Doc. No. 047786

State of Kansas

Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU) intends to directly lease, and indirectly sublease through its affiliate corporation Wichita State Innovation Alliance, Inc., subject to all required state approvals, an approximate ground area consisting of 150,000 square feet or less with the potential for expansion for parking, for the private development of one or more partnership buildings. This private development shall be located west of Oliver, between 17th and 18th streets, on the Wichita State University main campus. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good, and specifically an emphasis on supporting and growing advanced laboratories for research, testing, and innovation in data infrastructure/storage, video surveillance storage, IoT, security, analytics, visualization/modeling, and machine learning/AI. The university intends to lease such ground for any period of time up to sixty-five years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university’s educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms.

(continued)
and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Rental rate shall be assessed per leased or leasable square foot of the building but is negotiable based on term of lease and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization, or company and such offers will be considered until a selection is made or this notice is withdrawn. If interested, please contact Vice President for Research and Technology Transfer, Dr. John Tomblin, john.tomblin@wichita.edu or University Property Manager Crystal Stegeman, crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU) intends to lease available land and building space. The university will consider leasing such property and/or space to those whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good, or otherwise provide supporting services and amenities to the campus community (such as restaurants, retail establishments, financial institutions, etc.). Because tenant use must be a good fit with the university’s educational mission and available space, please be prepared to provide the following information: (1) name; (2) square footage of space needs and desired lease term and location; (3) equipment, design, or other special needs; (4) description of anticipated use; and (5) the anticipated benefits to the university, its students, and the WSU community (e.g. applied learning, joint research, faculty start-up, etc.). The university will consider serious offers and inquiries from any financially qualified individual, group, organization, or company. If interested, please contact Vice President for Research & Technology Transfer, Dr. John Tomblin, john.tomblin@wichita.edu or Property Manager Crystal Stegeman, crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Notice of Requested Architectural Services

Notice is hereby given of the commencement of the selection process for architectural services for the Kansas Board of Regents (KBOR). KBOR is coordinating on behalf of the state’s six universities a system wide space utilization study. KBOR is seeking the submission of proposals from qualified firms to assess the utilization of existing campus space. The survey is anticipated to comprise approximately 582 buildings spanning 22.7 million square feet across the nine campuses. The process is expected to begin at the completion of interviews in early 2020 and be completed mid-2020.

A scope of work is available at http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs. For more information, contact Kelly Oliver at koliver@ksbor.org or phone 785-430-4243.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051-054, inclusive, and information regarding similar projects. These forms may be found at http://admin.ks.gov/offices/ofpm/dcc/f-and-d. State of Kansas Professional Qualifications DCC Form 050 for each firm and consultant should be provided at the end of each proposal. Please include your firm name, agency abbreviation, and an abbreviated project name in the title of the PDF document. Proposals should be less than 5 MB and follow the current State Building Advisory Commission guidelines which can be found in Part B–Chapter 2 of the Building Design and Construction Manual at http://admin.ks.gov/offices/ofpm/dcc/bdcm. Proposals should be sent on a flash drive along with a transmittal to Randy Riveland, Office of Facilities and Property Management, 700 SW Harrison St., Suite 1200, Topeka, KS 66603. Proposals sent via email will no longer be accepted and paper copies of the proposals are no longer required. It is the proposer’s responsibility to ensure proposals are received by the closing date and time. Delays in mail delivery or any other means of transmittal, including couriers or agents of the issuing entity shall not excuse late proposal submissions. Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions, call 785-296-0749. The PDF proposal submissions shall be delivered to the attention of Randy Riveland by 2:00 p.m. on or before January 24, 2020.

The State of Kansas, as a matter of public policy, encourages anyone doing business with the State of Kansas to take steps to discourage human trafficking. If prospective bidders/vendors/contractors have any policies or participate in any initiatives that discourage human trafficking, the prospective bidder/vendor/contractor is encouraged to submit same as part of their bid response.

Board of Regents

Notice of Adult Education Provider Funding Availability

The Kansas Board of Regents will be seeking competitive applications from potential local adult education providers, with a request for proposals available on January 10, 2020. This funding is available following Title II of the federal Workforce Innovation and Opportunity Act (WIOA).

