State of Kansas

Governmental Ethics Commission

Opinion No. 2009-05

Written April 15, 2009, to Robert F. St. Peter, M.D., President and CEO, Kansas Health Institute, Topeka.

This opinion is in response to your letter dated March 26, 2009 requesting an opinion from the Kansas Governmental Ethics Commission concerning the state level conflict of interest laws, K.S.A. 46-215 *et seq.* We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

You request this opinion in your capacity as President and CEO of the Kansas Health Institute (KHI). The Kansas Legislative Health Caucus (the Health Caucus) has been formed by the Kansas Legislature with the intention of accepting financial and technical support from KHI. The purpose of the Health Caucus is to provide effective opportunities for the ongoing engagement, education and support of legislators interested in health policy. The Health Caucus will be guided by legislative participants and facilitated by a steering committee of legislators appointed by leadership. The specific activities sponsored by the Health Caucus may take different forms.

During the legislative session, the Health Caucus will convene on an *ad hoc* basis to discuss health policy issues relevant to the current discussion in the Legislature. KHI will provide lunch to legislators and their staff who attend, as well as provide technical support in convening the meetings.

Outside of the regular legislative session, a group of 10-15 legislators will be nominated by leadership and asked to commit to participating in a series of educational sessions on selected health policy issues. The agenda for this "Legislative Health Academy" will be determined by

participating legislators with substantial support in planning and execution from KHI staff.

Additional local and national experts will be brought to these meetings in Kansas. It is the intent that the group of participants would acquire, over time, familiarity and tools to provide leadership in advancing complex health policy.

In addition, the Health Caucus may decide to sponsor various conferences, seminars or meetings that involve legislators and other members of the public to discuss health policy issues. These meetings may be supported financially and technically by others in addition to KHI. There are no plans for any specific events of this type, but it is the intention to consider them in the future.

Questions:

- 1) Participation in the Health Caucus is open to any legislator with an interest. Participants in the Legislative Health Academy will be selected by legislative leadership. Is it a violation of K.S.A. 46-215 *et seq.* for legislators to participate in the Health Caucus or the Legislative Health Academy?
- 2) The per diem for the Legislative Health Academy will be provided to participants for time and travel expenses. KHI is proposing to contract with the Kansas Legislative Coordinating Council (LCC) to pay the cost of per diems. Is the LCC allowed to do this under K.S.A. 46-215 *et seq.*?
- 3) In the alternative, if the LCC arrangement cannot be made, the KHI will be the entity making the per diem payments. Is it permissible for KHI to do this under K.S.A. 46-215 *et seq*.?
- 4) Would the activities proposed be subject to the Kansas Open Meetings Act?

Opinion:

With respect to the first three questions regarding the participation of legislators in the Health Caucus and/or the Legislative Health Academy, K.S.A. 46-237 applies. This statute states in pertinent part:

- (a) Except as provided by this section, no state officer or employee . . . shall accept, or agree to accept any (1) economic opportunity, gift, loan, gratuity, special discount, favor, hospitality or service having an aggregate value of \$40 or more in any calendar year . . . from any one person known to have a special interest, under circumstances where such person knows or should know that a major purpose of the donor is to influence such person in the performance of their official duties or prospective official duties.
- (b) Except as provided by this section, no person with a special interest shall offer, pay, give or make any (1) economic opportunity, gift, loan, gratuity, special discount, favor, hospitality or service having an aggregate value of \$40 or more in any calendar year . . . to any state officer or employee . . . with a major purpose of influencing such officer or employee . . . in the performance of official duties or prospective official duties.

K.S.A. 46-228 defines "special interest" in the following manner:

"Special interest" means an interest in any person as herein defined (1) concerning action or non-action by the legislature on any legislative matter affecting such person as distinct from affect upon the people of the state as a whole, or (2) in the action or non-action of any state agency or state officer or employee upon any matter affecting such person as distinct from affect upon the people of the state as a whole.

