Wichita State University

Notice of Intent to Lease Land and/or Building Space

Public notice is hereby given that Wichita State University (WSU) intends to lease available land and building space. The university will consider leasing such property and/or space to those whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and eco-
(continued)

conomic driver for Kansas and the greater public good, or otherwise provide supporting services and amenities to the campus community (such as restaurants, retail establishments, financial institutions, etc.). Because tenant use must be a good fit with the university's educational mission and available space, please be prepared to provide the following information: (1) name; (2) square footage of space needs and desired lease term and location; (3) equipment, design, or other special needs; (4) description of anticipated use; and (5) the anticipated benefits to the university, its students, and the WSU community (e.g. applied learning, joint research, faculty start-up, etc.). The university will consider serious offers and inquiries from any financially qualified individual, group, organization, or company. If interested, please contact Vice President for Research & Technology Transfer, Dr. John Tomblin, john.tomblin@wichita.edu or Property Manager Crystal Stegeman, crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Department of Health and Environment

Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Magellan Pipeline Company, L.P. – Independence Station has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Magellan Pipeline Company, L.P. – Independence Station, PO Box 22186, MD 27, Tulsa, OK 74121, owns and operates a refined petroleum product pipeline station located at 836 S. Rosser Rd., Independence, Montgomery County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southeast District Office, 308 W. 14th St., Chanute, KS 66720. To obtain or review the proposed permit and supporting documentation, contact Rumela Bhadra, 785-291-3271, at the central office of the KDHE or Caitlin Brown, 620-860-7235 or 620-431-2390, at the Southeast

District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, <http://www.kdheks.gov/bar/publicnotice.html>.

Please direct written comments or questions regarding the proposed permit to Rumela Bhadra, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, August 10, 2020.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Rumela Bhadra, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, August 10, 2020 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

State of Kansas

Department of Health and Environment

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate stan-

dards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Public Notice No. KS-Q-20-111/112

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-g), and Federal Surface Water Criteria.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Garnett, City of PO Box H Garnett, KS 66032	Crystal Lake	Process Wastewater

Kansas Permit No. I-MC13-CO01
Federal Permit No. KS0084191

Facility Name: Garnett Municipal Electric Plant

Facility Location: 1600 S. Walnut St., Garnett, KS 66032

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is an electric power generating station used for peaking and emergency power by use of internal combustion engines. When the plant is operating once through, non-contact cooling water is pumped from Crystal Lake and directed through tube heat exchangers. These heat exchangers provide jacket cooling water for the internal combustion engines. Domestic sewage is directed to the sanitary sewer. The proposed permit includes monitoring for flow and temperature.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Los Alamos Technical Associates, Inc. 6501 Americas Pkwy. NE Albuquerque, NM 87110	Funston Lake via Unnamed Tributary	Process Wastewater

Kansas Permit No. I-KS97-PO03
Federal Permit No. KS0101508

Legal Description: NW¼, S13, T11S, R6E, Riley County, Kansas

Facility Name: Fort Riley Groundwater Remediation – Camp Funston

The proposed action is to reissue an existing State/NPDES permit for an existing facility. Groundwater contaminated with petroleum hydrocarbon compounds is pumped out of five (5) dual phase extraction (DPE) wells at 2 gpm (2,800 gpd) – each (estimated maximum daily rates) and routed through a wastewater treatment system consisting of a 120 gallon air-water separator (knockout tank), two 10 micron filters, and two 1,000 pound granular activated carbon filters operating in series before discharge by force main to a concrete storm sewer that discharges to an earthen drainage ditch and into Funston Lake, an oxbow lake within the Kansas River alluvium. The proposed permit contains limits for benzene and TPH, as well as monitoring for flow and BTEX components (benzene, toluene, ethyl benzene, and total xylene).

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural related draft documents

or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612-1367.

All comments regarding the draft documents or application notices received on or before August 8, 2020, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-Q-20-111/112) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Doc. No. 048274

**State of Kansas
Department for Aging and Disability Services
Department of Health and Environment
Division of Health Care Finance**

**Notice of Revised Final Nursing Facility Medicaid Rates for State Fiscal Year 2021;
Methodology for Calculating Rates,
and Rate Justifications;
Response to Written Comments;
Notice of Intent to Amend the Medicaid State Plan**

Under the Medicaid program, 42 U.S.C. 1396 et seq., the State of Kansas pays nursing facilities, nursing facilities for mental health, and hospital long-term care units (hereafter collectively referred to as nursing facilities) a daily rate for care provided to residents who are eligible for Medicaid benefits. The Secretary of Aging and Disability Services administers the nursing facility program, which includes hospital long-term care units, and the nursing facility for mental health program. The Secretary acts on behalf of the Kansas Department of Health and Environment Division of Health Care Finance (DHCF), the single state Medicaid agency.

As required by 42 U.S.C. 1396a(a)(13), as amended by Section 4711 of the Balanced Budget Act of 1997, P.L. No. 105-33, 101 Stat. 251, 507-08 (August 5, 1997), the

(continued)

Secretary of the Kansas Department for Aging and Disability Services (KDADS) is publishing the revised final Medicaid per diem rates for Medicaid-certified nursing facilities for State Fiscal Year 2021, the methodology underlying the establishment of the nursing facility rates, and the justifications for those rates. This notice supersedes and amends the rates and methodology published as “proposed” in the May 21, 2020 Kansas Register, and as “final” in the June 25, 2020 Kansas Register. This action is taken in accordance with the Governor’s budget allotment directive announced on June 29, 2020 and is effective July 1, 2020. In effect, KDADS will continue to follow the nursing facility reimbursement methodology effective July 1, 2019 with updates to the incentive factor outcomes criteria to reflect current performance statistics. Those statistics are identified in section A.1.9 of this notice. KDADS and DHCF are also providing notice of the state’s intent to submit amendments to the Medicaid State Plan to the U. S. Department of Health and Human Services’ Centers for Medicare and Medicaid Services (CMS) on or before September 30, 2020.

I. Methodology Used to Calculate Medicaid Per Diem Rates for Nursing Facilities.

In general, the state uses a prospective, cost-based, facility-specific rate-setting methodology to calculate nursing facility Medicaid per diem rates, including the rates listed in this notice. The state’s rate-setting methodology is contained primarily in the following described documents and authorities and in the exhibits, attachments, regulations, or other authorities referenced in them:

A. The following portions of the Kansas Medicaid State Plan maintained by DHCF are being revised:

1. Attachment 4.19D, Part I, Subpart C, Exhibit C-1, inclusive;

The text of the portions of the Medicaid State Plan identified above in section IA.1, but not the documents, authorities and the materials incorporated therein by reference, is reprinted in this notice. The Medicaid State Plan provisions set out in this notice appears in the version which the state currently intends to submit to CMS on or before September 30, 2020. The Medicaid State Plan amendment that the state ultimately submits to CMS may differ from the version contained in this notice.

Copies of the documents and authorities containing the state’s rate-setting methodology are available upon written request. A request for copies will be treated as a request for public records under the Kansas Open Records Act, K.S.A. 45-215 et seq. The state may charge a fee for copies, in accordance with Executive Order 18-05. Written requests for copies should be sent to:

Secretary of Aging and Disability Services
New England Building, Second Floor
503 S. Kansas Ave.
Topeka, KS 66603-3404
Fax: 785-296-0767

A.1 Attachment 4.19D, Part I, Subpart C, Exhibit C-1: Methods and Standards for Establishing Payment Rates for Nursing Facilities

Under the Medicaid program, the State of Kansas pays nursing facilities (NF), nursing facilities for men-

tal health (NFMH), and hospital long-term care units (hereafter collectively referred to as nursing facilities) a daily rate for care provided to residents who are eligible for Medicaid benefits. The narrative explanation of the nursing facility reimbursement formula is divided into 11 sections. The sections are: Cost Reports, Rate Determination, Quarterly Case Mix Index Calculation, Resident Days, Inflation Factors, Upper Payment Limits, Quarterly Case Mix Rate Adjustment, Real and Personal Property Fee, Incentive Factors, Rate Effective Date, and Retroactive Rate Adjustments.