The term of the initial grant period is anticipated to be from July 1, 2020 through June 30, 2026. Annual renewal is contingent upon availability of funding, compliance with federal law and grant expectations, and demonstration of successful delivery of program objectives. Interested applicants are asked, but not required, to submit a letter of intent to apply by 5:00 p.m. January 31, 2020. Information and application materials will be published at https://tinyurl.com/so4qd3.

Doc. No. 047773

State of Kansas

Department of Health and Environment

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

An amendment to the Nutrient Management Plan (NMP) and a new Dead Handling Plan was received for this existing facility currently permitted for 22,980 head (9,192 animal units) of swine weighing more than 55 pounds, 19,700 head (1,970 animal units) of swine weighing 55 pounds or less, and 600 head (60 animal units) of goats, for a total of 11,222 animal units of swine and goats. The facility’s NMP was amended to reflect the change in Mortality Management. There are no changes in the permitted number of animal units. Only the Amended portion of the NMP and the modified portion of the Permit are subject to comment. This facility has an approved NMP on file with KDHE.
An amendment to the Nutrient Management Plan (NMP) and a new Dead Handling Plan was received for this existing facility currently permitted for 2,720 head (1,088 animal units) of swine weighing more than 55 pounds and 4,000 head (400 animal units) of swine weighing 55 pounds or less. The facility’s NMP was amended to reflect the change in Mortality Management. There are no changes in the permitted number of animal units. Only the Amended portion of the NMP and the modified portion of the Permit are subject to comment. This facility has an approved NMP on file with KDHE.

An amendment to the Nutrient Management Plan (NMP) was received for this existing facility currently permitted for 4,200 head (1,680 animal units) of swine weighing more than 55 pounds. The facility’s NMP was updated to include a change in the application rate limitation for two fields from 1.0 x crop P removal application rate limitation to 1.5 x P crop removal application rate limitation. There are no changes to the permit or in the permitted number of animal units. Only the updated portions of the Nutrient Management Plan are subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.

An amendment to the Nutrient Management Plan (NMP) and a new Dead Handling Plan was received for this existing facility currently permitted for 3,360 animal units (2,880 animal units per field) of swine weighing more than 55 pounds. The facility’s NMP was amended to reflect the change in Mortality Management. There are no changes in the permitted number of animal units. Only the Amended portion of the NMP and the modified portion of the Permit are subject to comment. This facility has an approved NMP on file with KDHE.

An amendment to the Nutrient Management Plan (NMP) was received for this existing facility currently permitted for 13,000 head (13,000 animal units) of cattle weighing more than 700 pounds. The NMP Update addressed changes to the methodology for calculating application rates and changes to the application rate limitations for multiple fields. There are no changes to the permit or in the permitted number of animal units. Only the updated portions of the Nutrient Management Plan are subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.

An update to the Nutrient Management Plan (NMP) was received for this existing facility currently permitted for 4,800 head (3,360 animal units) of swine weighing more than 55 pounds. The facility’s NMP was updated to include a change in the application rate limitation for Field 5. The fields’ application rate limitation has become less restrictive than the previous permit. There are no changes to the permit or in the permitted number of animal units. Only the updated portions of the Nutrient Management Plan are subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.

An update to the Nutrient Management Plan (NMP) was received for this existing facility currently permitted for 2,400 head (960 animal units) of swine weighing more than 55 pounds and 3,000 head (300 animal units) of swine weighing 55 pounds or less; for a total of capacity of 5,400 head (1,260 animal units) of swine. The facility’s NMP was updated to include a change in the application rate limitation for Field 5. The fields’ application rate limitation has become less restrictive than the previous permit. There are no changes to the permit or in the permitted number of animal units. Only the updated portions of the Nutrient Management Plan are subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.

An update to the Nutrient Management Plan (NMP) was received for this existing facility currently permitted for 4,200 head (1,680 animal units) of swine weighing more than 55 pounds. The facility’s NMP was updated to include a change in the application rate limitation for two fields from 1.0 x crop P removal application rate limitation to 1.5 x P crop removal application rate limitation. There are no changes to the permit or in the permitted number of animal units. Only the updated portions of the Nutrient Management Plan are subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.
This is a renewal permit for an existing commercial livestock truck-wash facility that washes an average of 35 trucks per week. Soil testing is required for application fields determined to be in sensitive groundwater areas.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612-1367.