K.S.A. 46-223 defines "person" as:

"Person" means an individual, proprietorship, partnership, limited partnership, association, trust, estate, business trust, group, or corporation, whether or not operated for profit or a governmental agency unit or subdivision.

The Commission has opined in previous opinions (1999-35 and 2003-08) that three elements must be shown before the prohibitions in these sections apply. First, the value of the gift must be \$40.00 or greater. Second, the person giving the gift must have a special interest in the person accepting the gift. Finally, the person accepting the gift must know or should know that a major purpose of the donor is to influence such person in the performance of their official duties or prospective official duties. If any element is not met, the restrictions in the statutes do not apply.

Based upon the facts presented to the Commission, it is clear that KHI intends to present the members of the Kansas Legislature with an educational opportunity consistent with its public service duties. There has been no evidence presented to the Commission to suggest that the donor has a major purpose of influencing the legislators in the performance of their official duties or prospective official duties. Therefore, the Commission determines that the state legislators may accept the invitation and participate in the Health Caucus and/or the Legislative Health Academy and be paid a per diem by KHI (through the LCC or not) without violating State governmental ethics laws. The question regarding whether the per diem payments may be made by the LCC does not fall within the jurisdiction of the Commission.

As to the Kansas Open Meetings question, this statute does not fall within the jurisdiction of the Commission.

Opinion No. 2009-06

Written April 15, 2009, to W. Thomas Stratton, Jr., Chief Litigation Counsel, Kansas Corporation Commission, Topeka.

This opinion is in response to your letter of April 3, 2009, in which you request an advisory opinion from the Kansas Governmental Ethics Commission concerning the application of the governmental ethics laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

We understand you request this opinion in your capacity as Counsel for the Kansas Corporation Commission (KCC). You have explained that the KCC has determined that it cannot solicit contributions from certain entities that could have the appearance of having a "special interest" in the KCC as it pertains to a Wind and Renewable Energy Conference hosted by the KCC's State Energy Office.

The KCC has identified an opportunity to enter into a Memorandum of Understanding with the Kansas Department of Commerce to serve as the Conference host. It is anticipated that pursuant to this memorandum, the Department of Commerce would solicit sponsorships and retain sponsorship funds, applying them to: 1) the costs of the conference; 2) costs incurred in connection with the planning of the next conference; and 3) Kansas Department of Commerce energy programs that are consistent with the interests of the State Energy Office.

Ouestion:

If the Department of Commerce hosts the conference, solicits sponsorships and applies the resulting funds as described in the preceding paragraph, may the KCC's State Energy Office coordinate the educational components of the conference and assist the Department of Commerce in putting on the conference without violating the state's conflict of interests statutes?

Opinion:

K.S.A. 46-236 in pertinent part states:

No state officer or employee, candidate for state office or state officer elect shall solicit any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service from any person known to have a special interest, under circumstances where such officer, employee, candidate or state officer elect knows or should know that a major purpose of the donor in granting the same could be to influence the performance of the official duties or prospective official duties of such officer, employee, candidate or state officer elect.

K.S.A. 46-228 states:

"Special interest" means an interest of any person herein defined (1) concerning action or non-action by the legislature on any legislative matter affecting such person as distinct from affect upon the people of the state as a whole, or (2) in the action or non-action of any state agency or state officer or employee upon any matter affecting such person as distinct from affect upon the people of the state as a whole.

K.S.A. 46-237 (c) states:

No person licensed, inspected or regulated by a state agency shall offer, pay, give or make any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service having an aggregate value of \$40 or more in any calendar year to such agency or any state officer or employee, candidate for state office or state officer elect of that agency.

