Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to 1.22 acres of real property located on the northwest corner of the intersection of Fountain Avenue and 21st Street North, directly adjacent to the Wichita State University campus. This location would be designated for private development committed to supporting broadband infrastructure and Internet exchanges. The university is interested in leasing such ground to any individual, organization, or entity whose presence would advance WSU’s vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. WSU intends to lease such space for a mutually agreeable period of time, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with WSU’s educational mission and identify anticipated benefits to the uni-

versity, its students, and the surrounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community benefit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU and the surrounding community, design concepts, financial stability, and proposed use. Interested tenants will be responsible for all costs associated with the development and ongoing maintenance costs of any improvements. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of the improvement, and benefit to WSU. WSU will consider serious offers and inquiries from any financially qualified individual, group, organization. If interested, please contact Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Kansas Housing Resources Corporation

Notice of Subrecipient Expression of Interest Proposals

The Kansas Housing Resources Corporation (KHRC) is requesting expression of interest (EOI) proposals from interested parties to serve as a subrecipient and administer services under KHRC's Kansas Weatherization Assistance Program (KWAP). Prospective subrecipient(s) will have a territorial coverage of Shawnee, Jackson, Nemaha, Jefferson, Leavenworth, Atchison, Brown, and Doniphan counties. This territory could potentially be split between two or more subrecipients, including existing subrecipients.

Funding for the KWAP comes from the federal Department of Energy (DOE) grant, the Low-Income Energy Assistance Program (LIEAP) Weatherization grant, and is combined with additional federal, state, local, and utility funding as available. All combined, PY2022 funding for the 8-county territory exceeds \$900,000 dollars and future growth is anticipated.

EOIs are requested by March 17, 2023 and can be filled out at <https://kshousingcorp.org/homeowners/weatherization-assistance/>.

For more information, contact Tyler Wilson, Weatherization Program Manager, at 785-940-4189.

Notice of Requested On-Call Engineered Design Services

The Kansas Department of Agriculture, Division of Conservation is seeking contractors who can provide on-call engineered design services for streambank stabilization and restoration projects. These services would include project site surveys, stabilization and restoration design, project construction oversight, and project check-out. The contractor does not necessarily need to be an engineer themselves but must have the capability to

provide engineered stamped plans/services for assigned projects. Project focus areas are currently the watersheds above Tuttle, Perry, and John Redmond reservoirs.

Contract specifications and qualifications can be found at <https://agriculture.ks.gov/divisions-programs/division-of-conservation/riparian-wetland-streambank>.

Design proposals will be accepted via email through Friday, March 17, 2023. For additional information or to submit design proposals please contact Kristin Kloft, at kristin.a.kloft@ks.gov or 785-370-1585.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Legal Description: NE¼, NW¼, SE¼, Section 27, Township 31S, Range 24E of Cherokee County, Kansas

Facility Location: Latitude: 37.31594, Longitude: -94.76575

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The existing facility is a three-cell wastewater stabilization lagoon system. The detention time at design flow is 87 days. The proposed permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, and Ammonia; as well as monitoring for pH, E. coli, Total Phosphorus, and Sulfate. By July 31, 2023, the facility shall have a KDHE-certified operator to supervise the operation of this facility in compliance with K.S.A. 65-4501 et seq. and K.A.R. 28-16-30 et seq. This NPDES discharging lagoon wastewater

treatment facility has been reviewed for eligibility for the MDV for ammonia and has been determined to be eligible. Eligibility was determined through analysis of the facility’s highest attainable criteria (HAC) for ammonia and an Economic Eligibility Determination (EED) that assessed the impact of the cost of a new mechanical facility to the community’s rate payers. The ammonia effluent limit was determined on 2/7/2023 by calculating the 99th percentile ammonia value from the facility’s discharge monitoring reports resulting in an ammonia limit of 7.3 mg/L for this facility. The EED was completed on February 14, 2023.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before April 8, 2023, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-23-052/056, KS-Q-23-30/34) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Erich Glave, Director, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Michael Beezhold at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Mirina Landry at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Neal Niceswanger, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-6804 or email at Neal.Niceswanger@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Fort Riley has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Fort Riley, 407 Pershing Court, Fort Riley, KS 66442-6016, owns and operates a military installation facility located in Riley, Geary, and Clay Counties in Kansas.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the North Central District Office, 3040 Enterprise Dr., Salina, KS 67401. To obtain or review the proposed permit and supporting documentation, contact Jonathan Tennis, 785-296-1581, at the central office of the KDHE or Jessica Fair, 785-515-6706, at the North Central District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Jonathan Tennis, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, April 10, 2023.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Jonathan Tennis, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, April 10, 2023, in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency (EPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity

during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Keith Johnson, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, phone 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Notice Concerning Proposed Kansas Air Quality Construction Permit

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality construction permit. Ash Grove Cement Company has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300. Emissions of particulate matter (PM), particulate matter with less than or equal to 10 microns in aerodynamic diameter (PM₁₀), particulate matter with less than or equal to 2.5 microns in aerodynamic diameter (PM_{2.5}) were evaluated during the permit review process.