All comments regarding the draft documents or application notices received on or before February 8, 2020, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-20-001/017, KS-AG-R-20-001/003) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at [http://www.kdheks.gov/feedlots](http://www.kdheks.gov/feedlots). Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Lee A. Norman, M.D.

Department of Transportation

Request for Proposals

Background and Purpose of Project

The Kansas Department of Transportation (KDOT) is seeking qualified consulting engineering firm(s), which must be prequalified in category 212 Highway Design Minor Facility, for the projects listed below. A PDF must be emailed to David Lutgen, P.E., Contracts Engineer at kdot.designcontracts@ks.gov. The subject line of the reply email and the file name must read “KA-5581-01 RFP – Firm Name.” View categories at [http://www.ksdot.org/divengdges/prequal/default.asp](http://www.ksdot.org/divengdges/prequal/default.asp).

Scope of Services to be Performed

Consultant will prepare construction plans for the installation of micro-duct conduit along the project route. Consultant will provide UAS digital photography of the corridors to be used in the design:

- Project No. 177-106 KA-5581-01: K-177 – I-70 to Kansas River bridge (East End), Approx. 8 miles
- Project No. 81 -106 KA-5584-01: U.S.-81 – I-70 to U.S.-36 Jct., Approx. 70 miles

© Kansas Secretary of State 2020

Vol. 39, No. 2, January 9, 2020
Exhibits to this RFP

- Special Attachment No. 7 (“Certificate of Final Indirect Costs”)
- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Anticipated Schedule for Subsequent Events

Request for Proposals (RFPs) are due by 12:00 p.m. January 24, 2020. Evaluation and ranking of technical proposals on or about February 7, 2020 after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about January 30, 2020 with an agreement in place and in effect February 12, 2020. RFP’s are to be delivered via email to kdot.designcontracts@ks.gov.

Instructions for Proposal

No costs shall be contained in the RFP. The RFP must not exceed eight (8) pages total to address the pertinent topics. Please use the following naming convention for submittal...FirmName — KA-5581-01. RFP’s submitted will consist of the proposal and a completed and signed Special Attachment No. 7 (“Certificate of Final Indirect Costs”), a completed and signed Special Attachment No. 8 (“Tax Clearance Certificate”), and a completed and signed Special Attachment No. 10 (“Policy Regarding Sexual Harassment”). Subconsultants will need to complete these attachments as well. All these forms are attached to the original email announcement.

RFP’s shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce deliverables described above under “Scope of Services to be Performed.” Also, include items such as:

- Project manager/engineer in charge
- History of projects with similar tasks
- Availability of staff to meet schedule without overtime
- Familiarity with KDOT standards and content
- Any subconsultant and their role (if any) that will be performing services on the project

Evaluation Factors

RFP’s will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors: 1) the quality and completeness of the response; 2) qualifications and experience of consultant design personnel/manager proposed for services; 3) proposed project approach; 4) availability to respond to the work; and 5) past performance history for similar projects/services for KDOT. The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

RFP’s will be ranked separately for each project and projects will be awarded individually.

Scope of Services to be Performed

- Draft RUC study/implementation application for submittal to FHWA by April 3, 2020 deadline. (Phase 1)
- Provide subject matter guidance on RUC initiatives
- Work with KDOT and partners to develop the proposal
- Provide final proposal to KDOT by no later than close of business Friday, March 27, 2020
- Carry out RUC study or portions of study as applicable from federal application. If federal application is not awarded consultant will carry out study with possible scope modifications

Anticipated Schedule for Subsequent Events

Request for Proposals (RFPs) are due by 12:00 p.m. January 24, 2020. Evaluation and ranking of technical proposals on or about January 29, 2020 after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about January 30, 2020, with an agreement in place and in effect February 12, 2020. RFP’s are to be delivered via email to kdot.designcontracts@ks.gov.

