City of Wichita, Kansas

Notice to Bidders

The City of Wichita, Kansas will receive bids electronically until 10:00 a.m. Friday, November 14, 2025, in the office of the Purchasing Manager, 455 N. Main, 12th Floor, Wichita, Kansas, for the bidding of Redbud Multi-Use Path, Woodlawn to K-96 (Phase 1) (KDOT Project No. 87N-0794-01/472-2023-085888/40110124) (MUNIS Code E4058). Proposals are to be submitted through the City's Procurement Portal at <https://wichita.gov/procurementportal>. Plans and specifications for this project will be available October 10, 2025. Electronic plan sheets for this project will only be available in the ARC Document Solutions plan room for the City of Wichita projects at <https://customer.e-arc.com/arcEOC/ARCPlanRoom.aspx>. Other questions should be directed to the respective design engineer at 316-268-4505.

All bids received will thereafter be publicly opened, read aloud, and considered by the Board of Bids and Contracts. All work is to be done under the direction and supervision of the City Manager and according to plans and specifications on file in the office of the City Engineer. Bidders are required to enclose a bid bond in the amount of five per cent (5%) with each bid as a guarantee of good faith. The Wichita City Council reserves the right to reject any and all bids.

The successful bidder may contact Sarah Pineda at 316-268-4548 for extra sets of plans/specs.

Cherry-Plum Creeks Watershed Joint District No. 17

Notice to Contractors

Project

Rehabilitation of Detention Dam Site 114 in Woodson County, Kansas, located 9 miles north and 3 miles east of Yates Center, Kansas for Cherry-Plum Creeks Watershed Joint District No. 17.

General Scope of Work

Rehabilitation of dam rehabilitation with 840 tons of rock riprap for wave protection, 155 tons of riprap for outlet channel protection, and 80 tons of riprap for fence barrier construction totaling 1,075 tons of rock riprap repair; 90 linear feet of 12-inch diameter PVC principal spillway pipe with associated canopy inlet, drainage diaphragm, and trash rack; 130 linear feet of 6-inch diameter PVC drawdown pipe with associated 6-inch diameter gate valve; downstream embankment tree removal and slope repair; project earthwork; seeding and mulching.

Site Showing

A non-mandatory (attendance) site showing will be held at 1:00 p.m. (Central Time) Thursday, December 4, 2025, at the intersection of 200th and Prairie Rd., Yates Center, KS 66783.

Bid Documents

Bid documents (constituting project manual and construction plans) may be obtained in hard copy or electronically by contacting Matt Miller at 785-230-4354 or mmiller1@eocene.com.

Bids

Sealed, hard copy bids will be received by Matt Miller, until 5:00 p.m. Wednesday, December 10, 2025, at 1524 W. 217th, Osage City, KS 66523. Sealed, hard copy bids may also be hand delivered to the bid opening location.

Electronic bids will be received by Matt Miller at mmiller1@eocene.com until 1:00 p.m. Thursday, December 11, 2025. It will be the responsibility of the submitter to ensure Matt Miller receives the electronic bid.

Bid security in an amount of not less than five percent (5%) of the total bid price, must be submitted with each bid. Security may be in the form of a bid bond, cashier's or certified check, postal money order, or cash. If check or money order is used, it must be made payable to Cherry-Plum Creeks Watershed Joint District No. 17. Whether submitting bids by hard or electronic copy, bid security will be received by Matt Miller until 5:00 p.m. Wednesday, December 10, 2025, at 1524 W. 217th, Osage City, KS 66523, or hand delivered to the bid opening location.

Bid Opening

A non-mandatory (attendance) bid opening will be held at 1:00 p.m. (Central Time) Thursday, December 11, 2025, at Woodson County Conservation District, 218 W. Rutledge St., Suite 2, Yates Center, KS 66783.

Any bid and associated bid security received after the specified times will not be considered.

For any questions pertaining to the project listed above, please contact Matt Miller at 785-230-4354 or mmiller1@eocene.com.

(Published in the Kansas Register October 9, 2025.)

Rock Creek Watershed Joint District No. 84

Notice to Contractors

Project

Rehabilitation of Detention Dam Site 201 in Lyon County, Kansas, located 7 miles north and 2 miles west of Americus, Kansas, for Rock Creek Watershed Joint District No. 84.

General Scope of Work

Rehabilitation of dam with 1,018 tons of rock riprap for wave protection, 185 tons of riprap for outlet channel protection, and 55 tons of riprap for fence barrier construction totaling 1,258 tons of rock riprap repair; 144 linear feet of 16-inch diameter PVC principal spillway pipe with associated canopy inlet, drainage diaphragm, and trash rack; 164 linear feet of 6-inch diameter PVC drawdown pipe with associated 6-inch diameter gate valve; project earthwork; seeding and mulching.

Site Showing

A non-mandatory (attendance) site showing will be held at 11:00 a.m. (Central Time) Thursday, November 13, 2025, at the intersection of Road D and Road 310, Lyon County, Kansas.

Bid Documents

Bid documents (constituting project manual and construction plans) may be obtained in hard copy or electronically by contacting Matt Miller at 785-230-4354 or mmiller1@eocene.com.

Bids

Sealed, hard copy bids will be received by Matt Miller until 5:00 p.m. Wednesday, November 19, 2025, at 1524 W. 217th, Osage City, KS 66523. Sealed, hard copy bids may also be hand delivered to the bid opening location.

Electronic bids will be received by Matt Miller at mmiller1@eocene.com until 11:00 a.m. Thursday, November 20, 2025. It will be the responsibility of the submitter to ensure Matt Miller receives the electronic bid.