In applying these sections to your question, if the KCC contracts with the Kansas Department of Commerce to solicit and retain sponsorships for the Wind and Renewable Energy Conference, and if the persons being solicited do not hold a "special interest" in the Kansas Department of Commerce, the prohibition in K.S.A. 46-236 would not apply. If the Kansas Department of Commerce does not license, inspect or regulate the solicited organizations, K.S.A. 46-237 (c) would not apply. As long as the solicitations are made by the Kansas Department of Commerce, the KCC would be allowed to provide assistance regarding the educational and logistical components of the conference.

Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms for the project listed below. A response may be submitted by e-mail to neil@ksdot.org or seven signed copies of the response can be mailed to Neil Rusch, P.E., Assistant to the Director, Division of Engineering and Design, KDOT, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754. Responses shall be limited to four pages and must be received by noon May 7 for the consulting engineering firm to be considered.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three and not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

Kansas Statewide Rail Plan

The Kansas Department of Transportation is seeking proposals from qualified firms to assist the agency in preparing a comprehensive and strategic Statewide Freight and Passenger Rail Plan (SRP). The SRP will establish the state's role in the freight rail system, interaction between freight and passenger rail service, and develop an implementable action plan to improve the condition and performance of the statewide rail system. A tool to measure the economic benefits of freight rail projects should be developed as part of the SRP. The objectives of the SRP are to gain a better understanding of current and future freight and passenger rail issues and trends as well as strategies and initiatives to address those issues. The SRP should result in recommendations for a freight and passenger rail policy framework at a statewide level, from both urban and rural perspectives.

The SRP should, at a minimum, identify and map the state's rail system, including rail/truck intermodal facilities; detail existing infrastructure conditions of the state-

wide rail system; identify capacity issues and choke points on both Class I and Class III railroads; assess freight and passenger rail needs; examine at-grade rail crossing safety issues; evaluate current rail rehabilitation assistance programs, including a review of program guidelines and cost-benefit methodology; provide recommendations for new program guidelines, cost-benefit methodologies and economic impact analyses; quantify future potential growth, capacity issues and chokepoints (2030); develop draft policies, implementation strategies and investment plan; and identify possible funding sources.

The SRP must be compliant with and meet all criteria in the Rail Safety Enhancement Act of 2008, Section 301 — Capital Assistance for Intercity Passenger Rail Service; Section 302 — Congestion Grants; and Section 303 — State Rail Plans. This Act sets up new regional and state assistance and investment funds, defines grant requirements, and outlines the prerequisites for state rail plans from any state intending to participate in new projects and funding. Additionally, after meeting all criteria associated with the Act, all requirements issued by the Federal Railroad Administration developed to implement the statute will need to be met.

An active and thorough engagement process with KDOT's stakeholders and local governmental partners will be an integral part of the development of the SRP. The consultant is encouraged to develop an inclusive engagement process that will be useful in the development of policy and performance measures and that will ultimately lead to stakeholder understanding of freight and passenger rail issues and resulting policies to address those issues.

The consultant is encouraged to recommend expanding and/or revising any work tasks associated with the SRP. Additional ideas and innovative approaches will be strongly considered. Any consultant recommendations should demonstrate strategies that exemplify best practices in freight and passenger rail planning, data collection and analysis, and modeling.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

- 1. Size and professional qualifications;
- 2. experience of staff;
- 3. location of firm with respect to proposed project;
- 4. work load of firm; and
- 5. firm's performance record.

The firm's accounting system must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable and current costs must be available within the system to support cost and pricing data;
- capability to provide a means of measuring the reasonableness of incurred costs;
- capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger; and
- ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Handicapped parking spaces are located on the east side of Jackson Street. The entrance to the board office is accessible to individuals with disabilities.

This regulation is proposed for adoption on a permanent basis. A summary of the amended regulation and its economic impact follows:

K.A.R. 69-3-8. Curricula and credits. This amended regulation implements a revision in the number of clock hours required for the esthetics curricula. Coupled with consumer demand for skin care services and the board's responsibility to protect the consumer's health and welfare, the board undertook a study of the current esthetic curricula, which requires 650 clock hours for licensure. With input from current licensees, newly licensed estheticians and school instructors, it was determined that to better safeguard the consumer an increase in the instructional and practical esthetic training hours was necessary. During the 2008 legislative session, law was enacted to increase the esthetics curricula from 650 clock hours to 1,000 clock hours.