1) Cost Reports

The Nursing Facility Financial and Statistical Report (MS2004) is the uniform cost report. It is included in Kansas Administrative Regulation (K.A.R.) 129-10-17. It organizes the commonly incurred business expenses of providers into three reimbursable cost centers (operating, indirect health care, and direct health care). Ownership costs (i.e., mortgage interest, depreciation, lease, and amortization of leasehold improvements) are reported but reimbursed through the real and personal property fee. There is a non-reimbursable/non-resident related cost center so that total operating expenses can be reconciled to the providers’ accounting records.

All cost reports are desk reviewed by agency auditors. Adjustments are made, when necessary, to the reported costs in arriving at the allowable historic costs for the rate computations.

Calendar Year End Cost Reports

All providers that have operated a facility for 12 or more months on December 31 shall file a calendar year cost report. The requirements for filing the calendar year cost report are found in K.A.R. 129-10-17.

When a non-arms length or related party change of provider takes place or an owner of the real estate assumes the operations from a lessee, the facility will be treated as an ongoing operation. In this situation, the related provider or owner shall be required to file the calendar year end cost report. The new operator or owner is responsible for obtaining the cost report information from the prior operator for the months during the calendar year in which the new operator was not involved in running the facility. The cost report information from the old and new operators shall be combined to prepare a 12-month calendar year end cost report.

Projected Cost Reports

The filing of projected cost reports are limited to: 1) newly constructed facilities; 2) existing facilities new to the Medicaid program; or 3) a provider re-entering the Medicaid program that has not actively participated or billed services for 24 months or more. The requirements are found in K.A.R. 129-10-17.

2) Rate Determination

Rates for Existing Nursing Facilities

Medicaid rates for Kansas NFs are determined using a prospective, facility-specific rate-setting system. The rate is determined from the base cost data submitted by the provider. The current base cost data is the combined calendar year cost data from each available report submitted by the current provider during 2016, 2017, and 2018.

If the current provider has not submitted a calendar year report during the base cost data period, the cost data submitted by the previous provider for that same period will be used as the base cost data. Once the provider completes their first 24 months in the program, their first calendar year cost report will become the provider's base cost data.

The allowable expenses are divided into three cost centers. The cost centers are Operating, Indirect Health Care and Direct Health Care. They are defined in K.A.R. 129-10-18.

The allowable historic per diem cost is determined by dividing the allowable resident related expenses in each cost center by resident days. Before determining the per diem cost, each year's cost data is adjusted from the midpoint of that year to December 31, 2018. The resident days and inflation factors used in the rate determination will be explained in greater detail in the following sections.

The inflated allowable historic per diem cost for each cost center is then compared to the cost center upper payment limit. The allowable per diem rate is the lesser of the inflated allowable historic per diem cost in each cost center or the cost center upper payment limit. Each cost center has a separate upper payment limit. If each cost center upper payment limit is exceeded, the allowable per diem rate is the sum of the three-cost center upper payment limits. There is also a separate upper payment limit for owner, related party, administrator, and co-administrator compensation. The upper payment limits will be explained in more detail in a separate section.

The case mix of the residents adjusts the Direct Health Care cost center. The reasoning behind a case mix payment system is that the characteristics of the residents in a facility should be considered in determining the payment rate. The idea is that certain resident characteristics can be used to predict future costs to care for residents with those same characteristics. For these reasons, it is desirable to use the case mix classification for each facility in adjusting provider rates.

There are add-ons to the allowable per diem rate. The add-ons consist of the incentive factor, the real and personal property fee, and per diems to cover costs not included in the cost report data. The incentive factor and real and personal property fee are explained in separate sections of this exhibit. The rate components are explained in separate subparts of Attachment 4.19D of the State Plan. The add-ons plus the allowable per diem rate equal the total per diem rate.

Rates for New Construction and New Facilities (New Enrollment Status)

The per diem rate for newly constructed nursing facilities, or new facilities to the Kansas Medical Assistance program shall be based on a projected cost report submitted in accordance with K.A.R. 129-10-17.

The cost information from the projected cost report and the first historic cost report covering the projected cost report period shall be adjusted to December 31, 2018. This adjustment will be based on the IHS Global Insight, National Skilled Nursing Facility Market Basket Without Capital Index (IHS Index). The IHS indices listed in the latest available quarterly publication will be used to adjust

the reported cost data from the midpoint of the cost report period to December 31, 2018. The provider shall remain in new enrollment status until the base data period is re-established. During this time, the adjusted cost data shall be used to determine all rates for the provider. Any additional factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in new enrollment status.

Rates for Facilities Recognized as a Change of Provider (Change of Provider Status)

The payment rate for the first 24 months of operation shall be based on the base cost data of the previous owner or provider. This base cost data shall include data from each calendar year cost report that was filed by the previous provider from 2016-2018. If base cost data is not available, the most recent calendar year data for the previous provider shall be used. Beginning with the first day of the 25th month of operation the payment rate shall be based on the historical cost data for the first calendar year submitted by the new provider.

All data used to set rates for facilities recognized as a change-of-provider shall be adjusted to December 31, 2018. This adjustment will be based on the IHS Index. The IHS indices listed in the latest available quarterly publication will be used to adjust the reported cost data from the midpoint of the cost report period to December 31, 2018. The provider shall remain in change-of-provider status until the base data period is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider. Any additional factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in change of provider status.

Rates for Facilities Re-entering the Program (Reenrollment Status)

The per diem rate for each provider reentering the Medicaid program shall be determined from a projected cost report if the provider has not actively participated in the program by the submission of any current resident service billings to the program for 24 months or more. The per diem rate for all other providers reentering the program shall be determined from the base cost data filed with the agency or the most recent cost report filed preceding the base cost data period.

All cost data used to set rates for facilities reentering the program shall be adjusted to December 31, 2018. This adjustment will be based on the IHS Index. The IHS indices listed in the latest available quarterly publication will be used to adjust the reported cost data from the midpoint of the cost report period to December 31, 2018. The provider shall remain in reenrollment status until the base data period is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider. Any additional factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in reenrollment status.

3) Quarterly Case Mix Index Calculation

Providers are required to submit to the agency the uniform assessment instrument, which is the Minimum
(continued)

Data Set (MDS), for each resident in the facility. The MDS assessments are maintained in a computer database.

The Resource Utilization Groups-III (RUG-III) Version 5.20, 34 group, index maximizer model is used as the resident classification system to determine all case-mix indices, using data from the MDS submitted by each facility. Standard Version 5.20 (Set D01) case mix indices developed by the Centers for Medicare and Medicaid Services (CMS) shall be the basis for calculating facility average case mix indices to be used to adjust the Direct Health Care costs in the determination of upper payment limits and rate calculation. Resident assessments that cannot be classified will be assigned the lowest CMI for the State.

Each resident in the facility on the first day of each calendar quarter with a completed and submitted assessment shall be assigned a RUG-III 34 group calculated on the resident's most current assessment available on the first day of each calendar quarter. This RUG-III group shall be translated to the appropriate CMI. From the individual resident case mix indices, three average case mix indices for each Medicaid nursing facility shall be determined four times per year based on the assessment information available on the first day of each calendar quarter.