Ash Grove Cement Company, 1801 N. Santa Fe, Chanute, KS 66720, owns and operates Portland cement manufacturing facility located at 1801 N. Santa Fe, Chanute, Neosho County, KS 66720, at which equipment for capability to process fly ash in Finish Mill #2 is to be installed.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review from the date of publication during normal business hours at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southeast District Office, 308 W. 14th St., Chanute, KS 66720. To obtain or review the proposed permit and supporting documentation, contact Stephen Bartels, 785-296-6421, at the central office of the KDHE or Ryan Jack, 620-860-7235, at the Southeast District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Stephen Bartels, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, April 10, 2023.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The

written request must be submitted to Stephen Bartels, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, April 10, 2023, in order for the Secretary of Health and Environment to consider the request.

Notice of Proposed Permit Modification Action

The Kansas Department of Health and Environment (KDHE) received a Resource Conservation and Recovery Act (RCRA) Class 3 permit modification request from Ash Grove Cement Company (Ash Grove), the owner and operator of the facility located at 1801 N. Santa Fe St., Chanute, KS (Facility). KDHE is providing notice of their intent to approve the request and modify the Ash Grove RCRA hazardous waste management permit, EPA identification number KSD031203318.

The draft permit modification would allow Ash Grove to increase the Facility’s total liquid waste derived fuel (LWDF) storage tank capacity by greater than 25% from 190,000 gallons to 390,000 gallons by the addition of two (2) 100,000-gallon storage tanks.

The draft permit modification is being considered for issuance under authority of the Kansas Statutes Annotated (K.S.A.) 65-3430 *et seq.* and Kansas Administrative Regulations (K.A.R.) 28-31-4 through 28-31-279a. Documents that support the draft permit conditions and all data submitted by the applicant are part of the administrative record.

State hazardous waste laws require that the public be given at least 45 days to review the administrative record for the draft permit modification prior to KDHE taking a final action. The purpose of having a public comment period is to ensure that interested parties have an opportunity to evaluate the conditions specified in the draft permit and to provide their input into the permit decision-making process. A copy of the administrative record which includes the draft permit modifications, the fact sheet, the permit application modifications, and all information pertaining to this permit action is available for public review March 9, 2023 through April 24, 2023, Monday through Friday, during normal business hours, at the following locations:

Administrative records can also be accessed on the KDHE website at <https://www.kdhe.ks.gov/621/Hazardous-Waste-Public-Notices>.

Anyone wishing to comment on the draft permit modification should submit written comments postmarked no later than April 24, 2023 to the KDHE contact at the above listed address.

A public hearing has not been scheduled; however, any interested person may request a public hearing in writing which states the nature of the issues proposed to be raised in a public hearing. If written requests are received which indicate a significant degree of public interest in the draft permit, a public hearing will be scheduled, and advanced notice of hearing will be given to the public. After consideration of all comments received, the Secretary of KDHE will make a final decision to issue or deny the permit. Notice of the Secretary’s decision will be given to the applicant, all persons who submitted written comments, those who commented at the public hearing, and those who requested notice of the final permit decision. If none of the comments received during the public comment period result in revision(s) to the draft permit, the permit will become effective immediately upon its issuance. If comments received during the public comment period result in revision(s), the permit will become effective 30 days after service of notice of the final decision to allow for public review of the revisions in accordance with 40 CFR 124.15 and K.A.R. 28-31-124(c)(8). Any appeal of the final permit decision must be filed within 15 days after service of notice in accordance with K.S.A 65-3440 and K.S.A. 77-601 *et seq.*

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (Central Time) March 29, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in category(s):

- 163 Congestion Management/ITS
- 222 Standard Span Bridge Design
- 231 Traffic Control Analysis and Design
- 302 Engineering Surveying
- 311 Geotechnical Engineering Services
- 312 Materials Laboratory Testing Services
- 212 Highway Design – Minor Facility

