds of 2 to 1. The wager of a player having the blackjack shall be void and constitute a push. If the dealer does not have a blackjack, the dealer will collect all of the losing insurance wagers. When a player has a blackjack, the player shall be given the option of taking even money for the player's wager instead of making an insurance wager. In such circumstances, the dealer shall pay the wager at 1 to 1 odds before checking the dealer's hole card and shall remove that player's cards before any player receives a third card.

(3) Except for a blackjack, a player may elect to double down, which means to make an additional wager not in excess of the amount of the player's original wager on the first two cards dealt to the player on the condition that one and only one additional card shall be dealt to the hand on which the player has elected to double down. If a dealer obtains a blackjack after a player doubles down, the dealer shall only collect the amount of the original wager of such player and shall not collect the additional amount wagered in doubling down. Upon a player's election to double down, the dealer shall deal the player's hand one additional card face upwards or sideways on the layout. In the alternative, if the one additional card is dealt face down, such card shall be turned face upward prior to settling the player's wager. A double down wager shall win if the total of the player's cards exceeds the total of the dealer's cards without exceeding a total of 21. A double down wager shall push or tie if the player's hand and the dealer's hand are equal. A double down wager shall lose if the total of the player's cards exceeds 21 or is less than the total of the dealer's cards, provided the total of the dealer's cards does not exceed 21. A double down wager shall be paid at the rate of 1:1 on both the original wager and the double down portion of the wager.

(h) If the initial two cards dealt to a player are identical in value, the player may elect to split the hand into two separate hands provided that the player makes a wager on the second hand so formed in an amount equal to the player's original wager. When a player splits pairs, the dealer shall deal a card to and complete the player's decisions with respect to the first incomplete hand on the dealer's left before proceeding to deal any cards to any other hand. After a second card is dealt to a split pair, the player shall indicate the player's decision to stand or draw with respect thereto except that:

(1) A player may split pairs a maximum of three times to make a total of four hands; and

(2) A player splitting aces shall only have one card dealt to each ace and may not elect to receive additional cards.

(i) A player may elect to draw one or more additional cards whenever the player's point count total is less than 21 except that:

(1) A player electing to double down shall draw one and only one additional card;

(2) A player splitting aces shall only have one card dealt to each ace and may not elect to receive additional cards.

(j) A dealer shall draw additional cards to the dealer's hand until the dealer has:

(1) A hard total of 17, 18, 19, 20, or 21, whichever comes first; or

(2) A soft total of 18, 19, 20, or 21, whichever comes first. A dealer shall draw no additional cards to the dealer's hand, regardless of the point count, if decisions have been made on all players' hands and the point count of the dealer's hand will have no effect on the outcome of the round of play. A split bet shall win if the total of the player's cards exceeds the total of the dealer's cards without exceeding a total of 21. A split bet shall lose if the total of the player's cards exceeds 21 or is less than the total of the dealer's cards, provided the total of the dealer's cards does not exceed 21. A split bet shall tie or push if the player's hand and the dealer's hand are

equal. A winning split bet shall be paid at the rate of 1:1 on both the original wager and the split wager.

(k) A card found turned face upwards in the shoe shall not be used in the game and shall be placed in the discard rack.

(l) A card drawn in error without its face being exposed shall be used as though it were the next card from the shoe.

(m) If the dealer has a hard total of 17 and accidentally draws a card for the dealer, such card shall be burned.

(n) If the dealer misses dealing a first or second card to the dealer, the dealer shall continue dealing the first two cards to each player, and then deal the appropriate number of cards to the dealer. (Authorized by K.S.A. 2024 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2024 Supp. 74-8710; effective, T-111-12-24-09, Dec. 3, 2009; amended, T-111-5-17-11, April 13, 2011; amended, T-111-7-6-11, May 18, 2011; amended, T-111-4-12-12, March 14, 2012; amended, T-111-4-9-20, Jan. 15, 2020; amended, T-111-5-7-21, April 14, 2021; amended, T-111-6-27-25, May 14, 2025.)

111-301-43. Wagers. (a) Prior to the first card being dealt for each round of play, each player at the game of “21 + 3” or “TriLux” shall make a wager against the dealer which shall win if:

(1) The score of the player is 21 or less and the score of the dealer is in excess of 21;

(2) The score of the player exceeds that of the dealer without either score exceeding 21; or

(3) The player has achieved a score of 21 in two cards and the dealer has achieved a score of 21 in more than two cards.

(b) Except as otherwise provided in these rules a wager made in accordance with this section shall be void when the score of the player is the same as the dealer; provided, however, that a player’s wager shall be lost when the dealer has a blackjack and the player has a score of 21 which is not a blackjack.