The facility-wide average CMI is the simple average, carried to four decimal places, of all resident case mix indices. The Medicaid-average CMI is the simple average, carried to four decimal places, of all indices for residents, including those receiving hospice services, where Medicaid is known to be a per diem payer source on the first day of the calendar quarter or at any time during the preceding quarter. The private-pay/other average CMI is the simple average, carried to four decimal places, of all indices for residents where neither Medicaid nor Medicare were known to be the payer source on the first day of the calendar quarter or at any time during the preceding quarter. Case mix indices for ventilator-dependent residents for whom additional reimbursement has been determined shall be excluded from the average CMI calculations.

Rates will be adjusted for case mix twice annually using case mix data from the two quarters preceding the rate effective date. The case mix averages used for the rate adjustments will be the simple average of the case mix averages for each quarter. The resident listing cut-off for calculating the average CMIs for each quarter will be the first day of the quarter. The following are the dates for the resident listings and the rate periods in which the average Medicaid CMIs will be used in the semi-annual rate-setting process.

Rate Effective Date:	Cut-Off Dates for Quarterly CMI:
July 1	January 1 and April 1
January 1	July 1 and October 1

The resident listings will be distributed to providers prior to the dates the semi-annual case mix adjusted rates are determined. This will allow the providers time to review the resident listings and make corrections before they are notified of new rates. The cut off schedule may need to be modified in the event accurate resident listings and Medicaid CMI scores cannot be obtained from the MDS database.

4) Resident Days

Facilities with 60 beds or less

For facilities with 60 beds or less, the allowable historic per diem costs for all cost centers are determined by dividing the allowable resident related expenses by the actual resident days during the cost report period(s) used to establish the base cost data.

Facilities with more than 60 beds

For facilities with more than 60 beds, the allowable historic per diem costs for the Direct Health Care cost center and for food and utilities in the Indirect Health Care cost center are determined by dividing the allowable resident related expenses by the actual resident days during the cost report period(s) used to establish the base cost data. The allowable historic per diem cost for the Operating and Indirect Health Care Cost Centers less food and utilities is subject to an 85% minimum occupancy rule. For these providers, the greater of the actual resident days for the cost report period(s) used to establish the base cost data or the 85% minimum occupancy based on the number of licensed bed days during the cost report period(s) used to establish the base cost data is used as the total resident days in the rate calculation for the Operating cost center and the Indirect Health Care cost center less food and utilities. All licensed beds are required to be certified to participate in the Medicaid program.

There are two exceptions to the 85% minimum occupancy rule for facilities with more than 60 beds. The first is that it does not apply to a provider who is allowed to file a projected cost report for an interim rate. Both the rates determined from the projected cost report and the historic cost report covering the projected cost report period are based on the actual resident days for the period.

The second exception is for the first cost report filed by a new provider who assumes the rate of the previous provider. If the 85% minimum occupancy rule was applied to the previous provider's rate, it is also applied when the rate is assigned to the new provider. However, when the new provider files a historic cost report for any part of the first 12 months of operation, the rate determined from the cost report will be based on actual days and not be subject to the 85% minimum occupancy rule for the months in the first year of operation. The 85% minimum occupancy rule is then reapplied to the rate when the new provider reports resident days and costs for the 13th month of operation and after.

5) Inflation Factors

Inflation will be applied to the allowable reported costs from the calendar year cost report(s) used to determine the base cost data from the midpoint of each cost report period to December 31, 2018. The inflation will be based on the IHS Global Insight, CMS Nursing Home without Capital Market Basket index.

The IHS Global Insight, CMS Nursing Home without Capital Market Basket Indices listed in the latest available quarterly publication will be used to determine the inflation tables for the payment schedules processed during the payment rate period. This may require the use of forecasted factors in the inflation table. The inflation tables will not be revised until the next payment rate period.

The inflation factor will not be applied to the following costs:

- 1) Owner/Related Party Compensation
- 2) Interest Expense
- 3) Real and Personal Property Taxes

6) Upper Payment Limits

There are three types of upper payment limits that will be described. One is the owner/related party/administrator/co-administrator limit. The second is the real and personal property fee limit. The last type of limit is an upper payment limit for each cost center. The upper payment limits are in effect during the payment rate period unless otherwise specified by a State Plan amendment.

Owner/Related Party/Administrator/Co-Administrator Limits

Since salaries and other compensation of owners are not subject to the usual market constraints, specific limits are placed on the amounts reported. First, amounts paid to non-working owners and directors are not an allowable cost. Second, owners and related parties who perform resident related services are limited to a salary chart based on the Kansas Civil Service classifications and wages for comparable positions. Owners and related parties who provide resident related services on less than a full time basis have their compensation limited by the percent of their total work time to a standard work week. A standard work week is defined as 40 hours. The owners and related parties must be professionally qualified to perform services which require licensure or certification.

The compensation paid to owners and related parties shall be allocated to the appropriate cost center for the type of service performed. Each cost center has an expense line for owner/related party compensation. There is also a cost report schedule titled, "Statement of Owners and Related Parties." This schedule requires information concerning the percent of ownership (if over five percent), the time spent in the function, the compensation, and a description of the work performed for each owner and/or related party. Any salaries reported in excess of the Kansas Civil Service based salary chart are transferred to the Operating cost center where the excess is subject to the Owner/Related Party/Administrator/Co-Administrator per diem compensation limit.

Schedule C is an array of non-owner administrator and co-administrator salaries. The schedule includes the calendar year 2018 historic cost reports in the database from all active nursing facility providers. The salary information in the array is not adjusted for inflation. The per diem data is calculated using an 85% minimum occupancy level for those providers in operation for more than 12 months with more than 60 beds. Schedule C for the Owner/Related Party/Administrator/Co-Administrator per diem compensation limit is the first schedule run during the rate setting.

Schedule C is used to set the per diem limitation for all non-owner administrator and co-administrator salaries and owner/related party compensation in excess of the civil service-based salary limitation schedule. The per diem limit for a 50-bed or larger home is set at the 90th percentile on all salaries reported for non-owner admin-

istrators and co-administrators. A limitation table is then established for facilities with less than 50 beds. This table begins with a reasonable salary per diem for an administrator of a 15-bed or less facility. The per diem limit for a 15-bed or less facility is inflated based on the State of Kansas annual cost of living allowance for classified employees for the rate period. A linear relationship is then established between the compensation of the administrator of the 15-bed facility and the compensation of the administrator of a 50-bed facility. The linear relationship determines the per diem limit for the facilities between 15 and 50 beds.

The per diem limits apply to the non-owner administrators and co-administrators and the compensation paid to owners and related parties who perform an administrative function or consultant type of service. The per diem limit also applies to the salaries in excess of the civil service-based salary chart in other cost centers that are transferred to the operating cost center.

Real and Personal Property Fee Limit

The property component of the reimbursement methodology consists of the real and personal property fee that is explained in more detail in a later section. The upper payment limit is 105% of the median determined from a total resident day-weighted array of the property fees in effect April 1, 2019.

Cost Center Upper Payment Limits

Schedule B is an array of all per diem costs for each of the three cost centers-Operating, Indirect Health Care, and Direct Health Care. The schedule includes a per diem determined from the base cost data from all active nursing facility providers. Projected cost reports are excluded when calculating the limit.

The per diem expenses for the Operating cost center and the Indirect Health Care cost center less food and utilities are subject to the 85% minimum occupancy for facilities over 60 beds. All previous desk review and field audit adjustments are considered in the per diem expense calculations. The costs are adjusted by the Owner/Related Party/Administrator/Co-Administrator limit.

Prior to the Schedule B arrays, the cost data on certain expense lines is adjusted from the midpoint of the cost report period to December 31, 2018. This will bring the costs reported by the providers to a common point in time for comparisons. The inflation will be based on the IHS Global Insight, CMS Nursing Home Without Capital Market Basket Index.