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under

the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

Project Number	Background and Scope of Project
KA-6712-01	Design new steel DMS structures with new foundations to replace 7 existing DMS structures in the KC Metro area. New walk-in color DMS will be installed on the new DMS structures. DMS structures will have a catwalk for access and KDOT DMS overhead truss standards will be used. These standards are under development and scheduled to be complete at the end of 2023. Complete traffic control plans will need to be developed for the removal of existing DMS structures, construction of new foundations and median barrier wall, and installation of new DMS structures.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope:

- Survey Services
- Geotechnical Services
- Preliminary Design Services
- Final Design Services
- Letting and Construction Phase Services

Please provide a scope of services/proposal to perform the following tasks:

1. Project management
2. Pre-Design: Including kick-off and biweekly coordination meetings, field review, utility coordination, survey, geotechnical investigation, overhead truss structural design, and engineer’s estimate.
3. Prepare 95% plans (final date to be determined after award): including base mapping, quality control review, incorporation of KDOT ITS specification, traffic control plans, design calculations, and engineering estimates.
4. Prepare final plans one month after 95% submittal: Incorporate KDOT design comments, finalize plans sheets.

5. Provide Post-Letting Construction Support services such as progress meetings, submittal reviews, structure shop drawing reviews, construction questions, and plan sheet revisions if necessary.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) March 29, 2023.
2. Anticipated Start Date: June 7, 2023.
3. Number of workdays: TBD
4. Anticipated Calendar Completion Date: TBD
5. Ranking of proposals is expected to occur on or around April 12, 2023.
6. Negotiations with the most highly ranked firm are expected to begin on or around April 26, 2023. An executed agreement is anticipated around May 31, 2023.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (2MB maximum size) of the proposal including all attachments must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “KA-6712-01 – KC Scout DMS Structure Replacements_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

Table 3: Proposal Content

Section	Description of Intent	Page Limit

Project Approach	Demonstrate a unique approach to accomplish the design efficiently and to a high standard. Include cost-effective and optimized solutions to address the anticipated improvements in the design. Include unique qualifications or experience related to the project approach.	
Approach to Schedule	Describe the approach to accomplish the scope of services within the schedule requirements. Include anticipated key milestone dates and availability of staff.	

(continued)

Approach to Quality Control	Describe methods or procedures your firm will use to provide all drawings, reports and other services with professional quality and technical accuracy.	
Qualifications and Experience	For key personnel to be assigned to the project provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with.	
Past Performance	Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.	
Familiarity with KDOT and Project Area	Describe team’s familiarity with KDOT’s design process and standards. Describe familiarity with the project area and any identified special site conditions.

Qualifications and experience of project manager and other key project team members proposed for services	25%
Proposed project approach	20%
Availability to respond to the work	20%
Past performance history for similar projects/services for KDOT	25%

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Special Contract Conditions

Required to use KDOT DMS overhead truss standards that are currently in development and expected to be completed late 2023.

Questions

All questions regarding this Request for Proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until March 16, 2023; answers will be provided to all prequalified consultants on March 23, 2023.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (Central Time) March 29, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in categories:

- 211 Highway Design – Major Facility
- 231 Traffic Control Analysis and Design
- 302 Engineering Surveying
- 336 Right of Way Services
- 401 Landscape, Seeding, and Erosion Control

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Project Number	Background and Scope of Project
KA-6902-01	This project involves construction of a roundabout at the intersection of K-32 and 158th Street in Leavenworth County. The scope also includes vertical profile adjustments to improve intersection sight distance. The project is scheduled for letting in November 2026. Services associated with this Request for Proposals include survey, development of existing right of way, preliminary design, and final design.

Table 2: Project Summary

Project Number	Route and Scope	Length (mi)
KA-6902-01	032-052 Design roundabout with vertical grade improvements	0.25

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Survey Services, Preliminary Design Services, Final Design Services, Environmental Documentation Preparation (Permitting), Right of Way Services, Letting and Construction Phase Services, 3D Electronic Deliverables Preparation, and Public Involvement Services.

Project Management

- Develop and communicate Project Management Plan and Quality Assurance Plan.

- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide bi-annual construction cost estimates and at major project milestones.

Survey

- Provide full survey, including topography, drainage areas, drainage structures, section corners, section line ties, and property owner information.
- Pre-survey meeting will be held with KDOT Survey Section prior to consultant starting survey effort.

Right of Way

- Develop existing right of way.
- Files will be developed in KDOT's Open Roads design environment. KDOT will provide existing KDOT records research to delineate the existing right of way features and property deed lines. A project kick-off meeting will be scheduled to review the project information and finalize deliverable upon NTP.
- The development of existing right of way will aid the design effort in determining the limits of the present right of way within which KDOT project construction could occur. Existing right of way includes KDOT right of way, county right of way (e.g.: dedicated county road records and county plans), and platted right of way of cities, towns, and subdivisions. The determination by plan station and offset, and by record description shall be evaluated. In addition, the depicting of property lines per deed and plat adjacent/intersecting the existing right of way shall be detailed.