(c) Except as otherwise provided in these rules, no wager shall be made, increased or withdrawn after the first card of the respective round has been dealt.

(d) All wagers at blackjack shall be made by placing gaming chips on the appropriate areas of the “21 + 3” or “TriLux” layout.

(e) After each round of play is complete, the dealer shall collect all losing wagers and pay off all winning wagers. All winning wagers against the dealer made in accordance with these rules shall be paid at odds of one to one with the exception of a blackjack which shall be paid at odds of three to two.

(f) Once the first card of any hand has been removed from the shoe by the dealer, no player shall handle, remove or alter any wagers that have been made until a decision has been rendered and implemented with respect to that wager except as permitted by these rules.

(g) Once a wager on the insurance line, a wager to double down, or a wager to split pairs has been made and confirmed by the dealer, no player shall handle, remove or alter such wagers until a decision has been rendered and implemented with respect to that wager except as permitted by these regulations.

(h) A double down wager shall win if the total of the player’s cards exceeds the total of the dealer’s cards without exceeding a total of 21. A double down wager shall push if the player’s hand and the dealer’s hand are equal. A double down wager shall lose if the total of the player’s cards exceeds 21 or is less than the total of the dealer’s cards, provided the total of the dealer’s cards does not exceed 21. A double down wager shall be paid at the rate of one to one on both the original wager and the double down portion of the wager. A player may

double down after splitting pairs, except a player may not double down after splitting aces.

(i) A split bet shall win if the total of the player's cards exceeds the total of the dealer's cards without exceeding a total of 21. A split bet shall lose if the total of the player's cards exceeds 21 or is less than the total of the dealer's cards. A split bet shall push if the player's hand and the dealer's hand are equal. A split bet shall be paid at the rate of one to one on both the original wager and the split wager.

(j) The following describes a list of the permissible wagers, payout odds, and what constitutes a win or loss for three-card wagers:

(1) An optional three-card wager may be made by the player prior to the first card of the hand being removed from the shoe in an area on the table layout designated for the three-card wager. The player must make an original blackjack wager in order to place the three-card wager. The minimum and maximum three-card wager will be posted at the table.

(2) An additional three-card wager may be made as a tip for the dealer.

(3) A three-card wager will win if the dealer's card turned face up and the player's original two cards combined equal a mini-royal, flush, straight, three-of-a-kind, or straight flush.

(4) A three-card wager will lose if the dealer's card turned face up and the player's original two cards combined do not equal a flush, straight, three-of-a-kind, straight flush or mini-royal.

(5) Winning three-card wagers will be paid out as follows:

(A) When the player's original two cards and the dealer's card turned face up combined equal a flush, the hand will be paid at the rate of 5 to 1;

(B) When the player's original two cards and the dealer's card turned face up combined equal a straight, the hand will be paid at the rate of 10 to 1;

(C) When the player's original two cards and the dealer's card turned face up combined equal a three-of-a-kind, the hand will be paid at the rate of 20 to 1;

(D) When the player's original two cards and the dealer's card turned face up combined equal a straight flush, the hand will be paid at the rate of 30 to 1;

(E) When the player's original two cards and the dealer's card turned face up combined equal a mini-royal, the hand will be paid at the rate of 50 to 1; and

(F) All three-card wagers will be taken or paid before the blackjack portion of the game continues.

(k) If the optional TriLux Super 3 side wager is offered at the gaming table, the following describes a list of the permissible wagers, payout odds, and what constitutes a win or loss for TriLux Super 3 wagers:

(1) Prior to the first card of the round of play being dealt, a TriLux Super 3 wager may be made by the player in an area on the table layout designated for the TriLux Super 3 wager. The player may be required to make a three-card wager in order to place the TriLux Super 3 wager. The minimum and maximum TriLux Super 3 wager and whether the three-card wager is required in order to make the TriLux Super 3 wager will be posted at the table and/or on the gaming table layout.

(2) An additional TriLux Super 3 wager may be made as a tip for the dealer.

(3) A TriLux Super 3 wager will win if the dealer's card turned face up and the player's original two cards combined equal a three-of-a-kind with all three cards in the same suit, straight flush or three-of-a-kind and not

all three cards are in the same suit.

(4) A TriLux Super 3 wager will lose if the dealer's card turned face up and the player's original two cards combined do not equal a three-of-a-kind with all three cards in the same suit, straight flush or three-of-a-kind and not all of the cards are in the same suit.

(5) Winning TriLux Super 3 wagers will be paid out as follows:

(A) When the player's original two cards and the dealer's card turned face up combined equal a three-of-a-kind with all three cards in the same suit, the wager will be paid at the rate of 270 to 1;

(B) When the player's original two cards and the dealer's card turned face up combined equal a straight flush, the wager will be paid at the rate of 180 to 1; and

(C) When the player's original two cards and the dealer's card turned face up combined equal a three-of-a-kind and all three cards are not in the same suit the wager will be paid at the rate of 90 to 1.