Bid security in an amount of not less than five percent (5%) of the total bid price, must be submitted with each bid. Security may be in the form of a bid bond, cashier's or certified check, postal money order, or cash. If check or money order is used, it must be made payable to Rock Creek Watershed Joint District No. 84. Whether submitting bids by hard or electronic copy, bid security will be received by Matt Miller until 5:00 p.m. Wednesday, November 19, 2025, at 1524 W. 217th, Osage City, KS 66523, or hand delivered to the bid opening location.

Bid Opening

A non-mandatory (attendance) bid opening will be held at 11:00 a.m. (Central Time) Thursday, November 20, 2025, at the Rendezvous Meeting Room, 623 E. Main St., Council Grove, KS 66846.

Any bid and associated bid security received after the specified times will not be considered.

For any questions pertaining to the project listed above, please contact Matt Miller at 785-230-4354 or mmiller1@eocene.com.

Department of Health and Environment

Notice of Proposed Kansas Air Quality Construction Permit

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality construction permit. Great Plains Manufacturing – Land Pride Abilene West has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300. Emissions of volatile organic compounds (VOC), particulate matter (PM), particulate matter with less than or equal to 10 microns in aerodynamic diameter (PM₁₀), particulate matter with less than or equal to 2.5 microns in aerodynamic diameter (PM_{2.5}), carbon monoxide (CO), oxides of nitrogen (NO_x), oxides of sulfur (SO_x), and hazardous air pollutants (HAPs) were evaluated during the permit review process.

Great Plains Manufacturing – Land Pride Abilene West, 3861 S. 9th St., Salina, KS 67401, owns and operates a construction machinery and equipment manufacturing facility located at 2150 NW 8th St., Abilene, Dickinson County, KS 67410 at which one (1) natural gas-fired 2.4 MMBtu/hr burn-off oven, three (3) 12k AMADA laser cutters were installed.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review from the date of publication during normal business hours at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the North Central District Office, 3040 Enterprise Dr., Salina, KS 67401. To obtain or review the proposed permit and supporting documentation, contact Alexandra Mohn at the central office of KDHE at 785-291-3683, or Jessica Fair at the North Central District Office at 785-827-9639. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Alexandra Mohn, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, November 10, 2025.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Alexandra Mohn, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, November 10, 2025 in order for the Secretary of Health and Environment to consider the request.

The preceding notice refers to the air permit for Great Plains Manufacturing – Land Pride Abilene West located at 2150 NW 8th St., Abilene, Dickinson County, KS 67410. If you want more information or you have other questions, please contact the KDHE Non-Discrimination coordinator and call 785-296-5156 or send an email to: KDHE.NonDiscrimination@ks.gov. [El aviso anterior se refiere al permiso de aire para Great Plains Manufacturing – Land Pride Abilene West ubicado en 2150 NW 8th St., Abilene, Dickinson County, KS 67410. Notice of Proposed Kansas Air Quality Class I Operating Permit

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Great Plains Manufacturing – Land Pride Abilene West has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Great Plains Manufacturing – Land Pride Abilene West, 3861 S. 9th St., Salina, KS 67401, owns and operates a construction machinery and equipment manufacturing plant located at 2150 NW 8th St., Abilene, Dickinson County, KS 67410.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review, during normal business hours, at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the North Central District Office, 3040 Enterprise Dr., Salina, KS 67401. To obtain or review the proposed permit and supporting documentation, contact Alexandra Mohn at the central office of KDHE at 785-291-3683, or Jessica Fair at the North Central District Office at 785-827-9639. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Alexandra Mohn, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, November 10, 2025.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Alexandra Mohn, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, November 10, 2025, in order for the Secretary of Health and Environment to consider the request.

The United States Environmental Protection Agency (USEPA) has a 45-day review period, which will start concurrently with public comment period, within which to object to the proposed permit. If the USEPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the USEPA to review the permit. The 60-day public petition period will directly follow the USEPA 45-day review period.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, USEPA, Region 7, Air Permitting and Standards Branch, 11201 Renner Blvd., Lenexa, KS 66219, phone 913-551-7960, to determine when the 45-day USEPA review period ends and the 60-day petition period commences.

The preceding notice refers to the air permit for Great Plains Manufacturing – Land Pride Abilene West located at 2150 NW 8th St., Abilene, Dickinson County, KS 67410. If you want more information or you have other questions, please contact the KDHE Non-Discrimination coordinator and call 785-296-5156 or send an email to: KDHE.NonDiscrimination@ks.gov. Notice of Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Southern Star Central Gas Pipeline – Lyons Compressor Station has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Southern Star Central Gas Pipeline – Lyons Compressor Station, 4700 State Route 56, Owensboro, KY 42301, owns and operates a natural gas pipeline transportation facility located at 1775 Ave. M, Lyons, Rice County, KS 67554.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the North Central District Office, 3040 Enterprise Dr., Salina, KS 67401. To obtain or review the proposed permit and supporting documentation, contact Alexandra Mohn at the central office of KDHE at 785-291-3683, or Jessica Fair at the North Central District Office at 785-827-9639. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Alexandra Mohn, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, November 10, 2025.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Alexandra Mohn, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, November 10, 2025, in order for the Secretary of Health and Environment to consider the request.

The United States Environmental Protection Agency (USEPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the USEPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the USEPA to review the permit. The 60-day public petition period will directly follow the USEPA 45-day review period.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, USEPA, Region 7, Air Permitting and Standards Branch, 11201 Renner Blvd., Lenexa, KS 66219, phone 913-551-7960, to determine when the 45-day USEPA review period ends and the 60-day petition period commences.

