Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, November 15, in the basement auditorium of the Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the adoption of amendments to existing rules and regulations on a permanent basis effective January 1, 2002. Telephone conference will not be available.

This 60-day notice of the public hearing shall constitute a public comment period for the proposed regulations. All interested parties may submit written comments prior to or during the public hearing to Hope Burns, Office of the Secretary for SRS, Room 603-N, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views; however, it may be necessary to request each participant to limit any oral presentation to five minutes. The phrase "Federal Mandate" following an item indicates that the change is required by federal policy. Optional changes in regulations related to federal programs are subject to approval by the U.S. Department of Health and Human Services.

Copies of the regulations and the economic impact statement may be obtained by contacting Hope Burns at (785) 296-3969.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Hope Burns or the Kansas Relay Center at 1-800-766-3777.

The adoption of the regulations will take place at 11:30 a.m. Monday, November 26, in the SRS executive conference room, 603-N, Docking State Office Building. Telephone conference will not be available. A summary of the proposed regulations and the economic impact follows:

Article 5.—PROVIDER PARTICIPATION, SCOPE OF SERVICES, AND REQUIREMENTS FOR THE MEDICAID (MEDICAL ASSISTANCE) PROGRAM

30-5-76. Scope of services and reimbursement for services for qualified medicare beneficiaries. This regulation is being amended to specify what Medicaid will pay for and that payment will not exceed 80 percent of the current Medicare allowable reimbursement rates or shall be determined by the secretary. This change is not a change in policy, but is merely to clarify the existing regulation in keeping with long-standing interpretation and policy. This regulation change is not federally mandated.

Economic Impact: None.

Bearer of Cost: None.

Affected Parties: None.

Other Methods: There were no other appropriate methods for the desired outcome.

30-5-100. Scope of dental services. Effective with dates of service on or after December 1, 1998, dental procedures associated with extractions are covered for non-KAN Be Healthy Medicaid consumers when the dental services are necessary to allow for medically necessary extractions. Prior authorization (PA) of these services is re-

quired for reimbursement. This regulation change is not federally mandated.

Economic Impact: None.

Bearer of Cost: None.

Affected Parties: None.

Other Methods: None.

Article 6.—MEDICAL ASSISTANCE PROGRAM—CLIENTS' ELIGIBILITY FOR PARTICIPATION

30-6-88. Disabled individuals with earned income; determined eligibles. This regulation is being added to provide medical coverage to disabled individuals between the ages of 16 and 65 who are working and whose income and resources are within required levels. A monthly premium shall be required for persons whose income exceeds 100 percent of the federal poverty level.

Economic Impact: The change will affect approximately 1,000 individuals on an annual basis and will result in an increase in expenditures of approximately \$4.4 million (\$1.7 million state general funds).

Bearer of Cost: The taxpayers of the State of Kansas will bear the cost of this program through increases in state funding.

Affected Parties:

1. This change will have a moderate impact on SRS staff due to an increase in workload to serve these additional consumers.
2. This change will benefit approximately 1,000 consumers as they will be able to obtain or retain health coverage even though employed.

Other Methods: No other methods were considered, as the Legislature appropriated funds to plan for implementation of this program.

30-6-103. Determined eligibles; protected income levels. This regulation is being amended to adopt an income level of 300 percent of the official federal poverty income guidelines for determining eligibility under the provisions of K.A.R. 30-6-88.

Economic Impact: See the economic impact statement for K.A.R. 30-6-88.

30-6-107. Property exemption. This regulation is being amended to adopt a \$15,000 resource limit for determining eligibility under the provisions of K.A.R. 30-6-88.

Economic Impact: See the economic impact statement for K.A.R. 30-6-88.

30-6-109. Personal property. This regulation is being amended to exempt individual development and individual training accounts from consideration in determining eligibility for medical coverage.

30-6-112. Income exempt from consideration as income and as a cash asset. This regulation is being amended to exempt earnings deposited in an individual development account for determining eligibility under the provisions of K.A.R. 30-6-88.

Economic Impact: See the economic impact statement for K.A.R. 30-6-88.

Notice of Hearing on Proposed
Administrative Regulations

The Kansas State Historical Society will conduct a public hearing at 1 p.m. Wednesday, November 28, at the Koch Education Center at the Kansas State Historical Society, 6425 S.W. 6th Ave., Topeka, following a 60-day public comment period, for the purpose of receiving written public comments on the following proposed regulations:

K.A.R. 118-5-1
K.A.R. 118-5-2
K.A.R. 118-5-3
K.A.R. 118-5-4

K.A.R. 118-5-8
K.A.R. 118-5-9
K.A.R. 118-5-10

The regulations establish the process whereby applicants apply for the state rehabilitation tax credit. The program provides an income tax credit equal to 25 percent of qualified rehabilitation expenses on qualified historic structures.

Economic Impact Statement

It is difficult to estimate the economic impact of the regulations. In the fiscal note for the legislation, the Kansas Department of Revenue estimated that qualified expenditures for the rehabilitation of qualified historic structures would total \$2.2 million in the first year. A 25 percent state income tax credit on these expenses would mean a \$550,000 impact on state revenues. Based on an economic impact multiplier of 7 and the anticipated first-year rehabilitation total, the state rehabilitation tax credit will have an estimated statewide economic impact of \$15.4 million during its first year.

The economic impact on the Kansas State Historical Society will be only the expenses required by establishing a full-time position to administer the program. The cost of salary and benefits for the position averages \$38,547. However, 60 percent of this total will be paid with federal funding. The remaining \$15,419 would come from the state general fund. Other expenses will be paid using fees collected from applicants.

Persons interested in obtaining a complete copy of the regulations may contact the State Rehabilitation Tax Credit Program, Cultural Resources Division, Kansas State Historical Society, 6425 S.W. 6th Ave., Topeka, 66615-1099, (785) 272-8681, ext. 240.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting the Cultural Resources Division at the address and phone number above.

The project is being financed for Grace Gardens Assisted Living Facility of Leawood, Inc. (the developer).