There is minimal economic impact to the Kansas Board of Cosmetology. No other state agency shall be economically impacted. It is anticipated schools may increase student tuition and fees due to the increased esthetic curriculum hours. Students attending accredited schools are eligible for U.S. Department of Education financial assistance. Consumer services may be economically impacted due to the increased required instruction and practical training.

Copies of the regulation and economic impact statement may be obtained from the Kansas Board of Cosmetology at the address above or by accessing the board's Web site at www.accesskansas.org/kboc.

115-4-11. Big game and wild turkey permit applications. (a) General application provisions.

- (1) Unless otherwise authorized by law or regulation, an individual shall not apply for or obtain more than one antlered or horned big game or wild turkey permit for each big game species or wild turkey, except when the individual is unsuccessful in a limited quota drawing and alternative permits for the species are available at the time of subsequent application.
- (2) Unless otherwise authorized by law or regulation, each big game or wild turkey permit application shall be signed by the individual applying for the permit.
- (3) Subject to any priority draw system established by this regulation, if the number of permit applications of a specific species and type received by the designated application deadline exceeds the number of available permits of that species and type, a random drawing to issue permits of that species and type shall be conducted by the secretary.
- (4) A hunt-on-your-own-land permit shall not be tabulated in a priority draw system if the permit would otherwise reduce the applicant's odds of receiving a big game permit through that draw system.
 - (b) Deer permit applications.
- (1) Subject to any priority draw system established by this subsection, in awarding deer permits in units having a limited number of permits, the first priority shall be given to those applicants who did not receive, in the pre-

vious year, a deer permit that allowed the taking of an antlered deer. All other deer permit applicants shall be given equal priority.

- (2) In awarding a limited number of deer permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:
- (A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a deer permit that allows the taking of an antlered deer.
- (B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.
- (C) If an applicant obtains, by a priority draw system, a deer permit that allows the taking of an antlered deer, all earned points shall be lost.
- (D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.
- (E) If an individual desires to apply for a preference point for a deer permit that allows the taking of antlered deer and not receive a permit, the person may apply for and receive a preference point by paying the proper application or preference point fee and making application during the application period specified in K.A.R. 115-25-9. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.
- (c) Firearm antelope permit applications. In awarding firearm antelope permits, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

- (2) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

- (5) If an individual desires to apply for a preference point for an antelope firearms permit that allows the taking of an antelope and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and making application during the application period specified in K.A.R. 115-25-7. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

- (2) An individual receiving a limited-quota, antlerlessonly elk hunting permit shall not be eligible to apply for or receive a limited-quota, antlerless-only elk permit for a five-year period thereafter. Subject to this subsection, however, this individual may apply for and receive an any-elk or bull-only elk permit without a waiting period.
- (3) When a limited number of elk permits are awarded by a random draw system, each individual shall have an additional opportunity of drawing for each bonus point earned by the individual in addition to the current application. Bonus points shall be awarded as follows:
- (A) One bonus point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a random draw system, an elk permit that allows the taking of an elk.
- (B) If an individual fails to make at least one application or purchase one bonus point within a period of five consecutive years, all earned bonus points shall be lost.
- (C) If an applicant obtains, by a random draw system, an elk permit that allows the taking of an elk, all earned points shall be lost.
- (D) If an individual desires to apply for a bonus point for an elk permit that allows the taking of elk and not receive a permit, the person may apply for and receive a bonus point by paying the proper application or bonus point fee and making application during the application period specified in K.A.R. 115-25-8. - (A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a wild turkey permit.
- (B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.
- (C) If an applicant obtains, by a priority draw system, a wild turkey permit, all earned points shall be lost.
- (D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.