The preceding notice refers to the air permit for Southern Star Central Gas Pipeline – Lyons Compressor Station located at 1775 Ave. M, Lyons, Rice County, KS 67554. If you want more information or you have other questions, please contact the KDHE Non-Discrimination coordinator and call 785-296-5156 or send an email to: KDHE.NonDiscrimination@ks.gov. Notice of Proposed Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación al 785-296-5156 o en: KDHE.NonDiscrimination@ks.gov.

Public Notice No. KS-AG-25-273/275

Pending Permits for Confined Feeding Facilities

Name and Address of Applicant	Legal Description	Receiving Water
Flint Rock Feeders Tyler Ammons 18747 Schmedemann Rd. Alta Vista, KS 66834	E/2 of Section 36 T12S, R07E Geary County	Kansas River Basin
Kansas Permit No. A-KSGE-B002		

The proposed action is to reissue an existing state permit for an existing facility for 999 head (999 animal units) of cattle weighing greater than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Larson Feedlot Craig Larson 583 P Lane Oberlin, KS 67749	SE/4 of Section 13 & SW/4 of Section 18 T03S, R30W Decatur County	Upper Republican River Basin

Kansas Permit No. A-URDC-C005
Federal Permit No. KS0097438

The proposed action is to reissue an existing state permit for an existing facility for 2,500 head (2,500 animal units) of cattle weighing greater than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Ox Town Pens Ox Town Feeders, LLC 1807 Road F Tribune, KS 67879	NW/4 of Section 35 T16S, R40W Greeley County	Smoky Hill River Basin

Kansas Permit No. A-SHGL-C002
Federal Permit No. KS0115436

The proposed action is to reissue an existing NPDES permit for an existing facility for 14,000 head (14,000 animal units) of cattle weighing more than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit.

Public Notice No. KS-AG-R-25-019/020

Per Kansas Statutes Annotated 65-171d, the following registrations have been received for a proposed facility.

Name and Address of Registrant	Legal Description	County
Peuser Feedlot Peuser Farms Partnership 38596 Jingo Rd. La Cygne, KS 66040	NE/4 of Section 01 T19S, R24W	Miami

Name and Address of Registrant	Legal Description	County
Valley View Trucking, LLC Mark Haverkamp 2875 K-63 Hwy. Seneca, KS 66538	NE/4 of Section 15 T01S, R12E	Nemaha

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before November 8, 2025, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-25-273/275, KS-AG-R-25-019/020) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Jada Martin at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, KS 66612-1367; por correo electrónico: kdhe.feedlots@ks.gov; por teléfono: 785-296-6432. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Jamie Packard, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-4148 or email at Jamie.Packard@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. The Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Notice of Solicitation for Water Quality Data

In developing the 2026 Section 303(d) List of Impaired Waters in Kansas, the Kansas Department of Health and Environment (KDHE) is soliciting “all existing and readily available water quality-related data and information” in accordance with 40 CFR 130.7(b)(5). Section 303(d) of the Clean Water Act requires states to biennially prepare a list of waters failing to meet state water quality standards, based on data and information from local, state, and federal agencies, members of the public, and academic institutions conducting research. Submitted data and information will be evaluated by KDHE for listing decisions for the 2026 Kansas 303(d) List of Impaired Waters, to be submitted to the U.S. Environmental Protection Agency by April 1, 2026.

This notice requests any data or information on the water quality condition of waters of the state over the period January 1, 2000 through September 30, 2025. Data associated with waters for which water quality problems have been reported are of particular interest. Submitted data may include chemical, physical or biological measurements, and should be accompanied by information to identify the waterbody with as much geographic specificity as possible. Data submitted to KDHE for consideration should have adequate quality control and quality assurance for accuracy, representation and precision in describing the water quality of streams, lakes and wetlands.

KDHE will be accepting data submissions through December 8, 2025. Data submission or questions may be sent to Ryan Brice, KDHE Bureau of Water, Policy Planning and Standards Unit, 1000 SW Jackson St., Suite 420, Topeka, KS 66612-1367, phone 785-296-0491, fax 785-296-0086, or email at ryan.brice@ks.gov.

Estado de Kansas

Departamento de Salud y Medio Ambiente

Aviso de Solicitud de Datos sobre la Calidad del Agua

En la elaboración de la Lista de Aguas Deterioradas de Kansas para el año 2026 conforme a la Sección 303(d), el Departamento de Salud y Medio Ambiente de Kansas (KDHE, por sus siglas en inglés) está solicitando “todos los datos e información existentes y fácilmente disponibles relacionados con la calidad del agua”, de acuerdo con 40 CFR 130.7(b)(5). La Sección 303(d) de la Ley de Agua Limpia exige que los estados preparen bienalmente una lista de cuerpos de agua que no cumplen con los Estándares Estatales de Calidad del Agua, basada en datos e información provenientes de agencias locales, estatales y federales, miembros del público y entidades académicas que realizan investigaciones. Los datos e información enviados serán evaluados por KDHE para tomar decisiones sobre la inclusión en la Lista de Aguas Deterioradas de Kansas 303(d) de 2026, la cual será presentada a la Agencia de Protección Ambiental de los Estados Unidos antes del 1 de abril de 2026.

Este aviso solicita cualquier dato o información sobre la condición de calidad del agua de los cuerpos de agua del estado durante el período comprendido entre el 1 de enero de 2000 y el 30 de septiembre de 2025. Los datos relacionados con cuerpos de agua en los que se han reportado problemas de calidad son de especial interés. Los datos enviados pueden incluir mediciones químicas, físicas o biológicas, y deben ir acompañados de información que permita identificar el cuerpo de agua con la mayor precisión geográfica posible. Los datos presentados al KDHE para su consideración deben contar con controles y garantías de calidad adecuados para asegurar la exactitud, representatividad y precisión en la descripción de la calidad del agua de ríos, lagos y humedales.