Certain costs are exempt from the inflation application when setting the upper payment limits. They include owner/related party compensation, interest expense, and real and personal property taxes.

Schedule B is the median compilations. These compilations are needed for setting the upper payment limit for each cost center. The median for each cost center is weighted based on total resident days. The upper payment limits will be set using the following:

Operating	110% of the median
Indirect Health Care	115% of the median
Direct Health Care	130% of the median

(continued)

Direct Health Care Cost Center Limit

The Kansas reimbursement methodology has a component for a case mix payment adjustment. The Direct Health Care cost center rate component and upper payment limit are adjusted by the facility average CMI.

For the purpose of setting the upper payment limit in the Direct Health Care cost center, the facility cost report period CMI and the statewide average CMI will be calculated. The facility cost report period CMI is the resident day-weighted average of the quarterly facility-wide average case mix indices, carried to four decimal places. The quarters used in this average will be the quarters that most closely coincide with the financial and statistical reporting period. For example, a 01/01/20XX-12/31/20XX financial and statistical reporting period would use the facility-wide average case mix indices for quarters beginning 04/01/XX, 07/01/XX, 10/01/XX and 01/01/XY. The statewide average CMI is the resident day-weighted average, carried to four decimal places, of the facility cost report period case mix indices for all Medicaid facilities.

The statewide average CMI and facility cost report period CMI are used to set the upper payment limit for the Direct Health Care cost center. The limit is based on all facilities with a historic cost report in the database. There are three steps in establishing the base upper payment limit.

The first step is to normalize each facility's inflated Direct Health Care costs to the statewide average CMI. This is done by dividing the statewide average CMI for the cost report year by the facility's cost report period CMI, then multiplying this answer by the facility's inflated costs. This step is repeated for each cost report year for which data is included in the base cost data.

The second step is to determine per diem costs and array them to determine the median. The per diem cost is determined by dividing the total of each provider's inflated case mix adjusted base direct health care costs by the total days provided during the base cost data period. The median is located using a day-weighted methodology. That is, the median cost is the per diem cost for the facility in the array at which point the cumulative total of all resident days first equals or exceeds half the number of the total resident days for all providers. The facility with the median resident day in the array sets the median inflated direct health care cost. For example, if there are eight million resident days, the facility in the array with the 4 millionth day would set the median.

The final step in calculating the base Direct Health Care upper payment limit is to apply the percentage factor to the median cost. For example, if the median cost is \$80 and the upper payment limit is based on 130% of the median, then the upper payment limit for the statewide average CMI would be \$104 ($D=130\% \times \80).

7) Quarterly Case Mix Rate Adjustment

The allowance for the Direct Health Care cost component will be based on the average Medicaid CMI in the facility. The first step in calculating the allowance is to determine the Allowable Direct Health Care Per Diem Cost. This is the lesser of the facility's per diem cost from the base cost data period or the Direct Health Care upper payment limit. Because the direct health care costs were previously adjusted for the statewide average CMI,

the Allowable Direct Health Care Per Diem Cost corresponds to the statewide average CMI.

The next step is to determine the Medicaid acuity adjusted allowable Direct Health Care cost. The facility's Medicaid CMI is determined by averaging the facility average Medicaid CMI from the two quarters preceding the rate effective date. The facility's Medicaid CMI is then divided by the statewide average CMI for the cost data period. Finally, this result, is then multiplied by the Allowable Direct Health Care per diem cost. The result is referred to as the Medicaid Acuity Adjustment.

The Medicaid Acuity Adjustment is calculated semi-annually to account for changes in the Medicaid CMI. To illustrate this calculation, take the following situation: The facility's direct health care per diem cost is \$80.00, the Direct Health Care per diem limit is \$104.00, and these are both tied to a statewide average CMI of 1.000, and the facility's current Medicaid CMI is 0.9000. Since the per diem costs are less than the limit the Allowable Direct Health Care Cost is \$80.00, and this is matched with the statewide average CMI of 1.0000. To calculate the Medicaid Acuity Adjustment, first divide the Medicaid CMI by the statewide average CMI, then multiply the result by the Allowable Direct Health Care Cost. In this case that would result in \$72.00 ($0.9000/1.0000 \times \80.00). Because the facility's current Medicaid CMI is less than the statewide average CMI the Medicaid Acuity Adjustment moves the direct health care per diem down proportionally. In contrast, if the Medicaid CMI for the next semi-annual adjustment rose to 1.1000, the Medicaid Acuity Adjustment would be \$88.00 ($1.1000/1.0000 \times \80.00). Again the Medicaid Acuity Adjustment changes the Allowable Direct Health Care Per Diem Cost to match the current Medicaid CMI.

8) Real and Personal Property Fee

The property component of the reimbursement methodology consists of the real and personal property fee (property fee). The property fee is paid in lieu of an allowable cost of mortgage interest, depreciation, lease expense and/or amortization of leasehold improvements. The fee is facility specific and does not change as a result of a change of ownership, change in lease, or with re-enrollment in the Medicaid program. The original property fee was comprised of two components, a property allowance and a property value factor. The differentiation of the fee into these components was eliminated effective July 1, 2002. At that time each facility's fee was re-established based on the sum of the property allowance and value factor. The providers receive the lower of the inflated property fee or the upper payment limit.

For providers re-enrolling in the Kansas Medical Assistance program or providers enrolling for the first time but operating in a facility that was previously enrolled in the program, the property fee shall be the sum of the last effective property allowance and the last effective value factor for that facility. The property fee will be inflated to 12/31/08 and then compared to the upper payment limit. The property fee will be the lower of the facility-specific inflated property fee or the upper payment limit.

Providers entering the Kansas Medical Assistance program for the first time, who are operating in a building for which a fee has not previously been established, shall have a property fee calculated from the ownership costs report-

ed on the cost report. This fee shall include appropriate components for rent or lease expense, interest expense on real estate mortgage, amortization of leasehold improvements, and depreciation on buildings and equipment. The process for calculating the property fee for providers entering the Kansas Medical Assistance program for the first time is explained in greater detail in K.A.R. 129-10-25.

There is a provision for changing the property fee. This is for a rebasing when capital expenditure thresholds are met (\$25,000 for homes under 51 beds and \$50,000 for homes over 50 beds). The original property fee remains constant but the additional factor for the rebasing is added. The property fee rebasing is explained in greater detail in K.A.R. 129-10-25. The rebased property fee is subject to the upper payment limit.

9) Incentive Factors

An incentive factor will be awarded to both NF and NF-MH providers that meet certain outcome measures criteria. The criteria for NF and NF-MH providers will be determined separately based on arrays of outcome measures for each provider group.

Nursing Facility Quality and Efficiency Incentive Factor

The Nursing Facility Incentive Factor is a per diem amount determined by four per diem add-ons providers can earn for various outcomes measures. Providers that maintain a case mix adjusted staffing ratio at or above the 75th percentile will earn a \$3.00 per diem add-on. Providers that fall below the 75th percentile staffing ratio but improve their staffing ratio by 10% or more will earn a \$0.50 per diem add-on. Providers that achieve a staff retention rate at or above the 75th percentile will earn a \$2.50 per diem add-on as long as contracted labor costs do not exceed 10% of the provider’s total direct health care labor costs. Providers that have a staff retention rate lower than the 75th percentile but that increase their staff retention rate by 10% or more will receive a per diem add-on of \$0.50 as long as contracted labor costs do not exceed 10% of the provider’s total direct health care labor costs. Providers that have a Medicaid occupancy percentage of 65% or more will receive a \$0.75 per diem add-on. Finally, providers that maintain quality measures at or above the 75th percentile will earn a \$1.25 per diem add-on. The total of all the per diem add-ons a provider qualifies for will be their incentive factor.

