Board of Nursing

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1:00 p.m. Thursday, May 7, 2020, in Room 1051 of the Landon State Office Building, 900 SW Jackson, Topeka, Kansas, to consider the adoption of proposed changes in three existing regulations relating to licensure and authorization of Advanced Practice Registered Nurses (APRNs).

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Executive Administrator of the Kansas State Board of Nursing, 900 SW Jackson, St., Room 1051, Topeka, KS 66612 or by email to carol.moreland@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. Phone comments will be taken by calling 1-877-278-8686 (access code 865816) at the time of the hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Carol Moreland at 785-296-5752. The north entrance to the Landon State Office Building is handicapped accessible. Handicapped parking is located at the north end of the Landon State Office Building, across the street from the north entrance to the building, and on Ninth Street, just around the corner from the north entrance to the building.

A summary of the proposed regulations and the economic impact follows. A copy of the proposed regulations and associated economic impact statement may be obtained by accessing the Kansas State Board of Nursing website at <https://ksbn.kansas.gov> or by contacting the Executive Administrator of the Kansas State Board of Nursing, Landon State Office Building, 900 SW Jackson St., Room 1051, Topeka, KS 66612, phone 785-296-5752, or carol.moreland@ks.gov prior to the date of the hearing.

K.A.R. 60-11-116. Reinstatement of inactive or lapsed license. The proposed revision adds the language of inactive license to this regulation that covers reinstatement of a license. Prior to this revision the APRNs did not have the option of an inactive license, only to let their license lapse if not renewed. There is no economic impact difference to an APRN that reinstates an inactive or lapsed license. The cost of reinstatement is the same for a lapsed and an inactive license. There is no economic impact difference to the Board of Nursing for a reinstatement of an inactive vs. a lapsed license. The reinstatement application for an inactive license and a lapsed license is the same application. There is no economic impact on businesses or the general public.

K.A.R. 60-11-119. Payment of fees. The proposed revision adds language for fees for an inactive license and renewal of an inactive license. The economic impact of an inactive license for APRNs is a cost of \$20 vs. a lapsed license has no cost. An inactive license must be renewed every two years for a cost of \$20 and a lapsed license is not renewed. The economic impact to the Board of Nursing is the revenue of the inactive license and renewal of the inactive license. There is no economic impact on business or the general public.

(continued)

K.A.R. 60-13-110. Reinstatement of inactive or lapsed authorization. The proposed regulation adds language of inactive status for a nurse anesthetist authorized to practice in Kansas who wishes to reinstate their authorization to practice. Prior to this revision the nurse anesthetists did not have the option of an inactive authorization, only to let their authorization lapse if not renewed. There is no economic impact difference to a nurse anesthetist that reinstates an inactive or lapsed authorization. The cost of reinstatement is the same for a lapsed and an inactive authorization. There is no economic impact difference to the Board of Nursing for a reinstatement of an inactive vs. a lapsed authorization. The reinstatement application for both is the same application. There is no economic impact on businesses or the general public.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9:30 a.m. Tuesday, April 7, 2020, in the board room at the Kansas State Board of Healing Arts, 800 SW Jackson, Lower Level – Suite A, Topeka, Kansas, to consider proposed new regulations related to certain business entities that may directly employ physicians.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the regulations. All interested parties may submit comments prior to the hearing to Tucker Poling, General Counsel, at the Board of Healing Arts at the address above, or via email to KSBHA_HealingArts@ks.gov. All interested parties will be given a reasonable opportunity to present their views, orally or in writing, concerning the proposed new regulations during the public hearing. In order to provide all parties with an opportunity to present their views, it may be necessary to request each participant limit any oral presentations to five minutes.

Copies of the new proposed regulations and the Economic Impact Statement for the new proposed regulations may be obtained from the Kansas State Board of Healing Arts, 800 SW Jackson, Lower Level – Suite A, Topeka, KS 66612, on the agency website at <http://www.ksbha.org/publicinformation/publicinformation.shtml>, by contacting LeeAnn Hunter-Roach at 785-296-4502, or by emailing the agency at KSBHA_HealingArts@ks.gov.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the new proposed regulations being considered and the economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Sheila Rice at 785-296-8558 or at Sheila.Rice@ks.gov. Individuals with hearing and/or speech disabilities may contact the

Kansas Relay Center at 800-766-3777 for communication accommodations. Handicapped parking is located on 8th Street and in the building’s parking garage. From the street, both the west entrance to the building on Jackson Street and the north entrance on 8th Street are accessible.

A summary of the new proposed regulations and the economic impact follows:

Article 78. Business Entities

100-78-1. Business entity certificate of authorization; expiration date.

Each business entity certificate of authorization issued by the board shall expire on June 30 of each year, beginning June 30, 2021.

100-78-2. Fees.

The following fees shall be collected by the board:

- (a) Application for certificate of authorization \$1,000.00
- (b) Annual renewal of certificate of authorization \$1,000.00
- (c) Additional fee for late renewal of certificate of authorization..... \$500.00

The purpose of these new regulations is to implement the certification process described in K.S.A. 65-28,134. The regulations effectuate the legislature’s intent to expand the opportunities for employers to directly employ physicians to provide care to their employees and employees’ family members, and health insurers to directly employ physicians to provide care to their insured patients. Outside of those costs already incorporated in the legislation itself (fee for certificate), costs include routine state resource costs associated with promulgating these regulations. Although a qualified economist would be required to provide an expert opinion of the extent the regulations would impact economic growth, in the lay opinion of agency staff the regulations enhance business activities because the regulations implement a certification process that creates an additional mode of health-care delivery. (See economic impact statement approved by the Department of Budget).