KDHE aceptará la presentación de datos hasta el 8 de diciembre de 2025. Las presentaciones de datos o preguntas pueden enviarse a Ryan Brice, Oficina de Agua de KDHE, Unidad de Planificación de Políticas y Normas, 1000 SW Jackson St., Suite 420, Topeka, KS 66612-1367, teléfono 785-296-0491, fax 785-296-0086, o por correo electrónico a ryan.brice@ks.gov.

Request for Proposals

KA-6886-01- Clear Zone Improvement Project on K-9

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must submit a proposal as laid out herein by 12:00 p.m. (Central Time) October 22, 2025, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 201 – Location and Design Concept Studies/Corridor Studies
- 212 – Highway Design – Minor Facility
- 222 – Standard Span Bridge Design
- 231 – Traffic Control Analysis and Design
- 325 – Hydraulic and Hydrologic Studies
- 401 – Landscape, Seeding, and Erosion Control

If a firm is not currently prequalified by KDOT in any of the required categories, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this solicitation for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <https://www.ksdot.gov/doing-business/design-consultants/design-consultant-prequalification>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

Project Number	Background and Scope of Project
KA-6886-01	This project includes the reconstruction and addition of shoulders along K-9 from the Marshall/Nemaha County line east to Centralia in Nemaha County. The discovery phase is expected to determine the shoulder width and type, evaluate existing vertical geometry, and evaluate existing structures and culverts. Services associated with this Request for Proposals are for the Discovery Phase only, with an option to supplement the contract through Preliminary Design, Final Design, and Construction Phase Services.

Table 2: Project Summary

Project Number	Route and Scope	Length (mi)	Project Termini
KA-6886-01	K-9 in Nemaha County Discovery Phase: Clear Zone Improvement	6.1	K-9 from Nemaha/Marshall County line east to 0.1 mile east of the west city limits of Centralia.

Project Number	Structure BR#, Structure Scope, Structure Size and Type
KA-6886-01	<p>Structural improvements, if any, will be determined during the discovery phase. Structures along this section of the corridor include (but are not limited to) the following:</p> <p>Culvert #511: 2-6'x4'x32' RCB (1932)</p> <p>Br. No. 9-66-256.33 (010): 3-8'x8'x32' RCB (1932)</p> <p>Br. No. 9-66-257.11 (039): 3-10'x9'x32' RFB (2004)</p> <p>Br. No. 9-66-257.61 (040): 30'-39'-30' RCSH (2005)</p> <p>Culvert #512: 2-8'x4'x32' RCB (1932)</p>

Anticipated Consultant Scope

A discovery phase summary report detailing the analysis, alternatives, costs, and recommendations is expected. Other expectations for consultant scope are shown below. A scoping meeting will take place after consultant selection is made. The scope included herein may not be all-inclusive and is subject to change. A scoping meeting will take place after consultant selection is made.

KDOT anticipates the following to be included in the consultant's scope:

- Project Discovery:
 - Travel demand forecasting, traffic analysis, and engineering:
 - KDOT to complete the forecast, consultant to gather counts.
 - Analysis of shoulder widths and types, geometric improvements, and intersection improvements.
 - Identify priority segments and improvements for a phased approach to construction projects along the study corridor.
 - Produce a report summarizing alternatives/improvement options, including cost estimates, along with a recommended action.
- Road Design:
 - Discovery Phase including NEPA desktop screening.
 - Visit the project site location.
 - Subsequent phases may include:
 - Develop plans to Materials and Research.
 - Develop Preliminary Plans to Field Check.
 - Develop Office Check Plans.
 - Design, and roadside safety analysis.
 - Develop Final Plans for Construction.
 - Perform roadway geometric design, drainage design, and roadside safety.
- Bridge Design:
 - Discovery Phase:
 - Determine structural improvement needs, if any.
 - Subsequent phases may include:
 - Develop Preliminary Plans to Field Check.
 - Perform hydraulic analysis and determine type, size and location of proposed replacement structures.
 - Final Design.
- Traffic Engineering:
 - Discovery Phase.
 - Subsequent phases may include:
 - Develop permanent signing and pavement marking plans.
 - Develop Traffic Control Plans.
- Transportation Planning:
 - Data collection of present traffic (counts) as needed or deemed necessary. Data collection of present traffic (counts) as needed or deemed necessary.

- Coordinate information with the Transportation Planning Forecasting Group.
- 3D Electronic Deliverables Preparation.

KDOT, at the Secretary’s discretion, reserves the right to retain for subsequent phases of design and consulting services the consultant selected to provide services associated with this Request for Proposals. Scope in subsequent phases will likely include, but is not limited to, plan development through preliminary and final design as well as traffic engineering.

Activities performed by KDOT include:

- Topographic and Land Survey
- Development of Existing Right of Way
- Traffic Forecasting

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) October 22, 2025.
2. Ranking of proposals is expected to occur on or around November 5, 2025. Negotiations with the most highly ranked firm are expected to begin on or around November 19, 2025. An executed agreement is anticipated around December 31, 2025.
3. Discovery phase shall be completed by August 15, 2026.
4. The program fiscal year for this project is FY2032 (July 2031 – June 2032).

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 5 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10 MB maximum size) of the proposal must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The proposal PDF file name must read:
 - a. “KA-6886-01_Clear Zone Improvement Project FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Depending on the number and quality of responses received, KDOT anticipates shortlisting (based on proposals) and holding interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems interviews to be necessary, interview details and requirements and evaluation criteria for the interview will be distributed to shortlisted consultant teams in advance.
8. Table 4 lists the evaluation criteria and associated weights which will be used to shortlist respondents and may be considered in final selection.