The table below summarizes the incentive factor outcomes and per diem add-ons:

Incentive Outcome	Incentive Add-Ons
CMI adjusted staffing ratio ≥ 75th percentile (5.24), or CMI adjusted staffing < 75th percentile but improved ≥ 10%	\$3.00 \$0.50
Staff retention rate ≥ 75th percentile, 72% Contracted labor < 10% of total direct health care labor costs or Staff retention rate < 75th percentile but increased ≥ 10%	\$2.50
Contracted labor < 10% of total direct health care labor costs	\$0.50
Medicaid occupancy ≥ 65%	\$0.75
Quality Measures ≥ 75th percentile (670)	\$1.25
Total Incentive Add-on Available	\$7.50

The Culture Change/Person-Centered Care Incentive Program

The Culture Change/Person-Centered Care Incentive Program (PEAK 2.0) includes six different incentive levels to recognize homes that are either pursuing culture

change, have made major achievements in the pursuit of culture change, have met minimum competencies in person-centered care, have sustained person-centered care, or are mentoring others in person-centered care.

Each incentive level has a specific pay-for-performance incentive per diem attached to it that homes can earn by meeting defined outcomes. The first three levels (Level 0 – Level 2) are intended to encourage quality improvement for homes that have not yet met the minimum competency requirements for a person-centered care home. Homes can earn the Level 1 and Level 2 incentives simultaneously as they progress toward the minimum competency level.

Level 3 recognizes those homes that have attained a minimum level of core competency in person-centered care. Level 4 and Level 5 are reserved for those homes that have demonstrated sustained person-centered care for multiple years and have gone on to mentor other homes in their pursuit of person-centered care. The table below provides a brief overview of each of the levels.

Level & Per Diem Incentive	Summary of Required Nursing Home Action	Incentive Duration
Level 0 The Foundation \$0.50	Home completes the KCCI evaluation tool according to the application instructions. Home participates in all required activities noted in “The Foundation” timeline and workbook. Homes that do not complete the requirements at this level must sit out of the program for one year before they are eligible for reapplication.	Available beginning July 1 of enrollment year. Incentive granted for one full fiscal year.
Level 1 Pursuit of Culture Change \$0.50	Homes should submit the KCCI evaluation tool (annually). Home submits an action plan addressing 4 PEAK 2.0 cores in Domains 1-4. The home self-reports progress on the action planned cores via phone conference with the PEAK team. The home may be selected for a random site visit. The home must participate in the random site visit, if selected, to continue incentive payment. Homes should demonstrate successful completion of 75% of core competencies selected. A home can apply for Levels 1 & 2 in the same year. Homes that do not achieve Level 2 with three consecutive years of participation at Level 1 may return to a Level 0 or sit out for two years depending on KDADS and KSU’s recommendation.	Available beginning July 1 of enrollment year. Incentive granted for one full fiscal year.

(continued)

Level & Per Diem Incentive	Summary of Required Nursing Home Action	Incentive Duration
Level 2 Culture Change Achievement \$1.00	This is a bridge level to acknowledge achievement in Level 1. Homes may receive this level at the same time they are working on other PEAK core areas at Level 1. Homes may receive this incentive for up to 3 years. If Level 3 is not achieved at the end of the third year, homes may start back at Level 0 or 1 depending on KDADS and KSU's recommendation.	Available beginning July 1 following confirmed completion of action plan goals. Incentive is granted for one full fiscal year.
Level 3 Person-Centered Care Home \$2.00	Demonstrates minimum competency as a person-centered care home (see KDADS full criteria). This is confirmed through a combination of the following: High score on the KCCI evaluation tool. Demonstration of success in other levels of the program. Performing successfully on a Level 2 screening call with the KSU PEAK 2.0 team. Passing a full site visit.	Available beginning July 1 following confirmed minimum competency as a person-centered care home. Incentive is granted for one full fiscal year. Renewable bi-annually.
Level 4 Sustained Person-Centered Care Home \$2.50	Homes earn person-centered care home award two consecutive years.	Available beginning July 1 following confirmation of the upkeep of minimum person-centered care competencies. Incentive is granted for two fiscal years. Renewable bi-annually.
Level 5 Person-Centered Care Mentor Home \$3.00	Homes earn sustained person-centered care home award and successfully engage in mentoring activities suggested by KDADS (see KDADS mentoring activities). Mentoring activities should be documented.	Available beginning July 1 following confirmation of mentor home standards. Incentive is granted for two fiscal years. Renewable bi-annually.

Nursing Facility for Mental Health Quality and Efficiency Incentive Factor:

The Quality and Efficiency Incentive plan for Nursing Facilities for Mental Health (NFMH) will be established separately from nursing facilities. Nursing Facilities for Mental Health serve people who often do not need the NF level of care on a long-term basis. There is a desire to provide incentive for NFMHs to work cooperatively and in coordination with Community Mental Health Centers to facilitate the return of persons to the community.

The Quality and Efficiency Incentive Factor is a per diem add-on ranging from zero to seven dollars and fifty cents. It is designed to encourage quality care, efficiency and cooperation with discharge planning. The incentive factor is determined by five outcome measures: case-mix

adjusted nurse staffing ratio; operating expense; staff turnover rate; staff retention rate; and occupancy rate. Each provider is awarded points based on their outcomes measures and the total points for each provider determine the per diem incentive factor included in the provider's rate calculation.

Providers may earn up to two incentive points for their case mix adjusted nurse staffing ratio. They will receive two points if their case-mix adjusted staffing ratio equals or exceeds 3.64, which is 120% of the statewide NFMH median of 3.03. They will receive one point if the ratio is less than 120% of the NFMH median but greater than or equal to 3.33, which is 110% of the statewide NFMH median. Providers with staffing ratios below 110% of the NFMH median will receive no points for this incentive measure.

NFMH providers may earn one point for low occupancy outcomes measures. If they have total occupancy less than 90% they will earn a point.

NFMH providers may earn one point for low operating expense outcomes measures. The provider will earn one point if the per diem operating expenses are below \$27.88, or 90% of the statewide median of \$30.98.

NFMH providers may earn up to two points for the turnover rate outcomes measure. Providers with direct health care staff turnover equal to or below 37%, the 75th percentile statewide, will earn two points as long as contracted labor costs do not exceed 10% of the provider's total direct health care labor costs. Providers with direct health care staff turnover greater than 37% but equal to or below 67%, the 50th percentile statewide, will earn one point as long as contracted labor costs do not exceed 10% of the provider's total direct health care labor costs.

Finally, NFMH providers may earn up to two points for the retention rate outcomes measure. Providers with staff retention rates at or above 64%, the 75th percentile statewide will earn two points. Providers with staff retention rates below 64% but at or above 48%, the 50th percentile statewide, will earn one point.

The table below summarizes the incentive factor outcomes and points:

Quality/Efficiency Outcome	Incentive Points
CMI adjusted staffing ratio ≥ 120% (3.64) of NF-MH median (3.03), or CMI adjusted staffing ratio between 110% (3.33) and 120%	2, or 1
Total occupancy ≤ 90%	1
Operating expenses < \$27.88, 90% of NF-MH median, \$30.98	1
Staff turnover rate ≤ 75th percentile, 37% Staff turnover rate ≤ 50th percentile, 67% Contracted labor < 10% of total direct health care labor costs	2, or 1
Staff retention ≥ 75th percentile, 64% Staff retention ≥ 50th percentile, 48%	2, or 1
Total Incentive Points Available	8

Schedule E is an array containing the incentive points awarded to each NFMH provider for each quality and efficiency incentive outcome. The total of these points will be used to determine each provider's incentive factor based on the following table.