(6) All TriLux Super 3 wagers will be taken or paid before the blackjack portion of the game continues.

(Authorized by K.S.A. 2024 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2024 Supp. 74-8710; effective, T-111-5-16-12, April 11, 2012; amended, T-111-4-9-20, Jan. 15, 2020; amended, T-111-12-31-24, Dec. 11, 2024; amended, T-111-6-27-25, May 14, 2025.)

111-301-44. Play. (a) Before play begins, all cards shall either be shuffled by an automatic shuffling device or manually shuffled by the dealer. If manually shuffled, after the cards have been shuffled, the dealer shall offer the stack of cards to a player to be cut. The player may cut the cards by placing a cutting card provided by the dealer at a random place in the stack of cards.

(b) At the commencement of each round of play, the dealer shall, starting on the dealer's left and continuing around the table, deal the cards in the following order:

(1) One card face upwards to each box on the table layout in which a wager is contained;

(2) One card face down to the dealer;

(3) A second card face upwards to each box in which a wager is contained; and,

(4) A second card face down to the dealer at which time the dealer's first card shall be turned face up and placed on top of the dealer's second card.

(c) After two cards have been dealt to each player and the appropriate number to the dealer, the dealer shall, beginning from his left, announce the score of each player's hand. The score is determined by adding the point total of all cards in the hand. As each player's score is announced, such player shall indicate whether the player wishes to double down, split pairs, stand or draw.

(d) As each player indicates the player's decision(s), the dealer shall deal face upwards whatever additional cards, if any, which are necessary to effectuate such decision.

(e) After the decision(s) of each player have been implemented and all additional cards have been dealt, the dealer shall turn the dealer's second card face upward. Any additional cards authorized to be dealt to the hand of the dealer shall be dealt face upwards after which the dealer shall announce the dealer's score.

(f) If the dealer has a blackjack, no additional cards shall be dealt and each player's wager shall be settled.

(g) Payment of blackjack shall be made as follows:

(1) If the first card dealt face up to the dealer is a 2, 3, 4, 5, 6, 7, 8, or 9 and a player has a blackjack, the dealer shall immediately announce and pay the blackjack at odds of 3 to 2 and shall remove that player's cards before any player receives a third card. If the first card dealt face up to the dealer is an ace, king, queen, jack or 10 and a player has a blackjack, the dealer shall announce the blackjack but shall make no payment nor remove any cards until all other cards are dealt to the players and the dealer receives the dealer's second card. If, in such circumstances, the dealer's second card does not give the dealer a blackjack, the player having a blackjack shall immediately be paid at odds of 3 to 2. If the dealer's second card gives the dealer a blackjack, the wager of the player having a blackjack shall be void and constitute a push.

(2) Whenever the first card dealt to the dealer is an ace, each player shall have the right to make an insurance bet which, except as otherwise provided herein, shall win if the dealer's second card is a king, queen, jack or 10 and shall lose if the dealer's second card is an ace, 2, 3, 4, 5, 6, 7, 8, or 9. An insurance bet may be made by placing on the insurance line of the layout an amount not more than half the amount staked on the player's initial wager, except that a player may bet an amount in excess of half the initial wager to the next unit that can be wagered in chips, when because of the limitation of the value of chip denominations, half the initial wager cannot be bet. All winning insurance wagers shall be paid at odds of 2 to 1. All insurance wagers shall be collected or paid by the dealer immediately after the dealer draws the dealer's second card that is dealt face up or discloses the dealer's card that was dealt face down, and before the dealer draws any additional cards.

(3) Except for a blackjack, a player may elect to double down, which means to make an additional wager not in excess of the amount of the player's original wager on the first two cards dealt to the player on the condition that one and only one additional card shall be dealt to the hand on which the player has elected to double down. If a dealer obtains a blackjack after a player doubles down, the dealer shall only collect the amount of the original wager of such player and shall not collect the additional amount wagered in doubling down. Upon a player's election to double down, the dealer shall deal the player's hand one additional card face upwards or sideways on the layout. In the alternative, if the one additional card is dealt face down, such card shall be turned face upward after the dealer has drawn additional cards to the dealer's hand and at such time as all players' wagers are to be settled at the conclusion of the round of play. A double down wager shall win if the score of the player's cards exceeds the score of the dealer's cards without exceeding a score of 21. A double down wager shall push if the player's hand and the dealer's hand are equal in score. A double down wager shall lose if the score of the player's cards exceeds 21 or is less than the score of the dealer's cards. A double down wager shall be paid at the rate of 1:1 on both the original wager and the double down portion of the wager.