Table 3: Proposal Content

Section	Description of Intent	Page Limit
Cover Letter		1 Page

Section	Description of Intent	Page Limit
Project Approach	Demonstrate a unique approach to accomplish the design efficiently and to a high standard. Include cost-effective and optimized solutions to address the anticipated improvements in the design. Include unique qualifications or experience related to the project approach.	
Approach to Schedule	Describe the approach to accomplish the scope of services within the schedule requirements. Include anticipated key milestone dates and availability of staff.	
Approach to Quality Control	Describe methods or procedures your firm will use to provide all drawings, reports and other services with professional quality and technical accuracy.	
Qualifications and Experience	For key personnel to be assigned to the project provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with.	
Past Performance	Describe team's past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.	
Familiarity with KDOT and Project Area	Describe team's familiarity with KDOT's design process and standards. Describe familiarity with the project area and any identified special site conditions.	

Table 4: Evaluation Factors

Evaluation Factor	Weight
Qualifications and experience of project manager and other key project team members proposed for services	25%
Project approach	20%
Approach and commitment to meet advertised schedule	20%
Approach to quality control	15%
Past performance history for similar projects/services for KDOT	10%
Understanding of the project area	10%

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract:

- Special Attachment No. 8 ("Tax Clearance Certificate")
- Special Attachment No. 10 ("Policy Regarding Sexual Harassment")
- Special Attachment No. 12 ("Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems")

Special Contract Conditions

N/A

Questions

All questions regarding this Request for Proposals shall be submitted via the Q&A section of bid form in Bid Express.

Questions can be submitted until October 10, 2025, answers will be provided to all prequalified consultants on October 15, 2025.

Calvin Reed

Request for Proposals

KA-7182-01 – I-135 Canal Route

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must submit a proposal as laid out herein by 12:00 p.m. (Central Time) October 22, 2025, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 161 – Corridor/Project Feasibility Studies
- 163 – Congestion Management/ITS
- 171 – Environmental Documentation
- 201 – Location and Design Concept
- 231 – Traffic Control Analysis and Design
- 321 – Bridge Structural Analysis
- 322 – Bridge Inspection
- 325 – Hydraulic and Hydrologic Studies

If a firm is not currently prequalified by KDOT in any of the required categories, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this solicitation for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <https://www.ksdot.gov/doing-business/design-consultants/design-consultant-prequalification>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

Project Number	Background and Scope of Project
KA-7182-01	This project will complete a Planning and Environmental Linkages (PEL) Study to develop options for replacing infrastructure along an approximate 5.5-mile segment of I-135 in Wichita. The study area is comprised of the two largest bridge structures in Kansas, two interchanges, 53 roadway bridges, and four pedestrian bridges. Services associated with this Request for Proposals are for the Planning and Environmental Linkages (PEL) only, with an option to supplement the contract through Preliminary Design, Final Design, and Construction Phase Services.

Table 2: Project Summary

Project Number	Route and Scope	Length (mi)	Project Termini
KA-7182-01	135-87 Planning and Environmental Linkages (PEL) Study	5.5	I-135 from east Harry Street, north to the K-96 Interchange
Project Number	Structure BR#, Structure Scope, Structure Size and Type		
KA-7182-01	This corridor has 53 roadway bridges and 4 pedestrian bridges in its existing condition. The PEL Study will evaluate necessary bridges to be replaced, bridges to remain, and bridges to be removed. Size, bridge types, and phasing also to be evaluated on a preliminary level.		

Anticipated Consultant Scope

KDOT anticipates the following to be included in the selected consultant’s scope: PEL Study Services including preliminary concepts alternatives, travel demand forecasting, traffic analysis and traffic engineering, preparation for NEPA, public outreach and stakeholder engagement.

Current expectations for consultant scope are more defined below. The scope included may not be all-inclusive. Some items may be added later due to in-house resources becoming unavailable. A scoping meeting will take place after consultant selection is made to further define tasks for inclusion.

- Project Discovery:
 - Travel demand forecasting, traffic analysis, and traffic engineering.
 - Development of several alternative concepts.
 - Assessment of cultural and environmental constraints.
 - Evaluation of existing conditions, operations, and interchange spacing.
 - Evaluation and screening of concept alternatives, including interchanges:
 - Adjacent Interchanges on US-54/400 to also be included.
 - Cost estimates.
- Road Design:
 - PEL Study to prepare for NEPA.
 - Visit the project site location.
 - Subsequent phases may include:
 - Develop plans to Materials and Research.
 - Develop Preliminary Plans to Field Check.
 - Develop Office Check Plans.
 - Design, and roadside safety analysis.
 - Develop Final Plans for Construction.
 - Perform roadway geometric design, drainage design, and roadside safety.
- Bridge Design:
 - Evaluate existing bridge conditions and structural improvement needs.
 - Evaluate phasing structures.
 - Subsequent phases may include:
 - The consultant will propose and evaluate different framing layouts for review and acceptance by the KDOT Bridge Office.
 - Develop Preliminary Plans to Field Check.
 - Perform hydraulic analysis and determine type, size and location of proposed replacement structures.
 - Final Design.
- Traffic Engineering:
 - Evaluate methods to handle traffic during construction.