Total Incentive Points	Incentive Factor Per Diem
Tier 1: 6-8 points	\$7.50
Tier 2: 5 points	\$5.00
Tier 3: 4 points	\$2.50
Tier 4: 0-3 points	\$0.00

The survey and certification performance of each NF and NFMH provider will be reviewed quarterly to determine each provider’s eligibility for incentive factor payments. In order to qualify for an incentive, factor a home must not have received any health care survey deficiency of scope and severity level “H” or higher during the survey review period. Homes that receive “G” level deficiencies, but no “H” level or higher deficiencies, and that correct the “G” level deficiencies within 30 days of the survey, will be eligible to receive 50% of the calculated incentive factor. Homes that receive no deficiencies higher than scope and severity level “F” will be eligible to receive 100% of the calculated incentive factor. The survey and certification review period will be the 12-month period ending one quarter prior to the incentive eligibility review date. The following table lists the incentive eligibility review dates and corresponding review period end dates.

Incentive Eligibility Effective Date	Review Period End Date
July 1	March 31st
October 1	June 30th
January 1	September 30th
April 1	December 31st

10) Rate Effective Date

Rate effective dates are determined in accordance with K.A.R. 129-10-19. The rate may be revised for an add-on reimbursement factor (i.e., rebased property fee), desk review adjustment or field audit adjustment.

11) Retroactive Rate Adjustments

Retroactive adjustments, as in a retrospective system, are made for the following three conditions:

A retroactive rate adjustment and direct cash settlement is made if the agency determines that the base year cost report data used to determine the prospective payment rate was in error. The prospective payment rate period is adjusted for the corrections.

If a projected cost report is approved to determine an interim rate, a settlement is also made after a historic cost report is filed for the same period.

All settlements are subject to upper payment limits. A provider is considered to be in projection status if they are operating on a projected rate and they are subject to the retroactive rate adjustment.

II. Medicaid Per Diem Rates for Kansas Nursing Facilities

A. Cost Center Limitations: The state established the following cost center limitations effective July 1, 2019, which are used in setting rates effective July 1, 2020.

Cost Center	Limit Formula	Per Day Limit
Operating	110% of the Median Cost	\$39.13
Indirect Health Care	115% of the Median Cost	\$54.45
Direct Health Care	130% of the Median Cost	\$129.95
Real and Personal Property Fee	105% of the Median Fee	\$10.01

These amounts were determined according to the “Reimbursement Limitations” section. The Direct Health-

care Limit is calculated based on a CMI of 1.0314, which is the statewide average.

B. Case Mix Index: These revised final rates are based upon each nursing facility’s Medicaid CMI calculated as the average of the quarterly Medicaid CMI averages with cutoff dates of January 1, 2020 and April 1, 2020. The CMI calculations use the July 1, 2014 Kansas Medicaid/Medicaid CMI Table. In Section II.C below, each nursing facility’s Medicaid average CMI is listed beside its per diem rate.

C. Rates: The following list includes the calculated Medicaid rate for each nursing facility provider currently enrolled in the Medicaid program and the Medicaid case mix index used to determine each rate.

Facility Name	City	Daily Rate	Medicaid CMI
Village Manor	Abilene	202.03	0.9362
Alma Manor	Alma	178.42	0.8958
Life Care Center of Andover	Andover	164.66	1.0778
Victoria Falls SNF	Andover	180.06	0.9726
Anthony Community Care Center	Anthony	170.84	0.9695
Medicalodges Health Care Ctr Arkansas	Arkansas City	179.60	0.9683
Arkansas City Presbyterian Manor	Arkansas City	190.15	0.9528
Arma Operator. LLC	Arma	178.71	1.2625
Medicalodges Atchison	Atchison	211.75	1.0618
Atchison Senior Village	Atchison	223.35	1.0004
Dooley Center	Atchison	212.54	0.7618
Attica Long Term Care	Attica	209.24	0.8946
Good Samaritan Society-Atwood	Atwood	221.53	1.0459
Lake Point Nursing Center	Augusta	171.56	0.9679
Baldwin Healthcare & Rehab Center	Baldwin City	210.03	1.2818
Quaker Hill Manor	Baxter Springs	177.49	1.0025
Catholic Care Center Inc.	Bel Aire	225.21	1.0587
Belleville Healthcare Center	Belleville	171.12	1.0852
Mitchell County Hospital LTCU	Beloit	219.28	0.9316
Hilltop Lodge Health and Rehab	Beloit	195.62	1.0344
Bonner Springs Nursing & Rehab Ctr	Bonner Springs	177.24	1.0529
Hill Top House	Bucklin	208.80	0.8903
Buhler Sunshine Home, Inc.	Buhler	210.01	0.8533
Life Care Center of Burlington	Burlington	159.44	1.0572
Eastridge Nursing Home	Centralia	238.85	1.0242
Heritage Health Care Center	Chanute	179.10	1.0654
Diversicare of Chanute	Chanute	185.67	1.2698
Chapman Valley Manor	Chapman	170.05	0.8274
Cheney Golden Age Home Inc.	Cheney	190.12	1.0135
Cherryvale Care Center	Cherryvale	159.57	0.9159
Chetopa Manor	Chetopa	167.37	0.8567
The Shepherd’s Center	Cimarron	203.09	0.8937
Medicalodges Clay Center	Clay Center	224.99	1.0774

III. Justifications for the Rates

1. The revised final rates are calculated according to the rate-setting methodology in the Kansas Medicaid State Plan and pending amendments thereto.
2. The revised final rates are calculated according to a methodology which satisfies the requirements of K.S.A. 39-708c(x) and the DHCF regulations in K.A.R. Article 129-10 implementing that statute and applicable federal law.
3. The State’s analyses project that the rates:
 - a. Would result in payment, in the aggregate of 93.60% of the Medicaid day weighted average inflated allowable nursing facility costs statewide; and
 - b. Would result in a maximum allowable rate of \$233.54 (for a CMI of 1.0314); with the total average allowable cost being \$192.00.
4. Estimated annual aggregate expenditures in the Medicaid nursing facility services payment program will not change substantially as the FY 2020 reimbursement parameters are being continued.
5. The state estimates that the rates will continue to make quality care and services available under the Medicaid State Plan at least to the extent that care and services are available to the general population in the geographic area. The state’s analyses indicate:
 - a. Service providers operating a total of 320 nursing facilities and hospital-based long-term care units (representing 96.1% of all the licensed nursing facilities and long-term care units in Kansas) participate in the Medicaid program;
 - b. There is at least one Medicaid-certified nursing facility and/or nursing facility for mental health, or Medicaid-certified hospital-based long-term care unit in 99 of the 105 counties in Kansas;
 - c. The statewide average occupancy rate for nursing facilities participating in Medicaid is 81.89%;
 - d. The statewide average Medicaid occupancy rate for participating facilities is 58.69%; and
 - e. The rates would cover 94.97% of the estimated Medicaid direct health care costs incurred by participating nursing facilities statewide.
6. Federal Medicaid regulations at 42 C.F.R. 447.272 impose an aggregate upper payment limit that states may pay for Medicaid nursing facility ser-

vices. The state’s analysis indicates that the methodology will result in compliance with the federal regulation.

IV. Response to Comments Received

The state did not receive formal comments to its Proposed Nursing Facility rates published on May 21, 2020 in the Kansas Register.

V. Notice of Intent to Amend the Medicaid State Plan

The state intends to submit Medicaid State Plan amendments to CMS on or before September 30, 2020.