(h) If the initial two cards dealt to a player are identical in rank, the player may elect to split the hand into two separate hands provided that the player makes a wager on the second hand so formed in an amount equal to the player's original wager. When a player splits pairs, the dealer shall deal a card to and complete the player's decisions with respect to the first incomplete hand on the dealer's left before proceeding to deal any cards to any other hand. After a second card is dealt to a split pair, the dealer shall announce the score of such hand and the player shall indicate the player's decision to stand or draw with respect thereto except that:

(1) A player may split pairs a maximum of three times to make a total of four hands; and,

(2) A player splitting aces shall only have one card dealt to each ace and may not elect to receive additional cards.

(i) A player may elect to draw one or more additional cards whenever the player's score is less than 21 except that:

(1) A player electing to double down shall draw one and only one additional card;

(2) A player splitting aces shall only have one card dealt to each ace and may not elect to receive additional cards.

(j) A dealer shall draw additional cards to his or her hand until he or she has:

(1) A hard total score of 17, 18, 19, 20 or 21, whichever comes first; or

(2) A soft total score of 18, 19, 20 or 21, whichever comes first.

A dealer shall draw no additional cards to his or her hand, regardless of the point count, if decisions have been made on all players' hands and the point count of the dealer's hand will have no effect on the outcome of the round of play. A split bet shall win if the score of the player's cards exceeds the total of the dealer's cards without exceeding a score of 21. A split bet shall lose if the score of the player's cards exceeds 21 or is less than the score of the dealer's cards. A split bet shall push if the player's hand and the dealer's hand are equal in score. A split bet shall be paid at the rate of 1:1 on both the original wager and the split wager.

(k) A card found turned face upwards in the shoe shall not be used in the game and shall be placed in the discard rack.

(l) A card drawn in error without its face being exposed shall be used as though it were the next card from the shoe.

(m) If the dealer has a score of 17 and accidentally draws a card for the dealer, such card shall be burned (discarded).

(n) If the dealer misses dealing the dealer's first or second card to the dealer, the dealer shall continue dealing the first two cards to each player, and then deal the appropriate number of cards to the dealer. (Authorized by K.S.A. 2024 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2024 Supp. 74-8710; effective, T-111-5-16-12, April 11, 2012; amended, T-111-6-27-25, May 14, 2025.)

111-301-70. Game operations. The following game operations shall apply to the game of "Free Bet Blackjack":

(a) The following procedures for shuffling shall be implemented:

(1) The cards will be shuffled at various times including, but not limited to, the following circumstances:

(A) New decks are put into play;

(B) If the cards are shuffled manually, after the completion of the hand in which the cut card appeared;

(C) The decks have been dropped or otherwise mishandled; and,

(D) When instructed to do so by a table games supervisor or higher-ranking casino official.

(2) The cards may be shuffled manually or a shuffling machine may be used to shuffle the cards.

(b) If the cards are shuffled manually, the following procedures for card cutting shall be implemented:

(1) Upon completion of the shuffle, the dealer will offer the decks to a player to cut. In the event all players at the table fail or refuse to perform the cut, the dealer or table games supervisor will cut the cards;

(2) The cut will be performed by inserting the cut card not less than approximately one deck from either end of the stack of cards; and,

(3) Once the deck has been cut, the dealer will insert the cut card approximately one and one-half decks from the back of the six-deck or eight-deck shoe unless otherwise instructed by the table games supervisor or higher-ranking casino official.

(c) The following procedures for dealing and taking cards shall be implemented:

- (1) Cards are distributed to the players, one at a time and face up, from left to right. The dealer distributes one card to the dealer face down before continuing. The dealer deals a second card to each player, one at a time face up, from left to right and deals a second card to the dealer face down, turns the first card face up, and places the second card directly under the dealer's first card;
- (2) Beginning with the first player position to the left of the dealer, each player will indicate whether they wish to stand or hit. Cards will continue being distributed to each player, one at a time face up, until the player indicates his or her desire to stand or the player busts, whichever comes first;
- (3) After all of the players have stood or busted, the dealer's second card will be turned face up and the dealer will announce the total point value of the dealer's two cards. If any player's hand is still in action, the dealer will hit if the dealer holds cards with a total point value of 16 or less or a soft 17. The dealer will stand on a hard 17 or higher total point value; and,
- (4) If a player has a losing hand, the dealer will remove the player's chips and pick up the cards for placement into the discard rack.
- (d) The following procedures for burning cards shall be implemented:
- (1) A dealer will burn a card after completion of the shuffle; and,
- (2) A dealer will burn a card upon the dealer entering a game.
- (e) All remaining winning and losing wagers will be paid and collected in turn beginning with the first player to the dealer's right and working toward the left.