- Subsequent phases may include:
 - Develop permanent signing and pavement marking plans.
 - Develop Traffic Control Plans.
 - Evaluation of existing ITS operations and potential future design.
- Grant Application Support:
 - Subsequent Phases may include:
 - Data collection and review.
 - Identify strategies for maximum points.
 - Prepare cost estimates as needed.
 - Coordinate with KDOT for required information.
 - Draft support letters for public, elected and appointed officials, stakeholders and other relevant entities as identified by KDOT and advance the application.
 - Establish application schedule.
 - Coordinate and lead meetings.
 - Consultant shall prepare the grant application based on NOFO requirements.
 - Provide tables and graphics as necessary.
 - Provide final draft grant documents for review that will be coordinated with the Grant Lead, project team and others that are relevant in the process.
- Transportation Planning:
 - Determine present and future traffic projections for adjacent interchanges using the current WAMPO travel demand model.
 - Estimate truck traffic using the WAMPO travel demand model and KDOT's traffic flow maps.
 - Work with the City/County on land-use developments that may not be reflected in the model.
 - Develop both daily and AM/PM peak hour traffic for base/future year traffic for the study area.
 - Level-of-Service analysis using either Synchro/SimTraffic, HCS, or VISSIM.
 - Data collection of present traffic (daily counts and AM/PM turning movements) as needed or deemed necessary.
 - Coordinate information with the KDOT Transportation Planning Forecasting Group as needed.
- Public Outreach and Stakeholder Engagement:
 - A Level 1 Project classification is for the most highly visible and highly budgeted projects KDOT delivers and needs full public involvement scoping from a consultant. Projects may be considered Level 1 because they are a Design/Build project, have significant NEPA requirements, disproportionately impact marginalized communities, partner with many other organizations, or include a tolling component. These projects need many public involvement activities and/or products (open houses, advisory group meetings, and/or community presentations) planned together with project milestones.

The standards for a Level 1 Project include:

- Consultant leads the community engagement strategy and execution with oversight and approval from the KDOT PI Specialist (in collaboration with District Communications).
- Community Engagement Plan (CE Plan).
- A project identity is created using the IKE-at-Work logo and templates.
- A project webpage is hosted on the IKE website at <https://ike.ksdot.gov/projects/project-pages>.
- KDOT District existing social media accounts are used to distribute project information.

Activities Performed by KDOT include:

- Geotechnical Services:
 - Soil investigations
 - Bridge foundation geology
 - Pavement field investigation and design

- Surfacing recommendations
- Environmental Services:
 - Lead paint testing
 - Permit application

KDOT, at the Secretary’s discretion, reserves the right to retain for subsequent phases of design and consulting services the consultant selected to provide services associated with this Request for Proposals. Scope in subsequent phases will likely include, but is not limited to, plan development through preliminary and final design as well as construction phase services.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) October 22, 2025.
2. Ranking of proposals is expected to occur on or around November 7, 2025. It is anticipated that interviews will be held as a part of the selection process. Negotiations with the most highly ranked firm are expected to begin on or around December 5, 2025. An executed agreement is anticipated around December 31, 2025.
3. The program fiscal year for this project is FY2027 (July 2026–June 2027).
4. PEL Study is anticipated to last 12-18 months.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 6 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10 MB maximum size) of the proposal must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The proposal PDF file name must read:
 - a. “KA-7182-01_I-135 Canal Route_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Depending on the number and quality of responses received, KDOT anticipates shortlisting (based on proposals) and holding interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems interviews to be necessary, interview details and requirements and evaluation criteria for the interview will be distributed to shortlisted consultant teams in advance.
8. Table 4 lists the evaluation criteria and associated weights which will be used to shortlist respondents and may be considered in final selection.

Table 3: Proposal Content

Section	Description of Intent	Page Limit
Cover Letter		1 Page
Project Approach	Demonstrate a unique approach to accomplish the design efficiently and to a high standard. Include cost-effective and optimized solutions to address the anticipated improvements in the design. Include unique qualifications or experience related to the project approach.	

Section	Description of Intent	Page Limit
Approach to Schedule	Describe the approach to accomplish the scope of services within the schedule requirements. Include anticipated key milestone dates and availability of staff.	
Approach to Quality Control	Describe methods or procedures your firm will use to provide all drawings, reports and other services with professional quality and technical accuracy.	
Qualifications and Experience	For key personnel to be assigned to the project provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with.	
Past Performance	Describe team's past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.	
Familiarity with KDOT and Project Area	Describe team's familiarity with KDOT's design process and standards. Describe familiarity with the project area and any identified special site conditions.	

Table 4: Evaluation Factors

Evaluation Factor	Weight
Qualifications and experience of project manager and other key project team members proposed for services	20%
Project approach	20%
Approach and commitment to meet advertised schedule	10%
Past performance history for similar projects/services for KDOT	10%
Understanding of the project area	20%
Innovation/Creativity in solutions	10%
Knowledge of the NEPA process	10%

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract:

- Special Attachment No. 8 ("Tax Clearance Certificate")
- Special Attachment No. 10 ("Policy Regarding Sexual Harassment")
- Special Attachment No. 12 ("Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems")

Special Contract Conditions

This project will be managed by KDOT PM.

Questions

All questions regarding this Request for Proposals shall be submitted via Q&A section of bid form in Bid Express. Questions can be submitted until October 10, 2025, answers will be provided to all prequalified consultants on October 15, 2025.

Calvin Reed
Secretary
Department of Transportation

Doc. No. 053531

State of Kansas

Department of Transportation

Request for Proposals

Construction Inspection Services; Released October 2025

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm, or team of firms, to perform construction inspection services on multiple projects in various counties. Summary information for each project is provided below in Table 1.

Interested consultants must upload a proposal by 12:00 p.m. (Central Time) October 22, 2025, to the Bid Express page to be considered for selection.

Consultant Prequalification

Consulting firms interested in providing service on any project listed below must be prequalified by KDOT in the following category(s):

- 241 – Construction Inspection and Testing

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <https://www.ksdot.gov/doing-business/design-consultants/design-consultant-prequalification>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background and Scope

With this single solicitation, KDOT is requesting consulting services for construction inspections on the projects listed in Table 1. This table provides summary information for each project. One consultant will be selected to perform services associated with the project listed.