Instructions for Proposal

No costs shall be contained in the RFP. The RFP must not exceed eight (8) pages total to address the pertinent topics. Please use the following naming convention for submittal...FirmName — KA-5581-01. RFP’s submitted will consist of the proposal and a completed and signed Special Attachment No. 7 (“Certificate of Final Indirect Costs”), a completed and signed Special Attachment No. 8 (“Tax Clearance Certificate”), and a completed and signed Special Attachment No. 10 (“Policy Regarding Sexual Harassment”).

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for this project. Special attachments for the Kansas “Tax Clearance Certificate,” the “Certificate of Final Indirect Costs,” and the Special Attachment No. 10 (“Policy Regarding Sexual Harassment”) will also eventually become attachments to the contract.

Questions about this RFP shall be sent by email to KDOT at kdot.designcontracts@ks.gov.

Vol. 39, No. 2, January 9, 2020
© Kansas Secretary of State 2020
The Kansas Department of Transportation (KDOT) is seeking a consultant to provide construction inspection services for project 196-40 KA 5392-01. The project is located on K-196 in Harvey County, From I-135 east to the Harvey/Butler County Line, 9.559 miles.

**Schedule/Deadlines**

Request for Proposals (RFPs) are due on or before 12:00 p.m. January 24, 2020, to be delivered via email to kdot.designcontracts@ks.gov. Evaluation and ranking of submissions will occur on or about February 7, 2020, after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about February 21, 2020. An agreement should be in place on or about March 25, 2020. The contractor should start around the end of June 2020.

**Scope of Services to be Performed**

KDOT will provide the all project staff except the HMA plant inspector. The plant inspector must be capable and possess the required certifications to inspect and test all plant work on the project, which includes CMS or AASHOWare data entry, and final paperwork, etc. KDOT will provide testing equipment for the HMA plant, which the plant inspector must pick up and set up. Construction has 35 working days and cleanup time.

**Instructions for RFP**

No costs shall be contained in the RFP. The RFP must not exceed four (4) pages total (including any cover letter, index, etc.) and 2MB to address the pertinent topics. RFPs submitted will consist of the technical proposal and a completed and signed Special Attachment No. 8 (“Tax Clearance Certificate”), a completed and signed Special Attachment No. 7 (“Certificate of Final Indirect Costs”), and a signed Special Attachment No. 10 (“Policy Regarding Sexual Harassment”). Completed Special Attachments do not count against the four-page technical proposal submission. All these forms are attached to the original email announcement.

RFPs shall indicate the consultant’s ability to meet the project inspection needs described above. RFPs shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce the desired results described above under “Scope of Services to be Performed.” The RFP shall also include items such as:

- Project HMA plant inspector
- History of providing inspection services on similar projects
- Availability of staff
- Familiarity with KDOT standards and specifications
- Any subconsultant and their role in performing the services on the project
- Names, certifications, and experience of all inspectors that will be assigned to the project

**Evaluation Factors**

RFPs will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors include:

1. Employee names (one full time project HMA plant inspector), certifications, and qualifications proposed for services;
2. Proximity of inspectors to project;
3. Past performance history on similar projects (list project numbers) for KDOT;
4. Employee names (one full time project HMA plant inspector), certifications, and qualifications proposed for services;
5. Past performance history on similar projects.

**Contract Terms and Conditions**

A standard KDOT agreement for engineering and technical services will be used for this project. Special Attachments for the Kansas “Tax Clearance Certificate,” the “Certification of Final Indirect Costs,” and the Special Attachment No. 10 (“Policy Regarding Sexual Harassment”) will also eventually become attachments to the contract.

Questions about this RFP shall be sent by email to KDOT at kdot.designcontracts@ks.gov.

The Bonds will bear interest from the date thereof at rates to be determined when the Bonds are sold as hereinafter provided, which interest will be payable semiannually on June 1 and December 1 in each year, beginning on June 1, 2020.

**Book-Entry-Only System**

The Bonds shall be registered under a book-entry-only system administered through DTC.

**Paying Agent and Bond Registrar**

Treasurer of the State of Kansas, Topeka, Kansas.