Road Design

- Develop Preliminary Plans to Field Check.
- Develop Final Plans for Construction.
- Perform roadway geometric design, drainage design, intersection analysis.
- Visit the project site location.

Traffic Engineering

- Traffic Control Plans: This project will require traffic to be carried through construction.
- Develop permanent signing and pavement marking plans.
- Develop temporary traffic control plans.
- Develop lighting plans.

Public Involvement

- Plan for at least one public open house and several kitchen table meetings with adjacent businesses.

Activities to be performed by KDOT are likely to include:

- Environmental Services:
 - Permit application.
 - Technical data to support these activities will be required from the consultant immediately after field check.
 - Permits will include NPDES – Storm Water Run-off Permit in which KDOT will require information from consultant:
 - Total project site area in acres.

- Total disturbed area in acres (from Seeding Plans).
- Impervious area in square feet (existing and proposed).
 - Above information needs to be provided by consultant (90) days prior to letting.
- Utility coordination, if required.
- Geotechnical Services including soil investigations, pavement field investigation and design, and surfacing recommendations.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) March 29, 2023.
2. Ranking of proposals is expected to occur on or around April 5, 2023. Negotiations with the most highly ranked firm are expected to begin on or around April 12, 2023. An executed agreement is anticipated around April 19, 2023.
3. The program fiscal year for this project is FY2027 (July 2026 – June 2027).
4. Important dates in Discovery Phase:
 - BSURV: April 19, 2023
 - SURYC: September 12, 2023
 - PLNMR: February 15, 2024
 - FDCHK: November 15, 2024

 - UTILP: March 18, 2026
 - PLCOM: July 21, 2026
 - LETTG: November 18, 2026

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant's proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5" x 11"). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (2MB maximum size) of the proposal including all attachments must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. "KA-6902-01-IntsctnImpvmt K-32.158St_FIRM NAME"
5. The proposal must be accompanied by Special Attachments No. 8 ("Tax Clearance Certificate") and No. 10 ("Policy Regarding Sexual Harassment"). Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform construction inspection services on multiple projects in various counties. Summary information for each project is provided below in Table 1.

Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (Central Time) March 29, 2023, to be considered for selection.

Consultant Prequalification

Consulting firms interested in providing service on any project listed below must be prequalified by KDOT in Category 241–Construction Inspection and Testing.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background and Scope of Projects

With this single solicitation, KDOT is requesting consulting services for construction inspections on the projects listed in Table 1. This table provides summary information for each project. One consultant will be selected to perform services associated with each group listed. Firms can express interest in the groups for which they would like to be considered by submitting a response as indicated below. There is no guarantee that a firm which has expressed interest will be selected for any project(s).

Additional project information including construction scope to be inspected, a detailed description of the project location, and resources and inspection scope specifically requested from consultants in this request can be viewed in an online table at <https://www.ksdotike.org/about/construction-inspection-rfps>. Upon publication of this Request for Proposals, KDOT anticipates each of these inspection efforts will require full teams (project manager and inspectors, as opposed to single role staff augmentation as is occasionally requested) for various types of construction inspection except as noted in the table. Watch the website linked above for updated information. Tabulated information (both in this Request for Proposals and on the website) shall not be relied upon during inspections. It is provided for the convenience of consultants, specifically to aid in making decisions about which projects they are interested in performing.

Specific project needs are subject to modification and/or cancellation at KDOT’s discretion.

Anticipated Consultant Scope

The scope of construction inspection services and certifications required will vary for each project and are listed in the table available on the website noted above. Inspection efforts will be managed out of the offices listed. Also included for the convenience of consultants are indications of which grouped projects are currently slated to be performed by the same contractors.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) March 29, 2023.
2. Ranking of proposals is expected to occur on or around April 5, 2023. Negotiations with the most highly ranked firm are expected to begin on or around April 12, 2023. An executed agreement is anticipated shortly thereafter.
3. Anticipated scope start dates and working days or anticipated calendar completion dates are shown in the table. All dates are subject to change.