Table 1: Summary of Project Information

RT-CO	Project #	Anticipated Start	Working Days or CCD	Office	Consultant Scope
U054-106	KA-6535-04	December 1, 2025	December 1, 2029	Wichita	Provide expert technical assistance to administer project special provision 15-PS0263-R1. The requested services include attendance at schedule update meetings and review of Contractor submittals such as baseline schedules, progress schedules, change order fragnets and time extension requests. The use of SmartPM scheduling analysis software is preferred for analysis and reporting. The consultant will be asked to provide regular reports of schedule performance and to work with the project team as changes occur.

Additional project information including construction scope to be inspected, a detailed description of the project location, and resources and inspection scope specifically requested from consultants in this request can be viewed in an online table at <https://ike.ksdot.gov/about/construction-inspection-rfps>. Upon publication of this Request for Proposals, KDOT anticipates the inspection efforts will require full teams (project manager and inspectors, as opposed to single role staff augmentation as is occasionally request) for various types of construction inspection except as noted in the table. Watch the website linked above for updated information. Tabulated information (both in this Request for Proposals and on the website) shall not be relied upon during inspections. It is provided for the convenience of consultants, specifically to aid in making decisions about which projects they are interested in performing.

Specific project needs are subject to modification and/or cancellation at KDOT's discretion.

Anticipated Consultant Scope

The scope of construction inspection services and certifications required for this project are listed in the table available on the website noted above. Inspection efforts will be managed out of the offices listed above in Table 1.

Anticipated Schedule and Key Dates

- 1. Proposals are due by or before 12:00 p.m. (Central Time) October 22, 2025.
- 2. Ranking of proposals is expected to occur on or around October 24, 2025. Negotiations with the most highly ranked firm are expected to begin on or around November 7, 2025. An executed agreement is anticipated shortly thereafter.
- 3. Anticipated scope start date and working days or anticipated calendar completion dates are shown in the table. All dates are subject to change.

Instructions for Proposal

- 1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
- 2. The consultant's proposal must not exceed the page limit laid out in Table 2 below (including any cover

- letter, index, etc.). All pages shall be standard letter size (8.5" x 11"). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
 4. The proposal PDF file name must read:
 - a. "ConstInsp Project_2025.10 Release FIRM NAME"
 5. The proposal must be accompanied by Special Attachments No. 8 ("Tax Clearance Certificate"), No. 10 ("Policy Regarding Sexual Harassment"), and No. 12 ("Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems"). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. All attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
 6. The outline in Table 2 below describes the expected proposal organization, content sections, and limits on number of pages.
 - a. Each team is limited to a single, one-page cover letter.
 - b. Each team is limited to two pages per project in which they express interest. In these pages, consultants shall:
 - i. Describe the approach they plan to execute to deliver success on the project.
 - ii. Present the relevant qualifications and experience of the people they are proposing will provide the services.
 - iii. Provide the firm's familiarity with KDOT and the project area.
 - c. Finally, consultants are limited to a single, on-page descriptions of general qualifications ("Past Performance" selection plus "Approach to Quality Control" section) regardless of the number of projects in which they are expressing interest.
 7. Table 3 lists the evaluation criteria and associated weights which will be used to make a selection.
 8. Although not anticipated at this time, KDOT reserves the right to interview for the requested services associated with any of the listed projects prior to making final selections.

Table 2: Proposal Content

Section	Description of Intent	Page Limit
Cover Letter		1 Page
Project Approach	Describe how your firm will meet the fluctuating inspection needs of the project.	2 Pages
Qualifications and Experience	For key personnel to be assigned to the project provide names, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with.	
Familiarity with KDOT and Project Area	Describe team's familiarity with KDOT's inspection processes and standards. Describe familiarity with the project area and any identified special site conditions.	

Section	Description of Intent	Page Limit
Past Performance	Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.	1 Page total
Approach to Quality Control	Describe methods or procedures your firm will use to provide all services with professional quality and technical accuracy.	

Table 3: Evaluation Factors

Evaluation Factor	Weight
The quality and completeness of the response	10%
Availability to respond to the work	20%
Qualifications and experience of project manager and other key project team members proposed for services	20%
Past performance history for similar projects/services for KDOT	20%
Understanding of the project area	10%
Understanding of KDOT contract administration and closeout procedures	20%

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract:

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)
- Special Attachment No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”)

Special Contract Conditions

Batch Request for Proposals.

Attachments

The 15-PS0263-R1 CPM scheduling – Kansas Department of Transportation Special Provision To The Standard Specifications, 2015 Edition – 4 pages – will be uploaded to the Request for Proposals Bid Express page to view.

Questions

All questions regarding this Request for Proposals shall be submitted via Q&A section of bid form in Bid Express.

Questions can be submitted until October 9, 2025 answers will be provided to all prequalified consultants on October 16, 2025.

(Published in the Kansas Register October 9, 2025.)

City of Conway Springs, Kansas

Summary Notice of Bond Sale \$3,075,000* General Obligation Bonds Series 2025

Details of the Sale

Subject to the terms and requirements of the Official Notice of Bond Sale, dated October 1, 2025, of the City of Conway Springs, Kansas (the “City”), bids to purchase the City’s General Obligation Bonds, Series 2025, (the “Bonds”) will be received at the office of the City Clerk at City Hall, 208 W. Spring Ave., Conway Springs, KS 67031, or by telefacsimile at 620-456-2394, or electronically as described in the Official Notice of Bond Sale until 11:00 a.m. (Central Time) Tuesday, October 21, 2025 (the “Sale Date”). The bids will be considered by the governing body of the City at its meeting at 6:00 p.m. (Central Time) on the Sale Date.