**Good Faith Deposit**

Each bid shall be accompanied (in the manner set forth in the Notice) by a good faith deposit in the form of a cashier’s or certified check drawn on a bank located in the United States of America or a wire transfer in Federal Reserve funds immediately available for use by the Issuer in the amount of $93,500.

**Delivery**

The Issuer will pay for preparation of the Bonds and will deliver the same properly prepared, executed, and registered without cost to the successful bidder on or about February 6, 2020, to DTC for the account of the successful bidder.

**Assessed Valuation and Indebtedness**

The Equalized Assessed Tangible Valuation for Computation of Bonded Debt Limitations for the year 2019 is $62,563,134. The total general obligation indebtedness of the Issuer as of the Dated Date, including the Bonds being sold, is $29,125,000. Temporary notes in the principal amount of $4,895,000 will be retired out of proceeds of the Bonds and other available funds, which will reduce the outstanding general obligation indebtedness of the Issuer to $24,230,000.

**Approval of Bonds**

The Bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, Bond Counsel to the Issuer, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the Issuer, printed on the Bonds, and delivered to the successful bidder as and when the Bonds are delivered.

**Additional Information**

Additional information regarding the Bonds may be obtained from the undersigned, or from the Financial Advisor at the addresses set forth below:

**State of Kansas**

**Board of Emergency Medical Services**

**Permanent Administrative Regulations**

**Article 3. — STANDARDS FOR AMBULANCE ATTENDANTS, FIRST RESPONDERS, AND DRIVERS**

109-3-3. Emergency medical responder; authorized activities. Each emergency medical responder shall be authorized to perform any intervention specified in K.S.A. 65-6144, and amendments thereto, and as further specified in this regulation:

(a) Emergency vehicle operations:

(1) Operating each ambulance in a safe manner in nonemergency and emergency situations. “Emergency vehicle” shall mean ambulance, as defined in K.S.A. 65-6112 and amendments thereto; and

(2) stocking an ambulance with supplies in accordance with regulations adopted by the board and the ambulance service’s approved equipment list to support local medical protocols;

(b) initial scene management:

(1) Assessing the scene, determining the need for additional resources, and requesting these resources;

(2) identifying a multiple-casualty incident and implementing the local multiple-casualty incident management system;

(3) recognizing and preserving a crime scene;

(4) triaging patients, utilizing local triage protocols;

(5) providing safety for self, each patient, other emergency personnel, and bystanders;

(6) utilizing methods to reduce stress for each patient, other emergency personnel, and bystanders;

(7) communicating with public safety dispatchers and medical control facilities;

(8) providing a verbal report to receiving personnel;

(9) providing a written report to receiving personnel;

(10) completing a prehospital care report;

(11) setting up and providing patient and equipment decontamination;

(12) using personal protection equipment;
emergency medical technician, authorized activities. Each emergency medical technician shall be authorized to perform any intervention specified in the following:

(a) K.S.A. 65-6144, and amendments thereto, and as further specified in K.A.R. 109-3-3; and
(b) K.S.A. 65-6121, and amendments thereto, and as further specified in the following paragraphs:

(1) Airway maintenance by means of any of the following:
   (A) Blind insertion of a supraglottic airway, with the exception of the laryngeal mask airway;
   (B) oxygen venturi mask;
   (C) gastric decompression by orogastric or nasogastric tube with any authorized airway device providing that safety is threatened;
   (D) cricoid pressure by utilizing the sellick maneuver;
   (E) head-tilt maneuver or chin-lift maneuver, or both;
   (F) modified jaw thrust maneuver for injured patients;
   (G) mouth-to-stoma ventilation;
   (H) mouth-to-nose ventilation;
   (I) mouth-to-mouth ventilation;
   (J) mouth-to-barrier ventilation;
   (K) modified chin-lift maneuver;
   (L) modified jaw thrust maneuver for injured patients;
   (M) postresuscitative care to a cardiac arrest patient;
   (N) manual airway maneuvers; or
   (O) patient positioning, finger sweeps, chest thrusts, and abdominal thrusts; and
   (3) suctioning the oral and nasal cavities with a soft or rigid device;
   (e) control of bleeding, by means of any of the following:
      (1) Elevating the extremity;
      (2) applying direct pressure;
      (3) utilizing a pressure point;
      (4) applying a tourniquet;
      (5) utilizing the trendelenberg position; or
      (6) securing the patient on transport devices;
      (7) restraining a violent patient, if technician or patient safety is threatened;
      (8) decontaminating self, equipment, material, and ambulance;
      (9) providing the following techniques for preliminary care:
         (A) Manual cardiopulmonary resuscitation for an adult, child, or infant, using one or two attendants;
         (B) cardiopulmonary resuscitation using a mechanical device;
         (C) postresuscitative care to a cardiac arrest patient;
         (D) cricoid pressure by utilizing the sellick maneuver;
         (E) head-tilt maneuver or chin-lift maneuver, or both;
         (F) jaw thrust maneuver;
         (G) modified jaw thrust maneuver for injured patients;
         (H) modified chin-lift maneuver;
         (I) mouth-to-barrier ventilation;
         (J) mouth-to-mask ventilation;
         (K) mouth-to-stoma ventilation;
         (L) mouth-to-nose ventilation;
         (M) mouth-to-stoma ventilation;
         (N) manual airway maneuvers; or
         (O) manual upper-airway obstruction maneuvers, including patient positioning, finger sweeps, chest thrusts, and abdominal thrusts; and
         (3) suctioning the oral and nasal cavities with a soft or rigid device;
         (e) control of bleeding, by means of any of the following:
            (1) Elevating the extremity;
            (2) applying direct pressure;
            (3) utilizing a pressure point;
            (4) applying a tourniquet;
            (5) utilizing the trendelenberg position; or
            (6) securing the patient on transport devices;
            (7) restraining a violent patient, if technician or patient safety is threatened;
            (8) decontaminating self, equipment, material, and ambulance;
            (9) providing the following techniques for preliminary care:
               (A) Manual cardiopulmonary resuscitation for an adult, child, or infant, using one or two attendants;
               (B) cardiopulmonary resuscitation using a mechanical device;
               (C) postresuscitative care to a cardiac arrest patient;
               (D) cricoid pressure by utilizing the sellick maneuver;
               (E) head-tilt maneuver or chin-lift maneuver, or both;
               (F) jaw thrust maneuver;
               (G) modified jaw thrust maneuver for injured patients;
               (H) modified chin-lift maneuver;
               (I) mouth-to-barrier ventilation;
               (J) mouth-to-mask ventilation;
               (K) mouth-to-stoma ventilation;
               (L) mouth-to-nose ventilation;
               (M) mouth-to-stoma ventilation;
               (N) manual airway maneuvers; or
               (O) manual upper-airway obstruction maneuvers, including patient positioning, finger sweeps, chest thrusts, and abdominal thrusts; and
               (3) suctioning the oral and nasal cavities with a soft or rigid device;
               (e) control of bleeding, by means of any of the following:
                  (1) Elevating the extremity;
                  (2) applying direct pressure;
                  (3) utilizing a pressure point;
                  (4) applying a tourniquet;
                  (5) utilizing the trendelenberg position; or
                  (6) securing the patient on transport devices;
                  (7) restraining a violent patient, if technician or patient safety is threatened;
                  (8) decontaminating self, equipment, material, and ambulance;
                  (9) providing the following techniques for preliminary care:
                     (A) Manual cardiopulmonary resuscitation for an adult, child, or infant, using one or two attendants;
                     (B) cardiopulmonary resuscitation using a mechanical device;
                     (C) postresuscitative care to a cardiac arrest patient;
                     (D) cricoid pressure by utilizing the sellick maneuver;
                     (E) head-tilt maneuver or chin-lift maneuver, or both;
                     (F) jaw thrust maneuver;
                     (G) modified jaw thrust maneuver for injured patients;
                     (H) modified chin-lift maneuver;
                     (I) mouth-to-barrier ventilation;
                     (J) mouth-to-mask ventilation;
                     (K) mouth-to-stoma ventilation;
                     (L) mouth-to-nose ventilation;