(continued)

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed the page limit laid out in Table 2 below (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (5MB maximum size) of the proposal including all attachments must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “ConstInsp Multiple Projects_2023.03 Release_ FIRM NAME ”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team.
6. The outline in Table 2 below describes the expected proposal organization, content sections, and limits on number of pages.
 - a. Each team is limited to a single, one-page cover letter.
 - b. Consultants may indicate interest in any and all projects, indicate preference(s) for up to three projects, and shall both indicate interest and preferences on the “March 2023 Construction Inspections Interest and Preference Form” (available at <https://www.ksdotike.org/about/construction-inspection-rfps>). Also, consultants are to use the bottom of that form to indicate any capacity limitations that need to be taken into account when making selections.
 - c. Thereafter, each team is limited to two pages per project in which they express interest. In these pages, consultants shall:
 - i. Describe the approach they plan to execute to deliver success on the project.
 - ii. Present the relevant qualifications and experience of the people they are proposing will provide the services.
 - iii. Provide the firm’s familiarity with KDOT and the project area.
 - d. Finally, consultants are limited to a single, one-page description of general qualifications (“Past Performance” section plus “Approach to Quality Control” section) regardless of the number of projects in which they are expressing interest.
7. Table 3 lists the evaluation criteria and associated weights which will be used by KDOT when making selections.
8. Although not anticipated at this time, KDOT reserves the right to interview for the requested ser-

vices associated with any of the listed projects prior to making final selections.

Table 2: Proposal Content

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Tuesday, March 28, 2023, in the offices of the Kansas Development Finance Authority (K DFA), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposal for the K DFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 001110 Maximum Principal Amount: \$457,500. Owner/Operator: Cody D. Holthaus; Description: Acquisition of 120 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Cody D. Holthaus (the "Beginning Farmer") and is located in Section 16, Township 3, Range 15 (80 acres) and Section 9, Township 3, Range 15 (40 acres) Brown County, Kansas, approximately three miles south of Fairview, Kansas near the intersection of 200th Street and Bittersweet.

The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

Interested individuals may participate in the public hearing in person or via conference call. Please call 844-621-3956 and use conference identification number 145 880 8929 followed by # to join the conference.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the K DFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, KS 66603, will be considered. Additional information regarding the project may be obtained by contacting the K DFA.

Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted at 9:00 a.m. May 17, 2023, in Room 9E, 900-N, Landon State Office Building, 900 SW Jackson, Topeka, Kansas, to receive comments concerning the amendment to K.A.R. 129-6-88 that proposes to remove certain premiums charged to Working Healthy Medicaid consumers. The Kansas Department of Health and Environment (KDHE) is the Kansas Medicaid agency. The Division of Health Care Finance administers the Kansas Medicaid programs.

This 60-day notice of the public hearing shall constitute a public comment period for the proposed regulation as stated in K.S.A. 77-421(a)(3). All interested parties may submit written comments before the hearing to Dorothy Noblit, KDHE, Division of Health Care Finance, Room 900-N, Landon State Office Building, 900 SW Jackson, Topeka, KS, 66612-1220, or by email at dorothy.noblit@ks.gov. The Division of Health Care Finance will give all interested parties a reasonable opportunity to present their views at the hearing, but it may be necessary to request each participant to limit any oral presentation to five minutes.

A copy of the regulation and the economic impact statement may be obtained by contacting Dorothy Noblit at 785-296-8903.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working

days before the hearing by contacting Dorothy Noblit at 785-296-8903 or by calling the Kansas Relay Center at 800-766-3777.

A summary of the regulation and the economic impacts follows:

Proposed Amended Regulation

K.A.R. 129-6-88 Disabled individuals with earned income; determined eligibles. This proposed regulation changes the premiums to be charged to Medicaid consumers participating in the Working Healthy programs. Working Healthy programs are programs that provide medical coverage through Medicaid for disabled individuals who are still working. Often, the disabled are working in positions, such as part-time positions, that do not provide health or medical coverage. Currently, a premium is imposed upon a Working Healthy consumer when the consumer's household income exceeds 100% of the federal poverty level income. The proposed change raises the floor for imposing a premium to 266% of poverty level income. For 2022, the federal poverty level income for a single person was \$13,590.

Federal Mandate

The regulation is not mandated by federal law. The Centers for Medicare and Medicaid Services (CMS) has approved this change. CMS is the federal oversight agency for state Medicaid programs.

Economic Impact

The primary impact will be loss of premiums to the Kansas Medicaid program. Currently, the agency receives \$813,984 in Working Healthy premiums. By raising the floor for imposition of premiums, the agency projects that it will lose \$744,516 in premiums paid to the agency. There would not be economic impacts on the Working Healthy consumers or on the medical providers providing services to the Working Healthy consumers.

Affected Parties

Kansas Medicaid program and Working Healthy Medicaid recipients.