No oral or auction bids for the Bonds shall be considered, and no bids for less than ninety-eight percent (98%) of the total principal amount of the Bonds and accrued interest to the date of delivery shall be considered.

Good Faith Deposit

Bidders must submit a good faith deposit in the form of a wire transfer or certified or cashier’s check made payable to the order of the City, or a financial surety bond (if then available), in an amount equal to 2% of the principal amount of the Bonds.

Details of the Bonds

The Bonds will be dated November 12, 2025 and will be issued as registered bonds in denominations of \$5,000, or any integral multiple thereof. Interest on the Bonds is payable semiannually on April 1 and October 1 of each year, beginning April 1, 2026. Principal of the Bonds becomes due on October 1 in the years and amounts as shown below:

Maturity Schedule	
Principal Amount *	Maturity Date
\$240,000	2026
235,000	2027
245,000	2028
250,000	2029
260,000	2030
270,000	2031
280,000	2032
290,000	2033
125,000	2034
130,000	2035
135,000	2036
145,000	2037
150,000	2038

Maturity Schedule	
Principal Amount *	Maturity Date
155,000	2039
165,000	2040

* Amounts subject to change.

Payment of Principal and Interest

The Treasurer of the State of Kansas will serve as the Bond Registrar and Paying Agent for the Bonds.

Delivery of the Bonds

The City will prepare the Bonds at its expense and will deliver the registered Bonds to DTC on or about November 12, 2025. Any bond printing costs will be paid by the City from the proceeds of the Bonds or other City funds.

Legal Opinion

The Bonds will be sold subject to the legal opinion of Spencer Fane, LLP, Wichita, Kansas, Bond Counsel, whose fees will be paid by the City.

Financial Matters

The City’s current assessed valuation for purposes of calculating statutory debt limitations is \$11,439,822. As of November 12, 2025, the City’s total outstanding general obligation debt (including the Bonds), is \$7,698,713. The City’s total indebtedness which is subject to debt limitation, as of November 12, 2025, is estimated to be \$0, which is 0% of the assessed valuation of the City.

Additional Information

For additional information contact the City Clerk at the address and telephone number shown below, or the Financial Advisor, Mr. Larry Kleeman, Ranson Financial Group LLC, 200 W. Douglas, Suite 110, Wichita, KS 67202, telephone 316-264-3400.

State of Kansas

Kansas Wildlife and Parks Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Kansas Wildlife and Parks Commission (the Commission) at 12:00 p.m. Thursday, January 8, 2026, at the Territory Ballroom, 117-119 W. Main St., Council Grove, KS 66846, to consider the approval and adoption of proposed administrative regulations of the Kansas Department of Wildlife and Parks. Other Commission business will follow and will include general discussions, which may include educational presentations, workshop sessions, and public comment opportunity following the public hearing. The meeting will continue until all business is complete. The public hearing will be conducted in person and via video conferencing system.

This 90-day notice period prior to the hearing constitutes the public comment period for the purpose of receiving written public comments on the proposed administrative regulations. All interested parties may submit written comments prior to the hearing to the Chair of the Commission, Kansas Department of Wildlife and Parks, 1020 S. Kansas Ave., Suite 200, Topeka, KS 66612, or to megan.deters@ks.gov, if submitted electronically. All interested parties will be given a reasonable opportunity at the hearing to express their views orally regarding the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the Commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

Copies of the complete text of the regulations, economic impact statement, and environmental benefit statement may be obtained by writing the Chair of the Commission at the address above, may be accessed electronically on the Department's website at <http://www.ksoutdoors.gov>, or by calling 785-2966373.

Any individual with a disability may request an accommodation to participate in the public hearing and may request the proposed regulations, economic impact statement, and environmental benefit statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least ten (10) business days in advance of the hearing by contacting Megan Deters at 785-296-6373. Persons with a hearing impairment may call the Kansas Commission for the Deaf and Hard of Hearing at 800-432-0698 to request special accommodation.

Summaries of the proposed regulations, their economic impact, and environmental benefit follow.

(Note: Statements indicating that "The proposed amendment/new regulation will have minor to no economic impact" are intended to indicate that no economic impact on the Commission, other state agencies, persons subject to the proposed regulations, or the general public have been identified.)

K.A.R. 115-15-1

This permanent regulation designates threatened and endangered species in Kansas. The proposed amendments would remove three species from the threatened species list: the Shoal Chub, the Broad-headed Skink, and the Northern Map Turtle. The regulation also updates common and scientific names of listed species and adds a durable date for when an individual must have an approved affidavit allowing the individual to possess species listed in the regulation.

Economic Impact

No substantial negative economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

Environmental Benefit

Following a statutorily mandated review of protected species, the Department learned recent data suggests that the Board-headed Skink, Northern Map Turtle, and Shoal Chub are more broadly distributed and/or use a

Kansas Register

Volume 44 - Issue 41 - October 9, 2025

[Table of Contents](#)

wider range of habitats than previously understood. As a result, their current designation as threatened species is no longer justified.

K.A.R. 115-15-2

This permanent regulation designates nongame species in need of conservation (SINC) in Kansas. The proposed amendments would add three new SINC species that were previously classified as threatened: the Shoal Chub, the Broad-headed Skink, and the Northern Map Turtle. The regulation also updates common and scientific names of listed species and adds a durable date for when an individual must have an approved affidavit allowing the individual to possess species listed in the regulation.

Economic Impact

No substantial negative economic impact to the department, other state agencies, small businesses, or individual members of the public is anticipated.

Environmental Benefit

Following a statutorily mandated review of protected species, the Department learned recent data suggests that the Broad-headed Skink, Northern Map Turtle, and Shoal Chub are more broadly distributed and/or use a wider range of habitats than previously understood. As a result, their current designation as threatened species is no longer justified.