                     (M) mouth-to-stoma ventilation;
                     (N) manual airway maneuvers; or
                     (O) manual upper-airway obstruction maneuvers, including patient positioning, finger sweeps, chest thrusts, and abdominal thrusts; and
                     (3) suctioning the oral and nasal cavities with a soft or rigid device;
                     (e) control of bleeding, by means of any of the following:
                        (1) Elevating the extremity;
                        (2) applying direct pressure;
                        (3) utilizing a pressure point;
                        (4) applying a tourniquet;
                        (5) utilizing the trendelenberg position; or
                        (6) securing the patient on transport devices;
                        (7) restraining a violent patient, if technician or patient safety is threatened;
                        (8) decontaminating self, equipment, material, and ambulance;
                        (9) providing the following techniques for preliminary care:
                           (A) Manual cardiopulmonary resuscitation for an adult, child, or infant, using one or two attendants;
                           (B) cardiopulmonary resuscitation using a mechanical device;
                           (C) postresuscitative care to a cardiac arrest patient;
                           (D) cricoid pressure by utilizing the sellick maneuver;
                           (E) head-tilt maneuver or chin-lift maneuver, or both;
                           (F) jaw thrust maneuver;
                           (G) modified jaw thrust maneuver for injured patients;
                           (H) modified chin-lift maneuver;
                           (I) mouth-to-barrier ventilation;
                           (J) mouth-to-mask ventilation;
                           (K) mouth-to-stoma ventilation;
                           (L) mouth-to-nose ventilation;
                           (M) mouth-to-stoma ventilation;
                           (N) manual airway maneuvers; or
                           (O) manual upper-airway obstruction maneuvers, including patient positioning, finger sweeps, chest thrusts, and abdominal thrusts; and
                           (3) suctioning the oral and nasal cavities with a soft or rigid device;
                           (e) control of bleeding, by means of any of the following:
                              (1) Elevating the extremity;
                              (2) applying direct pressure;
                              (3) utilizing a pressure point;
                              (4) applying a tourniquet;
                              (5) utilizing the trendelenberg position; or
                              (6) securing the patient on transport devices;
                              (7) restraining a violent patient, if technician or patient safety is threatened;
                              (8) decontaminating self, equipment, material, and ambulance;
                              (9) providing the following techniques for preliminary care:
                                 (A) Manual cardiopulmonary resuscitation for an adult, child, or infant, using one or two attendants;
                                 (B) cardiopulmonary resuscitation using a mechanical device;
                                 (C) postresuscitative care to a cardiac arrest patient;
                                 (D) cricoid pressure by utilizing the sellick maneuver;
                                 (E) head-tilt maneuver or chin-lift maneuver, or both;
                                 (F) jaw thrust maneuver;
                                 (G) modified jaw thrust maneuver for injured patients;
                                 (H) modified chin-lift maneuver;
                                 (I) mouth-to-barrier ventilation;
                                 (J) mouth-to-mask ventilation;
                                 (K) mouth-to-stoma ventilation;
                                 (L) mouth-to-nose ventilation;
                                 (M) mouth-to-stoma ventilation;
                                 (N) manual airway maneuvers; or
                                 (O) manual upper-airway obstruction maneuvers, including patient positioning, finger sweeps, chest thrusts, and abdominal thrusts; and
                                 (3) suctioning the oral and nasal cavities with a soft or rigid device;
                                 (e) control of bleeding, by means of any of the following:
                                    (1) Elevating the extremity;
                                    (2) applying direct pressure;
                                    (3) utilizing a pressure point;
                                    (4) applying a tourniquet;
                                    (5) utilizing the trendelenberg position; or
                                    (6) securing the patient on transport devices;
                                    (7) restraining a violent patient, if technician or patient safety is threatened;
                                    (8) decontaminating self, equipment, material, and ambulance;
                                    (9) providing the following techniques for preliminary care:
                                       (A) Manual cardiopulmonary resuscitation for an adult, child, or infant, using one or two attendants;
                                       (B) cardiopulmonary resuscitation using a mechanical device;
                                       (C) postresuscitative care to a cardiac arrest patient;
Article 5.—CONTINUING EDUCATION