Department of Transportation

Request for Proposals

The Kansas Department of Transportation (KDOT) is seeking qualified consulting engineering firm(s) for the project listed below. Interested consulting firms must: (a) be prequalified by KDOT or otherwise demonstrate qualification in the following category: Categories 201 Location and Design Concept Studies, 212 Highway Design Minor Facility, and 222 Standard Span Bridge Design. A PDF must be emailed to David Lutgen, P.E., Contracts Engineer at kdot.designcontracts@ks.gov. Responses are to be limited to eight pages, the subject line of the reply email and the file name must read “US-54 Discovery Phase (Project Number) – Firm Name.” Request for Proposals (RFPs) must be received by 12:00 p.m. July 17, 2020 for the consulting firm to be considered.

If a firm is not currently prequalified by KDOT a response may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms may use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification category definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules and regulations.

Scope of Services to be Performed

Project – 54-8 KA-5767-01 Bridge Replacement, Bridge #025 (Walnut River) on US-54 in Butler County located 0.55 miles East of North junction US-54/US-77.

Scope of Services – Phase A – Discovery–Review of replacing the existing structure on or near the existing alignment as well as a review of a new offset alignment for US-54 SE of El Dorado.

This will be a multi-phase contract with additional phases added as necessary to meet the anticipated letting date in FY 2025.

Anticipated Schedule for Subsequent Events

RFPs are due by 12:00 p.m. (CST) July 17, 2020. Evaluation and ranking of technical proposals on or about July 29, 2020 after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about August 11, 2020. Agreement in place and in effect August 25, 2020. RFP's are to be delivered via email to kdot.designcontracts@ks.gov.

Instructions for Proposal

No costs shall be contained in the RFP. The RFP must not exceed eight (8) pages total to address the pertinent topics. Please use the following naming convention for submittal... US-54 Discovery Phase (Project Number) – Firm Name. RFP's submitted will consist of the proposal and a completed and signed Special Attachment No. 7 ("Certificate of Final Indirect Costs"), a completed and signed Special Attachment No. 8 ("Tax Clearance Certificate"), and a completed and signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment"). Subconsultants will need to complete these attachments as well. All these forms are attached to the original email announcement.

RFP's shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce deliverables described above under "Scope of Services to be Performed." Also, include items such as:

- Project manager/engineer in charge.
- History of projects with similar tasks.
- Availability of staff to meet schedule without overtime.
- Familiarity with KDOT standards and content.
- Any subconsultant and their role (if any) that will be performing services on the project

Evaluation Factors

RFP's will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors: 1) the quality and completeness of the response; 2) qualifications and experience of consultant design personnel/manager proposed for services; 3) proposed project approach; 4) availability to respond to the work; and 5) past performance history for similar projects/services for KDOT. The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Exhibits to this RFP

- Special Attachment No. 7 ("Certificate of Final Indirect Costs")
- Special Attachment No. 8 ("Tax Clearance Certificate")
- Special Attachment No. 10 ("Policy Regarding Sexual Harassment")

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for this project. Special at-

tachments for the Kansas "Tax Clearance Certificate," the "Certification of Final Indirect Costs," and the Special Attachment No. 10 ("Policy Regarding Sexual Harassment") will also eventually become attachments to the contract.

Questions about this RFP shall be sent by email to KDOT at kdot.designcontracts@ks.gov.

David Lutgen, P.E.
Contracts Engineer

Doc. No. 048262

State of Kansas**Department of Transportation****Request for Proposals**

The Kansas Department of Transportation (KDOT) is seeking qualified consulting engineering firm(s) for the project listed below. Interested consulting firms must: (a) be prequalified by KDOT or otherwise demonstrate qualification in the following category: Category 212 Highway Design Minor Facility. A PDF must be emailed to David Lutgen, P.E., Contracts Engineer at kdot.designcontracts@ks.gov. Responses are to be limited to eight pages, the subject line of the reply email and the file name must read "Guardrail Set-Aside Program – Firm Name." Request for Proposals (RFPs) must be received by 12:00 p.m. July 17, 2020 for the consulting firm to be considered.

If a firm is not currently prequalified by KDOT a response may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms may use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification category definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules and regulations.

Scope of Services to be Performed

Project – The KDOT guardrail set-aside program is a program to remove/replace all blunt end guardrail terminals on the National Highway System (NHS) in Kansas.

Scope of Services–Prepare construction drawings and summary memos for a 2021 FY construction letting for the locations shown on the attached list. Two consultants will be selected for this project.

Anticipated Schedule for Subsequent Events

RFPs are due by 12:00 p.m. (CST) July 17, 2020. Evaluation and ranking of technical proposals on or about July 29, 2020 after which time all firms that submitted will be notified of the ranking. Negotiations with the two most highly ranked firm to commence on or about August 11, 2020. Agreement in place and in effect August 25, 2020. RFP's are to be delivered via email to kdot.designcontracts@ks.gov.

Instructions for Proposal

No costs shall be contained in the RFP. The RFP must not exceed eight (8) pages total to address the pertinent topics. Please use the following naming convention for

State of Kansas

Department of Transportation

Request for Proposals

The Kansas Department of Transportation (KDOT) is seeking a consulting firm qualified in Category 201 (Location Studies and Design Concept), Category 212 (Minor Facility), and Category 222 (Standard Span Bridge Design) for the project listed below. A PDF must be emailed to David Lutgen, P.E., Contracts Engineer at kdot.designcontracts@ks.gov. Responses are to be limited to eight pages, the subject line of the reply email and the file name must read "KA-2371-03 RFP – Firm Name." RFPs must be received by 12:00 p.m. July 17, 2020 for the consulting firm to be considered. If a firm is not currently prequalified by KDOT a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms may use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification category definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules and regulations.

Project Information and Scope

Project – 383-69 KA-2371-03 and 383-74 KA-2372-02 – Reconstruction on K-383 in Norton and Phillips County – Beginning at Bridge No. 062 (Prairie Dog Creek) northeast for 15.1 miles to Bridge No. 051 (Prairie Dog Creek).

Phase I – Discovery phase – Includes the following:

- Consult to conceptualize, evaluate, and compare the following design alternatives
 - Do nothing option
 - Existing alignment improvements (already partially designed by KDOT)
 - Offset horizontal alignment
 - Practical improvement on existing alignment
 - Intersection improvements
- Additional elements to consider
 - MOT
 - Right of way impacts
 - Drainage analysis
 - Safety analysis
 - Intersection analysis
- Public meeting

Phase II – Prepare construction drawings with selected design alternative

Each phase may be broken down into subphases. Both projects will be awarded to one consultant.

Anticipated Schedule for Subsequent Events

RFPs are due by 12:00 p.m. (CST) July 17, 2020. Evaluation and ranking of technical proposals on or about July 31, 2020 after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about August 10, 2020. Agreement in place and in effect September 1, 2020. Request for Qualifications

Schedule and Deadlines

- Request for Qualifications (RFQs)/Responses are due on or before 12:00 p.m. (CST) July 17, 2020 to be delivered via email to kdot.designcontracts.gov.
- Evaluations, shortlisting, and ranking of RFQs on or about the week of July 28, 2020 after which time all firms that submitted will be notified of the ranking and interview times.
- Interviews on August 12, 2020, after which time all firms that submitted will be notified of the final ranking.
- Negotiations with the most highly ranked firm to commence on or about August 18, 2020.
- Agreement/Work Order in place and in effect August 25, 2020.
- Consultant Associate Engineer to begin September 1, 2020.

Background and Purpose of Project

The Kansas Department of Transportation (KDOT), Bureau of Transportation Safety and Technology's Intelligent Transportation Systems Unit is seeking a part-time embedded engineer (PE or EIT) to assist and fulfill its mission of completing ITS construction projects and integrating new devices, maintaining standards and specifications, and generating plans for future construction at KDOT headquarters. This position would work a 20 to 24-hour work week on average, although hours may be increased by mutual agreement depending on workload, and the majority of work time may be completed from a remote/home office location. The embedded engineer should be available to work from KDOT headquarters one day per week unless KDOT indicates that is not needed and may need to work from headquarters several days per week during training.