109-5-1a. Emergency medical responder (EMR) continuing education. Each applicant for certification renewal as an EMR shall meet one of the following requirements:

(a) Have earned at least 16 clock-hours of board-approved continuing education during the initial certification period and during each biennial period thereafter to meet the requirements for the EMR specified in the “Kansas continuing education plan,” as adopted by the board in February 2019, which is hereby adopted by reference; or

(b) have met both of the following requirements within the 11 months before the expiration of certification:

(1) Passed the board-approved EMR cognitive assessment; and

Article 11.—COURSE APPROVALS

109-11-1a. Emergency medical responder course approval. (a) Emergency medical responder initial courses of instruction pursuant to K.S.A. 65-6144, and amendments thereto, may be approved by the executive director and shall be conducted only by sponsoring organizations.

(b) Each sponsoring organization requesting approval to conduct initial courses of instruction shall submit a complete application packet to the executive director, including all required signatures, and the following documents:

(A) A course syllabus that includes at least the following information:

(1) A summary of the course goals and objectives;

(2) instructional and any other materials required to be purchased by the student;

(3) student attendance policies;

(4) student requirements for successful course completion;

(5) a description of the clinical and field training requirements, if applicable;

(6) equipment use policies;

(7) a course schedule that identifies the following:

(i) The date and time of each class session, unless stated in the syllabus;

(ii) the title of the subject matter of each class session;

(iii) the instructor of each class session; and

(F) student discipline policies; and

(G) instructor information, which shall include the following:

(i) Instructor name;

(ii) office hours or hours available for consultation; and

(iii) instructor electronic-mail address; and

(1) course policies that include at least the following information:

(A) Student evaluation of program policies;

(B) student and participant safety policies;

(C) Kansas requirements for certification;

(D) student dress and hygiene policies;

(E) student progress conferences; and

(F) equipment use policies;

(2) letters or contracts from the ambulance service director of the ambulance service that will provide field training to the students, if applicable, and the administrator of the medical facility in which the clinical rotation is provided, if applicable, indicating their commitment to provide the support as defined in the curriculum.

(c) Each application shall be received in the board office not later than 30 calendar days before the first scheduled course session.

(d) Each approved initial course shall meet the following conditions:

(1) Meet or exceed the course requirements described in the board’s regulations;

(2) be approved by the sponsoring organization’s medical director; and

(3) maintain course records for at least three years. The following records shall be maintained:

(A) A copy of all documents required to be submitted with the application for course approval;

(B) student attendance;

(C) student grades;

(D) student conferences;

(E) course curriculum;

(F) lesson plans for all lessons;

(G) clinical training objectives; if applicable;

(H) field training objectives; if applicable;

(I) completed clinical and field training preceptor evaluations for each student;

(J) master copies and completed copies of the outcome assessment and outcome analyses tools used for the course that address at least the following:

(i) Each student’s ability to perform competently in a simulated or actual field situation, or both; and

(ii) each student’s ability to integrate cognitive and psychomotor skills to appropriately care for sick and injured patients;

(K) a copy of each student’s psychomotor skills evaluations as specified in the course syllabus;

(L) completed copies of each student’s evaluations of each course, all instructors for the course, and all lab instructors for the course; and

© Kansas Secretary of State 2020

Vol. 39, No. 2, January 9, 2020
(M) a copy of the course syllabus.
(e) Each primary instructor shall provide the executive director with a student registration form from each student within 20 days of the date of the first class session.
(f) Each sponsoring organization shall provide any course documentation requested by the executive director.
(g) Any approved course may be monitored by the executive director.
(h) Program approval may be withdrawn by the board if the sponsoring organization fails to comply with or violates any regulation or statute that governs sponsoring organizations. (Authorized by K.S.A. 65-6110, 65-6111; implementing K.S.A. 65-6110, 65-6111, 65-6129, and 65-6144; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; amended Dec. 29, 2017; amended Jan. 24, 2020.)

Joseph House
Executive Director

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended, and revoked administrative regulations and the volume and page number of the Kansas Register issue in which more information can be found. Temporary regulations are designated with a (T) in the Action column. This cumulative index supplements the 2009 Volumes of the Kansas Administrative Regulations and the 2019 Supplement of the Kansas Administrative Regulations. Regulations can also be found at http://www.sos.ks.gov/pubs/pubs_kar.aspx.