Scope of Services to be Performed

The engineer must be able to perform tasks and produce the deliverables as described. This person will have the primary responsibility of assisting the ITS Construction Engineer with existing design and construction projects including plan review, inspection, oversee system integration, coordinate with internal KDOT staff to develop construction contract documents, and maintain ITS standards and specifications. The minimum experience level of this person is that of a recent engineering graduate. Some training will be provided, however more experienced engineers and licensed engineers are desirable. This person must exhibit excellent verbal and written communication skills and have an interest or experience in ITS, electronics or communications systems, or construction. Some travel for KDOT training or field visits may be required. Phone, computer, routine office supplies, and cubicle will be supplied. This position reports at the Eisenhower State Office Building, Topeka, Kansas, excluding state holidays. The term of this work is from September 2020 through June of 2021; however, the position may be extended for two additional one-year periods.

(continued)

Evaluation Factors

Shortlisting will be based on qualifications and experience of individuals detailed in resume. No more than three (3) individuals will be shortlisted for interviews. The interviews will be the determining factor of preference and ranking of first, second, and third. The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the ranked firms, it will terminate negotiations with such firm(s) and commence negotiations with the next highest ranked firm(s), and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Instructions for RFQ

No costs shall be contained in the RFQ. The RFQ must not exceed three (3) pages total and 1MB to address the pertinent topics. Please use the following naming convention for submittal...FirmName-106 KA-4960-02. RFQs submitted will consist of a cover page and a resume and a completed and signed Special Attachment No. 7 ("Certificate of Final Indirect Costs"), a completed and signed Special Attachment No. 8 ("Tax Clearance Certificate"), and a completed and signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment"). All these forms are attached to the original email announcement.

RFQ's shall describe any experience that will be used to perform tasks and to produce deliverables described above under "Scope of Services to be Performed."

Evaluation Factors

RFQs will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors: 1) the quality and completeness of the response; 2) qualifications and experience of individual proposed for services; 3) any proposed conditions (existing field overhead rate, etc.); and 4) interview. The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Exhibits to this RFQ

- Special Attachment No. 7 ("Certificate of Final Indirect Costs")
- Special Attachment No. 8 ("Tax Clearance Certificate")
- Special Attachment No. 10 ("Policy Regarding Sexual Harassment")

Contract Terms and Conditions

An agreement for engineering and technical services will be executed. Special attachments for the Kansas "Tax Clearance Certificate," the "Certification of Final Indirect Costs," and the Special Attachment No. 10 ("Policy Regarding Sexual Harassment") will also eventually become attachments to the contract.

Questions about this RFQ shall be sent by email to KDOT at kdot.designcontracts.gov.

Doc. No. 048265

(Published in the Kansas Register July 9, 2020.)

City of Blue Rapids, Kansas

**Notice of Intent to Seek Private Placement
\$1,030,000
General Obligation Bonds
Series 2020**

Notice is given that the City of Blue Rapids, Kansas (the "Issuer"), proposes to seek a private placement of the above-referenced bonds. The maximum aggregate principal amount of the bonds shall not exceed \$1,030,000. The proposed sale of the bonds is in all respects subject to approval of a bond purchase agreement between the Issuer and the purchaser of the bonds and the passage of an ordinance and adoption of a resolution by the governing body of the Issuer authorizing the issuance of the bonds and the execution of various documents necessary to deliver the bonds.

Crystal Busey
City Clerk

Doc. No. 048277

(Published in the Kansas Register July 9, 2020.)

City of Topeka, Kansas

**Summary Notice Of Bond Sale
\$14,365,000*
General Obligation Refunding and
Improvement Bonds
Series 2020-A**

**(General Obligation Bonds Payable
from Unlimited Ad Valorem Taxes)**

Bids

Subject to the Notice of Bond Sale dated June 30, 2020, (the "Notice"), facsimile and electronic bids will be received on behalf of the Director of Administrative and Financial Services of the City of Topeka, Kansas (the "Issuer") in the case of facsimile bids, at the fax number set forth below, and in the case of electronic bids, via www.columbiacapitalauction.com (the "Columbia Capital Auction"), until 10:30 a.m., (CST) for the General Obligation Refunding and Improvement Bonds, Series 2020-A, (the "Bonds"), on July 21, 2020, for the purchase of the Bonds. No bid of less than 98.0% of the principal amount of the Bonds and accrued interest thereon to the date of delivery will be considered.

Bond Details

The Bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The Bonds will be dated August 18, 2020. The Bonds will become due August 15 in the years as follows:

Year	Principal Amount*	Year	Principal Amount*
2021	\$945,000	2029	\$1,145,000
2022	970,000	2030	1,175,000
2023	995,000	2031	795,000
2024	1,020,000	2032	805,000
2025	1,045,000	2033	825,000

2026	1,070,000	2034	845,000
2027	1,090,000	2035	515,000
2028	1,125,000		

The Bonds will bear interest from the date thereof at rates to be determined when the Bonds are sold as hereinafter provided, which interest will be payable semiannually on February 15 and August 15 in each year, beginning on February 15, 2021.

***Adjustment of Issue Size**

The Issuer reserves the right to increase or decrease the total principal amount of the Bonds, depending on the purchase price and interest rates bid and the offering prices specified by the successful bidder and savings generated in connection with refunding of certain general obligation bonds of the Issuer (the "Refunded Bonds"). The principal amount of any maturity may be adjusted by the Issuer in order to properly size the Bond, structure certain funds and accounts, and substantially obtain debt service parameters determined by the Issuer. In formulating bids, bidders should consider that bids generating significant premium may lead to post-bid revisions by the Issuer as described above, resulting in greater principal amortization in later years, and bids generating significant discount may lead to post-bid revisions by the Issuer as described above, resulting in greater principal amortization in earlier years. The successful bidder may not withdraw its bid or change the interest rates bid as a result of any changes made to the principal amount of the Bonds or principal of any maturity as described herein. If there is an increase or decrease in the final aggregate principal amount of the Bonds or the schedule of principal payments as described above, the Issuer will notify the successful bidder by means of telephone or facsimile transmission, subsequently confirmed in writing, no later than 12:00 p.m. (CST) on the Sale Date. The actual purchase price of the Bonds shall be calculated by applying the percentage of par value bid by the successful bidder against the final aggregate principal amount of the Bonds, as adjusted. If the principal amounts are modified, the Issuer will seek to modify the maturity schedule, or make other mutually agreeable changes, in a way that will neither increase nor reduce the successful bidder's spread as a percentage of the principal amount of the Bonds issued, after taking into account such adjustments.

Book-Entry-Only System

The Bonds shall be registered under a book-entry-only system administered through DTC.

Paying Agent and Bond Registrar

Treasurer of the State of Kansas, Topeka, Kansas.

Good Faith Deposit

Each bid shall be accompanied by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States of America or a wire transfer in Federal Reserve funds immediately available for use by the Issuer in the amount of \$287,300.

Delivery

The Issuer will pay for preparation of the Bonds and will deliver the same properly prepared, executed, and registered without cost to the successful bidder on or

about August 18, 2020, to DTC for the account of the successful bidder.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the Issuer as of August 25, 2019 is \$1,267,354,837. The total general obligation indebtedness of the Issuer as of the Dated Date, including the Bonds being sold, but excluding temporary notes and the Refunded Bonds to be retired with a portion of the proceeds of the Bonds and including temporary notes being sold on the Sale Date, is \$183,330,000.

Approval of Bonds

The Bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, Bond Counsel to the Issuer, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the Issuer, printed on the Bonds, and delivered to the successful bidder as and when the Bonds are delivered.
